

Genesee Schools Prepared For Opening Day Aug. 28; Registration Aug. 21 and 22

Genesee—Genesee Schools are prepared for August 28th opening, but this might be changed due to such a late harvest. This matter will be discussed at the regular board meeting this coming Monday.

Principal Davis says Genesee High School registration for the 72-73 school year will be August 21st and 22nd from 9:00 to 4:00. Registration will be in the High School office and the fees will be as follows:

Football Insurance	\$14.00
Student Insurance	\$ 9.25
Towel Fee	\$ 2.00
Annual	\$ 7.00
Student Activity Ticket	\$ 4.00

Student Insurance is optional except for athletics, participants must

carry insurance or show proof of parental insurance coverage through their policy.

Other fees are optional except the towel fee which will be charged for students in P. E. or athletics.

Jr. High and elementary students will register the 1st day of school. Jr. High Fees (7th and 8th): Insurance \$7.75 (optional) Activity Ticket \$4.00 (optional) Hot lunch will be served the first day of school and prices will remain the same as last year. 30 cents per meal and 3 cents for milk.

All first grade students entering the district must have birth certificates to prove that they will be six years of age on or before October 15. Physicals are also required of all 1st graders. Parents may present the birth certificate when registering their children.

New Faculty All Secondary

Mr. Layne Howell, Vocational Agriculture Instructor

Mrs. Judy Mathison, Home Economics Instructor

Mrs. Ora Miller, Library and Resource Center

Mr. George Moffett, English

There are no vacancies remaining to be filled.

New courses and teaching techniques

The district will put individual reading in the primary grades this year. The reading program will be the Scott Foreman program. This program was used in one grade last year and met with great success, so it will be in all primary grades this year and added to the 4th, 5th and 6th grades next year. The primary grades will also have an individualized math program this year. The program was developed by teachers this summer using primarily the Laidlaw math series but in addition several companies materials and teacher made materials.

The Genesee High School will add an Art Class and an Advanced P. E. course to the curriculum this year. Art will be offered in all four grades. The advanced P. E. class will be in the area of life time sports and will be offered to those above the 9th grade.

These programs will be financed by the district, no federal aid will be involved.

Pea Harvest Nearly Completed

Warehouses in both the Genesee and Kendrick area reported that the 1972 pea harvest is just about over this week as the hot weather hurried the drying process greatly and there was no threat of rain to delay cutting operations.

Bill Wood, manager of Genesee Union Warehouse, said Tuesday afternoon that the peas in that area were approximately 90 percent in and Asgrow Seed Co. stated that for all practical purposes, their harvest was complete. No spring barley has come into Genesee Union yet but some wheat, in small amounts has been delivered. Wood said the wheat he has checked looks "pretty good."

Down in Kendrick Brocke and sons reported that they estimated the small sieve Alaska peas were about 98 percent in and the regular Alaska peas were about 75 percent in. The Austrian Winter peas were about 20 percent harvested. George Brocke, Jr. said Tuesday afternoon. He added the first lentils of the year came into their plant Saturday.

Brocke also said that the grass seed harvesting was just about over and the White Dutch Clover crop was nearly one-third complete.

Bob Watts, manager of Kendrick Rochdale, said fall barley was about 90 percent in and the spring barley and wheat is just getting a good start. He said both the quality and the quantity of the grain this year looks good.

Area 4-H'ers Win At Latah County Horse Fair

The Latah County 4-H Horse Fair was held Saturday, August 5 at the Latah County Fairgrounds.

Gift certificates were given to first place winners in each division. Local donors of gifts certificates were the Kendrick Ridge Riders, Kendrick, Brocke and Sons, Kendrick and Gem State Lumber, Juliaetta.

Blue, White and Red ribbons were awarded in each division. The various winners were:

In the Horse Judging Contest, Leta Wilcoxon of Pollatch won first place with a total of 173.5 out of 200 points.

