Local Couples Return From African Tour

Mr. and Mrs. Cecil Gruell and Dr. and Mrs. G. W. McKee returned Friday from a 6-week tour of Africa. This is an account of their trip:

We met six traveling companions and our tour escort at Portland. Leaving there February 10, we covered 27,500 miles on 13 planes and over 3,000 miles by Safari buses. We flew to Chicago and Frankfurt, Germany, where we toured the city before flying to Nairobi, Kenya, East Africa.

The next 18 days were spent in Safari lodges, viewing thousands of animals in their wild state—elephants, giraffe, wildebeest, hippos, zebra, impala, water bucks, cape buffalo, cheetah, lions, leopards, wart hogs, gazelle, baboons and monkeys, safari ants, Marabou stork, ostriches, and many birds, the most interesting being the Weaver birds and their hanging nests.

We stayed at Ngulia Lodge in the Tsavo National park; the famous "Tree-top" perched 40 feet above the ground on Cape Chestnut trees, and where Princess Elisabeth was visiting when her father, the King of England, died and she became Queen of England; Mt. Kenya Club, partly owned by William Holden and known as the millionaire's country club, and Keekorok Lodge. Here we crossed the Equator at an elevation of 6200 feet; the Tea Hotel of Kericho near Lake Nakuru which is famous for the millions of pink flamingoes and is the center of 40,000 acres of tea. Within 48 hours the tea is picked, dried, ground, sorted and crated ready to be sent all over the world.

The weather of Kenya, the tropical trees and flowers, fields of coffee, tea, sisal, pineapple, bananas, mangoes, and papayas reminded us of Hawaii. Thousands of acres of "meat" or corn provide the staple food for the millions of natives who live in round mud huts, or "kraals" as the compound of a man, his several wives and numerous children are called. Education is expensive and only for those who can afford to pay for it, and English is taught in all schools.

In Tanzania, we crossed the level Serengeti Plains, the home of 1 and a quarter million animals, the largest concentration of plains animals in the world. We must have seen them all for we travelled 60 miles and could see masses of animals in all directions as far away as the eye could see! Here, too, we were rewarded in seeing a mother cheetah and her five cubs feasting on a

(Continued on Page 3)

Kendrick Campers Club Presented Talent Show

The K.C.K. met Monday evening at the Fire Hall with 58 present. The potluck dinner and business meeting was followed by a "home talent show." Every family was asked to participate and we think it's quite amazing what this group can put forth. It requires planning, practice and persistence, but the end results are well worth it.

The order of the program was as follows:

A poem, "My Favorite Newspaper," by Lester Crocker.

Two snappy square dances, and a round dance were executed by the following couples—Ken and Marge Wilken, Walt and Rowena Koopp, Oakley and Dolores Wallace, Jim and Gladys Whittinger, John and Rosalie Blankenship, and Ernie and Jean Brammer.

Two hymns, "It Is No Secret" and "How Great Thou Art" with Lorraine Gustafson on the accordion and Ida Clemenhagen and Lorraine singing.

Reading, "Solitude," by Rada Streeter.

An old song, "Flow Gently, Sweet Afton" with Cindy Wallace on the flute and Dianne Silflow at the piano.

A funny reading, "Unusual Chain Letters" by Lloyd Craig.

A real hillbilly skit, "Bitter Agony" by Betty Mustoe, Sharon Harris, Eleanor Wegner and Rosalie Blankenship.

Reading, "The Old-Time Barber-shop" by Manning Onstott.

Poem, "My Mother's Face" by Clara Kuykendall.

Several beautiful selections on the harmonica by Wayne Wegner.

A comical skit, "The Dentist's Mistake" by Oakley and Dolores Wallace, Gladys Whittinger and Elsie Onstott.

A fitting poem, "The Traveler" by Doris Merrick.

Reading, "Simplicity" by Doris Merrick.

"The Garp" (a story about a strange Alaskan creature) by Crystal Gruell.

"Women's Lib" (an up-to-date skit) by Rowena Koopp, Juanita Craig, Margie Wilken, Elsie Onstott, and Millie Corkill.

The campout schedule is completed for this summer with the first "get-together" planned for April 7 and 8 on the Grande Ronde. There will be no camp-out on Easter weekend. Committee says, "Go to church, we'll see you there!"

Guests for the evening included Mrs. Fay Burch, Moscow; Miss Vicki Erickson, Lewiston; Mr. and Mrs. Doug Harris and boys, and Dianne Silflow.

Special mention was given to the following members present: Roy Ramsey, the eldest; Charles Craig, the most courageous; Art and Maxine Foster, came the farthest.

Mrs. Glatha Giese, 66, Lifelong Area Resident Claimed By Pneumonia

Mrs. Glatha Gwendolyn Giese, 66, who died at St. Joseph's Hospital Thursday at 9:10 p.m., had been a lifelong resident of the Lewis-Clark empire and a resident of Lewiston since 1964. Death was due to pneumonia.

She was born Aug. 31, 1906, at Randall Flats west of Troy, Idaho, the daughter of Roy C. and Elmina Woodruff. The family moved to Moscow in 1911, and she attended schools there.

She married George Giese Dec. 29, 1925, at Lewiston. They farmed near Juliaetta until 1964. A son, Bruce, now operates the farm. Mrs. Giese was a member of the Fix Ridge Women's Club, the Veterans of Foreign Wars auxiliary, the Lutheran Women's Club at Juliaetta and Grace Lutheran Church at Lewiston.

