ticipating in hobbies, as he says, "too many hobbies." Some of his more enjoyable ones are chess playing, bowling, collecting knots from wood. Perhaps his most rewarding is the growing of gladiolus which he shares with churches, the sick in homes and hospitals, or just to those he feels like giving them to.

Horton Thompson is the father of Mrs. Jasper Nutting, and both were former residents of the Kendrick-Juliaetta area. He lives with the Nuttings at Wenatchee. All here will remember him for his gladiolas, his chess, his agility of mind and body, and especially for the fun he gets from life.

MOTORISTS URGED TO

Div. in Heidleberg, Germany.

The Idaho State Police urges motorists to "get the feel of the road" before driving on slippery highways. Test the response of your car in gradual acceleration and braking in a safe area away from traffic. And after you're underway, and when you're sure there is no oncoming or following traffic, recheck the condition of the road occasionally by applying the brakes to find out for sure whether the pavement is slippery. In this way you will be better prepared to handle an emergency situation.

The Idaho State Police, in the interest of safer winter driving reminds motorists that ice near me melting stage at 32 degrees is twice as slippery as ice near the zero-degree mark.

IDAHO DEPT. OF EMPLOYMENT

Twenty-seven Latan County job seekers were assisted in finding employment during the past week through the Moscow office of the Idaho Department of Employment, according to the report made by Frank J. Hartstein, Moscow office manager. Hartstein said that this is nearly double the 15 reported for the previous week, and three times the nine who were placed on jobs during the same week a year ago. Workers were placed in a variety of jobs from secretaries to laborers, from waitresses to carpenters, and in stores, offices and private homes. At the end of the week there were 33 jobs left unfilled, less than the 41 reported a week ago, and less than the 48 reported as unfilled at this time last year.

Even though the employment opportunities improved somewhat during the week, there were 33 workers who filed new claims for unemployment insurance, Hartstein said. He said that this compared with 29 idled workers filing claims during the previous week and 16 who filed claims during the same week in 1967. Those filing new claims were about evenly divided between woods workers and construction workers, he

The total number of workers seeking

jobless pay rose to 111 from last weeks 85, and compares with 89 jobless a year ago. In the immediate Moscow area there are now 42 persons filing claims for unemployment compensation, a week ago there were 36 and a year ago 28. At Genesee the total now stands at 7, last week it was 4 and a year ago only 1. In the Troy-Deary-Bovill area the present figure is 34, last week 29, and last year 33. The Kendrick-Juliaetta area now has 10 workers seeking jobless pay, last week there were 5 and last year 4. Fifteen checks are going into the Potlatch area, 9 a week ago, and 20 a year ago. At Elk River the total is now 3, the same as for this time last year, and one more than the total for last week.

It is well to give when asked, but it is better to give unasked, through understanding.-Kahlil Gibran.

RIM RIDERS TO MEET

GENESEE-The Genesee Rim Riders will meet Thursday, December 5 at 😘 p. m. at the Warehouse meeting 🕹 noom. A good turnout is desired.

A man was arrested in Alaska for having a wife in Nome, Fairbanks and another in Whittier. "How could you do such a thing?" the judge sternly asked. The man replied: "Fast dog team."

Here is an interesting account of an accident that appeared in a newspaper: "The operator of the other car, charged with drunken driving, crashed into Miss Miller's rear end which was sticking out into the road."

Before the white man came to the West one of the western Indian tribes had a severe winter facing them. The chief called all the bucks and squaws together and addressed them as follows:

"I have some good news to give you as well as bad news. I will give you the bad news first and then the good news. As you know the buffalo herds have moved east out of our reach. The camas roots have rotted this year. The fish run has failed to materialize. appears we will have a very hard winter with only horse manure left to eat. Now the good news. We have an ample GENESEE- The Jolly Janes Home supply of that." Extension Club met November 25 in the
