## IMPORTANT

Tuesday, February 25, 1969

Please send telegrams to your Representatives, Governor, and Department of Education—Statehouse, Boise, Idaho, as soon as possible-opposing or favoring the present plan of consolidation for Kendrick Joint School District No. 283.

The present bill number is H. B. 221—(In printing). The bill is due out of printing today or tomorrow. The bill would consolidate Kendrick School District No. 283 with Lewiston Independent No. 1 and would extend their charter to the entire District.

I am against this plan for it will take a lot of control from the local level, and very little will be gained. Can this bill prove that our children will receive a better education?

James Muscat

## IMPORTANT

Tuesday, February 25, 1969

Please send telegrams to your Representatives, Governor, and Department of Education-Statehouse, Boise, Idaho, as soon as possible—opposing or favoring the present plan of consolidation for Kendrick Joint School District No. 283.

The present bill number is H. B. 221—(In printing). The bill is due out of printing today or tomorrow. The bill would consolidate Kendrick School District No. 283 with Lewiston Independent No. 1 and would extend their charter to the entire District.

I am against this plan for it will take a lot of control from the local level, and very little will be gained. Can this bill prove that our children will receive a better education?

James Muscat

Send to: Joe Wagner, E. V. Williams, Harold Snow Senator John Mix, R. D. Merrill

> Deary Ousts Kendrick The Mustangs came back Saturday night to defeat Kendrick 53-43 in a contest that put the Tigers out of the tournament. Deary, fast and eager, relied on the ball handling of Ed Kirk and J. R. Wunderlich to post a 16-8 first quarter lead and were ahead

The Genesee-Troy contest Saturday night provided the thrills all basketball fans love as Genesee took a 60-58 overtime win from the Trojans. Except for a brief moment in the second quarter Genesee led all the war until the last two minutes of the game Genesee was ahead 11-6 at the first quarter. 23-19 at the half and 40-34 The National Honor Society will left on the clock. Mark Busch scor-51-51 and Busch hit again to give the Bulldogs a 53-51 lead with less than 20 seconds left. With just fifteen seconds left Genesce had control of the ball and then for some reason shot three times and finally Troy gained possesion of the ball. With 8 seconds left McCullough dropped through a long field goal and the Mr. and Mrs. Darrell Manfull of game was forced into overtime. Tror ahead 55-54. McCullough hit a field 57-56, then Terry Geltz scored on a lay-in- to make Genesee 59, Troy 58. Jay Hunter scored for the Trojans and it was 59-58. With just 6 seconds left. Geltz missed a free throw and Egland was fouled and made the first

# To the Tigers

# You're Our Team

## And We Appreciated You!

Basketball, just as life, isn't all championships and winning . . . sometimes there are a few defeats on the road you travel. Defeat isn't easy to take, we know, but it is part of the game—whether it is in every day living or on the ball court.

What really matters is how you played the game. In this respect you Tigers have been champions all year long ... you've worked hard, played hard and we have never been ashamed to call you "our team".

So our congratulations to Coaches Taylor and Heppner, to the managers, cheerleaders and each of the fine young men who wore the uniform of KHS.

We are prompted to sponsor the above advertisement through our desire to serve the best interests of our community in every way possible.

PENALTIES STIFF FOR

W. A. Campnen, rocal Justice of the Peace points out that laws for

continued violations of load, height

and similar laws are very severe—and from the Idaho Vehicle Laws of 1961, page 140, Section 49-909 quotes:
"Penalties for volations—It shall be unlawful and constitute a mis-

demeanor for any person to violate any of the provisions of this chapter,

and any person convicted of such violation shall be subject to punishment by a fine not to exceed \$100.00 or by imprisonment in the county

jail for not more than 30 days and

to the cancellation of registration of

each motor vehicle operated in vio-lation of any order for the regula-

Further, Mr. Campbell says that he believes most drivers are not aware of the new violation point

count for traffic violations, and he

ty, 1; driving on wrong side of road, 3; Flashing red light (failure to stop) 3; Following too closely, 3; failure to obey police traffic order, 2 one-way island (failure to obey the

failure to yield right of way at an

intersection, 3; failure to yield right

of way on left turn, 3; failure to yield right of way from private road, 2; failure to yield right of way to an emergency vehicle, 3; failure to yield right of way to pedestrian, 3;

right of way failure to use due caution for pedestrian, 3; failure to

stop at railroad crossing by school bus, bus or gas truck, 2, and failure

to stop for a school bus. 4.

In the line of "variable point vio-

intions are: Failure to signal, 3 to 4; speeding. 3 to 4; failure to reduce

speed for curve or hillcrest, 3 to 4; violation of posted bridge speed, 3 to 4; failure to obey local posted speed zone, 3 to 4; failure to stop at stop sign, 3 to 4; failure to stop

when coming from aney, 3; pulling out from curb without being safe, 2; failure to obey traffic light, 3; turning right from wrong lane, 3; turning left from wrong lane, 3; turning

without 500 feet visibility, 3; failure to yield when being passed, 3; fail-ure to yield when entering through

He recommends that all study the

law and obey it.

He added that the law says: Departmental action indicated by accumulated violation points — Total

of 6, first letter addressed to licenses;

total of eight, personal interview or examination; total of 12 or more, license suspension.

A man should not be without mor-

als; it is better to have bad morals than none at all.—Mark Twain.

### KETOTIS IN SHEEP

Pregnant ewes that stumble and ians and livestock specialists.

Ewes carrying twins or triplets are most likely to be affected Although an inadequate ration is thought to be a major factor, this disease is often found in fat ewes. A disturbance in carbohydrate metabolism is generally acceptd as the

Symptoms of ketotis, also known as pregnancy disease, are labored breathing, convulsions, teeth grind-ing, and "going down". The ewe turns her head to one side. There may be nasal discharge. Death may occur in about 10 days. However, if the ewe has a lamb she may recover.

Authorities advise consulting a veterinarian. Treatment for pregnancy disease is not consistently successful, but use of cortisone products and glucose often helps. It is advisable, specialists say, to avoid stress: such as sudden changes in feed, exposure to severe weather, and shipment of ewes that will soon lamb. Adequate feed is advocated, but not amounts that will make them fat. Exercise is good, Ewes that walk a reasonable distance for feed and water are likely to stay in good shape.

Rahm, Regional Forester. National Forest fees for the Region

Suffocating snow and ice during blizzards bring death to pheasants where they hit.

What birds need for survival during severely cold snaps or during blizzard conditions is protection from the elements. Ringnecks have gone 19 days without any food at all, losing about 40 per cent of their body weight, and quickly recover when returned to normal rations. Extended exposure to severe weather, on the other hand, can kill them.

National Forest fees for the Region this year will be based on results of a study of public land grazing fees completed in 1966. This study established a f air market value base fee of \$1.23 per cow-month, to be reached in annual steps over a tenyear period. Cattle grazing fees for 1969 range form 43 cents to 84 cents per cow per month compared with a range of 35 to 84 cents for similar use last year Sheep grazing, which cost between 4% cents and 14½ cents per sheep month last year will range from 7½ to 16 and one-quarter exposure to severe weather, on the other hand, can kill them. cents this year. Sheep fees will be raised over a ten-year period to reach Coyotes, bobcats, and foxes can be the fair market value base of \$.246 lured within shooting range of a blind per sheep month fees for '69 additional Grassland grazing in Region 1 will be raised slightly from 1968, simulate the screams of a rabbit in distress.
