

# Genesee's 1972 Community Day Set For June 10

Genesee—The Genesee Civic Association met Thursday, January 27 at Carter's Charcoal Broiler. A smorgasbord was served. Twenty-eight were present.

President Gene Woodruff conducted the business meeting. After the secretary and treasurer's reports, several items were discussed. June 10 was picked for Community Day. The president is seeking a chairman for this event which attracts old timers and many former residents as well as citizens of the town. Other chairmanships filled were Mrs. Leonard Singhose, library; Don Springer, Community Development; Leonard Singhose, projects; and Don Springer and Marion Holben, program.

The welfare committee is a standing committee, consisting of the town's ministers, the mayor, and the banker and will remain the same.

Ed Morken, Jr will be legislative committee head.

It was suggested that a student, parent, school member, and teacher be named to the education committee.

Projects were discussed, including: fencing the present court in the City park; building a tennis court; beautifying Main Street with large cement flower containers; building a shelter for house Community Day supplies; more picnic tables; and leveling the upper park for more play space near the Genesee Public School.

It was reported that the roof leaks and the pipes are frozen at the City Library. It was decided to contact Delta Ford about the roof and to have Mrs. Hoben get someone to thaw the pipes before damage is done.

Dave Kuehl reported he has 30 paid members and dues of \$5 a year per family may be paid to him at any time. Mrs. Dick Schornhorst, secretary, will also accept the dues.

Mr. Woodruff introduced Marion Shinn, Area Vocational Education Director at Lewis Clark Normal School. Mr. Shinn spoke on vocational training in Idaho and the counties he serves. His dream is to "match the jobs with the people." Only 13% percent of our people need a baccalaureate degree, Shinn said, the rest may be trained in service operations, sales, clerical craftsmen and career education. Many high school drop-outs are educated through the vocational program. Age is no criteria, he said, and they have many middle-aged students who come for education and training. The program is funded separately from L. C. N. S., but degrees are granted through the school, and facilities may be used by vocational student. A question period followed Mr. Shinn's talk.

He said that there were 20 career choices in business, mechanics, health and nursing, police training, drafting, electronics, etc., open to students. # Attention—Genesee Rim Riders!

Genesee—There will be a meeting Thursday night, Feb. 3 at 7:30 p. m. in the Genesee Union meeting room. Films will be shown by Mr. Elmer Kraut on past events club members have taken part in. At the last meeting the point system was established for the coming year.

It will be divided into two age groups, 18 and under and 19 and over. The point system reads as follows: Gymkhana, rodeo, 4; horse shows: 1st place: 5 points; 2nd place: 3 pts.; 3rd place: 2 pts.; 4th place, 1 pt. Trail rides, play days & parades: All 3 points each. Participation in all above events: 4 points. Meeting Attendance: 4 points.

At the end of the year, prizes will be awarded for the high point winner in each age group.

Please try to attend the meeting Thursday night as some excellent film will be shown.

# CARD OF THANKS

I wish to thank my many friends classmates and neighbors who remembered me in so many thoughtful ways during my long stay in the Spokane hospital. These many kind gestures helped so much to pass my days and speed my recovery. Thanks so much to all of you. —Carlene Solomon. 5p

# CARD OF THANKS

Deepest thanks and appreciation is extended to neighbors and friends for the cards, flowers, visits, inquiries, prayers and other kind and thoughtful acts shown both me and my family during my recent stay in the hospital and since returning home. —W. G. McCrea 5nc

# Rep. Brocke Reports On Legis.

The days are slipping by quite rapidly, and we are now in the process of passing bills and sending them on to the Senate for consideration. We are getting a few bills from there, too, which may be coming before us before too long.

As I mentioned before, bills and other documents can be seen at Robert Magnuson's office and the Kendrick High School, and they will also receive a daily data sheet about once a month which tells of the status of each bill. If you are interested in any particular bill you might check there, and if you have questions I would be glad to hear from you.

The House has passed a bill to increase the cigarette tax two cents, which would bring it in line with the tax in Oregon, and it is now in the Senate for consideration.

We were told the other day that legislation is being drafted which would provide security for the governor and his family, and for the state buildings, if passed it would provide a staff of 14 officers and would be funded through the state police to patrol the capitol building and other state buildings, as well as the governor's family.

Governor Andrus, though hesitant about requesting security for the family, said if passed that it not be funded out of state highway funds under which the state police are paid.

The House has introduced a bill to raise the gas tax to nine cents per gallon. Also three companion bills, one to raise diesel fuel tax, ton-mile tax and overload permit fees. The gas tax was a request of the governor.

A bill has been introduced in the House Education Committee calling for the creation of a 12-member commission regarding school district reorganization. If this passes, the commission will be established 60 days after the effective date of the bill, and the commission will be appointed by the State Board of Education.

This bill asks the commission to prepare a statewide plan for submission to the state board and if this is approved by the board, public hearings will be held. With this bill is a \$51,000 appropriation from the general fund to pay for the study and planning.

