JULIAETTA DOINGS IN PAST WEEK

MRS. WM. LUBLOW
Phone 276-3506

Park Ready For Use

The Juliaetta City Park is now ready for use. At present, there is only one table, but two more will be added as soon as they can be built. The one was donated by Mr. and Mrs. Ervin Mabbott and was refinished by Garden Club members. Mr. Mabbott also dug out the two water hydrants and put them in good, usable condition. He has kept the grass mowed and the newly planted shrubs and flowers watered. His special care is appreciated.

The Juliaetta Town Council gave \$50.00 toward shrubs, grass and repairs. Mrs. Adelle Lublow lettered the litter barrel, and the Garden Club members of Juliaetta have set up a week-by-week summer schedule to water the plants. The flower boxes were furnished by Mr. and Mrs. Jack Browning. A sign and other additions will be made in the near future.

Released From Hospital

Herb Weber returned home from the Gritman Hospital at Moscow on Friday, following a five-day stay there. He is feeling better.

Burning Notice

It is now illegal, during the warm summer months to burn any grass or rubbish within the City of Juliaetta, Idaho, without the assistance and supervision of the Fire Department. Rubbish may be burned in any properly covered burning barrel.

For information, contact Leonard Eckman, chief, 276-3693, or Ted Groseclose 276-3544.

To Teach In Oregon

Leonard Eckman will be teaching the sixth grade class in the school at Burns, Oregon, this coming fall.

Another Rattlesnake

Sunday afternoon a rattlesnake was killed near the Juliaetta depot by Dan Dillman. — Be on the watch — they are nearer than we think!

An August wedding is planned.

RURAL FITNESS PROGRAM GOING INTO 'HIGH' GEAR

Special Program To Be Held

Chet Hall, program director, says: "We are going to try our first special program the second week in August. It will consist of a camp-out and conservation study at Camp Waha. But because we have no idea how many people might be interested in such a program, we are asking the parents to come in anytime next week between 9:00 a. m. and 3:00 p. m. and register any girl or boy age 10-17. Boys and girls will not attend the same camp-out."

As soon as we get the names and ages of those interested we will list a breakdown of age groups, dates and departure times. Ruth White, director of food service, will be in charge of meals and there will be adult counselors with all activities.

The trips will be either two or three days in duration, depending on the number enrolled.

"There will be many questions I cannot answer here but would be most happy to discuss this program with anyone interested. Please do not forget to register next week — July 17-24, as the number of participants will be limited and it will be on a first-come basis."

Many Programs Organized

The past week at the Rural Fitness Center many programs were organized and activated. The Little League Baseball team has been practicing diligently under the direction of Coach Terry Taylor, and held its first scheduled game with Moscow, Tuesday, July 11, in Kendrick at 7:00 p. m.

The Babe Ruth team, which found a little difficulty getting participants, has filled its roster and played Moscow some time this week.

The girls in the program have had various forms of exercises and games and their director, Miss Ida Glenn, says "the trampolines has been the main point of interest so far, as we lacked numbers to participate in team games." They have worked hard at fitness routines and basic fundamentals of tumbling, pyramids and stunts.

Juliaetta Busy Spot Also

At Juliaetta instructors Carol Heimgartner and Lynda Fey report that their daily trip to Kendrick for the younger age group to jump on the trampoline has been the big interest point so far. However, it was concluded that arts and crafts have been very popular, particularly finger painting and water coloring.

81 YEARS YOUNG

John Darby celebrated his 81st birthday anniversary on Sunday at the home of his son-in-law and daughter, Mr. and Mrs. Harold Pressnall and family of Lenore.

Others present were Fred Darby and Mrs. Glen Summerfield of Moscow; Mr. and Mrs. Cecil Brammer and family of Cedar ridge; Mr. and Mrs. Leslie Jones, Antioch, Calif.; Elsie Darby, and Mr. and Mrs. Lloyd Farrington and family.

CHURCH CEREMONY UNITES MISS VICKIE JO HALSETH AND RICHARD W. WITT JUNE 16

Mr. and Mrs. Richard W. Witt (Vickie Jo Halseth) are now at home at 17414 S. E. 142nd St., Renton, Wash., following their marriage at 7:00 p. m., Friday, June 16, 1967, at the Cameron, Emmanuel Lutheran Church. She is a daughter of Mr. and Mrs. Ervin L. Halseth, Kendrick, and he is a son of Mrs. Elvrene Witt of Juliaetta and Earl Witt of Lewiston.

