JULIAETTA SCHOOL BURNS MAY 30, 1931

The old frame Juliaetta Schoolhouse is shown in flames on May 30, 1931. So far as is known, this picture taken by W. C. Carlton, is the only pictorial record of the event. The modern brick structure now being added to at Juliaetta, replaced this building. Reconstruction began almost immediately.

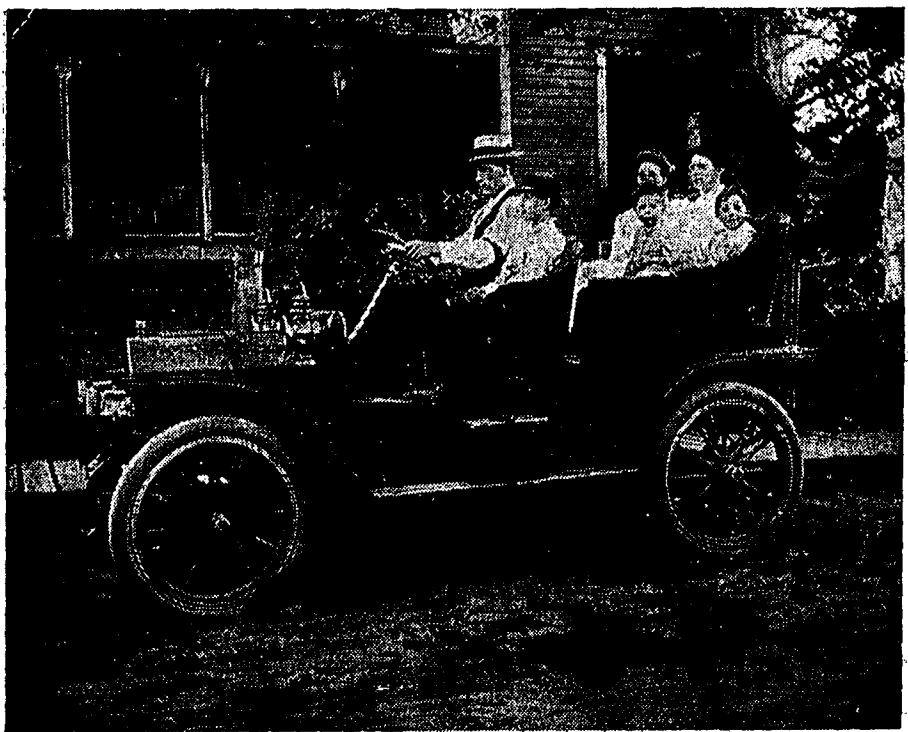

JULIAETTA SCHOOL AND HOME BURN

From the files of the Kendrick Gazette, June 5, 1931: Fire of unknown origin that started in an out-building at the Charles Noble residence Sunday, swept through his chicken house, wood shed, cellar and house, leaving nothing but a heap

of ashes. All furniture was saved, but owing to his nearness to the city reservoir he did not have water force enough to fight the fire, which, according to Mr. Noble, could have been put out with a garden hose if the pressure had been as great as it was down town.

A heavy wind carried burning shingles to all parts of the town, some settling on the roof of the frame school structure. Before the

JULIAETTA'S FIRST LOCALLY OWNED CAR

First car ever locally owned in Juliaetta was this 1909 Reo, owned by T. J. Stevens and Frank Bozarth. Mr. Stevens is at the wheel. This machine was, as shown, a right hand drive. It was cranked on the side. There was no windshield or top, no front doors, and the rear doors opened forward. (Picture courtesy Mrs. Etta Dygert)

HERE IS YOUR ANNUAL HISTORICAL EDITION - WE HOPE YOU ENJOY IT!

For the past 15 years, we of the Gazette have issued an annual "Historical Edition" — not only for the enjoyment of our readers — but also that we may have a brief vacation — as will our faithful correspondents.

It is our sincere wish that you find pleasure in this issue — it features no community or area — but just the Potlatch section in general.

firemen could shift to meet the new emergency the school building was burning furiously.

