**SNOW SURVEY**

Gary Morris, chairman of the Latah Soil and Water Conservation Districts Watershed committee reported that the March 1 snow survey has been completed. The survey was made by the Soil Conservation Service and the University of Idaho in cooperation with the Soil and Water Conservation District.

Morris reported that the snow pack and water content is still considerably above the ten-year average. Presently, at West Twin there is 50 inches of snow and 17.3 inches of water; the ten-year average being 22.7 inches of snow and 7.3 inches of water. Moscow Mountain has 65 inches of snow and 22.6 inches of water, with an average of 42 inches and 13 inches.

Howard Creek, one of the lower courses, has 37.2 inches of snow and 11.7 inches of water with an average of 12.9 inches and 3.9 inches. Sherwin, which is north of Bovill, has 54.8 inches of snow and 17.7 inches of water.

Comparing this year with last year which was dry, the Moscow Mountain course had 16.6 inches of snow last year, and there was no snow at the other courses on the mountain.

Morris pointed out that conditions thus far have been very favorable for snow melt and runoff. The days have been warm, but the nights have been cold enough to stop the melting and allow the water to run off, thus avoiding any great accumulation of water. However, with the heavy snow pack which still exists, we could still have some severe runoff problems if we had some warm weather and rain.

**CLOVERETTES 4-H CLUB**

GENESE—The Cloverettes had a meeting on March 21st at the Genesee Union Warehouse. Hollis England suggested some games, and record and project books were handed out. Diane Becker served refreshments.

Reporter, Diane Becker

March 17, 1939

Carl Simons, owner of the Electric Shop, announces that he has purchased the building which he has housed his business since he started last summer. The building was used for a number of years by Dr. W. H. Ehlen and more recently by Dr. E. H. Field.

Mrs. Geo. Post entertained Thursday evening with a dinner party honoring the birthdays of Mrs. Roy Pearson and George Post.

Mrs. Lee Danielson entertained Wednesday afternoon in honor of Donna Lee's birthday anniversary.

Walter Emerson and Fred Dicus completed a transaction Wednesday in which the former acquired the Dicus property in Genesee and the Emerson home in Lewiston become the property of Mr. Dicus.

James Magee is at St. Joseph's hospital, Lewiston receiving treatment for a leg injury back.

March 21, 1919

Dr. T. A. Elliott and mother, Mrs. Sarah Elliott have removed to Uniontown where they will reside.

Mr. and Mrs. Andrew Erickson celebrated their silver wedding anniversary on Sunday, March 9.

Otto Koster, son of Mr. and Mrs. Theo Koster reached home last week from Camp Taylor, Ky, having received his discharge from military service. Others returning home are Chas. Gray, Chas. Mauch and L. J. Burger.

A very pretty but quiet wedding occurred Wed. morning at 11 o'clock when Miss Anna M. Scherrer of Granite Falls, Wash. became the bride of Fred Cornick of Genesee at the home of the groom's mother, Mrs. Louis Malvarich of this city.

Herman Nordby last week purchased from Platt Bros. nine cows and heifers and 1 bull, Young Fairfax, all purebred Hereford.

Cuvier Ehlen returned home from Reparia, Wash. Wednesday where he has been looking after a band of sheep

belonging to his father and Fred Perkins.

The first showing of the spring millinery was made Saturday, March 15 by Garrett Millinery and the Aircraft Store.

Commissioners appointed in Genesee No. 3 are Edwin Smolt, Charles Odenberg and Arthur C. Linehan.

One of the most delightful arranged social events of the early spring season occurred last Friday evening at the home of Mr. and Mrs. F. S. Casebolt when the Isoh-Ga-Bibble Club and husbands and a number of friends were entertained at cards from 8 to 11. Hostesses were Mrs. P. C. McCreary, Mrs. John Kempf, Mrs. Wm. Herman and Mrs. Casebolt.

**PANHANDLE LAKE RIGHT FOR BLUEBACK ANGLING**

Lake Pend Oreille fishing for kokanee, where sports fishermen are allowed 50 of the small blueback salmon a day and licensed commercial fishermen are allowed daily catches of 200 fish—with no possession limit for either group—weather and water conditions recently have been "just right" the Idaho Fish and Game Department reported today.

