PARK PATER

BY MRS. JERRY SMITH

DINNER HONORS CLAY GUSTIN — A pot-luck dinner sponsored by the Boulder Creek Home Demonstration Club and hosted by its President, Mrs. Ted McKinney and Vice President Mrs. Duane Thompson, was held at the Thompson home Friday evening. The dinner was attended by 65 of Clay Gustin's friends and neighbors who presented him with a reclining lounge chair in appreciation of his 17 year's work on Good Roads District No. 4. It was noted that roads were so well kept while he was in charge that the students going by bus to Deary and Bovill schools never missed a day because of bad roads — which often entailed Gustin getting up at 2:00 a. m. to start plowing snow. Those traveling the greatest distance for the get-together were Mr. and Mrs. John Thelsen of Lower Tammany, near Lewiston, who have farming interests in the Park area. Also attending were Mr. and Mrs. Cecil Strom, who lived in Helmer for many years, and had returned from Oregon to visit

old friends.

CHURCHILL TO TAKE OVER — At a meeting of the directors of Good Roads District No. 4, October 8th, the commissioners had such a hard time choosing a replacement for Clay Gustin that they finally had to flip a coin to decide between two of the five men applying for the job. Chosen was Napoleon Churchill of Helmer. He acquainted himself with the roads last week and will take over this week when Gustin takes two weeks earned vacation before his retirement which is officially set for Oct. 31.

OTHER ITEMS — Charles Gudmunson has been spending several weeks in Spokane helping his son-in-law, Leonard Olson, with some carpentry work. He returned home last week to put his place in order for the winter, and while here visited the Stiner Ringsage, Enger and Smith families.

Mr. and Mrs. Ronald Kasper were honored guests at a family dinner in the home of her parents, Mr. and Mrs. Charley Enger, October 10. The dinner celebrated the couple's first wedding anniversary, which was the day before. It was attended by Mrs. Kasper's parents, Mr. and Mrs. Adolph Kasper of Joel, and her brothers and sister-in-law, Mr. and Mrs. Karl Enger and Vickie, and Mr. and Mrs. Linn Enger, all of Deary, and Mr. and Mrs. Charles Enger of Elk River.

Mrs. Duane Thompson celebrated her birthday anniversary Oct. 7, with a family dinner in her home. Attending were her father and mother-in-law, Mr. and Mrs. E. O. Thompson of Grangeville, and Mr. and Mrs. E. O. Wise of Park.

Mrs. J. D. Baumgartner and her daughter Joy and son Jimmy joined her brother and sister-in-law, Mr. and Mrs. Cleon McAlister of Gold Hill on a four-day trip to see her father, E. O. McAlister, who lives in southwest Oregon.

Mr. and Mrs. Jerry Smith visited Mr. and Mrs. Louis Schultz, Bear Ridge, Oct. 10th. Her father, Charles D. Stone of Boise, visited in the Smith home Friday and Saturday

nights, while he was moving his aunt, Mrs. Hazel Galloway of Bovill, to her new mobile home in Boise.

The Boulder Creek Home Demonstration Club members met with Mrs. Al Griffin at Helmer, Tuesday, for the regular business meeting. Seven summer birthday anniversaries were celebrated. The next meeting will be an all-day pot-luck work session, Oct. 26, with Mrs. Hattie Hamilton.

NUCLEAR ENERGY POWER PLANTS ARE ENTERING PICTURE

Spokane — The growing importance of nuclear energy in providing the electric power requirements of customers of investor-owned utilities is exemplified by the fact that large nuclear plants are being sold on the basis of economic competition with other means of generating electric power, according to C. E. Cannon, vice president and chief engineer of the Washington Water Power Co.

"W. W. P. is participating in three atomic power programs," Cannon said. "One of these, the Peach Bottom plant being constructed by High Temperature Reactor Development Associates and Philadelphia Electric Company in Pennsylvania, is expected to go into operation early next year. It is a high temperature, gas cooled, graphite moderated plant designed to produce 40,000 kilowatts.