Among the adults and leaders Clem Lyons of Southwick placed 2nd with 173.0 points.

Juliaetta News

Leases Farm Buildings Near Helmer

Mrs. A. H. Hamilton of Juliaetta announced that the family farm buildings near Helmer have been leased to a California man who will be operating a machine shop there soon. Kurt Kormos, who took the lease on the buildings, said he hopes to be open for business about Sept.

Further details will be revealed as the plans progress.

Mr. and Mrs. Glen Hansen were Monday dinner guests at the home of Mr. and Mrs. Henry Brammer.

Mr. and Mrs. Archie Garner and son Jim and daughter Martha and two friends, Linda and Marcia Mathias, all of Salt Lake City, visited in the Arlie Allen home from Monday through Thursday. Wednesday Archie and Arlene and the Allens visited Rueben Garner at the Clarkston Convalescent Home then drove up to Moscow and visited Tony Kirchhoff in the Latah Convalescent Home.

Hayes Hunt of Moscow was a luncheon guest of Allens Sunday. Afternoon visitors were Mr. and Mrs. Lewis Porter, Mrs. Maude Pippenger and Mrs. Celia Bohn, all of Orofino. Recent visitors in the home of Mr. and Mrs. George Eggers were Mr. and Mrs. Harry Adams and daughter Suzanne and Debbie Aisano of Seattle. The Adams family went to Montana Thursday and returned Monday to visit the remainder of the week. Paula and Melissa Eggers of Lolo, Mont., are also guests in the Eggers home.

KHS Principal at U. of Idaho Leadership Institute

MOSCOW — Among those attending a recent Idaho Instructional Leadership Institute at the University of Idaho were, left to right, Harold V. Shockley, Moscow, principal of Lena Whitmore Elementary

school; Sister Shirley A. Garibaldi, Moscow, a teacher at St. Mary's school; John W. Carnie, Moscow, assistant principal of Moscow High school; and Robert A. Heppner, assistant principal of Kendrick Junior-

Senior High School. The four-week session was designed to develop better instructional leaders by teaching new skills to the administrators.

Area Sizzles; Temps Over 100

Temperatures went over the 100-degree mark for the first time this year as the region broiled under a hot, cloudless sky. The hot weather is hastening the harvest as grain fields ripened quickly in the warm, dry weather.

The mercury started its climb toward the century mark late last week and by Sunday, without a cloud to hinder it, the thermometers were at 100 degrees. Monday and Tuesday of this week followed the same pattern with reports of highs from 103 up to 109 coming into the Gazette office. Genesee, not quite as warm as the valley, also sweltered in 100-plus weather.

Monday the temperatures never dropped any lower than the middle sixties in Genesee and the mercury was back up to 75 by seven in the morning.

Despite the hot weather, Fire Warden Richard Benjamin reported only one fire call this week and that was in some holdover debris burning from last spring on the Charlie Taylor place up on Juliaetta Grade.

John Luedke, who maintains rainfall figures in Genesee, reported on Tuesday that the July rainfall in that area was 1.12 inches and brought the year's total to 16.59. This is above the July figure of last year which was .85 inches.

Davis, McClure Will Meet In Senate Race

William E. "Bud" Davis, Idaho State University won the Democratic nomination for the U. S. Senate and Rep. James A. McClure took the GOP bid in a hotly contested race which included a Kendrick-born lawyer and physician Dr. Glen Wegner.

With results not yet complete Davis had 14,624 votes to 10,223 for Byron Johnson his closest rival.

McClure had 28,055 votes to 20,107 for former Rep. Geo. Hansen, his closest rival. Dr. Wegner was running third with 12,991 with 518 of 851 precincts reporting.

Steven Symms, a conservative Caldwell area fruit grower was leading for the GOP nomination of the House of Representatives. Ed Williams, Lewiston, was unopposed for Democratic bid.