In the House hopper now is a bill to carry out the Governor's recommendation for a constitutional amendment to limit state departments to 20 principal departments, from the more than 200—the state now has. If this passes both houses the people will have an opportunity to vote on it in November.

Coming from the Revenue and Taxation Committee was the Governor's bill to eliminate the federal income tax payments as a state income tax deduction. There was considerable controversy in the committee over removing the sales tax exemption on machinery and from personal property tax rolls, and subject it to the state tax.

A hearing has been set for 7 p. m. February 9, in Room 420 at the statehouse, to discuss proposed legislation pertaining to operation of snowmobiles. There has been much talk about this legislation, and some have suggested that the owners and operators of snowmobiles come to the meeting with the idea of offering some plan to police themselves, feeling that the many should not suffer for the acts of the few.

A constitutional amendment has been introduced to require a simple majority, rather than a two-thirds majority for approval of revenue bonds which are paid off from service charges, with general obligation bonds which come from property tax monies. Both now require a two-thirds majority vote of the electors. If this goes through for the revenue bonds, the vote would carry with the simple majority. This would help units of government such as cities who want to finance such things as sewer districts. The revenue would pay the city's share.

Another measure has been approved by the House for a constitutional amendment which would allow banning of parochial students, and is on the way to the senate. This bill was approved by a previous legislature, but the Supreme Court turned it down. Now the people may decide if the amendment passes the Senate.

# K-J Town Team Wins

The Kendrick-Juliaetta Town basketball team romped to a 108-79 win over the Renegades of Lapwai in a game played at the Kendrick gym Sunday evening.

Wayne Dust, lead all scorers with 38 points while Darrell Manfull pumped in 27, followed closely by Bob Heppner with 22 and Jerry Spencer with 17. Tinker Calkins tossed in 26 for the Renegades.

# Genesee Keeps In League Race

Led by the hot hand of Craig Busch, who poured in the 25 points the Genesee Bulldogs ran their season high record to 12-2 Saturday night by defeating the Prairie Pirates 58-43 at Prairie. The win also gave Genesee a 7-2 league record—the same as Lapwai's and Timberline's so the top spot is in a three-way knot.

Busch's points came mostly from lay-ins and jump shots from the sides. Craig Kanikkeberg scored 9 points for the Bulldogs and Jim Hermann and Jerry Myers each had 8.

# Defeat Kamiah

Genesee pushed out to a big 33-17 halftime lead Friday night at Kamiah against the Kamiah Kubs, and then made it stand up for a 53-44 victory.

Genesee set off at a blistering pace, connecting on 15 or 27 field goals in the first two quarters. Kamiah settled down and fought back in the second but the GHS team stayed ahead.

Busch had 17 points for the winners with Bill Schluter getting 14 and Jim Hermann 10.

Genesee took the B game 46-41.

# Community Church News

A box for Christmas cards has been placed downstairs. Those who have not left their cards please do so. These cards will be taken to the two Moscow Nursing Homes and used by them through the year on Arts and Craft projects.

The Nursing Homes are also asking for donations for their Craft Department in the form of odds and ends that we have around the house. Some of these items are: art foam, baskets, all types; beads, all types; bottles, glass and plastic; boxes, card shoe, stationery; brushes, paint, all sizes; buttons, all sizes; crayons; crochet hooks and patterns.

These are just a few of the many things they need; a complete list is posted on the board at the rear of the church.

**Supplemental Reading Program**  
We have expanded our supplemental reading program to the first grade. Six new students have now joined our group.

The second graders have made sock puppets this week to help them illustrate the story of The Little Old Woman and How She Kept Her Geese Warm. Meanwhile, the third grade wrote letters and mailed them in a birdhouse. The letters will be distributed later to classmates. The story they are reading is the Mailbox Birdhouse. The making of a claybowl helped the fourth grade in their study of Indians.

Mrs. Gahl, Supp. Reading

# Library Items

The Latah County Bookmobile service is supplying our school with needed supplementary subject matter. Our library has this material but not ample for the number of participating students. This service is appreciated.

The adults of this community are welcome to check out the superb and beautiful new book, Snake River Country.

Fifty or more books are being checked daily from this library.

# Do-Nut League

The league will resume play this Saturday with the following schedule:

Teams	Time
1 vs 5	9:00
6 vs 4	10:00
2 vs 7	11:00
3	Bye

Feb. 12	
1 vs 4	9:00
5 vs 7	10:00
6 vs 3	11:00
2	Bye

Feb. 19	
2 vs 3	9:00
4 vs 5	10:00
6 vs 7	11:00
1	Bye

Due to the delays in the schedule and the length of the season, we do not believe there will be a tournament at the end.

# First Grade News

First graders enjoyed making bird feeders last week. The feeders were made from pine cones, with peanut butter and bird seeds. Children were to hang the bird feeders in trees and watch for the birds.

