Are Grandparents

Mr. and Mrs. Vern Britton have received news that they are the grandparents of a baby girl, Jenny Lynn, born to their son-in-law and daughter, Mr. and Mrs. Roger Mael of Metairie Falls. She weighed in at 6 pounds, 13 ounces. She was born July 16th.

Return From Vacations

Mr. and Mrs. Cecil Gruell returned Sunday from a ten-day vacation trip that took them to Portland, where they followed the coastal route to San Francisco. They visited Yosemite National Park, then went over Tioga Pass to Lake Tahoe. From there they went to Virginia City, Reno and Winnemucca in Nevada. Enroute home they visited in Nampa and then on to Ontario, Ore. They returned through Pendleton, stopping at Walla Walla where they picked up her mother, Mrs. Mary Ottosen, who was staying with her brother until the Gruells returned. Kenneth Gruell substituted on the mail route during his father's absence.

Mrs. James Muscat, Clark and Sally returned Friday from a five-week vacation in Minot, North Dakota where they visited her mother, Mrs. C. P. Foster and her sister and family, Mrs. A. B. Strong. Mrs. Strong and family left for Germany to live for three to four years. While at Minot Mrs. Muscat attended her 20-Year class reunion for two days. Mr. Muscat took the family to Minot and spent a few days, but returned home until they were ready to come back, then went for them and brought them home.

Candler Family Reunion

Fourteen members of the Candler families met at the Bob Chilberg home on Cedar ridge Sunday for a pot-luck dinner "get-together." They included Mr. and Mrs. H. N. Conturier, Jeff and Julie of El Cerrito, Calif., Mrs. Bonnie First and daughter Denise of Camarillo, Calif.; Wayne Thornton, Judy, Joan, Brenda and Bradley of Lewiston; Dale Candler and niece Cindy Candler of Onaway, Ida.; J. D. Candler of Los Angeles, Calif.; Mr. and Mrs. Lloyd Candler of Juliaetta, and the Bob Chilberg family.

Vacation Bible School Coming

Vacation Bible School begins on Monday, July 27, at the Seventh Day Adventist Church here. Children are welcome from ages 4 through 12-year-olds. The school will run from 9:00 to 12:00 a. m. for one week. A complete program has been arranged.

Other News

Mr. and Mrs. H. N. Conturier and family, Mrs. Bonnie First and daughter and Mr. and Mrs. Lloyd Candler were Monday evening dinner guests of Mr. and Mrs. Wayne Thornton and family at Lewiston.

Mr. and Mrs. Kinsey Hofer and Marion Vanderpool spent July 12th visiting the Kim Spence and Jean Jones families at Welpe. Mr. and Mrs. Jean Jones and family left the 17th for New Mexico, to make their home.

Nina Wing, daughter of Mr. and Mrs. Joe Wing, and Barbara Scott, who is spending the summer at the Willard Bowen home, are attending the Northwest District Junior Girls' Camp at Pinelov on Deer Lake, this week.

Recent visitors in the Kinsey Hofer and Marion Vanderpool home were Mr. Vanderpool's sister, Mrs. Louise Marsh of Council, Idaho, his aunt, Mrs. Gertrude Denny, Clarkston, a cousin, John Williams of Anatone, and Mrs. Gladys Barker of Clarkston.

Mr. and Mrs. Ned Harless, Ronald, Nancy, Linda and Daniel of Aberdeen, Wash., arrived a week ago Monday to visit his mother, Mrs. Anna Harless, and his sister, Mrs. Carroll Groseclose. On Tuesday all were guests of Mr. and Mrs. Groseclose for a wiener roast. Wednesday they drove to Nez Perce for a visit with another sister, Mrs. Jerry Snyder and family. The children were very excited at being able to pick cherries out of an orchard — a new experience for them!

Mr. and Mrs. Harry Brown of Tacoma, Wash., were week-end guests in the home of Mr. and Mrs. A. A. Krenmin.

Mrs. J. M. Murray attended a meeting of the Region Library Association at Moscow, Monday.

Clark Gittings of Denver, Colo., has been a guest in the Ray Howard home for the past few days.

Mrs. Frank Heimgartner and Mrs. Gary Eggers attended a surprise stork shower at Lewiston Tuesday morning honoring Mrs. Kenneth Gruell.

Mrs. Henry Morgan and family of Walla Walla have returned to their home after a visit with her parents, Mr. and Mrs. Ed. Groseclose.

Mr. and Mrs. Frank Pressnell of San Juan Bausti, Calif., and Mr. and

LOCAL NAMES UP FOR NOMINATION

The names of five well-known local men appear on this year's publication of the Latah County Nominating ballot. They are:

For county assessor (R): Eugene Taylor, Juliaetta. Incumbent.

