

Juliaetta School News— Annual Juliaetta School Auction Sale Set For Thursday Evening, October 5

The Juliaetta Elementary School auction will be this Thursday night, at 7:30 in the Juliaetta School gym.

This year some of the money will be applied to a backdrop on the upper playground—which is really a "must".

We will have a piano to be auctioned off; also a double, galvanized sink, garden produce, cake, pies, new clothes, new games and toys and many other items—which have all been donated.

All articles for the auction will be appreciated. We already have had some cash donations.

If you have any items to donate and want the school to pick them up, please call 276-3422.

Students will present a musical program before the sale begins, under the direction of Mr. Williams.

A film will be shown in the cafeteria for children wishing to attend during the sale.

Library Topics

Mrs. Eugene Taylor brought attractive plants, including her beautiful Christmas cactus, to brighten up the library.

Gilbert Hibbard placed two gold fish in the aquarium.

The primary students are being introduced to Smokey Bear and Little Marcy with strip film and sound.

New books are arriving and being processed.

First Grade News—

The first grade students enjoyed a magic show Tuesday morning presented by Mark Evans at the high school.

Halloween will start appearing for the first graders. They will begin making black cats, witches and pumpkins. Parents, remember the school auction Thursday. Be sure and come to see your children perform in a short musical program.

Second Grade News—

We learned how to put words in A-B-C order.

We heard many interesting things about Indians this past week. We brought Indian items from home and set up a display and invited the 4th grade to view it. The teacher brought hominy for us to taste. Hominy is a food the Indians eat.

Friday was Shannon Ruark's birthday and she brought candy treats for everyone.

Neal work this week—Shawn Shawyer, Jackie Jones, Ned Jacobson, Wendy Snyder and Diane Bailey.

Fourth Grade News—

Deserts will be our next unit in science. Ronda Conway, Keven Filger, Larry Gillispie, Teresa Hamilton, Janey Jacobs and Grady Shawyer got 100's on the final electricity test.

Student of the Week is Leonard Arnett.

Willie the Bookworm is still growing. Now he's about 22 feet long. How long will he be by open house?

For this Thursday, our part of the entertainment at the auction will be a whistling-singing rendition of "Oh, Susannah." We hope you'll all come! One day last week, all 30 of us got 100 on a math paper. Our reward was a piece of red licorice! Yummy!

Judy Bailey, Janice Cook, Larry Gillispie, Janey Jacobs and Gina Whittinger were all able to figure out all of the nouns and verbs in their English sentences. Good for them!

Fifth Grade News—

The fifth graders are waiting for that moment Thursday night at the Auction Sale! The class is learning to square dance.

On the 5th class reading tests, Ferris Cuddy and Bonnie Lawrence got the highest grades.

Sixth Grade News—

The sixth grade and all the other rooms went to an assembly about a magician. I think all of the younger kids liked it, but some of the sixth graders thought it was fakey.

In science we are on chapter 3. We are studying about magnets and we have been doing experimenting and working with them.

In language we are on page 100 and we are studying compound subjects, direct objects and the eight parts of speech.

Scott Marfull, Reporter

Reading Class Topics—

The sixth grade reading class has been busy the past week writing Haiku poetry.

The testing has been completed in the supplemental program and we have been reading some very good stories.

The fourth grade students learned that "everyone has a bad day once in awhile. While playing our "Pirate Treasure Hunt" game, we all had difficulty with our words—it ended up a tie for the treasure, but a good game played by all.

Methodist Women's Rummage Sale Saturday, October 14

The annual rummage sale sponsored by the Methodist church ladies will be held Saturday, October 14, at the Kendrick Fire Hall. Sale hours are from 9:00 a. m. to 4:00 p. m.

Plan to attend.

Anyone having items to donate for the sale may contact Mrs. Robt. Magnuson and arrangements will be made to have them picked up.

Kanyon Klub To Meet Wednes., Oct. 11

The Kendrick Kanyon Klub will meet Wednesday, October 11, at 1:30 p. m. in the home of Mrs. Paul Lind. Mrs. Ron Ozier and Mrs. Harold Olderman will be co-hostesses for the meeting.

The program for the afternoon will be Show and Tell with all members participating. Roll call will be answered by relating a favorite Bible story.

Kendrick's New Garbage System Will Begin Nov. 1

Kendrick will enter into the County solid waste disposal system effective Nov. 1, it was announced by Mayor Bob Watta following a council meeting Tuesday night. Until then garbage will be collected in the usual manner.

Watta said the council will be working out details of the change-over between now and Nov. 1 and will publish the charges and rates which will be made for the new service prior to its taking effect.

THANK YOU

Our sincere thank you and appreciation to all our friends who helped in many ways to get our fall farming done, and for the extra help, inquiries, gifts, flowers, cards, food, and prayer shown to us during David's hospitalization.

All of these kindnesses have meant so much to us.

Flintstone Rock Club Meets Thurs. Oct. 5

The first fall meeting of the Flintstone Rock Club will be at the Kendrick Fire Hall, Thursday, October 5th, at 7:00 p. m.

The program will be a show and tell session. All members are asked to be prepared to show any material they have obtained during the summer and tell of any trips they made. Guests are welcome and refreshments will be served.

A Few Tips On Successful Farming . . .

A new slant on the requirements for successful farming was printed in the Idaho Press recently as follows:

1. A wide-brimmed hat, one pair of light pants and \$20 boots from a discount store.
2. At least two head of livestock—preferably cattle—one male, one female.
3. A new air-conditioned pickup with automatic transmission, power steering and trailer hitch.

Aged Manuscripts Arrive at High School

On October 2, ten manuscripts arrived at Kendrick High School from the Biblical Library of the Slotkin Foundation, Los Angeles, California. The manuscripts consist of original pages of works dating from 1490 to 1850. Mr. Steven Branting, instructor of literature, arranged for the donation of the manuscripts to the school last summer.

The only stipulation that the school had to agree to was to display the works for all the student body. In order to do so, a display case is in the process of construction. The display will be rotated each month.

