## JULIAETTA DOINGS IN PAST WEEK

MRS. WM. LUBLOW  
Phone 276-3506

### Vernon Gregory Loses Sister

Mrs. Ada M. Dawald, 66, 640 20th Ave., Lewiston, died at 11:40 Wednesday night at St. Joseph's Hospital, where she had been a patient for three days. Death was due to a circulatory ailment. Mrs. Dawald, a long-time educator, was the wife of Merton Dawald.

Mrs. Dawald held teaching positions at Juliaetta; Dillon, Mont., and Athena, Oregon, during her long career as an educator.

She was born April 6, 1901, at Woodman, Wis., a daughter of Mr. and Mrs. W. K. S. Gregory. She moved to Grangeville with her parents as an infant and later lived at Lewiston and Juliaetta.

She was graduated from Juliaetta High School in 1919 and from Lewiston State Normal School in 1923. She obtained a bachelor of science degree in education from the University of Idaho in 1928, and a master's degree in 1929.

Mrs. Dawald began her teaching career in a one-room school near Juliaetta, and later became supervisor of instruction at Dillon Normal, Dillon, Mont. After her marriage to Dawald, July 2, 1929, they continued their careers as educators at Athena, Ore. Dawald was superintendent of schools and Mrs. Dawald taught English and history.

She was a member of the Lewiston First Methodist Church; the O. E. S. and Rebekah lodges.

In addition to her husband she is survived by a brother, Vernon Gregory of Juliaetta.

Funeral services were held Friday afternoon at 2:30 in the Lewiston First Methodist Church, with Rev. Richard Boyd officiating. Interment was in Normal Hill Cemetery.

### Restaurant Changes Hands

Laura and Don Rishling announce the sale of the "Wander Inn" to Katie and Bill Olson of Clarkston.

The Rishlings have purchased the Werner Brammer house and wish to continue making their home in Juliaetta, where they have enjoyed the friendliness of the community. The Rishling's children, Vickie, Mike and Steve enjoy the school life they have had and wish to continue it.

Katie and Bill Olson, the new owners, have five children — two married daughters; a son, Mike, who is a senior in the Clarkston High School; Gayle, a ninth grade student and Bruce in the seventh grade. Bill is a pipe-fitter employed at Dworshak Dam and will help in the Inn in his spare time. Katie has been in the restaurant business for 25 years in the Lewiston area.

A Grand Opening will be held at a later date.

### Monthly Fellowship Dinner

Mrs. Mary Etta Ottosen will be honored guest at the Sept. 11th monthly Fellowship Dinner sponsored by the W. S. C. S. of the Methodist Church. A "This Is Your Life" program will honor Mrs. Ottosen in observance of her 89th birthday anniversary. She is one of the few remaining pioneers of Juliaetta, settling here in 1908.

Everyone is invited to the 6:30 pot-luck dinner.

George Larson stopped on his way home from a trip to Alaska.

Bill Brammer, Clarkston, was a

## JOINT DISTRICT SCHOOLS ARE BUSY

Supt. James V. Muscat reported the following enrollment statistics on Tuesday morning, as the 1967-68 school year got underway in Joint District No. 283:

There were 199 registered in the first six grades at the Juliaetta Elementary School.

In Jr. High there were 77 students registered.

At Kendrick High 106 were recorded on the rolls.

Mr. Muscat says that schedules and classes will be in operation, with but few changes from last year.

## FORESTRY DEPT. MAKING CLOSURES

Members of the Kendrick Fire Protective District were busy Thursday, late into Thursday night and Friday erecting "Closure Signs" on many of the areas side and country roads before the Labor Day Holiday and in pursuance to orders from their Boise headquarters and Gov. Don W. Samuelson.

The official signs mean just what they say: "Closed" — and the law provides district employees with the necessary authority to see that the signs are obeyed.

Friday night every employee of the district, and a number of extra men were fighting the fire that was burning near Potlatch.

## ROAD WORK MOVES SLOWLY, CRUSHING

Work on State Highway 99, between Kendrick and Troy, appears to be moving very slowly — at least to those traveling the highway — for dust is "inches deep."

However, we understand that the grading and roadbed work is now all but completed. A crusher has been in operation for some time, stockpiling gravel. The contract calls for the surfacing to be "plant mix" so it is presumed that following the spreading of the base mat, the hot mix application will follow soon.

## JACK GUIER DIES

Jack Guier, whose home was on what is probably best known as the "Crest" Bidison place, up the Potlatch canyon toward Cedar creek, died at his home there Sunday following a long illness. Mrs. Guier and others survive him at the home. Merchants Funeral Home, Clarkston, is in charge of arrangements.

No other details are available at this time.

## KENDRICK FOREST DISTRICT GETS 2ND BIG FIRE OF SEASON

More than 100 volunteers — plus women and children who served as auxiliary firefighters — Saturday evening contained a range fire which had consumed an estimated 500 acres of timber and grain stubble about eight miles north of Potlatch in the Kendrick Forest Protective District.

Volunteers working with bulldozers had almost completed fire lines around the blaze by Saturday evening and the danger of an outbreak appears slim unless high winds should arise, according to Norman Lewis, warden for the Kendrick Fire Protective District.

The fire, which was primarily on private lands, broke out Friday at noon, and spread rapidly to the northwest, fanned by winds ranging upward to 25 miles an hour. The winds came in gusts, and changed directions several times.