For State Representative (D): Werner Brammer and George F. Brocke, Sr., Kendrick; Lester V. Clemm, Troy.

For County Commissioner, (Third Dist): Gerald A. Ingle (D), Kendrick.

For Precinct Committeeman (D): George F. Brocke, Jr., Kendrick.

GARY RENFROW TELLS OF SCOUTS ON JAMBOREE

Gary Renfrow, reporter for the two local Scouts, himself and John Bogar, now at the National Jamboree at Valley Forge, writes as follows:

Dear Sirs: July 6th we toured Chicago from noon to 5:00 o'clock p. m. Then we had supper at 6:00 — for supper we had chicken, tomato juice, potatoes, string beans, apple pie and milk.

July 7 — We toured the Museum of Science and Industry. At the museum we found many interesting things, including a coal mine, airplanes, the German sub U-505, Old Town, parts of people, steam engines, train engines and many early implements used by man.

July 8 — We ate breakfast at the Henosose Hotel at 7:30 a. m. preceding a tour of the Ford plant. Here we saw how cars are made and how steel is made. The temperature was between 140-150 degrees Fahrenheit in some of the areas.

Then we saw the Henry Ford Museum and Greenville Village. Greenville Village is made up of the different homes in which many important people were born, lived in or died. The Ford Museum had many cars, steam engines, train engines, electric motors, early tools used by the pioneers, plows, mowers, guns, pictures, the first Ford car, lights, phonographs, and the furniture from Henry Ford's old home.

July 9 — We took a bus tour of Washington, D. C. After we returned from the tour, we went on a "self tour" of the city.

July 10 — We toured the White House, Capitol, F. B. I. Building, Taft Memorial, Senate, Congress, Lincoln Memorial and saw his death bed. For breakfast this morning we had eggs (scrambled), bacon, cereal, fruit juice, and a swallow of water. (We have had scrambled eggs for breakfast every morning).

July 11 — Today we toured Mt. Vernon, going by bus and coming back by boat. The river was green with sewage. In the afternoon I mailed a package from the National Post Office. We leave Washington, D. C. at 11:59 tonight.

July 12 — Today we visited the Statue of Liberty. This was very nice and interesting. The walk to the top, however, was very hot and tiring. After dinner we went back to the Henry Hudson to swim and spend the rest of the day. — Gary Renfrow.

SWIM LESSONS DRAW TO AN END

"The three-week session of swim lessons will end this Saturday, July 25, with a short water show and program," says Dee Magnuson, Water Safety instructor. "The program will begin at 10:00 a. m. at the pool, and children should arrive at 9:45 to prepare for their part in the program. The students will display some of the many skills they have learned during the session."

The third week of lessons is devoted primarily to reviewing and testing the various skills. Over 190 children have participated in the American Red Cross lessons this year. This number includes 96 beginners, who are in turn divided into ten classes.

PICKUP DOES FLIP SATURDAY A. M.

A ¾-ton G. M. C. pickup driven by Robin Stackpole hit loose gravel along the right-hand edge of the Cedar Creek road just east of the William Holt ranch Saturday morning, did a "flip" and landed on its top in the rocky creek bottom some 12 to 15 feet below.

Mr. Stackpole was not injured, just bruises and contusions — but the pickup was badly damaged. It was pulled back to the road by the Kendrick Welding & Machine Shop Wrecker.

Mrs. John Hanson of Manning, Alberta, Calif., and Mr. and Mrs. Edward Schmaus of Sisseton, South Dakota, visited in the Roy Whittum home this week.

Sunday evening callers in the Phil Johns home included Dr. and Mrs. Donald Johns and daughter of Sedro Woolley, Wn.; Mrs. Winifred Grantham and Mr. and Mrs. Jack Denham, all of Clarkston; Mr. and Mrs. Roy Ramey and Rev. and Mrs. David Zaske of Kendrick; Mr. and Mrs. Eugene Taylor and Mr. and Mrs. John Akkerman and family.

SEWER LINE CAVES IN ACROSS STREET DISRUPTS TRAFFIC

Wednesday night of last week the Village of Kendrick was forced to close State Highway 42 in the east part of town when the sewer line serving the Lloyd Ware home, and others in the area, collapsed — and a digging job was begun, with a back-hoe providing the ditching.

It was discovered that, due to fills and road rebuilding since the installation of the original line, that the depth required was between 11 and 12 feet. It is believed that the cause of the collapse, as the sewer lined crossed the street to the south, was due to the pounding of heavy traffic. But at any rate, it did collapse.