Early season kokanee fishing by both sports and commercial anglers has been on the south end of Lake Pend Oreille, one of the largest inland bodies of water in the west, according to Jack McNeel, Coeur d'Alene, Panhandle Region conservation educator. Waters getting the most attention from fishermen were the Idle wild and Buttonhole Bay portions of the lake out of Bayview.

McNeel said that public boat launching ramps, previously closed by heavy snows, opened for the season recently at Farragut State Park and Boileau's.

**FOREST SCIENCE IN ACTION**

Potlatch Tree Farms are outdoor laboratories where scientists sweat with axes and chainsaws. Other scientists in air-conditioned rooms operate delicate analytical equipment. Both dedicated groups frequently lose track of the hours in their mutual search for breakthroughs on serious tree-growing problems.

Oh yes, we have our skilled staff of scientists dedicated solely to continually researching new processes for better finished products. But we also have forest scientists who worry about our basic resource, the trees, which furnish our supply of raw material, wood, from which the thousands of varied finished products are fabricated.

Consider, for instance, the problem caused by the

mountain pine beetles which annually kill enough timber to build 20,000 homes. Hopefully the solution to this problem will come from a corps of leading scientists working closely with our forest management staff and other Idaho forest land owners, including the State.

We also support and cooperate with public agency scientists on other tree-growing problems, such as leaf-eating insects, heart and root rots and blister rust.

Answers to tree farming problems usually come only after many years of painstaking field and laboratory research. The Potlatch Plan is to look to science for charting much of the course of our future.

**THANK YOU**

I wish to thank all who remembered me with flowers, cards, and visits while I was in the hospital. Also a special thanks to the neighbors that were so kind to do my chores, look after my daughter, and brought good things to eat while I was convalescing at home. These good deeds will long be remembered.

Lawrence Hasfurther

**HAPPY VALLEY 4-H CLUB**

GENESEE—The Happy Valley 4-H Club met Friday, March 14, 1969 in the evening. We initiated Steve Myers, Jon Gibson, and Ken Iverson. Ralph Stout gave a demonstration on parts of a horse.

Our next meeting will be April 11, 1969. The reporter was absent so Jerry Wishard helped out on the report.

Jeff Robertson, reporter

**EDITH KERMIT ROOSEVELT TO SPEAK AT LEGION PARTY**

Coeur d'Alene—Edith Kermit Roosevelt of Washington, D. C., nationally known speaker and syndicated columnist, will address the North Idaho American Legion 50th birthday party at North Shore Convention Center here, March 28. Claude Barnes, party chairman has announced.

Barnes said Miss Roosevelt, a niece of the late Theodore Roosevelt, Jr. who was a founder of The American Legion, writes a column headed "Between The Lines," that is carried in about 50 U. S. daily newspapers. He said the column is neither "conservative or liberal" but is a "down to earth" analysis of its subjects, specializing in the field of national security.

He said Miss Roosevelt is noted for her dramatic and simple explanations of complex situations concerning the creation of policy in dealing with "intrigues of the hot-cold war." She is booked several months in advance for talks to clubs, civic groups, women's associations, cultural societies, fraternal orders, veterans organizations, political bodies and high schools and colleges, Barnes said. She has written for the Newhouse newspaper chain, United Press International and many periodicals, including the American Legion magazine, the chairman added.

Barnes said about 500 persons from north Idaho Legion posts and Auxiliary units and their guests are expected to attend. The general public is cordially invited, he said.

Persons attending the meeting will have a chance to visit with Miss Roosevelt at a social gathering in the center before dinner, Barnes said.

Reservations should be made with Barnes, 933 Fifth, Coeur d'Alene 83814

If I didn't have any more to remember than an elephant does, I wouldn't forget either.

**GRANT FOR HEAD START PROGRAM**

The Office of Economic Opportunity (OEO) has approved a grant of \$471,037 to the Community Action Agency, Inc., of Lewiston to help finance a Head Start program, new neighborhood centers, legal services, and other anti-poverty projects, Senator Frank Church announced today.

