SCOUTS START FUND DRIVE THIS WEEK

Three Walt Disney wild life films, "Olympic Elk," "Nature's Strangest Creatures," and "Yellowstone Cubs" will be shown at the Kendrick Theatre at 7:30 on both Friday and Saturday evenings, Feb. 28 and 29.

The showing of the films is the first of many money raising projects to help defray the expenses of two local Boy Scouts who will attend the National Jamboree at Valley Forge, Penn., for three weeks this coming summer. The Scouts will stop enroute to visit the cities of Detroit, Chicago, Wash., D. C., and the 1964 World's Fair in New York.

The sum of \$1,200 will be needed altogether in funds, and the Scouts are beginning the drive by selling tickets until Saturday, Feb. 29, for the wild life show, which is 90 minutes long — and Walt Disney films need no introduction!

WHAT'S GOING ON IN LOCAL SCHOOL

From the office of Supt. James V. Muscat comes the following information and dates to remember:

Kindergarten
Kindergarten will begin on Monday, March 9, at the Kendrick High school. All interested parents contact the teacher, Mrs. Werner Brammer, as soon as possible.

Cadet Teacher
Miss Julia Hoog, a senior of the U. of I., majoring in Home Economics and minoring in English, will be doing her cadet teaching in the Home Economics department of the local high school for nine weeks. Miss Hoog's home town is Boise. While here she is living in the Medalen apartment.

Basketball Games
The Kendrick High school basketball teams will meet Nezperce High on the home court, Friday evening, Feb. 21, beginning with the Jr. Varsity game at 6:30.

Tuesday, Feb. 25 they also play at home, when they meet Troy. The Troy games will be the last of the season.

Basketball Tournament
The District 2 AAAA tournament will be held here Monday, March 2 through March 6. All are night contests.

Girls To Play
The K. H. S. girls' team will travel to Lapwai to play at 2:15 p. m. on Thursday, Feb. 20. A return game will be played here on Saturday afternoon, Feb. 22, at 1:00 o'clock.

CARD PARTY FUN

The second pinocle party sponsored by the Ridge Riders Saddle Club, Saturday, Feb. 15, was well attended, with 17 tables in play. Marilyn Hall won high for the ladies, Orville Skaggs high for the men. Josephine Schupfer was low for the ladies (all above from Juliaetta), and Howard Hoffman of Kendrick low for the men. Francis Peters took home the "Flying Filly" and Herman Johnson won the "Gallop'n' Gelding."

During the evening four people were very lucky. Marguerite Sillflow and Bud Holt each melded "1500" trump, and Josephine Schupfer and Odetta Draper each melded "1000 aces."

Refreshments of jello salad and sandwiches were served by the Ridge Rider Ladies at the close of the evening.

Mr. and Mrs. Frank Hoisington and sons of Big Bear ridge were Sunday dinner guests in the home of Mr. and Mrs. Walter Bencsoter.

BULLDOGS DUMP TIGERS 63-38 FRIDAY

The Genesee Bulldogs rolled to their 17th straight victory of the 1963-64 season here Friday night by trouncing the Kendrick Tigers 63-38 in a White Pine League high school basketball game. Genesee led 31 to 17 at the half-way point.

At times during the contest it seemed as if the "lid was on tight" as far as baskets for Kendrick were concerned.

An opening game loss to Deary is the only mark on Genesee's record this season. The Bulldogs are 6-1 in league standing and can win the No. 1 spot by beating Troy on Feb. 22.

In the Friday evening contest Jerry Linehan of the Bulldogs canned 18 points for Genesee, with Larry Vestal adding 11 and Skip Ivie and Wade Hillman counting 10 each.

In Tiger scoring Fred Sillflow hit for 11 points and Ross Magnuson for 10.

Kendrick won the Jr. Varsity contest 60 to 38.

BLUE AND GOLD DINNER FEB. 24TH

The annual Blue and Gold Dinner of the Cub Scouts will be held Monday, Feb. 24th, at the High School cafeteria, starting at 6:30 p. m.

The dinner will be pot luck. Coffee and punch will be furnished. Each family is asked to bring its own table service.

WEATHER ALMOST LIKE MARCH

If the nights were just a little warmer one could almost swear that this was March — at least so far as weather goes here in the canyon.

There have been interludes of sunshine, wind, rain and snow this past week. The mid-day temperatures have been in the middle 40's, with the mercury dropping to around 24 or 25 degrees at night.

Lilacs are showing huge buds; daffodils and crocus are up from two to four or five inches, willows are turning yellow — yes, it seems like March!

