**RECOMMENDED CONGRESS READING**

Oscar Medalen brought in the following item taken from the Cavalier County Republican, Langdon, N. D., which reads as follows:

The following letter received by Representative F. Bradley Morse (R. Mass.) speaks eloquently for itself:

"Dear Congressman Morse:  
"I hate to tell you my troubles, but I have tried everything else I know. I feel that only you can help me now.

"I have a dependent relative staying with me who has very little fiscal responsibility. He is very good natured and keeps buying presents for my wife and me and our two children. He charges these presents to my account. When he sees something he thinks we need he buys it for us.

"Many of these things are not needed by us and in very few cases are they exactly what we would have bought if we had bought these things ourselves. Because he doesn't work for a living, money doesn't mean too much to him, and he tends to buy the first thing he sees and doesn't shop around like I would do if I were purchasing items. He is also quite generous to the poor and needy, but often gives to those he doesn't know who feed him a soft line.

"I just received a bill for his last spending spree and it gives me a sick, hopeless feeling. I keep thinking how much better off I would be if I could just spend the money for the things I want and could give to the people and charities I think are needy. Honestly, he does so much of my spending that I tend not to give money to charity any more.

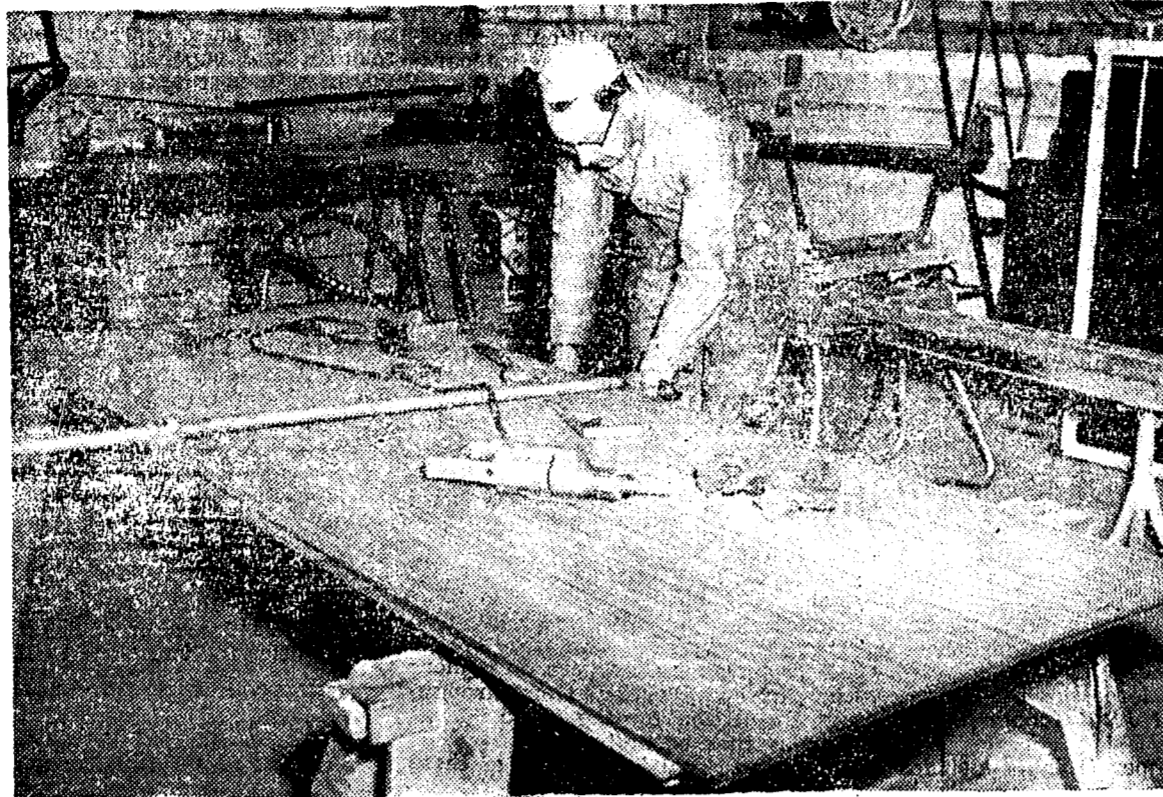

"He won't listen to me, but he will listen to you because he respects you. Please use your influence to cut the spending habit of my Uncle Sam.

"Sincerely,  
"Jack A. Wilson  
Winchester, Mass."

**"TELL THE STORY" VERY SUCCESSFUL**

The home of one of America's best promoted events — the Kentucky Derby — has asked to take a small promotional lesson from Idaho, and all because of the impressive individual promotion work done by Idaho schoolboys and schoolgirls, according to a statement just issued by Louise Shaddock, head of the State's Department of Commerce and Development.

