

SCHOOL BOARD MET MONDAY TO READY FOR OPENING DATE

School lunch program, busing problems and hiring of 2 new teachers were the main objectives of business when school board members of Jt. School District No. 283 met in regular session Monday night at Kendrick High School.

Because of the rise in meat and other food prices the board found it necessary to raise the price of student hot lunch to 50c and adults to 60c. Director of School Lunch Program Helen Fey was advised to stockpile available commodities and Doug Harris was appointed to investigate the feasibility of purchasing 3 head of cattle to be used in the lunch program.

Bus routes and schedules will remain the same as when school dismissed this spring, with the exception of Ed Mielke's route which was changed last spring because of construction on the Sperry Grade Bridge. Alterations, where practical, can be made during the first week of school.

Bob Smith, who has handled the American Ridge route for 22 years, has resigned his position. Applications are now being accepted to fill the vacancy by the board. All other drivers were nominated for renewed contracts.

Those drivers and their routes are as follows:

Ed Mielke—Leland.
Marion Souders—Southwick.
Marie Price—Cedar Creek.
Manning Onstott—Bear Ridge.
Darrell Manfull—Juliaetta.

It was announced that a bus drivers training clinic will be conducted by Carl Warner, State Dept. of Ed. at Kendrick High School Monday, August 27. Schools invited to participate in this clinic include Potlatch, Troy, Bovill, Deary, Moscow, Genesee, Cullisac, Nesperce, Lapwai and Kendrick.

Louise Feldman of Moscow has been hired as a learning disabilities instructor. Fully qualified, having worked with retarded and emotionally disturbed children, she comes highly recommended from the U. of Maryland where she has studied psychology, education, special education, early child development and music.

Also hired was Lorraine Plank of Lewiston. Employed as an elementary special reading teacher, she will replace Linda Meshlshnek, who has been selected to teach 3rd grade this year. Mrs. Plank received her degree from LCSC where she majored in elementary education. She has had 6 years teaching experience. Her last position was at Weippe.

In other action the trustees granted permission to Doyle Whittig to accompany Miles Souders to Kansas City this October to attend the National FFA convention. Several other student FFA leaders will also attend.

Resignations submitted by Rosemary Wendt, newly contracted learning disabilities teacher for Juliaetta and Marilyn Vanderback, high school commercial instructor, were accepted by the board. No replacement for the commercial teacher has been found.

Supt. Blakeley reported on the recent conference he had attended at Sun Valley. He told trustees that both Kendrick and Juliaetta plants were ready for opening of school on Sept. 4.

Mike Hedlers Mobil Oil Service received the contract as low bidder on fuel for Jt. School Dist. 283. Bids of \$1.03 per gallon for gasoline and 22.15 per gallon for heating oil.

Bills totalling \$8,084.76 were approved for payment.

MORE FIRE CLOSURES, RESTRICTIONS PENDING FOR CLEARWATER

The Clearwater National Forest has announced pending additional fire restrictions and closures.

Superintendent Kenneth P. Norman reported that a fire situation analysis for the forest has been prepared and conditions are such that a modified closure is planned. The closure is to be effective at 12:01 a. m. August 21 unless unforeseen increased fire activity or weather changes occur. The closure will restrict public use of the Clearwater National Forest to the main river drainages and improved campgrounds.

The closures to be announced later this week will specify those areas that are open to forest visitors without a permit. Swimming, fishing and general use of the waters of the main drainage will be permitted to continue. The river areas left open to recreation are the Middle Fork of the Clearwater, the Lochsa, North Fork of the Clearwater to Kelly Forks and Kelly Creek to Kelly Creek Guard Station. The order will also restrict use on the Palouse Ranger District to the three improved campgrounds, Laird Park, Giant White Pine and Boulder Creek. Use on other areas will require prior registration or a permit.

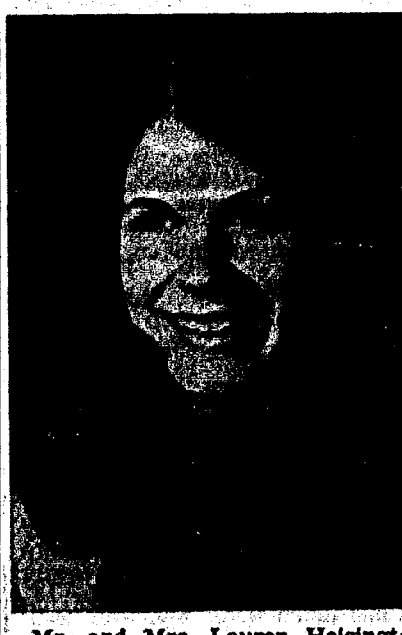

A record dry spell is cited as a reason for closure. To date, for Orofino the total precipitation from January through July is 8.88 inches. The average rainfall for this period is 15.88 inches.