To add to the woes of the village, just as the back-hoe was all but done with the job it struck a deeply buried one-inch water line, tearing it in two — and the "fountain" thus resulting all but filled the excavation with water before the cut-off valve could be located and closed.

The sewer line work was completed Saturday evening, and a by-pass line supplied the homes on the south side of the street with water — but not until Monday morning was the broken water line replaced and service "as usual" resumed.

During this time traffic was detoured via the back street, returning to Main Street via the depot and the Kendrick Garage. Since the cut required for repairs was deep — and got very wet — it is not known at this time just when that portion of Main Street will be reopened to traffic — at least heavy traffic.

WEATHER TURNS HOT, COLD, HUMID

This section has had almost every type of weather registered in "the book" this past week.

Wednesday of last week a truly "drenching downpour" hit the Kendrick area, but did not turn in the "gully washer" frequently associated with humid temperatures at this time of the year. Thursday was a bit cooler, with the temperature recording a mere 80 degrees.

Friday it began to warm up again, with the "official thermometer" recording 94 degrees. Toward evening the humidity began to climb, and at late evening it was "real sweating weather." About 10:00 p. m., however, a thunder and lightning storm arrived, followed by a nice rain that again cooled and cleared the air.

Saturday saw a reading of 84 degrees, with a light breeze that made life really worth living.

Sunday was a beautiful day in its entirety, with bright sunshine, and a little breeze. The thermometer recorded 94 degrees for its high. Many local residents spent the day in search of huckleberries (which are about three weeks behind schedule) and most reported pretty good picking.

Monday was another day of sunshine, but toward evening the humidity grew rather high, and with a reading of 92 degrees it seemed really warmer than it was.

Tuesday dawned with light clouds in the sky — but they cleared in the late morning, and another fine summer day followed.

MOTORCYCLES AND SCOOTERS GALORE

Nothing comments in all the surrounding area papers — including some of the big dailies — about the numbers of motorcycles (sometimes called murderycles) and scooters in their communities, we feel that we should not be outdone.

This writer believes (and firmly) that there isn't a community in the United States with more of them per 100 of population, than Kendrick and vicinity. Some, of course, are ridden purely for fun, some for business as well as pleasure, and some, apparently, to see how much noise and dust can be raised in a given area in a given time.

Kendrick has the "Kendrick Trail Riders' Club" in which every member is pledged not to recklessly ride his machine in or about any town or community, to keep it properly muffled, and observe all rules of safety. To the best of our knowledge every member has lived up to this pledge!

Anyhow, in the still of the evening the howl of motors can always be heard, and no one is ever sure whether or not it is a lawn mower, a chain saw or a motorcycle or scooter — it takes time to tell.

However, from all reports, Kendrick is "far better behaved" than the average community.

HARVESTING BEGINS IN THIS SECTION

Harvesting began on Monday in this area, with Roy Craig, Leland, bringing in the first load of rape seed to Brocke & Sons, to be processed. The quality was good. The harvesting of rape is two weeks later this year than normal, according to George F. Brocke, Sr.

Mr. Brocke also reported that the Wolff Bros. had begun the harvesting of Alaskan peas on Monday.

ANNIVERSARY IS REMEMBERED

Friends gathered for a picnic in the Kendrick park Friday evening to help Mrs. W. A. Watts celebrate her birthday anniversary, and also in observance of the wedding anniversary of Mr. and Mrs. R. L. Belewett. Those present besides the honorees were Mrs. Liddie Ameling and her son and daughter-in-law, Mr. and Mrs. Harry Ameling of Tucson, Ariz.; Dr. and Mrs. D. A. Christensen, Mr. and Mrs. George Brocke, Sr., Mr. and Mrs. E. A. Deobald, Mr. and Mrs. Herman Schupfer and Mr. and Mrs. Lester Crocker.

CLASS OF '54 HOLDS REUNION JULY 11-12 24 OF 30 PRESENT

The Kendrick High School Class of 1954 held a reunion July 11 and 12. Forty-five people were present for the social hour and banquet at the Lewis-Clark Hotel in Lewiston Saturday evening — with 24 of a class of 30 there.

Jack Parsley, senior class president, served as Master of Ceremonies for the banquet.

Mr. and Mrs. Ben P. Cook were guests of the class. Cook, former principal and class advisor, was the guest speaker.

Special recognition was given to the one married for the longest time — married for the shortest time — and having the most children. (Mr. and Mrs. Peter Van Houten (nee Nancy Callison) of Security, Colo., and Mr. and Mrs. Lee Sorenson (nee Elnora Swinney) of Qedando Beach, California, traveled the farthest to attend the activities.)