The following first graders received A's in spelling last Friday: Shawn Shawver, Shannon Ruark, Berkeley Shawver, Brian Thornton, Tony Bowman, Eddie Groseclose, Vicki Perkins, Charlene Parks, Jean Glenn, Lisa Vallem, Jane Glenn, Randy Benjamin

# Second Grade News

The second grade have been studying the long and short sound of vowels.

Our math combinations are getting harder as we're studying 12's and 13's. We're working with the number line.

Perfect scores for our reading vocabulary were: Mitch Cuddy, Elizabeth Harris and Eldon Wilson.

Our spelling was a review unit and we were tested over more words than usual. Perfect scores were by: Mitch Cuddy, Elizabeth Harris, Teresa Howerton and Todd Spencer.

# Third Grade News

This week the third grade has begun a reading corner to entice their classmates to read books which they enjoyed. This will be done by drawing pictures of the stories, making up questions, writing interesting quotations, etc.

The children drew pictures of each other and Mrs. Callison. They turned out quite well. We were able to recognize some of the people drawn. They think they can do better another time. It was lots of fun.

Lori Courtright brought treats for the class to celebrate her birthday Monday.

# Sixth Grade News

This week the girls are getting ready to play the 7th grade girls in a game of basketball. The game will be held at the Kendrick Gymnasium at 6:00 p. m. Wednesday.

The clay sculptures of last week's art has turned out pretty good. These are some of the things that were made: rabbit, elephant, rocket, boat, airplane, donkey, cat and billy-goat.

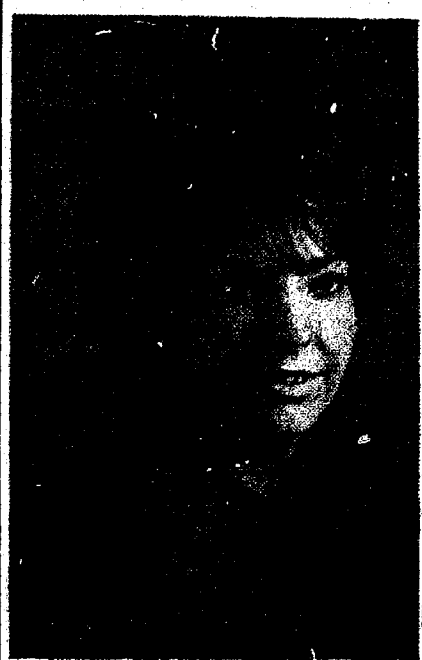

In our reading we had an assignment to read a Carl Sandburg poem or make a report on a national monument. In science we are studying the body systems and in social science we're studying the countries Ecuador, Peru and Bolivia.

The following people received 100 on their spelling test: Cathy Christensen, Lori Brown, Kathy Hibbard and Joan Silflow.

# Snow, Sub-Zero Temperatures Chill Area

Legend has it that February 2 is the date the groundhog starts thinking about spring and the remaining days of winter are calculated by whether or not the little, furry animal sees his shadow.

Local residents do not need Feb. 2 or a groundhog to know that winter still has the region in its icy grasp as snow and sub-zero temperatures have been in the weather picture for the past week. After a warming trend two weeks ago that brought floods to much of the region, the temperatures have been working steadily downward and spiced liberally with snow, have been reading near zero in Kendrick and Juliaetta and from 6 to 14 below in the higher elevations.

Clearing skies, especially at night helped dip the mercury down to the zero mark and the skies were sunny Friday, Saturday, and Sunday. Snow began falling Monday and continued on through the day, laying two inches or more over the wide area. The snow stopped some time Monday night or early Tuesday and the skies cleared. With the clearing skies, the temperatures were back below zero in Genesee Tuesday and hovering at about two below in Juliaetta and Kendrick.

Despite the flooding, snow, etc. the month of January has not been an especially wet month. John Luedke, who maintains weather records in Genesee reported that he recorded a total of 2.24 inches of moisture for January of 1972. This is the smallest amount in a January since 1968 when less than an inch fell. January of 1970 was a whopping 6.43 inches.

New adult leaders were introduced. Included were Ron Rowley, cubmaster; Bill Haxton, treasurer; Bob Borgen, Institutional Representative; Lee Grinolds, chairman, and Walt Moden, Award Chairman.

Awards presented at the meeting went to Richard Jenness, assistant denner and athlete; and Kevin Glead, athlete; both Webelos.

Cubs from Den 1 to receive awards were Kim Borgen, denner; Louis Ferrera, assistant denner, and 2 silver arrow points; and Steve Haxton, bear.

Recipients from Den 2 included Gordon Scharnhorst, denner, and Howard Scharnhorst, assistant denner.

Pack 312 was presented the Presidents award for Achievement Roundup from the Boy Scout Council. The award is a colored banner that attaches to the scout flag.

The cubby award for parental attendance at the Pack meeting went to Den 2.

