

Monday afternoon, the sixth graders at Juliaetta Elementary School visited the second grade room to help the second graders create Halloween jack-o-lanterns from a supply of pumpkins furnished by Mr. and Mrs. Charles Taylor and family. Principal

Darrell Manfull reported a good, even if slightly messy, time was had by all. In the above photo, Steven Lohman seems duly impressed by the aid and assistance of Michael Courtwright in the creation of his jack-o-lantern.

All the pumpkins cut, sliced and the mess cleaned up—the happy 2nd graders pose proudly with their jack-o-lanterns. They are: Front Row—(left to right) Jane Glenn, Ed Groesch, Kevin Lohman, Randy Benjamin and Ned Jacobson. Middle Row—Charlene Parks, Shan-

non Ruark, Wendy Snyder, Jackie Jones, Lisa Vallem, Linda Williams, Steven Lohman and Diane Bailey. Back Row—Corey Cooper, Jim Parsley, Jean Glenn, Berkeley Shawver, Shawn Shawver, John Arnett, John Brown and Brian Thornton.

First Grade News—

Children enjoyed the Halloween party last Friday afternoon. The first grade says "thank you" to Mrs. Galloway, Mrs. Teal and Mrs. Gillispie for the delicious cookies and candy.

Those students receiving perfect attendance marks for the first nine weeks of school are: Connie Anderson, Jim Bailey, Jay Bailey, Kelly Cuddy, Donald Downs, Paula Fliger, Tami Fliger, Scott Gustafson, Amy Noreen, Jeanette Nye, Zada Simpson, Ty Spencer and Melissa Downs.

Second Grade News

We starting flash card drills on addition and subtraction combinations. Teachers keeps individual charts of our scores and we can check any time on our own progress.

Friday was a "fun day" with everyone dressed in their various costumes; teachers as well as students.

We enjoyed making masks from paper plates, reading together a funny play story and last but not least, we enjoyed treats brought by Charlie Davison, Wendy Snyder, Brian Thornton, Jackie Jones and Berkeley and Shawn Shawver. Jane and Jean Glenn also brought a birthday treat! Thanks to everyone.

Monday brought more "fun things" The high light of Monday was when the sixth grade came into our room and helped up carve jack-o-lanterns. Some saved their seeds to try the teacher's recipe for roasted seeds.

Third Grade News

The third grade is enjoying being able to go ahead on their own in math. They all started in the same place in their math books and are going ahead at their own rates.

We are also using the cassette recorder to study and read our Weekly Reader.

We thank Mr. and Mrs. Taylor for the pumpkins we got to carve.

Fourth Grade News

Last Friday our Halloween Party was somewhat subdued because we were rather noisy in the morning. Miss Stefonek came dressed as a witch, "true to character".

Thanks to Charles Taylor for the pumpkins. We had such fun carving faces—all by ourselves this year.

A reading lab has been set up where we work independently. We even look up our own answers then record the number wrong.

Cheryl Hutton, as Student of the Week, is planning to have her grandfather play the accordion for us. Hope he comes.

Soon we may get a new student. Her name is Lori. Welcome, Lori, if you do come!

Can you tell time by the stars and shadows? In science we are studying how it is done. Some of us are still having trouble though.

Willy the bookworm has inched his way half way across another wall. My, how he's growing!

This afternoon, Tuesday, we're all going to Kendrick for an "aerobatics assembly". Maybe some day some of us will be aerobatics. We do great things on the monkey bars now!

Fifth Grade News

The fifth grade has been making Halloween pictures and had a Halloween party Friday. They had fun—but Tuesday is the day they are

KENDRICK AND GENESEE, LATAH COUNTY, IDAHO

THURSDAY, NOVEMBER 2, 1972

NO. 44

## Nation Ballots Tuesday, Nov. 7

Voters in this area will add their voices to those of millions of other Americans next Tuesday, November 7 and select a president and a host of other elected officials at national, state and county level.

Despite the charges, counter-charges and the millions of dollars pumped into advertising, the forthcoming election appears to have failed to generate the interest or enthusiasm of many electors. This may be because the polls have placed President Nixon in an almost unbeatable lead or the fact that most Americans consider neither candidate, nor his potential, capable of creating the needed changes.

The polls will be open from eight in the morning, Tuesday, November 7, until 8:00 in the evening.

Voters in Kendrick will cast their ballots at the Kendrick Fire Hall; in Juliaetta at the City Hall and in Genesee at the Fire Station.

In Juliaetta the voters will also be deciding the fate of a \$195,000 bond issue to modernize and improve the sewer and water systems. The polls will be open for this issue from 12 noon to 8:00 p. m.

## Kendrick School Audit Finished

Legislative appointed auditors completed the first school audit of Jt. School District No. 283 schools at Kendrick and Juliaetta last Friday, October 27.

This is the first such audit of any public schools in Idaho history. Idaho Falls and Caldwell schools are on the agenda for audit sometime before the close of the current school year.

The State Department of Education was subjected to same type audit during 1971-72 and it took 11 months.

The recent audit at Kendrick extended over two weeks and two auditors conducted the thorough review of all files, procedures, programs, Federal programs, financial transactions, curriculum, bus routes, employee qualifications, certification, driver education, and insurance. According to the superintendent, it "just covered the whole operation". Both auditors were very nice and confident in the opinion of all administrators, teachers and students.

Findings of the audit were taken to Boise for study and the auditors will return in a week or so for their evaluations and interpretations.

Supt. Don Blakeley praised his entire staff for their compliance and participating students.

Some remarks were made to the administrators at the conclusion of the audit which should be passed on to the public. These were: "Kendrick has good contractual and non-contractual employees in their schools. They are well qualified and prepared in their subject matter—kindergarten through grade 12."

"Many good programs are in operation and a very good curriculum is in progress."

"The coding system of bills is one of the best we have seen."

"There is nothing wrong with the fiscal system. It works, so it shouldn't be changed."

"Considering the scope of the program and available facilities and equipment, everything is being utilized to the best of everyone's ability."

Supt. Don Blakeley states that the auditors are expected to make some minor suggestions when they return and that some of them might be valid and utilized in the future. A complete report will be issued to the press at a later date and given to the legislators. It was the administrator's opinion that Kendrick schools did very well and that they had nothing to be ashamed about.

## Heart Attack Claims Loyal Weber, 72

Loyal V. Weber, 72, a life-long farmer in the Deary-Kendrick area was pronounced dead on arrival at St. Joseph's Hospital in Lewiston at 4:03 p. m. Friday, October 27 after suffering a stroke. He was stricken at Lewiston Convalescent Center, where he had resided for the past six weeks.

