JULIAETTA DOINGS BRIDAL SHOWER FOR MISS CUDDY PAST

MRS. ERVIN MABBOTT Phone 8-2254

David Hudson On Rifle Team

as a member of the small bore rifle team of his Air Force Base in Michigan. The paper says:

pionship Tournament held July 6 and all, presided. at Waterford, Michigan, the Base man Skiles, A1C Bennett Letter and A2C David Hudson, made a very awards and trophies.

Firing against some of the leading shooters in the nation, including HEAD COACH members of the the U.S. Pan American and Caire Rifle squads, the Base Team placed three members, Sgt. Leonard and Airmen Letter and Hudson an the NRA State Smallbore Rifle Prone Team, and took first place in the Class B team match.

An outstanding individual perform-ance was turned in by A2C David a possible 400 to win the 100-yard in the area. match and the Magnaflux trophy.

The above clipping was taken from the Sault St. Marie, Mich., paper.

Burn Dry, Dead Grass

The Juliaetta Volunteer Fire Department and interested towns people burned dry grass on a vacant lot on Main Street, and around the Juliaetta Elementary School, Monday evening.

Surgical Patients

Mary Etta Ottosen returned home Saturday from St. Joseph's Hospital after undergoing surgery earlier last week.

Mrs. Gertrude Pederson left for Colfax Tuesday. She underwent sur-gery on one leg Wednesday.

Jack Browning received a back injury and a sprained ankle last Thurs-day, when a scaffolding fell, while he was working on the dry kiln at the Mead & Howard Sawmill at Kendrick.

with Mrs. Lucillle Ingle Wednesday COLOR TEL-VISION Mr. and Mrs. Jerry J. Ingle were

> The next four issues of the Gazette will carry articles of information in regards to color tel-vision.

The first will be of generalities; the second will be about the new 1964 models and prices; the third will deal with service and the improvements in tele-casting, and the last will tell about the many new color programs that will be coming on the air this fall and winter.

A colored tel-vision receiver is one of the greatest accomplishments of our engineering ability in this present century. We marveled at the radio, the black and white telvision receivers, and these are great accomplishments. However, the sending and receiving of a naturalcolor picture in your living room, must be the greatest.

To explain a bit, how a color pic-Miss Alta Moore, Mrs. Claribel Anderson, Mrs. A. A. Kremmin and ture tube is made. The inner part of the tube contains three sheets of Susan Switzer called on Mrs. Gerald thin steel. These sheets, or discs, are spaced a small distance apart. Little Kelly McBride stayed with Each one contains more than 300,000 'Grandma'' Gerald Ingle while her tapered holes, or in excess of one million holes in the three discs. One of the discs is blue, one red, and the third one green. The neck of the age, Alaska, Thursday, to visit with tube has three separate "guns," and her daughter, Mrs. Norman Nthkin. each one operates independently. Mrs. Cecil Dean and son visited When a signal is picked up by the briefly with Mrs. Phil Bahr on Cedar receiver, and it is a blue signal, the ridge, Sunday morning. Mr. and Mrs. A. C. Wilson and blue gun shoots electrons through the tiny holes in the blue disc. The Miss Leona drove to Spokane Monday same applies to the other two guns. to visit with his mother, Mrs. Susan Still the set will show clear black and white pictures when color is not Mr. and Mrs. Jay Dee Wilson were being received.

The number of color sets in operation today exceeds 1,200,000. The Mrs. Cecil Dean was honored on estimate of sales for 1963 is between her birthday anniversary Saturday one-half and three-quarters of a afternoon, when a group of friends million sets. This should provide - bringample proof that color TV is here.

Most of the manufacturers have announced their 1964 lines, giving the buying public a choice in selection of models far greater than the black and white set choices.

Many firms that pay for the programs you see in your living room The J. M. Murrays are enjoying a visit from their son-in-law and have found that color is increasing daughter and family, the L. J. MIRACLES AND MONKEYSHINES

One of our favorite stories comes from Rev. George C. Desmond, Hills-dale, Ill, who tells the story of the minister who went fishing with two members of his flock; the chairman of the church board and the Sunday School superintendent.

JOTTINGS

In case the little lady complains of

being neglected, remind her that the

65 horsepower in her home merely house!!

The latter ran out of bait after a few hours fishing, but refused the minister's offer to row him back to ahore for more. Instead he stepped over the side of the boat and walked over the water to the shore, got his bait and returned in the same man-Ber.

It was not long after that when the chairman of the board also found himself without bait. He, too, step ped out of the boat and casually walked over the water to the shore. Having obtained more worms, he returned via the water to the boat.

The minister observed all this with amazement. When he finally ran out of bait, he shrugged off his coat and being a man of faith, bravely stepped out of the boat. He sank immediately. His friends hauled the drenched minister aboard. As soon as the pastor had regained his senses he took a deep breath and again stepped forth, only to sink a second time. Once again the two laymen labored to pull their pastor back to safety.

But this time, the chairman of the church board asked anxiously, "Just so we don't have to do this again, why don't we tell him where the rocks are?" - Lions magazine.

But the precious Harvest Time

A BLAZE IN THE BRUSH CAN CAUSE A FLOOD!

A million-dollar flood can be the offspring of a carelessly caused brush fireone that gets its start when a careless motorist flips a match.

Perhaps not a board foot of lumber is lost. But something else infinitely valuable is destroyed - watershed - brush, leaves, natural mulch that acts like a giant sponge to hold rain water and return it to underground storage.

Slopes burned bare cannot hold rain water. The runoff becomes a flood, spreading destruction and polluting reservoirs. Rich soil is washed away, leaving barren wasteland. Streams dry up.

So don't measure a fire's cost just in terms of timber burned. Watershed, too, is invaluable. And don't forget: nine out of ten forest fires are man-caused. Wherever you go in the country, follow Smokey Bear's rules: break matches -crush smokes-be SURE all fires are out!