Farmers, loggers and others from six communities fought all day Saturday to contain the flames. Women kept the men on the fire lines supplied with food and water, and high school girls came into the fire camp to prepare food for the men.

Brisk winds Saturday threatened to whip the fire out of control in scattered timber near U. S. Highway 95. The flames were controlled, however, as the wind moderated.

An additional 35 volunteers joined the fire line Saturday, and the peak of the danger appeared over by mid-afternoon. Farmers and stockmen, however, continued to move their livestock out of the immediate area.

The flames destroyed a barn on the Nagle ranch about eight miles northwest of Potlatch, in the early hours of the blaze.

As of Monday 40 men were still patrolling and working in the fire area, with five bulldozers on a standby basis. The men will be on the job until every old snag, tree or root is completely extinguished, and not a spark remains.

### Too Many Spectators!

Forestry officials said Monday that spectators had hampered the movements of men and equipment at fires to date — and they asked those having no definite business in the area to please stay at home.

## COMMISSIONERS, CLERKS AT MOSCOW

The Idaho Association of Commissioners and Clerks held their annual convention at Moscow on September 5, 6, 7 and 8, with Latah County as the host county. The board is composed of: Gerald Ingle, chairman; Herb Zimmerman and Leon Danielson, M. K. (Kelly) Cline is the clerk.

The opening day, Tuesday, was given over to registration and the President's Reception.

Wednesday the association began its business meetings in the Student Union Building at the U. of I. They heard brief messages from Ewing H. Little, president of the association; from Fred Handel, mayor of Moscow; Art Hebling, president of the Moscow Chamber of Commerce; Gerald Ingle, chairman of the Latah County Board of County Commissioners; Ernest W. Hartung, president of the University of Idaho. The remainder of the day was given over to business of the Association.

Thursday was largely given over to business, with a social hour and official banquet in the evening.

Friday sessions ended at noon, with business the primary item of the day.

## STILL A LITTLE GRAIN COMING IN

Occasionally a loaded grain truck can be seen on Kendrick's Main Street, bringing in late-sown oats, barley or lentils. However, local warehousemen say that the harvest is 99 percent completed.

In the main, farmers are engaged in plowing fire breaks around their fields and buildings — a practice that is highly recommended by fire fighters at this time.

## CAMPER KARAVAN

The Kendrick Camper Karavan gathered at Wendover Camp grounds on the Lochsa over the Labor Day week-end. Those going were Mr. and Mrs. Lloyd Craig, Mr. and Mrs. Jack Kuykendall, Mr. and Mrs. Bob Clemenhagen, Mr. and Mrs. Elmo Eldridge and Mr. and Mrs. George Brocke, Sr. Mr. and Mrs. Tom King visited the group Sunday afternoon, as they were enroute home from Glacier National Park.

## KLATT RESIGNS

Charles Klatt, deputy marshal at Kendrick, tendered his resignation to the Village Board last week, and is now employed at Pierce. The family will continue to make its home at Kendrick, however.

Just who will take Mr. Klatt's place is not known as we go to press, but the Village has been advertising for a man since Mr. Klatt resigned.

## H. N. STEDMANS MARK 70TH ANNIVERSARY

Margaret Harriet Jones and Hubbs Nelson Stedman were united in marriage at Palo, Michigan on September 5, 1897. They came west in 1903 and settled at Aberdeen, Wash.

In 1905 they moved back to Michigan but returned west in 1910, settling at Cosmopolis, Washington, where they operated the North River Stage line, hauling freight, mail and express to North River. In 1951 they disposed of their interests there and retired, moving to Kendrick where they are still making their home.

Mrs. Stedman fell and broke her left hip on Christmas of 1966, and when about ready to return home, fell and broke her right hip. She is now able to get around without a cane or walker.

Their anniversary was spent quietly at home with their son and daughter-in-law, Mr. and Mrs. Fred Stedman.

## SONIC BOOM BREAKS BIRTHDAY SUPPER CAR GLASS TUES.

Tuesday, August 29, at 7:13 p. m. Kendrick was hit with a terrific sonic boom — just one of many in the past months.

However, this "boom" did the first real damage of which we have heard — it broke the rear safety-plate glass window in the late model car belonging to Mr. and Mrs. Bob Watts.

The car was sitting in their garage, with the garage doors open. The windows of the car were also open — but the boom did its work literally making "pop-corn" out of the big rear window!

It is truly surprising that more damage has not occurred to homes or places of business here — as the force of the "boom" literally causes big windows to "dance" and the glass in storm doors to "vibrate." Some local folk have noted cracks in plastering in the homes and putty loosed around windows, and believe that the "booms" are the cause.

