Surprised On Anniversary

Mr. and Mrs. A. A. Kremmin were greatly surprised Friday evening when several couples dropped in to help them celebrate their wedding anniversary - which was Wednesday. June 3. The guests brought an anniversary cake and gifts.

Those calling were Mr. and Mrs. E. M. White, Mr. and Mrs. Gerald Ingle, Mr. and Mrs. James V. Muscat and Mr. and Mrs. George Merrick.

Are "Two-Time" Losers

The Jean Jones and Kim Spence families are "two-time" losers in a large way. Last week they lost their trailer house and tents by a falling tree (in the Oro Grande area), and Sunday they lost their second trailer house, tents and other equipment in a flood in the same place! They just managed to get a few

belongings out before the water took over, and barely made it out in their cars, with the road under water.

The last they saw their trailer house and tents were going down the

It has not been cold - and the moisture could be described as "a real growing rain" - but so much has fallen that farmers say it will be two weeks before they can hope to get back to field work, and a great deal of that still remains due to the unusually cold, wet spring. # Put an arm around a young man's shoulder

Business and industry are helping to pay the costs of today's education

If you've sent any sons or daughters to college lately, you are no stranger to the rising costs of education. Tuition rates have increased as much as 300 per cent since 1950.

Are the schools making ends meet? Hardly. At most colleges and universities, the tuition you pay covers less than half the cost of your child's education. Someone has to provide the remainder.

America's corporations are contributing in many ways. Standard will provide nearly \$11/2 million

this year for scholarships, fellowships, grants and materials for schools and colleges.

Our scholarships and fellowships have no strings attached. We do not select the recipients, nor do we expect them to come to work in our Company.

It's simply a way of putting an arm around the shoulders of promising young men and women. And helping to answer the plea:

"Give us more trained minds to serve the nation."

Planning ahead to serve you better

SCHOOL ITEMS - At a meeting meeting. attended by Mr. and Mrs. Dwaine Thompson and Mrs. Helen McKinney, from Park, it was decided that the most popular proposal was to send the first four grades to Deary to school, including Bovill children in the group. The 5th throu eighth grades from Deary, Park, Helmer and Bovill would attend the Bovill school. Although it would make quite a school bus shuffle, the plan was considered reasonable because each class could then be separate under one teacher and subjects could be more thoroughly explored than with multi-grade classrooms. A hot lunch program for the Bovill school was also discussed. None of the proposals will be "na! mitil after the next school bor in the instant all are expected to cause the strong vo

at the meeting. Students from Park ended their studies May 27, with grade school students and their mothers attending a picnic in the Bovill Park that afternoon. Mrs. Jerry Smith and sons visited school that morning, and called on Mr. and Mrs. Ed Hall for lunch. HOES FLASHING - The sunlight glinted off newly sharpend hoes and shined shovels as this past week brought the first really good gardening weather to Park. A late, damp spring slowed almost all spring farming by almost a month, this
