OLD TIMERS' DAY

Troy folk are busy these days preparing for their "Old Timers" Day," which is set for Saturday, July 31 and they have quite a busy day laid

Breakfast from 5:30 to 9:00 a. m. A parade at 9:30 a. m. A kids' sport program starting at

l1:00 a. m. A gymkhana beginning at 12:30. Logging event starting at 4:00. And the day ends with a dance in the new High School gym, beginning at 9:00 p. m., with music by the "Good Time Westerners."

All-in-all it should be a day to be remembered - for there's something doing all the time.

BUY YOUR OWN COFFEE, SAVE TAX

The determination of many local residents to pay as little tax as humanly possible was clearly demonstrated Thursday morning, July 1. when the unpopular Sales and Use Tax went into effect. Six men came into one of the local cafes, visiting, laughing and joking as they lined up at the counter for their morning or

"mail time" cup of coffee. One by one they were served by the young lady behind the counter and one by one each produced a dime for his cup of coffee — 10c, and therefore tax free. An offer by one to "buy for another" was refused with the remark, "why pay Sales Tax when you don't have to!"

Many of the local merchants are still "in the dark" regarding the procedure of tax exempt sales, who and what is tax exempt, and how to compute on payments made! There is no doubt but that a great deal of clarifying must be done before report time.

of time and seasoned with your favorite spices, then keep under refrigeration until time to take them to the grill. Hamburgers will really soak up the delicious flavor of the charcoal.

Less tender cuts of meat can be marianated in your special sauce to break down tough connecting tissue and improve flavor, then strung on a kabob stick and broiled over the charcoal. Serve either of the above with a fresh green salad and garlic

Everyone loves steak. If you like it on the rare side, have the steaks at least an inch thick. Those who prefer their meat well done, should use steaks about three-fourths of an inch thick. Broil them high enough above the coals not to sear them but gently broil them.

Serve steaks with a crisp green salad, shoe string or french fried potatoes, and garlic toast or hard rolls.

RPM MULTI-MOTIVE GREASE IS TOUGH AND VERSATILE

This new multi-purpose grease offers greater protection than any other similar grease, in wheel bearings, chassis points, track rollers and general automotive lubrication. It forms a tough film that fights moisture, rust and extreme temperatures over 500° F... even under extended lubrication intervals.

Convenient 14½ oz. cartridges are leakproof, easy to load. RPM Multi-Motive Grease is available in cartons of 12 cartridges complete with lever-type grease gun. ** CHEVRON DESIGN®