The public is invited to visit the high school to view these rare works.

Need a Slave? — Call A 7th Grader Saturday

Members of the 7th grade Class at Kendrick Jr. High School are planning a slave day this Saturday, Oct. 7, to raise money for class projects. Groups will be working in Kendrick and Juliaetta beginning at 9:00 Saturday morning.

It's a good time to get your lawn in shape or some fall cleaning done. To be assured of a willing worker contact Lyle Deobald, 289-5887, in Kendrick, or Daren Manfull, 276-3201 in Juliaetta.

Lyle Peas Observe 25th Anniversary

Over forty friends and relatives gathered Saturday, September 30, to help Mr. and Mrs. Lyle Pea celebrate their 25th wedding anniversary.

The couple's son, Steve, presented his mother, Louise, with a lovely corsage and his father a boutonniere for the occasion. The beautiful 4-tiered cake was baked and decorated by Mrs. Pearl Conner, Lyle's sister.

Attending were Mr. and Mrs. Bob Thompson of Valley, Wash., who had come from the greatest distance; Rev. and Mrs. Ralf E. Hull, Palouse, Wash.; Mr. and Mrs. Steve Pea, Pullman; Mr. and Mrs. Emery Trautman, Mary and Kenny, Moscow; Mr. and Mrs. Harry Conner and two children of Genesee; Carl Bakken and Karen Wolfley, Nora and Randy Ownby, Glenda German, and Jennifer and Ruben all from Princeton; Mr. and Mrs. L. O. Holbrook, Lewiston; Nina Coffland and Susan, Mercedes March, neighbors at the trailer court; Mr. and Mrs. Wm. Lublow, Mr. and Mrs. Clyde Davis, Jim and Chester, Wanda Weems, Mr. and Mrs. Joe Wing, Nina, Cathy and Matthew.

There were many beautiful and useful gifts which were gratefully appreciated. A lovely chrysanthemum plant was also received; a gift from the boys at the fraternity house at the U. of I, where Louise cooks.

John Denner Weds Carla Hicks In Texas

Carla Hicks, daughter of Mr. and Mrs. Elton Hicks of San Antonio, Texas, and John Denner, son of Mr. and Mrs. Tom Denner of Juliaetta, were united in marriage August 26, at Lackland Air Force Base in San Antonio, Texas in a floral setting. Chaplain Robert G. Gower officiated.

Attending the bride was her cousin, Terri Somets. Thomas Pfeiffer, who was stationed with John at Brooks AFB, was the best man. The ushers were twin brothers of the bride, Kevin and Keith Hicks.

The newlyweds honeymooned in Mexico and are now at home in Genesee.

A reception was held at the home of the bride's parents. Another reception was held October 1 at the Zion Lutheran Church in Juliaetta by the groom's parents.

Assisting at the reception were Mrs. Gary Lohman, Mrs. Ted Grose, Mrs. Wayne Wegner, Mrs. Dale Laird, Mrs. Donald Denner, Mrs. Robert Denner, Mrs. Mike Hedler, Mrs. Adolph Denner, Mrs. Geo. F. Denner, Burneda Cummings and Mrs. Walter Denner. Judy Hedler and Betty Farrington were at the guest book.

CARD OF THANKS

I would like to take this opportunity to say "thank you" to all my wonderful neighbors, friends and relatives for all their deeds, cards and visits during my illness. It was all truly appreciated. — Jean Clemens-Hagen. 40c

New Garbage Collection System, Rates Discussed at Genesee Council Meeting

James Armitage, Latah County Planner and Solid Waste Coordinator, Richard Johnson, owner and operator of Johnson Trucking Co., Moscow and Pete McGerry of the Environmental Protection Agency office of Solid Waste Management from Cincinnati, Ohio, met in special session Monday evening, October 2 with the Genesee City Council to discuss the Latah County Garbage Collection System which went into effect in Genesee October 2.

Under the new system, Johnson's Company collects the city garbage and transports it to the County Landfill on a 20-acre tract near Joel. The system replaces the city's present system of solid waste disposal and the Genesee dump ground.

Mayor D. F. Scharnhorst, who presided over the session, asked the

question most frequently heard when the new system was established—this concerned the collection fee relating to people on fixed income—that is widows, retired people or those living alone, on whom the regular fee would, or could, cause a financial hardship or for those who do not have a large enough volume of garbage to warrant weekly pickup for the standard set fee.

Some recommendations were that variances in cost be granted only in cases of financial hardship, with the city being the governing body.

Johnson stated that in his experience that hardship cases have been less than one percent.

The Rates

These are the rates for collection set forth under the new system:

Individual Residences	\$2.90
Duplexes (each unit)	\$2.90
Apt. Houses (each unit)	\$2.00
Trailer Houses in mobile park	\$2.00
per trailer	\$2.00
Trailer houses on individ. lots, not located in mobile home park	\$2.00
Commercial Rate	\$2.90
per can rate, per wk.	\$.90
Per Cub. Yd. — per month for each cu. yd. collected per wk	\$6.00
Container Rentals (Additional charge per month for 1 yard container)	\$6.00
2-yard container	\$9.00
Rate at Landfill, per ton (with min. of \$1.00)	\$3.50

Trojans Snap Tiger Streak 8-0

All good things must come to an end and Kendrick's four-game football winning streak ended last Friday on the KHS gridiron when the Troy Trojans edged out the Tigers 8-0 in a hard-fought contest that left Troy in undisputed first place in the White Pine League with a 4-0 record.

Only a 24-0 loss to Genesee in the first game of the season, in a non-league contest, marred the Trojan record.

It was a defensive team's game last Friday with both squads showing why they had remained unbeaten in league play, as they battled to a scoreless tie in the first half.

After banging the ball down to the Tiger 30 in the third quarter, the Trojans sent Vern Illi around end for the first and only touchdown of the game. Later in the same period Troy caught a Tiger back in his own end zone and got a two-point safety, which ended all the scoring.