Cannon said that the power produced at Peach Bottom will be used by the Philadelphia Electric Co., but that the knowledge gained by W. W. P. engineers through the company's participation in the project will be of tremendous value when the day comes that W. W. P. starts planning a nuclear plant.

In all, said Mr. Cannon, some 130 investor owned companies are participating in one or more of 29 nuclear projects or research groups. "Twelve of these projects, with a total generating capacity of 834,000

kilowatts, are in operation or are undergoing final tests," Cannon said. "Another eight plants, either under construction or design, will produce 3,761,000 kilowatts."

Cannon said that all of the plants under construction are much bigger than any of those new in operation. The largest investor-owned plant under construction is the Dresden Unit, No. 2, owned by the Commonwealth Edison Co., and expected to be in operation by 1969. It will have a maximum generating capacity of 755,000 kilowatts.

"Today, W. W. P. does not need a nuclear plant," Cannon concluded, "but with our customers using ever-increasing amounts of electricity the day is not too far off when we will have to look to new sources of energy, and the knowledge we are gaining today will begin to pay off."

A PROCLAMATION

WHEREAS the National School Lunch Program, now in its 19th year, makes available a wholesome, appetizing lunch to children in our schools; and

WHEREAS this program helps to provide many of our less fortunate children with a well-balanced and nutritious diet, and enables them to obtain the maximum benefit from schooling; and

WHEREAS the School Lunch Program encourages the domestic consumption of food which is made available through the efficiency of our farmers; and

WHEREAS, in order to recognize the value and achievements of the School Lunch Program, by joint reso-

lution, approved October 9, we have designated the seven-day period beginning on the second Sunday of October as School Lunch Week — and have requested community observance of that week.

NO CHINKS

Local sportsmen are very unhappy in the lack of Chinese pheasants — report after report having been made of "Couldn't find a single bird"; "I don't believe the dove hunters left a single chink alive"; "never saw a single rooster," and many other comments that wouldn't look a bit good in print!

Said one local school bus driver: "I haven't seen a single chink on my route since the so-called dove season opened."

Said a prominent farmer: "My business takes me to Kendrick about once a day. I haven't seen a single chink for at least a month — and recently a big car, bearing Washington plates, and with about a 75-lb.

bird dog as a passenger stopped in my lane. When I asked him what he was doing there came the reply: 'Hunting doves!!' 'How dumb does he think we farmers are!'"

According to information received locally some weeks ago, approximately 1,800 Chinese pheasants were due to be planted in the Potlatch Creek areas, but we have been unable to find anyone who saw any of these trucks — or found any of the birds.

Let's face it — since closure of the Lapwai Game Farm we've had very few if any birds.

HIGHWAY 99 IS ON SCHEDULE IS REPORT

According to reports, construction work on State Highway 99 (Troy-Kendrick) is on schedule, with most right-of-way clearing now completed and grading and packing progressing steadily.

A rock crusher is now being set up near the Lester Clemm ranch home not far from the Bethel Hill, and we understand crushing and spreading work will be underway the forepart of next week.

This is probably one of the most needed projects in the State of Idaho and all are more than happy that steady progress has been made.

Potlatch is people

MEET ALBERT LEE COE of Deer Park, Washington... whom you see spot-checking finished lumber at Deer Park Pine Industry, Inc., subsidiary of Potlatch Forests, Inc. Lee is sales manager of the Deer Park operation.

LEE'S EMPLOYMENT BEGAN IN 1930 when the company was known as Deer Park Lumber Company. In those early days, he worked in the window frame factory. In 1931, he was transferred to the sawmill where he worked as a setter until 1942.

HE ENTERED THE WAR TRAINING SERVICE in 1942. After 2 1/2 years in training he became an airplane pilot. Following this, he was employed by Pan American Airways for nine months and then worked as a mechanic for the Naval Air Station in Seattle for a year.