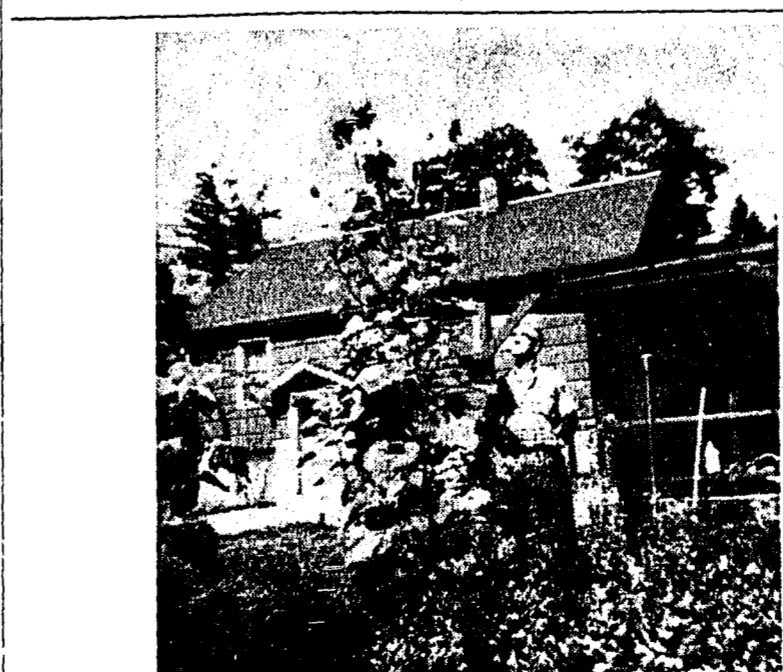

We have been told that the services will pay for repair of such damage — but the exact date and hour must be noted and reasonable proof submitted.

## SWIM POOL SEASON ENDED MONDAY EVE

Due to the extraordinary heat the Area Living War Memorial Swimming Pool remained open until Monday evening of this week — several days beyond its previously announced closing date.

This has been, beyond a doubt, one of the busiest seasons that the pool has ever seen in its twenty years of operation. No attendance figures are available at this time, but there is no doubt but what they will far exceed those of previous years.

The season was just a few days late getting started due to installation of the new filtration system and other necessary repairs — but use more than made up for the delay.

Shown above is a picture of a Sunflower at the Onal Cope home in Juliaetta. The huge flower plant

stands 11 feet and 6 inches in height and carries seven blossoms. Juliaetta has always been famous for its ability to grow flowers, vegetables and plants — and this proves no exception to the rule!

## TURNER-ZULASKI NUPTIALS HELD IN OREGON, SEPT. 2ND

Miss Darlene Kay Turner, daughter of Mr. and Mrs. Wm. C. Turner of Kendrick, and Stan C. Zulaski, son of Mr. and Mrs. Steve Zulaski, Beaverton, Oregon, were united in marriage at St. Cecilia Catholic Church, Beaverton, Oregon, on Saturday morning, Sept. 2, at 10:00 o'clock.

The Rev. Fr. Heit officiated at the double-ring morning ceremony before an altar flanked by large baskets of yellow gladioli and white chrysanthemums.

The bride, given in marriage by her father, wore a floor-length crepe gown, fashioned in empire design with an alencon lace bodice and wateau train. Her veil was shoulder-length and she carried a bouquet of white roses.

Miss Judy Clift, a cousin of the bride, served as maid of honor. Her pale yellow floor-length satin gown was fashioned with an organza overdress dotted with daisies.

Ted Pileggi, a brother-in-law of the groom was best man. Ushers were Tom Zulaski, a brother of the groom; Ted Turner, a brother of the bride, and Lloyd Krause.

The wedding reception was held in the church social room with aunts of the bride, Mrs. J. H. Clift, Mrs. H. L. Allgood and Mrs. Robert Turner, serving. Others assisting were Mrs. Don Martin, Mrs. Dale Burkhardt and Mrs. Jerry Spencer.

The groom is a graduate of Multnomah College and the bride is a graduate of Yakima Business College. He is employed at Sunset Television & Appliance Service in Portland. The young couple will be at home in Portland following their wedding trip into central Oregon and Crater Lake.

Those attending from here besides the bride's family were Mr. and Mrs. D. H. Jones and Miss Nancy Hoisington.

## WHO SAID THAT SUMMER WAS OVER

The remark was heard a time or two last week: "These hot spells never last more than a couple of weeks at most. It'll cool down soon." Perhaps the speaker believed that or perhaps it was just wishful thinking, but at any rate the heat continued. For example:

Wednesday the "official thermometer" recorded 101 degrees.

Thursday the reading was 104 degrees, and with a gentle breeze blowing up in the evening, the canyon was so thick with smoke and dust that it was almost impossible to see across it.

Saturday a mere 88 degrees was the reading, with a few clouds drifting in the sky.

Sunday "Old Sol" did just a bit better, turning it on to 90 degrees.

Monday the thermometer became just a bit more "heated," recording 97 degrees.

Tuesday, under cloudy skies, the reading was 93 degrees.

## FLOWER SHOW JUDGE

Mrs. Stanley Hepler, Southwick, is one of eight accredited Flower Show Judges of the Clearwater District, who will be judging the adjacent county fairs (Clearwater, Latah, Lewis, Nez Perce and Garfield, Wn.). Each judge, to be qualified, must take five courses, six months apart, given by accredited teachers, who teach two days and on the third day comprehensive exams are given. A final exam is given over the courses, which include demonstrations of judging and horticulture.

## PROPERTY CHANGES HANDS WEDNESDAY

Wednesday, Aug. 30th, property in the estate of the late Ernest M. Davis was put up for sale, and as nearly as we have been able to learn (subject to the approval of the Probate Court) the following became the owners:

Mr. and Mrs. Dick Parsley, Cedar ridge, purchased the Davis home in the west part of town.

