MEET ALFRED HUNT of Cardiff Spur, Idaho. Al became a member of the PFI team on July 13. 1948, as a greaser at Camp X.

AL HAS WORKED on countless jobs since joining PFI. He has been a choker setter, hooker, log truck driver, "cat" operator and his present job is that of operating an Osgood loader. Al is considered one of the most versatile men in the woods, and is classed as a top lumberjack.

HERE WE SEE AL WORKING WITH THE OSGOOD LOADER with which he places logs onto large logging trucks at the "cat" landing in Cardiff Spur. Loading logs in close quarters, as Al does, calls for utmost safety. He must be alert at all times. The logging trucks are loaded to balance and Al makes sure the drivers will have a minimum amount of trouble. Because Al is part of a contract team paid on the basis of how many logs are hauled to the railroad landing, he must work fast and efficiently to maintain the maximum amount of production.

BETWEEN HEADQUARTERS AND PIERCE on Highway 12 is the logging community called Cardiff Spur, where Al and his family live, work.

and enjoy outdoor recreation such as hunting, fishing and camping. Al's family is composed of a wife and three fine children; a girl who is a Senior at the Pierce High School, and two boys. Al's wife is very woods-wise and right at home in this environment, having worked as a waitress at Camp 54 before she married Al, and settled down to raise a family.

AL IS TREASURER of the Pierce Community Church and on the Board of Trustees, Treasurer of the Pierce Cemetery Board and a charter member of the Headquarters Credit Union, of which he served two terms as vice president.

AL HUNT IS PART OF A PLAN; a plan that treats timber as a crop, to be grown, protected and harvested when mature. A plan that involves building roads, communication and buildings. This is a plan that is made by people, carried out by people, financed by people and in the best interest of people . . . people like Alfred Hunt and you, and your neighbor.

SURE POTLATCH IS A LOT OF THINGS . . . but, most of all, Potlatch is people.
