

**Legion Auxiliary Met**

The American Legion Auxiliary met January 17 at the home of Mrs. Ed Morken, Jr. The meeting was conducted by Mrs. Wm. DePell, president. A letter was read from the Key 73 committee inviting the Unit members to take part in the noon prayer hour.

It was decided that the Unit would give \$5.00 to the Genesee Ambulance Fund as part of the community service. Mrs. DePell asked that they collect yarn, buttons, jewelry, and some types of clothing for patients at State Hospital North.

A thank you note was read from Mrs. Kathryn Schlader thanking the Unit for money sent at Christmas time for the purchasing of gifts for the patients at the hospital.

Girls State was discussed. The Junior girls at GHS will be informed about the state program soon. Interested girls will be invited to attend the next Auxiliary meeting at the home of Mrs. Carl Scharnhorst on February 21st.

Five "Need a Lift" booklets and a copy of "Job Guide for the Young Worker" have been placed in the Genesee school.

A thank you note was read from the school counselor, Mrs. Sanford Evans.

Following the business meeting refreshments were served by the hostess. Mrs. Sanford Evans is a new member of the Unit.

**Third Grade News**

Mrs. Peterson  
The 3rd grade class went on a field trip on Thursday afternoon. We were observing and taking notes on the different types of clouds we have studied. We saw many different kinds. The main ones we saw were Cumulus and Strata. We also saw some icy cirrus clouds high in the sky, and decided that in about three days it would rain or snow. The third evening it did snow.

In math we are working on subtraction and multiplication.

We are writing up our notes for our weather book. We have celebrated the birthdays of Brent Lindquist, Beck Asker and Jean Archibald.

**Sixth Grade News**

Mrs. Blume left for Australia and Japan January 10th. Mrs. James O'Callaghan is teaching the class now and enjoys it very much.

In Social Studies we have been learning about Idaho and every student made a map of our state.

In Language we have been studying verb forms and adverbs. Adverbs are very easy to spot in a sentence.

Officers of the "Junior Prospector Club" are: Luame Davis, president; Duggan Harmon, vice president; and Kris Swenson, secretary.

**Fifth Grade News**

In math we are finished with the chapter on division and will be having a test. In language we are almost through with the chapter on adjectives and adverbs. In social studies we are reading How We Became a Nation and it is very interesting.

In science we are working in science notebooks. Jeff Diehl is still helping us.

Kristi Leed had a birthday party.

We got a new boy in our class, Lance Asherin.

**Sixth Grade News**

In social studies we have been studying the Culture Zones of Latin America. We outlined all the zones and made booklets which we illustrated.

We learned the right form for writing letters in language and then wrote and mailed letters to friends and relatives.

In science we have been learning about space and will continue studying astronomy.

Winners in our word contest were Janice Alderman, Julie Lindquist, Pete Becker, Joe Ferrara, Cindy Lou Esser and Richard Jenness.

**Oratorical Contest**

The annual American Legion District Oratorical Contest will be held in Genesee at the Genesee high school multipurpose room, at 7:30 p. m., Wednesday, January 31. Bielenberg-Schooler Post 58 will host the occasion. Oratorical contest chairman Bill Shirley encourages all to attend.

"Christianity" has not been, to many, the satisfying portion that it was intended to be. Instead of meeting the soul's deep need, it has brought people to financial bondage and has caused much heartache.

God's people of the New Testament were not bound by laws, creeds, and the "doctrines of men." They were moved by a powerful faith in their hearts to do the will of God. They

**FAST FLYING, RUNNING**

**CHUKARS TOUGH TO HIT**

While most chukar hunting ends December 31 throughout Idaho, the season runs through January 21, 1973 in portions of the Salmon River drainage and Hells Canyon, it was announced today by the Idaho Fish and Game Department.

Most hunters agree that speed on the ground and downhill flying make chukar partridges tough to hit. These exotic game birds have two basic characteristics. They almost always run uphill and when they fly, they almost invariably fly downhill. It is said that no hunter can run fast enough uphill to catch up with chukars and that pellets from an ordinary shotgun do not travel fast enough to catch up with them plummeting downhill.

Experience has indicated that much of southcentral and southwestern Idaho provides suitable habitat for chukars and that the species is here to stay. The Idaho strain, introduced into the United States beginning in the 1930's, comes from India from birds originally living in the Himalayas. Strains of this fine upland game bird are also native to southern Europe, southern Asia and north eastern Africa.

**LET YOUR CHILD PAINT**

Fingerprinting can be a valuable art experience for a 3-year-old or older child. It's a good way for him to release his feelings fun to do, and is one way you can encourage his creative expression, says Mrs. Lois Pace, EFNEP program specialist, at the U. of I.