"The Louisville Chamber of Commerce, representing a metropolitan area with a population exceeding that of our entire state," Miss Shaddock points out, "has asked for and received full information about our state's 'Idaho Promoter' program through which students have made successful promotion approaches to

**BUILDING SPECIAL FISH SCREENS**

Charles Swinyer builds another perforated screen at the Idaho Fish and Game department warehouse and shop in Salmon City as part of huge fish screening project now in its third year along the upper Salmon river and its tributaries.

Approximately 170 mechanical screens have been built and installed since the work began. About 80 more structures are scheduled to be placed to complete the restoration program.

students in other states. Idaho students who write in to the department are given a poster and paste-up material, including interesting pictorial stamps, well adapted to making scrapbooks. Home-state students send their finished books to students in other states, and the completion of this promotional correspondence entitles the Idaho student to a certificate as an "Idaho Promoter."

"From this program grew the department's highly successful 'Tell It To Texas' campaign which was organized to capitalize on the unusual interest Texans have shown in Idaho attractions."

**Dig your toes in the cool, wet sand**

Who can resist it? That exuberant urge to peel off your shoes and go joyfully down to meet the sea. You don't want anything, ever, to spoil that lovely beach... neither do we.

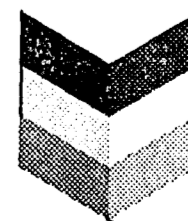

So today, with advanced drilling techniques, we seek oil beneath beaches without marring their beauty with equipment and derricks.

Instead, the oil is brought up by "slant drilling" from a well located far away, often out in the sea. On the beach, you don't even know it's happening.

So dig your toes in the cool, wet sand. Enjoy your lovely seaside playgrounds. We cherish their beauty, as you do.

Planning ahead to serve you better

### SMOKE JUMPERS IN TRAINING

Missoula — Forest Service Smoke-jumper training is underway in the northern region's aerial fire depot here in preparation for the 1963 forest fire season, Boyd L. Rasmussen, region forester, has announced.

Between April 22 and July 12 approximately 175 forest service smoke jumpers will complete training at the Missoula Aerial Fire Depot.

Seven smoke jumpers completed a one-week refresher training course on April 25, and have been assigned to the forest service southwest region. Stationed at Silver City, New Mexico, these men will be needed, in coordination with ground forces, in fighting fires in Arizona and New Mexico. The Silver City based smoke jumpers will be returned to Missoula in July. The northern region experiences its most dangerous fire season later in the summer, usually from July through September.

Smoke jumper training includes a

rigorous physical conditioning, classes in fire control and practice parachute jumps. Experienced smoke jumpers make two practice jumps during their refresher training. New smoke jumpers are required to make seven practice jumps during their four weeks of training.

A class of about 20 smoke jumpers completed refresher training May 31, and these men were detailed to Alaska to aid in fighting forest fires in the northernmost state. They will be stationed at Fairbanks with the Bureau of Land Management. About July 10 these men will be returned to Missoula for service in the northern region.

About 20 experienced smoke jumpers will take a refresher training course at the aerial depot, completing it June 14.

These are exceptional young men," Rasmussen explained. "The Forest Service is very selective in accepting young men for smoke jumper training. There are more than 1,200 applications from throughout the nation for the 50 to 60 vacancies that occur."

"A great deal is expected of these

men. They must be resourceful, intelligent and capable. They play a major role in the fire control program. There is a demanding and exacting tradition."

Last year northern region smoke-jumpers made 823 individual jumps on a total of 187 forest fires. Since 1940, Forest Service smoke jumpers have made more than 40,000 parachute jumps.

### PENALTIES STIFF FOR CONTINUED LAW VIOLATIONS

W. A. Campbell, local Justice of the Peace points out that laws for continued violations of load, height and similar laws are very severe — and from the Idaho Vehicle Laws of 1961, page 140, Section 49-909 quotes: "Penalties for violations — It shall

be unlawful and constitute a misdemeanor for any person to violate any of the provisions of this chapter, and any person convicted of such violation shall be subject to punishment by a fine not to exceed \$100.00 or by imprisonment in the county jail for not more than 30 days and to the cancellation of registration of each motor vehicle operated in violation of any order for the regulation or suspension of traffic issued under the authority of this chapter, and the cancellation of the license of the operator.