"Looking back," Supt. Norman said, "This is potentially one of the worst fire seasons on record. It ranks on a par with those bad fire seasons in 1919, 1929, 1934, 1961 and 1967. If we don't get a rain," Norman said, "it may be necessary to consider a tighter closure the latter part of August or earlier if conditions warrant."

The lightning fires, 30 in the last 24-hour period, beginning at 6:00 a. m. August 20, may alter this closure. "It may be necessary to be more restrictive," Norman said. "If our fire forces are further committed."

As envisioned now, the planned closure would not effect residential

ENGAGEMENT TOLD

Mr. and Mrs. Lauren Holstington announce the engagement and forthcoming marriage of their daughter, Sonia Susan, to Dale Main, son of Mr. and Mrs. Willard Main of Bovill. Main, a graduate of Deary High School, is self-employed. Miss Holstington graduated from Kendrick High School last spring. No wedding date has been set.

LITTLE BEAR RIDGE FIRE BATTLED MON. AND TUES.

Firefighters from the Kendrick Fire Protective District, Troy Fire Department, Deary Rural Fire Department and the Moscow Fire Department, together with scores of volunteers fought an all-night battle with a timber and stubble fire 12 miles north of Kendrick on Little Bear Ridge Monday afternoon and early Tuesday morning before containing the stubborn blaze which began along a county road from an unknown source, reported District Fire Warden Richard Benjamin.

The alarm was turned into the Kendrick Fire office at 1:30 p. m. Monday afternoon and before the blaze was contained it had burned 7 to 10 acres of timber and 35 to 40 acres of stubble. The fight was further complicated by strong winds which gusted up to 35 miles per hour. Once the firemen had the flames contained only to find another different fire started closely from an entirely new source.

There was 1 truck from Deary, 2 from Troy, 1 dozer, 3 trucks from Kendrick and a mother tanker truck from Moscow to refill the others.

Benjamin said a retardant drop was requested but because of other commitments, only half of what was ordered arrived and was dropped on the fire.

"The response from the farmers and other volunteers was really terrific," Benjamin said. Approximately 60 to 75 people were engaged in fighting the fire. "If it hadn't been for all the great help, we'd still be up there fighting," the warden said.

Benjamin also wanted to express his gratitude to the ladies from Deary and the Little Bear Ridge area who made sandwiches, cookies and prepared lemonade and brought it out to the firemen Monday evening.

The Fire Index is in the middle of extreme range and still climbing. The warden said Tuesday morning and added that if the danger isn't reduced soon, even more drastic closures of the woods may have to be made.

REP. BUTLER BACK FROM CHICAGO CONFERENCE

Leo Butler, District 7 Representative returned Saturday to his Orofino home following a week long session of the National Legislative Conference held at the Drake Hotel in Chicago, Illinois. The conference was sponsored by three legislative groups and brought together state legislators from every state in the Union.

Butler told the Gazette Tuesday morning he was impressed by the conference and the subject matter covered. The basic thrust of many of the panels he attended was the relationship of the Federal government with state and even county governments and how all might best work together. Also discussed were the executive-legislative relationships and what the trends are.

Naturally, Butler said, the subject of the current Watergate investigations were brought up, mainly concerning what the basic causes were and what the results will be and what opportunities are for better legislation to prevent a recurrence of such an affair.

Some of the "famous name" speakers Butler heard were Gerald Ford, minority leader for the house; Dan Rather, CBS news commentator and Sen. Hubert Humphrey.

accos, contractual services, cabinet forest operations on hoot owl basis and the official activities of forest service and law enforcement personnel.

"The people using the forest to date are to be congratulated," Norman stated. "We appreciate their concern and the good fire prevention effort they have made."

Norman also noted that the Nesperce National Forest has updated its fire situation analysis and is reviewing fire management alternatives including additional restrictions.

PHONE LINES GOING UNDERGROUND IN GENESEE

Genesee—Telephone poles will be a thing of the past in Genesee when General Telephone Co. of the Northwest completes its buried cable project here, making this northern Idaho town the first urban community in GTNW's five-state operating area to have a total underground telephone system.

"The \$248,000 project is about 95 per cent complete," said Jack Harris, acting Moscow District engineer and construction supervisor. "Most of the outside plant work has been completed, although a few service drops to customers homes and some cable splicing remains to be done."

Installation of the CXP5 cross-point switching equipment in General's new Genesee central office was started the first week of August, Harris said. The common control CXP5 equipment is the first of its type to be used in the Moscow District.

More than 61,500 feet of cable and service drops have been buried during the project, Harris said. "The project was instituted to provide adequate facilities to provide for future transition for rural customers in compliance with our goal to upgrade service in Idaho to no more than four party by 1975," he said.

"Burying our telephone cable also eliminates high maintenance costs of aerial wire, particularly during the winter," he added. Customers in Genesee will be cut

over the new telephone service in late October, Harris said, and General crews will spend the last two months of 1973, wrecking out the town's telephone poles.

Jim Jones digs a small trench while Steve Hallam feeds a telephone service drop into the trench. The service drop connects a customer's telephone to an underground telephone cable buried along this Genesee street.