Plans were made for the annual Blue and Gold potluck dinner February 24, at which the families will participate. Winners of the cake raffle for the evening included Howard Scharnhorst, ReNae Rowley, Walter Moden III, and Steve Haxton.

Any young man, eight years old, may contact any of the adult leaders to join the club.

**PREVENTION OF CHILD POISONING**

Prevention of child poisoning is a round-the-clock, year long responsibility reminds the Idaho Medical Association, but it is infinitely preferable to the necessity for even occasional treatment.

Curious minds and busy little hands many times join with careless storage habits to result in child poisoning.

A few simple precautions can help prevent hazardous situations:

Always keep medicines in a locked cupboard out of reach of children

Never tell children that medicine—even if it tastes good—is candy.

Never transfer hazardous substances to soda bottles or jars where they might be mistaken for soft drinks or edibles.

Never leave hazardous substances unattended when they are within the reach of children.

Never store substances such as polishes and bleach in a place accessible to children.

**Jolly Janes Plan Food Sale Saturday, Feb. 12**

Genesee—The Jolly Janes Home Extension club met Thursday, January 25 in the home of Mrs. Adah Baldus.

A report was given on the birthday party for the patients in the Latah Co. Nursing Home on January 20.

Everyone enjoyed it, and another party is planned for this summer.

Plans for the Welcome Neighbors project are coming along well. The club will start calling on all new neighbors soon.

Plans for the Jolly Janes Valentine Day cooked food sale were made. It will be held Sat., Feb. 12 starting at 10 a. m. at the Thrift Food Store.

We hope everyone plans on coming. A program on fondue cooking was given by Miss Elaine Woodhouse, home ec instructor at GHS. Cheese fondue and chocolate dessert fondue were demonstrated. We wish to thank Miss Woodhouse for the demonstration that was enjoyed by all.

Our next meeting will be February 10 at the Mary Green home.

Cohostesses were Mrs. Crystal Esser, Mrs. Christian Oswood, Mrs. Mary Green, and Mrs. Pat Leachman.

Don't forget the food sale, Feb. 12!

—Pat Leachman

**A bit of philosophy was passed on to me from Dave Kuehl who has stated that after a life-long study of people he has learned that there are 3 basic types:**

Those who are enthusiastic and get things done; Those who are aware of what is going on but just stand and watch, and those who just stand, with no enthusiasm, and have no idea of what is going on.

### Home Cookin' . .

Mrs. Billy Rugg, a Lewiston reader of The Gazette-News, adds some very welcome recipes to this week's column. Cookies are always the favorite, and the family cookie jar is the first place Dad and the kids head for when they come home. So try Mrs. Rugg's recipes.

We know they will please the family. Mrs. Rugg adds that she enjoys our column (thank you!) and wanted to share some of her recipes. We'll be looking for more she has promised.

#### OLD FASHIONED SOUR CREAM COOKIES

1/2 cup shortening, part butter and also  
1 cup sugar  
1 teaspoon vanilla  
2 2/3 cups flour  
1/2 cup commercial sour cream  
1 egg  
1 teaspoon baking powder  
1/2 teaspoon salt  
1/2 teaspoon soda  
1/4 teaspoon nutmeg

Heat oven to 400 degrees. Mix shortening, sugar, egg and vanilla thoroughly. Measure flour by dipping method or sifting. Blend dry ingredients, add to sugar mixture alternately with sour cream. Drop by tps. on greased cookie sheet. Flatten to 1/4 inch thickness with glass dipped in sugar. Bake 8 to 10 minutes or until lightly browned. Makes 4 to 5 dozen, 2-inch cookies. (can be rolled and cut with two-inch cookie cutter if desired, but I find the other way quicker).

#### OATMEAL COOKIES

1 cup shortening  
1 1/2 cups sugar  
1 1/2 cups sour milk  
3 cups oats  
2 cups flour  
3 eggs  
1 teaspoon salt  
1 teaspoon cinnamon  
1 teaspoon allspice  
1 cup raisins  
1 teaspoon soda dissolved in the sour milk.

Combine shortening, eggs and sugar, beat well. Add milk with soda dissolved in it and beat again. Sift flour, measure and add spices. Add dry ingredients, beat well. Add oatmeal and raisins and mix well. Drop by tablespoons on greased cookie sheet. Bake 10 to 12 minutes in 400 d. oven.

#### OATMEAL REFRIGERATOR COOKIES

1 cup shortening  
1 cup brown sugar  
1 cup white sugar  
2 eggs  
1 teaspoon vanilla  
1 teaspoon cinnamon  
1 1/2 cups flour  
1 teaspoon salt, 1 teaspoon soda  
3 cups oatmeal, 1/2 cup nut meats  
Cream the shortening and sugars. Add the eggs and vanilla. Stir in the dry ingredients. Add oats

and nuts and mix well. Shape into two equal rolls. Wrap in wax paper, chill. Slice and bake at 375 d. for about 12 minutes.