The Potlatch river is fairly low for this time of the year, and unusually clear. Back in the hills there is a great deal of snow — and the river will turn to a chocolate brown when the real run-off begins.

ATTEND REGIONAL

Sunday, Feb. 16th, six members of the Ridge Riders Saddle Club attended the Regional meeting of all area clubs at Spalding — the hosts being the "Spalding '49ers." All but three clubs of the possible 15 were represented.

Those attending from the local organization were Ormand Manderfeld, Gordon Peters, Mr. and Mrs. Ervin Draper and Mr. and Mrs. Wm. Rogers.

THANK YOU, FRIENDS

We wish to thank our friends and relatives for the lovely cards, gifts, and good wishes, in helping us enjoy our 25th wedding anniversary Open House. — Mr. and Mrs. Lawrence Heimgartner. 8-1

WHYBARKS PLAN TO STAY IN ALASKA

Word has been received by relatives of Mr. and Mrs. Dean Whybark, former Troy, Idaho, residents, whose three-year-old son was recently fatally burned in a fire that destroyed an Alaskan mission Sunday, plan to remain at the remote Eskimo village.

Mrs. Whybark's mother, Mrs. Victor Linderman, said the dead child, Donald, was buried Tuesday at Aleknagik beside the Bering Sea where Whybark teaches at the Bristol Bay Mission. The school for Eskimo children is operated by the Seventh Day

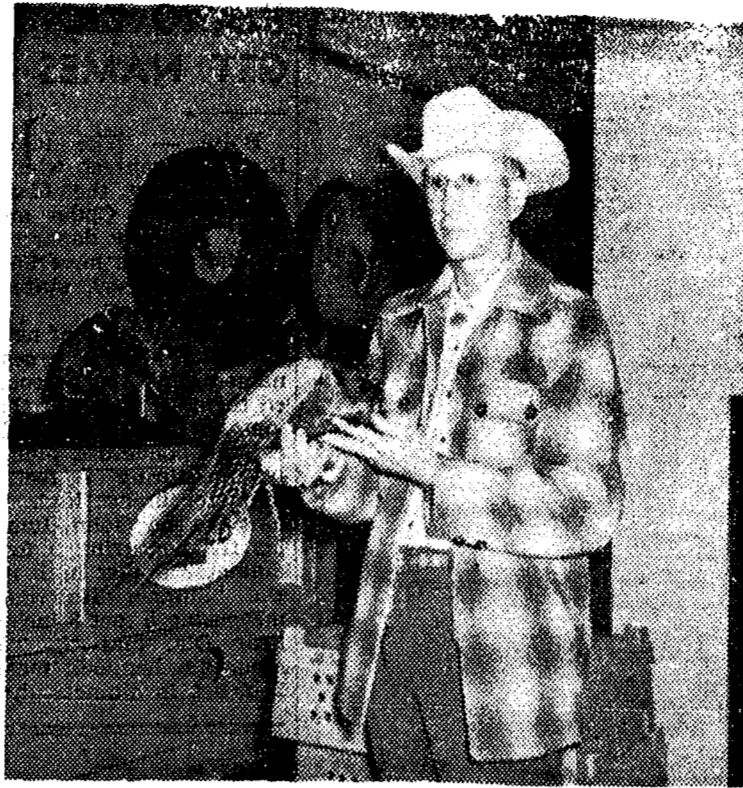

Adventist Church. Donald was burned when he spilled white gas onto a butane dryer in the dormitory laundry room. Mrs. Whybark, who was nearby, received second degree burns. She was not hospitalized.

According to radio reports the three families of teachers living in the dormitory lost all their belongings in the fire.

Collections and donations are being taken up in Troy to assist the families.

Mrs. Mable Parks, formerly of Deary, who taught in the Deary schools until about four years ago, was one of the teachers at the school and she, too, lost all her belongings.

NEW PHEASANTS

Superintendent William Gnemi of the Jerome game farm of the Idaho Fish and Game department, holds one of 16 Japanese green pheasants air-expressed from Virginia recently for propagation and eventual release in timbered areas of north Idaho.

These pheasants are breeding stock to begin that part of the department's five-point program which calls for experimental release of selected exotic species in Idaho habitat, which may be suitable for them.

TODD NELSON HAS PEACE CORPS SPOT IN COLOMBIA

Wash., D. C. — Robert Todd Nelson, son of Mr. and Mrs. Bob Nelson, Kendrick, Idaho, has begun a two-year assignment as a Peace Corps volunteer in Colombia.