It needn't be a messy activity, either. Cover the child with a painting smock (an old shirt with sleeves cut off, makes a good one) and the floor or table with newspapers. This allows you and your child to enjoy the painting experience and not be concerned about spills.

Fingerprint can be applied to a variety of surfaces. Newsprint, butcher or slick-finish paper works well. Or oil cloth, formica, tile or linoleum blocks can be used. Children can also fingerprint onto a smooth table top without paper—and this can even be blotted on paper to make a print!

A good fingerprint can be made at home and costs less than the commercial products. Mix ½ cup starch (cooked type, NOT INSTANT) with enough cold water to make a smooth paste. Then stir this into 2½ cups boiling water and cook until glossy. Stir in ½ cup soap flakes while mixture is still warm. Color (food coloring or tempera paint) may be added as the child uses the fingerprint. This can be kept for a week if stored in an airtight jar. Too, it is easily cleaned up or washed out of clothing.

You'll want to encourage your child in his original paintings. To make comments and criticisms can easily discourage him and destroy his originality. To him, the sky may actually feel red. What he says is a man may not look at all like a man. Children's pictures are not realistic or accurate to adults but are very real to a child's view of the world. By encouraging him to be imaginative and to feel free to experiment with materials, you are helping develop his own unique personality, to be him self.

**EAT LESS, EXERCISE MORE**  
 There is a "magic formula" for losing weight, according to the Idaho Medical Association, and it contains just five words: "Eat Less and Exercise More."

Everyone needs a certain amount of calories each day. Men need roughly 2,600 to 2,800 calories per day and women need 1,800 to 2,000. Children need a little more and old people somewhat less.

If the body does not get the calories it needs from food it turns to an internal source, body fat.

Five kinds of nutrients are needed daily: carbohydrates, proteins, vitamins, minerals and fat. Each serves a different and important purpose.

Unless recommended by a physician, a starvation diet is unwise. Diets of 600 calories or less a day make it almost impossible to get all the proper nutrients and can leave one exhausted, irritable and more susceptible to illness.

Readjusted eating habits are a key factor in weight control. The vast majority of people who go on crash diets regain the weight lost.

Diet without exercise is seldom sufficient. Even a little walking, jogging or bike riding can help. Just a brisk walk after dinner will burn 150 calories more than one normally expends. In this case, spending, not saving, is the best way to fight inflation.

Thinking of dieting strictly in terms of calories can be misleading. Any food, even the low-calorie kinds, can be used by the body for energy—or turned into fat. How much one eats really does count.

**SEW MENSWEAR**  
 If you've decided now is the time to tackle a menswear project, you couldn't have made a better choice, says Mrs. Joanne Anderson, Latah County extension home economist. A century of conservative clothing has given way to more stylish apparel for gentlemen of all ages.

Men have been liberated from the no-texture, no-color rules. Today, choose corduroy, velvet, wool, wool-like fabrics, leather and the leather look, anything with a brushed look, plaids and popular prints. Favorite fall-winter colors are navy, burgundy, green and blue. Current fashion looks are the looser look, and pants called "baggy."

Fit is important, too, when sewing menswear. Men's sizes are geared for an average build and a height of 5' 10" without shoes. Select correct pattern size by matching actual body measurements as closely as possible.

**BIG GAME WINTERING WELL**  
 Despite record cold temperatures over most of the state in December big game appears to be wintering well on all major wintering ranges according to recent reports from men who are keeping a close watch on conditions as they might develop, the fish and game department reported.

Big game populations along the North Fork of the Clearwater and around the pool area of Dvorshak Reservoir above Orofino are in especially good shape due to less than normal amounts of precipitation during December. Regional Game Manager Gary (Sam) McNeill of Lewiston reported that snowfall in the Clearwater Region was very light. He mentioned that an unusual Christmas was experienced at Elk City, up in the mountains 60 miles east of Grangeville—there was a lack of snow on the ground!

McNeill went on to say that the cold snap in December, with temperatures below average, could have built up a stress situation later on in the winter had they not moderated. Commenting on big game situation along Dvorshak Reservoir, he expressed doubt that the reservoir will freeze over completely this winter. More problem occurred there last winter with deer on the ice and coyotes feasting on them. McNeill said snow conditions were just right at the end of the year with south facing slopes still mostly snow free in the reservoir area. No coyote depredation problem existed.

In the Panhandle Region big game mammals were reported having no difficulty by Game Manager Ray Rogers of Coeur d'Alene. He stated that most of the elk were located at the upper levels of the range and widely scattered. He also noted that the turkey flocks near St. Maries had not yet moved down to their accustomed winter quarters.