Mr. and Mrs. Dick Benjamin purchased four lots in the northeast part of town, just south of the Norman Lewis home.

Mr. and Mrs. C. G. Arnett purchased some lots west of the Lewis home.

## FEATURED IN ISSUE

Blondell E. (Gene) Groseclose now of Alameda, Calif., was lately featured as "Staff Member of the Week" in the "News Ladder," a weekly news letter put out by the Parks Job Corps Center of Pleasanton, Calif. He is working as night dormitory supervisor at the Job Corps center.

Groseclose, since World War II, has been either in the Armed Services or working with them as a civil servant. He is a graduate of the U. of I. and of the University of Heidelberg, Germany. He, his wife and son live at Alameda, Calif.

He is former long-time resident of Juliaetta.

## LOCAL HAPPENINGS IN CAPSULE FORM

Mr. and Mrs. W. A. Campbell returned recently from a trip to Sacramento, Calif., where they attended the wedding and reception of a granddaughter.

Mr. and Mrs. Ben B. Cook and children, Bradley, Jeffrey and Lori of Ontario, Ore., were Labor Day guests of his parents, Mr. and Mrs. Ben P. Cook. They were Saturday luncheon guests of the John Deobald family.

Miss Irene Linstrom, who works for the American Embassy in Wash., D. C., and her sister, Mrs. Ivan Van Houten of Lewiston, visited one day last week in the home of Mr. and Mrs. "Doc" Little.

Mrs. A. O. Kanikkeberg returned early last week, following a week's visit in the home of her brother-in-law and sister, at Seattle, and with other relatives on the coast.

Mr. and Mrs. Leon Lind and Mr. and Mrs. Dick Lind, all of Moscow, were Sunday guests of Mr. and Mrs. Paul Lind.

Mr. and Mrs. Bob Magnuson and family took their daughter and granddaughter, Mrs. Dick Morton and Heather of Shelton, Wn., to Newport, Wn., on Friday, where they met Mr. Morton. All vacationed there until Sunday before returning to their respective homes.

Mr. and Mrs. Jim Griffin and three children of Ephrata, Wn., were visitors from Thursday until Sunday in the home of her parents, Dr. and Mrs. D. A. Christensen.

Mr. and Mrs. Gerald Harris and family of Orofino were Labor Day week-end guests of Mr. and Mrs. Wayne Harris.

Mr. and Mrs. Harry Dorendorf and children of Kellogg, visited over the Labor Day holiday in the home of Mr. and Mrs. Lloyd Farrington.

Mr. and Mrs. Max Clemenhagen and children moved into their recently purchased home on Saturday. The former owners, Mr. and Mrs. Chet Hall moved into their new home at Moscow late last week.

Louise Hoffman left for college classes on Wednesday of this week. She will enroll as a freshman, entering the College of Idaho at Caldwell. She will be staying at Finney Hall. Her father, Howard Hoffman, took her to Caldwell.

Mr. and Mrs. Glen Baumgartner and family of Genesee were Labor Day guests of Mr. and Mrs. Howard Hoffman.

Mr. and Mrs. George Wilken visited Sunday evening in the home of Mr. and Mrs. Reinhard Wilken, near Leland.

Mr. and Mrs. Burton Souders, Jr., and family; Mr. and Mrs. Jack Lohman and family, and Mr. and Mrs. Ira H. Havens, the latter of Lewiston, fished and camped at Chatolet Lake and Laird Park over the holidays.

Mr. and Mrs. Clarence Alexander and sons and Mr. and Mrs. Don Millard and family camped and fished on the Lochsa over the Labor Day vacation.

Mr. and Mrs. Gene Allen of Renton, Wash., and Mr. and Mrs. Gene Kerr and son of Pullman were Saturday evening dinner guests of Mr. and Mrs. Dave Clayton and sons.

Mr. and Mrs. Ben Westendahl and Janet visited Monday with Mrs. Marshall Ellis and family at St. Maries. On Sunday they were guests of the Tom Bain family at Moscow and helped Bobby Bain celebrate his 7th birthday anniversary.

Darrell and Ricky Craig, both of California, were Friday evening supper guests in the Oral Craig home. Mr. and Mrs. Craig visited on Monday in the A. L. Anderson home at Lenore.

Neal Craig and James Candler returned Monday from Mandan, N. D. They had taken Neal Craig's sons back to their home, following their summer's visit with him at the Oral Craig home.

Mr. and Mrs. Harold Olderness returned Monday after spending the Labor Day holiday with their families at their summer homes on Loon Lake.

Mr. and Mrs. W. D. Miller and sons of Lewiston visited on Labor Day in the homes of Mrs. Eula Miller and Mr. and Mrs. Manning Onstott. Their daughter, Kelley, returned home with them following a week's visit here.

Sunday evening visitors of Mr. and Mrs. Ben P. Cook were Mr. and Mrs. Pierce Blewett and Pat of Culesac; Mr. and Mrs. Ben B. Cook and children of Ontario, Ore., and Mr. and Mrs. R. L. Blewett.

Mr. and Mrs. Herman Schupfer visited Monday with her aunt, Mrs. Norris Walker, at Clarkston.

Mr. and Mrs. Robert Heppner and family visited in Seattle over the Labor Day vacation.

Mrs. Jessie Bataman visited from Tuesday to Friday in the home of her son-in-law and daughter, Mr. and Mrs. James Morrison, on the Lochsa.