At Caldwell Thursday

Kendrick High School will be enjoying a one-day vacation Friday and the ball team will play this week's game Thursday afternoon as they meet the Caldwell Wolves at Caldwell. Game time is 1:30.

Bulldogs Defeat Timberline 22-12

Genesee, aided by the return of quarterback Doug Moser, got back on the winning track last Friday night and defeated the Timberline Spartans 22-12 on the Spartan field. For the Genesee team, it was their first league win, having dropped league games to Lapwai and Kamiah.

Moser, hurt in the Lapwai game, showed little sign of injury, as he ran 21 yards for the first Genesee touchdown in the first quarter and then passed to Terry Green for a three-gainer worth six points.

Timberline scored on an 80-yard pass play in the first period, but failed to convert and then scored again on a pass in the fourth period before Curt Hermann took the ball in from one-yard out to make the score 22-12.

At Grangeville Friday

The two Bulldog teams play Friday as Genesee's Bulldogs go down to meet the Grangeville Bulldogs. The Grangeville team is undefeated in league play this year and topped Potlatch last weekend.

Leland Church Bazaar, Dinner Is October 19

Leland Community Church will hold their annual chicken dinner and bazaar October 19. The event will be in the basement of the church with serving to begin at 5:00.

Proceeds from the dinner and sale are used to make needed repairs on the building and support church projects.

Be sure to set aside this date on your calendar.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the cards, flowers, gifts and prayers for Jim while he was in the hospital. We will never forget the kindness and concern of our friends. — Jim and Vera Murray. 40p

Rim Riders Set Gymkhana Date

Genesee—The Genesee Rim Riders will hold their annual Fall Gymkhana on Sunday, October 8th at their arena east of town starting at 1 p. m. There will be five events for all ages.

Entry fees are 75c per event and sign-up time is any time before the gymkhana starts. All around trophies will be given in each age group with ribbons awarded to 4th places.

Time permitting, there will be the baton race. Games for the day will be barrel racing, pole bending, flag race, musical hats, for 12 and under, and musical sacks for the 13 year olds and over age groups.

The concession stand will open for those caring to buy sandwiches, soft drinks and doughnuts. Hope to see you there!

Genesee Project Survey Results

Genesee—The project survey sent out by the Genesee Civic Assoc., Inc., Genesee City Council and the Genesee School District has been compiled and the results are as follows with 37 percent of the surveys returned.

Survey sent-out: 450; surveys returned: 169.

1st choice: swimming pool.
2nd choice: tennis court.
3rd choice: Main Street.
4th choice: development of upper park.

Means of Funding:

Local support: 93; tax levy: 42; school bond: 20; other: 32.
In Favor of Community Day:
Yes: 98; no: 38; no comment: 28; undecided: 7.

From the survey results, the Project Committee has submitted to the Genesee Civic Association the following conclusions:

1. Further study required on swimming pool, as to initial cost, operating cost, funding, use, and general feasibility. Suggest separate committee for this study. Many people do not know what these costs are and what a project of this size and scope involves. Expect a project of this nature to take 2-5 years or longer for completion.
2. Projects such as development of upper park, fence around basketball court, tennis courts, picnic tables, and fireplace in picnic shelter could become a reality in 1-2 years with funding from local support and volunteer labor plus possible federal funding.
3. Summer short courses can become a reality next summer, after an organized meeting is called this winter.
4. Main street beautification requires a cooperative effort between the businesses, city and civic organizations.
5. Golf course and community day equipment building lacks community support.

This information has been presented to the Genesee Civic Association and is under consideration.

C. D. A. TO HOST TEA FOR LOCAL LADIES

Genesee—The ladies of the community are cordially invited to a Tea on Wednesday October 19, 1972 at 2:30 p. m. in the St. Mary's Catholic school gym. Refreshments and entertainment will be furnished by the ladies of the Catholic Church. Everyone welcome!

Schools Topic At Civic Club Meeting

Genesee—The Genesee Civic Club met Thursday evening, September 3, at the Genesee Cafe. About fifty people were present for the smorgasbord dinner, prepared by Mrs. Hollis Gasaway.

Special guests included teachers new to the faculty at Genesee. Introduced were Mrs. Judi Mathison, Home Economics, and her husband, Mike; Mrs. Ora Miller, librarian and 8th grade English, and her husband, John, Moscow; George Moffett, English, and his wife Carole, Moscow, and Layne Howell vocational agriculture.

The program consisted of a presentation by Mrs. Kathy Heinemeyer, second grade teacher, who described new individualized reading and mathematics programs in the first three grades. She showed a "Magna-board", part of a Scott-Foresman reading program that is used with other materials. Dick, Jane and Sally have been abandoned in favor of real-life situations and conversations, Mrs. Heinemeyer said. Mrs. Joyce Diehl and Mrs. Verla Peterson are helping with the programs. Ed Davis, high school principal, told the group that Genesee High School meets or exceeds all accrediting requirements of the Northwest Association of Secondary and High Schools. The school program is strong in academics, so increased emphasis is being placed on vocational education and other areas.

Superintendent Les Diehl told Civic Association members that reorganization of districts will be tied to financing this year in the legislature, and that voters should find out how candidates stand on school reorganization before the November election. Genesee is considered a wealthy district and equalization of educational funds throughout the state will cost local taxpayers money without improving the district program, he said.

At the business meeting preceding the program, it was announced that the Consolidated Fund Drive would begin October 2nd. Mrs. Everett Wishard is chairman. A goal of \$3,000 has been set and workers will be contacting area residents.

Members of the Jolly Janes Home Extension Club asked the Civic Association to support projects to finance a swimming pool. These ladies have contacted all of the organizations in Genesee to determine whether they will receive help in beginning a drive to finance a pool. Leonard Singhouse gave results of a community questionnaire which showed that the majority of the respondents favored a community swimming pool. He added that considerable study will be needed on feasibility and financing of such a project. Complete results of the Projects committee survey on projects and whether Community Day should continue will be found elsewhere in this paper.

