Bulldogs Advance In Hoop Tournament; Kendrick Drops Two Close Contests

(Continued from page 1)

When play resumed, the Spartans threw up their full-court press and the Tigers started to rattle. Timberline finally tied the score at 49-49, then pushed to 51-49 and 53-49. Two free throws by Kelly brought the Tigers to within two points again, 53-51—but from there the THS team opened the game up and won 63-52. Kelly's 15 points paced the Tigers

with Marty and Ed Osborn each having 9 and Lavern Reed 8.

Tigers Sent Home
 Kendrick saw a solid 10-point lead disappear in a frantic final frame Saturday night and was eliminated from the tournament as the Lapwal Wildcats defeated them 58-53. Again it was a full-court press plus some fouling problems that did the Tigers in.

Parot put Lapwal ahead 2-0 until Lavern Reed dropped in a shot from

in under the basket. Lapwal took the lead 4-2 and again Reid tied it 4-all. Marty Clemenhagen's 12-foot jump shot put the Tigers in front 6-4 but the Wildcats knotted the game at 9-9 and then went ahead. Kendrick started fast but went cold and fouled heavily. The rebounding of Marty and Lavern kept the Tigers within range, however. Kelly Clemenhagen, usually among the top scorers of the Tiger five, was just about one inch off his range as he had four shots in the first quarter just roll around the rim and drop off.

Lavern Reed, a steady performer throughout the season, tied the game at 18-all with 5:28 left in the 2nd quarter—Marty C. dropped in two free throws and the Tigers led 20-18. Marty passed off to Kelly who sunk the shot for and 22-18 lead. The KHS battled back to tie the score 22-22. Several times more the lead changed hands before Ed Anderson hit from the key to give Kendrick a 30-29 halftime margin.

Seconds after the third quarter opened Ed Osborn's shot from the side made it 32-29 and the Tigers began to open up the lead. With 4 minutes left on the board in the 3rd period Kendrick was enjoying a 40-32 advantage and had it 44-34 going into the final quarter.

Although all the teams were playing well, it was the rebounding of Marty Clemenhagen and Lavern Reed and Reed's scoring that was making the big difference.

As was expected, Lapwal threw a full-court press on the Tigers in the final quarter and with 3:25 showing on the clock had tied the game 48-48. In another minute the Wildcats had gone into the lead 51-49 as the home team was feeling the effects of the pressure. Tim Felton hit a shot from the side to make the score 54-51 and the last Tiger points were collected by Ken Brown's two free throws as Lapwal won 58-53.

Lavern Reed's 17 points were high for Kendrick, closely followed by Marty Clemenhagen and 16 more.

Bulldogs Nip Spartans
 In a slick, quick, defensive contest, the Genesee Bulldogs took a 41-39 "cliff-hanger" from the Timberline Spartans Saturday night in the final game of first round play. Jim Hermann swished the nets for 19 points and was a stand-out on offense in a game that had the crowd on its feet much of the final period.

Craig Kanikkeberg dropped in a long set shot to give the first points of the game to Genesee. Timberline answered with four points of their own before Jeff Boyd tied the game at 4-4. Timberline took the lead back and stayed ahead by 1 and 2 points throughout the quarter until Hermann ran up six straight points to give the Bulldogs at 21-14 edge and Timberline called time out with 4:39 left in the half. The Spartans started to press after the time out and the Bulldog lead was cut to 23-20 at the half.

Genesee stretched out its lead to as much as five points in the third quarter before the Spartans finally moved up to close the gap and tie the game 33-33 with 1:52 left in the period. That score stayed for the rest of the quarter as the zone defense of both teams was outstanding.

Jim Grieser, who was playing an excellent game both on defense and offense, broke the tie with two free throws and Craig K. hit a long shot from out front for a 37-33 score. Timberline came back and made it 37-35 and Genesee called time. Kanikkeberg scored on a 15-foot shot and Grieser's free throw gave the GHS team a 40-35 lead with 1:04 left in the game.