He is one of 32 volunteers who left Feb. 5th for Colombia, where they will work in a Rural Community Development program. They join more than 500 volunteers already at work in Colombia in rural and urban community development, agricultural extension work, health and physical education, and secondary and university education.

Colombia was the first country to request Peace Corps Volunteers to work in the area of community development. The first group of Vol-

unteers arrived there in September of 1961. Using techniques taught during training, the Volunteers stimulate the villagers to identify and solve local problems. The Volunteers primary objective is to show people how much they can do for themselves. The project was developed in consultation with CARE and will be administered jointly by CARE and the Peace Corps.

The Volunteers trained for three months at the University of New Mexico at Albuquerque. They received intensive instruction in the Spanish language and studied the history and culture of Latin America. The trainees also reviewed U. S. history and institutions, and current world affairs. They were also taught community development techniques utilizing the experience of Volunteers now working in Colombia, and did field work in New Mexican Indian villages.

The carrier left Jan. 28 for a tour with the Seventh Fleet in the Western Pacific. While enroute to the Far East, she will conduct an "Operational Readiness" in Hawaiian waters to determine the carrier's battle efficiency.

HEFFEL ON CARRIER

(FHTNC) — Kenneth B. Heffel, airman apprentice, USN, son of Mr. and Mrs. Jesse H. Heffel of Star Route, Kendrick, Idaho, is serving aboard the attack aircraft carrier USS Bon Homme Richard, operating out of San Diego, Calif.

The carrier left Jan. 28 for a tour with the Seventh Fleet in the Western Pacific. While enroute to the Far East, she will conduct an "Operational Readiness" in Hawaiian waters to determine the carrier's battle efficiency.

NEW CHRYSLER-PLYMOUTH AGENCY IN LEWISTON

Portland, Ore. — Carl J. Brush, manager of the Portland region of Chrysler-Plymouth Division, Chrysler Motors Corp., has announced the appointment of Thompson Chrysler-Plymouth, Inc., as a Chrysler-Plymouth-Imperial dealer in Lewiston. Stuart D. Thompson is owner and general manager of the new dealership.

Brush stated that, "Chrysler-Plymouth Division is delighted to have secured such fine representation in Lewiston as the new dealer will give us. Not only will our full line of Chryslers, Plymouths, Valiants and Imperials now be available in this important trading area, but our existing owners will now have factory authorized and supervised service facilities available at Thompson's."

The new dealership will be located at 970 D Street in Lewiston. Stuart D. Thompson, the new dealer, comes to Lewiston with a wealth of varied experiences. He was a pioneer commercial pilot and during World War II he was a test pilot for the Boeing Airplane Co. in Seattle. After the war he entered the insurance business in Portland. Subsequently he became a finance company executive and finally, he entered the automobile business.

Since 1960, he has been a new car dealer in Kennewick, Wash. He recently sold that dealership in order to move to Lewiston and accept the appointment as a Chrysler, Plymouth and Imperial dealer. Thompson said: "I feel very fortunate to have been selected by Chrysler Motors Corp. to represent them in Lewiston. I am most optimistic about the future of the Lewiston-Clarkston valley and that is why I decided to locate here. The economy is stable and growing. Mrs. Thompson and I are now making our home in Lewiston. The dealership will be open for business as soon as our facilities can be remodeled. I intend to hire local employees whenever possible."

A DOCTOR'S AUTOBIOGRAPHY

The following item, taken from the Seattle Times, Jan. 5, 1964, was given us by Mrs. W. A. Watts:

"A former resident of Kendrick, Idaho, Dr. Dwight J. Ingle, chairman of the Department of Physiology at the University of Chicago, has written and autobiographical volume, 'I Went to See the Elephant,' published by Vantage. It is largely concerned with his early studies on cortisone, his experiences and travels as a scientist and his involvement in sociological problems and the realities of living in an integrated neighborhood.

Dr. Ingle, who has written learned volumes and contributed to professional journals, had intended to be a physical director in Idaho schools and was sidetracked into science when earning his way as a laboratory technician. Later he became a leading endocrinologist."

MANY SHARE IN SCHOLARSHIPS

U. of I. Moscow — A total of 397 students at the University of Idaho are sharing in nearly \$100,000 in scholarships, according to Charles O. Decker, dean of students.

Under the scholarships, superior students are financially aided in obtaining an education. Although available scholarships have grown in the past decade, the Idaho dean said there is always a waiting list of students who could use the aid.

"Of all the scholarships at the University of Idaho, only one remained unfilled for two years. This was because of restrictions. This particular one specified a certain major in a certain college and that the recipient be from a specified county," Decker said.

Many of the available awards are community scholarships provided by service clubs and organizations for students in communities throughout the state.