In the race for the two positions on the Democratic tickets for State Rep from District 7, Kendrick's Werner Brammer was narrowly edged out by incumbent Claud Judd who picked up 1,499 votes and Leo Butler who had 1,557. Brammer had 1,409.

In District 5, for State Representative Paul Kaus and Norma Dohler won the two nominations.

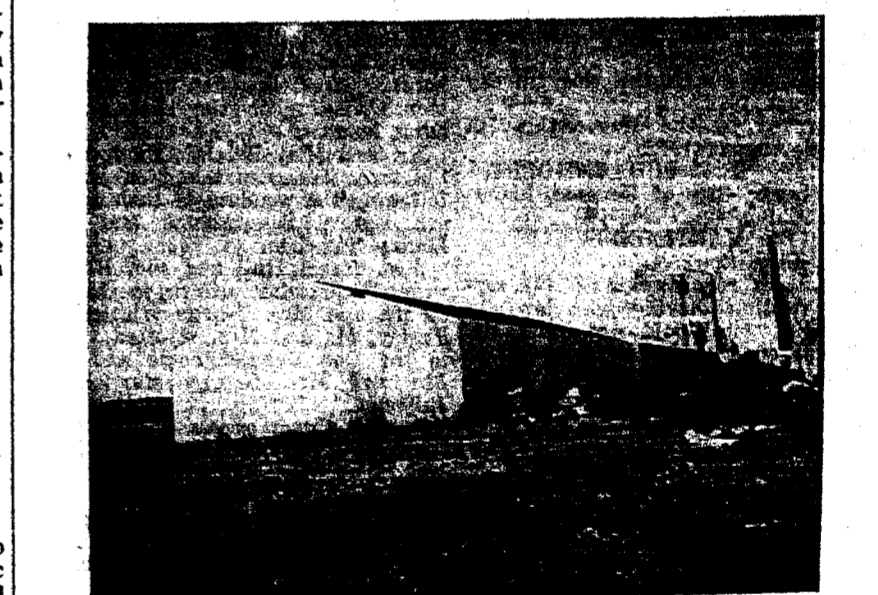

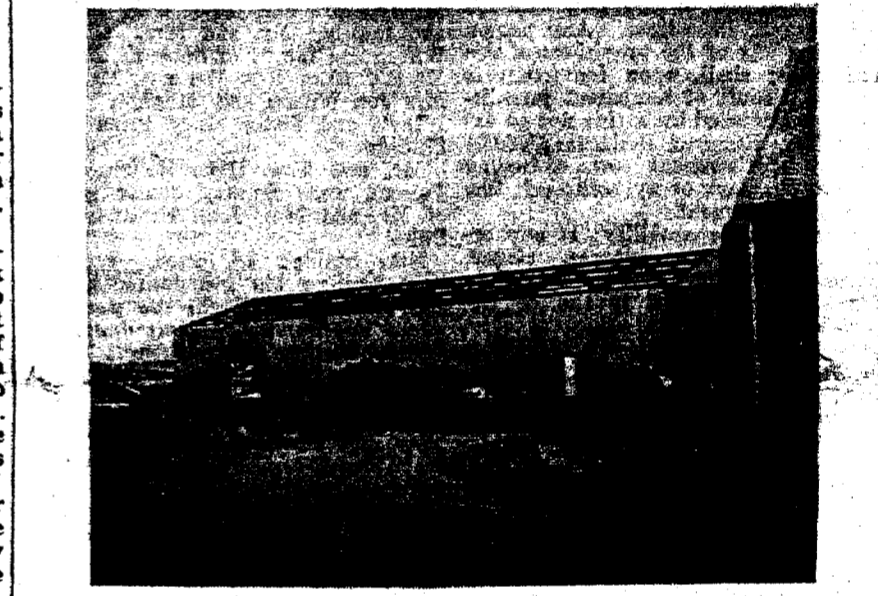

In Latah County incumbent sheriff Ed Pierson turned back the strong opposition of ex-deputy Larry Waterby to win the Democratic nomination. Elton Walker won the GOP bid. Walker is currently chief deputy for Pierson.

