GOOD FOOD A MUST AT ALL TIMES

Moscow — You never retire from good eating habits. Even though you reach 70 or older, you need food that gives protein, minerals, vitamins, energy and warmth. For most people, says Mrs. Ruth J. Shane, Latah County home agent, on the basis of recognized research, it is wise to include in the daily diet milk products, meat, poultry, fish, eggs, or dry beans and peas as occasional alternates, bread and other cereal products; fruit and vegetables, and some fats and sweets.

The large economy package is no bargain if you cook for yourself or for two. Some of it will go stale before it can be eaten, and left-overs can be dull. When you do have left-overs, don't just warm them up — make a new dish by combining them with other foods.

You can cook a satisfactory meal on a single burner hot plate. For instance, a one-dish meal of meat and vegetables. Or cook one food in the bottom of a double boiler, while another cooks in the top. Foods cooked in a heavy, covered pot will stay warm while you use the burner for something else.

And another thing. Make meal-times pleasant. If you don't want to set the table, fix a tray. Add a sprig of flowers and sit by a window to improve outlook and digestion!

GETTING THINGS DONE IS 4-H AIM

Achievement spelled with a capital A is the aim of 4-H Club work, says Kenneth H. Anderson, associate director of the National 4-H Service Committee. This year some 2,225,000 boys and girls throughout the nation are concentrating on just that.

There are at least 30 different programs available to 4-H members in large cities, small towns and on

farms. These include safety, health, electric, conservation, crops, sewing, cooking, dog care, automotive and dairy farming.

The wide selection of projects makes it possible for young people to learn many new skills and improve their way of life, Anderson points out.

Then after a few years of progress in selected projects and club activities, they can compete for awards based on over-all achievement. Recognition for excellence is given at the county, state, and national level.

Sponsor of the achievement awards is the Ford Motor Company Fund. This marks the 17th straight year of Ford's support of 4-H.

Next December company officials will welcome to Chicago 50 state award winners, among whom will be the 12 national \$500 scholarship recipients. They will be delegates to the National 4-H club Congress.

WEATHER STAYS CHILL AND WINDY

That old saying "Everybody talks about the weather but nobody does anything about it", is certainly true here, at least so far as talking about it is concerned. It has been so chill and windy that spring growth has certainly been retarded in a great degree.

Last week, according to the official weather bureau reports at Lewiston, for four consecutive nights, ending Sunday morning, new cold records for the date were set, with the chill nipping fruit trees severely.

Here at Kendrick readings averaged about 25 above for those nights, and during the day jackets and coats were very popular. Sunday was the first reasonably warm day for some time, a high of 68 degrees being recorded. There has been an unusual amount of wind, and this has dried out fields, pastures and lawns to the place where many now say: "We need a good, warm rain."

15,000 FARMERS CAN'T BE WRONG

Mix-All means uniform feedmaking! ... and now, GEHL adds 13 new features

Ask any one of the more than 15,000 Mix-All owners why he chose a Gehl. Chances are, one of the big reasons is uniform grinding and mixing. Uniform, because ingredients are cut (not pounded) by 66 thin, reversible, steel hammers. The big 507 sq. in. grinding surface produces faster grinding, too ... and low power requirements. Because all milled ingredients are of uniform size, they mix more thoroughly with concentrates in the 2-ton hopper.

NEW FEATURES ADD VERSATILITY

Now, 13 new Mix-All features make this uniform feedmaking easier than ever. A new auger feeder drive lets you load ingredients at *hundreds* of speeds to fit any crop. A high-speed unloading transmission empties the 2-ton hopper in only 5 minutes. And, the concentrate hopper has a new unmatched capacity, the tank is calibrated ... plus 9 other new and useful features. See them all. Stop in soon and ask us to prove with a demonstration that the Gehl Mix-All is your best feedmaker buy.

GEHL More than a century of service

Local Bank Financing
100% Financing On Approved Credit. Special Consideration to Farmers

it will be fun to fish in 2000 A. D.