Nobles carried \$1,500.00 insurance on the house and barn, which latter was saved, but none on the furniture.

Insurance on the \$18,500.00 school house amounts to \$12,500.00. The piano, two heaters, the laboratory equipment and some of the library were rescued from the school building.

Additional damage was done to the Oriel Dumbauld residence near the school. The house had been repainted recently and was badly blistered by the intense heat. Fruit trees and flowers were scorched for several living near the school.

School directors of this district (Juliaetta) and Pilot Rock district are considering consolidation before rebuilding here. Lack of pupils will cause the Pilot Rock district to lose its school if they do not consolidate. Rebuilding will be done this summer regardless of the Pilot Rock district's action.

ANOTHER SNAKE STORY

July 29, 1932 — There shouldn't be any particular reason why so many snakes seem to be haunting our little city (the most of the inhabitants are reasonably temperate). But this story has a moral in it — for snakes at any rate — for the one about which this item is concerned met a sudden and ignominious death.

It happened Wednesday morning that when Mrs. Wade Keene went to go out her back kitchen door she pushed open the screen — and lo, and behold, a large snake, about three feet in length, dropped down on the back of her neck. It wasn't a rattler, but it was just as cold and squirmy as any snake and brought forth the usual cry of horror from Mrs. Keene.

But right there was where Mr. Snake made a mistake, for after the fright was over Mrs. Keene grabbed two brooms and proceeded to shorten Mr. Snake's life "right now." She held the reptile down with one broom and swept his life away with the other.

Just how the reptile got up over the screen door, or why, will always be an unsolved mystery, for the snake didn't live long enough to tell the story, had it been capable of doing so.

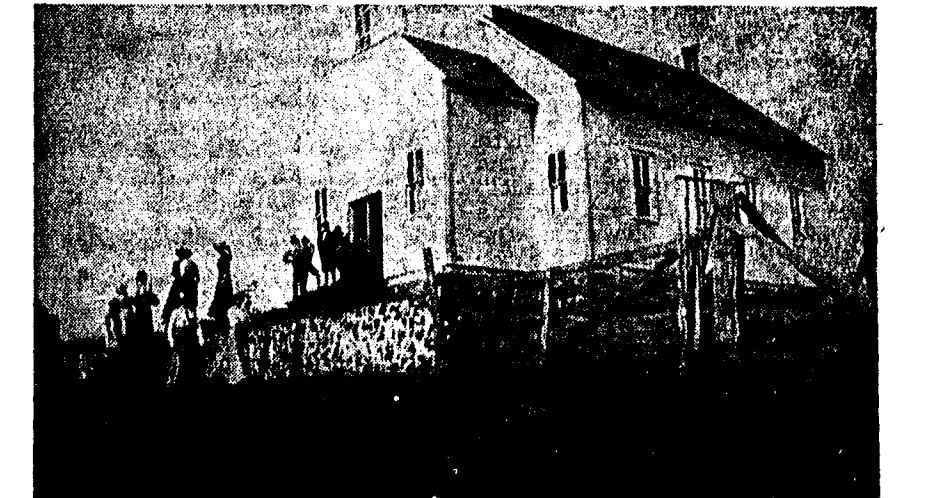

Remember the good old days?

SEWING SACKS WAS A MAN'S JOB!

Back in 1908 or 1909, when this picture was taken of Fix Ridge, sewing sacks was a job that separated the men from the boys. Pictured, left to right: Lloyd Eckman, Ernest Taylor and Will Dygert. It is not known whose threshing outfit it was. (Photo courtesy Mrs. Etta Dygert)

STONY POINT SCHOOL ABOUT 1912

Mrs. Cletis Hoisington, who loaned us the above picture, says she is not positive as to the date but believes it was 1912. Those pictured are not identified.

