Ware of Lewiston; Mr. and Mrs. Bob Ware and Mr. and Mrs. George Ware and two daughters, all of Lewiston; her maternal grandmother, Mrs. Faye Corkill of Juliaetta, also Marlene, Eric and Orth Taylor, all of Juliaetta.

DANCE PRICE

A correction has been made on the P. T. A. benefit square dance price. The adult ticket should read: "\$1.00 per couple" instead of just "Adult \$1.00." The children's tickets remain as previously announced, 25c per child. Proceeds from this activity will be used toward improvement of the school playgrounds. So, it is a very worthy cause — even if the price was not quite, clear.

TIGERS TROMP DEARY 64-40 TUES.

The Kendrick Tigers took the measure of the Deary Mustangs 64 to 40 on the Kendrick floor Tuesday evening, in the final home game before the District Tournament.

Deary hit for the first basket — Kendrick countered with one, and from that point on the lead changed several times. About half-way thru the second quarter Kendrick took the lead, and from that point on kept widening the gap. At the half-way point the score board read: Kendrick 35; Deary 27.

Ross Magnuson was high point man for Kendrick and the game with 19; and was closely followed by his teammate Eldon Fry, who counted 18. Ron Halseth was high for Deary with 13, followed by his teammate, Baumgartner, with 10.

It was a fast and furious contest from start to finish. Kendrick also won the Jr. Varsity contest by a substantial score.

NEW LOAD LIMITS ARE STRINGENT

Lewiston — Effective at 12:01 a. m., February 18, 1963, the following section of highway will be restricted to a maximum of 300 lbs. per inch width of tire with 12,000 lbs. maximum on any axle, with 10,000 lbs. allowable on front axle if equipped with 10-inch tires or larger:

State Highway 42 — Junction of U. S. 95 at Spalding to Junction of State Highway 7 east of Kendrick. State Highway 7 — Kendrick to Deary.

Other areas remain as previously announced. All loads will be restricted to a speed limit of 30 miles per hour for all trucks and buses with a gross weight of 10,000 lbs. or more.

Over-weight permits will not be issued. — W. W. Sacht, P. E., District Engineer.

TIGERS BOW TO LAPWAI FIVE

Lapwai High school's five, which could gather but eight points during the first half, bounced right back for 16 in the fourth period, to defeat the Kendrick Tigers 38 to 30 in a maple court contest at Lapwai Saturday night. Kendrick led 15 to 8 at the half-way point, and the score was knotted at 22-all at the end of the third period.

Lapwai hauled in 45 rebounds, 17 of them by Jack Whatley.

Tiger Ross Magnuson led all scoring with 15 points. Whatley and Mike Roberts led Lapwai with 10 points each. Kendrick won the Jr. Varsity contest 28 to 24.

IN JUSTICE COURT

From the Justice Court of W. A. Campbell, Kendrick, comes the following information:
Assault and battery charge. Fined \$25.00 and \$3.00 costs, with 6-month suspended sentence. Minor involved.
Assault and battery charge. Fine \$50.00 and \$3.00 court costs. Minor involved.

RAINY WEATHER DURING PAST WEEK

No one could ask for much milder winter weather than this area has been enjoying the past week. There has been some rain, a light snowfall on top the hills — but the mid-day temperature readings have been in the mid-40's — with an occasional At night the temperatures have been dipping to just above the freezing level, which makes it easy "on the wood pile."

The temperatures, however, have had an adverse effect on local logging operations, which have all but come to a standstill — the bottom going out of woods roads and causing load limits to be imposed on the highways.

Most, however, are of the opinion, including local logging operators, that in some areas the load limits were not imposed soon enough. On the highway between Juliaetta and Arrow there has developed a series of "boils" plus broken shoulders, pot holes, etc., caused by heavy traffic — all of which is not necessarily from the big logging trucks — but there it is.

Also, on that same highway, on what is known as the "straight stretch," the road is so full of waves that one gets the effect of a "roller coaster." It is our belief that this highway will have to be resurfaced this year.

TRAINING AT END

San Diego, Calif. (FHTNC)—Kenneth B. Heffel, son of Mr. and Mrs. Jesse H. Heffel, Kendrick, Idaho, is scheduled to complete recruit training Feb. 1, at the Naval Training Center, San Diego, Calif.

During the nine-week indoctrination to navy life, recruits are trained in physical fitness, basic military law, military drill, customs and etiquette of the naval service, swimming and survival, first aid and seamanship. Each recruit receives tests and interviews to determine future training and assignments.