Other survivors include a son, Bruce, Juliaetta; a daughter, Mrs. Gwendolyn Poleson; her mother, Mrs. Elmina Woodruff, and two sisters, Mrs. Bernice Perry and Mrs. Irene Lane, all of Lewiston; three brothers, Patrick Woodruff, Lewiston, John Woodruff, Coeur d'Alene, and Paul Woodruff, Blythe, Calif., and five grandchildren. A fourth brother, Arthur Woodruff, preceded her in death.

The funeral was held Tuesday at 1 p.m. at Brower-Wann Memorial Chapel with the Rev. Paul Wietzke of Grace Lutheran Church officiating. Burial was at the Fix Ridge Cemetery near Juliaetta.

Good-Doers Invite Public To A Skating Party

The Good-Doers 4-H Club would like to invite the community to a private skating party April 30, 1973, from 7:00 p.m. to 9:30 p.m. Cost to get in will be \$1.25. Cars are needed to take people down in. If you have a car available and would like a carload down please call Ruth Ann Hutcheson or Julie Deobald. We need 50 people so anybody wanting to go please meet at the Juliaetta Community Church at 6:00 p.m. so we may leave at 6:15 p.m. Hope to see you all there.

The Good-Doers will hold its April meeting April 2, 1973 starting at 7:30 p.m. The meeting will be held at the Juliaetta Community Church.—Ruth Ann Hutcheson, Reporter.

Kendrick Opens Baseball Season Friday; Kubs Here

With fifteen lettermen back from last year's season, Coach Dick Ruark will send his KHS baseball team onto the field for the first game of the year this Friday afternoon at 3:30 against the Kamiah Kubs at Kendrick.

Following the Kamiah game, the Tigers will host the Genesee baseball team Monday, April 2.

Coach Ruark reported the prospects for the coming season look good. Kendrick hopes to play a 14-game season this year, the maximum recommended by the state athletic board.

KENDRICK AND GENESSEE, LATAH COUNTY, IDAHO

THURSDAY, MARCH 29, 1973 NO. 13

FHA Check for Community Ambulance

During the past year the Kendrick Chapter of Future Homemakers of America have worked to earn money to purchase a scissor-type stretcher for the J-K ambulance. Projects such as baked food sales, pickle sales, pie socials, and dime teas were to help sponsor this project. A donation of \$50 from the First Security Bank helped greatly in meeting our goal.

The FHA members hope this will be a valuable addition to the community and would like to thank everyone for their support on these projects.

Presenting the \$130 check are (left to right) Tammy Armitage, newly elected FHA president; Elsie Wilken, State FHA president; Jolene Brammer, State FHA secretary; Robert Watts, secretary-treasurer for J-K ambulance, and James Hoogland, Jr. manager of First Security Bank.

Attend Emerald Creek Planning Meeting

Mr. and Mrs. Art Johns of Juliaetta attended a planning hearing on the development of Emerald Creek held in Moscow last week. The Clark Ranger District is now in the process of deciding what the best plan for management of this area of land west of Highway 3 between Bovill and Clarkia is.

The objectives of the planning unit study are:

1. Analyze use suitability in terms of ecological factors.
2. Analyze current and future demands, both social and economic, with the unit.
3. Formulate management guidelines for the unit that will be used to guide current and future management decisions on land use and development.

Approximately 27,000 acres of land within the Emerald Creek Planning unit, which is within the Clarkia Ranger District of the St. Joe National Forest.

Many people in this area are especially interested in what final decisions are made regarding this area because of the hunting, both elk and deer, and also because it is an area rich in Idaho star garnets. A federal law closed this area to mineral entry in 1969 and at the present time the only digging area open to the public is a concession operated by a private individual. The concession is under permit from the Bureau of Land Management and is administered by the Forest Service.

Mr. Johns reported that no action was taken at the meeting he attended, but that he and others in the area were watching what develops from the hearings.

Many Attended Reception To Welcome "Dr. Mike"

Over 250 guests passed through the reception line on Sunday from 2 to 5 p.m. at the Grange Hall to meet and welcome Kendrick's new physician, Dr. "Mike" Cryhold and his assistant, Keith Bird. Introductions were made by Dr. D. A. Christensen and Dave Clayton. Mrs. D. A. Christensen was in charge of the guest book.

Card tables placed throughout the hall were covered with pastel green tablecloths centered with vases of magnolia blossoms. The large punch and coffee table was covered with a green-lined white lace cloth and was centered with an attractive arrangement of magnolia blossoms. The table and flower arrangements were done by Mrs. Werner Brammer and Mrs. Stanley Hepler, both members of the Hill and Valley Garden Club.

The presence of spring blossoms and a warm sunny day gave the ingredients for a completely successful occasion.

Members of the community sponsored reception donated all the cookies that were served with the punch and coffee to the many guests and they also took turns at serving which was appreciated by the community planning committee.

Lenten Services Sunday

The second area Lenten church service will be held this Thursday at 7:30 at the Cameron Lutheran Church with the church pastor, Rev. Theo Meske, giving the sermon, "Bearing The Cross." All area people are welcome to attend.

Return From Arizona

Mr. and Mrs. Burt Souders Sr. returned home from Yuma, Ariz., on Sunday after spending the winter there in their trailer home. While away they joined others from this area including the Cecil Choates, the Gerald Schmidts and the Tippetts of Lostine, Ore., on a week's trip to a seaport at El Golfo, Mexico. They reported all kinds of weather on route home, but it was good to have spring in the valley in Kendrick.

Many Friends, Relatives Gathered To Honor Mrs. Frances Fry

Some 275 friends and relatives attended the 80th birthday anniversary open house honoring Mrs. Frances Fry on Sunday at the Fire Hall.

A color theme of pink and white was carried out in floral arrangements of pink carnations and white daisies. The beautiful old fashioned birthday cake was centered with the numeral 80 with a cluster of pink rosebuds accenting it. The cake was made by Mrs. Theo Meske. Relatives and lifetime friends took turns serving at the refreshment tables and guest book.

