Southwick Area News Notes

MRS. ROLLIN ARMITAGE

Roadside Cleanup Tuesday of last week the neighborhood young people, with the assistance of some interested ladies and the protection of the highway department equipment and its able personnel, Lloyd Craig and Ted Fey, and D. W. Tarry, cleared the area roadside of litter. A rain storm drove them back before they had finished their appointed mileage, but not before they had collected a large pickup load. Those helping were Mrs. Albert Lawrence, Earl, Amy and Bonnie; Mrs. Sylvester Czmowski, Debra, Jeff and Mike; Mrs. Arlie Armitage, Nick and Tammi; Mrs. James Whitinger and Janis; Mrs. Jack Mustoe and Mark; Donnie Benjamin; Mrs. Clay King and Mrs. Rollin Armitage. The group plans to make an attempt to finish the job this week, weather permitting.

Mr. and Mrs. Clay King left Thursday to spend the long week-end with

You duplicate nature's own method of building soil fertility with a Gilson tiller. Here's why: Gilson's perfect slicing and blending action mixes up soil and organic matter thoroughly . . . forms a loose, acrated seedbed. As a result, plant roots penetrate and reach out easily; moisture is absorbed more readily; decomposition of soil minerals and organic waste takes place quicker. Your garden gets off to a faster start and flowers and vegetables grow bigger than ever before. Gilson tillers feature extra heavy construction, guaranteed tines (repaced free if ever broken), cast iron gear case, adjustable tilling widths, 31/2 to 5 hp. See us for a demonstration in your own garden.

Care for your lawn this way...and relax!

Are these rugged, compact mowers as efficient as they look? Test drive one and see. You'll wonder where you ever got the idea mowing was work. In fact, on the seat of a Gilson you'll find it's kind of fun. You ride relaxed in a comfortable scat . . . maneuver as easily as with a sports car . . . turn short . . . trim close to walks and shrubhery . . . take a full 25" cut through heavy turf or up slopes without slowing down. Gilson's crisp cutting action gives you a smooth, evenly cut lawn that will be the envy of your neighbors. Auto-type transmission, traction brakes, instant cutting height adjustment and a host of other features add to the pleasure of owning and using a Gilson riding mower. Blade clutch/brake means extra safety. See us for a test drive on your own lawn.

We will come to regard this morning's great misfortune as one of

the greatest blessings. A good water system will be one of the first requirements. Steps should be at once taken to look after it before our ardor cools. Now is the time. It has been prophesied from the very first that fire be the occasion of Kendrick's destruction someday and the prophesy has been only too well fulfilled. Hereafter, let there be a more stringent ordinance covering the erection of building, making them as near fireproof as possible, and forbidding the building of any that may prove to be a menace to the town. Only in this way can we avoid a like destruc-tion in the future. There is plenty of work now ahead for the city council and we believe they will rise to the emergency. 5