It wasn't over yet—both Lutes and Jared scored for the Spartans and the score was 40-39. With the crowd screaming and both teams feeling the excitement, Genesee threw the ball away and Timberline took the ball out of bounds in their own end of the court with 39 seconds left on the clock. Kelly Lutes dribbled around the side and drove in under the basket to score what seemed the winning point for the Spartans but the referee ruled he was fouled before starting his shot and gave him a one and one at the free line. Understandably disappointed and under terrific pressure, Lutes missed the shot and Genesee grabbed the rebound with 11 seconds remaining. As the Bulldogs started the ball up the court, Kanikkeberg was fouled, and on another one and one situation, Craig dropped through the first shot without touching the nets for the 41-39 score. He missed the second shot but it didn't matter as the clock ran out moments after Timberline gained possession of the ball.

Hermann's 19 points led all scoring with Kanikkeberg getting 9 more and Boyd 2.

CHILDREN SHOULD BE REIMMUNIZED AGAINST "HARD RED MEASLES"

A number of Idaho school children may be unprotected against the hard red measles and will have to be re-immunized.

Dr. John A. Mather, director of Preventive Medicine for the Department of Environmental Protection and Health, announced today that youngsters who received the measles vaccine before they were one year old may not have any immunity.

Three cases of measles were reported last week by one Idaho physician. In each case the youngster had been inoculated prior to his first birthday. The ill youngsters are now six, eight and nine years old, Mather states.

"Parents are urged to check with their family physician to determine if their child is protected against measles. If the shot was given during the child's first year, another inoculation should be given," according to Mather.

The three reported Idaho cases bear out results of national research on the effectiveness of measles vaccine.

In alerting parents to the situation Mather said hard red measles vaccine should not be confused with 3-day measles or reubella vaccination. "Complications from the hard measles are of such a serious nature

that parents should immediately check their child's immunization record to determine at what age measles vaccine was given," Mather said. He listed pneumonia and encephalitis as the two most common serious

complications. Encephalitis occurs in approximately every 1,000 cases and may cause permanent brain damage and mental retardation. Measles vaccine was first introduced for general use in 1963 and the

incidence of measles in Idaho has declined dramatically in the ten years since. Approximately 4,800 cases were reported in the state in 1963 compared to 160 for 1972.

THE PLAIN TRUTH ABOUT BRONATE

Even the right weed killer on the right weed won't work properly if the crop is under stress - if both crop and weeds are not at the proper stage of development - if weather conditions aren't right or if the spray equipment isn't top-grade.

These conditions separate the men from the boys. That's why McGregor's have a superior service to offer you. McGregor managers know their business and can help you make money through proper chemical useage. Call your nearest McGregor man today for the best equipment and the finest know-how. You will also enjoy an inspection trip over your fields in one of McGregor's new crawler-type Cushman Trackster all-terrain vehicles.

DIAMONDS

We drove along the lane at night, Sharp the air in cold moonlight. Across the roadway's rutted seams The headlights cast their yellow beams
 O'er the gleaming, glittering snow. We marveled at the brilliant glow Of DIAMONDS, glistening on the weeds,
 A hundred, million tiny beads— Glistening, glimmering, in the light, Jewels pure on a frosty night.
 —R. Blankenship

Genesee and Ecology ...

As an F. H. A. member I'm interested on the litter in Genesee and peoples' feeling about it. As long as I have lived in Genesee which has now been approximately 5 years, I've felt Genesee has always been fair looking.

I've been to other towns smaller than this and they were so bad that you couldn't walk one block barefoot without getting cut or when driving a car end up with a flat tire that couldn't be repaired. Litter in the streets and sidewalks can be a hazard.

As far as I'm concerned one of the most dangerous things is litter and unsanitary environments. The people today are becoming more aware of the ecology of their environment. The word ecology is the branch of biology that deals with the relation of living things to their environments and to each other.

Litter is an example of ecology. A dirty environment effects peoples' health and safety. Dirt introduces germs, viruses and bacteria. Rusty cans and dirty broken glass can cause blood poisoning and tetanus. The main thing to do now while Genesee is fairly clean is to keep it that way and maybe find ways to improve it.