General Telephone's Jake Schaper operates a backhoe while Mike Lind uses a compactor. The crew placed a conduit under the road and then pulled telephone cable through it as part of General's undergrounding project in Genesee.

RON WHITTUM ATTENDED SESSION AT NEW ORLEANS

Ron Whittum, Juliaetta, was one of over 750 Youth Scholars from throughout the United States who attended the National Institute on Cooperative Education at Tulane and Loyola Universities from Aug. 6-9.

While at the Institute, Youth Scholars explored career opportunities with cooperatives, discussed the American economic system, and selected two "associate youth trustees" who will attend meetings of the American Institute of Cooperation (AIC) Board of Trustees.

The Youth Scholars, most of them sponsored by local and regional cooperatives, also participated with the adults at the Institute in a number of general sessions featuring nationally prominent speakers. The Youth Scholar programs included "rap sessions" with AIC trustees and other cooperative leaders, case study sessions on how cooperatives operate, a visual presentation of the various types of cooperatives in the South and their services, and a program on cooperative business philosophy.

Other program highlights for the Youth Scholars were tours of the two university campuses and the historic French Quarter; an agribus-ness boat tour of the New Orleans port, talent and award programs, a dance and social mixers.

BLEWETT GROCERY OPEN HOUSE FRIDAY

Forty years ago this week Richard Blewett and Ollis Sherbon of Gifford purchased the Ellis Cash Grocery from Mrs. Frank W. Ellis. Now 40 years later, Dick and Esther are observing the anniversary of that day with an Open House at their store beginning at 10:00 a. m. Friday morning, August 17.

The couple plan on serving coffee, punch and cookies and also will have prize drawings. A cordial invitation has been extended to all their customers and friends to stop in during the day to visit and talk "old times".

The community joins in offering warmest congratulations to Dick and Esther on the occasion of their 40 years-in-business and wishes them many more happy, successful years of satisfying life.

Her fiance is employed by Hughes International Corp. at McCall, Idaho. Their wedding is planned for Sept. 1st at the home of the bride's parents.

LYLE DEOBALD ON SCOUT CANOE TRIP

Lyle Deobald, son of Mr. and Mrs. John Deobald, Kendrick, is among 24 Scouts and three adult Scouts who started down the Middle Fork of the Clearwater River, 10 miles above Orofino Sunday Aug. 10 by canoe. The troop will travel 80 miles on the Lewis-Clark Trail — starting on the Clearwater, then meeting the Snake River at Clarkston, then travel 20 miles down the Snake to WaWai and landing there Aug. 18.

Several campsites have been picked along the Clearwater where the boys can fish and swim. On Thursday night they will camp 7 miles above Lewiston in preparation for the long 20 miles down the Snake River which the group will do in one day. They plan to spend a couple of nights on the Snake at Kelly's Ranch finishing up their badge work and maybe just resting from the long trip. While on this trip the Scouts will be working for their Historic Trail Badge and the 50 Miller award.

HARVEST NEARS SUCCESSFUL END

With the weather still hot and dry, the end is near for this very early and very successful harvest of small grain crops in the Kendrick and Genesee area. Many farmers have already finished cutting of all crops, others are finishing up smaller fields and most, if they have any, are preparing to get into spring barley and oats.

The harvest is at least two weeks ahead of last year's, mainly because of the hot weather and no delays once combining started, and also because of the general lack of moisture which helped hasten the ripening of the grain.

In the Kendrick area, there has been a noticeable slackening in the pace of grain trucks driving to the warehouses as the temperatures stayed near the 100 degree mark. The Mercury hovered in the high nineties around Genesee. Moderate to strong winds still whipped across the region adding to the fear of fire.

Mike Martinez, assistant manager of Genesee Union Warehouse, said Tuesday afternoon, the amount of wheat tonnage delivered to that coop up until that afternoon has already surpassed the 41,000 tons taken in total last year and he estimated that at least 3 or 4 percent of the wheat is still to come in.

Looking at the overall harvest (figuring all grain), the warehouse has taken in approximately 93 percent of what they did last year with the spring barley, oats plus what wheat remains, yet to come.

Martinez said the warehouse estimated that 85 percent of its storage capacity was already taken up.

Genesee Union was quoting \$4.85 per bushel, net to the farmer, for wheat Tuesday afternoon as the truly golden harvest edged its way to the almost unbelievable \$5.00 per bushel mark.

KHS GRIDDERS DRAW GEAR

Football hopefuls from Kendrick High School drew their gear from Coach Dick Ruark and his assistants Tuesday night. The original issue was supposed to be made Monday evening, but Coach Ruark, who is employed with the Forest District during the summer, spent all Monday afternoon and all night fighting a fire up on Little Bear Ridge.

Dick said Tuesday afternoon there will be a practice without pads Wednesday evening beginning at 8:30. The Tigers have their first game of the season Aug. 31 against Prairie.