GRANGE MEETS

The Kendrick Grange met in regular session Saturday evening. Two new members, Mr. and Mrs. Douglas Christensen, Jr., were initiated into the Order.

The Juvenile Grange also met in regular session, following which they held a Valentine party.

Both groups enjoyed refreshments served by the refreshment committee at the close of the evening.

PLAY PINOCHLE

Mr. and Mrs. Herman Schupfer entertained at a pinochle party in their home Friday evening, with four tables in play.

High scores went to Mrs. M. C. Halliday and Fred Silflow; lows to Mr. and Mrs. Otto Schupfer. All were of Juliaetta.

The hostess served delicious refreshments at the close of the evening.

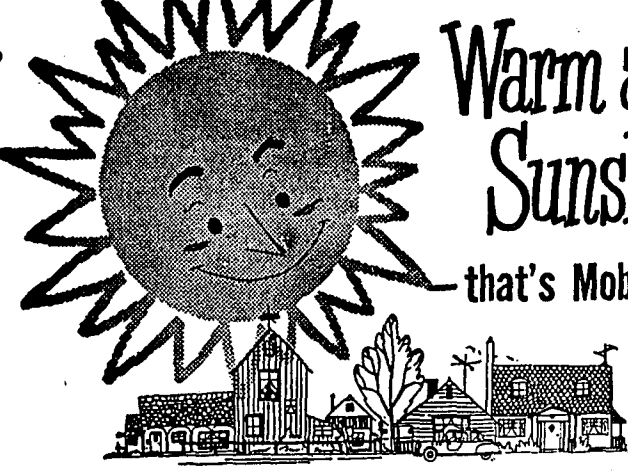

Fresh and cured meats of all kinds are obtainable at Blewett's Market in Kendrick. 1-adv

JULAIETTA SCHOOL NEWS OF WEEK

(Delayed)

First Grade

Sally Jo Muscat and Steven Eicher have been absent from school — having been ill with chicken pox.

A week ago Friday Billy Dean brought treats for his classmates. His birthday anniversary was the following Saturday.

The children have decorated Valentine packets to be used as "Mail-boxes" for their Valentines.

Second Grade

Some time ago Michael Smith brought to school a plastic form of the skeleton of the human body. We studied the bones and joints and discussed their names and uses. Our thanks to Michael for adding interest to the Health class.

Jan Deobald treated her room-mates to candy bars on Monday in honor of her eighth birthday anniversary, which fell on Sunday.

Cynthia Fey has been absent five days due to bronchitis.

Our "after-lesson-free-time" for the past week has been filled with making Valentines, and some lovely ones have been made.

Jill Sherman is enjoying (?) the chicken pox this week at her home.

Third Grade — Mrs. Callison

The children have finished the unit on "Where We Get Our Clothes", in their social studies class. They have prepared an exhibit of the different kinds of materials. They have enjoyed making miniature mills, clothing factories, wholesale houses and retail stores. At present they are finishing little rugs and tiny slippers. These were woven on simple looms of cardboard and twine.

In the "Weekly Reader" the children read about drilling for oil under the ocean with a robot drill. Lee Magnuson brought his robot man to school. Both our room and Mrs. Taylor's enjoyed watching it work.

Mrs. Robt. Magnuson and daughter Gisele called at our room Tuesday morning to bring the robot.

This week we have studied about Thomas A. Edison and Abraham Lincoln. Each one wrote a story about Lincoln.

Grade 3-A

Mrs. Miller visited Friday morning in our room. She brought treats honoring her daughter Carlene's birthday anniversary, which we all enjoyed in the afternoon.

Grade Five

Phillip Pearson of San Pedro, Calif., enrolled in the fifth grade Monday.

Sixth Grade

We have decorated the bulletin boards and the blackboards for Valentine's Day. We have made Valentine sacks to put our Valentine cards in.

We are still working on our Science projects, which will be displayed on March 8 at the Kendrick High school gym.

We are looking forward to a game

SPEED LIMITS NEED TO BE ENFORCED

For a number of months village authorities have been under criticism for allowing Kendrick's Main Street to be used as a "drag strip" by many heavy trucks — and cars and pickups as well — the ordinance that says "Stop For Pedestrians" not having been enforced.