Rev. Theo Meske, pastor of the church, and Rev. Arnold Gregerson of Nez Perce, officiated at the double ring ceremony, in a setting of pink gladioli and candelabra. Mrs. Oscar Slind played the wedding music and accompanied Cynthia Liedke of Craigmont as she sang "Till The End of Time," "The Lord's Prayer" and "Whither Thou Goest."

The bride, given in marriage by her father, was radiant in a floor-length gown of silk organza and Peau de soi. It was fashioned with rounded neckline, fitted bodice and A-line skirt. Her elbow-length sleeves and chapel-length train were bordered with alencon lace. Her silk illusion elbow-length veil was attached to a rose-shaped headpiece of silk organza and seed pearls. Her bouquet was centered with a white orchid on a white ribbon.

Nancy Hoisington, was maid of honor. Bridesmaids were Lisa Leonard of Clarkston, a cousin, and Pamela Halseth, her sister. All were identically dressed in street length dresses of pink brocade and matching headpieces. Each carried a single long stemmed pink rose and wore matching bell necklaces, a gift from the bride.

The groom chose Walter Knight of Lewiston, a close friend, as best man. Ushers were Roger Witt, a brother of the groom, and Ron Jones of Lewiston, a cousin of the bride. The ushers also lighted the candles.

The bride's colors of pink and white were carried out in floral arrangements and the wedding cake, which was baked and decorated by Mrs. Eddie Galloway. Those serving and assisting at the reception were the Misses Darlene Chilberg, Elizabeth Allen, Pat Johnson, Janie Fey, Marcella Osburn, Louise Hoffman, Julie Halseth, a cousin of the bride; and Mrs. Betty Lillie of Lapwai, the latter an aunt of the bride.

Both are graduates of Kendrick High School. He is employed at Boeing Aircraft at Seattle. Their wedding trip was taken to resorts in northern Idaho.

Out of town guests were Mr. and Mrs. Joe Zenger and family, Mr. and Mrs. Roy Wilkes and family and Mike Smith, all of Craigmont; Mr. and Mrs. Willard Rosenau and family of Nez Perce; Mr. and Mrs. Jay Butts and Mr. and Mrs. Warren Olney and family, Trout Lake, Wn., and Mr. and Mrs. N. O. Hansen of Greenacres, Wash.

A wedding rehearsal dinner was held at the Halseth home for members of the wedding party on June 14th.

ATTEND POMONA

Mr. and Mrs. Manning Onstott and Mrs. E. M. White attended the Latah County Pomona Grange meeting on Saturday evening, July 8, at the Mt. Home Grange Hall.

WEATHER COOLS DOWN A LITTLE

Following several days described by farmers as "ideal haying weather" with the temperature during the day in the high 80's and low 90's, a cooling trend developed Sunday evening, and Monday morning a few jackets were seen about town — the thermometer then reading 52 degrees!

Monday stayed quite cool, with the "official" thermometer recording a mere 80 degrees, and that put a smile on the faces of those loading and hauling hay in the fields!

The Potlatch river is about at standard flow for this time of the year, but as yet is staying surprisingly clear.

Loggers are busy in the woods, and the cooler weather is to their liking, too.

NEW FILTER PROVES TO BE EFFICIENT

The new filter and circulation system at the Area Living War Memorial Swimming Pool, which was put into full operation last week, has proven to be very efficient, according to all reports.

The new filter is simplicity itself — consisting of a large "tank" in which are hung nylon screen "drop leaves." The big new circulation pump forces the water into one side of the tank, through the "leaves" and then out into the end of the pool, using much the same system, with water, that is used in modern car air cleaners. The old "filter house" is no longer used.

Cost of the new equipment has proven to be still higher than expected, as it will run close to \$7,000 including the necessary chlorinator pipes, etc.

WORK ON COURTS AT SCHOOL

A paving company has been working, as "weather drying conditions permit" on the new tennis courts and basketball practice grounds at the Kendrick High School in connection with the Rural Physical Fitness Program.