A poem describing each classmate was read by the author, Mrs. Burton Souders, Jr. Then each member told briefly what he or she had been doing the past ten years.

Following the banquet everyone enjoyed dancing and visiting.

A family-style picnic was held by the class Sunday in the Kendrick park. Mr. and Mrs. Robert Meserve and family of Endicott, Wash., attended. Mr. Meserve was the superintendent of schools and a co-advisor of the 1954 class.

TRAIL RIDERS PLAN FISHING TRIP

The Kendrick Trail Riders Motorcycle Club met Saturday night and made plans for its annual camping and fishing trip into the Seven Devils area on the Salmon river.

A letter was read from Forestry Service Headquarters at Grangeville outlining axe and bucket requirements for each machine — and welcoming the Club into the area.

V. F. W. AUX. PLAN PICNIC DINNER

Members and families of Dist. II V. F. W. and Auxiliary will hold a pot-luck dinner at 12:00 o'clock noon on Sunday, July 26, in the Kendrick park. Ice cream and coffee will be furnished. All are reminded to bring their own table service.

BIRTHDAY PARTY

Ray Clayton celebrated his sixth birthday anniversary Saturday afternoon, when seven boy playmates were invited to the Clayton home for games and refreshments of ice cream and birthday cake.

PIONEER VISITS

Mr. and Mrs. Charles L. Johnson of Inglewood, Calif., were in Kendrick Saturday morning — he renewing old memories — for his father, the late B. C. Johnson, owned and edited the Kendrick Gazette in the early 1900's. He had not been here since 1921, when his father, who at that time owned and operated the Troy News at Troy, Idaho, disposed of it and moved to Kansas.

On the bottom of an old type case in the Gazette we found his father's name stenciled — but without a date.

Mr. and Mrs. Johnson are on a vacation tour of the Pacific Northwest.

APPRECIATION DAY

Another Saturday Appreciation Day event passed with no claimant for the Master Award.

Other awards went to E. M. White, Mrs. Jack Browning, Janice Brown, Mrs. Les Nichol and H. T. Mielke. Thurber & Oldemess will be the business in charge of activities next Saturday. The total amount next week will be \$305.00.

Mr. and Mrs. Ervin Fry and sons visited Mrs. Bertha Clayton Sunday, at the home of Mr. and Mrs. Robert Waddle at Clarkston.

Rosalie Lettenmaier spent the week-end fishing with her parents, Mr. and Mrs. John Lettenmaier. She is now employed at Lewiston by an insurance company.

Sorry the news of last week didn't make it, but due to the above mentioned "showers" and trying to catch the water pouring in under the eaves into our living room, plus trying to work — the news was forgotten. It was finally remembered (halfway to Kendrick) but too late to go back!

GAINES WHEAT MAY HAVE FUNGUS

U. of I., Moscow — There may be a strange leaf spot on your Gaines wheat. Your crop is not unique, says University of Idaho extension plant pathologist Harry Fenwick.

Leaf spot is wide-spread in northern Idaho this season. Requests for identification have come from all of northern Idaho counties. Fenwick reports that the disease is not likely to be particularly damaging to the crop this year. The leaf spot is identified as "Selenophoma."

In 1962, the year of seed increase for Gaines wheat, many fields in the Pacific Northwest became infested with Selenophoma leaf spot just as the crop was in the boot stage or heading. Yields were not seriously affected.

Whether or not this fungus disease may become a problem in Gaines wheat needs to be determined in the future.

Other plant hosts reported for this species of Selenophoma are: Oats, Kentucky Blue Grass, quack grass and crested wheat grass.

FAMILY REUNION

Potlatch is people

MEET W. A. "BILL" GREENE of Lewiston. Bill has been with us for twenty-nine years, with time out to fly bombers and transport planes in the European theatre and China during World War II.

Bill is shown above at the control panel of the recently-installed Continuous Lumber Laminator. This machine, one of only three in the world, will be used primarily for producing Lock-Deck® a laminated decking invented and developed by Potlatch people. Installation and use of this equipment is indicative of the progressive leadership of PFI.

BILL IS AN ACTIVE MAN AROUND LEWISTON, particularly in his unselfish community efforts. He has been chairman of the Red Cross, Red Feather and Cancer Boards. He's the man who helped organize the Orchards Little League and coached the boys for 4 years. His other community activities include serving as Orchards Fire Commissioner for two terms and presently Bill is the Tammany School Board Chairman.