Mrs. Ellen Perry, Seattle, and Mrs. Verma Young, Everett, Wn., were met in Moscow Friday afternoon by Mrs. Ernest Freytag, who is a sister of Mrs. Perry, and that evening Mr. and Mrs. Louis Maio and grandson Robin of Priest River arrived Friday evening. All were guests over the week-end, leaving Tuesday morning.

Mr. and Mrs. Fred Stedman returned home Thursday from a 10-day vacation in Canada. Their daughter and family from Seattle joined them at Radium Hot Springs for a few days. On their return to Kendrick Mr. Stedman found word of the passing of his brother.

Mr. and Mrs. Frank P. McCrory and daughters of Moscow were Sunday evening callers in the Dave Clayton and W. L. McCrory homes.

Mr. and Mrs. Walter Crawford and her sister, Mrs. Elizabeth Anders of Lewiston, returned home on Monday evening, following a ten-day vacation into Montana and Canada. They visited Banff, Lake Louise and Glacier Park. They reported wonderful weather — and even some rain!

## BIG BEAR RIDGE BY HAPPY HOME CLUB

Thursday over-night guests of their sister, Mrs. Myrtle Arrasmith, were her brothers, Anthony and Marion Manchester of Colfax.

Among those attending the picnic honoring Mr. and Mrs. Jerry Chamberlain and family last Sunday, the names of Mr. and Mrs. Roy Clemenhagen were unintentionally left out. We are sorry.

Mr. and Mrs. Jerry Chamberlain and family left Wednesday morning for their home in Redondo Beach, Calif., after having spent some time at the home of his parents, Mr. and Mrs. Cecil Chamberlain. Jerry will teach at Ingleside High School, and Mrs. Chamberlain at Torrence Elementary school.

Friday evening Mr. and Mrs. Henry Galloway, Janice and Jerry, and Mr. and Mrs. Melvin Sneve and Nels enjoyed a delicious barbecue supper at the home of Mr. and Mrs. Grant Clemenhagen. Mr. and Mrs. Joe Clemenhagen called later in the evening.

John, Andy and Dewey Galloway, Mr. and Mrs. Larry Galloway and children and George Larson of California were Sunday dinner guests of Mr. and Mrs. Henry Galloway and family. Mr. Larson told of his trip to Alaska, having been at Fairbanks, Alaska, at the time of the flood. He also showed some very interesting pictures taken during his trip.

Mrs. Henry Galloway and Janice called on Mrs. Delores Polunsky at Juliaetta, Friday morning.

Mr. and Mrs. Jerry J. Ingle and family joined other family members for dinner Monday at the home of her mother, Mrs. Emil Nelson, in Deary.

Mrs. Janice Jones and Mrs. John Jones, the latter of Moscow, spent last week at the home of Dr. and Mrs. Roger Jones and family at Puyallup, Wash.

Arnold Halseth spent the week-end with his father and brother, Ed, and Gerald Halseth.

Mr. and Mrs. Richard Witt of Renton, Wn., spent the Labor Day week-end with her parents, Mr. and Mrs. Ervin Halseth and Pam.

Mrs. Claribel Anderson of Los Angeles, Calif., was a house guest of Mrs. Linnie Ingle last week. Other callers there this past week were Mrs. Johanna Nelson, Mrs. A. A. Kremmin and Miss Alta Moore.

Mr. and Mrs. Grant Clemenhagen and Mr. and Mrs. Frank Hoisington and family attended a baseball game in Lewiston, Saturday evening.

Mr. and Mrs. Gerald Ingle called briefly at the home of Mr. and Mrs. Melvin Sneve and Nels, Sunday evening.

## PARK PATTEN BY MRS. JERRY SMITH

Aug. 28 — HARVEST ROLLING About half of Park's spring grain has been cut, with farmers telling of shriveled kernels and unfilled heads, caused by the dry weather.

OTHER ITEMS — Visiting Mr. and Mrs. Charley Enger for the past several weeks has been their granddaughter, Vickie, daughter of Mr. and Mrs. Karl Enger of Pierce. The Enger's other two sons, Charles of Elk River and Lynn of Spokane, and

## TOWN DESERTED

School began Tuesday with six youngsters from Park enrolling. Two more will register for kindergarten on Sept. 8th.

Visiting the Smiths last week were his step-father and mother, Mr. and Mrs. Vester Daniels of Lenore. Barbara and Lewis Smith took turns visiting their grandmother several days, as several trips were made with loads of hay.

## COOPERATION NEED FROM GAME DEPT.

Area residents, particularly land owners on the edge of timberlands, are as of this date (Friday) very unhappy with the State Fish and Game Department for its complete lack of cooperation in the matter of fire protection.

You may ask: "What has fire protection got to do with the Fish and Game Department?" The answer is simple: "Refusal to close the dove season and the archery season." These two items alone give many so-called hunters a bona-fide excuse for roaming country roads — bombarding here and there, and perhaps dropping that deadly cigarette or some other form of burning material.

According to very reliable sources here a request to postpone the season was bluntly refused!

We, in north Idaho have long known that we were "getting the dirty end of the stick" and this final touch certainly proves it.

