FIRE CREWS HAVE BUSY TIME

A spot fire between Troy and Deary was extinguished by the Kendrick Forestry Protection District fire crew July 26th. It was a trash fire that burned out of control.

Wednesday morning, at the rest area on the north side of Spaulding Bridge, U. S. Highway 95, about six tons of hay burned on a truck owned by Luther Phillips, Cottonwood Creek Road. A truck from Kendrick Forestry Protective District and a Nezperce County Fire Truck responded to the fire. The truck bed was burned badly but the truck itself was not damaged. No cause of the fire has been determined.

Early Thursday morning, July 31st George Brocke, Jr. reported Tues-at 1:00 a. m. a fire starting from the day afternoon that the first load of railroad bed, was reported at Cherry Lanes. The Kendrick Fire Crew extinguished this, confining it to 14 of an acre.

A fire, believed to be caused by a cigarette thrown from a passing car, burned about four acres of dry grass six miles east of Lewiston along U. S. Highway 95 Saturday morning. The an employee of the Kendrick Forestry Protection District. After trying able to do so by himself, he contacted the fire crew at Kendrick. Seven men. the fire warden and a pumper truck responded. They were aided by Nez Perce County Sheriff Bud Huddle- the ston, deputies Ed Pierson Jr. and Tom Whitinger and by two trustees from the county jail.

They also used one of the sheriff's department pumper trucks.

A fence along the highway was soverely damaged together with a wooden corral, Dick Benjamin, District Forest Warden said. The fire was controlled by 3 a. m. but it was not out until after 6 a. m. It was not determined then who owns the property. No new fires have been reported since Saturday morning.

Car Burns On Central Grade

Genesce-Firemen from the Genesee Rural Fire Protection District were called out shortly after 4 o'clock Sunday afternoon to help extinguish a burning car on the top of Central Grade. A delay in relaying the call to Genesce prevented the firemen from saving the vehicle. The car belonged to someone from the Lewiston

VIOLA E. BROWNING PASSES JULY 31

Mrs. Viola E. Browning, 75, Juliaetta, died Thursday, July 31, at 11:15 a. m. at the Latah County Nursing Home in Moscow, of infirmities of age. She had been in ill health for the past three years.

The wife of a former farmer and sawmill operator, she was a resident from 1954 until her death. In the intervening years she lived at Moscow. She was a member of the Juliactta Methodist Church.

She was born June 21, 1894, at Osa, Missouri, the daughter of Mr. and Mrs. Harrison Hemphill. She married Clarence C. Browning January 4, 1911 at Glena, Missouri. The couple moved to another Missouri community, Marionville, the same year. He farmed and ran a sawmill until 1936 when they moved to Juliaetta where he carried on the same occupation. He died January 1, 1951. Survivors include four sons, Bernard G., Fulton, Missouri, Harold B.,

Rosenville, Calif., Joe V., Hanford. Calif., and Jack G., Juliaetta. Final services for Mrs. Browning were conducted Saturday at 2 p. m. at the First Methodist Church of Juliaetta with the Rev. Lonnic Will-

iams officiating. Music was provided by the church choir and organist Mrs. M. C. Halliday, Juliactta.

Pallbearers were Bruce Sherman, Tom Peters, Mikey Hedler, Keith Clark, Randy Noble and Charles Noble, all of Juliactta. Burial was at Juliactta Cemetery.

Arrangements were by Brower-Wann Funeral Home, Lewiston.

I The horn fly is a serious pest of
livestock on pasture and range. Peak
populations are usually found in July, August and September. A control method by using bags containing insecticide dust is showing excellent results, the scientists said. It is more practical than the common practice Mrs. Fred Hoe and Mrs. Wm. DePell of gathering cattle. It avoids the visited with the Teglands Saturday.

Mrs. Howard Beck, Clarksrals and the stress that often causes ton were Sunday dinner guests of the more loss of flesh than the benefits of control. The dust-bag plan is more economical and efficient.