Fishing was enjoyed by our forefathers, is enjoyed by us, and will be enjoyed for generations to come. That's why the practice of good forest management, conservation and wise use of our natural resources today is so important. Proper logging methods provide watersheds to prevent uncontrolled spring run-off. Logging methods employed by Potlatch provide roads that give ready access to better recreational areas. You are welcome to use PFI's access roads except when such roads are closed by the state for fire prevention. With good forest management helping to provide proper watersheds, maintaining better stream levels and adding new access roads, we can assure ourselves good fishing in 2000 A. D.

4-H SHEEP RAISERS HAVE NEW SPONSOR

Chicago—A new National 4-H Club Sheep Scholarship program will begin this year under the sponsorship

of one of the nation's major meat packers. Six college scholarships of \$500 each will be presented to national winners in the program. Each state will submit the record of one outstanding 4-H sheep club member for judging.

Sheep projects have been undertaken by 4-H'ers for a long time, but never before have national awards been offered. There are about 60,000 boys and girls enrolled in a sheep program, according to the Cooperative Extension Service, and it is hoped that the scholarships will

stimulate interest and increase participation. While the sheep scholarship program is new this year, this company has been supporting 4-H work since 1922. It has one of the longest continuous records of 4-H sponsorships of any business firm in the nation. The company has entertained delegates to National 4-H Club Congress in Chicago at an evening meal ever since the first Club Congress.

ANCIENT PAPER COMES TO LIGHT

Two ancient copies of "The Kendrick Times" one dated November 5, 1897, and the other dated December 24, 1897, came to light recently when Albert Glenn was engaged in wrecking the old Blum home at Cameron. The papers were addressed to Albert Schultz. Roy Glenn brought them to the Gazette office. The advertisements are from the firms of: W. B. Crews; E. E. Alderman; J. Bergerson; Wild & Kent; J. Kasper; Geo. Young; Chrisman & Lyons; Dernham & Kauffman; McCrea Bros. & Co.; M. C. McGrew; Willis Arnold; Hamley & Co.; Dr. Mosher; Creighton & Hall; Kendrick Meat Market, and others.

E. E. Alderman was the editor of the Times, and just under that "Masthead," appears the Kendrick City Directory, which lists the following names: Mayor, H. C. Sinclair; Trustees, E. E. Alderman, L. Hunter, J. I. Mitcham, J. W. Page; R. C. Sinclair. The city clerk was J. F. Collins; treasurer, L. L. Crocker, and street commissioner R. W. Strain.

W. S. C. S. ACTIVITIES

The Evening Circle of the Kendrick W. S. C. S. met Tuesday, April

28 at 7:30 p. m. in the home of Mrs. Donald Eichner. The study on Christian Perfection was concluded with Mrs. Marvin Long presenting John Wesley.

The Kendrick W. S. C. S. is sponsoring a "Conversation Luncheon" this Friday, May 1, at 12:00 noon, in the Kendrick Community Church. The theme is "Be of Good Cheer." Mrs. Raleigh Albright is in charge. Neighboring church women are invited.

TAPPED PHI BETA

U. of I. Moscow — Twenty-four seniors and four juniors at the University of Idaho have been tapped for Phi Beta Kappa, national scholastic honorary, it was announced by Dr. M. M. Renfrow, president of the Idaho chapter.

The initiation banquet was held at 7:00 p. m., Monday, April 27, in the Galena Room of the Student Union, following the initiation ceremony. Speaker was Prof. W. T. Jones of Pomona college.

Initiates included senior Linda Steigers of Juliaetta.

A study by Richard Ohms, potato specialist of the University of Idaho extension service, shows that eastern Idaho potato growers who planted certified seed harvested an average of 18 hundredweight more per acre than those who used other seed.

JUNIOR CHAMP DAY SET FOR MAY 20

Moscow — The Moscow Jaycees will again sponsor "Junior Champ Day" for area youngsters, and this year's event will be held May 30th at Neale Stadium on the University of Idaho campus.

There will be two instruction clinics for those participants interested in attending, and these are scheduled for May 9th and 23rd. Although they would be helpful, the clinic participation is not a requisite for attendance at the meet.

Junior Champ is a program designed by the Jaycees to support the President's physical fitness program and it is open to boys and girls from ages 8 to 17. The Track and Field events will include foot races, broad and high jumps, baseball and softball throws and possibly the shot put.