The base asphalt of the courts has been laid and rolled, but the finish coating has been awaiting "proper curing" before being applied, so the courts may be put into use.

The asphalt was laid over a six-inch rock base to assure proper drainage and no "warping."

RIDGE RIDERS ENJOY LONG RIDE

The Kendrick Ridge Riders held an over-night trail ride on July 3rd and 4th at Moose Meadows. About 60 attended, with guests from the Moscow Junior Rodeo Ass'n., Potlatch Silver Spurs and Lewis-Clark Saddle Club.

The meals were served from the "chuck wagon" by the Ridge Riders Saddle Club, and each day the riders rode over different trails, through beautiful timber and meadows in the area. A very good time was had by all.

OLD DATE COMES UP

Last week while tearing up an old counter, used as a pipe bench at the Abrams Hardware, Ward Helton and Rich Abrams came up with a piece of lumber on which was written: "Joseph Alexander, Jr., June 11, 1893" and a few inches below it, on the same piece of board appeared: "Joseph Alexander, Jr., July 9, 1895." The lumber was clear pine and apparently a part of the old counter during all the past years — even surviving the two big fires.

Also found in the counter were two sales slips from: "Fred S. Beckwith, General Merchandise, Kendrick, Idaho. One of these slips was dated May 5, 1905, the other Feb. 25, 1905. One was for ribbon, 20c; the other, a 10c item, was unreadable.

ON DEAN'S LIST

U. of I., Moscow — Dr. Boyd A. Martin, dean of the College of Letters and Science at the University, this week announced the honor students named to his list.

Honored were 466 students who earned a grade point average of 3.30 or better on a maximum of 4.0 scale. Among those honored were Andrea S. Cox and Renee F. Reed, Kendrick; Susan K. Reece of Cavendish.

Glenda F. Stevens (now Carpenter) of Juliaetta, won Academic Honors at Seattle Pacific College for the spring quarter, reports C. Melvin Foreman, Dean of Instruction.

51ST ANNIVERSARY

Monday, July 3, the families of Mr. and Mrs. Aug. F. Wegner celebrated on them in celebration of their 51st wedding anniversary.

Those calling were Mr. and Mrs. Dan Sullivan and family of Lenore; Vern Wegner, Mr. and Mrs. Wayne Wegner and Mr. and Mrs. Glen Wegner and family.

HISTORICAL EDITION SET FOR JULY 20

The annual "Historical Edition" of the Kendrick Gazette will make its appearance on Thursday, July 20 — and it is the sincere hope of the Gazette "crew" and its faithful correspondents, that you enjoy it.

This edition permits the "Gazette" McCreary's to get away for a short vacation, and also gives our faithful correspondents a week without news gathering.

Everything in the issue, with the exception of the ads. and legal notices, is taken from the files of 20 years ago — and we even followed the head and type styling. It is our sincere hope that you enjoy it.

The Gazette will be open for business as usual, however, with "Speedy" Trout on hand.

NEW COACH BUSY

Terry Taylor, the new athletic coach at K. H. S. is a busy man these days, working in the Rural Fitness Program at Kendrick and Juliaetta, — and getting acquainted with his "potentials" for the coming year.

Mr. Taylor is a graduate of Coeur d'Alene High School, and a '67 graduate of the University of Idaho, where he majored in P. E. and minor-ed in English and History. During this time at the University he lettered for three years in baseball, and played intermural basketball and football.

While working in the Program he will be coaching Little League and Babe Ruth baseball teams, with these teams playing games with Moscow and other surrounding towns. They played their first games here with Moscow, Tuesday, July 11.

FIX RIDGE PICNIC

The Fix Ridge Annual Picnic will be held this Sunday, July 16, in the Kendrick park at 12:00 o'clock.

Everyone please bring their own table service. Coffee and Kool Aid will be served by the Club. Everyone is welcome.

BUSINESS UPSWING IS APPEARING, SAYS BANKING LETTER

Signs of an upsurge in business are finally appearing in leading economic indicators, according to the First Security Bank News Letter which is being distributed this week. Highlights of the letter were released by James Hoogland, Jr., local manager. The quarterly economic summary is edited by Dr. Elroy Nelson, vice president and economist of the corporation.