DURING HIS YEARS WITH PFI, Bill Greene has done outstanding work on a number of jobs. He began as an Assistant Timekeeper, worked as a Warehouseman's Assistant, participated in a

Sales Training Program, served as Night Supervisor for lumber shipping and finishing. More recently Bill's activities have been in the sales office, where he has been a Stock and Price Coordinator, Assistant General Sales Manager, Sales Manager—North Idaho Mills, and Sales Service Manager. Bill's job at present is Manager of the Lumber Departments where he is responsible for lumber from log pond through shipping, including lumber and specialties . . . a most responsible job headed by a most responsible man.

BILL LIKES TO PLAY TOO . . . hunting, fishing, horses and spectator sports are some of the activities this PFI man enjoys.

BILL GREENE IS PART OF A PLAN; a plan that treats timber as a crop, to be grown and harvested, a plan that involves building roads, communications and buildings. This is a plan that is made by people, carried out by people, financed by people, and done in the best interest of people . . . people like Bill and you, and your neighbor.

SURE POTLATCH IS A LOT OF THINGS . . . but most of all, Potlatch is people.

THE WASHINGTON WATER POWER CO.

It's a Conservation merry-go-round all right. Because nature goes round and round in the process of creating, destroying and rebuilding natural resources.

Throughout the state and nation, 4-H Club members are lining up to get on the conservation merry-go-round. They are eager to do their share of protecting and replacing the forests, wildlife, grasslands, water and soil that are either used up or destroyed. They deplore senseless misuse of nature's gifts.

A new 4-H Conservation program, recently announced by the National 4-H Service Committee, offers young people incentive awards. They are county conservation medals, a free trip for the state winner to the National 4-H Club Congress in Chicago, and \$500 college scholarships to the six top members chosen from all state winners.

The sponsor is John Deere, a long-time backer of 4-H Club work. The program is carried out under the supervision of the Cooperative Extension Service, county extension agents and local club leaders.

Winners in all categories will be announced at the close of the 1964 club year.

PENALTIES STIFF FOR CONTINUED LAW VIOLATIONS

W. A. Campbell, local Justice of the Peace points out that laws for continued violations of load, height and similar laws are very severe — and from the Idaho Vehicle Laws of 1961, page 140, Section 49-909 quotes: "Penalties for violations — It shall be unlawful and constitute a misdemeanor for any person to violate any of the provisions of this chapter, and any person convicted of such violation shall be subject to punishment by a fine not to exceed \$100.00 or by imprisonment in the county jail for not more than 30 days and to the cancellation of registration of each motor vehicle operated in violation of any order for the regulation or suspension of traffic issued under the authority of this chapter, and the cancellation of the license of the operator."

Further, Mr. Campbell says that he believes most drivers are not aware of the new violation point count for traffic violations, and he quotes as follows:

Backing without reasonable safety, 1; driving on wrong side of road, 3; flashing red light (failure to stop) 3; following too closely, 3; failure to obey police traffic order, 2 one-way island (failure to obey the markings) 2; passing on wrong side, 3 passing without sufficient clearance, 3; passing on hill crest, 3; passing at intersection or grade crossing, 3; passing with view obstructed, 3; passing violation of white line, 4; failure to yield right of way at an intersection, 3; failure to yield right of way on left turn, 3; failure to yield right of way from private road, 2; failure to yield right of way to an emergency vehicle, 3; failure to yield right of way to pedestrian, 3; right of way failure to use due caution for pedestrian, 3; failure to stop at railroad crossing by school bus, bus or gas truck, 2, and failure to stop for a school bus, 4.

In the line of "variable point violations" are: Failure to signal, 3 to 4; speeding, 3 to 4; failure to reduce speed for curve or hillcrest, 3 to 4; violation of posted bridge speed, 3

to 4; failure to obey local posted speed zone, 3 to 4; failure to stop at stop sign, 3 to 4; failure to stop when coming from alley, 3; pulling out from curb without being safe, 2; failure to obey traffic light, 3; turning right from wrong lane, 3; turning left from wrong lane, 3; turning without 500 feet visibility, 3; failure to yield when being passed, 3; failure to yield when entering through highway, 3.

He added that the law says: Departmental action indicated by accumulated violation points — Total of 6, first letter addressed to licensee; total of eight, personal interview or examination; total of 12 or more, license suspension.

He recommends that all study the law and obey it. The progress of this community. Don't break the chain!

BRIEF, VERY BRIEF

Religion, as we understand it, also involves a way of life.

Freedom of speech is not valuable unless somebody will listen.

Some people pay their debts, and others forget them — if they can.

The successful man has the ability to make himself, as well as others, work.

Some people think they have become experts on a subject if they read a book about it.