The Genesee Civic Club is open to all residents and meets the fourth Thursday of each month except June, July, and August. Dues are just \$5 per family.

Jolly Janes Club

Genesee—The Jolly Janes Home Extension Club meeting was held September 28th in the home of Mrs. Royce Howell with Pearl Conner co-hostess.

A letter was read from the Latah Home Health Agency pertaining to services to Latah County and surrounding areas.

Seven members of our club responded to an invitation to Civic Association to attend their meeting of the month.

Our next meeting will be at Elaine

Genesee Valley

Several members of the Valley ALCV visited the Latah County Convalescent Home Thursday and gave a birthday party for patients there. Rev. Wm. Lead gave a brief talk and sang. Next meeting October 12.

Mr. and Mrs. Oscar Danielson were Sunday morning coffee guests of Mr. and Mrs. Leon Danielson. Mrs. Danielson spent Tuesday and Wednesday with her daughter, Mrs. Donna Hauser and husband in Spokane while Mr. Danielson attended a Commissioners convention from Tuesday to Saturday in Idaho Falls.

Mr. and Mrs. Ernest Qualey spent Sunday afternoon with Mr. and Mrs. Levi Rossabo. Roger Rossabo, Pullman was a Saturday evening caller.

Mrs. Bill Sales of San Bruno, California was a Saturday luncheon and afternoon visitor of the Vernon Peterson family. Mr. and Mrs. David Peterson and two children of Lewiston were Sunday dinner guests.

Mr. and Mrs. Glen Allor of Lewiston were Thursday night supper guests of the Laverne Anderson family. Mrs. Verla Peterson, Mr. and Mrs. Bill Posivio, Mr. and Mrs. Clifford Johnson of Mt. Home and Mrs. Mabel Hillman and Mrs. Hattie Kimberling were among those attending a birthday party at the Latah County Convalescent Home on Monday honoring the 64th birthday anniversary of Mrs. Pearl Huntbach, who is a patient in the home. The self-invited guests brought birthday refreshments.

PAPERBACK BOOKS BEING COLLECTED

Genesee—Members of the American Legion Auxiliary are collecting paperback books to send to the Veteran's Hospital in Boise. Anyone having books they would give away is asked to leave them at Springer Insurance or call Mrs. D. F. Scharnhorst, ATAS 5-3116, and they will be picked up.

Alcohol Involved In Many Traffic Deaths

54,000 men, women and children died in motor vehicle crashes during 1971. 4.7 million others were injured, many permanently.

And, in at least half of those deaths, alcohol was involved. Until recently alcohol was rarely listed as the cause of an accident. But new research techniques and investigation procedures have finally exposed the drunk driver as the greatest menace on our highways.

So, we have a new statistic! What next? Next, according to commentary in The Travelers Insurance Companies latest compilation of highway accident statistics, we must overcome complacency. We must build public opinion to the point where drunk drivers will not be tolerated on our highways. It is apparent that the nation's alcoholics, who number only two percent of all licensed drivers, are involved in a greatly disproportionate number of accidents. The

Enemies In The Dust

Invisible fibers and dust in the air can cause permanent lung damage. Although coal miners and cotton mill workers have special occupational hazards, all of us run an unknown risk. Take asbestos, for example. In a recent study at Mt. Sinai Hospital in New York, researchers were astonished to find traces of asbestos in every single lung they examined from randomly selected autopsies. Last year the Mayor signed into law an air pollution control code that now prohibits spraying fireproofing materials containing asbestos on buildings under construction. Such sprayings spew out 25 percent of the asbestos directly into the air.

Although the new law protects people, it is no cure-all because asbestos dust is dumped into the air when old buildings that have been sprayed years ago are torn down. And every time anyone puts a foot on a car brake, some asbestos escapes. No expert is yet sure how much asbestos is too much, but every fiber that is inhaled lodges in the lungs—permanently. Some experts predict that in future decades asbestos fibers in the lungs of city dwellers, will in fact overtake cigarettes as the major cause of lung cancer.

Asbestos workers are at special peril, and men who mine materials like silica and quartz not long ago had high rates of another respiratory disease, tuberculosis. Drugs can now treat and prevent TB but the suspicious TB rates among these mineral miners first caused the investigation into the harmful effects of breathing in mineral dust. Inhaling the dust weakens the lungs and makes infection more possible. People who cut granite and those who make pottery and china may also be exposed to dusty dangers.

To find out more about enemies in the air and how we can better defend ourselves, contact the Idaho Tuberculosis and Respiratory Disease Association, 2621 Camas Street, Boise Idaho 83705. It's a matter of life and breath.

examination of court records of drunk-driver cases shows that the majority of drinkers involved in fatal crashes have long histories of problem drinking.

Laws alone cannot remove a drunk driver from the road, according to The Travelers booklet. Statistics show that a large percentage of drivers whose licenses have been suspended or revoked continue to drive. Effective enforcement must be balanced by rehabilitation programs which will benefit society and the problem drinker.

BUILDER-FINANCED APPLIANCES CAN BE COSTLY

Is it economical to buy appliances through a builder, asks Ruth W. Spidahl, extension home economics leader, U. of I.?

Builders of homes, apartments, condominiums and mobile units sell a little more than one-fourth of all major appliances today, Mrs. Spidahl reports. They claim appliances and carpeting help sell houses because people like to move into a fully equipped house without having to shop for appliances and carpets. Builders claim they can offer items at much lower prices than you would pay for identical brands in retail stores.

On the other side of the coin, the builders offers no choice of models. He usually sells only one manufacturer's brand, selected more for its negotiated wholesale price than its quality. Builders in general have not always honored warranties.

Figures show why it's expensive to finance home furnishings and appliances through the builder. You might pay \$675 for selected appliances at an appliance store. A builder usually charges one-third less, or \$450. The average mortgage on a new house has a 27-year term. House hold appliances usually last 10 to 15 years. This means an appliance will have to be replaced long before it's paid for, Mrs. Spidahl says.