To make the day so perfect for Mrs. Fry were the attendance of six of her eight children and her only living brother, Ted Vaughan and his wife of Spokane. Also attending were grandchildren, nieces, nephews and friends from a three-state radius.

Hosts and hostesses present for the memorable afternoon event were Mr. and Mrs. Norman Fry of Missoula, Mr. and Mrs. Dick Fry and family of Spokane, Mr. and Mrs. Bill Fry of Juliaetta, Mr. and Mrs. Don Johnston of Lenore, Mr. and Mrs. Glen Wegner and Mr. and Mrs. Herb Millard.

Kendrick Rates High In Music Festival

Both the Kendrick Junior High School band and mixed chorus received top ratings in the Jr. High District 2 Music Festival held Saturday, March 2, at the local school, reported Floyd Williams, KHS music director.

Sixteen groups, representing ten area schools, participated in the festival. There were bands, mixed chorus and boys and girls glee groups, all performing from 8:30 a.m. to 2:20 p.m. They were judged by Ross Woods of Lewiston and Mrs. Mary Jenny of Cottonwood.

Bands from Kendrick and Lapwai were given top ratings and mixed choruses from Kendrick, Jennifer Jr. High, and Tammany were rated high.

Serving as guides during the festival were: Cindy Lohman, Pam Crossin, Nancy Ingle, Wanda Hamilton, Cindy Wallace, David Williams and Diane Heppner.

Office help was: Amy Lawrence, Joan Parks, Susan Schwarz and Cathy Christensen.

Clean-up crews were: Doug and Jim Silflow, Jason Meyer, Russell Brammer and from the 6th grade, Bob Bain, Lori Brown and Katherine Bowers.

Secretaries to the judges were: Joan Silflow, Polly Taylor, Tammy Armitage, Brenda Groseclose and Audrey Trapp.

High school students acted as supervisors for the Jr. High students and they were: Bill Thomas, coordinator; Luann Brammer, Evelyn Arnett, Laverna Reed, Ray Clayton, Ruth Ann Hutcheson, Myron Calkins and Mike Boe.

"This was the most successful festival I have ever been associated with," said Mr. Williams this week. "I think all of the music educators in the district did a superb job in preparing their students."

Ex-POW's To Speak At GOP Meeting In Moscow

Moscow—Two recently released prisoners of war will be featured speakers at a dinner in their honor April 4 in the Moscow Elks ballroom, sponsored by the Latah County Republican Central Committee.

Both POWs are University of Idaho alumni, Col. Donald Waltman, Kellogg, class of '54, and Capt. John (Spike) Nasmyth, San Gabriel, Calif., class of '61.

Also speaking will be U. S. Senator Len E. Jordan and State Representative Harold Snow.

Mrs. Grace Wicks, chairman, said young people will be especially welcomed at the affair and may purchase tickets at a special student rate. An adult, no host (happy hour) will begin downstairs at 5:00 p.m. with smorgasbord dinner to follow upstairs at 7:00.

Reservations may be made by calling 882-8287 evenings or through precinct committeemen.

visited at the home of Mr. and Mrs. Jim Cuddy.

Saturday overnight guests of Mr. and Mrs. Jim Cuddy were Mr. and Mrs. James T. Cuddy from Pinehurst, Idaho. Mr. and Mrs. Ed Cedars and son of Pullman were Saturday guests.

Mr. and Mrs. Buddy Hensen and boys visited in Moscow on Sunday with Mr. and Mrs. Lee Swanson. The Swanson sons, Fred and Owen, spent part of their spring vacation with their uncle and aunt, Mr. and Mrs. Hensen.

Eddie Sproul is recovering satisfactorily at Gritman Memorial Hospital following his accident Thursday night on Little Bear Ridge grade. He suffered a severely broken pelvic bone and will be in traction from six to eight weeks at the hospital.

4-H Horse Club Meets
The 4-H Horse Club held its third meeting March 20. The group talked of safety practices. A decision was made to make money to buy saddle blankets by having a "slave" day and a play day. Plans were made to hold the "slave" day on April 7 from 9 a.m. to 5 p.m.

Susan Kirtner gave her demonstration on breaking and training a colt. The next meeting is April 3 or reporter Debbie Groseclose both or interested in 4-H horses and

Medical-Dental Fund Established

The first step to encourage and maintain medical service for the area was taken last week with the establishment of a Professional Medical-Dental Fund. The fund was created as a result of the many contributions received to help assist Dr. Mike Cryhold in setting up his medical practice in Kendrick.

The community, without a medical practitioner since the retirement of Dr. D. A. Christensen, responded to the announcement of Dr. Mike's arrival with warmth, enthusiasm and pledges to help financially. At a public meeting held March 14, a number of donations and loans were received. Following the meeting questions arose as to which were loans, which were outright donations, etc.

To help prevent any misunderstanding and also to provide adequate control over the funds, Dr. Mike and a group of area citizens felt the creation of a fund would be the best answer. The Professional Medical-Dental Fund is the result. This fund will receive all donations, memorials, etc., from those who wish to contribute. From this fund the doctor can then borrow, interest-free, to purchase needed medical equipment and supplies. This does not limit the funds, as they could be used in the future for medical, dental and ambulance equipment as needed to insure the minimum use for medical care and betterment of the community.

To administer the fund, a board of directors will be elected at a later date, and it will be this board's duty to see the money is used for the best purpose and properly accounted for.

A temporary board was set up at a meeting March 15 until an election can be held. At this time Mike Hedler, Juliaetta and Kendrick businessman, was chosen as temporary chairman.