The federal grant will be supplemented by \$120,283 in local funds. Community Action Agency, Inc., serves Nez Perce, Clearwater, Latah, Benewah, Lewis, and Kootenai counties in Idaho and Sotin county in Washington.

The funds will provide a nine-month head start program for 200 children of low-income families, as well as other anti-poverty programs including:

- Comprehensive legal aid service.
- Neighborhood centers to help local residents work to overcome problems causing poverty.
- A job development program which offers free-employment training and educational referral, as well as placement and follow-up services.
- Homemaker training classes and consumer education courses.
- A program for low-income senior citizens including nutritional and health programs, transportation and recreational opportunities.

**THANK YOU**

My sincere thanks to all who remembered me with cards, visits, made inquiries, and for the help I received while confined to my home by illness. A special thanks to Edwin Bielenberg, John Hickman, Joe Schooler, Edwin Hasfurther, and Thor Gilje for all their help.

Mike Dwyer

**WVP CO. OFFERS ADVICE WHILE FLYING KITES**

Kites in the sky are a sure sign that spring is here. But Herb Yates, safety supervisor for The Washington Water Power Company, offers this bit of advice so youngsters won't get hurt while flying their kites.

"Keep kites away from electric wires, use dry cotton string only and never use metal on kites."

"When you start flying your kite," Yates said, "pick a level spot away from power lines and without big rocks or trees so that you will have plenty of room to run. Never use streets or highways. Make sure the cord on your kite doesn't have any metal in it and that it is dry. Don't use wet cord, or cord with tinsel, or cord that is made with little strands of wire."

He added that if a kite gets caught in a tree or on electric wires—leave it there. "Remember that ALL electric lines are deadly dangerous," he added.

"Don't climb trees or poles to free your kite," Yates said. "I'm sure your Dad would rather buy another kite than have you hurt from a fall or from coming in contact with electric lines."

The WWP spokesman said that bulletins and posters explaining the dangers of careless kite flying are being distributed to schools throughout the company's area service.

**SAUSAGE FEED PLANS BEGIN AT UNIONTOWN**

UNIONTOWN—Uniontowns 16th annual sausage feed is scheduled to be held Sunday, March 23, in the Uniontown Community Building, serving from 11 a. m. to 7 p. m. Many plans are being made and committees formed to prepare for the annual event. The proceeds will be used as in years before, to maintain and improve the facilities of the Community Building which is used for public meetings, sports and social gatherings.

The annual event draws hundreds of friends and neighbors from a large area each year.

Several days are needed to make the three-quarters of a ton of savory, old-fashioned sausage.

This sausage feed is made possible by the fine cooperation of everyone in the community.

**CARD OF THANKS**

I would like to thank each and everyone for all the pretty cards, flowers, prayers, and other gifts which I received while I was in the hospital and all the good food since I returned home. I will always remember your thoughtfulness. God Bless each one.

Nellie Brazier

**GOLDEN RULE**

ALMA BETTS

"Top of the mornin' to all of you!" Mrs. Albert Lawrence attended a Missionary meeting at the home of Mrs. Thelma Meyer, Wednesday.

Among the Lewiston visitors Tuesday were Mrs. Albert Lawrence, B. A. Kite and George Finke, Darwin Farry visited Wm. Kauder, Monday evening.

Mr. and Mrs. Ray Charpentier were Lewiston visitors last week-end He returned on Monday morning; she Tuesday evening.

Wayne Johnson, Orofino; Mrs. B. A. Kite and Alma Betts visited at the George Finke home, Wednesday.

Mrs. B. A. Kite and Alma Betts called on Mr. and Mrs. Jesse Daniels, Thursday.

Alma Betts accompanied Mrs. Rollin Armitage to Lewiston, Friday, where they attended Council meeting and a lesson on "Feel Fit at Any Age" by Eunice Redshaw, supervisor of the Senior Citizens Center. Mrs. Agatha Perkins also attended the meetings and remained over-night, returning home on Saturday.

Mrs. Rollin Armitage and Alma Betts stopped in Kendrick Friday evening to view the Science Fair, in which Earl Lawrence won a Blue Ribbon; Amy Lawrence a Red ribbon and Bonnie Lawrence a white one. Congratulations, kids!