Now that stringent "Load Limits" have been put on the emphasis has shifted to the highways — the heavy truck traffic apparently having paid no attention whatever to the "30 miles per hour" limit placed thereon. One local said that between Bovill and Deary he was "doing 68 miles an hour" and a loaded logging truck "came right up on me!"

In another case one was clocked between Kendrick and Juliaetta at 53 miles an hour.

In the first case the truck was doing two and a half times the allowable limit — in the second case almost twice the limit.

Ed Erown, of our local highway department, says that high speed is almost as damaging as the heavy load! So figure it out for yourself. But then, in every box of apples there's a "rotten one — or two!"

There is no substitute for a good breakfast on these chilly mornings. We suggest bacon and eggs, ham and eggs; bacon and hotcakes, or a hot cereal. Blewett's Market. adv.

GAME DEPT. WORKS ON HATCHING BED

A salmon hatching channel is under construction on Selway river in north Idaho. Graded gravel selected for most desirable sizes is being placed in the channel by Fish and Game department workers. Later salmon eggs will be planted in this gravel.

This is part of salmon restoration project now underway in several of Idaho's streams. Results so far in this eight-year project appear to be favorable.

SNOW REPORT

The February 1 snow survey on Moscow Mt. and the Sherwin Snow Course near Bovill showed a below normal snow cover for this time of year. The snow that has fallen is light and low in water content.

The Sherwin Course is 8 miles north of Bovill at an elevation of 3200 feet. The Feb. 1 measure showed an average snow depth of 14 inches, with a water content of 3 inches.

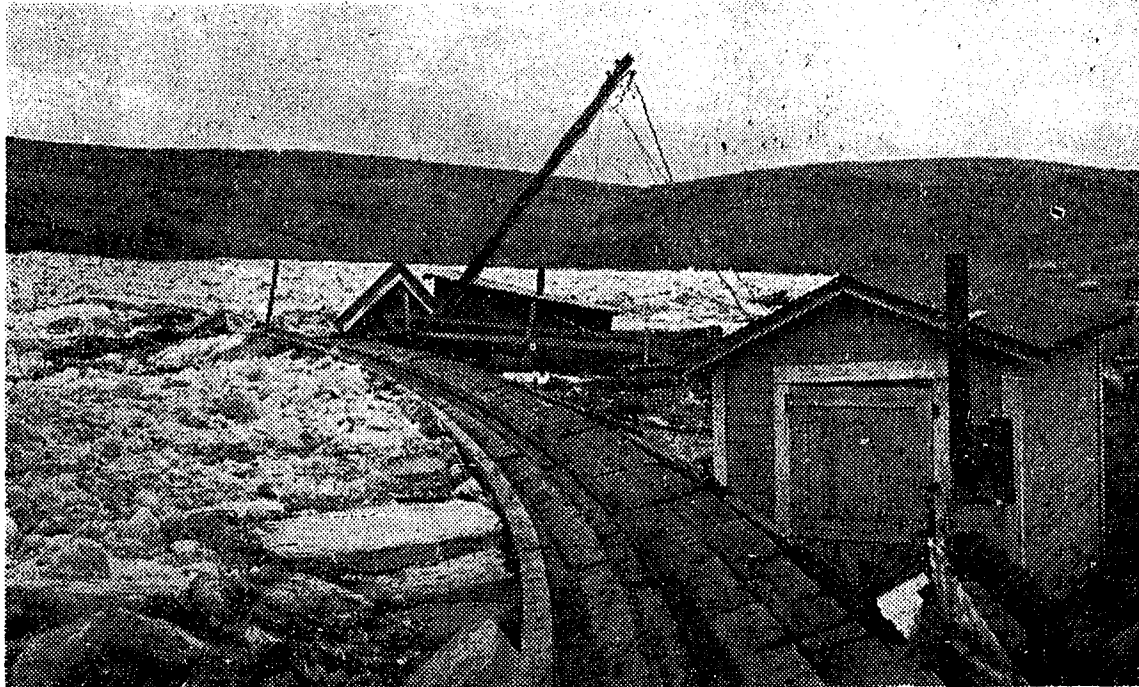

The snow on the highest Moscow Mt. course measured 13 inches, with a water content of 3 inches. Last year at this time the snow depth on this course was 40 inches with a water content of 15 inches. Only nine inches of snow has fallen since the January 1 measurement (this year).

Snow depth on the lower four courses on Moscow Mt. ranged from 4 to 7 inches, with water content very low.