# OUR COMPETITION RECOMMENDS BRONATE®

Our competitors think so highly of Bronate as a broad-leaf weed killer in wheat and other grain crops that they want you to tank mix their products with Bronate.

While we appreciate the compliment, we don't necessarily go along with the recommendation.

Because while the addition of less effective herbicides to Bronate may help the other herbicides, it doesn't help Bronate. Matter of fact, it can hurt Bronate.

Unlike many other herbi-

cides, Bronate kills your weeds without damaging your wheat. And tank-mixing reduces Bronate's high degree of selectivity.

Also, unlike other herbicides, Bronate isn't restricted to any particular soil type or condition. And tank-mixing limits Bronate's wide range of application.

Use Bronate alone if your weed problems include Tarweed, Gromwell, Henbit, Dogfennell, Crowfoot, Purple Mustard, and the rest of the Mustard family. Or any of the

23 other kinds of weeds listed on the Bronate label.

Our experience has shown that Bronate used alone has increased productivity for Northwest wheat farmers by as much as 20 bushels per acre.

Is it any wonder our competitors recommend Bronate?

For more information on how Bronate can help you, see your supplier or write Mr. R. P. Rich, Rhodia/Chipman Division, 120 Jersey Avenue, New Brunswick, N.J. 08903.

## LETTERS FROM READERS

TO THE EDITOR

LOOKING BACK 70 YEARS

On the 9th of March 1902, which was on a Sunday, the R. R. Sutton family, father, mother, and seven children arrived in Genesee. It was about four P. M. when the train arrived from Pullman. Genesee is located on the Genesee Branch of the Northern Pacific R. R. It being Sunday, quite a bunch of people met the train. At that early date not an automobile was owned by any Genesee family. There were two hotels in Genesee at that time and we chose The Genesee House for three days while locating a house to rent.

The Hennin house was for rent and we took that. It was located on the west edge of town and had seven rooms but an outside bathroom. In fact, there was not a home in Genesee with an inside bathroom. Rent was \$3.00 per month which included a barn and large garden spot. Many families in Genesee kept a cow and we got one as soon as we could. But we could buy a ten pound lard pail full of milk for five cents, had to go to the neighbors at milking time with our clean bucket. I'll bet there wasn't a grocery store in Genesee who sold fresh milk.

During the summer of 1902 or 1903 Genesee had their streets improved. They got a layer of crushed rock, well-packed with wooden curbs and we called it paving. At that time Genesee also got electricity and city water. That made Genesee a fairly modern town.

My first school teacher was Miss Holverson; next one Mrs. Marie Cool; next Miss Lulu French, and then Robert Emmett. We moved away 5 June 1906.

I remember a shoe sale at one of the stores and my father bought a pair of shoes for each boy and they cost fifty cents a pair. They were a little course but not much worse than we were accustomed. I remember of getting two pork chops for a nickel at Bomberg & Nagels Meat Market. I took my first and last taste of beer that summer in Genesee. Peg Leg Geiger run a small brewery.

Does anyone remember Biggers Blue Front Store? They had a big tin elephant outside which we kids used to peit with rocks which would make quite a noise, especially at night.

There was a Chinese laundry across the railroad tracks close to the depot.

On the 5th of June we left Genesee for Midvale, Ohio. There were five covered wagons in the party; Suttons had two; Henry Tanning had one; Cal Howton, one; and John Ventress, one. All of them got homesteads in Washington County, Idaho. One of my nephews owns the old Sutton homestead in Midvale.

**Why should anyone be thinking about central air conditioning NOW?**

Remember last summer? One hundred degrees and getting hotter. If you didn't have Air Conditioning, you wanted it, and if you were one of those who tried to get it at the last minute, you were disappointed because you found the installers were working overtime and supplies were depleted. That's why it's logical to act now in the off-season while contractors are not flooded with demands, and there's a broad choice of equipment available.

With CENTRAL AIR CONDITIONING, you will not only be ready for the long, hot summer to come, but will have complete control of the climate in your home every season of the year. You'll live in TOTAL COMFORT with whole-house CENTRAL AIR CONDITIONING.

Don't put it off another day — call an Air Conditioning Contractor or . . .

## Cedar Ridge

Mrs. James Holt

(Delayed)

The Friendly Neighbor Club met last Thursday for an all-day meeting at the home of Mrs. John Cuddy. Work was continued on the quilt project and during the business meeting officers elected for the coming year were Mrs. H. Roaden, president; Mrs. H. Cox, vice-president; Mrs. Jack Parsley, treasurer; Mrs. Wm. Wilson, secretary. It was also decided to quilt at Mrs. E. Cuddy's on Thursday, January 27, weather permitting.

Phil Bahr had the misfortune of having his horse fall on him last Saturday. No broken bones but a bad sprain and numerous bruises resulted.

Mrs. Julie Konen returned from Spokane last Tuesday to spend an indefinite time at the Phil Bahr home.