IN JUNE, 1946, LEE RETURNED to Deer Park Pine Industry where he was shipping clerk and planer foreman. In March, 1964, he was promoted to sales manager.

LEE HAS SERVED ON THE DEER PARK SCHOOL BOARD for the past nine years... serving as a director... and for five years as chairman. Outside activities include intense interest in school work. A native of Deer Park, he attended grade and high school there.

HUNTING AND FISHING are his hobbies. He is a good bowler and is occasionally seen on the fairways and greens of the golf course.

LEE AND ESTELLE have two sons, Gary, who attends Washington State University and Robert, who is in grade school at Deer Park.

ALBERT LEE COE IS PART OF A PLAN; a plan that treats timber as a crop to be grown and harvested, a plan that involves the building of roads, communications and buildings. This is a plan that is made by people, carried out by people, financed by people and done in the best interest of people... people like Lee and you and your neighbor.

SURE POTLATCH IS A LOT OF THINGS... but most of all, Potlatch is people.

WEED CONTROL BIG YIELD FACTOR

U. of I., Moscow — Weed control with diuron paid off consistently for northern Idaho winter wheat farmers this year. Yields from diuron-treated fields averaged 10 percent and more above fields treated with 2,4-D only, reports Clarence Seely, agronomist with the University of Idaho Agricultural Experiment station.

Seely's test plots produced comparisons such as these: In Nez Perce county, light weed infestation, 90 bushels per acre with no weed control; 96 bushels with 2,4-D; 105 bushels with diuron treatment.

In a heavy weed infestation in Latah county, yield averaged 62 bushels per acre with diuron, and only 43 bushels in the check sprayed with 2,4-D.

The Idaho Fish and Game department continued fish stocking operations until Labor Day, then tapered off for the season. However, waters open for year-round fishing throughout the state will be stocked regularly throughout the late fall and winter months to meet demands of the fishermen.

The general state-wide trout season ends Oct. 31st, and the department stress that the late fishing is generally the best of the year.

General recommendations for northern Idaho is to apply one pound Kendrick has no parking meters!

Similar results were obtained throughout the winter wheat counties of northern Idaho where diuron was applied at the right time and in proper amount. Both of these factors are important, Seely said. One of diuron's advantages over 2,4-D is that it can be applied in the fall to control weeds before they sap moisture and nutrients from the soil. "Apply the weed killer this fall while the wheat is still growing," Seely says. "We've found this chemical works best if there are about two weeks of growing weather after application."

The 10 Commandments of Safety

- 1 Treat every gun with the respect due a loaded gun. This is the first rule of safety.
- 2 Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.
- 3 Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.
- 4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
- 5 Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
- 6 Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
- 7 Unattended guns should be unloaded, guns and ammunition should be stored separately beyond reach of children and careless adults.
- 8 Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
- 9 Never shoot a bullet at a flat, hard surface or the surface of water; when at target practice be sure your backstop is adequate.
- 10 Avoid alcoholic drinks before or during shooting.

Reprinted from a leaflet supplied free in quantities to anyone interested in advancing the cause of hunting and shooting safety. Send requests to SPORTSMEN'S SERVICE BUREAU, 250 East 43rd Street, New York 17, N. Y.

of diuron per acre. Local tests indicate this is too high for some areas, so check with your county agricultural agents for the specific diuron recommendations for your area.

"Don't use diuron on severely eroded hilltop soils," Seely cautions. "These soils are generally low in both organic matter and phosphorus. Diuron at the one-pound-per-acre rate might damage the wheat unless you have fertilized the hilltops according to soil test recommendations."

Diuron applied to winter wheat this fall will control virtually all the broadleaf annual weeds, Seely says. Only one broadleaf, umbellate chickweed, resisted the chemical in this

year's test plots. One other, corn crowfoot, showed some resistance in parts of the Camas prairie.