Last year, a team of Kendrick girls swept the top honors in their division, and it is hoped by Dr. Jim Richey, chairman, that participation from Kendrick can be equal to last year.

Richey said that entry blanks will be distributed to the schools about the first of May. Junior Champ Day will begin with a parade through downtown Moscow at 10:00 a. m., and the opening ceremonies of the event begin at 1:00 p. m.

We feature Carnation Ice Cream — all flavors and packs. Lay in a supply today. Blewett's, Kendrick. 1-ad

Making sure you can "Fill it up" ... year after year

Our country's demand for petroleum energy will be up 55% in the next 15 years.

Many people think that petroleum is brought out of the ground simply by drilling wells and letting the oil flow out of its own accord.

The fact is, only about 20% of the petroleum in an average field will flow "of its own accord" before the gas pressures give out, and the oil flow stops. If we gave up then, gasoline would not be as plentiful, and the price would be higher.

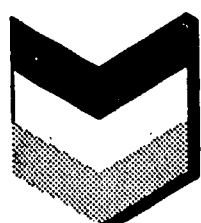

But, Standard's petroleum engineers don't give up. By supplementing oil field gas pressures with floods of water, gases, detergents, or even controlled fire, they often more than double normal recovery.

These "assisted recovery" methods, developed through years of research, are making new oil fields more productive, and bringing new life to old oil fields. Besides being good business, they lengthen our country's petroleum supply.

This is one of many ways in which Standard, with its large oil reserves in the ground, discharges its responsibility to conserve a vital resource...to keep pace with our country's needs for industry, defense, agriculture... and to make sure you can "Fill it up," year after year.

Planning ahead to serve you better

CAMERON SECTION
ACTIVITIES VARIED
BY MRS. HARL WHITINGER
Phone 289-4650

Home From Vacation
Mr. and Mrs. Harl Whiting arrived home Saturday from a two-week vacation trip, visiting relatives and friends in Oregon. They spent a week with their son-in-law and daughter Mr. and Mrs. Bill Huffman and sons at Grants Pass. Others they visited were Mr. and Mrs. Jack Bogle at John Day; Mrs. Leonard Davis and her families at Burns; Mr. and Mrs. John Phillips at Ashland. Enroute home they stopped at the home of his brother, Mr. and Mrs. Vester Whiting at Brownsville. Vester had suffered a stroke in his throat and head, affecting his speech. At one time all these folks lived at Leland and Southwick.

Cameron Club Meeting
The Cameron Home Demonstration Club held its April meeting with Helen Mielke. Visitors were Mrs. Herbert Wolff, Mrs. Leonard Wolff, Mrs. Ted Weyen and Mrs. Charles Parks. They decided to make a tour of the State Hospital at Orofino on April 28. Roll call was "This Is Your Life," which was read honoring Helen Mielke.

4-H Club April Meeting
On April 13th the 4-H held their monthly meeting at the Leland Club House. JoAnn Schwarz gave a demonstration on "How to Make a Buddy Burner." Irene Schwarz showed the group how to make a "Hobo Stove and Fry Pan" out of tin cans. Refreshments were served by David Wilken. — David Wilken, reporter.

Home From India
Hermia Meyer of India arrived here April 11 to spend some time with her mother, Thelma Meyer, and other family members. She plans to return to India the middle of June.

Other News
Mr. and Mrs. Stanley Hepler accompanied by Mr. and Mrs. Dan McKenzie of Troy attended a shotgun shoot at Spokane, Sunday.
Mr. and Mrs. Kenneth Wilken and family were Sunday dinner guests of her parents, Mr. and Mrs. Henry Wendt at Kendrick.
Mr. and Mrs. Harl Whiting were Saturday dinner guests of Mr. and Mrs. Ray Whiting at Somerville home. They also called on her sister, Myrtle Schoeffler, and watched the Music Festival Parade. They were supper guests of Mr. and Mrs. James Whiting and daughters.
Mrs. Marlene Bowers and daughters were Sunday dinner guests of Mr. and Mrs. James Whiting.