Dave Neider, Regional Game Manager at McCall reported snow depths substantially below normal for December. The Rock Flat snow course at an elevation of 5,000 feet, had 24.5 inches of snow on January 1, which he said was 57 percent below last year.

Neider termed big game wintering conditions excellent, adding that a 2-week period of extremely cold weather in the middle of December could have worked a hardship on big game

### Home Cookin' . .

This week's recipe is something the entire family enjoys. Home made bread! Nothing smells so delicious as freshly baked bread. Mrs. Emma Shirrod shares her recipe for Whole Wheat Bread with us. She says it is easy to make and the results are always good. She's never had a failure with it.

- 1 3/4 cups milk
- 2 tsp. salt
- 1/3 cup olive oil
- 1/2 cup water
- 1/3 cup honey
- 2 eggs
- 2 cakes yeast
- 6 cups whole wheat flour

Scald milk and cool slightly. Add salt, honey, water, eggs, and yeast. Mix well. Sift flour and add to mixture.

Add enough flour to make dough the consistency of a cake.

Let stand 15 minutes. Sift and add more flour until too thick to stir with a spoon. Work with hands and then turn out on floured pastry cloth (fold and push, add flour).

Knead for about 10 to 20 minutes. Put back into bowl and let rise until double in size (takes approximately 45 minutes).

Divide into two pieces and shape into loaves.

Place in buttered loaf pans. Cover and let rise until double in size.

Place in oven and set at 350 F. for better rising. Do not preheat oven. Bake for one hour.

NO AGE LIMIT FOR DISABILITY BENEFITS. A young person can acquire social security disability protection with as little as 14 months of regular employment.

### OBJECTIVE: clear and clean overhead.

America has started a massive cleanup on its air, its lakes, streams, and soil.

This is a job of staggering proportions, billions of dollars are involved. Patience, time, determination and understanding are needed.

Already, progress has been achieved in pollution abatement. Clean electric and natural gas energies have played important roles in our national, municipal and personal efforts to maintain a clean, healthful environment.

Those non-polluting energies have contributed to cleaner air in our homes and in many cities of America. Rapid electric transit systems are being designed and installed to move urban traffic and reduce auto emission pollution. A new generation of electric cars and

trucks is in the research and development stage.

These energies are also used to operate plants for municipal waste treatment. Research is under way using heated earth to stimulate year-round crop growth to help feed a growing world population.

One fact is obvious: the world needs a lot of energy now, and a lot more in the future. Millions are being invested by the energy industries in research, development, and exploratory operations.

This is important to you, because clean energy can help resolve so many of man's problems. Air pollution, for instance.

## KHS Gal Cagers Win Two Games

The Deary JV squad gave the Kendrick JV girls all they could handle Monday night as Kendrick squeaked by a hustling determined Deary team 12-10. The halftime score was 4-0 Kendrick. Then Deary caught fire and scored 8 points in the 3rd quarter holding the Kendrick girls scoreless. The girls from Kendrick then turned the tables and out-scored Deary 8-2 in the final stanza. The last 2 points were scored by Gisele Magnuson on a 30-foot set shot. This proved to be the winning margin. Kathy Boe, Ruth Ann Hutcherson and Vicki Brocke did a tremendous job on defense as Victoria Holsington, Tami Hutton, Pam Foreman and the McGary sister, Sue and Katrina, helped control the boards.

High scorers for Kendrick were Julie Deobald and Becky Cowger with 4 points each, while Gisele Magnuson and Terrie Brocke collected 2 points each.

High scorer for Deary was Mary Watt with 4 points. Linda Winn, Rose Capps and Crystal Batey all got two each.

Varsity Rolls

The Girls varsity displayed both their ability to hit and miss the basket to control and fumble the basketball Monday night as it returned from Deary with a 33-15 win. The girls outscored Deary in every quarter after the first quarter which ended in a 4-4 tie. The girls are really giving the ball games all they have this year and appreciate your support.

Both the JV's and Varsity will meet Deary in the KHS gym for home games this Thursday night at 6:30 p.m. Their next game following will be Monday at home against a well-coached and talented team of women from Troy.

The box scores for the Deary game are: Kendrick — Linda Kimbly 10, Kathleen Parker 10, Cindy Taylor 2, Nancy Parks 1, Debbie Christensen 11, Charlotte Souders 2, Terry Allen 2, Eva Wilken 2. Deary—Linda Dufenberg 4, Anette DesJardins 2, Kellie Anderson 2, Patsy Capps 3, Liz Uhler 2, Dallisa Kellom 2.

## Local Members Attend Pomona Grange In Moscow

Five members of Kendrick Grange attended the meeting of the Latah County Grange held at the Moscow Grange Hall on Saturday, Jan. 13. The meeting began with a 6:30 supper which was enjoyed by 49 Pomona members representing eight subordinate Granges of Latah County.