Depending on the interest which the store or builder charges you for financing your appliances, financing through the builder could cost \$200 to \$300 more. Looking at it another way, for the first eight years you pay off interest on the mortgage rather than the principle. During that time you still owe the mortgage lender most of the purchase of appliance.

If you are in the market for a home, purchase carefully. Consider

Home Cookin' . . .

Mrs. Ethel Liberg, former Genesee resident, now of Coeur d'Alene has contributed cookie recipes to our column this week.

Cookies are an alltime favorite—and with school in full swing, the cookie jar is the first place headed for when the kids come from school. They make delicious bed time and in-between meal snacks, too.

We've been told many times that Mrs. Liberg was "one of the best cooks in Genesee" when she lived here. We believe that, for her recipes are always looked forward to and appreciated.

One Genesee lady has already tried her recipe for Apple Crisp and says it's delicious.

COCOA BROWNIES

- 2/3 cup sifted all-purpose flour
- 1/3 cup cocoa
- 1/2 teaspoon baking powder
- 1/2 teaspoon salt
- 2 eggs, unbeaten
- 1 cup brown sugar
- 1 teaspoon vanilla
- 1/3 cup salad oil
- 1 cup coarsely chopped nuts
- Sift together flour, cocoa, baking powder and salt. Set aside.

In mixing bowl slightly beat the eggs. Gradually stir in sugar. Add vanilla and oil and mix well. Stir in flour-cocoa mixture. Then nuts. Spread in greased shallow 11x7 or 9 square pan. Bake at 350 degrees for 22 to 25 minutes. Cool in pan, then cut into bars or squares. Makes 20 to 24 fudgy bars.

Brown Sugar Refrigerator Cookies

- 1/2 cup (1 stick) soft butter or margarine
- 1 cup Golden Brown sugar
- 1 egg, unbeaten
- 1 teaspoon vanilla
- 2 tsp. grated orange rind
- 1 3/4 cup sifted all-purpose flour
- 1/2 teaspoon salt
- 1 teaspoon baking powder
- Beat together butter, sugar, egg, vanilla and orange rind.
- Combine flour, salt and baking powder
- Sift into first mixture and mix well
- Chill dough. Then shape into roll about 2 1/2 in diameter. Wrap in wax paper and store in refrigerator or freezer.

To Bake: Unwrap and cut in 1/8-inch/ slices. Lay on greased cookie sheet, then use floured cookie cutter to cut slices into fancy shapes. Gather up scraps of dough and press together and chill again.

Bake at 400d. 6 to 8 minutes. Makes 4 to 5 dozen crisp, butter-scotchy cookies.

Mrs. Liberg adds that these are "real good."

Pumpkin Cookies

- 2 cups Golden Brown sugar
- 2 cups cooked or canned pumpkin
- 1 cup salad oil
- 2 teaspoons vanilla
- 4 cups sifted allpurpose flour
- 2 teaspoons soda
- 2 teaspoons baking powder
- 1 teaspoon each, salt, cinnamon and nutmeg
- 1/2 teaspoon ginger
- 2 cups raisins
- 1 cup chopped nuts

In mixing bowl beat together sugar, pumpkin, oil and vanilla. Sift together dry ingredients. Add and stir until smooth.

Blend in raisins and nuts. Drop by spoonful on lightly oiled baking sheet. Bake at 350d. for 12 to 15 minutes. Makes about 7 dozen. No eggs needed in these moist, soft cookies.

Apple Crisp

- 1 cup brown sugar
- 1/2 cup all-purpose flour
- 1/2 teaspoon nutmeg (Mrs. Liberg says she doesn't care for nutmeg so adds 1 tsp. cinnamon)
- 1/2 teaspoon cinnamon
- 1/2 teaspoon salt
- 1/2 cup butter or margarine, 1/4 stick
- 5 cups sliced, tart apples
- 5 or 6 apples, depends on size
- Mix sugar, flour, spices and salt.
- Cut in butter until mixture is crumbly. Spread apples in bottom of buttered 8 or 9-inch pan.
- Sprinkle crumb mixture over fruit. Pat lightly with fingers.
- Bake uncovered at 350d for 40-50 minutes or until apples are tender. Serve warm with cream or ice cream. Makes 6 to 8 servings.

Date Bars

- 1/2 cup flour
- 1/2 teaspoon baking powder
- 1/4 teaspoon salt
- 1 1/2 cups cut-up pitted dates (8 oz)
- 1 cup coarsely chopped walnuts
- 2 eggs
- 1 cup brown sugar
- 1/4 cup salad oil
- 1 teaspoon vanilla

Mix flour, baking powder and salt. Combine with dates, nuts and set aside. Beat eggs, add sugar and beat well. Mix in oil and vanilla. Stir in flour-date mixture, mixing thoroughly. Spread evenly in greased, floured 13x9 baking pan and bake at 350d for 25 to 30 minutes. When slightly cool, cut into bars. Makes three dozen.

Mrs. Liberg adds that these should be good with winter coming on.

Tips For Storing

Canned foods keep best when stored in a cool dry place (40-60 dF). Don't store them near steam pipes, radiators, furnaces, kitchen ranges, or any other heat source. Long periods to exposure to high temperatures (over 70dF) can cause loss of color, flavor, appearance and nutrients, however, the food shouldn't spoil.

To be assured of high quality, use canned goods within a year. Once a can is opened, the food should be treated just like any other cooked food.

A government for the people must depend for its success on the intelligence, the morality the justice, and the interest of the people themselves. — Grover Cleveland.

the total cost of appliances if you choose to finance them through the builder. It might be better to plan a large enough initial payment to cover their price.

IDAHO BEAR MANAGEMENT CHANGED TO FIT STATUS

Idaho's two carnivorous big game animals, the mountain lion and black bear, are the objects of numerous questions to the Fish and Game Department.

Most letter writers and telephone callers want to know if there is a hunting season for these animals and if so, in what management units. They also want to know whether dogs may be used for hunting black bear and lions.