Weber was born March 4, 1900, at Kendrick, son of—Charles F. and Elsie Weber. He was a resident of Juliaetta, but had spent the last five years in nursing homes. He lived all his life in this area except for one winter, from October, 1942, to January, 1943, serving with the Army at Jefferson Barracks, Mo.

He had never married.

Survivors include five sisters, Mrs. C. May Adler, Spokane, Mrs. Elsie Nicol and Mrs. Lula Brown, both of Kendrick, and Mrs. Emma Snyder and Mrs. Mable Dillman of Lewiston; and two brothers, Thomas Weber of Austin, Minn., and Lenard W. Weber of Lewiston. Five brothers preceded him in death.

Funeral services were held Tuesday, October 31, at the Assembly of God Church in Kendrick with Rev. Ronald Perkins officiating.

Mrs. Robert Smith was soloist and accompanied herself at the organ.

Palbearers were Richard Weber, Clarkston, Vernon C. Snyder, Donald Page and Larry D. Dillman, all of Lewiston, Raymond L. Snyder, Julia-

## Cindy Taylor FHA District President

The District II Convention of the Future Homemakers of America was held at 4:30 p. m. Thursday, Oct. 26, at the Deary High School.

Election of new District II officers was conducted by Karen Henderson of Deary, District II president for the past year.

The new district officers are Cindy Taylor of Kendrick, president; Tracy Headrick of Moscow, vice-president; Pam Foreman of Kendrick, secretary-treasurer; Lori McNeard of Lapwai, Recreation; Audrey Randall of Grangeville, Projects; Teresa Batey of Deary, Degrees; Debbie Peterson of Genesee, Public Relations and Historian; and Denise McCulley of Grangeville, Parliamentarian.

Ben Hide from Moscow was the special guest speaker.

The membership plaque was awarded to the Kendrick Chapter for the percentage of attendance.

Honorary District Membership was given to Sharon Hoogland of Kendrick and Carol Bartleson of Troy.

Pride is to the character, like the attic to the house—the highest part and generally the most empty.

Following the services ladies of the Assembly of God Church prepared and served a dinner for family members.

of about 6 campers per trip and we have 17 trips planned per year, with the most campers on any one trip numbered at 17 campers and 42 people present—that was this year over Labor Day weekend at Boulder Flats on the Lochsa.

Growing Steadily Since '66

We organized on May 6th, 1966. The organizing came about as the result of 2 couples going to church one Sunday — and after church the Onstotts and the L. Craigs were discussing what to do the rest of the day. After much discussion and contacting of other people about camping a meeting was set with the Craigs, Manning Onstott, Elmo Eldridge, Ernest Brammers, Jack Kuykendall and the Lester Crocker attending. Lloyd was elected president, Ernie Brammer vice president, Manning Onstott treasurer — that made 6 campers for a start and we have grown steadily ever since.

Now we have 26 campers in our group and 65 members and still growing. Mr. Craig has been president 5 of the 6 years of the life of the club; Art Foster was president one year, to be succeeded again by Lloyd—and he is still presiding. Mr. Onstott has past year.

been secretary-treasurer continuously.

We think the secret of our success is the forming of our by-laws, which were written by Lester Crocker and the charter members of the club. Here is our No. 1 article: Purpose. To promote a growing appreciation of the joy and satisfaction of tramping and camping and to provide wholesome group recreation; to encourage obedience to the laws of the road and discourage the use of intoxicating liquors. Furthermore to practice and encourage compliance with this conservation pledge—to save and faithfully defend from waste the natural resources of our country, its soils and minerals, its forests, water and wildlife. This has helped make our club a very successful one. We try to choose the places that most people like to go. We have logged about 25,000 miles this year for all our campers—about 1,000 miles per camper. Of course, some campers did not go at all and others never missed a trip.

We have members from Lewiston, Moscow and all the surrounding area. In the winter time we meet once a month, the 4th Monday night at 6:30 p. m. in the Kendrick Fire Hall with a pot luck supper, a business meeting and then there is always entertainment under the direction of our entertainment committee. They have come up with some unexpected talent and enjoyed by all.

Our next meeting night is Nov. 27. There will be an election of officers, awards will be given for the most camp outs this year and our Christmas party discussed.

Through the winter our next year's camp outs will be set. New committees will be named, with everyone having something to do. And, with our growth at the same rate as it is going, we will have to fight harder than ever for more camp grounds and recreational areas.

Editor:

This being an election year, I find it very hard to remain uninvolved in at least a corner of the political scene. I've chosen to become involved, to an extent, with Larry Waterbly's campaign for County Sheriff. He is running as a write-in candidate along with the appointed incumbent, Ed Pierson and, Elton Walker.

Larry has appeared publicly many times during his campaign since announcing his candidacy. He attended and presented a speech at the day-long political rally held at the University of Idaho on October 9. He has given talks at various locations, including a Talisman Project meeting and other places around the campus and the city of Moscow. He has met scores of people and has the support of the outer areas of the county.

His latest presentation was at the county chamber meeting held last Wednesday. At this meeting Larry emphasized that the "sheriff needs a crime or serious crisis brought it about. This has been especially true in the Genesee-Juliaetta and Kendrick area where citizens have become victims of serious crimes. An agreement was made between Juliaetta-Kendrick and Latah County that Kendrick and Juliaetta would pay \$500 extra per month for increased and more adequate county law enforcement.

Is this really the answer—I think not. Quick decisions and hopeful solutions many times become tomorrow's problems as they do not come as a result of prior and constructive planning.

Every person and every community is entitled to their fair share of County Law Enforcement and it should not be dependent on their ability to pay \$500 extra per month. The appointed incumbent Ed Pierson recently stated you get what you pay for, referring to law enforcement services. I'm not so sure you are getting what you are paying for because the present man power is not being used at it fullest potential.

Larry notes: "There has also been less than a cooperative effort in training and federal spending for these people. Considering the amount of federal funds . . . going into the new Law Enforcement Center, it disturbs me to know that more of this money wasn't filtered out to our smaller communities where it is needed most. In most cases, the people in the outer areas weren't aware that funds were available."

I think it is important to know in this years State Representative race, who is supporting which candidates. Despite the fact that one of the candidates, Bob Weisel, is a member of the organization, the Idaho Education Association is supporting the Democratic candidates, Kaus and Dobler.

They have received large donations

from this organization. Perhaps the reason for this IEA support of the Democrats is that the organization disagrees with Bob Weisel's stand on the issues.