Use of the dust bags is made possible by controlling access of cattle Africa has been on leave since July two weeks. On Sunday, Mr. and Mrs. Mrs. Ronald King, Sr. of Clarkston When bags are hung at entrances, animals treat themselves as they go in and out of the area. The bags should hang level, about six inches a-part, on a pole. They are suspended Steve, Mike and Diane Gehrke of so they swing free when cattle move

Each container should consist of Danielson were all guests of the Dav- a double buriap bag 30 by 20 inches with a polyethylene lining sewn in the top two-thirds. The plastic protects the insecticide from rain. For best convenience in bag placement and animal manipulation, each bag should contain about 10 pounds of insecticide. An animal will normally require half a pound of dust during a 90-day grazing period. The bags can be refilled. Several kinds of insecticideare effective. Recommendations about types and amounts are available from the county agent or from entomologists.

118 INVOLVED WITH GUN

During 1968, 118 men, women and children were the ivctime of gun accidents in Idaho, reported the Idaho Fish and Game Department today. A total of 15 of these accidents resulted in fatalities.

Martel Morache, conservation education supervisor, noted that 48 of these accidents were classified as hunting accidents. The remaining 70 accidents occurred mainly in and around the home. Of the 48 hunting accidents, 52 percent of the gun handlers were 19 years old and younger.

Morache also pointedout that in 27 of 48 hunting incidents the gun was not fired intentionally. This would imply that two of the most basic laws of safe gun handling are not being observed. That is, watching where the barrel is pointed at all times and keeping the safety on. Two of the

hunting accidents involved women as

BASIC TO IDAHO . . . TO THE NATION AND TO YOU

BEEF CATTLE ARE NEW WEALTH

Wealth can be created in several ways. The stockmarket or the manufacturer can expend wealth. However, new wealth is created only by the multiplication of living things such as plants or animals. Whenever a calf is born, new wealth has been created where it did not exist before. Our nation needs this new wealth to sustain itself.

CATTLEMEN ARE CONSERVATIONISTS

Grass produces pounds of beef. Therefore, cattlemen are vigorous in their approach to conservation. Cattlemen help maintain and improve our ranges so they will produce grass and water resources. Much of our range land is owned by the government and does not produce taxes. Stockmen pay for the use of this land, thereby creating more wealth for our nation from grass which would not otherwise

CATTLE PROVIDE SOIL FERTILITY

Proper grazing stimulates grasses to grow even better. Cattle actually improve our ranges through proper range management. The soil itself benefits tremendously from the manure which cattle place upon it. Cattle are perhaps mankind's greatest benefactor.

JOBS IN ALL WALKS OF LIFE

Cattle raising, cattle feeding, processing, transportation, distribution and retailing provide employment for many thousands of our people. Beef dollars are vital to our economy. If they were marked, you'd notice them being used for all goods and services offered in the U.S.

THE BEST SOURCE OF PROTEIN Protein foods are the first consideration in meal planning. Serving for serving beef is one of the best. Its protein quality is superior and the content is concentrated. High quality protein, important minerals and essential vitamins, they're all there, and beef tops the list as the

preferred main course for any meal,
BEEF CATTLE ARE IMPORTANT TO YOU! They're food & wealth for the Nation

The interests of childhood and youth Dale of that City. Ricci and Gina are the interests of mankind .- Edmund Storer Janes

"I had the toughest time of my life. First, I got angina pectoris, and then arteriosclerosis. Just as I was recovering from these, I got tuberculosis double pneumonia, and phthisis. They they gave me hypodermics. Appendicitis was followed by tonsillec-tomy. These gave way to aphasia and hypertrophic cirrhosis. I completely lost my memory for awhile. I know I had diabetes and acute indigestion, besides gastritis, rheumatism,

Three deaf ladies were traveling on top of an open bus.
"Windy, isn't it?" said one.

lumbago and neuritis. I don't know

how I pulled through it. I was the

hardest spelling test I've ever had."

"No, it isn't Wednesday, it's Thurs-

day,' said the second. "Yes, I'm thirsty too. Let's all get off and have something to drink."

"So you really think your memory

"Well, not exactly, but I have progressed so far that I can frequently remember that I have forgotten some thing if I could remember what it is.

Tact is the ability to make a point without making an enemy!
