WHERE GOOD WILL IS IMPORTANT

IDAHO DEPT. OF EMPLOYMENT

On March 17, 1969, the bottom dropped out of nearly all logging roads in the Latah County area. Eighty-five workers, most of them woods workers, filed new claims for unemployment insurance during the week, bringing the total number of workers seeking jobless pay to a total of 253. Frank J. Hartstein, manager of the Moscow office of the Idaho Dept. of Employment, reported that because construction and sawmill workers had returned to work, and some other workers were placed on new jobs during the week, the total increased by only 49 idled workers. A year ago there were 323 persons receiving unemployment insurance throughout the county which included area woods workers, and a number of construction workers who had not been recalled. In the immediate Moscow area, the number of idled workers dropped from 97 to 90, compared with 71 a year ago. At Genesee, the total remained the same as the previous week at 9, up from the 5 of a year ago. A decline was noted from the Kendrick area, from 12 last week, 11 a year ago to the present 9. The largest increase was in the Troy-Deary-Bovill area where the total rose from 52 a week ago to the present 92, but was still short of the 137 persons who were filling claims at this time last year. An increase was noted in the Potlatch area also, where the total now stands at 33, up from the previous week's 25, but fewer than last year's 50. At Elk River the total is now 20, more than double last week's 9, but less than half of last year's 49. Hartstein said he expected quite a few more persons to file new claims during the coming week as many workers put in a portion of the current week, and earned too much in the three days to be eligible for any benefits during this week. Ten workers were assisted in locating gainful employment during the week down from the 12 who were given jobs finding help during the previous week and fewer than the 20 who were placed on jobs during the same week a year ago. Hartstein's office reported that there were still 38 jobs open.

Home Cookin' ...

About this time each year our appetites grow a little dull—we're tired of the same food we've eaten all winter—it makes it difficult for the cook of the house to find something a bit different to 'whet up' our appetites. Our cook for this week, Mrs. Pamela Lind has sent in several recipes, and we picked out a few we thought might 'satisfy the inner man,' so to speak. If you're planning an informal dinner or a neighborhood smorgasbord here's some ideas that include your meat, vegetable, rolls, and dessert—in fact, a complete dinner menu, with perhaps, the addition of a relish plate and coffee.

GLAZED MEAT LOAF

- 1½ lbs. ground meat, (beef)
- 1 ts. salt, ¼ ts. pepper, ¼ ts. accent
- Chopped onion
- 1 cup crackers
- 1 cup milk
- 1 egg
- Mix above well, put into loaf pan.
- Pour over it the following sauce:
- ¼ cup catsup
- 1 ts. dry mustard
- ¾ ts. nutmeg
- 3 Ts. brown sugar
- 1 to 2 Ts water. Mix well, and pour over above loaf.
- Bake 1 hr. at 350 d.

DUTCH BEANS

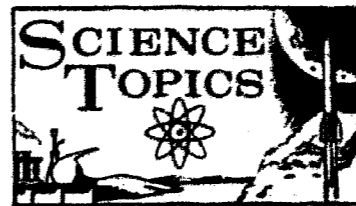

- 1 medium onion
- 1 qt. cooked green beans
- 2 Ts vinegar
- 1 ts. sugar
- 5 slices bacon
- 2/3 cup water
- 1 Ts flour
- 1 ts. mustard
- salt and pepper
- Heat beans to boiling and cool till just warm to the hand. Fry bacon, cut finely, till crisp. Remove bacon, make sauce by adding flour to grease then add rest of ingredients, except onion. Slice onion thinly lengthwise, add it and bacon to beans, then add sauce. Stir together and let stand 20 or 30 minutes.