Mrs. Albert Lawrence, Mrs. B. A. Kite and Alma Betts attended the funeral of Mrs. Herbert Schwarz at Cameron, Saturday afternoon.

Mrs. B. A. Kite and Alma Betts attended the Open House honoring Mr. and Mrs. C. A. Cuddy, Sunday afternoon.

Mr. and Mrs. Gerald Lumper came up from Orofino Friday evening to get her mother, Mildred Wright, to visit them a few days. Saturday Mrs. Wright accompanied friends to Lewiston to attend an L. D. S. meeting, returning here Sunday.

Marilyn Rugg and Steve Christensen called on his grandmother, Alma Betts, Sunday evening enroute to their school at Moscow, after having spent the week-end with their parents at Orofino and Pierce, respectively.

The children of Mr. and Mrs. Albert Lawrence spent Sunday evening with Alma Betts, while their parents attended a Sunday School meeting at Juliaetta.

Bud Adamson is staying at his place here, having been laid off from woods work — roads too soft.

**FACTS ON IMMUNIZATIONS**

From the Idaho Department of Health, Preventive Medicine Division we have received the fact sheet on immunizations which might prove interesting to our readers. It was furnished us by Mrs. Ewald Lettenmaier.

**Be Wise!—Immunize!**  
Immunization is for everybody. Adults need boosters for Tetanus-Diphtheria every 10 years.

Many children, born since the 1963 mass Polio clinics are not protected against this dangerous disease. Is your child one of them?

Measles need no longer be acribler. One shot will give your child life-long immunity.

Who needs a Tetanus-Diphtheria shot? You do if you have not had one in 10 years.

Measles is a thing of the past. Let's keep it that way by having your child immunized.

Are you sure your family is protected against Polio?

Thanks to a mass measles eradication program, there were only 29 cases of measles in Idaho in 1968 compared to 413 in 1967. Measles can be a thing of the past. See that your child is protected.

All children should be immunized against Diphtheria-Pertussis (whooping cough), Tetanus, Polio, Measles, and Smallpox during the first two years of their life.

Tetanus can strike anywhere—on the beach, at work, even home in bed, according to reports of Tetanus cases in California in 1968.

Surveys show that the level of immunization in Idaho is inadequate—particularly among adults. Boosters for Tetanus-Diphtheria and Smallpox are necessary every 10 years for protection.

Protection against Mumps is now possible. Check with your doctor.

Smallpox is rampant in many parts of the world. Even with the most careful surveillance; a case could slip into the United States. The only safe protection against Smallpox is vaccination.

Unless people are protected against Diphtheria an outbreak could occur in Idaho. An easy way to know you are safe is to have a Tetanus-Diphtheria booster.

Be prepared in case of emergency. Carry an Idaho Department of Health Medical Identification green card with you at all times. This card shows a record of your immunizations plus emergency medical information. To be eligible, an adult must have had a Tetanus-Diphtheria booster within the last 10 years.

**HOME ACCIDENTS**

Home machinery can cause a lot of accidents when it is improperly used according to Mrs. Joanne Anderson, Latah County Extension Home Agent.

Injuries associated with drills, power saws, sanders and planers top the list of accidents in the home recently compiled by the farm department of the National Safety Council. They top the roster of the Dangerous Dozen.

The equipment itself is seldom at fault, the report says. It is abuse or misuse that causes injury. The Idaho Farm Safety Committee emphasizes home safety in its annual program.

The items of household equipment most often involved in accidents throughout the nation are: home machinery (125,000); heating devices (125,000)—floor furnace grates, space heater and full-size furnaces; clothes wringers (100,000)—most victims are children, usually boys under five; power movers (100,000)—thrown objects injure operators and nearby children; cooking stoves (100,000)—

minor or serious burns mostly to women and children; skillets (80,000) burns from hot handles or splattering grease; incinerators (50,000)—burns from flammable liquids are used to start fires; glass doors (40,000)—most victims are children who run into a door thinking it is open; appliance cords (35,000)—children pull cords and are struck by appliance or its contents; sockets and extensions (30,000)—toddlers put bobby pins in sockets or chew cords; pilot lights (10,000)—most accidents occur when paint or solvents are near flame—and sun lamps (10,000)—overtime exposure to skin without eye protection.