Gross national product increased by only \$4.4 billion in the first quarter of 1967, which was about equal to increases in prices. The second quarter increase, taking place mostly in May and June, is estimated at \$10 billion.

Business in Idaho by mid-year varied from fair to excellent among the different economic segments. Employment, payrolls and personal income were higher while agricultural income was lower than the first half of 1966.

Total personal income, based on preliminary data for the first half of the year was approximately \$870 million, for an increase of 5.5 percent over the first half of 1966. This resulted principally from higher employment and higher wages.

Non-agricultural employment in Idaho has continued to establish monthly records, although the rate of increase has slowed. Unemployment is slightly higher than a year ago at 11,300, mainly because the labor force has increased at a rate slightly above total employment.

The outlook for income from agriculture in Idaho is generally rated fair and corresponds closely to the national outlook. Prices for both fat and feeder cattle continue depressed for the first five months and generally average \$2 per cwt. lower than a year earlier. However, by May distinct improvement was being shown and by the end of June prices were higher by about \$2.50 per cwt. than those prevailing six months earlier.

Outlook for the summer months is fair with some distinct improvement indicated in the major marketing period, especially for feeders and fed cattle in the last quarter of the year.

Winter wheat production will probably establish a new record with 41 million bushels. This spring's wheat crop is expected to be 13.4 million bushels. Prices are fair to good.

Lumber production in Idaho was 6 percent below last year's levels. Total production has been adversely affected by the low rate of construction throughout the nation.

Friday, July 7, Mr. and Mrs. Wallace Clark returned to their home after a two-week trip to the east. Most of the time was spent in visiting in the Campton, Ky., area where Mrs. Clark was born. She moved from there to Idaho when she was 3 1/2 years old and had not been back until this time. They accompanied their son-in-law and daughter, Elder and Mrs. Estil Richardson of Walla Walla, the trip being made in a Cessna 182 airplane piloted by Estil Richardson. The two couples left Walla Walla on the morning of June 25. While in the east they were guests of honor at several gatherings of relatives from Mrs. Clark's side of the family. They found the country to be truly beautiful. On leaving Kentucky they flew to Montreal, Canada, to attend the Expo '67 World Fair. But after all their travels they found it pretty hard to beat the Pacific Northwest.

What Youth Wants... 4-H HAS!

Why is 4-H unique? Because Mary and Sue, Bill and Jim and all the other 2 1/2 million 4-Hers do things. In fact, the 4-H way is "learn-by-doing."

And what do they do? They work on projects. They have well over 50 projects and activities to choose from. Among them are garden, electric, horse, live-stock, crops, dog, poultry, photography, entomology, automotive and home economics.

With few exceptions, boys and girls participate in all projects with equal skill and success.

For more than a half century, publicly supported 4-H has served the needs of youth through programs set up by the Cooperative Extension Service of the state land-grant universities.

Since the first 4-H Clubs were organized to teach boys how to farm better and girls how to preserve foods better, private industry and community-minded citizens have backed 4-H. Industry provides incentive awards, recognition, educational aids, and technical assistance.

Collaboration between private interests in support of this youth program open to all is probably without parallel. Success of the "partnership" is evident in the long tenure of business donors.

Today nearly 400,000 men and women serve as volunteer leaders, using their special skills to

guide the youngsters. Many of them are parents of 4-Hers.

Through the National 4-H Service Committee of Chicago, nearly 60 business firms and foundations annually contribute large sums as sponsors of national and regional 4-H award programs approved by the Extension Service. In addition they host some 1,600 of the nation's finest teenagers at the National 4-H Club Congress. The 1967 congress, tabbed "the showcase of 4-H," will mark its 46th straight year.

Among the 4-H sponsors are: Eli Lilly and Company; General Motors; General Foods Corporation; Kerr Glass Manufacturing Corporation; Coats & Clark Inc.; Chicago Board of Trade; Allis-Chalmers; Westinghouse Electric Corporation; Merck & Co., Inc.; Wilson & Co., Inc.; Moorman Mfg. Co.; Oliver Corporation; E. I. du Pont de Nemours & Company; Amchem Products, Inc.; Ralston Purina Company; Heister & Nelson Farms, Inc. and Eastman Kodak Company.