BASIC SWEET DOUGH

- 2 pkg. yeast
- 1 cup milk
- 2 eggs
- 1 ts. salt
- ¼ cup sugar
- ¼ cup Crisco
- 4 cups flour (about)
- Dissolve yeast in milk which has been scalded and cooled to lukewarm.
- Add eggs, salt, sugar, shortening, and half of the flour. Mix well till smooth, then add rest of flour.
- Turn out on lightly floured board. Knead until smooth and elastic. Let rise until double in bulk (Make into rolls)

PRISM CAKE

- 1 pkg. Cherry jello
- 1 pkg. Lime jello
- 3 cups hot water
- 1 cup pineapple juice
- 1 pkg. Lemon jello
- 1 pkg. Orange jello
- 2 cups heavy cream
- 1½ cups cold water
- ¼ cup sugar
- ½ cup cold water
- Prepare first three separately, using 1 cup hot water and ½ cup cold water for each.
- Pour into separate pans, 8x8x2" and chill until firm.

INTELLIGENT LIFE MAY LIVE IN OUR GALAXY

MORE LIKELY than not there is intelligent life elsewhere in our galaxy, outside our solar system, says a Stanford University astronomer. "I do not exclude the possibility that we are the only intelligent beings," he admits. "However, if I adopt that assumption there is really nothing more to say, whereas the opposite view leads to interesting trains of thought. For example, of the other intelligent communities in space, some will be more advanced than we and some less; but when we bear in mind the accelerating pace of technology and science we see that those who are ahead of us will be very much ahead of us indeed in their understanding of and control over their physical environment."

ALTHOUGH AGGRESSION is becoming as widespread as the common cold, research being conducted by a team of University of Utah psychologists on aggressive behavior in children may help curb violence in the future. The focus of the study is behavior that is unacceptable to and sometimes destructive to other people, and the study's targets are children who frequently kick, scream, and throw temper tantrums. To cure aggression, the researchers are trying to find its causes.

REPLACEMENT TRANSFUSIONS of whole blood in patients suffering polycythemia (abnormally high volumes of red blood cells) and congenital heart disease have brought temporary relief from the symptoms of both diseases by improving the impaired blood flow and the transport of oxygen in the body's arterial system, reports a Harvard University physi-

Combine pineapple juice and sugar, heat till sugar is dissolved.

Remove from heat and dissolve Lemon gelatin in hot liquid, and remaining ½ cup of cold water. Chill until just syrupy.

Whip the 2 cups cream and pour into the syrupy jello.

Cut the firm Orange, Cherry, and Lime jello into cubes about ½ in. sq.

Fold these squares into whipped cream mixtures, then pour into spring form pan.

Chill 8 hrs. in refrigerator.

Following replacement transfusion with fresh frozen plasma the average red cell volume dropped 20 per cent. "The reduction in the red cell volume and hematocrit (the volume of red cells in whole blood)," drop in resistance to the flow of blood said Dr. Rosenthal, "resulted in a and an increased cardiac output."

A FLORIDA COMPANY is reaping the benefits of using an inert gas-shielded arc welding process to fabricate harvesting equipment. The welding units use short-circuiting and spray-arc principles and have a unique push-pull system for feeding the welding wire. The result, says Alloy Rods Company of York, Pa. is a rapid rate of weld metal deposition that has helped the fabricator cut labor costs and boost production.

THE WORLD'S LARGEST magnetic cloud chamber is being used at the University of Chicago to photograph cosmic rays of higher energy than have been directly measured. The cloud chamber can detect and make visible the paths followed by rapidly moving electrically-charged particles of matter, commonly called cosmic particles.

AMERICAN RIDGE NEWS BRIEFS FROM

MRS. GEORGE HAVENS
Phone 289-4139

Last week's visitors of Mr. and Mrs. Walter Benschoter included Mrs. Frank Holsington, Big Bear ridge; Mrs. Arle Armitage of Southwick; Mrs. Dick McCall of Lewiston; Mr. and Mrs. Tom Greene and family of Lewiston; Mr. and Mrs. Jack Benschoter and family of Pullman, and Mr. and Mrs. Norla Callison.

Mr. and Mrs. Norla Callison were Thursday callers of Mr. and Mrs. Doug Christensen.

Werner Brammer returned home late Saturday evening from Massachusetts, where he had spent the past two weeks attending an insurance school.