If democracy is to succeed, the minority must accept the decision of the majority.

One good thing about the advice that editors pass out, is that nobody has to accept it.

Prejudice is often more prevalent in the nature of those who profess the most tolerance.

The best way to get more out of life is to put more into it.

Enemies are the heritage of success. Nobody envies a failure.

Most of us approve laws that benefit us, and disapprove those that restrict our activities or profits.

The trouble with most used cars is just that they have been used.

Enjoy a picnic these hot days. At Blewett's Market, Kendrick, you will find every wanted item — from food to paper plates, plastic forks and spoons, cups, etc. adv.

PERFORMANCE AND ECONOMY

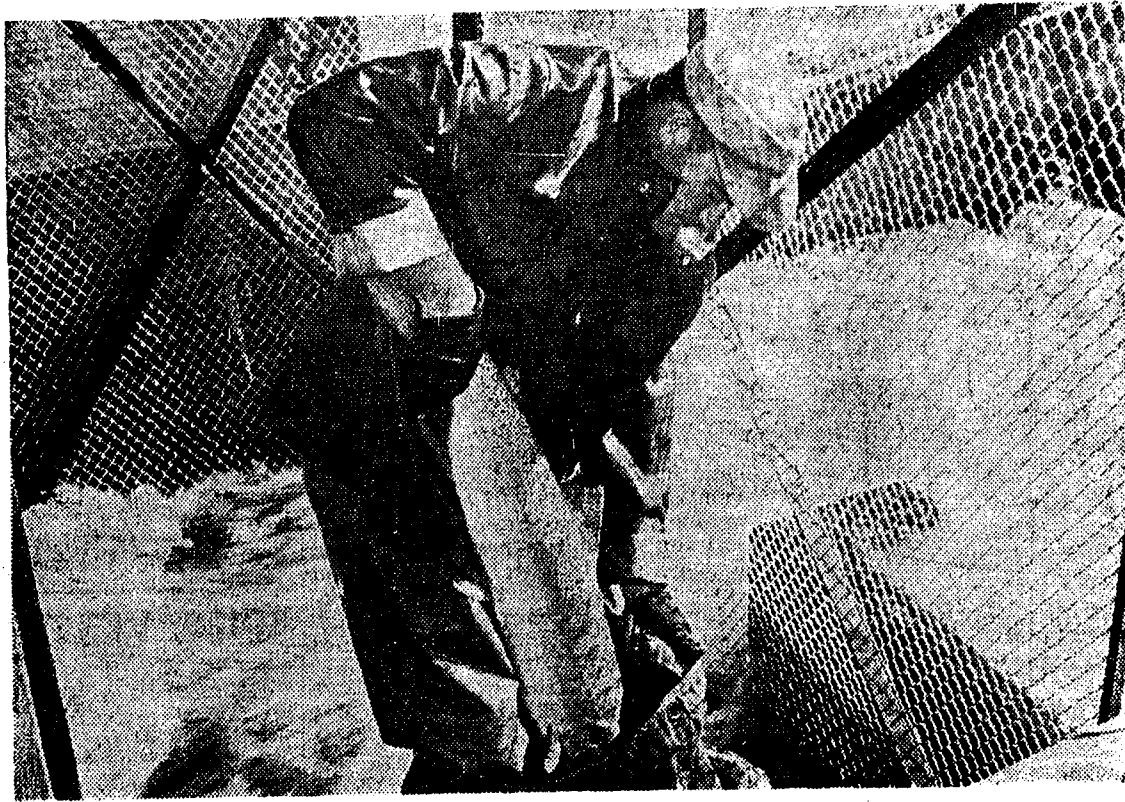

Chevron gasolines give you both. First, they're blended for your climate, to give you faster warm-ups. They contain Methyl* — first new antiknock compound since Ethyl — to step up octane performance.

Second, they have Detergent-Action, the carburetor-cleaning additive that dissolves gums and dirt deposits, protects the fuel system against rust. These features cost you nothing extra.

STEELHEAD WORK PROGRAM GOES ON

Boise — The Steelhead restoration program, now in its third year, involves trapping and transplanting of mature adults to new spawning grounds, as well as placing eyed eggs in artificial hatching channels. Here fisheries worker Rex Stark puts steelhead in transport sack at Lewiston dam. It will be carried to fish hauling truck unit and moved to the South Fork of the Clearwater river drainage as part of the restoration program.