Salt-mineral supplements can be fed along with salt or trace mineralized salt mixes in the same feeding boxes. A partition down the center will keep the two compartments separate.

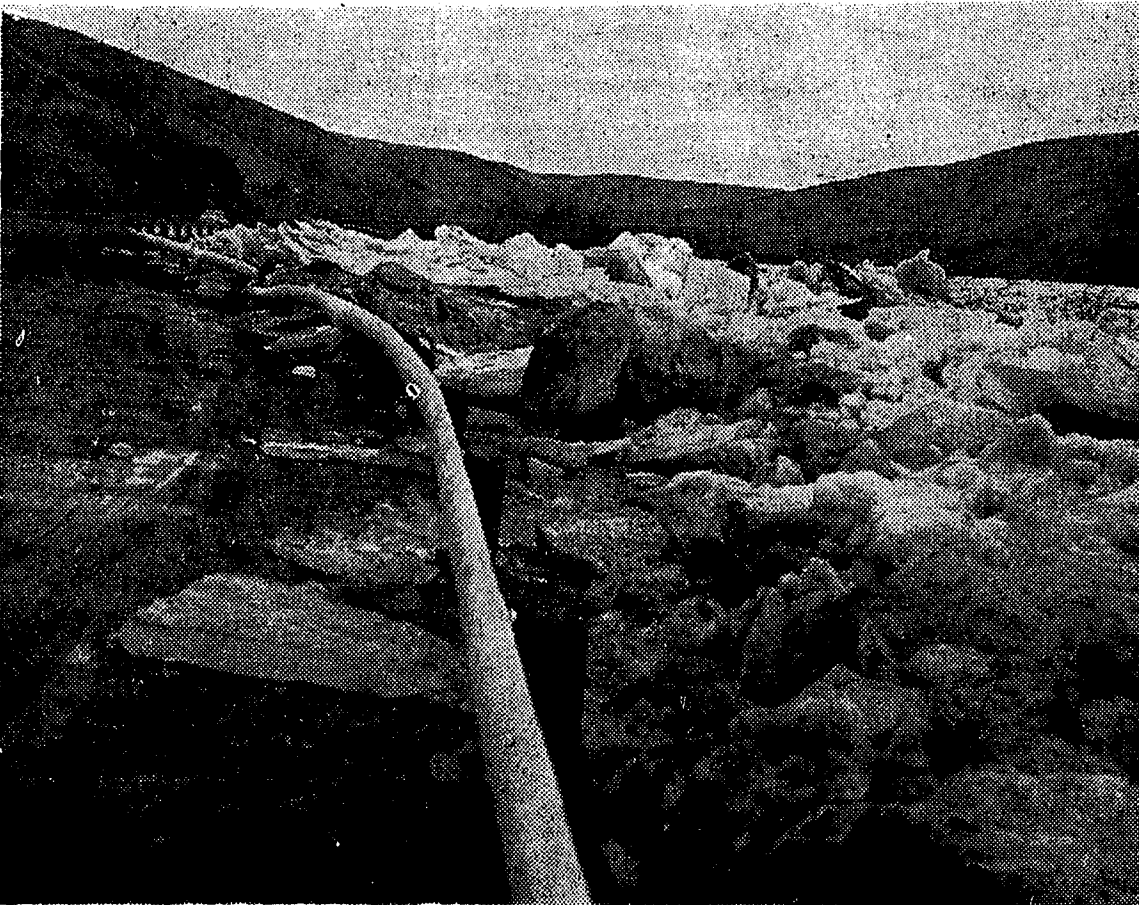

MORE RIVER ICE PICTURES

Accompanying a subscription remittance that past week-end was a note which said: "Dear Bill: Please give us some more ice pictures on the Clearwater and Potlatch river ice jam if you have them — over here we don't get any 'east side news.'" So here they are, all on the Clearwater. There wasn't really much to see when it went out on the Potlatch. (Pictures courtesy Idahoian).

P. F. I. WING BOOM AND UNLOADING DOCK SMASHED BY RAMPAGING ICE

The Potlatch Forests, Inc., cabled log boom used to direct logs in the Clearwater river below the mouth of Hatwai creek, was twisted and pushed up on the northshore of the river. The buildings are a twisted mass, as can be clearly seen in the picture.

GUARD RAIL NEAR GOAT ISLAND, EAST OF LEWISTON PUSHED ONTO HIGHWAY U. S. 95

A section of guard rail on U. S. 95, near goat island, east of Lewiston, was pushed out and ice poured onto the highway. Ice eventually covered the road and it was closed to traffic for a time. Some of the huge chunks pushed through the rail as if it were no more than tin foil. Most of the posts, however, remained in place.