Weisel, has repeatedly stated that he opposes consolidation of any school districts, and strongly favors local control of schools. As he puts it, "I would much prefer to go to my school board than the State Legislature to set school policy."

Now that I know who is supporting the Democratic candidates, and for what reasons, I am supporting Bob Weisel.

I recently visited all of the towns in Latah County and talked to as many people within their community governments as I could find—I ask them how long it had been since county law enforcement took it upon themselves to visit you and ask what can I do to improve our services to your community—no one could ever recall this ever happening unless a crime or serious crisis brought it about.

This has been especially true in the Genesee-Juliaetta and Kendrick area where citizens have become victims of serious crimes. An agreement was made between Juliaetta-Kendrick and Latah County that Kendrick and Juliaetta would pay \$500 extra per month for increased and more adequate county law enforcement.

**CHURCH PAYS LARGE PROPERTY TAXES**

One of the City's largest taxpayers, The First Church of Christ, Scientist, in Boston, has cooperated with the City by paying in advance more than \$1.5 million in property taxes.

The Church, which serves as the international headquarters for the Christian Science denomination pre-

sented \$1,506,586 to the City of September 29, more than \$300,000 above what it paid last year.

The City asked a few large taxpayers to pay their taxes several months in advance to alleviate a potential fiscal crisis caused by the freeze of school aid funds by the State Board of Education.

For many years the Church has paid taxes on all property which is not used for actual worship purposes. This includes The Christian Science Publishing Society building, the Administration Building and other property around the Christian Science Center.

Donald G. Lannaman, acting for Church Treasurer Roy Garrett Watson, presented the advance payment to the City.

The choice is yours.  
Think about it.

When you vote on November 7th, you will have a choice between two different philosophies of government for this country.

On the one side is the George McGovern/Bud Davis team. The programs of this team include: increased spending, illegal secondary key programs, products to force unionization, and other proposed programs that will unduly burden taxes and the federal debt to spend.

On the other side is the Richard Nixon/Jim McClure team. This team advocates cutting the welfare state, maintaining a strong deterrent defense force, unionization by choice, not pressure, and consideration for fiscal responsibility in all programs.

These teams are so unalterably opposed that they offer you the clearest choice of the century. The choice will be yours. Think about it . . . seriously . . . then vote Nixon/McClure.

Jim McClure has served Idaho in public office twice as long as Candidate Davis has lived in Idaho. He didn't begin his public service by running for U.S. Senator — he began at the bottom and worked his way up. By doing this, he has served Idahoans at every level of government. He started by serving as Payette City Attorney; then County Prosecuting Attorney; then to the Idaho State Senate for six years; then to Washington as Congressman; now, he is asking to serve you as your U.S. Senator.

Idahoans have elected and re-elected him to office nine times . . . kind of makes one wonder where Candidate Davis has been the last 18 years . . . while Jim has been serving Idaho.

I am still the same person running for the same office as I did in the primary. My thinking has NOT changed on the issues.

- I still believe we must change our unfair property and Sales Tax programs.
- We must attach financial responsibility to every vote.
- We must stop taking advantage of people by our political process if respect for our system is to remain.
- Solving peoples problems and needs must come ahead of party support.
- Our big problems are financial. Solve these with a fair tax program and we can face the others with a more united front.

I Solicit Your Support On November 7th

Jim McClure is 46 years old and a native of Payette. He graduated from the University of Idaho College of Law and practiced in Payette prior to his first term in Congress. He is a past president of the Payette Chamber of Commerce and Payette Kiwanis Club. He is a member of the Masons, Elks, American Legion, the Idaho Bar Association and is active in church affairs. Jim and his wife, Louise, have three children: Marilyn, David and Ken.

I think you should demand equal time . . . or treatment, in the Boise Statesman, Jim. You won't get it but it might divert their attention for one issue.

You will choose a team: McGovern/Davis . . . or . . . Nixon/McClure

# SJR-132

## Your Opportunity To Reduce Government In Idaho.

1919  
56 Agencies

Though there were only 56 agencies in 1919, the Legislature considered this to be too many and consolidated them into 9 departments the following year....

1972  
268 Agencies

Today, the State of Idaho has 268 agencies . . . but, in November, voters can decide whether they want to continue supporting these 268 agencies, or whether to ask the Legislature to again reduce them—this time to a maximum of 20 departments.

## Amendment SJR-132

### What Is It?

On the November General Election Ballot there will appear Constitutional Amendment SJR-132, which would limit state government to no more than 20 departments. There are now 268 separate agencies. Amendment SJR-132, was prepared by a bi-partisan Legislative Committee of five Democrats and five Republicans, and was overwhelmingly passed by both the House and the Senate.

If SJR-132 is passed in November, it provides that the Legislature be given until January 1, 1975 to reorganize the Executive branch of Idaho government into no more than 20 departments. This amendment does not affect any elected officials. They would still retain their full duties and functions as prescribed by the Constitution.

The constitutional amendment approach allows the citizens of Idaho to tell the legislature what they want in a modernized state government. With passage of SJR-132, the future growth of the number of state agencies would be prevented and their number limited to a maximum of 20. Then, only through another voter referendum, could this number be exceeded in the future.

# Vote On SJR 132

SJR-132 calls for the consolidation of the existing 268 state agencies into no more than 20 departments by January 1, 1975. A YES vote on SJR-132 in November will direct the Legislature to limit the number of state agencies to 20 departments or less. A NO vote will retain the 268 state

agency structure as it now exists.

Your questions and comments are welcome. They will be reviewed and answered promptly. Send them to: **Executive Reorganization, Statehouse, Boise 83707.**

## News Items From Genesee Schools

This week will end the 1st nine weeks for the Genesee Schools. Parent-Teacher Conferences will be held on November 9th. There will be no school that day. All elementary parents in grades 1-6 are requested to attend a scheduled conference. There will be no scheduled conferences at the junior high or high school but all teachers will be in their room and available for a conference if the parent desires.

Mr. Diehl and Mr. Davis and two board members Mr. Hampton and Mr. Wedin attended a State Meeting in Lewiston, Tuesday, October 31 on Career Education. This meeting was called by the State Department of Education and State Vocational Departments to help the districts set up and develop career educational courses for the school curriculum.

The faculty and students of the Genesee school wishes to thank everyone in the community for their support of the school carnival. It was a great success and everyone involved enjoyed themselves.

We are getting closer to the needed amount for the new trophy case and hope to have it built this year, perhaps prior to the basketball season.