Marty Clemenhagen and James Souders have been elected by the football team as co-captains for the 1973 season.

TV STORE ROBBED

Burglars entered Brocke and Sons TV Store in Kendrick sometime after 4 a. m. Thursday morning of last week and stole \$45 dollars in cash, in bills, from a drawer in the back office. No other merchandise was taken and no damage inflicted. Entry was apparently made by a rear door. A week previously, someone had attempted to enter the store but failed.

Genesee Schools Prepare For Sept. 4 Opening Faculty Complete

The opening date of Genesee Public Schools has been set for Tuesday September 4, according to Supt. Lester C. Diehl, with a full days classes held on opening day.

Diehl said that most of the maintenance work carried out this summer has been completed, with the exception of carpeting in the elementary class rooms.

He also stated that the school enrollment for this year will remain about the same as last year in both high and grade school. The curriculum will remain the same with the new reading program extending through grade six this year. Last year it was carried out only to the 3rd grade level. The individualized math program will also be extended in the elementary grades.

The Genesee school board at its regular meeting August 13, heard a report from Superintendent Diehl that everything is ready for school to start with the exception of carpet for the elementary school which is scheduled to be received and installed next week.

In other business, the board voted to raise the price of hot lunch for the

coming year because of the uncertain price situation. If the lunch program can operate at a lower cost, the price will be lowered when possible. New prices will be: grades 1-6, 40 cents; grades 7-12, 50 cents and adults 60 cents. Lunch will be served the first day of school. The only other change in the lunch program will be if a student wants extra milk, they will have to pay the full price for the milk. This is due to change in the Federal regulations.

In other business, bus routes were discussed and will remain the same as last year. The district is still in need of one driver for the coming year.

The board also voted to accept the United Pacific's School Insurance program for students and sports. The following will be the rates for student and athletic insurance for the coming year:

Grades 1-6—\$5.00
Grades 7-12—\$6.00
Football—\$16.20
Basketball:
Grades 7-9—\$2.70
Grades 10-12—\$4.05
Baseball:
Grades 7-9—\$2.70
Grades 10-12—\$4.05

A student must carry the school insurance in addition to the athletic insurance if they participate in sports.

The board also approved the use of Title I Funds to continue the Kindergarten Program. The program will probably last only 5 months this year depending on the amount of funds available from Title I. The program will have to operate the same as in the past where the parents will be charged the rent costs to the district as we have no rooms available and we have to rent an outside facility again as in the past.

The board heard reports from Supt. Diehl on the State meeting at Sun Valley and on the plan for studying the Needs Assessment Project and completed last year. Ed Davis gave a report on the high school curriculum and teacher assignments.

Diehl added that the District will be working with the Northwest Regional Lab on a new curriculum development on Communication Skills at the 8th grade level.

Harold Lee Improving

In a letter received from Mrs. Harold Lee of Post Falls this week, she informs us that her husband "... is doing fine, and even wants to go coast salmon fishing, August 24th, but I'm trying to discourage him, as I think it's a little too soon."

Mrs. Lee added that their son, Bud would be home the last of the month for about six weeks, then be sent to Korea for about a year. The Lee family are all "fine, busy and hot," and says she hopes to see her friends here before long.

Mr. Lee recently underwent major surgery in Kootenia hospital in Coeur d'Alene. We are all pleased to hear he is doing so well.

Did You Save Your 20 Gallons of Water Today?

If you have a drippy faucet and don't pay any attention to it, then you don't know how much water you are wasting. Look below—

If you have a leaky faucet it would drip one gallon every eight hours; 3 gallon a day; 21 gallon a week; 84 gallon a month; 1,008 gallon a year.

So please, conserve water. To find out more about this, read this column next week. Thank you!

CAN YOU CUT CAR INSURANCE COSTS?

It's not common today for automobile insurance premiums to increase, says Mrs. Ruth Spidahl, state home economics leader, U. of I. cooperative extension service.

Ask yourself these questions—they may explain rate increases: did you have an accident last year, or, in the case of a family car, did anyone authorize to drive have an accident, even though a somewhat minor one? If there a new driver this year?

After checking with others, you may find the same thing has happened to them—the company may have had a general rate increase affecting all policy holders in your city or state. Insurance is an intangible product, so your attitude toward cost should be different from your attitude toward costs of tangible products, Mrs. Spidahl says. You buy confidence and peace of mind by dealing with an agent you trust.

Talk to your insurance agent about ways to cut insurance costs. Agents are used to these questions—it's part of their service.

Some actions to consider. Do you have a deductible on collision insurance? Can you afford to raise it? You might even eliminate collision insurance entirely, especially if you have an older car which has depreciated considerably. However, if you owe money on your car, you need evidence of insurance coverage.