DOROTHY MEYER WRITES OF INDIA AND HAPPENINGS

Under date of May 23, from Nuyudupet, Nellore District, Andhra State, India, Dorothy Meyer writes as follows: Greetings from Kodalkanal, which means gift of the forest. Reflecting upon events since my Christmas letter my mind turns to the passing of 1963, which will be long remembered as it brought the stunning news of my father's sudden passing on Dec. 30. My almost immediate flight home, etc. Sometimes it still seems like a dream, as I relive all those days of sorrow. Flying again, via Tokyo, Hong Kong, Calcutta and Madras, I returned on March 3rd. Hermy and my co-workers were on hand to welcome me back. I was grateful for everyone's co-operation while I was away.

March was a busy month catching up. Then Easter Sunday, 11 of our boarding girls and one blind man from the Old Folks Home were among the 27 confirmants. Our girls sang the special music which was the Telegu translation of "Low In The Grave." They especially like to sing the chorus, "Up from the grave He arose." April was also crowded with events with the closing of the school year coming on the 22nd. There were all the finishing of embroidery orders, making payments for the work, the showing of filmstrips in evening meetings at nearby villages, the school picnic, the celebration of school day with its sports and events and the purchase and initiation of a new rubber wheeled one-ton bandy cart that we hooked up to our two bulls (which by the way are named Ted and Pete). How the children love to ride in the cart.

Before coming to Kodi on May 6 we completed the peanut harvest, which lasted about a week. On some days I joined the girls and widows, sitting with them under a big shade tree and pulling peanuts off the bushes. The bushes had been pulled out of the ground during the cool morning hours. In an effort to keep cool I put wet clothes under my straw hat. We roughly estimate the value of the peanut crop at about Rs 600 or about \$150.00.

Kodali is as lovely as ever and the weather is such a respite from the heat of the plains. There are showers almost every day. The rest, quietness and fellowship enjoyed in this place are making me feel whole again. Miss Lela Wasson and Miss Naomi Blalock, missionaries from North India, are sharing our house this year. Miss Dorothy Pearson has also joined us for ten days. Now with Gertrude, Margie and me, we are a household of six. Since Lela and Naomi are in the same kind of work as I, it is helpful to hear about their experiences.

A double wedding climaxed our school year. Mogalari Jeyamma and Govendaragiri Mary, orphans for many years in our boarding home, became the brides of new Christians in Podalalur, our home mission field of the South Andhra Lutheran Church. Negotiations had started some months before, but definite arrangements began only on April 10 when the bridegrooms and their parents, together with pastor came to make the final choices and to set the days for the engagement and the wedding. Since there must be three Sundays for the reading of the bans and the missamma (me) acting as their mother must be present, it meant that the last week of April would be the earliest and latest time. The bridegrooms-to-be, Devadoss and Paul were shy and waited for their pastor and elders to take the initiative. The brides-to-be were embarrassed and only glanced surreptitiously at the bridegrooms. There were arrangements to be made by both parties which included ring, bracelet and the outfit of clothing for engagement and wedding, plus a small sum of money and a saree to the brides mother. Expenses of the wedding feast were to be borne by the bridegrooms party, while expenses for the engagement party were to be taken care of by the brides party. The brides mother

must outfit the girls with saree and blouse and also present toe rings, which are marks of a married woman. The making of arrangements ended with special blessings and prayers for the new couples by the pastors — Pastor Carl represented the girls and Pastor Anantham represented the men.

The engagement took place in Nayudupet on April 27th (evening). Since most of the boarding girls would be unable to attend the wedding a special service and program was planned for the engagement. The 4-H leaders dressed in their white sarees acted as attendants escorting the brides in and out and helping them dress in the new sarees presented by the bridegrooms. A special wedding song composed by Miss B. Katakshamma, was sung by the girls. There was my special "giving away the girls" speech and the singing of "Bless This House" along with special preludes and post-

ludes on the organ. After some entertainment items by the younger girls and then closing words of exhortation and prayer by the pastor the program was over. Fruit and bottle nuts were given to the invited guests which included the staff, the elders of the church, various members of the congregation, Miss Kettner, Miss Stahl and a visiting Peace Corps worker from Hyderabad. The bridegrooms party had been served dinner before the program.

My car was full to overflowing as we set out to attend the wedding early on April 29th. The brides, several teachers and the matron had already gone the day before. It was a distance of about 40 miles over the roughest village road. After the usual separate processions of taking the brides and bridegrooms around the village and then to and from the church (four processions this time) the ceremony was ready to begin at 10 o'clock. The tiny chapel was

bursting at its seams with people crowded within and without. Dressed in my saree and sitting in an airless corner, it was no exaggeration to say that I was bathed in perspiration. My part of the ceremony was to place the hands of the brides into the hands of the bridegrooms, take pictures, and sign as witness. Special music followed the exchange of vows and the tying of the tall (wedding symbol used instead of ring). After the wedding dinner I retreated to a dark hut in an attempt to escape the extreme glare and heat while the presentation of gifts took place. That evening as we left our brides waved us a tearful goodbye. Three days later when the couples returned to us for a midday meal we were glad to see happier faces. We pray that our two brides will be faithful in telling the Good News to their neighbors and friends as they establish Christian homes in a strong Hindu village.