Black bear seasons and regulations are essentially unchanged from 1971. It is illegal to use dogs to "trail, pursue, hunt or kill" black bear in any management unit during a general or controlled deer or elk season, or in specified units or periods of time. A \$2 bear tag will be required beginning January 1, 1973 in all units of the state, except those open for year-round hunting for these species.

The commission also closed the year-round season for hunting, trapping or killing cougar May 31, 1972, established a general hunting season for cougar or mountain lion from September 2 through December 31, 1972, except in the following units, which will remain closed: Units 10, 10A, 11, 11A, 12, 16, 19A, 20, 20A, 25, 26, 27, 36, 36A, and 36B. Dogs will not be permitted for lion hunting during the established deer and elk seasons.

Nonconsumptive permits will be issued during the period January 15, March 31, 1973, for the purpose of trailing, pursuing and freeing mountain lions in all units of the state. Lions may not be captured or killed at that time.

Out-of-state hunters must have nonresident hunting and fishing licenses (\$135) and mountain lion tags (\$10) to take this species. The bag limit is one mountain lion a year, excluding spotted kittens or a female with spotted kittens at its side. Kittens may retain dark spots up to one year. It is also unlawful to capture or hold a mountain lion in captivity without a permit.

Social security's teleservice makes it possible to file and complete most disability claims by telephone. Phone social security at Lewiston, Idaho.

WE ARE SURVIVORS

"Those of us who drive today are survivors. Every day, thousands of other drivers who take to our highways aren't so lucky. They wind up victims of the motor car, which in its brief life has already claimed more lives than all the wars in history."

The statement is not a condemnation of the automobile but the first paragraph of a commentary on the problem of drinking drivers. It is contained in the 1971 compilation of Highway accident data published by The Travelers Insurance Companies.

In 1971, according to the 24-page booklet, "Death by Ounces," 54,000 men, women and children met death in motor vehicle crashes. Another 4.7 million were injured, many permanently. Of these numbers, half the drivers in fatal and non-fatal crashes were under the influence of alcohol in one degree or another.

All studies undertaken so far demonstrate that alcohol taken in any amount immediately before driving impairs the operator's ability to some degree. The Travelers booklet notes. This has long been recognized in many foreign countries and is reflected in extremely stringent legislation notably in the Scandinavian nations. Laws alone cannot remove a drunk driver from the road. Strict enforcement balanced by rehabilitation programs will benefit society and keep the problem drinker from creating havoc on the highways and byways of America.

HUNTING-FISHING DAY PROCLAIMED BY NIXON

By Jim Humbird

Idaho Fish and Game Dept. Saturday, September 23, 1972, marks the debut of an annual event in which every conscientious outdoorsman in the state should—yes, must—take an active part. President Richard M. Nixon signed an executive order setting September 23 aside as a national "day," and Gov. Cecil D. Andrus issued a proclamation urging all citizens to acquaint themselves with their heritage in these great natural resources and the environment of Idaho.

They are urged especially, to give recognition to those citizens, who have lent their support and dedicated a good portion of their lives to the proper management of these renewable resources for future generations.

Most of the other 50 states throughout the nation also have proclaimed this day as a state, as well as a national holiday. The states have done this, because there is something unusual about this particular "day." For example, Clyde Ormond comments in his column, "Roamin' East Idaho," "This day has been set aside not for hunting and fishing, but to make the public aware of just what an important part the hunters and fishermen of this nation have done towards conservation, the holding down of pollution, and the conservation of wildlife."

Ormond tells the story of the 70-year-old conservation and clean-up pollution movement by America's hunters and fishermen in his column appearing in the Idaho Falls Post Register. "They fought for cleaner streams, the stoppage of wastes of various types being dumped into the waters, and the cleaning up of wildlife habitat."

"Generally this fell on deaf ears. So the hunters and fishermen had to form their own regulations, and finance their own efforts, to get the job done. The results we've gotten so far as based on this effect," Ormond avers.

"Where the Congress of 70 or so years ago wouldn't listen to sportsmen, largely because they figured there would be more votes from those who'd exploit the land than from the relatively few who wanted to save it the Congresses of today have been gradually forced to listen; and of course they now want to hog the credit for the conservation and anti-pollution movement."

"The rare thing in all this is the fact that the hunters and fishermen have not asked for a dime of public money to accomplish this," Ormond continues. "The popular procedure for getting anything done in a big way in this country is simple: Get a big governmental appropriation, tax the general public to pay for it, let a majority of the money go for administrative salaries and expenses, and have a mild trickle of all the dough get back to any accomplishment."

"But the hunters and fishermen of America have got the conservation cause we're underway with their own money. Here's how:

Every year hunters and fishermen fork over more than \$200 million in hunting and fishing licenses for conservation. Another \$48 million is paid them in excise taxes on tackle, arms and ammunition," Ormond explains. "During this present generation, a total of \$2.2 billion has been paid by sportsmen for the conservation of our wildlife and natural resources. Plus many billions of hours of free effort and work."

AFROTC Help Available For Students

Male high school students who will graduate in 1973 and are interested in flying are eligible to apply for an Air Force ROTC 4-year college scholarship.

One thousand four-year college scholarships are available for students who will enroll in the Air Force Reserve Officers Training Corps at one of the colleges and universities in the United States and Puerto Rico which offer the four-year program.

The scholarships will be awarded to qualified students who agree to become Air Force pilots or navigators after college graduation.

Each scholarship pays full tuition, laboratory fees, and textbook reimbursement. In addition, each scholarship student receives a monthly nontaxable subsistence allowance of \$100.

All applicants for a scholarship must qualify on the Air Force Officer Qualifying Test and on an Air Force medical examination.

A special committee of Air Force officers will evaluate all students who apply for a scholarship. They will consider the student's scores on the American College Test or the Scholastic Aptitude Test, high school grades, extracurricular activities and personal references.

Interested students must submit their applications postmarked no later than November 15. Application forms and additional information may be obtained by writing Directorate of Admissions, Air Force ROTC, Maxwell Air Force Base, Alabama, 36112.