Harley Perryman will report power outages from our area to REA maintenance crews at Orofino.

### This Week

Mr. and Mrs. Gary Ball, Craigmont were Sunday dinner guests of Mr. and Mrs. Elmer Cuddy and Kelly. Mr. and Mrs. David Ball and children of Potlatch were afternoon callers.

Mr. and Mrs. Jerry MacFarland, Clarkston, were Saturday overnight and Sunday guests of her parents, Mr. and Mrs. Sam Weaver.

Mr. and Mrs. Hugh Cox, Mrs. Joe Price, Monte and Billie and Mr. and Mrs. Gary Jensen, Southwick, enjoyed pinocle at the Marion Souders home Saturday evening.

Mrs. Lorena Walters returned to Sacramento, Calif. to help care for her mother there.

Mr. and Mrs. Rollin Armitage, Lewiston, were Sunday dinner guests of Mr. and Mrs. Ray Cuddy.

Mr. and Mrs. David Ball and children were Sunday dinner guests of Mr. and Mrs. James Holt. Erin Ball returned home with her parents after having spent the past week with "Grannie Holt".

Tuesday several ladies quilted at Mrs. Elmer Cuddy's. Next quilting session will be Wednesday, February 9. Everyone welcome to come quilt or just visit—weather permitting.

Flu, the weather and new calves, lambs and pigs, seem to be the main topics in our area—so news is not so plentiful this week.

### N. F. O. SAUSAGE FEED IN MOSCOW FEBRUARY 7

The Latah County National Farmers Organization is having a Whole Hog Sausage Feed, February 7, 1972, at 8:30 p. m. in Moscow, Idaho, at the Student Union Ballroom. The menu will feature Thüringer sausage from Genesee, with the Student Union cafeteria personnel preparing the rest of the meal.

Keynote speaker for the evening will be Glen Utley, Ft. Branch, Indiana. Mr. Utley, who is 49 years old is married and has three children. He presently operates 400 acres near Ft. Branch.

Utley joined the N. F. O. in 1959. He started working full time as a National Staff Organizer then went on to become assistant National Organizational Director. He is presently serving his 11th term as National Director from Indiana.

Special entertainment will be presented during the dinner.

Tickets on sale from local members. Chairman and coordinator for the dinner is John Largent, Polk, Idaho. The dinner is open to the public.

A multi-county NFO meeting will be held Friday, Feb. 1 at 1 p. m. at Latah county Grain Growers. Geo. Brennan, of Corning will be guest speaker. He is with the grain department and specialties in western states. His topic will be on Mass Production Drive for members.

## BATHING HABITS

Improper bathing habits can cause skin problems, observes the Idaho Medical Association.

It is best to avoid using very hot water and scrubbing with strong soaps, which can cause excessive drying of the skin and dryness, chapping and itching.

Do not use medicated soaps or massage soap into the skin unless advised to do so by your physician.

Use sufficient water to rinse away all traces of soap. Wash the face with soap and water instead of cleansing cream if the skin is oily. If the skin is extremely dry, alternate between soap and water and cleansing cream.

Avoid too frequent bathing, especially during the winter, as this can dry and irritate the skin.

Many people probably bathe too often for good skin care. Bathing once a day is adequate and may even, during the winter months or for elderly people, be too much of a good thing.

Interaction in two persons to promote the good and happiness of one another.—Eustace Budgell.

## Stony Point

Mrs. Ernest Steigers

### Family Dinner Honors Newly-Weds

A long distance call from Mrs. Wayne Hoskins of Cottonwood Creek informed us of a large family dinner party held at their home on Sunday, attended by 24 people.

The occasion honored the newly married Mr. and Mrs. John Swan! Miss Rebecca Baer and John Swan were united at a large wedding held in the Lewiston Assembly of God Church on Saturday evening, Jan. 29th.

Mark Pierson, one-time Kendrick area resident, now president of the student body of Northwest College at Kirkland, friend and wedding attendant for John, with his friend, Carol Thompson, were among the guests at the Wayne Hoskins home on Sunday.

During the afternoon, John and sister Linda, entertained the family with singing of old time songs.

John Swan is now employed, since January as a teacher in the Kooakia schools.

On Saturday evening, following the ceremony, a large group attended a huge turkey banquet given by the parents of the bride at their home in Lewiston—among these were Mrs. Betty Cowger and Walter Zumbhofe of our community.

Mrs. Wayne Hoskins has asked that it be corrected that it was not she and Wayne but her sister and husband, Mr. and Mrs. Ronald Wolff of Troy who were the parents of the tiny twins mentioned in a recent article concerning Dr. Christensen.

Dr. Christensen delivered his first twins on February 2, 1933—Kenneth and Keith Steigers—at the home of their parents, Mr. and Mrs. Ernest A. Steigers, and received his first airplane ride from Henry Steigers, a proud uncle, to celebrate the event that day, landing at Cherrylane flat!