Others included: Hercules Incorporated; The Firestone Tire & Rubber Company; Montgomery Ward; Armour and Company; Carnation Company; American Oil Foundation; Humble Oil & Refining Company; Standard Oil Company (Kentucky) and The Standard Oil Company (Ohio).

FINGERS CROSSED

Norman Lewis, deputy state forester, Kendrick, said, when queried Monday morning about fires — "We have had no more to date, but we are keeping our fingers crossed."

Mr. Lewis went on to say every day, without fail, increases the fire danger, and with the exceedingly lush brush and grass growth this year, the hazard is truly real. He asks that everyone who goes into the woods with cattle, camping, fishing, working, please be careful.

He said that right now, a "flipped cigarette" from a passing vehicle, or a careless camper could cause an extremely dangerous fire.

WORD OF MARRIAGE

Word was received here by friends this week of the marriage on Sunday, July 2, uniting Lorina Jean (Jeane) Gates, daughter of Rev. and Mrs. Ernest Gates, to Arthur W. Adleman, Jr., at the First Church of the Nazarene at Walla Walla, Wn. Rev. Gates was pastor of the Kendrick Community and Juliaetta Methodist churches here some eight or nine years ago.

MANY AT PICNIC

Mr. and Mrs. J. D. Wilson entertained on Sunday, July 2, at their ranch home "Seldom Seen" on Big Bear ridge with a picnic.

A group of about 200 people gathered for a pot-luck dinner served on the lawn at 1:00 o'clock. Guests came from great distances — Portland, Ore.; Spokane, Pullman, Oakesdale, Lewiston and LaCrosse. The ones coming the greatest distance were Judy Meyer, granddaughter of Mr. and Mrs. Otto Schupfer, from San Diego, Calif., and Don Dertridge from the state of Arkansas.

The guest of honor was Geo. Ecker of Deary. He celebrated his 75th birthday anniversary. A special cake and card signed by his many friends were presented to him, and the crowd sang "Happy Birthday."

In the afternoon games of softball and horseshoe were played, and everyone enjoyed several hours of friendly conversation.

GRANGE PICNIC SET

The Latah County Pomona Grange picnic will be held Sunday, July 16, in the Moscow park. Coffee and ice tea will be furnished by the host Grange.

The Kendrick Grange's next meeting will be held on Tuesday, July 18 with a pot-luck supper in the Kendrick park at 7:00 p. m. Coffee and punch will be furnished. A business meeting will follow. Come prepared for a "fun" evening.

You can't picnic without food. You will find every wanted item at Blewett's Market, Kendrick.

P. F. I. BUYS TWO IDAHO FIRMS

Lewiston — Purchase of the Berkland timberland and manufacturing facilities in northern Idaho has been announced by Benton R. Cancell, President of Potlatch Forests, Inc., and the Berklands.
The Berkland interests have been operating sawmills at Elk City and St. Maries, Idaho, and own approximately 17,500 acres of timberland located in Benewah, Shoshone and Clearwater counties in northern Idaho.
Potlatch spokesmen indicate that no major changes in the management or employment policies are contemplated. Rough green lumber from the Elk City mill will be trucked to the Potlatch plant at Kamiah, and lumber from the St. Maries operation will continue to be shipped to P. F. I.'s operation at Coeur d'Alene and Potlatch.

PROTECTIVE BREED

Los Angeles — Breeding may be a better protection against insects for plants than using insecticides, say two Stanford University biologists.

They report that the plant world's main line of defense against insects consists of chemical weapons. Very widespread among plants are certain chemicals that apparently perform no physical function for the plants themselves, but do act as potent insecticides or insect repellents.
Long before man learned to synthesize insecticides, he found that an extract from chrysanthemums, pyrethrin, which is harmless to mammals is a powerful insect killer.

HOT FLAME

Oxygen and acetylene together produce a higher temperature — approximately 6,000 degrees F., than any other gas flame. The oxyacetylene flame is widely used in metal fabrication for welding and flame cutting.

TRAFFIC PROBLEM

Philadelphia — The stress of city driving may quicken the beat of the healthiest heart and may send the hearts of some coronary disease patients into abnormal patterns of activity, a driver-monitoring study in Philadelphia has indicated.