Businesses, too, have increased and added scholarships, Decker said.

"In the past ten years, scholarships from Polkatch Forests, Inc., have grown from about \$2,500 awarded to ten students to a present total of more than \$10,000, given to 62 students."

Among the new scholarship programs is one started by the university last year. A scholarship is awarded to an outstanding senior from one high school in each county in the state. It provides entrance fees for each semester of the freshman year.

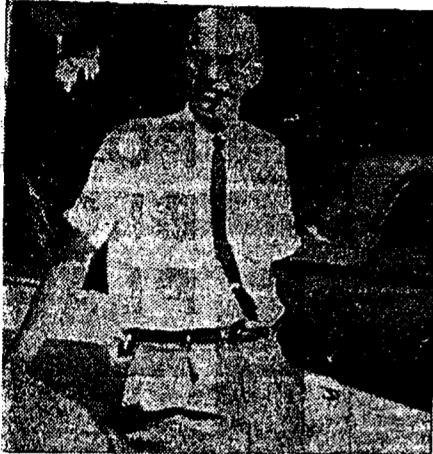

TO GRADUATE

P. L. U., Tacoma — Loeda T. Meyer, daughter of Mrs. Herman Meyer of Kendrick, Idaho, is one of 33 seniors who completed undergraduate work at Pacific Lutheran University at the completion of the fall semester.

Degree will be conferred upon these graduates during the annual Commencement program, May 31, Miss Meyer majored in Sociology.

WINTER WOES by Pinson

One day in his car, Joe B. Dew,
(Dead wiper blades streaking his view)
Ran into a bus
And caused a great fuss—
Which cost him some bucks (not a few)!

PREVENT THOSE WINTER DRIVING WOES

The Safe Winter Driving League presents the following tip for better visibility this winter from the National Safety Council: "Be sure your windshield wiper blades are in good, live condition to prevent streaking. Arms should provide at least an ounce of pressure for each inch of blade length to sweep off snow, sleet and road-muck. You must see danger to avoid it."

IMPROVEMENTS AT FISH HATCHERY GOING INTO PLACE

Boise — Fish and Game Department construction crew places a huge section of pre-fabricated pipe in place on a new water supply line at the Hagerman fish hatchery in southwestern Idaho.

The new line will replace an open ditch which caused considerable trouble because of silt and moss. The supply pipe is over 500 feet long and will carry 65 second feet of water to fish-rearing raceways.

This is part of the department's 5-Point program for expanding and improving production facilities and increasing the hunting and fishing potential around the state.

PENALTIES STIFF FOR CONTINUED LAW VIOLATIONS

W. A. Campbell, local Justice of the Peace points out that laws for continued violations of load, height and similar laws are very severe — and from the Idaho Vehicle Laws of 1961, page 140, Section 49-909 quotes: "Penalties for violations — It shall be unlawful and constitute a misdemeanor for any person to violate any of the provisions of this chapter, and any person convicted of such violation shall be subject to punishment by a fine not to exceed \$100.00 or by imprisonment in the county jail for not more than 30 days and to the cancellation of registration of each motor vehicle operated in violation of any order for the regulation or suspension of traffic issued under the authority of this chapter, and the cancellation of the license of the operator."

Further, Mr. Campbell says that he believes most drivers are not aware of the new violation point count for traffic violations, and he quotes as follows:

Backing without reasonable safety, 1; driving on wrong side of road, 3; Flashing red light (failure to stop) 3; Following too closely, 3; failure to obey police traffic order, 2 one-way island (failure to obey the

markings) 2; passing on wrong side, 3 passing without sufficient clearance, 3; passing on hill crest, 3; passing at intersection or grade crossing, 3; passing with view obstructed, 3; passing violation of white line, 4; failure to yield right of way at an intersection, 3; failure to yield right of way on left turn, 3; failure to yield right of way from private road, 2; failure to yield right of way to an emergency vehicle, 3; failure to yield right of way to pedestrian, 3; right of way failure to use due caution for pedestrian, 3; failure to stop at railroad crossing by school bus, bus or gas truck, 2, and failure to stop for a school bus, 4.

In the line of "variable point violations are: Failure to signal, 3 to 4; speeding, 3 to 4; failure to reduce speed for curve or hillcrest, 3 to 4; violation of posted bridge speed, 3 to 4; failure to obey local posted speed zone, 3 to 4; failure to stop at stop sign, 3 to 4; failure to stop when coming from alley, 3; pulling out from curb without being safe, 2; failure to obey traffic light, 3; turning right from wrong lane, 3; turning left from wrong lane, 3; failure to yield when being passed, 3; failure to yield when entering through highway, 3.