Mrs. Al Zenner a long-time resident of Genesee said "that she feels Genesee is a lot cleaner than it used to be. She does feel though that it could still use some improvement yet. They have a man now picking up garbage for people at a certain fee per month. She feels this a big improvement from when they didn't have someone to pick up the garbage."

I feel that one way we can begin to fight litter is to begin at home in our backyards and frontyards. We

can also keep our little community clean.

If we did this we could feel proud even more and if we were asked about litter we could rightly say we began fighting it right at home. Another thing we can do is to encourage the young people, visitors and even ourselves to use the garbage cans that are in town. They are not there for decoration but for use. So let's use them.

Mr. Walter Currin, of Genesee, feels that they are taking more to cleaning up along highways and that the younger members are becoming more involved. He also feels there has been a definite improvement since the past.

Julie Lindquist said that when she first moved here she found Genesee fairly clean although it still needs some improvement in some places like along the highway to the intersection and the intersection itself.

When I decided to write this article I felt that just my opinion wasn't enough. It needed other peoples' ideas.

When they made their comments I feel that they gave them honestly. All of them agreed on one thing—that Genesee could still use some improvement. I imagine at the bottom of our hearts most of us feel the same way so let's all of us, not just one or two try to find ways to improve our community even more. Even though it's fairly clean, fairly clean isn't just enough.

by Roberta Heath,
 Genesee, Idaho

NEW OLD RULES REVEALED

(reprinted from The Montana Power Energizer)

The following office rules, dated 1852, were found in the ruins of a demolished factory in Scotland.

1. Godliness, cleanliness and punctuality are the necessities of good business.
 2. This firm has reduced the hours of work and the clerical staff will now only have to be present between the hours of 7 a. m. and 6 p. m.
 3. Daily prayers will be held each morning in the main office. The clerical staff will be present.
 4. Clothing must be of a sober nature. The clerical staff will not disport themselves in raiment of bright colors.
 5. Overshoes and topcoats may not be worn in the office but neck scarves and headwear may be worn in inclement weather.
 6. A stove is provided for the benefit of the clerical staff. Coal and wood must be kept in the locker. It is recommended that each member of the clerical staff bring four pounds of coal each day during cold weather.
 7. No member of the clerical staff may leave the room without permission from Mr. Rogers. The calls of nature are permitted and the clerical staff may use the garden below the second gate. This area must be kept in good order.
 8. No talking is allowed during business hours.
 9. The craving of tobacco wines or spirits is a human weakness and as such is forbidden to all members of the clerical staff.
 10. Now that the hours of business have been drastically reduced, the partaking of food is allowed between 11:30 a. m. and noon, but work will not on any account cease.
 11. Members of the clerical staff will provide their own pens.
 12. Mr. Rogers will nominate a senior clerk to be responsible for the cleanliness of the main office and the private office. All boys and juniors will report to him 40 minutes before prayers and will report after closing hours for similar work. Brushes, brooms, rubbers, and soap are provided by the owners.
- The owners recognize the generosity of the new Labour Laws but will expect great rise in the output of work to compensate for these near Utopian conditions.

The truth about Bronate, the "educated" herbicide. From a weed that lived just long enough to tell about it.

"Oh, it was terrible. A tragic day for weeds indeed.

There we were happily robbing the wheat of their precious moisture and nutrients when the Bronate hit.

First the gromwell, tarweed, henbit and dogfennel keeled over and died. Then the mustard family collapsed simultaneously. And finally my own family of crowfoot went before my very eyes.

I'd heard about Bronate but I never imagined it could wipe us out like that. I mean, we crowfoot are a hardy lot. Old Uncle Slimleaf, rest his soul,

told us this Bronate wasn't like any other herbicide. It was educated. It knew the difference between weeds and wheat. It even says on the label it will kill 26 kinds of us.

He said farmers use it because when it killed us, it wouldn't hurt a grain of the wheat. Even the new herbicide sensitive varieties like luke wheat. And they'd get up to 12 to 20 bushels more yield per acre.