### Other News

Weather permitting, the Stony-point Friendship Club will meet on Thursday, February 3, at the home of Mrs. Leslie Heimgartner.

The Leslie Heimgartners were Sunday guests of the Tim Straw family at Clearwater, and enroute home stopped at the George Hardin's at Stites.

Danny Straw, returning from Clearwater on Sunday is spending a few days with Grandmother Delores Heimgartner.

Hi, Grandma Zumbhofe! We all love you! Keep well and happy at Mt. Home.

Mr. and Mrs. Alvin Steigers were Sunday guests in the home of her parents, Mr. and Mrs. Albert Heimgartner who remain in fairly good condition.

Alvin and Mabel stopped at brother Ernest Steigers, briefly, enroute home.

While there, they enjoyed a new tape recording of violin and accompaniment music, made the evening before at the Clarence and Lottie Whittinger home in Lewiston. Lottie plays equally well on several instruments! "It is revealing to hear your own playing," she said. "It was very nice," is our sincere compliment!

Mr. and Mrs. Herman Schupfer spent Monday evening, January 24 in the Glen Stevens home.

Mr. and Mrs. Steve Bakke and John Larson of Seattle area flew over and spent the weekend with the Glen Stevens family.

On Friday evening the group were dinner guests of Mrs. Clifford Powell, Clarkston.

Saturday evening, Mrs. Marion Stevens, Mrs. Kent Ankney, Mr. and Mrs. Lloyd Stevens and Hollie joined the group at the Glen Stevens home for dinner.

Sunday afternoon, Mr. and Mrs. Lloyd Stevens met the group at the Lewiston Airport and pilots Steve and John took them for a plane ride before leaving for home in Seattle.

Mrs. Kent Ankney, in a telephone conversation with her husband in California, longed for the 80 degree temperature being enjoyed there during their call!

Mr. and Mrs. Ernie Fluger and daughters, Moscow, were Sunday guests of her mother, Mrs. Marion Stevens. Leah remained overnight and was returned to Moscow on Monday by Grandma Erma and Aunt Fern.

During Saturday, Emma Welchman, H. Beyers and N. Steigers were callers in the Helena Brown home. The Don Brown family and Mrs. Bill Cooper were Sunday guests.

Saturday supper guests at the Wayne Heimgartner home included son Allen, and four male friends, members of the "Farm House" at the U. of I. returning home from their weekend "winter retreat" held annually at Field Springs, where problems of the management of the Farm House are discussed. They feel a better perspective is gained under these circumstances.

Among visitors this week at the Albert Heimgartner home were Mr. and Mrs. Mike Bartelson of Deary as well as Mr. and Mrs. Floyd Heimgartner and various other sons and daughters of the elder couple, Albert and Myrtle.

Sunday dinner and supper guests of the Don Holsingtons included Mr. and Mrs. Danny Peters and family, Mr. and Mrs. Bud Allhand and family and Mr. and Mrs. Skip Koepf.

Seven little girls were present. No boys!

The Holsingtons were Wednesday supper guests of her parents the Ted Weyens.

Mr. and Mrs. Edgar Heath and daughter Ruth Ann were Sunday supper guests in the Newt Heath home.

## YOUR FISH AND GAME DEPT.

By Joseph C. Greenley, director Idaho Fish & Game Department

### SOME HUNTING REMAINS

Some hunting still remains for sportsmen hardy enough to get out. For example, the season on cottontail and pigmy rabbits runs through February 29 with bag and possession limit of eight in the aggregate.

Goose season is closed statewide, but the seasons for ducks, coots, and mergansers is open in counties within the Columbia Basin Mallard area.

Idaho counties within the Columbia Basin Mallard area closed for ducks, coots and mergansers January 23. A new 1972 hunting license is needed but the Federal duck stamp issued for the 1971-72 waterfowl season remains valid.

Until youngsters reach the age of 16 they are not required to have a duck stamp.

New licenses also are needed for angling. Combination hunting-fishing licenses will serve for both these sports. All upland game bird hunting in the state is over except chukar, Hungarian partridge and quail in parts of the lower Snake and Salmon river drainages.

Hunting for these species also will be open through January 23, except the upper section of the river in Custer and Lemhi counties which was closed by emergency order due to snow conditions and vulnerability of the chukars.

### Idaho Waterfowl Count

For the second time in the history of Idaho's mid-winter migratory waterfowl inventory, the statewide total was over a million wild ducks. The last time such a concentration of ducks was found in the state the first week in January was the mid-winter inventory of 1963. Figures for this year show 1,000,690 ducks. A breakdown by species shows 16,956 geese; 106 swans and 8,633 coots for a grand total of 1,026,385 migratory waterfowl of all species.

Biggest concentrations were found in south central and southwestern parts of the state, including Hagerman Wildlife Management Area with 120,000; C. J. Strike WMA with 150,000, and Deer Flat (Lake Lowell) with 650,000.