COMING EVENTS:

Kindergarten News  
The kindergarten class had a very successful Halloween party. The children wore costumes and masks and played games in the gym. Chris Ziegler and Jonathan Martinez won prizes for "Draw the Tail on the Cat." Darci Broemeling and Dena Wagar won the door prizes. After games the children enjoyed hot chocolate and donuts. The teacher and class would like to thank Mrs. Ron Ziegler and Mrs. Dave Wagar for helping with the party.

Second Grade News  
The second grade celebrated Halloween with a party on Tuesday. We had doughnuts, apple cider and candy treats. Special prizes were awarded to the winners of the games.

We began a Buddy Reading program this week. Each day we read aloud to our buddy for a certain period of time. When we're all reading it sounds as if a hive of busy bees is on the loose.

In Social Studies, we began our study of Suburban Neighborhoods. We are learning how suburbs came to be, as well as some of the important characteristics of a suburb.

Third Grade News  
The third grade took a field trip to examine the broad leaved decorative trees in the neighborhood. They had previously studied and drawn a diagram to show the ecological relationship between plants and animals. They also studied and drew a diagram of the food chain and the way plants manufacture their own food. They each mounted and identified 13 leaves which were included, along with the diagrams in their books about plants.

Fourth Grade News  
Last week we drew and cut out ghosts, witches, black cats, and ugly faces to hang as mobiles across the room. We had fun at our Halloween party Tuesday. We played some witchy games and had cider and doughnuts for refreshments. We thanks to the Halloween committee.

Some of us wrote tall tales after we read about Paul Bunyon. This is Leanne Davis' story:  
Tom Tall

Once upon a time there was a man whose name was Tom Tall. His house covered all of Africa. The Indian Ocean was the only ocean. His yard was North America. His horse pasture was South America and his sheep's pasture was Australia. Antarctica is his refrigerator and the Mediterranean Sea his kids swimming pool. The five Great Lakes are mud puddles. He farmed Europe and Asia. At night his children picked green cheese off the Moon for a bed time snack. His water supply came from the Indian Ocean and he had a lot of salt. His kids sandbox was the Sahara Desert and they skied down Mount Everest.

Fifth Grade News  
Mrs. Heaney is correcting our science notebooks to give us our final grade in this quarter. And in Social Studies we have a very interesting chapter about Pilgrims. Math is still multiplying.

We are going to have a Halloween party today.

Mark Fredrickson and Kevin Kambitsch had a birthday party last week.

4th GRADE CAMPFIRE NEWS  
Genesee The first meeting of the 4th grade Camp Fire girls was Oct. 18. We chose "Tan da" as our group name. It means "love, honor, and respect."

Our new officers are Lisa Boyd, president; Trisha Martinez, vice president; Lisa Benson, secretary; and Amy York, treasurer. Other members are: Tamara Adkins, Birgit Ziegler, Dawn Hillen and Shannon Kambitsch.

Our meetings will be the 2nd and 4th Wednesdays of each month at the home of our group leader, Mrs. Orrin Kambitsch. Our assistant leader is Mrs. Ronald Ziegler. The next meeting will be November 8. The Camp Fire Candy sale will start Nov. 1st.

A real big "Thank You" goes to Don Schleuter of Schleuter's Ranch Aviation for sponsoring our group.

CARD OF THANKS  
Our sincere thanks to neighbors and friends who expressed their sympathy in so many beautiful ways during our recent bereavement. For the cards, flowers, memorials, food and other kindnesses, we are deeply grateful.

## Waste System Discussed At Meeting

Genesee—The Genesee Civic Club met Thursday, October 26, at the Genesee Cafe. About twenty-five were present for the dinner and business meeting. A committee was appointed to check on roof repairs for the library. Marion Holten, Judy Singhouse and Marie Scharnhorst will serve on the committee. The Civic Club pays the rent, heat, lights, etc. for the library, and the books, records, etc. are supplied by the Latah County library system. Mrs. Linda Schleuter is Genesee's representative on the library board.

In other business, Mrs. Dennis (Nancy) Carlson was appointed chairman of a committee to investigate the possibility and costs of securing a swimming pool for Genesee. She will be assisted by Leonard Singhouse and others whom she will select.

President Gene Woodruff, introduced the speakers for the evening, James Armitage, county planner, and Richard Johnson, who has the contract for picking up solid waste in the county. The entire county, rural, as well as townspeople will eventually be included in the system, Armitage told the group. At the present time, the landfill site east of Moscow will accept materials Monday through Saturday from 10:00 a. m. to 6:00 p. m. The landfill operation is closed on major holidays. In answers to an inquiry, Mr. Johnson said that waste could be accepted in Genesee now from rural residents, if a time and place were previously arranged. Rural residents may now haul their materials to Moscow for \$1 for a large pick-up load and cost is \$3.50 a ton for large loads.

The difference between mobile home and permanent residence collection rates is because "as an average" trailer have less garbage than residences said Johnson. He pointed out that collection is quicker, more concentrated and that often, the mobile park operator collects the fees, saving the pickup service from much bookwork. Operation of the sanitary landfill is closely regulated by the Idaho Department of Environmental Protection and Health, Armitage explained, and is mandatory.

The questions asked by those attending the meeting were satisfactorily answered by Mr. Armitage and Mr. Johnson. The landfill site is on the Menkelkamp property four miles east of Moscow and south of the Troy road. Latah county is probably one of the first in the nation to have a county-wide solid waste disposal system.

**Mrs. Ernest Steigers**

Celebrate 65th Wedding Anniversary Mr. and Mrs. Albert Heimgartner, dearly loved members of our community, did what not many can do—celebrated their 65th wedding anniversary together at their home Monday, October 30.

Both were feeling quite "chipper and gay" as of that morning.

Mr. and Mrs. Alvin (Mabel) Steigers were Sunday callers in her parents' home as well as Mr. and Mrs. Clarence Foss, Lapwal, and Mrs. Wilbur Heimgartner and daughters.

Mrs. Roy Heimgartner and little granddaughter, Leah, were brief callers one day last week.

Danny Straw of Lewiston, spent several days recently with his grandparents, the Leslie Heimgartners.

Mr. and Mrs. Roy Heimgartner, accompanied by Mr. and Mrs. Tom Peters, spent Saturday at Moscow for Homecoming Day at the U. of I. with Dale Heimgartner. The group attended the afternoon football game and enjoyed (?) the foul weather.

Saturday, Mrs. Ken Steigers took her group of Lapwal Drill team girls to Moscow and the girls shivered in their scanty costumes during the drill!

Mr. and Mrs. Leo Tierney (nephew of Mrs. Heath) from McArthur, Cal., spent the day last Tuesday, Oct. 24, in the Newt Heath home. On Sunday Mr. and Mrs. Mike (Nancy) Mundell of Nezperce and infant son spent the afternoon with them.