Home accidents deaths number about 28,000 annually. Disabling injuries in the home total about four million a year. The cost amounts to more than one and one-half billion dollars.

Nearly one fifth of the persons killed in home accidents are children less than five years old.

**IDAHO DEPT. OF EMPLOYMENT**

Latah County workers continued the back-to-work trend for the fourth week in a row according to Frank J. Hartstein, manager of the Moscow office of the Idaho Department of Employment. Hartstein said twenty-six unemployment insurance claimants returned to work for former employers and his office assisted another 12 workers in finding jobs during the week. Twenty-three workers were placed on jobs the previous week. The office listed 41 job openings at the end of the week. Qualified workers are needed as sales clerks, waitresses, legal secretary, a combination bookkeeper-office clerk, motel maid, babysitters and live-in housekeepers. A greenchainman and tall sawyer are needed along with a TV serviceman, parts clerk, insurance salesman and journeyman carpenters. Hartstein said there are still a few openings for carpenter apprentices for any young man interested in breaking into the carpenter trade. A few openings that older workers might be particularly interested in are, yardman, companion and night watchman. Area farmers

are beginning to place orders for equipment operators for spring and year-round farm work.

The majority of the unemployment insurance claimants returning to work during the week were in the construction trades. An area sawmill opened up calling 9 claimants back to work. Various other employers called workers back to work dropping the total number of workers receiving unemployment insurance benefits to 204, down from 215 the previous week and 339 last year at this time. Ninety-nine workers in Moscow are still drawing benefits compared to 101 last week, and 69 the year before. Genesee down 1 from 10 claimants last week but above the 5 filing a year ago. Most workers in the area logging communities are still working as the spring break up is late this year. A few logging contractors at lower elevations have been shut down by Forest Service load limits. This brought a few loggers in to file claims during the week. The total in the Troy-Deary-Bovill area is 52, down from 56 last week and 146 a year ago. Kendrick has 12 workers drawing benefits compared to 11 last week and 13 last year. Twenty-five workers in Potlatch are receiving jobless pay, down from 31 last week and 56 at this time last year. Elk River has 9 workers drawing checks, up slightly from 8 last week, but down considerably from 50 last year. Hartstein said most area loggers still on the job were working early morning shifts from 3:00 a. m. to 11:00 a. m. Haul roads and Forest Service roads thaw out and are impassable by noon. The first rain will undoubtedly bring all woods work to a halt.

**Home Cookin' . . .**

Mrs. Lowell Messley, former Genesee resident, now living with her family in Clarkston, is our cook for this week, and her recipes for Baked Devil's Float and Ham Casserole sound real good. With the snow 'most gone and a little green showing through, maybe spring will come again this year (it always does!) Thank you, Nancy, and maybe your thoughtfulness, and wanting to keep our column going, will jog the memories of Genesee and Kendrick readers. Though next week, we'll have some recipes for you sent in by Mrs. Paul Lind we know you'll enjoy.

**BAKED DEVIL'S FLOAT**

1 cup flour  
1/4 teaspoon salt  
3/4 cup sugar  
2 teaspoon baking powder  
1 1/2 tablespoon cocoa  
1/2 cup milk  
2 teaspoons melted butter  
1 teaspoon vanilla  
1/2 cup nutmeats  
1/2 cup white sugar  
1/2 cup brown sugar  
4 tablespoons cocoa  
1 cup hot water  
Sift flour, salt, sugar, baking powder, and cocoa together. Mix milk, butter, vanilla and nuts. Combine wet and dry ingredients. Pour into well greased pan (about 8x8) and cover with hot sauce. Bake at 350d about 45 minutes. Cake rises to top during baking).