ALL AMERICA DEPENDS ON AGRICULTURE FUTURE FARMERS OF AMERICA WEEK FEBRUARY 16-23

VO. AG. STUDENTS TO OBSERVE WEEK

Vocational agriculture students in Kendrick High school will join Future Farmers of America members throughout the nation in activities to focus attention on the importance of agriculture during National FFA Week, Feb. 16-23. "Agriculture - Vital to America" is this year's FFA Week theme. The farm boys will undertake a campaign to inform the general public about the importance of the agricultural industry to America, and of the numerous and wide variety of opportunities that exist in this field for young men who have a background of farm experience and training. "We have such an abundance of food in America that people are taking farmers for granted," said Doug Christensen, vocational agriculture teacher and FFA advisor. "Actually, farming is our largest and most vital industry, and is becoming increasingly important with our expanding population. In our area, particularly, most of the businesses and most of the jobs are basically dependent upon surrounding farms for their existence. Take away the farms, and for all practical purposes you would destroy the entire community."

Locally, members of the Kendrick FFA Chapter held a public speaking contest here Saturday. Richard Rush of Moscow won the trophy in the contest staged as the chief feature of a meeting of the north Idaho district. Rush, who is district president, will now compete in the coming state convention at Meridian.

Douglas Armitage, Kendrick, won first among those taking a test on cooperatives and won a trip to a cooperative conference in the mid-west in August. Placing behind him were Rush, second; and Dale Peterson of Bonners Ferry, third. Doug. Armitage and Eldon Fry competed as a team in the cooperative contest, and won first place. Placing in the speaking contest were Gary Moore, Troy, second, and Gale Harding, Bonners Ferry, third. Also competing were Lyle Maynard, Latah; Dale Silflow, Kendrick; Lyle Klumbel, Plummer; William Morschbeck, Genesee, and Kenneth Hall, Sandpoint.

The 80 FFA members and instructors attending from 10 schools were shown slides of the 1962 national convention by Stuart Sprenger, Genesee, district secretary, who attended. The next district meeting will be March 9th, at Plummer.

Membership in the FFA is made up of farm boys who are students of vocational agriculture in high school. The Kendrick FFA chapter has 38 members. Officers are: Tom Thornton, president; Fred Silflow, vice president; Roger Nelson, secretary; Larry Corkill, treasurer; Fred Lettenmaier, sentinel; Bob Callison, reporter.

The national Future Farmers organization has 383,000 members, with 9,000 local chapters in the 50 states and Puerto Rico. Membership in Idaho totals 2,800.

Future Farmers choose the week of George Washington's birthday each year for the observance of National FFA Week. Although usually recognized as a Revolutionary War general, and our first president, Washington's first love was the farm. He was one of the first in the nation to practice contour farming, crop rotation, fertilization and other soil conservation and improvement methods.

Wheeler, Boise, treasurer of the Idaho Tuberculosis Association. This is still \$5,000.00 short of the amount needed to finance the state-wide projects the association hopes to carry out during the year. He added: "Our records show that a number of previous years, and letters have not this week continuing support for work."

Major activities of the Tuberculosis Association and its local affiliate and committees include furnishing diagnostic X-rays and follow-up screening films for tuberculosis testing programs in schools and other selected groups; educational material and staff help in planning community health programs; assistance with out-patient chest clinics; health education institutes and other meetings; health information for nurses, physicians, teachers and the public; special equipment and supplies for rehabilitation of tuberculosis patients, and contributions to research in the field of tuberculosis and other respiratory diseases.

DEER LIFE SAVING DEVICE This open channel across the Mores Creek Arm of Lucky Peak reservoir on the Boise river is on the site of an ancient deer crossing, and is being kept ice-free by a new device which agitates the water with compressed air. Heretofore deer have drowned by breaking through the ice cover, or have been mortally crippled by slipping and trying to regain their feet. Department personnel have rescued deer every winter since the reservoir pool inundated the deer crossing, which leads to winter ran, but not all the animals could be saved.

EVENING CIRCLE The Evening Circle of the Woman's Society of Christian Service will meet next Tuesday, Feb. 26, at the home of Mrs. Ward Helton. Mrs. Bud Eichner will lead the program. Kendrick has no parking meters!