Do you have a deductible on comprehensive? This is your fire, theft and glass breakage coverage. Take another look at your liability coverage and ask your self "how much am I worth in the eyes of a jury?" Court judgments are not at an all-time high. With medical service costs increased, minimum standards may not be enough coverage for you. Actually, the best arrangement in car insurance

Fabric Bonding Now Guaranteed

Bonded fabric may soon make a comeback, reports Joanne Anderson, extension home economist, University of Idaho cooperative extension service. Bonded Fabric Council is providing testing and certification to improve the quality of bonded fabric.

For every 2 yards of fabric purchased that meets the standard, hand tags will be provided which guarantee along with fiber content and care labels, will ensure the customer of getting a good bonded product, Mrs. Anderson says.

Quality bonded fabric has many advantages. The range of fabric construction is broadened as a result of bonding. For example, loosely constructed fabrics are limp by themselves, but gain body when they are bonded. Because bonded fabrics are really self-lined, using them saves time and money for both the manufacturer and the home seamstress.

Being stable, bonded fabrics lay out well for cutting and are easily manipulated. They have adequate drapability for many uses. They accept and retain water repellents well. When fabrics are bonded with foam in between, the foam provides added lightweight warmth and eliminates the need for interlining.

Watch for the certification tag on bonded fabrics and follow the recommended care procedures, says Mrs. Anderson.

Secretary Butz said that he has been assured by Governor John A. Love, director of the energy policy office, that this office will pledge its full support to provide adequate fuel to harvest this year's farm production.

The USDA will do all it can to see that agriculture gets the fuel it needs to do the job. Secretary Butz is asking farm suppliers, farm cooperatives, commodity groups and others to join in the nationwide effort to provide supplies, storage, credit, transportation and other help to farmers to this all-out production effort.

ARE YOU WILLING?

To close your book of complaints and to open the book of praise?

To believe other men are as sincere as you and to treat them with respect?

To ignore what life owes you and think about what you owe life?

To stop looking for friendship and to start being friendly?

REST STOPS FOR SAFETY SAKE

Visitors to Idaho's 45 safety rest areas built at strategic locations along the 6,000 mile state highway system continue to express their appreciation for this program by flooding the Idaho Department of Highways with hundreds of thank you cards and letters each year.

Safety rest areas are off-roadway spaces with provisions for emergency stopping and resting for motorists for short periods.

Rest room facilities are provided in most of the rest areas. Some facilities include dumps for trailer sewage, most include outdoor and indoor drinking fountains, and picnic equipment such as tables, sun shelters and grills.

Idaho began its Rest Area and Roadside Development program in 1935. The Board of Highway Directors adopted a Master Plan for road rest areas in 1964 and the Highway Beautification Act of 1965 stimulated the rest areas development program throughout the nation. To date, there are over 7,000 rest areas countryside. Included in this program are the construction of scenic easements, landscaping, and junkyard screening.

Several design features are being incorporated into Idaho rest areas to aid the physically handicapped. As the motorist approaches the rest area building, a sign indicates parking stalls which are reserved for the physically handicapped. A curb cut at this location makes the operation of a wheel chair much easier.

The slope from the automobile parking area to the building is no more than 5 per cent. There are no steps in the safety rest area.

Inside, these features aid the handicapped: wider water closet stalls, doorway to water closet opens outward, wall-mounted water closet raised for accessibility, grab bars to aid those who cannot walk, lowered urinal, water fountain, wash basin and paper towel dispensers.

All buildings and facilities for rest area sites are designed with special consideration for the needs of physically handicapped persons. In addition, the Highway Department plans to go back to rest areas that have already been built and make changes that will facilitate use of the rest areas by the handicapped. The Federal government will finance 90 percent of these changes on the Interstate Highway System. This 99 percent funding ratio also pertains to building new rest areas on the Interstate System in Idaho. On Primary highways, funding is 50 percent Federal Aid and 50 percent State highway funds with total cost ranging anywhere from \$30,000 to over \$100,000 depending on the com-

plexity and features of the particular rest area.

Over the years, public demand is evidenced by the hundreds of complimentary letters has been influential in giving momentum to the rest area program in Idaho. While not as apparent, the rest areas lend a very tangible support to Idaho's second largest industry—tourism, by providing the long-distance traveler with a restful interlude to partake of Idaho's charm—its mountains, streams, lakes, deserts and western atmosphere.

Motorists are encouraged to make use of the facilities and use them in the spirit they were intended—to stop and rest, sleep a few hours and travel on refreshed. Prolonged stays in the rest areas are discouraged because of lack of sufficient parking space in many of them and the desire on the part of the Highway Department to let as many travelers use the rest areas as possible in the interest of public safety by keeping tired and sleepy drivers off the public highways.

Currently, the Idaho Department includes 24 new safety rest area of Highways Master Rest Area Plan sites long with 13 possible Information Centers now under study in various locations throughout the Gem state.

FARE PATROLS HELPING

Idaho State Police Fatal Accident Reduction-Enforcement patrols are having a positive effect on Idaho's traffic. There has been a reduction of fatal accidents in the areas where FARE patrols were active during June of this year as compared with the average for June in the three previous years. The average fatality experience previously for the month of June was 3 fatal accidents with 3 people killed. This year during June there was one fatal accident in the FARE areas resulting in death of two people. The fatal accident occurred on I-90 in Northern Idaho.