Now it is time to say goodbye. It is so good to hear from all of you. Please pray especially for me during the month of June as I handle a difficult discipline problem with a member of my staff. — Love in Christ — Dorothy Meyer.

HEART NEWS BITS

Boise — A summer vacation is to be enjoyed. Don't strain yourself to impress others or to prove you're still

the athlete you were at age 20. When temperatures soar, the heart must work harder, because it helps cool the body in hot weather, just as it helps warm it in cold weather. Overweight adds to the work of the heart, says the Idaho Heart Association, and suggests a check with your doctor. Plan your summer vacation for relaxation and comfort — don't exert yourself in ways you wouldn't the others weeks of the year. Let your heart take it easy, too.

LOCAL HAPPENING IN CAPSULE FORM

Mr. and Mrs. F. C. Cuddy and Mr. and Mrs. Ray Cuddy visited Sunday in the Wm. Cuddy home at Coeur d'Alene. Lynn and Jennifer Cuddy returned to their home with them following a visit since Wednesday with relatives here.

Mr. and Mrs. Allen Henry and daughters and Mr. and Mrs. W. A. Campbell attended a patio party at the home of Mr. and Mrs. Jack Gehrke of Lapwai on Sunday. The occasion was in celebration of Mrs. Gehrke's birthday anniversary.

PARK PATER
 BY MRS. JERRY SMITH

WEATHER SLOWS HAYING
 Last week's heavy rains halted haying operations in and around Park. By Monday, however, windrows and turned bales were dry enough to let operators resume their work. The late spring and this last rain have put haying operations several weeks behind schedule.

OTHER ITEMS — Visitors in the home of Mr. and Mrs. Charles Gudmunsen Sunday were their son-in-law and daughter, Mr. and Mrs. Leonard Olson of Spokane, and three of their children. Niki and Lonnie, who had been visiting their grandparents for about ten days, returned with their parents to Spokane. Their son and daughter-in-law Mr. and Mrs. Eugene Gudmunsen of Deary, also called Sunday, and picked up their daughter Gayle, who had visited a week.

Mr. and Mrs. W. A. Thrower of Orofino visited their son-in-law and daughter, Mr. and Mrs. Melvin Gudmunsen and Shelly, Thursday.

Bud Holt of Big Bear ridge, visited Mr. and Mrs. Jerry Smith on Saturday, July 11. Mr. and Mrs. Melvin Gudmunsen and Shelly visited the Smith family Sunday evening.

Charles Jelleberg attended the Old Timer's picnic in Bovill, Sunday.

4-H BEEF PROJECTS ARE POPULAR ONES

Chicago — 4-H Club members completing a beef animal project are analyzing records, evaluating the year's work and making plans to show their prize livestock at county fairs.

There is a saying in 4-H that "blue ribbon animals" make blue ribbon boys and girls. This is especially true in the beef program. Besides cash, the participants derive lasting benefits.

The National 4-H Service committee in its current bulletin on the beef awards program prepared in conjunction with the Cooperative Extension Service, states: "Through judging, demonstrations and showmanship events you will sharpen your skills, learn to justify your decisions, develop leadership and attitudes helpful in adult life."

While these are broad objectives of the national beef awards program, there are other distinct realms of learning open to 4-H youth.

Ten major areas of animal science are pursued in the course of completing a beef project. They include anatomy, biology, economics, genetics, mathematics and nutrition.

The young farmers are assisted in their work by county agricultural agents and local 4-H Club leaders. Frequently local veterinarians, feeders and breeders offer guidance and useful information.

Awards await members whose projects are outstanding — a trip to the National 4-H Club Congress for the 1964 state winner, and medals for county winners.

From 48 state winners expected to be named, six will receive national scholarships of \$500 each. To be eligible for state and national awards the 4-H member must be over 14 years of age and have completed at least three years of club work. The Extension Services supervises the program and names the winners.

MISTAKEN MA'AM
 She was fat and over 40, but she was still kittenish. The young man she had cornered at the party was thinking hard for some excuse to escape.

At last he murmured, "Do you remember the youngster who used to tickle you under the chin at school?"

"Oh," she said gushingly, "so that is who you are?"

"No," he replied, "that was my father."