OLD TIME CARS AROUSE MORE THAN PASSING INTEREST ENROUTE THROUGH TOWN

Although the above picture was taken Friday, July 5, 1968, it seems to just be a part of history, for the cars shown are definitely of that period. They are the property of various members of the Lewiston "Crankers Club" and others who joined them on a tour through northern Idaho, including Kendrick. The caravan passed through here, stopping at the Kendrick Park on Saturday, July 6. (Photo courtesy Daily Idahonian)

(Picture courtesy Otto Schupfer)

CELEBRATE TWO BIRTHDAYS

July 11, 1932 — Last Sunday about 75 friends gathered at the Cletis Hoisington home on the lower Potlatch to help Mr. Hoisington and Mrs. Ralph Bigger celebrate their birthdays.

A fitting climax to the enjoyable day was the big basket dinner served under the trees. All reported a delightful time.

The following were present: Mr. and Mrs. Cletis Hoisington and family, Mr. and Mrs. Frank Hoisington, Mr. and Mrs. Albert Heimgartner and family, Mr. and Mrs. Robert Heimgartner and family, Mr. and Mrs. William Heimgartner and family, Mr. and Mrs. Ralph Bigger, Mr. and Mrs. Alvin Steigers and baby, Mr. and Mrs. William Schetzle, Mrs. Elsie Stevens and sons, Bill Hawn, Jack McCall, Claire McCall, Mr. and Mrs. Horst Gunther and sons of Juliaetta; Mr. and Mrs. Lester Hill and family of Kendrick; Mr. and Mrs. John Schetzle of Caldwell, and Mr. and Mrs. Frank Doyle of Genesee.

LOCAL STORES AND 1932 PRICES

July 29, 1932 — N. B. Long & Sons were advertising "Good Quality Bib Overalls, pair, 95c; Men's Good quality work shirts, each 59c; Fast color prints, yard 12½c and 15c; Great American Vacuum Packed Coffee, lb., 29c; Salad dressing, full quart, 39c; Fancy cookies, 2 lbs. 49c." The Ellis Cash Store quoted — 10 lbs. of sugar for 10c (with a \$5.00 purchase of other items); 6 loaves of bread for 24c; 3 lbs. of Crisco for 34c; Amazo Oil (bring your own container, quart 18c; electric light bulbs, 5c each; beef roast, 5 lbs. 50c; Regent Cherry Top Chocolates, pound 29c; cabbage, lb. 1c. We pay 15c a dozen for eggs."

Morgan's Grocery-Market — Sunshine Krispy Crackers, 2-lb. caddy for 28c; Krause's Delicious Chocolate Drops, 2 lbs. 25c; marshmallows, lb. 19c!"

THOMAS AND VANDENBURG MAKE THRILLING TRIP

October 7, 1932 — Harold Thomas, Kendrick, and Jack Vandenburg, Genesee, reached Lewiston Saturday night, the end of a thrilling trip by boat, that started at Homestead, Oregon, 160 miles up the Snake river above Lewiston. This trip is one that few "greenhorns" ever make, one that is left almost entirely to seasoned rivermen, and one which has claimed the lives of a number who have tried it. Their success, Harold said, might be laid to just two things, "Luck and an exceptionally well-built boat, the boat being a 16-foot rowboat.

Mr. Thomas and Mr. Vandenburg left Homestead, Oregon, on Thursday, Sept. 22, and reached Lewiston on Saturday, Sept. 30, eight and a half days being consumed on the trip. The boat swamped while being lined down a sharp rapid, pulling both men into the water, wetting their whole outfit, and they were forced to lie over until Tuesday at noon to dry their outfit, a part of which they lost, and among the more valuable, a portion of a mining outfit and pictures of wildlife taken on the trip.

Harold said they saw "deer in droves, almost like cattle, two mountain sheep, a number of coyotes, and rattlesnakes were an every-day occurrence."

At one place a half day was required to line the boat down a rapids 100 yards long, in other places Mr. Thomas said he believed they made 30 miles an hour, but that it seemed much faster.

In one unusually bad spot in the river, each man was handling an oar. Mr. Thomas pulled his from its lock, and the boat went down the rapids, spinning like a top. They said they never were so glad to land and get their feet on good solid ground as they were following this experience.

A portage and lining down the rapids was resorted to four times during the trip, he said, and each one was a test of human strength and endurance, pitted against the power of the river, but "we made it!"