A list of donations will be recorded in a book with the name and the amount donated. Any person who considers funds donated as a loan rather than a contribution may contact Mr. Hedler to clarify the status of their money.

Anyone wishing to contribute to the fund may do so by sending your check payable to: Professional Medical-Dental Fund, c/o First Security Bank of Idaho, Kendrick, Idaho or to Mr. Hedler, Juliaetta, Idaho.

Five Teachers Leaving District
For various reasons Joint School District No. 283 will be faced with the task of replacing five teachers before school resumes next fall, according to a report from Supt. Don Blakeley. Mr. Blakeley said the administration and trustees are already reviewing applications and said most of the vacancies will be filled in a short time.

Leaving at the end of the term are: Mrs. Mary Taylor, high school commercial teacher; Mrs. Jeanetta Wolf, girls physical education instructor; Raul Hunt, math and science teacher and Maureen Avery, English and library teacher, all from the high school. From the Juliaetta school, Mrs. Sheryl Halsey, third grade teacher, will be leaving.

The school is also in the process of interviewing applicants for the position of basketball coach since Wayne Dusk asked to be relieved of that portion of his coaching duties. Supt. Blakeley said three applications have already been reviewed.

The district will also be losing the services of Mrs. Karen Abrams inasmuch as the state failed to re-finance the kindergarten program for next year.

Texas Ridge Community Auction Sat., March 31

An old-fashioned community auction and rummage sale will be held by the Texas Ridge Community Association of Deary, Idaho on Sat., March 31, 1973 at 10 a.m. The sale will be held at the Elwood school. It is a formerly deserted 1-room school house. Funds raised at the sale will be used to further restore the school house into a community center. The Elwood school is 7 miles SE of Deary. It may be reached by taking the Deary-Kendrick highway (Idaho State No. 3) and following the auction sign.

Bill Rogers of Kendrick will be the auctioneer. Texas Ridge ladies will serve lunch. Anyone may consign to the sale. A commission of 5 per cent or \$1.00 whichever is greater will be charged. Consignments should be brought to the sale or preferably the day prior to the sale. Donations of articles would be appreciated.

Numerous new and used items have already been consigned, including antiques, farm machinery, logger tools, livestock equipment, hay, furniture and household items, toys, sports equipment, etc. adv

NOTICE

An Idaho-Washington Resource Conservation and Development Project Council meeting will be held Mar. 28, 1973 at the Coeur d'Alene Elk's Lodge at 10:00 a.m.

Werner Brammer will report on the Quality Education Project Measure at 10:15 a.m.

Please contact Mrs. John Groseclose or reporter Debbie Groseclose both or Juliaetta.

American Ridge

Mrs. Frank Benscoter

Attend Burial Services In Spokane

Mr. and Mrs. Dick Benscoter were in Spokane Tuesday and Wednesday to attend the burial service for Robert John Benscoter, 18-year-old son of Dick Benscoter and a sophomore at John Rogers High School in Spokane. Ella Benscoter was unable to attend.

The Benscoters wish to express their thanks to their many friends who have sent cards, notes and memorials and also those who have personally visited. Visitors included, Larry Galloway, Lewiston; Mr. and Mrs. Marion Kayler, Peck; Mr. and Mrs. Dennis Driscoll, Troy; and from this neighborhood, Greta Smith, Frankie, Jo, Babe and Walt Benscoter. Ella, Dick and Vicky have the sympathy of the entire neighborhood.

In their sad loss.

Wade Keene Burial In Lewiston—

Those from this neighborhood who joined relatives and friends for the funeral of Wade Keene at Normal Hill Cemetery in Lewiston on Wednesday were George Havens, Mr. and Mrs. Nora Callison, Mr. and Mrs. Walt Benscoter, and Mr. and Mrs. Frank Benscoter. The Keenes were old time residents of this community and Wade will be missed by a host of friends. The family has our sincere sympathy.

Other News—

Callers in the home of Mrs. Ella Benscoter this past week were Corry Wolf, Louise Hurlburt and Alphas Froucner and Wayne Davis; also from this neighborhood, the Walt Benscoters, the Nora Callisons, Minnie Cox, the Frank Benscoters and Josephine Schupfer. Terri and Tanya Beebe were Saturday overnight visitors of Mr. and

Local Couples Return From African Travels

(Continued from Page 1)

freshly killed gazelle, and our Safari buses less than 15 feet from them! We visited the Olduvai Gorge, where in 1959 Dr. and Mrs. Louis Leakey found a skull estimated to be 1,750,000 years old. Scientific explorations are still being made. Nearby is the Ngorongoro Crater, the second largest caldera, or collapsed crater in the world. It's floor covers 100 square miles and is more than 2,000 feet deep. All the kinds of animals seen before are concentrated in this crater, except the giraffe, missing because there are few trees to provide the foliage they eat.

We drove through the Lake Manyara Reserve which lies at the foot of the Great Rift Valley which extends from Greece to Southern Africa. In the tropical rain forest, we saw mahogany, baobab, camellia and cassia trees in bloom, date palm, huge ferns, and papyrus. We were again fortunate to see a tree climbing lion in an acacia tree, asleep 20 feet above the ground. This is the only area where the tree climbing lions are found.

We drove through the territory of the proud warlike Masai tribe, who use ochre colored clay to make unusual hair styles. Government law prohibits picture-taking of the Masai, upon danger of serious retaliation to persons or cars. These natives raise thousands of cattle and goats and live chiefly on milk and blood.

Compulsory education at government expense is provided in Tanzania for children 7 to 14 years. Children usually live in boarding houses near the school.

Our next stop was the Amboseli Lodge, again in Kenya, at the foot of Kilimanjaro, the highest mountain in Africa—19,340 feet.