Mrs. Bill Houghton of El Cajon, California, arrived Thursday for a few days visit in the Erna Stevens home.

Mrs. Carol Maynard, Lapwal, was a Sunday dinner guest of Mr. and Mrs. Glen Stevens.

**Celebrates "Special" Birthday**

Mrs. Patty Stevens celebrated her 24th Birthday on October 24! Patty Wicklund, soon to be another "Mrs. Patty Stevens" baked and brought a birthday cake for the occasion.

The two Pattys will be sister-in-laws!

Mr. and Mrs. Loren (Kathleen) Ratliff, Bothell, Wn., arrived Wednesday at the home of her parents, Mr. and Mrs. Ernest Steigers, departing for home via Spokane on Saturday.

Mr. and Mrs. David Steigers, Juliaetta and the Ken Steigers family were Wednesday evening visitors. On Thursday evening the Ratliffs, accompanied the Sr. Steigers to the Orchards Nursing Home for the Fiddlers regular entertainment, then spent the remainder of the evening with brother Bill Steigers and wife in Lewiston Orchards.

Mr. and Mrs. Ratliff were Friday dinner guests in the home of his sister and husband, Mr. and Mrs. Dwain Space of Lenore.

The Gordon Heath family of Potlatch enjoyed dinner Saturday at the Newt Heath home. Menfolk worked with cattle.

Mr. and Mrs. E. Steigers were Sunday callers in the Sol Jones home at Lewiston. Sol is still trying to throw off the effects of a siege of flu suffered a month or so ago. They are the parents of Lewiston's current Mayor, Ronald Jones. The family were Cherrylane ranchers many years ago.

Mrs. Helena Brown and daughter, Merle Cooper, of Lewiston, were Friday visitors in Moscow at the home of cousin, Rhoda Bateman. Mrs. Brown's Thursday callers included the Ratliffs of Bothell, Mr. and Mrs. E. Steigers and Mrs. Emma Weichman.

Wires are strung across Pinecreek and the work progresses on the Bonnevillie Inter-tie. Much activity continues on our hills.

The hardest frost of the season, so far up till then, occurred on the river area Sunday night.

Gathering cattle home from the mountains continues and "Fishers" flock to our river.

**Mrs. Hettie Durbin, 88, Passes October 25**

Mrs. Hettie Edna Durbin, 88, passed away Wednesday afternoon at the Paradise Villa Convalescent Center.

Mrs. Durbin was born November 7, 1883, near Danville, Illinois, the daughter of James and Victoria Reed. She later moved with her family to a rural area near Nevada, Missouri, where she attended school and taught several terms. On April 3, 1904, she married to William F. Durbin. He died in 1945.

The family moved to Troy in 1907, where they resided until 1945, when Mrs. Durbin moved to Moscow.

She became a member of the Troy Christian Church in 1908, and was a diligent church worker. She was a 50-year member of the Troy Royal Neighbor Lodge.

Survivors include two daughters, Mrs. Harold (Lucille) Kiebert, Hope, Idaho and Edna Durbin of Moscow; a son, Forrest Durbin of Genesee; a brother, Frank Reed, of Spokane; three sisters, Mrs. Thelma Jensen and Mrs. Nellie Anderson, both of Spokane, and Mrs. Goldie Weeks of Moscow; six grandchildren; two great-grandchildren, and several nieces and nephews.

The funeral service for Mrs. Durbin was conducted Saturday, Oct. 28 at 11:30 a. m. at Short's Funeral Chapel with the Rev. James Dyson officiating. Mrs. Lewis Smith was organist. The hymns were "Peace I Leave With You," and "My Jesus as Thou Wilt."

Burial was in the cemetery of the Paradise Villa Convalescent Center.

**4 KINDS OF PHEASANTS ORIGINALLY RELEASED**

With pheasant hunting open thru-out Idaho except in four designated areas, the Fish and Game Department today released a historical run down on this No. 1 upland game bird species.

The ringneck pheasant originally was introduced in the Kamiah area in 1903 and in the next few years was released in other parts of Idaho. According to Stu Murrell, Jerome regional conservation officer who researched its background, one of the largest original releases was 1,000 pheasants from Oregon in 1909 for distribution in 24 counties. Some of these plants expanded rapidly in irrigated lands and the first Idaho season on pheasants was held in 1916 in Ada, Canyon, Gem, Gooding, Latah and Nez Perce counties.

The Idaho Fish and Game Department began raising pheasants at the Lapwai Game Farm in 1924. Murrell says there were 4500 birds released in its first year of operation. A second bird farm was started at Jerome in 1935 by the local Rod and Gun Club and later was purchased by the Fish and Game Department. Capacity production over the years has averaged 15,000-17,000 pheasants per season.

Murrell says that four strains of pheasants were used as brood stock for early releases. These were the Chinese ringneck from southeast China, the Mongolian pheasant from northern Russia, and the blackneck pheasant from southern Russia and mutant, which first was developed in England. All of these freely interbred and the existing ringneck pheasant emerged as a mixture of all these types. Hunters who bag particularly large birds with very dark coloration are likely to have a bird whose lines run strongly back to the blackneck, which weighs up to 3 pounds, and does not have any ring around its neck. Conversely, a light colored bird weighing from 1 1/2 to 1 3/4 lbs. with a pale blue rump patch, probably traces its ancestry back to the Chinese ringneck strain.

The Chinese ringneck pheasant is the current strain being used at the Jerome Game Farm for most of its releases. This bird has shown the greatest adaptability in surviving and retains excellent sporting qualities for hunting. In addition, the Japanese green pheasant is being tried on an experimental basis in northern Idaho to determine if these birds can be adapted in areas where the ringneck pheasant has not done well. To-date the green pheasant program has been discouraging.

The initial purpose of the game farms was to introduce pheasants into new areas as additional irrigated lands became available. Now birds are released into areas where populations are low, often the result of weather conditions or changes in farm practices. Surplus cocks are released on a "put and take" basis in areas where wild production does not afford hunters much hunting opportunity.

**LATE SEASON HUNTING OPEN IN MANY PLACES**

Late hunting units for deer and elk remain open into December in scattered game management units, and through November 26th in numerous units throughout the state, the Idaho Fish and Game Department reminded hunters today. Hunters should check regulations carefully. Copies still are available at the nearest license vendor.

Errol Nielson, big game supervisor for the department, cautions that high mountain passes into some of these back country units may be blocked by snow at any time. Hunters should check road conditions locally and exercise good judgment before entering such areas, since deep snow can pile up silently during the night.