Pat Monaghan won the 4-way race for Republican nominee for Latah County Prosecuting Attorney by a wide margin. He will face Democrat Pete Leriget in the fall.

KENDRICK GRANGE TO MEET TUESDAY, AUG. 15

Vacation is over for members of the Kendrick Grange, Lecturer Mrs. Lawrence Helmgartner announced Tuesday that the local Grange will meet next Tuesday, August 15 at the Grange Hall at 8:00 p. m.

Genesee Union Adds More Storage

Two different views of the new addition to the seed plant at the East Warehouse of Genesee Union Warehouse Company are shown here. Now almost complete, the 140 x 70 foot metal building will be used by the local co-op for boxed storage—

mainly peas and other seed. Officials at Genesee Union said the new structure will have a capacity of 100,000 bushels and should be completed within a week.

Baldwin Construction Company of Clarkston is putting up the building.

Commodity Foods Summer Workshop Dates Set

This summer the County Commissioner's and the County Agent's Offices are sponsoring a Commodity Foods Summer Workshop for everyone interested in learning about nutrition and how to prepare commodity and other low-cost foods. This workshop will include talks given by university student Jan Fleener, demonstrations by professional people of the community, discussions and actual food preparation. There is absolutely no charge.

The workshop is from 2:00 to 3:30 in the following towns:

Genesee— August 14 at the meeting room of Genesee Union.

Troy— August 15 at the Fire Hall.

Deary-Bovill— August 17 at the Deary Fire Hall.

Kendrick-Juliaetta— August 18 at the basement of the the Methodist Church in Kendrick. There will be a Children's Day in the Park at Kendrick from 3:30 to 5:00.

If anyone has any recipes they might like to share, bring them along. It is hoped to know more about meal planning and nutrition, but were afraid to ask? Learn about cooking commodity foods to produce

IDAHO DEPT. OF EMPLOYMENT

Both new job listings and the placement of job seekers rose during the past week in the Moscow area. Frank J. Hartstein, Moscow office manager for the Idaho Department of Employment, reported today that his office found work for a total of 21 Latah County residents during the week. He said that this was an increase over the 17 placed during the previous week, and also above the 15 given job finding help during the same week a year ago. During the week a total of 33 new jobs were listed, more than double the number received during the previous week. At the end of the week there were still 34 jobs open. Most of the jobs remaining open were for full time workers, and all called for experience, training and skills. Most were available only to workers who were permanently attached to the local market. General office workers were needed as well as a number of cooks and a few waitresses. An auto mechanic, an appliance repairman, a television serviceman and an office machine serviceman could also be used in the Moscow area.

Hartstein's report indicated that there is a continued slight decline in the number of persons seeking jobless pay in the area. He said that, although 18 persons filed new claims for benefits, the total number of unemployment insurance claimants dropped from 231 to 228 during the week. A year ago, there were 214 persons seeking unemployment compensation in Latah county. A slight decline should be noted for each of the next few weeks, and then when school resumes, quite a number of persons will discontinue filing claims he said.

Job opportunities continue to remain scarce for those persons who are seeking work for the balance of the summer, Hartstein advised. He said that this summer has not been a good one for the students, and that some have indicated to his office that their education might have to be interrupted because of lack of funds, as a result of not having work during the summer.

Home Cookin'

Our recipe for this week was sent in by Mrs. Alma Betts, our faithful Golden Rule correspondent. She said as it is zucchini squash time, she felt like sharing the recipe. Well, it was very thoughtful and thanks so much. We know our readers will enjoy trying it. With zicchinis so plentiful right now, new recipes are always welcome.

Come on ladies, —soon be school time, and you know that means more after school snacks, more entertaining and meal planning. Seems when school starts, then the holidays have a way of sneaking up on us before we realize it. Look through your recipes, and send us some.