### Wintering Game Conditions

Blizzards, high winds, drifting snow, severe cold and torrential rains brought trouble to wintering elk and deer on some critical ranges in eastern and northern Idaho.

Most big game animals, upland birds and waterfowl are faring well, but some emergency feeding is needed. Deer and elk herds are being monitored systematically by air and ground observers, trying to stay on top of swiftly changing weather and range conditions.

Several problem areas exist. One is north of Ashton on the Snake River where extremely deep snows and low temperatures brought deer down to critical winter ranges, and emergency feeding operations have started.

The most critical areas in the Upper Snake Region are the Leslie Buttes (Unit 50), Medicine Lodge (59), Iron Triangle (62), Teton Canyon and Victor Angle (62), and Canyon Creek (64). Pheasants are concentrated in the vicinity of food and gravel along the interstate highway.

Feeding stations are operating between Roberts and Idaho Falls to attract them away from the road system. Road kills are at an all-time high.

In southwestern Idaho, emergency feeding stations for elk and deer are operating on forest service lands along the Middle Fork of the Payette River in the north of Garden Valley. Roads in the drainage are closed Monday through Friday of each week of the emergency but will open to weekend snowmobilers on a trial basis.

Snowmobilers can prevent a possible tight closure later by respecting deer and elk feeding stations in the area.

Torrential rains came recently to the Dworshak Dam area on the North Fork of the Clearwater River where some whitetail deer drowned attempting to cross the reservoir on the ice between Dent Bridge and Big Island. Other deer lost their footing and can't get up thus becoming easy prey for predators.

Heavy rains made reservoir ice more treacherous. There also is some loss of whitetail deer on railroad tracks near St. Maries, and feed is being distributed in adjacent area in an effort to lead deer away from the tracks.

Aerial observers early in January found big game animals on the South Fork of the Salmon, part of the main Salmon, the Middle Fork and the Big Creek concentrated at lower levels; but some game appeared to be wintering as high as 6,500 feet. Most of the deer and elk sign was concentrated around bush and moderately timbered slopes and fields, near mountain mahogany bluffs.

No problems have been reported for any of the upland game birds areas in the McCall region or Treasure Valley in southwestern Idaho or in Magic Valley.

Except for the bird feeding stations between Roberts and Idaho Falls to attract pheasants away from the interstate highway, upland game birds and migratory waterfowl are wintering well.

As are families, so is society.—Wm. M. Thayer

## THE POLLUTION FIGHTERS

Pollution is poisoning the planet. But fighting pollution sometimes has built-in hazards.

On the first Earth day of April 1970, for example, a group of students in Delaware, Ohio, swept out debris from an old bird roost near the school. Two weeks later, one-third of the teachers and almost half the student body—354 young people, in fact—were either in the hospital or sick at home. Their symptoms? Coughing, headaches, vomiting, muscle aches, chest pains and poor appetites.

The sudden onset of symptoms resembled influenza. Tuberculin skin tests were taken because TB was also suspected. The final diagnosis was histoplasmosis, a disease of the lungs that can mimic TB but is caused by inhaling the fungal spores in airborne dust.

The disease is not spread from man to man but by breathing in dust contaminated by bird or animal droppings.

Not all the 354 stricken students had swept out the droppings though. How had they contracted the disease? A smoke bomb was finally used to show how the dust kicked up by the cleaning had spread through the ventilating system into three classrooms.

Most patients recover from the disease without serious complications. But the infection from the fungus also can spread from the lungs to almost any other of the body, including the liver, kidney, heart or brain. This can cause organs to enlarge, fever to rise or it may cause anemia—a disease of the bone marrow that affects the blood.

When epidemic of measles mushroomed, the children who had been immunized developed a syndrome called "atypical measles." According to Dr. A. J. P. Turner of the Hospital for Sick Children in Toronto, Canada, these children had little resistance to the virus and also broke out in skin rashes and had severe breathing difficulties. He believes the vaccine injected years earlier produces a hypersensitive state when a child is subjected to the real measles virus itself.

The new vaccine avoids this complication. Breathing complications can develop from the strongest causes. Like killed measles vaccine. Find out more about causes of breathing problems.

Somewhere in the United States, a child swallows a potential poison every 60 seconds, 1,400 times a day, 500,000 times a year. As many as 400 children under five die each year, while more than 40,000 are hospitalized.  
In addition to all medicines, the following items should be stored where children cannot get them:  
Ammonia, drain cleaner, metal polish, washing soda, lighter fluid, rat poison, leather polishes and dyes, shoe cleaners, dry cleaning fluids, paints and thinners, turpentine, varnish, typewriter cleaner cements and glues, bleach, furniture polish, detergents, fabric softener, insecticides, floor waxes, laundry bluing, rug cleaners, camphor, moth repellents, kerosene, gasoline antifreeze, putty, and rust remover.  
One way for a man to acquire a slimmer waistline is to pick up, one at a time, all the beans he spills.