Mrs. George Havens attended a Board meeting of the A. L. C. W. at Trinity Church in Lewiston, on Tuesday.

Mrs. Norla Callison spent from Thursday until Saturday with her sister, Mrs. Nora Roberts, in Clarkston.

Mrs. Frankie Benschoter went to Lewiston on Saturday, after receiving word that her sister, Mrs. Ruth Odem, had suffered a stroke.

Mr. and Mrs. Wayne Davis and Joy spent the week-end in Spokane with Mr. and Mrs. Roy Yarnell, and on Sunday were dinner guests of Mrs. Esther Fowler and family. The dinner honored Mrs. Bert Davis of Pullman. Mr. Davis was also a guest.

Mr. and Mrs. Bruce Davis of the U. of I. stopped by Saturday morning at the Wayne Davis home, en route to Rupert, Idaho, to visit her mother, Mrs. Norby. It is spring vacation at the U.

Mr. and Mrs. Leslie Heimgartner and Mr. and Mrs. Bill Johnson accompanied Mr. and Mrs. Lawrence Heimgartner to Moscow Saturday evening to attend Pomona Grange.

Mr. and Mrs. George Havens took Mr. and Mrs. Henry Brammer to Lewiston on Thursday, where Mrs. Brammer received an eye examination.

Mr. and Mrs. Lawrence Heimgartner attended the Science Fair in Lewiston, Friday evening.

Wayne Davis attended a Lewiston Grain Growers meeting in Lewiston, Thursday.

Mr. and Mrs. Frank Abrams and Mrs. Emma Havens were Thursday evening dinner guests of Mr. and Mrs. George Havens.

Mrs. Emma Davidson and daughter, Mrs. Howard Buchanan, and her daughter of Moscow, were Friday callers in the Norla Callison home.

Mr. and Mrs. Charles Havens and Jeff of Clarkston were Saturday dinner guests of Mr. and Mrs. George Havens. Mr. and Mrs. Ira H. Havens of Lewiston were Sunday evening guests.

Everyone loves power, even if they do not know what to do with it.—Benjamin Disraeli.

All human power is a compound of time and patience.—Honore' de Balzac

The central fact of the Bible is the superiority of spiritual over physical power.—Mary Baker Eddy.

It is not possible to found a lasting power upon injustice, perjury, and treachery.—Demosthenes

Consultant, National Dairy Council

SOUR CREAM

The smart cook doesn't pour the sour cream down the drain.

I learned that from my grandmother when I was just about big enough to peep over the edge of the kitchen stove, before she chased me away so I wouldn't get burned. On the back of the stove she had set a dish of sweet cream to let it sour in the warmth of the stove. Then we ate it with sugar and cinnamon and a thin slice of hard black pumpernickel or double-baked rye bread.

My grandma came from the Rhine valley. Like any old-time housewife from Central Europe, she knew about yogurt, a soured cream which the Germans called "dicke milch"—thick milk. Sour cream has the same uses today it always had, but the quality of today's product is better.

Today's Product Controlled

Grandma's method was hit-or-miss; the results were not always the same. Today sour cream comes from the dairy as the result of a controlled process, and is of uniform quality. It is based on fresh sweet table cream. It has a uniform thick creamy texture and a pleasant tangy flavor which does not vary. It can be used in a multitude of ways.

It is ready for use just as it is for a spread on bread, or a topping on pies, puddings, cobblers, fruit desserts and spice or pound cakes, and gingerbread. Grated

orange or lemon rind plus orange or lemon juice add variety to the flavor. Sour cream can be floated on top of split pea or tomato soup and sprinkled with chopped chives. Cut or French style green beans are improved by adding, just before serving, about a half cup of sour cream and a sprinkling of dill or sesame seed. Tomato madrilene, jellied beef consommé, fish, meat dishes, baked potatoes, pies and fruits are improved by a dollop of sour cream.

A Convenient Food

Sour cream is convenient because in many instances it can be used right out of the carton. It may curdle at high temperatures or when held for a long time at a low heat, but this does not affect the taste. Where appearance is important, it is best added just before serving. Sour cream recipes keep well if covered and refrigerated, an important advantage when preparing in advance for guests or when some is left over.