Back in the days when there was a bird farm at Lapwai, and rearing ponds at Fernwood and on the Lochsa and other northern points we had birds to hunt — you didn't have to "stoop to doves," and there were fish in the streams. Now all this is changed, the bird farms and fish hatcheries are in south Idaho — and where are chinese pheasants — you guessed it — in south Idaho!

There, too, are the air conditioned offices of the Fish and Game Department, from whence cometh the mandates that regulate north Idaho. And, so far as we can find out, there is but one Conservation officer in Latah county.

It is felt here that Gov. Don Samuelson is the only hope of the sportsmen and farmers of northern Idaho — and all wish "Big" Don would use the "big broom" on the Fish and Game Department!

## North Idaho Lands Closed

In a move to diminish the threat of forest fires, Idaho Land Commissioner Gordon C. Trombley Saturday ordered the absolute closure of all state and private lands north of the Salmon River.

The closure, which bans all hunting, fishing, camping and similar activities, also affects all land in the Kendrick Forest Protective District. Norman Lewis, director of the Kendrick Forest Protective District said all logging operations are halted, and loggers will be ordered to leave the woods at once.

You can't picnic without food. You will find every item at Blewett's in Kendrick. adv

## TOWN DESERTED

Monday Kendrick was all but deserted (we believe you could have fired a cannon down Main Street and not hit a soul) — exceeding the absence of Sunday by quite a little bit.

Usually there is a bit of traffic, local or tourist — but Monday there just wasn't any. Where everybody was is quite a mystery — for the woods and streams were closed to entry — and they are the favorite spots for local residents.

## SPECIAL SERVICES

Rev. and Mrs. S. T. Shelton will be holding special services in the Juliaetta Church of the Nazarene, beginning Sunday, Sept. 10, and concluding Sunday, Sept. 17. Services will be held each evening at 7:30 through the week. Sunday services begin at 11:00 a. m. and 7 p. m.

## YOUNG CRUSADERS

Word has been received from Mrs. Wayne Hoskins of Cottonwood Creek that on Aug. 24th, 30 young people who were traveling in a "Youth With a Mission" interdenominational crusades group had stopped for dinner and a rest at their home. Two of the group were their son-in-law and daughter, Mr. and Mrs. Bill Johnston (nee Sharon Rose Hoskins).

The bus load of Crusaders had left Seattle on June 15 to travel north to Vancouver, B. C., then east to Montreal, Canada. They had stopped at the Hoskins' home via their return trip, which took them through Chicago and on west by Missoula, and Lolo Pass, and back to Seattle and college again.

## NEED CLEAN AIR

Wash., D. C. — When clean window panes become opaque with grime and clean sheets hanging on a line become soiled, people can "see" the extent of air pollution. What cannot be seen, says the U. S. Dept. of Commerce, is the formation by airborne pollutants of still other pollutants. The latter wreck further havoc, such as corrosive penetration of metals and other materials, and gaseous or chemical penetration of the human bloodstream, lungs and other organs.

It is felt here that Gov. Don Samuelson is the only hope of the sportsmen and farmers of northern Idaho — and all wish "Big" Don would use the "big broom" on the Fish and Game Department!

## IT DIDN'T TAKE

"I am delighted to meet you," said the father of the college student, shaking hands warmly with the professor. "My son took algebra from you last year, you know."

"Pardon me," said the professor, "he was exposed to it, but he did not take it."

## THANK YOU

I wish to thank all my relatives, friends and neighbors for their many acts of kindness during my stay in the hospital, and during my convalescence at home. — Mrs. Dick Cuddy. 36-1