Ponderosa pine is second in importance as a commercial specie in Idaho — sometimes called yellow pine.

Western red cedar wood has a distinctive odor and attains the largest diameter of any Idaho tree.

The Douglas fir was named for David Douglas, an early explorer-botanist, who first discovered this tree. It is the principal Christmas tree and hundreds of bales are shipped out of Idaho every year.

Clubs Meet At Cameron
 The Cameron Home Demonstration Club was host to the Nez Perce County clubs Thursday of last week. The Council members held their meeting at 10:00 a. m., followed by a bountiful pot-luck dinner at noon. At 1:30 Mrs. Lucille Gray demonstrated "Time Saving in Dessert Preparation."

A report was given on the Idaho State Convention held at Twin Falls, on Sept. 29th and 30th. The remainder of the day was spent in viewing "Christmas Novelties" and tasting desserts.

Cameron Home Demonstration Club
 The Cameron Club members were guests last Tuesday at dinner of Mrs. Theo Meske, with Mrs. Nelson of Lewiston attending. In the afternoon they met at the church basement where Mrs. Nelson gave a talk and demonstration on "Dress Materials," which was very interesting. There was a good-sized crowd in attendance. Cookies, coffee and punch were served by Mrs. Emil Silflow at the close of the afternoon.

Surprised On Anniversaries
 Mr. and Mrs. Eldon Glenn were surprised Saturday evening when a group of friends and relatives walked in to help them honor their wedding anniversary and Mrs. Glenn's birthday anniversary. The self-invited guests were Mr. and Mrs. Wayne Arnett, Mr. and Mrs. Glen Greer, Mr. and Mrs. Chas. Klatt, Mr. and Mrs. Bruce May and family; Mr. and Mrs. Ernie Warren and family of Walla Walla; Darrel Springer of Lewiston; Mrs. Elsie Warren of Kendrick, and Albin Nelson of Big Bear ridge.

Palouse Conference Rally Here
 Ministers of the Palouse Conference of the Lutheran Church held their rally here Sunday at 3:00 p. m. in the Cameron Emmanuel Lutheran Church. A large group attended and a 6:00 o'clock dinner was served to more than 90 by the Ladies Aid in the church basement. The dinner was followed by an evening service.

Sympathy Extended
 Our community expresses its deepest sympathy to Mr. and Mrs. Wilbur Corkill and family, and to the family of Mrs. Hattie Thurber. Larry, son of Mr. and Mrs. Wilbur Corkill was killed early Thursday morning in a car accident, and Mrs. Thurber passed away Saturday afternoon at the St. Joseph's Hospital in Lewiston.

Other News
 Mr. and Mrs. Wilbert Brunsiek and Mrs. Albert Glenn spent last Tuesday with their sister, Mrs. Minnie Albright, in Lewiston. Mrs. Stanley Hepler, Mrs. Walter Wolf, Mrs. Walter Crawford and Mrs. Hugh Parks attended the Federated Garden Club District Meeting at Nez Perce one day last week. Mrs. Thelma Meyer, Ted and Loeda visited with Mr. and Mrs. Carl L. Wegner in Pullman, Wednesday of last week. Mrs. Stanley Hepler and son Don, and her mother, Mrs. Howard Plummer of Lewiston, spent last Friday at Rocky Point on Coeur d'Alene Lake.

