MRS. ERVIN MABBOTT Phone 288-2254

Murrays Hear From Daughter

Mr. and Mrs. J. M. Murray have excerpt from the letter follows: "There are 42 women and chil-

homes or in the Guest House. The Guest House is really full. They'll probably be here at least 30 days awaiting the possibility of a cease-fire. If there isn't one they'll probably have to go home to the States. About half are Methodists, half Presbyterians. They've had a pretty tense time . . have actually been in some bombing. They brought along pieces of shrapnel for souvi-

take them out. "We've got their kids all settled in our school . . . trying to help them carry on life as normally as possible. Their husbands all remainanxious for news.

Alvin Sheneman Dies At Moscow

Alvin Joel Sheneman, 77, a resident of Juliaetta for seven years, died at 4:30 p. m. Saturday at the When th Latah County Nursing Home of the infirmities of age.

He was born Feb. 5, 1888, at Hebron, Nebraska, a son of Mr. and Mrs.

ron, Nebraska, a son of Mr. and Mrs. Phillip Sheneman. He moved from Kansas to the Southwick-Kendrick area, where he lived until 1945. He then moved to Moscow. He moved to Juliaetta in 1958. Sheneman worked Juliaetta in 1958. Sheneman worked as a carpenter prior to his retirement some 10 years ago.

Norton, Kansas.

Mr. Sheneman is survived by his widow at home; a daughter, Mrs. Clarence Smith, Troy; a son, Rodger, Freeland, Wash.; a brother, Bert E. Sheneman, Belleville, Kansas; a sister, Mrs. Edna Davis, Burlington, Colo.; and five grandchildren.

GULCH ROAD MON.

On Monday morning about 10:30 a loaded logging truck, headed down the Brady Gulch (State Highway 99) grade, and its driver, went over the grade some 500 feet above the John Darby home.

The big truck and trailer outfit was owned by Frederickson Bros. of Troy, and was driven by 22-year-old Jack Harter of Plains, Mont., who was new to the truck and the road.

Mr. Harter told E. M. White, contable, who investigated the accident, that he was having gear-box trouble, and lost control just after meeting a car. The truck and trailer brokeaway from each other, tipping the logs from the trailer over the bank. with the truck and driver going over last, both rolling to the bottom of the canyon. When the vehicle stopped against a large fir tree, the cab was headed north, and the rear wheels bent at a 90-degree angle (east west). Luckily for the driver the logs preceded the truck, and so did not come in contact with the cab in its descent to the bottom of the canyon. The trailer remained on the road above, as did one of the log

Mr. Harter was not seriously hurt despite his wild ride down the steep canyon side.

The truck was taken out Tuesday morning by two large wrecker trucks but was considered a total loss.

take care of an overflow of men stu- 5,500 mark. Just what it will be on Sept. 27, it is returning to envewill not be known until after regis- lope billing for its services. John B. perhaps about 60 — it was announced by President Ernest W. Hartung. vious statistics are not holding true said that W. W. P. changed from envelope to postcard billing almost Dr. Hartung, who has long been twenty years ago, but that the dedicated to the philosophy of "bring-velopment of flexible and highly efing higher education to the greatest ficient envelope inserting systems

> new students, are showing up at the university, and it is vital that we do everything possible to help the students find living quarters.
>
> Why envelope blining is becoming increasingly popular with utility companies across the nation," Murray said. "First, there are indications that more and more customers have Arrangements to provide a dormitory-type atmosphere are being made by Robert Greene, director of dormitories, and Guy P. Wicks, associate tially. Secondly, each year more and deep of students more of our customers have asked This is not the first time the Mos- that we include a return envelope

"When W. W. P. changed to postcard billing 20 years ago most of our customers still came to a company office or pay station to pay their utility bill," Murray pointed out. "Today, these same people pay their bills by check. Just the single fact that envelope billing provides them with a return envelope, already addressed, will be a convenience greatly appreciated by our customers."

The electronic inserting machine to be used by W. W. P. will be the largest of its kind west of the Mississippi river. After inserting the customer's utility bill and a preaddressed return envelope it can insert special notices such as greetings to new customers and information for the company's electric, gas, water or steam users. The company processes and mails about 8,000 customer service accounts each working day, a total of approximately 168,-000 each month.

"We do not intend to load our service bills with any large number of additional inserts," Murray said, "but we will resume sending "Timely Cooking Tips' to all of our customers as a part of a little 'Gazette' they will receive with each statement.

"This popular little folder will be remembered by many of our customers, particularly housewives, who were W. W. P. customers before we went to postcard billing. Some of our customers still have bound volumes of these recipes and they prize them very highly. "Additional items to be published

in the 'Gazette' will cover use and care of electric and gas equipment and appliances, fabric care, vacation ideas, party ideas, and information about the company we feel our custimers should know."

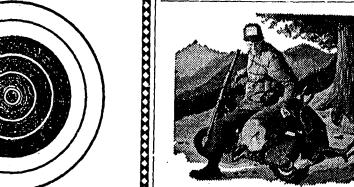

"The costs associated with the change will be offset by the efficiencies of the high-speed inserter and conveniences accruing to our customers," Murray said.

STILL JAWING

A husband and wife had been arguing for hours, and the little woman finally reached the breaking point. "I'm going home to mother," she wailed. "I should have listened to her ten years ago!"

"WE ARE AMERICANS" Music for Out

"To create the love of music in a child ...is an artist's finest reward!"

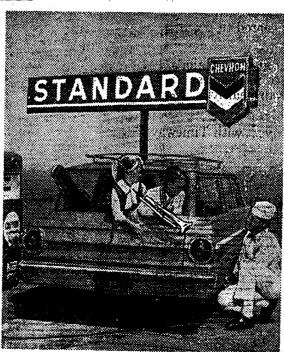

No artist is better qualified to speak such words than Carmen Dragon, conductor of the Standard School Broadcast, heard by millions of children in their classrooms, and adults in their homes, on Thursdays throughout the school year.

"What a thrill," says Dorothy Warenskjold, "to open a world of music to American children" ... "It is a wonderful privilege to share in this creative work," says Paulena Carter... "The child with a love of music grows into a richer person," says Norma Zimmer.

For these stars of opera, concert, radio and television, as for many others, the Standard School Broadcast helped to start their present successful careers. They have performed regularly since, with enthusiasm.

These distinguished artists are only a few of hundreds who have made this unique program, from opera to folk music to symphony to jazz, an American educational asset. They gladly take time from their busy lives to perform with Standard Oil because..."To create the love of music in a child is an artist's finest reward."

"We Are Americans," the 38th annual Standard School Broadcast radio series, begins October 21, 1965. Please consult local papers for time and station.

Just as they learn the appreciation of music, young people also learn that the man at the Sign of the Chevron means friendly service to the family car.