Nothing great was ever achieved without enthusiasm.—Emerson.

ACHIEVEMENT NIGHT AWARDS

The top 1972 4-H Clothing Award was presented Tuesday night, October 24, at the Troy-Deary-Bovill Achievement Night held at the Bovill Fire Hall.

Making the presentation to winner Patti Anderson was the sponsor Seth Everett of Seth's Sewing Center. Patti, daughter of Mr. and Mrs. Dorwin Anderson, Troy, received a new Viking sewing machine for her outstanding achievements during her years in 4-H. She has been a member of the Troy 4-H Pals 4-H club for 8 years, has served as a junior

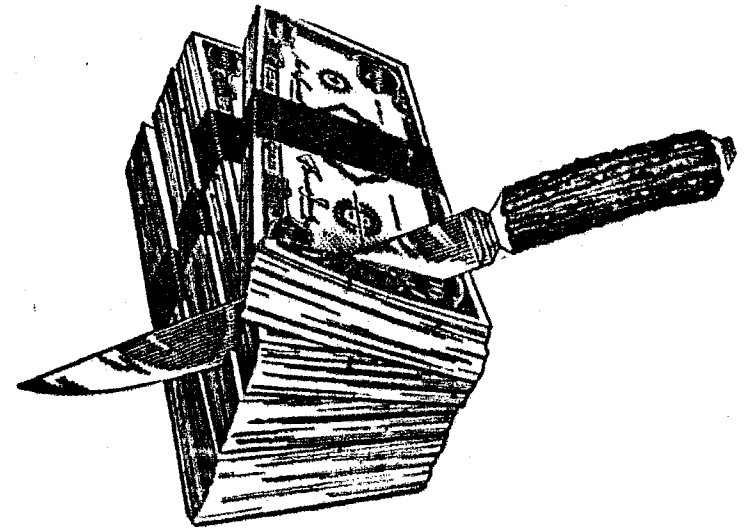

leader for 3 years, and has held several club offices. She is very active in school as a Varsity Cheerleader at Troy High School, Drama Club president; student body vice president; and the 1972 Girls State Representative. Patti was chosen by the Latah County 4-H Awards Committee to receive this honor.

Mrs. Montie Helm of Troy has completed 20 years as a 4-H Club leader. Mrs. Helm started in 1953 and has

lead a club each year. The club has specialized in foods and clothing projects. For the past 8 years, Mrs. Helm has been assisted by Mrs. Dorwin Anderson. Other projects the members have taken are junior leadership and Room and Home Improvement.

### SCHOOL TIME CAN CUT UP YOUR BUEGET VERY QUICKLY!

Whether you are a student preparing for high school or college classes this fall — or a parent who is facing the financial responsibility of educating your children — you will find that school makes a tremendous burden on your budget.

You need to be able to keep track of every cent to get the most from your money — and the easiest way is with a checking and savings account at First Bank of Troy. With a checking account you have a quick, accurate picture each month of where your money goes. A savings account, drawing regularly compounded interest will help you earn, while you save for the things you want and need.

## WE'RE SUPPORTING SYMMS for Congress

As one travels from Bonners Ferry in Boundary County to Grand View in Owyhee County, agriculture is the underlying economic support of the First Congressional District. Therefore, this committee vigorously and proudly supports Steve Symms, a candidate whose profession is agriculture. Symms' livelihood comes from producing in private enterprise, not government sources as does his opponent's, a long-term public employee.

Steve Symms stands for those principles in which all farmers believe. He is willing to defend and fight for the return of individual incentive, private enterprise, individual creativeness and a free market where new markets can be found. With the tremendous potential and challenge for Idaho agriculture in the immediate future, we cannot afford a government planned status quo economy which is the philosophy of Symms' opponent, Mr. Williams.

Steve Symms' opponent is a teammate of

George McGovern by self admission. McGovern has given full support to the activities of Cesar Chavez and the United Farm Workers Union (an AFL-CIO affiliate). In fact, McGovern indicated that, if elected President, he would give Chavez a cabinet post status consideration. Chavez, McGovern and Williams do not support free choice secret ballot elections for farm workers concerning union representation. Furthermore, the Chavez-McGovern-Williams philosophy supports destructive secondary boycotts of agricultural products.

Symms also has a competent working knowledge of forestry, mining, water requirements and recreation, the four leading economic contributors to the First Congressional District. This, together with a vast personal experience in agriculture, certainly solidifies Steve Symms' qualifications to be United States Representative from Idaho's First District.

**PRESBYTERIANS PROMISE FUN, FOOD AND ENTERTAINMENT**

Moscow, October 26: Moscow Presbyterians invite all this and surrounding communities to join them in a fun festival at 407 South Van Buren, from 4 to 9 p. m., November 3. Planned for come-and-go attendance, the festival will provide an hour's entertainment, repeated each hour plus a wide variety of other

attractions report Mrs. Clara Lewis and Mrs. Kenneth Platt, co-chairmen. Ranging from comic movies and fish pond for young children to art, hobby and antique exhibits for adults, the festival will offer a full evening's activity for the whole family, they state. Included will be a light sit-down dinner for those wanting more than the hot dogs, Presbyterian punch, home made can-

dy, and other snacks.

For Presbyterians, involvement is the word, notes Mrs. Lewis.

"Everyone has done or is doing something for the festival," she says. "For months the women have been making jams and preserves in baby food jars for nearly 100 Christmas gift packages and 'bachelor specials' for college students. Junior highs have helped pick up apples and made cider. Six collegians have volunteered to make cakes for the cake walk. Other young people are volunteering work time to be sold as 'slaves.' Four of our best cooks

are making the vegetable and beef soup that will be the main hot dinner item. Still others are busy making handcraft items. Dozens more will work at conducting the festival itself.

Special attractions for adults will include a slide show of the Holy Land with commentary, an art exhibit featuring Moscow artists and an antique display with prizes for naming the most items, says Mrs. Platt.

"We have nice prizes not only for the antique naming, but also for door drawings and a hair contest. The hair contest should be fun for everybody with men and women com-

peting for longest hair, and most hair not counting whiskers.

"Another 'spectacular' will be the slave auction. High school boys and girls who are each donating a hour of their labor will be auctioned off to the highest bidders. Each girl will be colorfully costumed. Boys will be dressed to show their muscular physiques and will do feats to prove their prowess. A witch selling 'riding' brooms and a clown doing capers will add to the fun. Music lovers will enjoy both the comic skit choir and more serious performances by the Geneva bell choir and a string trio."

Proceeds from ticket, food, candy, handcraft and other sales will go for repairing the church roof, and for other needs.