FIESTA ZUCCHINI TOMATO CASSEROLE
1 1/2 quarts boiling water
2 packets dry onion soup mix
4 ounces spaghetti, broken
1/3 cup butter or margarine
2/3 cup coarsely chopped onion
1 cup green pepper strips
2 to 3 zucchini (about 3/4 lb) washed, ends trimmed and cut in about 1/2 inch slices
4 medium sized tomatoes, peeled and cut in wedges
1/4 cup snipped parsley
1 teaspoon salt
1/8 teaspoon black pepper
2/3 cup shredded swiss cheese
1. Add onion soup to water and boil spaghetti until tender, drain and reserve liquid.
2. Cook onion and green pepper in hot butter till tender, add zucchini, cook 5 minutes. Stir in tomatoes, parsley and seasonings. Turn contents into 2 quart casserole. Add drained spaghetti and toss to mix. Sprinkle cheese over top. If necessary reheat in oven. 6 to 8 servings. *The strained soup may be stored for future use as broth, for cooking vegetables or sauces. I have also frozen the above recipe. To my taste it is very delicious.

STALLION OF LONG AGO
Last night while dreaming, I seemed to ride;
On my stallion of yesterday;
Over the clover-sweet countryside
Out where the memories stay.

Wild as a mustang; fleet as a fawn
He galloped on while I dreamed;
Out of the darkness into the dawn;
Onward forever, it seemed.
Soft winds came back to the pines
once again
Wild roses bloomed in the snow;
On that stallion of long, long ago,
again;
And I rode back to the OLD DAYS

VICTIMS OF VAPORIZERS

Some "cold steam" vaporizers may trigger asthma attacks.

Designed to increase the humidity in rooms, the vaporizers are often used for patients who have influenza, bronchitis and other respiratory ailments. The moisture can help unclog congestion and make it easier to breathe. But fungi can flourish in the misty paradise if the devices are not cleaned often and cared for properly.

Tests by Dr. William R. Solomon at the University of Michigan which were reported in a recent issue of Medical Tribune showed that vaporizers can spew out the fungi into the air in the room. When some vaporizers are turned on the airborne particles can increase by as much as 470 times!!

Some of the millions of particles are one-celled fungi that multiply by dividing like crazy. When the fungi are breathed in, they can cause infection as well as aggravate asthmatic symptoms and even trigger attacks. Dr. Solomon tested different vapor-

izers on volunteer asthma patients and patients with recurrent allergic summer symptoms and found that unclean devices caused by worsening of symptoms within a half hour. To avoid this problem which can also occur in humidifiers in general as well as some air conditioners people should be extremely careful to clean the devices thoroughly and frequently says Dr. Solomon. Every two or three weeks.

Breathing can be a hazardous business in these days of air pollution and cigarette smoke. Even supposed aids to breathing like vaporizers can cause trouble. Find out more about hazards to breathing from Idaho Tuberculosis and Respiratory Disease Association, 2621 Camas St. Boise Idaho 83705. They have the facts.

A government for the people must depend for its success on the intelligence, the morality the justice, and the interest of the people themselves. — Grover Cleveland.

GAME BIRD & FUR REGULATION RECOMMENDATIONS FOR 1972

by Dee Hibbert
 Idaho Fish and Game Dept.
 Idaho Fish and Game Department personnel met in Coeur d'Alene July 29, 1972 to formulate their recommendations to the Idaho Fish and Game Commission for the 1972 Upland Game Bird and Trapping Regulations.
 The Fish and Game Commission will hold a meeting on August 16, 1972 in Boise at 600 South Walnut Street for establishing the final regulations. A public hearing will be held between the hours of 1:30 p. m. and 5:00 p. m. on that date to hear testimony and consider evidence with respect to setting upland game bird hunting seasons and regulations and furbearing animal trapping seasons and regulations for the 1972-73 seasons.