That's why it's the first choice of farmers out here in the Northwest.

Well, Uncle Slimleaf was right, dead right.

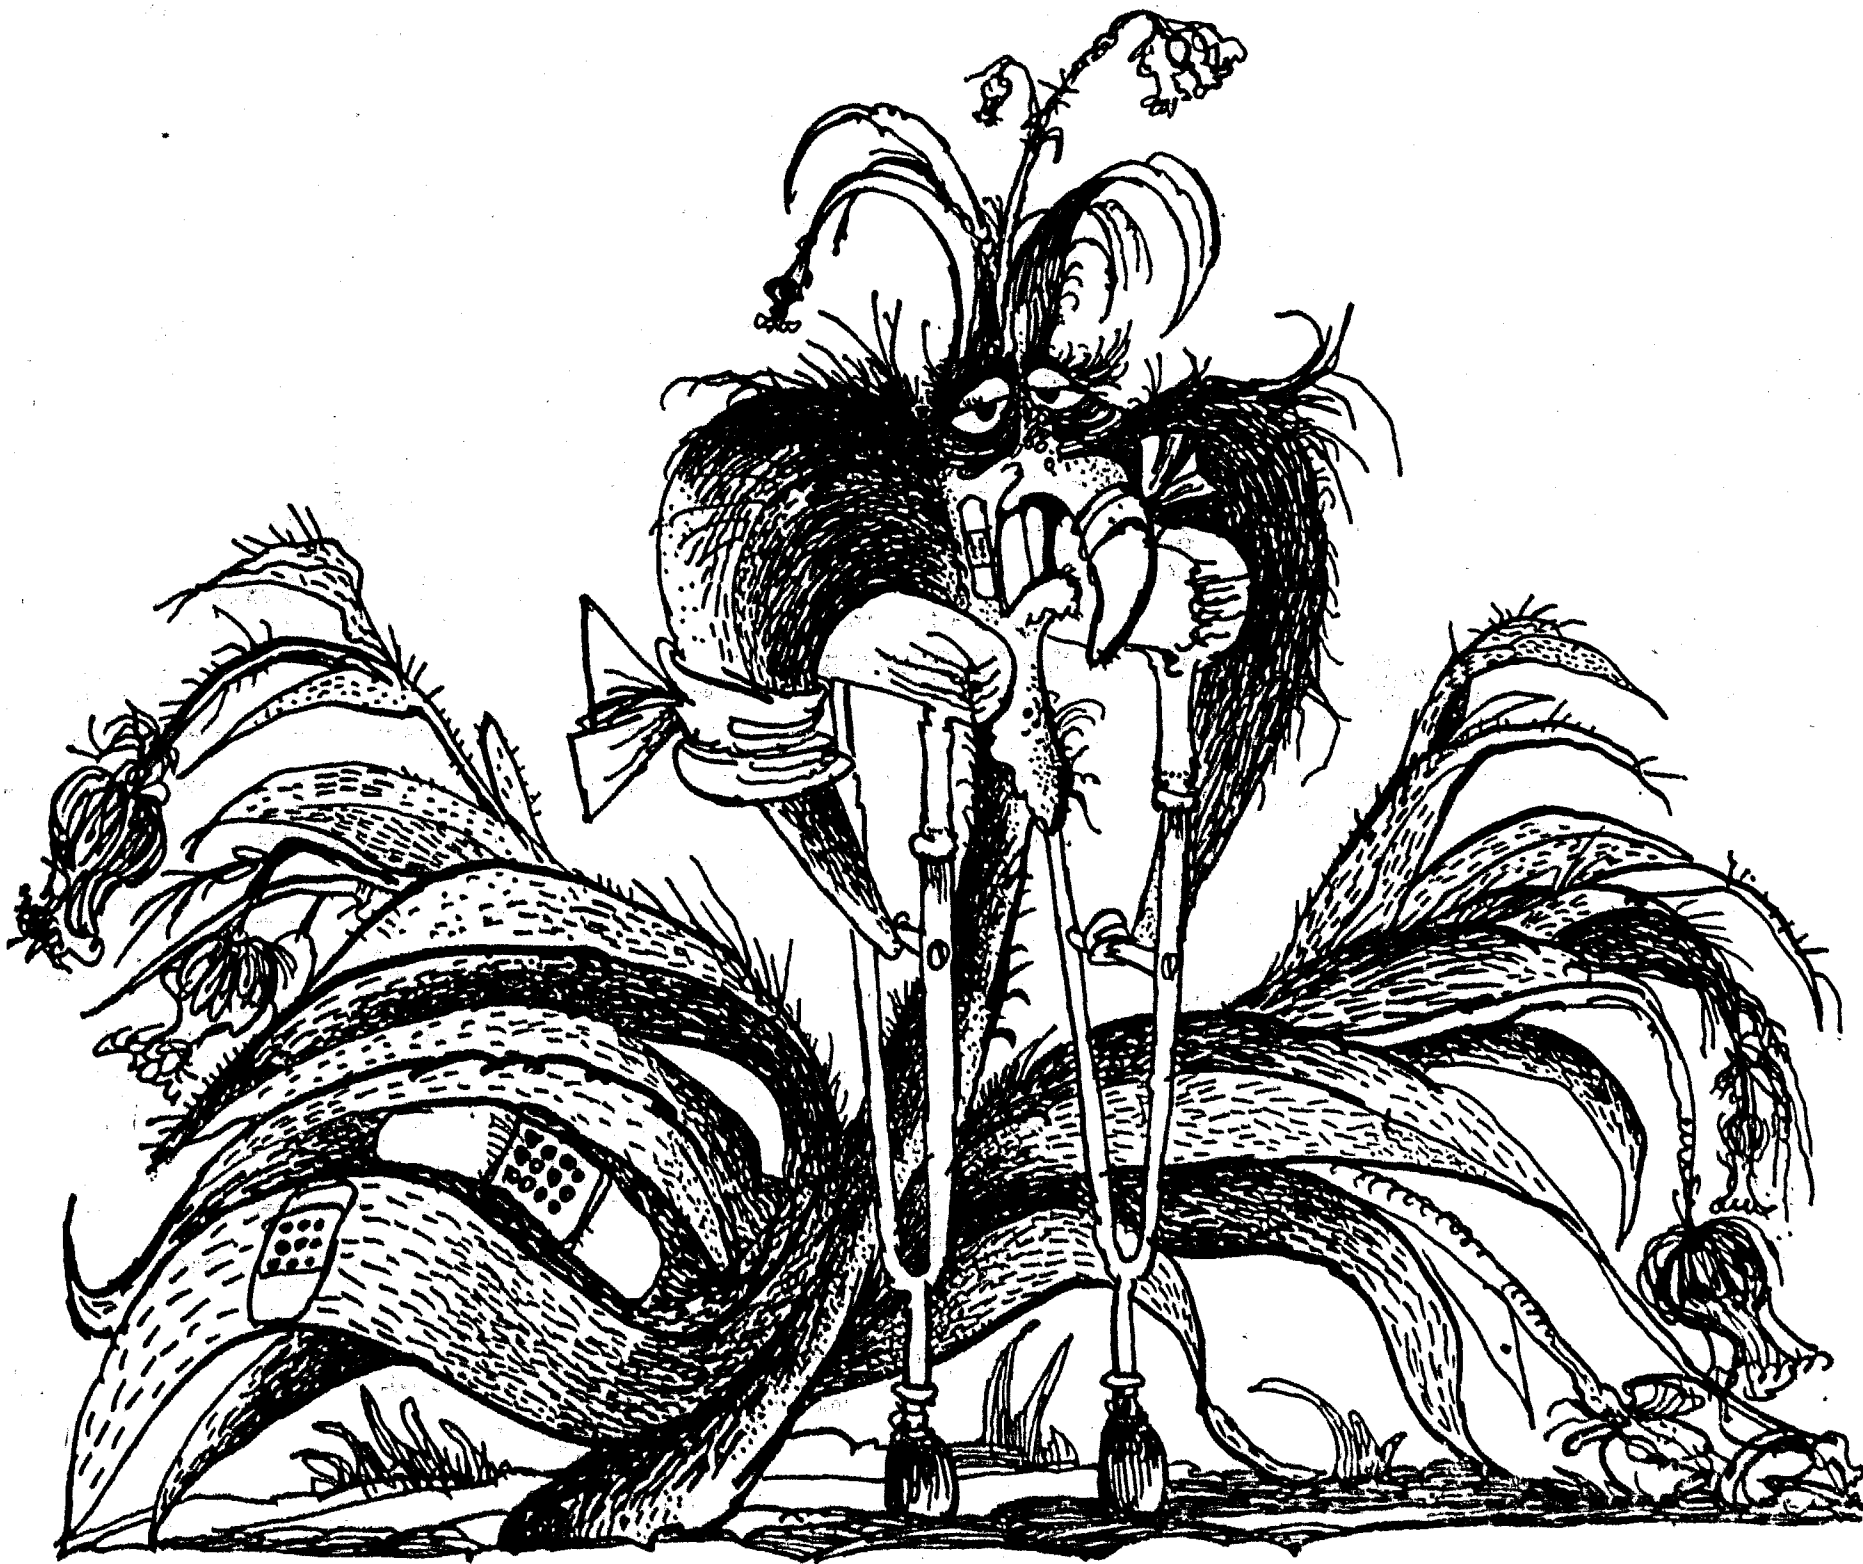

Anyway, by the time we realized Bronate was coming it was too late. We were goners.

It's just a matter of time for me now. I don't know how much longer I can hang on.

My last words to my fellow weeds are: stay away from Bronate. It r-e-a-l-l-y w-o-r-r-s-k-s."

Bronate.

Works on weeds, not wheat.

For information on how Bronate can help you, see your supplier or write Mr. R. P. Rich, Rhodia/Chipman Division, 120 Jersey Avenue, New Brunswick, N.J. 08903.

**IT HAPPENED
WAY BACK WHEN**

Kendrick Gazette—Feb. 10, 1933

Mr. and Mrs. Ernest Steigers, living at Hubbard Gulch, are the proud parents of twin boys who came to their home on Thursday, Feb. 2. Wt. 6½ and 6¼ pounds.