You can always spot a well informed man: his views are the same as your own.

**DEPARTMENT OF EMPLOYMENT**

Job placements increased during the week, reports the Moscow office of the Department of Employment. 23 area workers were placed on jobs compared to 17 last week and 13 during the same period a year ago. 20 new openings were received during the week and at the close of the week 22 positions remained open. Current listings include domestic workers, cook, waitress, bookkeeper, clerk-typist, shoe repairman, office-machine serviceman, bindery foreman, yardman, pressman, TV repairman, and furnace installer.

The number of persons seeking unemployment insurance benefits in Latah county continues to remain lower than last year's rate. During the past week, 138 area workers were seeking jobless pay compared to 131 the previous week and 157 during the same period a year ago. 26 new claims were filed. Moscow area residents seeking benefits now number 97, in addition to 9 in Genesee; 13 in the Troy-Deary-Bovill area and 2 in Kendrick and 17 in Potlatch.

**The truth about Bronate, the "educated" herbicide. From a weed that lived just long enough to tell about it.**

"Oh, it was terrible. A tragic day for weeds indeed.

There we were happily robbing the wheat of their precious moisture and nutrients when the Bronate hit.

First the tarweed, henbit and dogfennel keeled over and died. Then the mustard family collapsed simultaneously. And finally my own family of crowfoot went before my very eyes.

I'd heard about Bronate but I never imagined it could wipe us out like that. I mean, we crowfoot are a hardy lot. Old Uncle Slimleaf, rest his soul,

told us this Bronate wasn't like any other herbicide. It was educated. It knew the difference between weeds and wheat. It even says on the label it will kill 26 kinds of us.

He said farmers use it because when it killed us, it wouldn't hurt a grain of the wheat. Even the new herbicide sensitive varieties like luke wheat. And they'd get up to 12 to 20 bushels more yield per acre.

That's why it's the first choice of farmers out here in the Northwest.

Well, Uncle Slimleaf was right, dead right.