An overnight stay in Rhodesia gave us a tour of Victoria Falls on the Zambezi River. The falls are twice as high and 1 1/2 times as wide as Niagara Falls, and are divided into five separate falls—The Devil's Cataract, Main Falls, Horseshoe Falls, Rainbow Falls, and Eastern Cataract. The Africans speak of it as "The Smoke that Thunders" or "The Place of the Rainbow." We also enjoyed an evening boat ride on the Zambezi River, a visit to a 2000 year-old baobab tree (110 feet tall and 88 feet around); the statue of Livingstone, who discovered Victoria Falls, a native village and craft shop. Because of international troubles, we were unable to enter Zambia—the Zambezi River forms the boundary between Rhodesia and Zambia—where Mr. and Mrs. John Griffith live. Mrs. Griffith was a former Julietta teacher, now teaching in Samfya, Zambia.

The next two weeks were spent in the Union of South Africa, touring the cities of Durban, Port St. John, Port Elizabeth, and East London on the Indian Ocean; through the Valley of a Thousand Hills and Khotso's Palace at Lusikiki; Paarl, where we visited the world's largest winery; and the old Dutch town of Stellenbosch. In Kimberly we visited a DeBeer's diamond mine and newly found diamonds on the grease table. We saw the "Big Hole"

Mrs. Wayne Davis and their houseguests Bruce and Connie Davis. Sunday Mr. and Mrs. Rick Beebe joined them for dinner and the girls returned home with their parents.

Mr. and Mrs. Wayne Davis, Pullman, were Tuesday supper guests in the Frank Benscoter home. Other callers were Lawrence and Nell Heimgartner, Minnie Cox and Walt and Babe Benscoter.

Lawrence, Nell and Ray Heimgartner spent Thursday evening with Charley Fey. Sunday dinner guests in the Heimgartner home were Ronnie Renfrow, Moscow and the David Johnson family, Lewiston.

Mr. and Mrs. Edd Kent visited with the Bruce Shermans in Julietta Sunday evening.

Mr. and Mrs. Walt Benscoter and Priscilla Armitage went to Pullman Friday. The Benscoters remained for supper with the Jack Benscoters and Mrs. Armitage returned home.

George Havens and Mrs. Elizabeth Stauber were Sunday supper guests in the Werner Brammer home after attending the reception for Dr. Mike Czohold in Kendrick.

Pat Neal and a close boy friend spent several days of their spring vacation with Pat's grandparents, the Andy Cox's.

Mr. and Mrs. Gifford Torgerson, Maxwell, Calif; George Torgerson, Clarkston, Dr. Dan Guy and Mr. and Mrs. Delbert Torgerson, Lewiston were Saturday visitors in the Frank Benscoter home. They all enjoyed dinner that evening at a Troy Cafe as guests of Delbert and his wife Irene.

Saturday callers in the Walt Benscoter home were Mike Smith, Priscilla and Tammy Armitage, Jorene and Jeff Holington and Penny McCall and Kris Swank, Lewiston.

Mr. and Mrs. Lawrence Wilson and their daughter Lorene Ellis and sons, Jerry, Jim and Joey, Clarkston, were Sunday dinner guests in Pomeroy at the home of Mr. and Mrs. Larry Wilson and family. The occasion was in honor of Mrs. Larry Wilson's birthday anniversary. Larry is the Lawrence Wilson's son and is a Vo-Ag instructor at Pomeroy.

Vicky Benscoter and Betty Watts attended a luncheon meeting of the American Cancer Society in Moscow Saturday.

Jo Benscoter and Emma Kent were Lewiston visitors Friday.

Our ridge was well-represented at the reception welcoming our new Dr. Mike Czohold and his assistant Keith Bird in the New Grango Hall in Kendrick Sunday afternoon.

Our representation was equally good at the open house at the Kendrick fire hall in honor of the 80th birthday anniversary of Frances Fry.

where 25 million tons of dirt were taken out by pick, shovel and wheelbarrow, making it the biggest man-made hole in the world to produce 3 tons (14 1/2 million carats) of diamonds. The surface covers 38 acres and the depth is 3500 feet with 2800 feet now under water. This is where Cecil Rhodes of Rhodes scholarship fame and Rhodesia was named for, made his fortune. We saw many memorials to him, his private railroad coach, and a reconstructed Kimberley and museum.

At Capetown we took a cable car to the top of Table Mountain, 3456 feet above the city; drove along the Indian Ocean to Cape Point and The Cape of Good Hope, discovered by Diaz in 1485 and where the Indian and Atlantic Oceans meet. We climbed 180 steps to the old light house for a better view.

At Pretoria we visited the unusual Mapach village of the Ndebele tribe, featured in the National Geographic Magazine. Many of the women wear metal ankle and neck collars that are never taken off.

Johannesburg is a modern city of four million people. The big gold mine dump in the center of the city now has a drive-in movie built on it.

Leaving Johannesburg, we flew to Luanda, Angola on the West coast, then across the Atlantic Ocean to Rio de Janeiro, Brazil. Rio is considered the most beautiful city in the world, and our hotel, the Trocadero, was on Copacabana Beach, often called the most beautiful beach in the world. We enjoyed our trip by cable car to the top of Sugar Loaf Mountain, 1260 feet high and overlooking the city, and a drive through the tropical forest to the top of Corcovado Mt. where a 120-foot statue of Christ, the Redeemer stands. We climbed the 243 steps from the parking lot to the foot of the statue for a panoramic view of Rio.

Many tunnels—the longest a 4-lane highway—2 miles long, joins many sections of the city which is built around lagoons and islands with jutting granite mountains everywhere.