"More violators are being cited as a result of our concentrated efforts to reduce fatal accidents," said Lt. Richard E. Fouts, Idaho State Police, FARE Project Director.

Initial reports show that 923 citations were issued by FARE patrol officers during June. The citations issued included 23 for driving while under the influence of alcohol, 526 for moving traffic violations and 375 for non-moving violations.

Fouts noted that an additional 2,583 man hours have been spent patrolling during June. The extra patrol time would not have been possible without the FARE project.

It is right and might that govern everything in this world—might winning on right.—Joseph Joubert

WHAT APPLIANCE SERVICE CONTRACTS PROVIDE

Monthly savings or a service contract can ease the financial strain of unexpectedly major appliance repairs, says Ruth W. Spidahl, state home economics leader, U. of I. cooperative extension service.

You can put a little money in the bank each month to take care of maintenance and repairs, or, if you rely heavily on appliances and fear the unexpected cost of repairs, then you can buy a service contract to suit your own needs.

Be sure you know the pros and cons before you sign an appliance service contract Mrs. Spidahl warns. Understand all the implications of the contract before binding yourself to it.

Most contracts won't cover intentional damage, malfunctions because of improper use or neglect, or damage caused by repairs made by others, Mrs. Spidahl says.

There are 5 basic types of service contracts, each providing service for different needs.

1. Complete coverage, these are the most common and the most expensive contracts, providing an unlimited number of service calls, although parts usually cost extra.

2. Parts coverage with labor coupons, these coupons cost less than complete coverage contracts. They cover cost of parts and are accompanied by several coupons, each of which is good for the labor charge on one service call. If you use all coupons early in the year, you could end up paying the full rate for labor. But if you have coupons left over, some dealers will apply the unused ones toward the price of a new service contract, which reduces the cost for the following year.

3. Parts coverage, partial labor: these contracts are also less expensive than complete coverage if you don't need much service. For example, a store that charges \$90 for complete coverage on a color television set might charge \$60 for a partial labor charge, with \$5 extra for each service call.

4. Parts coverage only—these are much cheaper than the other kinds of contracts and appeal to some people, because they figure the labor bill won't run over \$15 to \$50 while the parts cost is unpredictable and could reach \$100 or more.

5. Labor coverage only—these also are far less costly, but aren't offered by any companies.

Legal Notice

NOTICE TO PARENTS AND GUARDIANS OF SCHOOL AGE CHILDREN

In compliance with the requirements of 33-202, notice is hereby given that: In all school districts of this state, every parent or guardian of any child between the ages of seven and sixteen years shall cause such child to be instructed in certain specified subjects. Every such parent or guardian shall cause such child to attend a public, private or parochial school, during a period equal to that portion of each year during which the public schools are in session in such district, and shall cause such child to conform to the attendance regulations established by the board of trustees of such school district.

When a duly licensed physician or psychiatrist shall certify in writing that the physical or mental condition of a child is such that it does not permit attendance at school and upon a finding by the board of trustees that the best interests of the child or the school will be served by exempting such child from attendance, then the board of trustees may grant such exemption during the continuance of such disability. A petition for exemption for such cause may be initiated by the child or by its parent or guardian.

Before the board of trustees may exempt any child who is an habitual truant whose conduct would disrupt school order or discipline, the board shall notify the parents or guardian and afford them an opportunity to appear and show cause why the exemption should not be granted. When exempted for such purview of the youth rehabilitation law. Dated this 20 day of August 1973.

IT HAPPENED WAY BACK WHEN

Genesee News—30 YEARS AGO

Miss Ruth Alice Vanouck and Miss Arlene Borgen will teach the coming 9 month term at Kingston, Idaho near Kellogg. They will report at Kingston September 2nd.

The Henry Koster combine, operated on peas on the Tony Kambitsch ranch turned over on its right side Wednesday afternoon while cutting back swath. No one was injured and damage to the machine was not serious.

Chet Qualey, working with the Lloyd Wilson combine, sustained a painful injury Wednesday afternoon when the little finger of his right hand was caught in the machine brake mechanism.

Mrs. Gene Woodruff was honored with a pink and blue shower Wednesday afternoon at her home.

Mrs. Ervin Nebelsieck and children, Douglas and Marlys left Wednesday morning for Beresford, N. D. where they will make their home with Mrs. Nebelsieck's parents, Mr. and Mrs. Olan Nelson.

Genesee News—50 YEARS AGO

At the farm of J. H. Broemmeling, just west of town, on Saturday evening about 6 o'clock the lightning struck a couple of trees which were some 12 or 15 feet apart, under which at the time Herman Broemmeling, Lewis Bershaw and James Swenson who were preparing themselves for supper after the day's work had been finished. All three were somewhat stunned by the lightning but Mr. Swenson was rendered unconscious by the bolt, he remaining in that condition for several minutes. All later went to their homes and soon recovered but it was indeed a very close call for all of them and undoubtedly they would not care to have it repeated.