Cameron—The baseball club plans to present its 3-act comedy, "A Poor Married Man," Feb. 17 at the school house. A dance will be given afterward at the Old Day Hall. Those in the play cast are Ed Mielke, Walter Meyer, Walter Sillow, Glen Wegner, Marie Schwarz, Mrs. Walt Sillow, Herbert Schwarz and Mrs. Bill Mielke.

About 60 friends of Mrs. O. D. Ehlen gathered at her home Thursday evening to help her celebrate her birthday anniversary. The evening was spent playing cards and games.

Wheat markets barely steady: At the close on Feb. 3, bluestem hard white was quoted at Portland at 56c to 54½c; soft white, hard winter and northern spring at 44½c; western red at 43½c, western white 42½c; basic No. 1.

February 11, 1943

New Red Cross Officers elected last Thursday were Mrs. A. O. Kanikberg, Mrs. Everett Fraser, Mrs. Clarence Dougherty, Treas. and Mrs. L. D. Crocker. Mrs. Hiram Galloway, who has acted as chairman, gave a report on work completed. Articles completed in the last 3 months were, 16 ladies night gowns; 30 ditty bags; 5 "housewives" cases of sewing essentials; 6 children's robes; 31 bedpan covers; 10 boys' pajamas; 52 hot water bottle covers; 6 ladies' knit sweaters and 8 pr. knitted Sox. Mrs. Marvin Long made and donated 1 crib blanket; 7 pillow cases and hot water bottle covers.

Stony Point: Neale Holsington and Irma Satre spent Tuesday evening in the home of Mr. and Mrs. Ernest Steigers celebrating the 10th birthday anniversaries of Kenneth and Keith Steigers.