Further, Mr. Campbell says that he believes most drivers are not aware of the new violation point count for traffic violations, and he quotes as follows:

Backing without reasonable safety, 1; driving on wrong side of road, 3; Flashing red light (failure to stop) 3; Following too closely, 3; failure to obey police traffic order, 2 one-way island (failure to obey the markings) 2; passing on wrong side, 3 passing without sufficient clearance, 3; passing on hill crest, 3; passing at intersection or grade crossing, 3; passing with view obstructed, 3; passing violation of white line, 4; failure to yield right of way at an intersection, 3; failure to yield right of way on left turn, 3; failure to yield right of way from private road, 2; failure to yield right of way to an emergency vehicle, 3; failure to yield right of way to pedestrian, 3; right of way failure to use due caution for pedestrian, 3; failure to stop at railroad crossing by school bus, bus or gas truck, 2, and failure to stop for a school bus, 4.

In the line of "variable point violations are: Failure to signal, 3 to 4; speeding, 3 to 4; failure to reduce speed for curve or hillcrest, 3 to 4; violation of posted bridge speed, 3 to 4; failure to obey local posted speed zone, 3 to 4; failure to stop at stop sign, 3 to 4; failure to stop when coming from alley, 3; pulling out from curb without being safe, 2; failure to obey traffic light, 3; turning right from wrong lane, 3; turning left from wrong lane, 3; turning without 500 feet visibility, 3; failure to yield when being passed, 3; failure to yield when entering through highway, 3.

He added that the law says: Departmental action indicated by accumulated violation points — Total of 6, first letter addressed to licensee; total of eight, personal interview or examination; total of 12 or more, license suspension.

He recommends that all study the law and obey it.

The best course to follow in most political or religious conversations is the silent one.

### HELLO, THERE, FOLKS:

Here it is almost the middle of June — and since that million dollar rain" field work has been piling up. So give us a call at 4251 for gasolines, diesel fuels, motor oils, lubricants, greases — we deliver — Union of course — and we really hurry!

A Scoutmaster, noticing that his recruit Scouts were having trouble organizing their first cook-out, asked whether they had forgotten any essential equipment. "Yes," replied one, "my mother!"

Need tires? Come in and see Union's new Minuteman Tire — the first one good enough to bear our name. Fully guaranteed, yet reasonably priced. We trade!

A teen-ager saw an advertise-

ment for: "A valuable book, including information every young girl should know before she marries — with full instructions and illustrations." She sent for the volume and received — a cook book!

Bring your car in for a thorough lubrication and oil change before you take off on that vacation. We know how — and we use Union Products — the correct one for every spot.

The little boy was about to purchase a ticket for an afternoon movie when the box office girl asked: "Why aren't you in school?" "Oh, it's all right," said the lad earnestly, "I've got the measles!"

### PARK PATTEN

BY MRS. JERRY SMITH

### TOO MUCH OF A GOOD THING?

The Park area was completely parched and needed last week's rain badly, but when it continued through the week-end, residents started to wonder if it wasn't just a little too much of a good thing.

**OTHER ITEMS** — Charles Jelleberg visited in Juliaetta Friday night. He went down Friday evening and stayed until Saturday evening, visiting his sister, Mrs. Thea Mabbott; Mr. and Mrs. Ervin Mabbott and Mr. and Mrs. Martin Shove.

Mr. and Mrs. Jerry Smith and family joined others in Lewiston at the home of his uncle and aunt, Mr. and Mrs. George Smith, Sunday, for a family dinner. Others present were Mr. and Mrs. Clem Smith, Mr. and Mrs. Clinton Smith, Mr. and Mrs. Donald Smith and Miss Eva L. Smith, the latter another aunt.

Michelle Gudmunsen, tiny daughter of Mr. and Mrs. Melvin Gudmunsen of Park, is spending a few days visiting her uncle and aunt, Mr. and Mrs. Donald Gudmunsen, at Colfax.

**RESIDENTS ATTEND FUNERAL** — Many residents of Park attended the funeral of Mrs. Charlotte Swenson at Lewiston, Wednesday afternoon. Charles Jelleberg and Charles Gudmunsen, residents of Park, were among those serving as pallbearers.

### ON EGG GRADING

Moscow — Egg grading demonstrations will be held at 2:00 p. m. Monday, June 17, at the Latah county courthouse in Moscow.

Poultrymen are required to grade eggs offered for sale off the farm, starting July 1st, by act of the Idaho legislature during its 1963 session.

This "egg law" was passed to insure the quality of eggs sold in this state, and to prevent the dumping on the market of "junk eggs" from other areas.

Homer Futter, Latah county agent will show how to grade eggs and explain the equipment needed by the poultrymen to comply with the new regulations.

### W. C. T. U. TO MEET

The W. C. T. U. will meet at the Southwick Community Church on Monday, June 17, at 2:00 p. m. This is an area meeting, and everyone is cordially invited.

Kendrick has no parking meters!