**HAM CASSEROLE**

1 can Spam, (or left over ham) cut in small squares  
1 pkg. frozen lima beans (cooked)  
1 can mushroom soup  
1 small can pimento (cut up)  
1 small onion or onion powder  
4 hard cooked eggs, chopped  
Make thick white sauce and mix with the soup. Pour over rest of ingredients. SAUCE: 1 cup milk, 1 tablespoon margarine, 1 tablespoon flour.  
Cover all with 1/2 cup grated cheese and buttered bread crumbs. Bake in moderate oven about 45 minutes or until cheese is all melted and bubbly.

**REP. GEO. F. BROCKE REPORTS ON THE LEGISLATIVE DOINGS**

Boise — Last Friday was the sixty-first day of the 40th Session of the Idaho Legislature, and at that time it was hard to determine when the session will end.

Friday morning the Governor signed the Public School Appropriation Bill. The signing of this bill removed one obstacle that held up the adjournment. The big problem remaining is the school formula for the distribution of state funds.

The total budget now looks like it will be some \$210 million. This is \$1.4 million over the Governor's recommendations. There is ample money to finance this budget, so it should pass through both houses of the Legislature.

Last week the Legislature passed a tax bill that would allow the present adjustment to last until 1987. This will slow down the increase in property taxes if it is signed by the Governor.

Another bill that will become law is the bill that requires that taxing units certify their budgets in dollars, rather than mills. The chairman of the Education Committee announced yesterday that House Bill No. 221, the School Consolidation Bill, was dead during this session.

The 40th Session has dealt with many problems, and still many remain unsolved. It is the intention of the Legislature to keep all bills that have not passed both Houses alive, so that action can be taken on these bills in the 1970 session, which will convene next January. It is the intention to have a list of these bills made and given to each legislator so that the people can contact their Representatives and Senators, who will give them a better understanding of the legislation offered.

There is another suggestion before the Legislature, that the Emergency Fund be administered by the Legislature.

**HILL & VALLEY GARDEN CLUB BUSY**

The next meeting of the Hill & Valley Garden Club, scheduled for March 28th, will be at the home of Mrs. Hugh Parks, Lewiston.

Anyone wishing a ride call Mrs. Werner Brammer, Mrs. Robt. Watts or Mrs. Gilbert Sproul. Cars will be at the Kendrick Park at 10:00 a. m. Those from Juliaetta will be picked up at the Post Office.

Remember to bring a plant container of your own origin, and a hot dish for the pot-luck dinner.

**CUDDYS HONORED ON 50TH WEDDING ANNIVERSARY**

The Golden Wedding Open House for Mr. and Mrs. C. A. Cuddy, held Sunday afternoon, March 18th, at the Southwick Community Hall, was well attended, with some 250 friends and family bringing glad greetings and congratulations, on the lovely Sunday afternoon.

Decorations were beautiful in gold metallic, yellow and white. The refreshment tables were lace covered. One was centered with an arrangement of white pom pom chrysanthemums and pale yellow carnations in a gold container. The other table featured double crystal candelabra with white tapers, centered by a three-tiered white cake made and decorated with yellow roses and gold leaves by the Cuddy's niece, Mrs. Rollin Armitage.

Receiving and ushering guests were Debra Cole, and Steve Cuddy, Lewiston. At the guest book were Barbara Cole, Devon Cuddy and Karen Nichols, also of Lewiston.

Assisting with refreshments were Mrs. F. C. Cuddy of Kendrick; Mrs. John Cuddy, Mrs. E. R. Cuddy; Mrs. Charles Cuddy of Orofino; Mrs. James Holt, Mrs. Aaron Wells, Mrs. Rollin Armitage, and Mrs. Richard Nichols, the latter of Lewiston.

J. Roland Cuddy of Grangeville; Charles Cuddy of Orofino; David A. Cuddy, and Mrs. L. (Virginia) Cole of Lewiston, children of the Cuddys, were hosts.

Friends from a distance attending included Mr. and Mrs. Milton Hunter, Kamiah; Rev. and Mrs. A. F. Twist and Mrs. David Ball and baby, all of Moscow; Mr. and Mrs. Floyd Stoval, Spokane, and Mrs. Stanley Davis, Millwaukie, Ore.

Many others were present from Deary, Orofino, Clarkston, Lewiston, Kendrick, Juliaetta, Lenore, and the surrounding ridges.