Mr. Thomas said the scenery was something to make one gasp, the hills rising sheer into the air for hundreds of feet, and ascending in great stone steps, like the tiers of giant blocks, was in itself almost worth the trip. Then too, down the giant box canyon of the Snake, with sheer cliffs rising for thousands of feet, was indeed a marvelous spectacle.

The men enjoyed the trip, they say, but do not care to make it again. They also said that the best going and easiest portion of the trip was Pittsburgh Landing to Lewiston.

Harold said the thrills were enough to last him a long time, and Jack Vandenburg said the same thing.

Mr. Vandenburg will be remembered here as assisting with the A. K. Carlson and N. B. Long & Sons sales last fall. He has also been a guest several times in the McCreary home.

CAMERON NEWS

July 29, 1932 — Mr. and Mrs. Henry Brammer, Mr. and Mrs. Gordon Harris of Southwick; Mr. and Mrs. Ernest Schmidt of Leland; Mr. and Mrs. Herman Meyer and Herbert Brunsek went huckleberrying and fishing near the Bungalow this week. Good luck was reported.

A large crowd attended the miscellaneous shower that was given for Mr. and Mrs. Leo Lohman, Sunday evening. Mr. and Mrs. Lohman were the recipients of many lovely and useful gifts.

Rosalie Kruger spent several days this week with Margaret Davis at Kendrick.

LELAND ITEMS

July 29, 1932 — Mr. and Mrs. Marvin Vincent and children were Sunday guests of Mr. and Mrs. A. G. Peters and family.

Jesse Thornton and family and G. Ball and Miss Mildred Craig took two loads of wheat to Culesac Saturday to exchange for flour.

KENDRICK STATE BANK DECLARES 90-DAY HOLIDAY

January 6, 1933 — After a period of withdrawals, and being unable to realize on their outstanding paper without working a hardship on borrowers, the Kendrick State Bank, on January 2, 1933, declared a 90-day holiday or "moratorium" on withdrawals or acceptance of deposits, which proclamation was duly signed by E. A. Deobald, acting mayor of the village, and which will take effect immediately, and will be in effect to and including March 31, 1933.

The step was taken by directors of the bank in order to protect all depositors alike, they considering it better to adopt this method of handling the situation rather than by forcing their creditors to pay obligations which would have broken many of them and caused them to lose their farm holdings; or to borrow money from the Reconstruction Finance Corporation and continue to do business on borrowed money.

The State Banking Department will make a survey of the condition of the bank and recommend a method of procedure that will best safeguard the interests of everyone concerned, and it is the hope of officers that the bank will again be open for business within the next 90 days.

H. B. Thompson and others connected with the institution thank the depositors for the liberal attitude they have taken in the matter, and assure them that everything possible will be done to safeguard their interests. The bank will be open every day as usual and Mr. Thompson and Mr. Emery will be there to answer any and all questions concerning the situation to the best of their ability.

NOW OPEN FOR BUSINESS

April 7, 1933 — Word was received from the State Banking Department on Thursday of last week authorizing the Kendrick State Bank to open for business in a limited way — that is, to handle new accounts and to clear all checks on solvent banks. No old accounts can be handled until reorganization has been effected, said H. B. Thompson, cashier.

The following news dispatch, dated at Boise, March 31, perhaps explains the status of the bank so that its friends may know just what the State Commissioner of Finance thinks of the situation:

Boise, March 31 — Ben Diefendorf, State Commissioner of Finance today authorized the Kendrick State Bank to open tomorrow on a restricted basis. The bank was closed several months before the holiday proclamation, he said, and will open under a reorganization approved by the depositors.

HOLD FOR \$1 BUSHEL

July 29, 1932 — Movement has been started in North Dakota by farmers who declare they will hold their wheat for \$1 per bushel — and the movement is said to be spreading rapidly — not only in North Dakota, but in several other states as well.
North Dakota will have this year an estimated 124,000,000 bushels, or about one-sixth of the U. S. production.
Wheat should never be less than \$1.00 a bushel.