After a farewell barbecue dinner at the famous Rincao Gaucho Restaurant, we left for New York, Chicago, and Portland with pleasant memories of the friendly natives, good food, a beautiful country and where our American money was worth so little that we kept spending it at a minimum!

Golden Rule

By Alma Betts

Last weekend, Agatha Perkins accompanied Mr. and Mrs. Leland Marvin and Mr. and Mrs. Bill Erickson of Lewiston to Pendleton, to visit Mr. and Mrs. Wilbert D. Perkins, Mr. and Mrs. Wilbert A. Perkins, his son, and daughter, Mr. and Mrs. George Gaboury. Wilbert D. is seriously ill. He is a brother-in-law of Agatha.

Ressie King and Pat Jacobs accompanied Alma Betts to Lewiston Tuesday and Agatha Perkins accompanied Edith Wells where all attended the consumers all-day meeting and luncheon, sponsored by the U. of I. Extension Service, YWCA and Neperce Extension Homemakers Council. A very full day was enjoyed.

Mrs. Orvil Choate visited Alma Betts Wednesday.

Mr. and Mrs. Robert Simpson made a trip to the coast Friday.

Mrs. Terry Gillispie attended Missionary Meeting at her sister-in-law's Mrs. Larry Gillispie on Cream Ridge Tuesday and was a Lewiston visitor with Mrs. Roger Morgan Wednesday.

Mrs. Terry Gillispie and Agatha Perkins visited Alma Betts Thursday.

Amy Lawrence and Montie Gillispie were among those taking part in the music festival at Kendrick on Saturday.

The Terry Gillispie family were among those attending a housewarming for the George Colebaughs in their new home Sunday.

Albert Lawrence and George Finke were among Lewiston visitors on

Saturday.

Chester Martin spent Saturday here at the ranch.

Mr. and Mrs. Don Christensen and grandson Donnie called on Alma Betts Saturday.

Mrs. David Gertje and two sons and Mrs. Roy Gertje visited Mrs. Albert Lawrence on Thursday. On Saturday Mr. and Mrs. Stanley Davis and family were visitors, they are visiting his parents at Southwick—their home is near Portland.

Mr. and Mrs. Barney Driscoll of Lewiston and Mr. and Mrs. Darwin Tarry visited Wm. Kauder Sunday.

The Albert Lawrence family were dinner guests of Alma Betts Sunday to honor Amy on her thirteenth birthday anniversary.

Grange Talent Show Draws Good Crowd

Kendrick Grange No. 413 met at 8:00 p. m. Tuesday, March 20 in the new Grange Hall in the lower part of the Fraternal Temple building, formerly occupied by the Table Supply. Everyone is enjoying the new hall, and it is hoped many of our members who found the steps too long and hard to climb will now find their way back to the meetings.

gave four new members the obligation of the Fourth Degree. They were Mr. and Mrs. Ervin Draper and Mr. and Mrs. Howard Braden. The Grange is most happy to welcome them.

Mrs. Wayne Helmgartner was presented a blue ribbon certificate by the State Grange, for accomplishments as chairman of women's activities during the year 1972. She was also presented a gift by the State Chairman of Women's Activities for having met her goal in the sewing contest. Congratulations, Ruth!

Chairman of Women's Activities, Mrs. Roy Glenn, reported on serving dinner to the Lions Club and also

servings: a sausage dinner to sixty members of the Zone 3, N. E. O. She also reported the year books have been completed and are being distributed by Marjorie Eldridge. They were done by Mrs. Glenn with the assistance of Mrs. L. W. Helmgartner and Mrs. Elmo Eldridge.

In other action, five dollars was given to the Care Program.

The program for the evening was the Funtime Talent Show with Grangers participating. Numbers for the program were as follows:

The theme was "Those Were The Days".

A poem—"Mama's Mama's Winter Day," by Marcella Wilson.

Piano solo—Ida Olderness.

A skit—"Double Talk" by Barbra Clayton and Elsie Onstott.

"Springtime in the Rockies" and "Pretty Shells", by Bud Fey and his accordian and a group of Grangers forming a kitchen band.

A poem on the "Grange Meeting" and "An Evening Prayer", by Grace Ingle.

A reading—"The Old Barber Shop" by Manning, Onstott.

There were thirty-seven Kendrick members, two from Troy and one from Mt. Deary Grange.

Lunch was served by Mr. and Mrs. Wayne Davis and Mrs. Wayne May.

There are now 700 subordinate Grange members in Latah County.

The annual Grange Jamboree will be held Saturday, March 31, at Moscow Grange Hall.

All members are urged to attend and bring a friend. A 6:30 potluck supper will be held. Kendrick is on the clean-up committee along with other Granges. A program will be presented followed by music for listening and dancing by the Idaho Old-Time Fiddlers. A grand time for all is anticipated.

The next meeting of Kendrick Grange will be held in the new downstairs hall on Tuesday, April 3rd, at 8 p. m. The program for the evening will be an artificial respiration. Let's all turn out and learn more about this most important life-saving procedure.

PROGRESS REPORT—More Volunteer Labor Helps New Hall Work

More progress is being made on the new meeting hall. During the past week there were approximately fifty work hours put in by Mrs. Roy Glenn, Mrs. Dean Brooke, Mrs. Wayne Helmgartner, Mrs. Richard Benscoter, Mrs. Charles Taylor and Johnny May.

During this time many projects were accomplished. The men's restroom was completed; paneling was placed in the alcove leading to the ladies restroom and around the fuse box and exposed beams; door facings were put on and more plumbing was done. The posts in the dining area were given a lovely antique finish.

The hallway leading to the back was painted a light cream and yellow, making it much lighter and cleaner. Mirrors and curtains were hung in both restrooms and small cupboards

hung in the kitchen.