The investigators concluded that driving may be hazardous for a significant number of coronary patients, as well as for others, that is, those endangered by a coronary patient's collapse behind the wheel.

NEW DENTAL AID

Chicago — Injections of a chemically inert plastic into the roof of the mouth may offer an alternative to surgery in certain speech-disturbing defects of the soft palate. Successful use of the procedure with a 15-year-old girl has been described by Dr. Robert B. Lewy. He said that the patient was then able to benefit from speech therapy, whereas before the operation therapy had done little to improve the quality of her voice.

IMPORTED PEST

New York — Poetic license has been used to justify many liberties, even, it seems, the introduction to the United States of that pesky bird, the starling. The feathery nuisance was first brought to this country by a wealthy New York manufacturer who wanted to bring to this country all the birds mentioned in Shakespeare's works.

EFFECTIVE IDEA

Wrens have a unique method of assuring that no other wrens will invade their territory. If several bird houses are put up in a wren's territory, the male usually fills most of them with debris.

Lions Elect International President

Jorge Bird of San Juan, Puerto Rico, was elected President of Lions International at the Association's Golden Anniversary Convention in Chicago, July 5-8. Serving as the 51st President during the Golden Anniversary Year, Mr. Bird heads the world's largest service club organization with 835,000 members in 21,400 clubs located in 137 countries and geographical areas.
Lions International is best known for its aid to the blind, sight conservation activities, youth programs and its many community service projects. "Better World Understanding Through Lionism," and development of a stronger friendship between North and South America are the goals of Bird's program for his 1967-68 Presidential Year.

SHEEP DOING WELL

Boise — These Bighorn sheep are part of the original 38 animals live-trapped in British Columbia and released in the Cwyhee Mountains of southwestern Idaho a few years ago by the Fish and Game department. Recently a helicopter census located 56 of these bighorns and still more

were believed to be hiding unobserved in the rocks and caves. This increase, especially in the sighting of 12 lambs, indicates good reproduction and adjustment to the new habitat in southern Idaho.

It's vacation and camping season. Get those needed good-time food items at Blewett's Grocery in Kendrick. They're here!

WHEAT ALLOTMENT FOR 68 HAS BEEN SET

Moscow — Secretary of Agriculture Orville L. Freeman has announced a national allotment of 59.3 million acres for the 1968 crop of wheat. "This acreage," the secretary said, "will produce the supply of wheat needed to meet expected domestic and export needs during the marketing year which begins July 1, 1968."

Lewis Hargis, chairman, Agricultural stabilization and conservation state committee, points out that the secretary's decision follows widespread consultation with farmers, the trade, congressmen and officials of other government agencies. During recent weeks a series of 15 informal hearings were held throughout the wheat producing areas with farmers and their representatives, processors and the grain trade, and the vast majority favored an acreage allotment at the level announced. The National Advisory Committee on grains, meeting in Washington in May, also recommended a 1968 allotment at the same level.

PARK PATER
BY MRS. JERRY SMITH (Delayed)

TONSILS REMOVED - Barbara Lewis and James Smith, children of Mr. and Mrs. Jerry Smith, underwent tonsillectomies at Troy, Monday. Assisting Mrs. Smith was Mrs. Hazel Enger. All the youngsters are recovering nicely.
HAYING UNDERWAY - Tractors are rolling overtime in Park as area farmers "crew cut" their hay fields. Crops are running unusually well because of the wet weather this spring, with some reaching 3 tons to the acre. Grain is doing well and barring extreme weather conditions should bring a better than average yield.
"PHEW!" - An over-population of skunks in Park has more than one family almost afraid to step outdoors at night. Engers has killed two, one of which was caught raiding a tame duck's nest about 50 feet from the house.
Strattons have reported two families of the "stinkers." One female with five kittens used the crawl space under their house for a home for some time. The other group consisted of a mother and her eight little ones. The attraction at the Stratton home seems to be cat food by the back door.
The Smiths shot three and their

RATES UP AT U.
U. of I. Moscow - Based on rising food and employee costs, dormitory board rates for the year 1967-68 have been boosted \$25, increasing from \$480 to \$505. The last previous increase was at the beginning of the 1965 fall semester.