Calorie-conscious users can be reassured. A tablespoonful of sour cream has the same caloric value as the same amount of table cream and half the number of calories in the same amount of French dressing or various salad dressings. It has only one-fourth as many calories as an equal amount of salad oils.

This is truly a convenient food with a gourmet fillip.

GOLDEN RULE ALMA BETTS

Mrs. B. A. Kite and Alma Betts called on Cora Jennings, Monday. That afternoon Mrs. C. A. Cuddy visited in the Alma Betts home.

Darwin Tarry visited Wm. Kauder, Monday evening. Mr. Kauder recalls having left his home in Iowa, to come west with his parents, on St. Patrick's Day, 79 years ago (1890) at the age of 21.

Mrs. Martha Wilken of Kendrick, Mr. and Mrs. B. A. Kite and Alma Betts were Tuesday evening guests of Mr. and Mrs. George Finke to honor the birthday anniversary of Mr. Finke, and the wedding anniversary of Mr. and Mrs. Kite. They were joined later by Mr. and Mrs. Dick Watson, Pierce. Mrs. Watson had been in Moscow for medical treatment. She entered the hospital at Moscow on Wednesday, and underwent surgery on Thursday.

Mr. and Mrs. Eugene Betts and family of Coeur d'Alene; Mr. and Mrs. Don Christensen and Steve of Pierce were Saturday night and Sunday guests of Alma Betts. Mr. and Mrs. B. A. Kite and Mr. and Mrs. Albert Lawrence and family joined them for dinner Sunday to honor little Amy Lawrence's 9th birthday.

The Betts family went on to Moscow to see her sister, Mrs. Dick Watson, a hospital patient, and meet her mother, Mrs. Hazel Wilson of Lewiston.

Mr. and Mrs. Albert Lawrence drove to Lewiston Sunday to visit his mother, who is recovering from

surgery, and attend a meeting of the Lewiston Lutheran Church. The Lawrence children remained at the Alma Betts home.

Mr. and Mrs. Albert Lawrence were in Lewiston Saturday evening to attend the Science Fair and see their children receive their awards. Amy, a third grader, received the Grand Prize for her project on "Smell." She is very proud of her Savings Bond, a plaque, and Certificates. Earl won a third prize and a white ribbon pin on his fifth grade project. Congratulations!

Mr. and Mrs. D. V. Kuykendall of Lewiston called on Mr. and Mrs. C. A. Cuddy and later visited Mrs. Neil Vaughan, on Monday.

The Extension Homemakers Club enjoyed a delightful dinner at the

home of Mrs. Romm Armitage, last Thursday, and faithfully worked on name tags for the District meeting in Lewiston, April 15th.

Agatha Perkins was a Lewiston visitor Thursday evening, returning Friday. She visited Hazel Brutzman, who is on the sick list.

Georgia Reece visited Alma Betts, Friday. She is able to be out again. Stella McIver and Mrs. David Gertje and baby spent Friday with Mrs. Albert Lawrence.

Mr. and Mrs. Joe Owens of Endicott, Wn., were week-end guests in the George Finke home.

The Dick Watson family were visitors in the George Finke home on Monday, and at several other times.

This Is No Lie ...
 The truth is that every car we advertise is in fact on hand and in our stock rooms, plus ready to go. To insure to you the customer that we can deliver what we say, our ads carry in writing that statement: "If the sale car or truck of your choice is sold when you arrive, we guarantee to reproduce like unit by order direct from the factory at the advertised price." You pay the price listed in the ads for the car of your choice—Less the agreed upon trade-in value of your present automobile. At McMonigle's we don't have time to think up lies! We are too busy selling America's No. 1 Automobile—Chevrolet!!!

1969—Chevrolet Van,	\$2870
1969—Chev. ¾-T Longhorn Pickup,	\$3095
1969—Chevrolet Suburban Carryall,	\$4275