A refrigerator for the kitchen, a stool and curtains were donated by Roy Glenn's; two small metal cupboards for the kitchen and a mirror and medicine cabinet for the restrooms were donated by Mrs. Dean Brooke. Doors have been donated by the Glenns and Wayne Helmgartners. A cupboard was rebuilt and refinished by Wayne May and Paul Richardson for the kitchen. All help and donations are appreciated.

A donation to the building fund was made by Mr. and Mrs. Roy Fey.

One way or another you're going to heat your home...

But most people prefer the modern way — with the clean energy that heats efficiently but avoids waste and pollution.

The draft-free, healthful comfort of today's homes depends upon a continuing supply of clean energy. Modern man protects his home and the quality of life for his family by using what he needs, conserving the rest. Good insulation, properly applied, will help you avoid waste. Weatherstripping and storm doors and windows will keep comfort inside without unnecessary use of energy. Nothing new about these ideas, just common sense, but they've helped home heating come a long way. Conservation of energy will insure that it keeps going ahead, not back toward the stone age.

THE WASHINGTON WATER POWER COMPANY
Clean Energy for a better quality of life.

NOTICE TO THE PUBLIC
Notice is hereby given this 5 day of March, 1973, pursuant to the Idaho Noxious Weed Law Section 22-2444, Idaho Code, to every person who owns or controls land in LATAH County, Idaho, that noxious weeds standing, being, or growing on such land shall be destroyed or eradicated by effective cutting, tilling, cropping, pasturing, or treating with chemicals or other effective methods, or combination thereof, approved by the County Weed Superintendent, as often as may be required to prevent the weed from blooming and maturing seeds, or spreading by root, root stalks or other means.

Upon failure to observe this notice the county weed control superintendent is required to proceed pursuant to the law and have weeds destroyed by such method as he finds necessary, the expenses of which shall constitute a lien and be entered as a tax against the land and be collected as other real estate taxes are collected or by other means as provided by law.

BY ORDER OF THE LATAH COUNTY WEED CONTROL AUTHORITY.

4-Paws Club To Meet

A meeting of the 4-H Four Paws Dog Care Club will be held Thursday evening at 7 p.m. in the basement of the Juliaetta Community Church.

Obedience training classes will be lined up at that time. Any community member, adult or child, 10 or over, having a dog six months or older, that they wish to train, are urged to attend. If sufficient interest in the project is shown, John and Elaine Waldon of Moscow have agreed to instruct the classes. Dogs need not be brought to this first meeting.

For additional information call Maxine Williams, 289-5341.

THANK YOU

We would like to thank the ambulance crew and numerous others assisting on the night of Eddie's accident. Your help was greatly appreciated.—Gilbert and Elzada Sprout.

SUNDAY GUESTS

Sunday dinner guests of Mr. and Mrs. Everett Fraser were Mr. and Mrs. John Windstrom. Midweek guests were Mr. and Mrs. Walter Nolan of Dayton.

CARDS OF THANKS

My Thank You to neighbors and friends for the cards, letters, flowers, and other kind and thoughtful acts shown me and my family during my stay in the hospital and since returning home. We all appreciated it so very much.—Mrs. Marvin Trout. 13c

CARDS OF THANKS

Thank you to all our friends and neighbors for your cards, calls and visits during my recent stay in the hospital.—Mrs. Cecil Brammer. 13c

COMMUNITY CONCERT

March 29—Canadian Broadcasting Co., Radio Orchestra, Pullman, Wash.

Fourth Graders Created a Volcano

As part of their classroom work, students in Miss Stefonek's fourth grade class created working models of volcanoes. Here the students and teacher pose around one of their efforts. The actual photo of the volcano in eruption turned out too dark to re-produce for the paper.

News Items From Juliaetta School

Cassettes, tapes, filmstrips, viewers, earphones, and scads of information make the Learning Center a nice place to be, according to the student-visit traffic.

Twenty new books are in circulation. On display is a border of ducklings made by the first grade.

Contributors to the Poetry Corner are: Bruce M., Jean G., Steven L., Linda A., Teresa H., and Lisa V. —Mrs. Jones, Librarian

Monday, March 26, Mrs. Jabbara, Mrs. Abrams and Mrs. Meshishnek visited Kamiah to explore the concept and functioning of the Prescriptive Pre-Primary Program.

This program is designed to screen and aid high risk first grade failures. Each program is set up with Clinical Services providing diagnostic and prescriptive services.

The main objective is to prevent first grade failure. Some of the students in the program went back into regular classrooms, at the same level with their peers—thus eliminating failure.

It was a day well spent!

First Grade

Students have been busy working on their Eskimo booklets. They will be making igloos from clay.

Kiddies will be busy making Easter bunnies and chickens for room decoration.

Mrs. Jabbara spent Monday visiting a pre-primary workshop at Kamiah. It was a very informative workshop.

First grade kiddies enjoyed watching a play presented by the fourth grade entitled "Smokey Bear."

First grade children wish Gaylen Browning a speedy recovery. He is home with pneumonia.

Third Grade

The third grade is in the process of collecting boxes to make themselves houses. Some students are finding it difficult to find boxes to fit them. So if you have any boxes around that would fit that description please send them to the school.

In Art the students made pictures of themselves to fit the title, "If Birds Were People-Watchers, What Might They Name You?"

This past week the class enjoyed a musical program by a couple from Ireland. They got to listen to music from different lands, including Ireland. We all decided that if we could hear music like that every morning, everyone would be in a better mood.

Fourth Grade

The Student of the Week is Janey Jacobs. She is bringing miniature statues.

March 19, 20, 21 we had sparky days seeing the volcanos erupt. Here is what happened.