OTHER ITEMS - Mr. and Mrs. Ron Kasper and Rhonda visited her parents, Mr. and Mrs. Charles Enger, Sunday.
Mr. and Mrs. Smith and family visited his brother-in-law and sister, Mr. and Mrs. Roscoe Hunter, and family at Lenore last Sunday. Also present for Sunday dinner were Mr. and Mrs. Vester Daniels.
This Sunday dinner guests at the Smith home were Mr. and Mrs. Clinton Smith and Kay of Lewiston. Supper guests were Mr. and Mrs. Everett Brown and family. Charles Jelleberg visited several days during the week, to help with gardening and chores.
Many more trips have been taken and visits made, but everyone's been too busy to get the information turned in. Without phones, everything takes time.

CARD OF THANKS
There's an open gate at the end of the road
Through which each must go alone,
And there in a light we cannot see,
Our Father claims his own.
Beyond the gate our loved one finds happiness and rest,
And there is comfort in the thought
That a loving God knows best.
Many, many thanks to our cherished friends. - Jk and Shirley Cook and Family. 28-1x

SAFE FOODS FOR PICNICS AND CAMPING

Eating is a natural and necessary part of picnics and overnight camping. It should be tasty, easy to handle and prepare, and it should be safe. Otherwise all the fun is spoiled.
For the brief daytime or early evening picnic in a nearby park, forest preserve or state park, or at the beach, the problem is relatively simple. You don't go far or stay long, so your food has little chance of spoiling. Even so, there are some warnings worth heeding.
Since most picnics take place in warm, if not hot, weather, you will naturally avoid foods which spoil readily, or you will take steps to keep them refrigerated. One of the lightweight insulated picnic chests which holds ice below and foods in a tray above is a great convenience; my wife and I carried such a chest on a long auto trip a year or so ago, and ate our lunches by the roadside - a great improvement over catch-as-catch-can foraging in inferior restaurants. We were able to buy ice cubes everywhere, and we lost nothing by spoilage.
Freezing Helpful
For short jaunts lasting a few hours or a day, sandwiches can be made in advance, bagged in plastic and frozen; they will thaw just about in time to be eaten. Cakes and bakery goods with cream or custard filling should be avoided in hot weather, unless they can be frozen and eaten immediately upon defrosting.
Flies, ants, spiders and other pests spoil picnics for many fastidious persons. A good protection for food at picnics is a domelike cover of net on a wire frame, available commercially or easily made by a handyman at home; it discourages prowling squirrels and other wildlife, too.
Insulated Containers
Insulated bottles for coffee or milk, and wide-mouthed jars to keep hot foods hot and cold foods cold, are a must for successful picnicking. Addicts to frequent picnic jaunts will find the fully equipped picnic baskets, with cups, plates and "tools" for four, an ever-ready convenience as well as a safety factor.
For longer trips, milk should be purchased along the way, but care should be taken to see that it is pasteurized and has been kept cold. The label of a well-known dairy is an added safeguard. Where water supplies are dubious, bottled soft drinks or club soda may be substituted; a large insulated jug or a pottery jug which keeps liquids cool, can be refilled at stations where safe water is assured.
Foods to be cooked may be carried raw if refrigerated; otherwise canned foods or dry mixes should be used. Fresh produce may often be purchased along the way to vary the menu; we once revelled in blueberry pancakes in a remote Canadian forest, keeping a wary eye out for bears in the blueberry patch. Try it some time!

The Evergreen Friendship Club will meet on Wednesday, July 19, at 12:30 p. m. for a picnic in the Troy park. Each is to bring her sack lunch. Following the picnic the group will go on a tour of the Latah County Nursing Home. Members are reminded to bring the gowns for the Home.

TRAFFIC DETOURED

Lewiston — Tuesday, July 11, U. S. Highway 12 was closed for the third time at Lenore, due to blasting operations that morning. Flagmen were stationed at Spalding and Orofino to advise motorists of alternate routes around the construction area. A preferred route is via State Highway 3 to Kendrick, and on to State Highway 7 through Southwick, Cavendish, Ahsahka and Orofino, a county road.

Delays of up to 25 minutes will continue during work days until all rock for the roadway is removed. The contractor expects this to take approximately two months.