He added that the law says: Departmental action indicated by accumulated violation points — Total of 6, first letter addressed to licensee; total of eight, personal interview or examination; total of 12 or more, license suspension.

He recommends that all study the law and obey it.

He recommends that the progress of this community. Don't break the chain!

YOU'RE RESPONSIBLE

Boise — C. H. Edmison, administrative officer of Internal Revenue has reminded taxpayers that they are responsible under law for all entries and supporting documents in their Federal Income tax returns, no matter who prepares the return.

The tax advisor, whether he is an Internal Revenue employee or a private practitioner, can rely only upon the information furnished by the taxpayer. His primary purpose is the transfer of information from the taxpayer to the proper places on the

tax form. Edmison emphasized that regardless of who prepares the return, the responsibility for filing the return and liability for any under-payment, interest and possible penalties are the taxpayers.

IDAHO BIG TREES GET NAMES

Boise — "The Idaho Centennial Big Tree contest which was jointly sponsored by the Idaho Federation of Women's Clubs and the Idaho State Forestry department has closed and results have been tabulated," Roger Guernsey, state forester, announced Friday.

A good number of newly discovered champion Idaho trees have been named after the persons who reported them. Biggest of the new champions is the "Frank Edwards Tree," a huge ponderosa pine near Donnelly, measuring 7 feet 6 inches in diameter breast high. Other champions are the "John Humphries" Douglas fir measuring 6 feet 3 inches in diameter breast high near Fairfield; the "Sumner Holbrook" white fir measuring 5 feet 8 inches in diameter near Oia, and the "John Milton" mountain hemlock measuring 5 feet 2 inches in diameter breast high, located in the St. Joe National Forest.

The largest known tree in the state is the "Jordan" cedar tree near Elk River, measuring 16 feet 6 inches in diameter breast high. The state forester said the diameter of this tree is bigger than the diameter of all but a few of the redwoods.

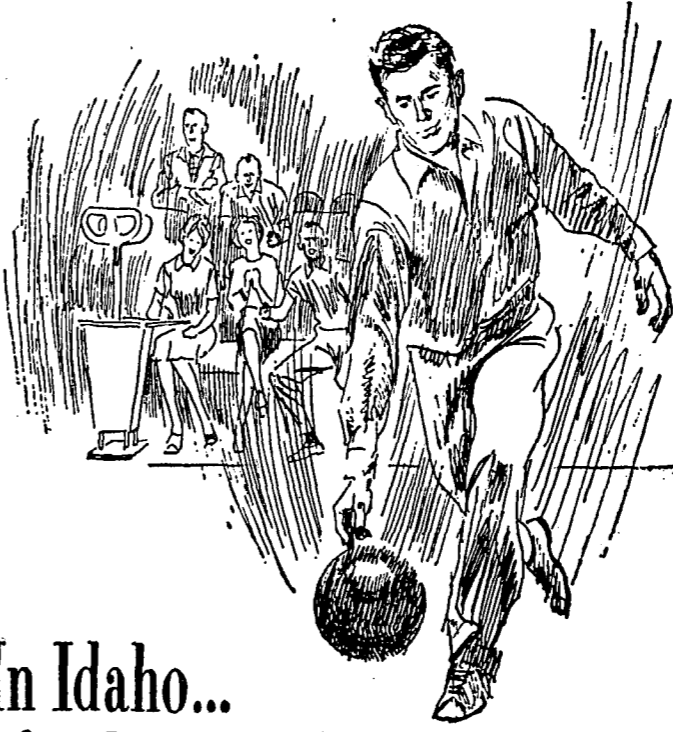

A complete list of Idaho's champion trees can be secured from any State Forestry office. The state forester emphasized that while the Centennial contest is over, the search for Idaho's largest trees in each species will continue. He urged foresters, loggers and everyone else to report large trees to the State Forestry Department, at their nearest office.

In Idaho... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

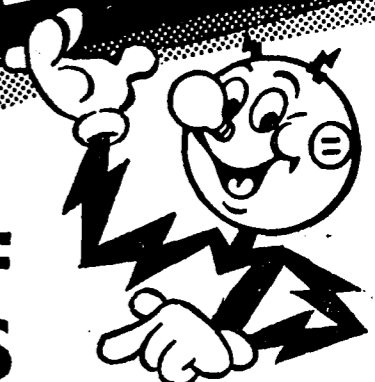

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples. When people see an advertisement in print, they can compare designs... features... and prices of nationally known products and services. (And people do compare before they buy.) Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.