Those attending from Kendrick Grange were Mr. and Mrs. Manning Onstott, Mr. and Mrs. Leonard Wolf and Mrs. Robert Hutcherson. Mr. and Mrs. Leonard Wolf along with Harry Larson of Moscow were given the obligation of the Fifth Degree.

A conference for Lecturers was held preceding the business meeting. The beginning of the contest on attendance and membership increase on the Pomona and subordinate level was announced. This will be judged percentage-wise according to total membership of each individual Grange.

It was noted that the Fifth Degree will be presented by the Latah County Pomona Grange at Deary in May.

State officers will come to Moscow Grange to present a Grange school the last part of February or first part of March. All members are urged to attend.

In the Supplemental Reading Program we are working on our puppets for their puppet show.

The First Grade is working with beginning and ending consonant sounds, rhyming words and listening skills.

The Second grade is doing quite well in their new workbooks and readers tackling new words enthusiastically.

The Third grade has spent this week taping stories and analyzing their reading.

### Grade 2 News

Last week we welcomed another student teacher, Mrs. Beebe, who will be teaching in the second grade for this nine weeks.

In P.E. we enjoyed a couple of days doing rope jumping. Also we started some exercises using the parachute. It's great fun.

Mrs. Beebe showed us a new way to do math problems of 10 or more by putting popsicle sticks in pockets that stand for tens and ones.

We're studying contractions in our Phonics lessons.

Friday we saw an interesting movie about the "Mekong River."

### Fourth Grade

The Student of the Week is Dale Wolff. And he doesn't know what to bring yet.

Willy, our worm, has gone all the way around the room once. Yah! Yah! This is how many books the 4th Grade has read in the last nine weeks. Rick Anderson 7, Leonard Arnett 6, Judy Bailey 4, James Bain 2, Cindy Boe 4, Darrin Clemenhagen 25, Ronda Conway 13, Janice Cook 14, Mike Cox 11, James Downs 25, Fritz Fliger 2, Kevin Fliger 23, Gary Gertje 3, Larry Gillisple 3, Jeff Grinolds 5, Kathy Hadley 9, Teresa Hamilton 16, Cheryl Hutton 17, Keith Ingle 8, Janey Jacobs 32, Danny Lohman 5, Cynthia Millard 31, Grady Shawver 12, Richard Sillow 19, Tony Simpson 19, Carl Ware 15, Gina Whittinger 14, Dale Wolff 0, Lori Frary 5, David Trapp 0, Ricky Belcher 0. They are new children.

Most of our flu bug children returned to school. The children are Lori Frary, Cheryl Hutton, Teresa Hamilton, and Tony Simpson. The people who got a 100 percent on our spelling test are Cindy Boe, Darren Clemenhagen, Keith Ingle, Cynthia Millard, Grady Shawver, Richard Sillow and Gina Whittinger. There are posters available if we want to buy them. The biggest one we can get is a 16x20 and it costs 30c and the smallest one we can get is an 8x10 and it costs 20c. James Bain brought two mice named Mickie and Minnie for all of us to enjoy.

### Kindergarten News

We are still practicing our color names and how to tell time on the clock.

We learned about the temperature, how a thermometer works and about the wind and how it moves. Our teacher played a record while we pretended we were the wind.

Alphabet bingo is helping us learn our letters while we have fun playing.

For art, we colored a cut out pin wheels, drew chalk pictures on black paper, made elephant prints with our hands and scribble art.

On Thursday, we had a smelling lesson. We took turns closing our eyes and smelling different smells. Records we listened to this week

It was announced that Latah County Pomona had one of the best attendance records in the State last year.

There are 696 subordinate Grange members in Latah County.

The Lecturer's program consisted of games played and several numbers by the Old Time Fiddlers, which were greatly enjoyed by everyone.

The next Pomona Grange meeting will be held at Rock Creek Grange on March 10.

## CARD OF THANKS

I would like to say a sincere "Thank You" to friends and neighbors for their cards, flowers, inquiries and other kind thoughts and deeds shown me while I was in the hospital and since returning home. All of this has meant so much and will be long remembered.—Mrs. Emma Brocke. 114

## RETURN HUNT CARDS FOR BIG GAME DATA

To All Big Game Hunters

Now that all elk and deer seasons are over, the Idaho Fish and Game Department is urging the return of your hunter report cards, whether you harvested game or not.

This is one very valuable way each sportsman can contribute his bit to the management of Idaho wildlife and convey some idea of how many animals were harvested. Only you, the hunter, has this information.

were the music from the story of "Dumbo" and the story of "Heldi."