US COAST GUARD SCHOOL PROGRAM

In an effort to remain competitive with the other Services, the United States Coast Guard has announced its version of the guaranteed school program.

Under the new Coast Guard program

Ormond concludes that "the wildlife which the rest of the public also enjoys hasn't cost them a dime. And National Hunting and Fishing Day is to make them aware of this and to induce them to at least make a vote of thanks to those who deserve it."

Thank you, Clyde, for a good, solid column.

But the full benefit of this day cannot be achieved by proclamation alone or even with few good columns and editorials carried by the state's public media. The real results will come through personal contact between sportsmen and the general public, between land management representatives and the public, between Fish and Game Department personnel and the public; To do this, every conservation club in the state as well as appropriate state and federal land and renewable wildlife resource agencies should hold "open house" on September 23.

It's the responsibility of these club and agency personnel to lead the public in a rededication to the conservation and respectful use of the state and natural wildlife and natural resources. The public must be shown, neighborhood by neighborhood, what hunters and fishermen are doing for conservation—and have done for the past 70 years.

Open house at a local sportsman's club, or via a "show-me" trip or at a regional or state Fish and Game Department office, fish hatchery or whatever will give unprecedented opportunities for constructive grass root action aimed at clearing up misinformation and misunderstanding being circulated on outdoor sport.

With full support, everyone in the state will know that the saving of wildlife is and has been the hunter's and fishermen's doing.

And with all the showing and telling, it is time for the hunter to rededicate himself to the ethical frame work of hunting and to renew his respect for the creatures he hunts.

gram qualified enlistees are guaranteed in writing, assignment to the specific basic petty officer school of their choice immediately following recruit training.

Basic petty officer schools provide the very latest in advanced technical training in everything from electronics to aviation and marine sciences to journalism. In addition, these schools allow Coast Guardsmen to advance rapidly to positions of in-

creased responsibility and higher pay.

The Coast Guard Representative is located at United States Coast Guard Recruiting Office, Room 205 U. S. Courthouse, 920 W. Riverside, Spokane, Washington; Telephone 509-456-2526.

PUT THE GOOD WEATHER TO WORK— FERTILIZE IN THE FALL

You're going to be busy as a bird dog next spring, right? So why not apply our Ortho Unipel 27-12-0 Fertilizer this fall. It's especially recommended for hay and pasture fertilization in this area and you'll enjoy these other benefits:

1. The product is in good supply now. Available in bag or bulk. You avoid that "sold out" situation that sometimes occurs in the spring.
2. You'll be fertilizing at a time when you have the time. Not during the spring rush.
3. You eliminate the problem of going into the fields in the spring when they may be soft and wet.

You avoid unnecessary soil compaction.

There are other advantages to fertilizing in the fall and we'd appreciate the chance to discuss them with you.

Hope you'll come in for a chat.

Mrs. Ernest Steigers

Sunday guests in the Albert Heimgartner home included Mr. and Mrs. Wm. Heimgartner of Clarkston and Mr. and Mrs. Leo Heimgartner of Lewiston, also Earl Heimgartner.

Mr. and Mrs. Alvin Steigers, returning from a sale were their Friday evening "drop-ins".

On Monday Mabel took her father and mother to Lewiston for their regular doctor's check-ups.

The Darrell Cowger family of Lewiston and his brother, Lonnie Cowger of Pierce were Saturday supper guests of their mother, Betty Cowger. Lonnie and family remained as overnight guests before journeying on to Lewiston on Sunday.

Attend Reception
Walter Zumhove and Betty Cowger attended the wedding reception of Mr. and Mrs. John Denner (who were recently married in Texas), held Sunday at the Jullaetta Lutheran Church.

Mr. and Mrs. Alvin Collier, Pendleton, Oregon, and his parents from Cedar Rapids, Iowa, spent Sunday evening with Mr. and Mrs. Newt Heath.

Sunday Outing
Helena Brown accompanied her daughter and son-in-law, the Wm. Coopers of Lewiston on a boating-fishing trip on Dworshak pool Sunday. Mrs. Mike (Carol) Richardson and daughters Noel and Rena of Orofino were also in the party.

All was a success, much enjoyed, altho wind shifting and moving logs and debris in their path on the return trip caused hard work and excitement for the boat's occupants.

Lori and Shannon Brown of Lewiston spent part of the weekend with their grandmother, Helena Brown, at Pinecreek.

The flu bug has been visiting in our area and at Lapwal.

Mr. and Mrs. Leslie Heimgartner drove to Yakima on Friday where they visited in the Bob Heimgartner home, returning on Monday.

Tuesday dinner guests in the home of Mr. and Mrs. Cleita Holsington were good friends, Mr. and Mrs. Newt Heath of Hubbard Gulch.

Little cousin Jeanie Greene spent the weekend in the Lloyd Stevens home. Her mother, Mrs. Beverly Greene and sister were the Stevens' Sunday guests. All were from Lewiston.

Mrs. Forest (Flora) Gibbs, Spokane spent Friday and Saturday with her parents, Mr. and Mrs. Newt Heath.

Gordon Heath and family were their Friday afternoon callers. Gordon is "laid off" with a hay hauling mishap, when he dislocated a shoulder.

Mrs. Ray (Evelyn) Evans of Utah has undergone recent surgery, but is recovering nicely, according to a phone call made to her parents.

Mr. and Mrs. Ernest Steigers attended the first fiddlers fall business meeting and jam session held at the Lewiston V. F. W. Hall Saturday evening.

Early Sunday morning, Ernest Steigers, son Ken and grandsons, Brant, Bill, Jr., U. of I., and Mike of Lewiston, drove to the mountains to "set-up" their hunting tent, preparatory to leaving the last of the week for the annual deer-elk hunt. "It is well to make early reservations, where the housing shortage is acute."

Seems we have heard that somewhere.

The beautiful Sunday fall weather was enjoyed by many shore and boat fishermen and women! The catch was very successful for many on the Clearwater River. Not so enjoyable for the fish.