Any interested persons may attend this hearing and give testimony or express his views on these matters. They may also make their wishes known by letter to the Idaho Fish and Game Commission, 600 South Walnut Street, Boise, Idaho 83701. The following are recommendations made to the Commission by field personnel of the Idaho Fish and Game Department:

- Pheasants**—All of Region II counties—Clearwater, Latah Lewis and Nez Perce: Same as last year—October 7 to November 12, 1972.
 - Huns, Chukars, Quail Species**—Portion of Salmon River drainage in Idaho, Lewis and Nez Perce counties and the main Spake River drainage in Idaho and Nez Perce counties from Brownlee Dam downstream to, but excluding Tammy Creek and portion of John's Creek above Tolo Lake: September 16 to January 21, 1973, same as 1971.
 - Latah and remainder of Idaho, Lewis, and Nez Perce counties: September 16 to December 31, 2 days longer than in 1971.
 - Forest Grouse**: All of Region II counties: September 20 to November 26, 1972, same as 1971.
 - Wild Turkey**: Big Game Management Units 11 and 14; September 23 to October 6, same as 1971.
- The trapping season recommendations are as follows:
- Muskrat and Mink: Clearwater, Latah Idaho, Lewis and Nez Perce counties: November to December 31. No change from 1971.

Mrs. Lawrence Heimgartner and Mrs. Elmer Heimgartner with 28 guests present. Many lovely gifts were received by the honorees and many unable to be present sent gifts by friends and neighbors.

THE INVISIBLE POLLUTANT

We can close our eyes to wipe out the world, but we can't shut our ears. The decibel count in our industrial society is soaring. Jet planes streak across our skies. Trucks and millions of cars pound our highways.
 Rock music chokes the airwaves, and television sets turned up too high assault our silence.
 Noise bombardment affects our hearing and high levels can cause permanent hearing damage. Experiments have shown exposure to high levels disrupts sleep and rest patterns, causes irritability and mental distress and reduces work capacity. Abnormal heart rhythm may be associated with long-term occupational noise.

For reasons not yet fully understood, noise even affects the way we breathe. A recent report prepared by the U. S. Army shows that our rate of breathing actually decreases from exposure to noise. And the heart rate and blood pressure increase. Experiments on animals showed that exposure to high levels of noise also damaged the kidney, liver, and stomach, as well as caused deviations in brain waves and skin resistance.

We can, of course, start wearing earplugs and insulated helmets. But we can also demand that top levels for noise be established at the places where we work and the cities where we live.

Noise is polluting our planet and altering the way we breathe and live. Fighting pollution is a matter of life and death. To join the fight, contact the Idaho Tuberculosis and Respiratory Disease Association, at 2621 Camas Street Boise Idaho 83705.

**Let Salad Dressing
Dress Up Your Meals**

Your salad dressing is vital to the success of your salad says Esther H. Wilson, extension nutritionist, University of Idaho.

Salad dressings serve two purposes to develop flavor of the ingredients and to increase food value, Mrs. Wilson explains. Flavor in dressings comes from oils, acids such as vinegar, lemon or other fruit juices, salt, pepper, and other condiments. A salad with too little dressing is insipid. Too much dressing covers and kills the natural flavor of the featured food.

Vinegar or other acid ingredients in salad dressings keep fruits like apples from darkening. If you don't want to use an acid dressing, dip fruit in vinegar or lemon juice before adding dressing.

The type of salad and dressing used is influenced by its place on the menu. For instance, a first course salad might be light, just enough to whet the appetite. To match the light salad, the dressing could be French or fruit juice. A light salad with a tart dressing is a good accompaniment to the main course. When salad is the main course, it needs a heavier dressing, such as boiled dressing, mayonnaise or whipped cream.

Choose the type of dressing to match the texture of your salad. Plain French goes well on fresh salad greens, vegetables, fish and cheese suggests Mrs. Wilson. Variations of French work on shellfish, egg and vegetables. Sour cream goes well with cucumber and all aqueous vegetables and fruits. Mayonnaise with a whipped cream enhances fruit salads.
