Vern Gregory Loses Home

A fire of undetermined origin burned the home and possessions of Mrs. George Brocke, Jr. Vernon Gregory on the Middle Potlatch Creek Sunday afternoon, about 3:00 o'clock. The fire was discovered by Carl Fliger, who had just driven into the area with his young son. Seeing smoke, he reached the burning home in time to enter it and burning home in time t neighbors, at the Asa Cook residence, called the fire department and Clair Reed of the W. W. P. Margie Smith is doing very well in the Elks Rehabilitation Center here in Boise. While the therapy treatments being given, will be very slow in showing improvement, there has been some progress already made, with the determination that Margie has to gain recovery. She is co-operating fully with the treatments.

Former Kendrick people who have visited Margie include Mr. and Mrs. Gordon Penland, and the former Linda Eckman. I would suggest that whenever possible the good people of Kendrick should take time to write to Margie. She really appreciates letters from home.

Potlatch plays its part

PRESERVING NATURAL BEAUTY

Forestry is concerned with much more than growing of good trees for quality products. At Potlatch we strive to make our forests the best possible areas for wildlife and outdoor recreation. It is a source of constant pride to us that Potlatch Forests reflect the natural beauty we have come to expect from this area in which we live.

But it is not enough that we preserve the beauty of our forests. We want to share these areas with campers, hunters and fishermen. So our program also includes maintenance of company-built access roads which take you into the heart of true wilderness areas.

Potlatch has all these goals in mind as we supervise the selective logging in our forests. As a result, the forests are never depleted and the Natural Beauty is retained.

NOW YOU CAN GET REAL HICKORY SMOKED BAR-B-QUE BEEF!