Special Services Conducted
Reverend Ronald Winstanley of Bolivia, South America, last week conducted services Sunday thru Wednesday morning and evening at the Cottonwood Creek Community Church on his work and life in Bolivia.

The Rev. Winstanley, Rev. Douglas Fields, Culldesac and Mrs. Pearl Kerby were Tuesday dinner guests of the Glen Stevens family.

Mrs. Clifford Powell was an overnight Saturday and Sunday guest in the home of her daughter, Mrs. Glen Stevens. Joining them for dinner and the afternoon on Sunday were Mr. and Mrs. Mike Snyder.

MRS MILTON JOHNSON PASSES SEPTEMBER 30
Mrs. W. F. Shirrod received word from Milton Johnson Saturday night informing her of the death of her wife Clarissa, who passed away earlier that day. The Johnsons had been vacationing and visiting with Mrs. Johnson's mother, Mrs. Ethel Hick-Johnson's home in Billings. No details of her death had been learned.

The Johnsons home is in Phoenix. Besides her husband and mother, Mrs. Johnson's survivors include two sons and three grandchildren.

American Ridge

Mrs. Frank Benscoter

Rayner Havens spent the weekend with his father Geo. Havens. On Sunday, Mr. and Mrs. Charles Havens and children, Jeff and Charann, joined them for dinner.

On Saturday, Linda and Jim Bunch of Spokane visited with Linda's grandmother, Ella Benscoter. During the afternoon they drove to Peck to see the Floyd Drydens.

Paul Taylor, Moscow, was a Sunday caller in the Rick Beebe home.

Mrs. Frank Benscoter was in Lewiston for a few days this past week to stay with Danny and Bill Benscoter while their parents, Ray and Fran, were on a business trip to Spokane.

Mr. and Mrs. Nora Callison were Lewiston visitors on Tuesday.

On Saturday, Mrs. Bob Smith was a caller in the Callison home.

Mr. and Mrs. Edd Kent were Friday overnight guests in the Archie Morgan home in Lewiston. Sunday supper guests of the Kents were Mr. and Mrs. Clem Lyons, Cedar Ridge, and Kathryn Morey, Moscow.

Ray Heimgartner, U. of I. was at his home here over the weekend. On Saturday evening Mrs. David Johnson and children of Lewiston and Mr. and Mrs. Dick Groseclose, Jullaetta, joined them for supper.

On Sunday the Heimgartners hosted a family dinner in honor of Janice Groseclose's birthday. Ray of Moscow, the David Johnson family of Lewiston and Dick and Janice Groseclose were all present.

Mr. and Mrs. Ernie Andrews were Lewiston visitors on Wednesday and Monday. Sunday the Andrews visited Mr. and Mrs. Carl Cox and Wesley Andrews.

Mr. and Mrs. Wayne Davis of Pullman were in our neighborhood on Sunday checking on farming conditions. Wayne is recovering from some cracked ribs.

Jack Driscoll, a resident on the upper end of American Ridge is quite ill in Gritman Hospital, Moscow.

The flu bug has been visiting in our area and at Lapwal.

Mr. and Mrs. Leslie Heimgartner drove to Yakima on Friday where they visited in the Bob Heimgartner home, returning on Monday.

Tuesday dinner guests in the home of Mr. and Mrs. Cleita Holsington were good friends, Mr. and Mrs. Newt Heath of Hubbard Gulch.

Little cousin Jeanie Greene spent the weekend in the Lloyd Stevens home. Her mother, Mrs. Beverly Greene and sister were the Stevens' Sunday guests. All were from Lewiston.

FULLY UNDERSTAND YOUR CHARTER VACATION FLIGHT
If you're planning a vacation by charter flight this year, it's well to check for illegal and deceptive practices used by some promoters that temporarily stranded thousands of Americans abroad last summer, says Mrs. Ruth Spidahl, extension home economics leader, U. of I.

Usually a passenger on a charter flight has no contact with the airline that is to carry him. The contract is with the charter promoter, who in turn has a contract with the airline. The Civil Aeronautics Board suggests travelers should check for the

INVITATION TO BID

Bids will be received until 8:00 p. m., Monday, October 9th, 1972 at the Genesee City Hall, Genesee, Idaho, for the following items:

- 64 Cedar Logs (each approximately 16 feet long) 12 inches to 22 inches in diameter

Inspections may be made by calling City Supervisor Bernard Grieser at 285-2071.

Bids do not have to be sealed or marked but will be received in an open manner. Purchases will be made on the basis of individual or group effort to pick up the above named items, no delivery will be made. The City Council of Genesee reserves the right to reject any and all bids and to waive informalities.

Mike Martinez, City Clerk, Genesee, Idaho 83832

THANK YOU

Following indications that a flight might not be legitimate:
Flights that are advertised in a newspaper, on radio, or on television. Bona fide charter flights are not permitted to advertise in the mass media. Neither are they permitted to solicit passengers from the general public.

The traveler is asked to join a club and accept a bookdated membership. Legitimate charters must involve clubs or associations whose main purpose is not travel. Only those who have been club members at least 6 months may be accepted as passengers.

The promoters will not disclose the name of the airline providing the flight. They might not contact an airline until just before scheduled travel time.

THANK YOU

In addition, CAB suggests travelers check promoters' office facilities to see if they have temporary arrangements versus a permanent office set-up.
Youth fares, excursion fares, inclusive tour charters, and individual airlines with special low fares still yield significant legitimate travel savings, Mrs. Spidahl reports.

OLD LOVE LETTERS
Faded old love letters
Treasured more than gold;
Bring again to memory
Dear love days of old.

Happy days of springtime
When you loved me so;
Faded old love letters
Of the long ago.

Bert Gamble

CARD OF THANKS

We wish to thank each and everyone who attended our Golden Anniversary reception, and also for the many lovely cards, flowers and gifts. It was a truly blessed and wonderful day — a day we will always remember. — Mr. and Mrs. Gus Kruger. 40p