Our worm Willy has a much longer body than we do. He has gone across one wall and started another wall on his way back.

Friday, March 30 we are going on a field trip to Gifford. We are going to Ralph William's Indian Museum. The whole elementary school saw a movie on friction. Friction is resistance between two moving objects. Most of our absent people are back. Welcome Back!

Friday, March 23 we gave a play on Smokey the Bear. The name of it was Smokey Bear and the Careless Campers.

Reporters—Ronda Conway and Cynthia Millard

Fifth Grade News

The fifth grade started on their Achievement tests starting Tuesday. Some of the kids were very happy with their grades; others well, it's hard to say. Mrs. Meshishnek had them make a lot of words out of Springtime. Mr. Manfull and the children are putting up a new backstop for baseball. The school will use it very much. So the fifth grade especially thanks Mr. Manfull for building it.

Reporter—Bonnie Lawrence

Sixth Grade News

Tuesday we elected new officers: President was Lora Howerton; vice president, Jim Perkins, secretary-treasurer, Robin Bradin; reporter, Maureen Parker; sergeant-at-arms, Terisa Downs.

In Spelling we are on Unit 29. In Language we are one page 224 to 225. In Science we are on Chapter 9 and studying about Light, a Form of Energy. Bret G. and Lora Howerton don't have to take the spelling test this week. Mr. Manfull and Mr. Jones are working hard to get the backstop put in. It will be a nice

Many Activities Keep Kindergartners Busy

Mark Harris has his picture up in our room now for Student of the Week.

Patty Lohman was sick all last week with the chicken pox. Now, Nancy Cook is.

Nursery rhymes we studied about were "Humpty Dumpty," "Little Jack Horner," "Old Woman in a Shoe," "Jack and Jill" and "Ride a Cock-horse." We made Humpty-Dumpty to hang in our room, modeled plums and shoes out of clay, and either drew or cut wells and buckets.

We went to an assembly Wednesday morning at the high school and enjoyed a boy and girl from Ireland who sang and told funny stories. She was pretty and he sure was funny!

In math, we have been adding and subtracting numbers of the set of 3. We have some new "number meaning bars" to help us.

Spring is here so we went on a spring walk around the neighborhood to observe sights and sounds of spring. We drew a picture of our walk when we came back. We've also had flowers, butterflies and birds to color and cut.

We studied the letters F and G and reviewed M and D. Most of us know these now by sight, name and what it says.

Mrs. Abrams brought four different sizes of medicine bottle with the new lock tops to school. She put pennies in them and we got to keep the pennies if we could open them. Not one of us got a single penny! Dave Clayton donated the bottles for our experiment, "Safety In The Home."

We are also studying about "Safety in the Street." We colored policemen, stop signs and stop lights. We know these colors real well and what they mean.

Red is our color for the week.

Our teacher spent Monday at Kamiah as a teachers' meeting on a new program for a Junior Primary. It's set up for children who have been to kindergarten and should be in the 1st grade but aren't quite ready for it yet. The year is spent developing the child's low qualities and encouraging his high qualities for the feeling of achievement. It was very interesting.

National FHA Week To Be Observed April 1-7

The Idaho State Association of Future Homemakers of America will observe National FHA Week, April 1 through 7. Focusing on the theme, "Explore Roles, Extend Goals," they join a half-a-million other members throughout the county in exploring the multiple roles individuals play in family, community and career life.

The results of their efforts are active involvement in home, civic and school projects, growth in individual leadership, team work experience and vocational orientation.

For more than a quarter of a century, the organization through its FHA and HERO chapters has provided worthwhile experiences which have helped young men and women prepare for the important responsibilities of their future as parents and adult citizens.

Eva Wilken, president of the Idaho FHA State Association explained why there is a National FHA Week. "We observe National FHA Week," she

one. All of us would like to thank the community for supporting our auction and magazine sales so well and making it possible for us to purchase and install the backstop.

Reporter—Maureen Parker

6th Grade vs. Elementary Faculty

Last week the 6th grade matched up a talented team of 23 players against an aging faculty squad of only seven players. The sixth grade was led in scoring by Jeff Lohman's 12 points and Toni Snyder's 11 points. However, Jeff and Toni's combined total failed to match the hot shooting of Miss Stefonek on the faculty squad. With a display of unprecedented talent she pumped in a total of 25 points. Mr. Jones and Mr. Manfull had their problems as the 6th grade held each of them to only four points. The contest was close all the way with the lead changing several times. The winning points were scored in the final seconds on two free throws by Mr. Jones as the 6th graders were trying desperately to obtain possession of the ball. Although the faculty won by a score of 58-57 a good time was had by all.

Box Scores—6th—Scott Manfull 6, J. Lohman 12; Toni Snyder 11, Glenda Lohman 4, David Heppner 2, Pat May 3, Lori Benjamin 8, Esther Harris 2, Debbie Groseclose 3, Helen Fey 6, Faculty—Mrs. Jabbara 6, Miss Stefonek 25, Mrs. Boe 2, Mr. Jones 4, Mrs. Meshishnek 2, Mr. Manfull 4, Mr. Fox 15.

said, "because we are proud of our organization and wish to develop a public consciousness of some of the values we gain from membership."

"During this week we have an opportunity to express our appreciation to our advisers, parents, school and community for helping the organization move forward. Because the organization is integrated into the home economics classroom work, it makes learning mean something tangible and affords us many opportunities to make a direct contribution to society. It plays an effective role in the educational system by keeping us involved in activities that benefit us not only as individuals but as family and community members. In other words, the organization of Future Homemakers of America serves as a bridge between the classroom, the home and the community and is the

key for developing the potential of each individual member for a productive life in our society."