**GOSPEL CONCERT**

A good sized crowd turned out to hear the Gospel Concert at the Assembly of God Church on Saturday night and Sunday. Guest singers Gary Williams and Don and Pat Parks and their children, former Grand Old Opry gospel singers, thrilled those attending with their Western Country style singing. The three-year old son of Mr. and Mrs. Parks sang during the Sunday School hour, on Sunday.

The owner of a large new Cadillac came out to the curb to get into his new car and noticed a tall colored boy admiring the car. The colored boy said, "Sir, how fast will that car go?" The owner replied, "Oh, I don't know probably 125 mph." The colored boy replied that he thought that was too high and that he could run as fast as the Cadillac would go. The owner tried to dismiss the whole thing and leave but the colored boy kept challenging him to a race, so when the Cadillac pulled away from the curb, the colored boy started running right along side. The owner put the car up to 50 mph and the colored boy was still running alongside. Up to 70 and there was the colored boy still keeping up. The Cadillac owner was so surprised he hardly knew what to do next, but he pushed harder on the accelerator anyway and the Cadillac roared up to 110 miles per hour. He glanced out the window and the colored boy was still running along side. He glanced back at the speedometer and when he looked back out the window, the colored boy was gone. He looked back and could not see him anyplace, and he immediately slowed to a stop and started backing up looking for the colored boy. Finally, he noticed a commotion in the bushes along the road and the colored boy came crawling up the bank with his clothes torn and his body bruised and bleeding. Cadillac Owner: What in the world happened? Colored boy: Did you ever break a shoe string doing 110 mph?

**P. T. A. MET MONDAY AT JULIAETTA**

The Joint District P. T. A. met Monday evening at the Juliaetta Elementary School. The Southwick Mothers served refreshments, with Mrs. Jack Mustoe as chairman.

The Nominating committee was appointed. Mrs. Eugene Taylor's room was given the Toy Tiger for the month, for the best parent attendance.

An interesting and informative talk was given by the Latah County Health Nurse, Mrs. Carol Heiskari. She told of duties and work done by the county office, much of which is done in areas besides the school health work of the county.

A musical program, as follows, was given by the students: Dougie Christensen, trombone solo, accompanied by his sister, Debbie Christensen. Debbie and Cathy Christensen and Joanne Parks all played piano solos.

**CARD OF THANKS**

We would like to express our deep appreciation and thanks to our many friends for their thoughtfulness and kindness during the illness and loss of our loved one, Irene Fern Schwarz. — Families of Herbert Schwarz; Ernest Helmgartner; Harold Sliflow; Ernie Helmgartner. 12-1pd

**THANK YOU**

We wish to express our sincere thanks to friends and family, who made our Golden Anniversary a most memorable occasion. — Mr. and Mrs. C. A. Cuddy. 12-1pd

**SCHOOL FOODS MEET HELD THURSDAY**

The Latah County Chapter of the Idaho School Foods Service Ass'n met on March 18th at the West Park school in Moscow.

Officers re-elected for the 1969-70 year were: Mrs. Betty Steensma, president; Mrs. Martha Robertson, president elect, both of Moscow; and Mrs. Elsie Onstott, secretary-treasurer, Kendrick. The chapter is making a study of mass feeding under the direction of Mrs. Ruth White, Kendrick, who is state chairman of "Mass Feeding."

The next meeting is scheduled for April 1 at 3:00 p. m. in the Russell Elementary school, Moscow. This meeting is an effort to make up meetings cancelled this winter, due to the bad weather.

**HIGHWAY DELAY**

Lewiston — District Engineer Marvin Lotspeich, announced last week that on March 19, Murphy Bros. Construction Co., working on the State Creek and McKenzie Creek project on U. S. Highway 95, are starting two shifts, one from 8:00 to 4:30 p. m. and from 5:00 p. m. to 2:00 a. m. They will be blasting at 9:00 a. m. and 5:00 p. m. regularly. Motorists can expect delays of 45 minutes or longer immediately following the blasts.

Murphy Bros. will continue double shifts until rock cuts are completed. This work is being pushed because of expected high water.