Mr. and Mrs. Fred Bershaw are entertaining a little stranger at their home, a little gentleman having made his appearance there on Thursday, August 16. All concerned are doing nicely.

Arthur Mayer on Monday closed a deal for a confectionary store at Troy "The Sweet Shop" of which he took charge Wednesday morning.

Andy Meyer is suffering with a badly poisoned right hand.

(Genesee News August 24, 1903)

John Vandenburg returned Friday from his trip to Nebraska. He succeeded in disposing of the threshing outfit owned by himself and Mr. Edwards of that place. Mr. Vandenburg says Nebraska is harvesting one of the best crops in the history of the state although the scarcity of help is a great hindrance. As high as \$3 a day is being paid for shocking.

The population of Genesee is steadily on the increase and the demand for houses was never greater. At this time there is not a vacant house in town that is fit to live in.

Kendrick Gazette

August 18, 1933—

A deal was closed the first part of the week whereby Mrs. Frank W. Ellis sold the Ellis Cash Grocery to Richard Blewett and Ollis Sherbon, both of Gifford, they taking charge Tuesday afternoon.

These young men are "up and coming" and will no doubt make a success of their undertaking. They will reside in the Ellis residence on the "School House Hill".

August 12, 1943—

News of 20 Years Ago (1923)

The town council has ordered the street sprinkler out as soon as it can be put in shape for business. The Parks, Hoffman and Craig machines started threshing Wednesday morning. The prospects for a bumper yield were never better. The Ed Fieshman family started Monday for the Hot Springs, where they expect to camp for a month.

London Items—1943—Mr. and Mrs. Arthur Foster are proud parents of a 6 lb. baby boy, born to them Aug. 3. He has been named Freddie.

Eight local young people left Monday to spend the week attending the Intermediate Youth Fellowship Camp at Hidden Valley, Wn. Rev. Roy Murray, dean of the camp was accompanied by the following young people; Erma Langdon, Barbara Stedman, Jimmy Mattoon, Dora May, Rita Cain, Bonnie Groseclose and Mark Murray. Nellie Fry had her suitcase packed but illness kept her at home.

Home Cookin'...

New ways to prepare and serve zucchini are always welcome especially now when this ever popular vegetable is growing in abundance in most gardens.

We have two cooks for this week's column, and because their recipes all sounded so delicious, I thought it would be a good idea to print them all.

Mrs. Broemseling's recipes for relish and bread have been favorites for a long time, and from the files of Mrs. Odenberg, she offers her recipes for two kinds of pickles and butter.

We hope you enjoy these and with school but just a few short weeks away why not start sending in recipes again. Fall means cook outs, last minute picnics, and lots of school and family entertaining. So pass your recipes in and share them with our readers.

ZUCCHINI BREAD

3 eggs, well beaten
 1 cup vegetable oil
 2 cups sugar
 2 cups peeled and grated zucchini
 3 tsp. vanilla
 3 cups flour
 1 tsp. salt
 ¼ tsp. baking powder
 1 tsp. soda
 ¾ tsp. nutmeg
 8 tsp. cinnamon
 1 cup chopped nuts
 Mix together first 5 ingredients. Sift together and add rest of ingredients. Grease and flour 2 loaf pans. Divide batter into each. Bake at 325 d. for 1 hour.

ZUCCHINI RELISH

10 cups zucchini, ground
 4 cups ground onions.
 5 tsp. salt
 Let stand overnight
 Drain and rinse in cold water.
 Add: 2¼ cups vinegar
 4 cups white sugar
 1 tsp. nutmeg
 2 tsp. celery seed
 ½ tsp. pepper
 1 tsp. dry mustard
 1 tsp. powdered tumeric
 1 red and 1 green pepper, ground
 1 tsp. corn starch
 (green food coloring optional)
 Cook for 30 minutes, then seal.

ZUCCHINI BUTTER

(Tastes like apple butter)
 8 cups zucchini, peeled and cubed
 Cook until tender, then mash fine or put in blender. Return to kettle and cook until water is absorbed.
 Add: 1 cup sugar, cook until thick. Add 3 cups sugar, ¾ cup vinegar, ¼ tsp. cloves ¼ tsp. allspice, ¾ tsp. cinnamon. Put in a 300 degree oven and cook for 3 hours stirring occasionally. Put in hot, sterilized jars and seal.