**EVANGELISTS AND SINGERS COMING  
TO JULIAETTA CHURCH OF NAZARENE  
SEPT. 10 THROUGH 17 — NIGHTLY**

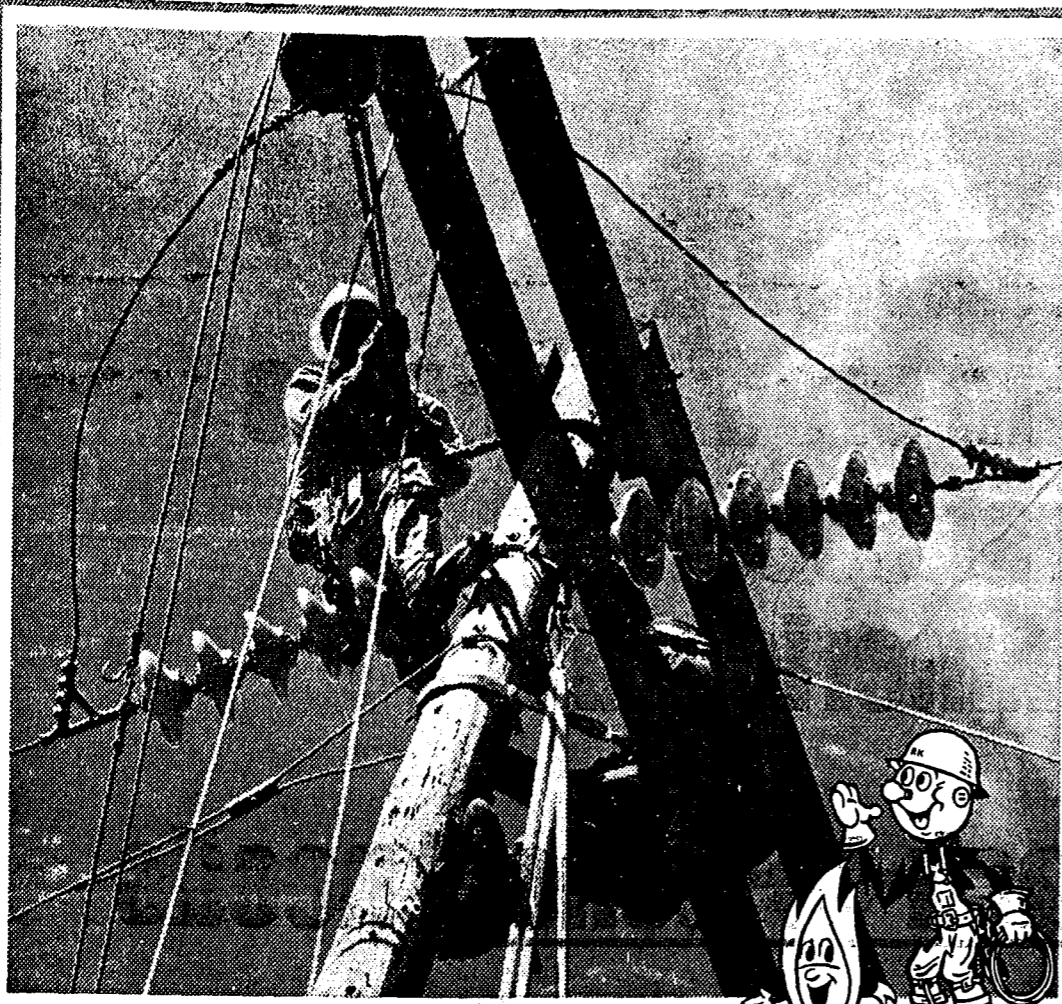

Rev. S. Trueman Shelton and his wife, Mrs. Ruthellen Shelton, make up an effective husband and wife team in the field of evangelism in the Church of the Nazarene.

The Lord has greatly blessed the work of Rev. and Mrs. Shelton as missionaries in Alaska, Yukon Territory and the West Indies, as well as the United States and Canada.

Rev. Shelton does the preaching, while Mrs. Shelton plays the piano and sings, using Sing-o-Felts and colored lights. They have beautiful slides of Alaska and the Yukon Territory. Mrs. Shelton, an excellent story teller, features a special story time in the interest of the children.

Hear them at the Juliaetta Church of the Nazarene, beginning Sunday, Sept. 10 — nightly at 7:30.

7:30 P. M. — Everyone Is Welcome

## \$10.3 million for you

That's our investment for additions and improvements to the WWP electric and natural gas systems this year. It's needed to provide you and the rest of our customers with the most modern, efficient, and dependable services. More lines are being extended, new technical equipment installed and facilities strengthened for greater capacity.

You see, our business is a matter of keeping a step ahead of the growth and the needs of the area we serve.

It has always been our idea at WWP to do things right, right now. Good customer service tops our list of operational goals.

Investor-owned companies, like WWP, depend on public acceptance to stay in business. This means we have to work a little harder, and that's why our people are extra courteous and helpful as well as efficient. They wouldn't want it any other way. They will always take that "extra step" to give you the finest service.

### FREAK DEER HORNS

Boise — This whitetail deer trophy in non-typical class scores a total of 191 6/8 points in preliminary Boone and Crockett Club measurements. It beats out by 1/8 of a point the Idaho entry that has held 96th place in the listings since 1905. The new preliminary record was scored by Gaylord R. Calvin, Jr., Whitebird, Idaho, postmaster. While only a fraction of the total continental harvest of whitetail deer comes from Idaho, it does make up about 15 percent of Idaho's annual deer kill. The remainder, of course, are mule deer.

### IT'S SCHOOL TIME, WATCH FOR BUSES

Boise — The absence of old time bells announcing the opening of school in no way lessens the responsibilities of motorists, as thousands of youngsters return to their classrooms, advises L. Clark Hand of the Idaho State Police.

Many schools in Idaho will resume classes after Labor Day, which means hundreds of school buses will be returning to the highways.

The motoring public is reminded that Idaho law requires motorists to stop for school buses when the vehicle's signal signs are extended and when red lights are flashing, except

on four-lane highways, when vehicles proceeding in an opposite direction of the stopped bus do not have to stop. Except for the four-lane highway provision, all vehicles must stop when school buses are loading or unloading. Drivers are urged to be especially careful when driving in the vicinity of schools and playgrounds.

"It takes our youngsters a few days to become familiar again with the dangers of traffic," Hand said, "and a little extra caution on the part of the motoring public may prevent a tragic accident."

Parents are also advised to warn their children of traffic hazards, and to instruct them to walk on sidewalks or on the proper side of the road when going to school and returning home.

It is pointed out that after driving at higher speeds throughout the summer, drivers often tend to forget designated speeds near school and playgrounds, and pedestrian crossings.

"Be prepared for the unpredictable actions of children," Hand advises, "be ready to slow down or stop suddenly!"

### GUN LAWS ARE LOCAL PROBLEM

Wash., D. C. — Idaho Senator Frank Church, out-spoken opponent

of federal firearms legislation, this week labeled New York Mayor John Lindsay's demand for a stronger city gun ordinance "proof positive that the big cities can act for themselves in the matter of gun controls."