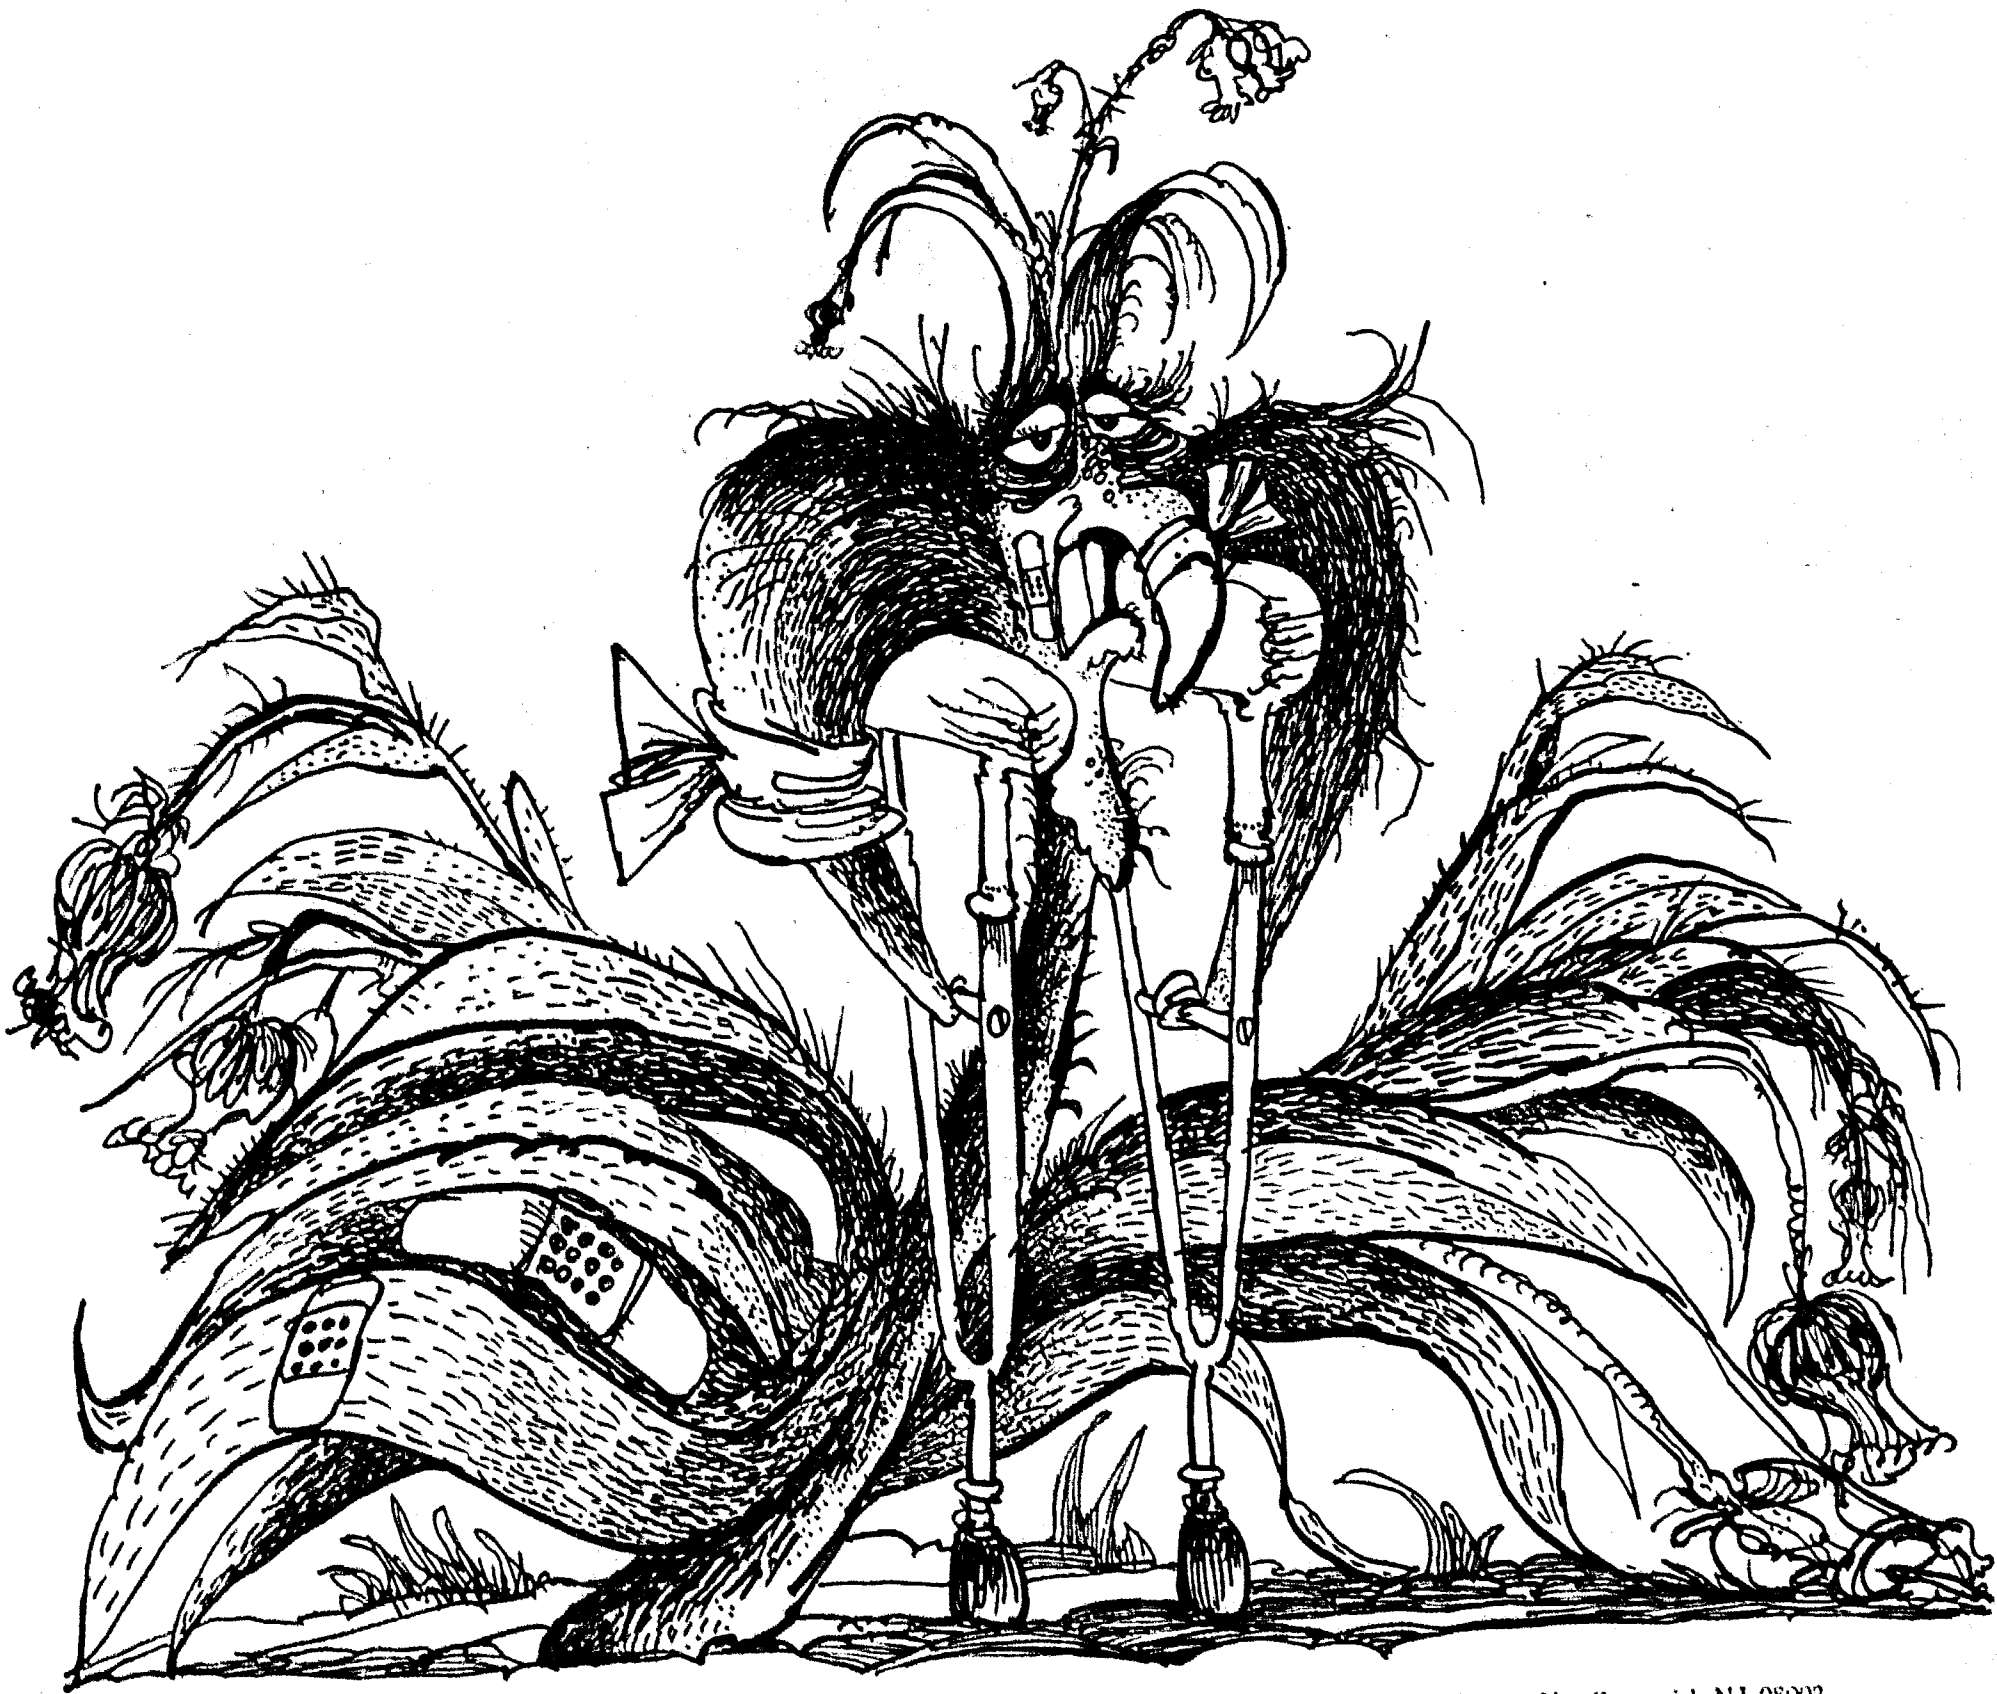

Anyway, by the time we realized Bronate was coming it was too late. We were goners.

It's just a matter of time for me now. I don't know how much longer I can hang on.

My last words to my fellow weeds are: stay away from Bronate. It r-e-a-l-l-y w-o-r-r-ks."