Mrs. Hugh Parks and Mrs. Lena Zumhoff left Tuesday for California to visit Earl Parks and Mr. and Mrs. Walter Zumhoff. Earl and Walter are in the armed forces.

Genesee News—30 YEARS AGO

Francis Uhr was named to the city council Monday evening. He

succeeds Phil Enders, who resigned when he moved to Wallenburg.

Mr. and Mrs. Lavern Cass are the parents of a daughter born Tuesday, Feb. 23 in Spokane. The baby was named Rose Marie.

LaVern Scharnhorst, 9-year-old son of Mrs. Viola Scharnhorst had his right leg broken between the knee and ankle Wednesday p. m. at school. He was helping other boys in his grade grade move a piano and it fell on him. Practicing for an operetta, children in Miss Smith's room, including LaVern, hurried to the gym to help and before Miss Smith arrived the accident happened. Ben Cook administered 1st aid.

In honor of the first birthday of Charles Norman Hermann his parents entertained for dinner Sunday. St. Joseph's school notes: Mavis Esser, Norma Jean Kinzer and John Baldus are in the lead in the "Automobile Race" in the primary room.

Mr. and Mrs. Henry Mengelkamp who were married Monday, Feb. 22 were given a shower and charivari Monday evening.

Mrs. Elvon Hampton, Mrs. Jess Johnson and Mrs. John Luedke were hostesses at a pink and blue party honoring Mrs. Forrest Durbin last Thursday evening in the Hampton home.

Genesee News—March 2, 1923

The Kendrick Hardware sold 28 cream separators last year.

Ronald and Verna Gertz have been among the sick during the pet week.

Ed Vanouck, Genesee's popular dray man has also been on the sick list and Walter Jain has been confined to his home by sciatic rheumatism.

Mabel Connick has entered school in Genesee. Her home was at Leland.

Mr. and Mrs. Ellis Odberg are the proud parents of a son born at St. Joseph's hospital, Lewiston on Sunday, Feb. 25. Mother and babe are reported as doing nicely.

Dr. F. B. Evans of Spokane has taken over the Tuomy hospital building and will open an office there for the general practice of medicine.

The country dirt roads are in bad condition.

Arthur Springer went to Lewiston Sunday and on Tuesday morning at 9 o'clock was operated on at St. Joseph's hospital for double rupture, which he sustained last fall while working at the west end warehouse of Farmers Union.

CARE OF A FROST-FREE APPLIANCE
Frost-free refrigerator - freezers are certainly work savers. However, homemakers need to clean these appliances thoroughly a few times each year. It is really easy since the messy ice melting process is no more.

For safety, first unplug the refrigerator and turn all control off especially the signal arm of an automatic icemaker. Take out all food. Protect frozen items from thawing.

Remove parts, such as crispers,

**Word Received of Death
Of Former Resident**

Word has been received of the passing of Hannah L. Lewis, whom many will remember as the widow of the late Carrol T. Lewis, who passed away on Texas Ridge in Dec. of 1937.

Mrs. Lewis moved to Vancouver, Washington in 1938 and has resided at 8401 NE 4th Plain since 1940.

Hannah Lucinda Lewis was born in Macon, Mo., December 1, 1879 and passed away in Vancouver Dec. 14, 1972.

Survivors are a daughter, Mrs. Leslie (Lucille) Ludahl, with whom she lived, 11 grandchildren, 39 great grandchildren and 17 great-great-grandchildren.

She was a member of the Froebstil Evang. Free Church where memorial services were held for her on Dec. 18, 1972.

Burial services followed at Evergreen Memorial Gardens, Garden of Resurrection.

meat pans, shelves and light fixtures. The instruction booklet will explain how to do this.

In the sink, wash everything in warm sudsy water. Use a gentle-action scouring pad to clean stubborn food particles from racks.

Be sure to remove and wash the water evaporating tray and air grill below the unit. With the crevice

tool attachment, vacuum the condenser and other areas where dust may collect.

Then wipe the entire inside of the refrigerator and freezer. Refit components and replace food. First, wipe all jars and containers with a sudsy sponge. Plug in the appliance and turn on controls.