Mrs. Thelma Meyer, Ted and Loeda were Sunday dinner guests of Mr. and Mrs. Silflow. Dale Silflow spent the week-end at his home and was also a guest. He is a student at the U. of I., Moscow. Mr. and Mrs. Harl Whiting visited Mrs. Elsie Hoffman and Mr. and Mrs. Bob Draper last Friday afternoon and evening. Jillian Wegner, a student at the College of Idaho in Caldwell, spent the week-end here with her parents, Mr. and Mrs. Glen Wegner. Mr. and Mrs. Wilbert Brunsiek and Mr. and Mrs. Eldon Glenn and children were Sunday dinner guests of Mr. and Mrs. Albert Glenn. Mr. and Mrs. Cecil Brammer and family of Cedar ridge were Sunday dinner guests of his parents, Mr. and Mrs. Aug. Brammer. Mr. and Mrs. Ray Whiting and

son Gary and Clifford Talon, all of Lewiston, were Sunday afternoon visitors of Mr. and Mrs. Harl Whiting. That evening James Whiting, Janis and Gina were visitors. Mr. and Mrs. Albert Glenn, Mr. and Mrs. Walter Koepf and Skip, Mrs. Glen Wegner and Jillan, and Mr. and Mrs. Harl Whiting attended funeral services Monday afternoon for Larry Corkill. Skip Koepf was one of the pallbearers. Mr. and Mrs. Ernest Brammer and Jolene were Thursday evening visitors of Mr. and Mrs. Jack Mustoe. Mr. and Mrs. Ernest Brammer and Jolene and Mr. and Mrs. Jack Mustoe and Mark drove to Orofino Sunday afternoon, and enjoyed some bowling.

Mr. and Mrs. Kenneth Wilken, David and Eva spent the week-end at Winthrop, Wash., visiting her brother-in-law and sister, Mr. and Mrs. Frank Harbert and family. Elaine Weyen of Lewiston spent the week-end here with her parents, Mr. and Mrs. Ted Weyen. Don Holsington was a Saturday dinner guest of Mr. and Mrs. Ted Weyen. Mr. and Mrs. Wilbur Tarbet of Clarkston were Sunday dinner guests of Mr. and Mrs. Ted Weyen.

ASCS ELECTION IS SCHEDULED NOV. 5

Moscow — A mail election will be conducted in late October to select Agricultural Stabilization and Conservation community committeemen for 1966, according to Clarence A. Jensen, chairman of the Latah ASCS county committee. The following list of eight communities is unchanged from last year, Farmington or A community; Kennedy Ford, B; Deary, C; Troy, D; Cornwall, E; Moscow, F; Genesee, G, and Kendrick, H.

Ballots will be mailed to all eligible voters October 26, and must be post-marked not later than Nov. 5. Anyone failing to receive a ballot may obtain one at the county ASCS office. Each farm's number and community letter will be stamped on the envelope to verify the community in which the voter participates. Three regular committeemen and two alternates will be elected from each community from a slate of nominees prepared by the incumbent community committee. If a nominee is determined to be ineligible he will be notified and has the right to appeal to the county committee. The county and community committeemen may make additional nominations as required or as it may consider desirable.

Mr. Jensen emphasized the importance of nominating and electing active farmers who are qualified for the job and who will actively represent the types of agriculture in their communities. Ballots will be tabulated in an open meeting Nov. 9 at the ASCS office. A county convention will be held on Nov. 19 to elect the 1966 county committee. All committeemen take office Dec. 1, 1965.

PILOT LICENSING

U. of I., Moscow — A 10-week, 30-hour course in written preparation for the FAA Private Pilot license will be offered by the division of adult education at the University of Idaho, starting Monday, Oct. 25. Known as Private Ground School, the non-credit course will be taught by Cdr. Harvey M. Waldon, Jr., USN (Ret.) and will be available at a cost of \$25.00.

"All persons who wish a private pilot's license are eligible to take the course," according to Cdr. Waldon. "However, the course carries no guarantee of successful completion of the FAA examination." A minimum of 20 students will be required to establish the course, and the class size will be held to 25, the instructor noted. Classes will meet for three hours, 7:00 to 10:00 p. m. each Monday through Dec. 13, with the sessions being held in the Adult Education Bldg., Air Science Classroom on the U. of I. campus. Persons wishing to register for the course are requested to contact either in person or by mail, the Department of Adult Education at the University of Idaho.