NEW GRAIN COMING

July 29, 1932 — R. B. Parks was the first to deliver new wheat to the Kendrick Rochdale Company's warehouse this season, he having brought in some 300 sacks of Forty Fold on Tuesday of this week, which was of good weight and comparatively free from smut.

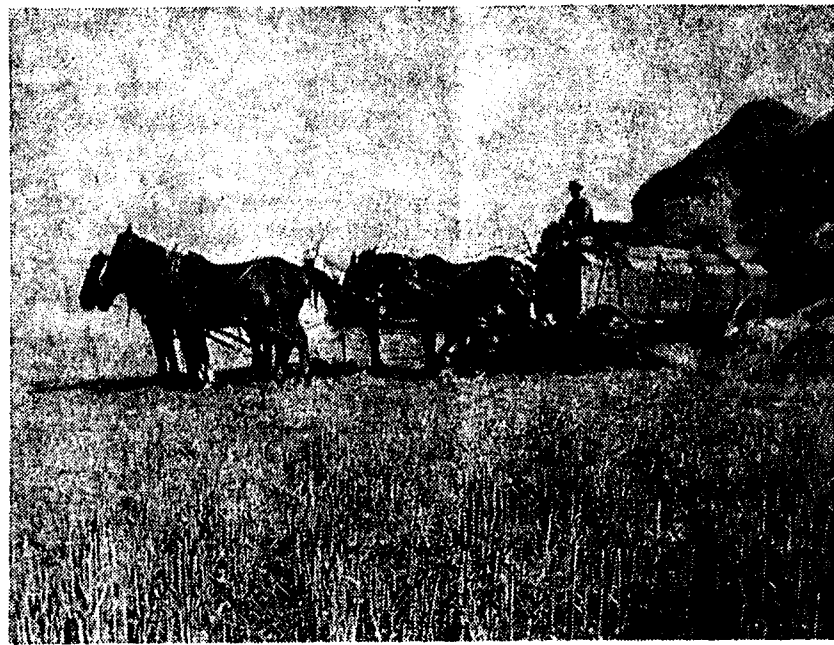

The Vollmer-Clearwater Company also received some 250 sacks of new barley on Tuesday, the first of the season. This also was of good quality and weight.

The crops seem to be only about three days later this season than last year, regardless of the lateness of the sowing and growing season.

WHO CAN IDENTIFY THIS ONE?

In the "Ancient Rack" at the Gazette we dug up this picture of an old-time threshing outfit going up in flames. We have shown the picture to a number of pioneer residents of the various ridges, none of whom were able to identify the machine or the spot. The picture bore no date or other information. Can you supply it?

FLOOD WATERS RECEED — TRAINS ON TIME AGAIN

March 25, 1932 — Many anxious moments were spent by residents of Kendrick and the upper and lower canyons beginning last Thursday evening, when the waters of the Potlatch again reached flood stage and threatened to overflow its banks.

With several feet of heavy snow in the hills and mountains, and rain falling for several hours, made things look somewhat dubious for a time, but by Saturday evening the water had begun to fall and unless a long-continued rain comes, there is little danger of an over-flow.

A work train has made Kendrick headquarters for the past ten days or more, and many cars of rock have been taken to points where the water was encroaching on the grade.

Brady Gulch, as usual, sent down hundreds of tons of large boulders, completely covering the road and making crossing impossible for two days. There are perhaps more loose boulders up Brady Gulch than any other place its size in the world — so it seems from the number brought down each year by the flood waters. Trains were off schedule and some failed to run, due to high water weakening embankments and bridges but all are again on schedule and have been since Monday.

BEACH PARTY

Aug. 12, 1932 — A swimming party composed of Mr. and Mrs. Fred Albright and Mr. and Mrs. Edgar Wilcoxon of Juliaetta was at the Arrow Beach. Others in the party were Mr. and Mrs. Harry Flaig and daughter, Miss Margaret McDowell, Nettie Mae McDowell, Mae Freytag and Neva Ware.