The New York Mayor has called for a new city ordinance prohibiting the sale of firearms in periods of civil disorder. Lindsay also wants city permits to buy rifles, shotguns or ammunition, and the registration of all firearms. New York's Sullivan Act already requires licenses for all concealable weapons.

"The big cities can enact their own ordinances designed to meet their particular needs," Church said, "either to prevent civil disorder or to combat crime in their streets." The big city states can also pass such gun laws as they find appropriate. "The mischief of federal firearms legislation is that it wraps all states, large and small, in the same blanket."

Several eastern newspapers have recently attacked the Idaho Senator for his opposition to federal firearms legislation. The Washington Post accused him of being "spokesman for the gun peddlers' lobby" while Andrew Tully, a nationally syndicated columnist, charged that Church's fight against new federal controls is due to the fact that he "represents Idaho, a state whose citizens mostly use firearms to hunt wild game, not people."

### BILLBOARD AND JUNKYARD HEARING

Boise — The Idaho Highway board has directed that hearings be held on proposed rules and regulations controlling billboards, junkyards and dumps adjacent to the Gem state's interstate and primary highway systems.

Under the law, the Department of Highways has the responsibility of screening existing junkyards which are within 1,000 feet of the Interstate and Primary highways outside of zoned and unzoned industrial areas. But owners of dumps, not classified as a business, would be required to screen or eliminate them.

Licenses will be required of all billboard and junkyard owners, and permits will be required of dump owners. In addition individual permits must be obtained from the department for each billboard.

Idaho's last legislature enacted laws, conforming to federal legislation, making the Idaho Department of Highways responsible for setting up billboard and junkyard controls.

Hearings will be held at the following area times and places and interested persons may be heard orally or in writing:

Aug. 31, 2:00 p. m., Probate Court room, Nez Perce county courthouse, Lewiston, Ida.

Sept. 1, 9:00 a. m., District Court room, Kootenai county courthouse, Coeur d'Alene, Ida.

### SYNTHETIC FOODS

Synthetic foods intended for use by both people and animals are being manufactured at Louisiana State University from cellulose, including that found in waste products. Researchers, using both chemical and microbiological methods, have succeeded in breaking down the previously indigestible woody fibers into a substance that can be digested.

### CONSIDER OUR LAND

Spreading acre by acre and mile by mile across the heart of our continent is the largest single expanse of productive land on earth. It is an awesome land, magnificent in the variety and richness with which God endowed it.

It is the Lord's land, entrusted to our care during our lifetime to help us serve Him and His purpose for our being.

As stewards, our government decided that one-fourth of it should be managed by government. The much larger part — three-fourths, we have divided into millions of units in private ownership.

Three-fourths of our land! Here is an empire of the noblest proportions — nearly 1.5 billion acres, which fortify our present strength and stand surely as a testing ground for our future.

It is the land on which we must depend to produce more and still more food — for our own growing needs and to help those abroad who hunger.

It is a land where we can add to the supplies and quality of our water; and where most of our timber will be grown.

It is the land where most of our outdoor recreation needs can be met; and where most of our wildlife will be produced.

Three-fourth of our land! Here is where the owners are — the legion of men and women on whom we depend to accept the obligations of stewardship and work together as neighbors and friends for the common good.

It is a land of democracy, where we rely on the voluntary exercise of individual responsibility rather than regulation by government as the favored avenue to accomplishment.

It is the land of owners who have the reason, more than any others, to focus on each acre the skills and devotion that progress requires.

It is the land of still unmeasured values, deserving new and higher regard as a vital and irreplaceable treasure.

Consider our land. Consider it well. —Author Unknown

### DRIVING BON MOTS

This is the first in a series of articles designed to test your knowledge of Idaho's laws and safe driving practices.

If you would like more information, write Traffic Safety Division, Department of Law Enforcement, Box 34, Boise, Idaho 83707.

No. 1. The rearview mirror must enable the driver to see how far to the rear on a straight, level road?

Ans. 200 feet. Any vehicle so constructed as to obscure the driver's view must be equipped with mirrors on both right and left sides, located so as to reflect the view for at least 200 feet to the rear.

No. 2. Idaho law requires that windshields be equipped with windshield wipers in good working condition. Are there other restrictions concerning windshields that must be observed?

Ans. Idaho law states that no sign, poster or label or other non-transparent material is allowed on either the windshield or the windows if they obstruct the driver's view of the road.

No. 3. Only one braking system is required on a motorcycle. How many are necessary on an automobile?

Ans. There must be two separate means of applying brakes — a foot brake and a secondary or hand brake. Both must be in good working order.

### HIGH LIVING COSTS

The high cost of living has a double meaning for overweight people. Not only is living costly in terms of economics, it is also costly for the obese in terms of "work" of the body just in living and doing everyday tasks.

University of Wisconsin medical researchers recently demonstrated that overweight people require more effort to walk, stand and breathe. Even sleeping involves work for someone who is fat. The "cost of living" for the obese shows up in higher blood pressures, faster heart rates and abnormal breathing patterns.

### PERSISTENT

A persistent salesman refused to leave when the secretary told him the boss was out. An hour passed, then two. Finally, weary of being a prisoner in his own office, the boss admitted the salesman. "My secretary told you I was out," exclaimed the puzzled boss. "How'd you know I was in?" "Easy," explained the salesman. "Your secretary was working."