ZUCCHINI PICKLES

1 quart white vinegar
 2 cups sugar
 ¼ cup pure salt
 ¼ tsp. crushed red pepper
 2 tsp. celery seed
 2 tsp. ground tumeric
 1 tsp. ground mustard
 5 lbs. (5-6 inches) zucchini, unpeeled, cut into ¼-inch slices
 1 quart thinly sliced onions.
 Combine vinegar, sugar, salt, red pepper, tumeric, celery seed and mustard in a 2-quart sauce pan and bring to a boil. Stir until sugar dissolves. Place zucchini and onions in a 6-qt. dutch oven, pour vinegar mix over and let stand 1 hour stirring occasionally, then bring all to a boil, reduce heat and simmer 3 minutes, stir occasionally. Continue simmering while quickly packing one hot sterilized jar at a time. Fill to within one eighth of top with vinegar solution covering pickles.
 Put sterilized lids on jars and screw band on tight. Put on rack in canner full of hot (not boiling) water, covering jar 1-2 inches. Bring water to a boil and process 15 minutes. If jars do not seal, open and re-process. Makes 6-7 pints.

SWEET PICKLES

(may use either zucchini squash or cucumbers)
 Cut enough 5-6 inch zucchini in thin slices to fill a gallon jar.
 Add 1 cup salt, cover with boiling water and let stand 7 days.
 Drain and add 1T alum, cover with boiling water, let stand 24 hours.
 Drain, cover with plain, boiling water and let stand 24 more hours.
 Drain and add—
 1T green coloring (more or less)
 1 quart white vinegar
 1T whole all spice
 3 sticks cinnamon
 1T whole cloves
 2 cups sugar
 Bring to a boil, pour over pickles for 3 days. Each morning drain off; add 1½ cup sugar each day. Bring to a boil, pour over pickles. Need not be sealed. Keeps without.

MASON BUTTE LOOKOUT BLUES

So here you are
 No grocery store, no beer, no bar
 Not even a reason for havin' a car
 Now you know, you've gone too far.

It's mighty hot up here
 Everything's left, even the deer
 How'd I know it would be that kind of year?
 Thought I was ready—thought I had no fear.

The bugs are a fright
 They all sting and bite
 All morning long and half the night
 This is some place all right.

The water can is bone dry
 Can't reach car 20 and wonder why?
 Oh how the hours dwindle by
 And everything has gone awry.

My dog has just bit our friend Bill,
 I spotted a fire—A Potlatch mill
 I wait for mail—but there's none still
 This is how my day goes, such a thrill

Nothing is wrong, nothing is right
 Hotter tomorrow, no rain in sight
 Up to the tower I go, but I hate the height
 It's my job—part of the plight.

Clouds going by, thick and thin
 The lightning is bright within
 Radio's calling for men
 Not a drop of rain—ain't that sin?

"Look for fire" they preach
 When you do, there's not a soul in reach
 Later on, they'll come to teach—
 "See there," he says, "that's a sand bar, not a beach."

Now there's fire all around
 In the trees and on the ground
 The babbling radio the only sound
 Except the grumbles that abound.

The clouds have gone astray
 Dust bowls are here to stay
 Tomorrow a sunny day?
 No wonder nobody looks too gay.

For me it's in the tower
 I'm up here by the hour
 I feel rain—there's a shower.
 Now I say, prayer has power.

But the men, they're in an awful state
 They're up early and out late.
 They eat their dinner without a plate
 Some are lonesome for a mate.

Then the boss comes to my pad,
 He wasn't smilin'—he looked sad
 I offered him coffee—it tasted bad
 He drank it anyway and I was glad.

"I have a mission, this report
 It came from—well—his court,
 It's hard to tell—I'm a poor sport—
 Your ship—didn't make it to port."

"I suppose," he said, "you are wondering why?
 Too many fires are on my list—every day gone by
 Not enough men! Not enough money," he hissed.

"You've reported one every day — and none you've missed!"

I was stunned, didn't know what to

say
 There was no mention of a raise in pay,
 "I don't feel good, can you tell?"
 I couldn't lie. "You look well, just a bit grey."

That was the last straw,
 From dark brown eyes, sparks I saw.
 "Don't come to me and ask for a draw."
 He turned red and muscles tightened on his jaw.

"And you" he began to say, "Wanted

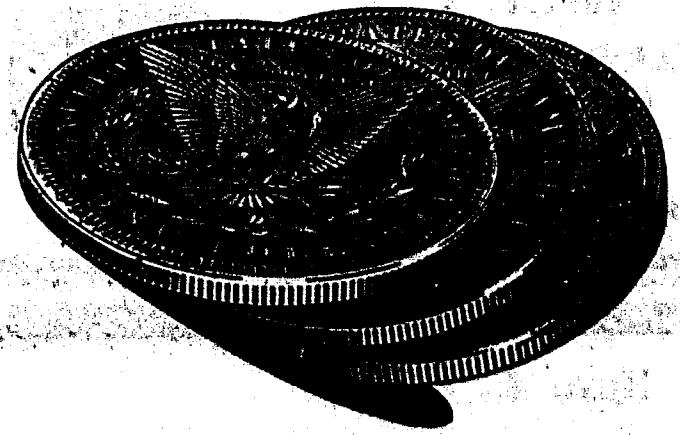

a raise in pay."
 My answer to that is—"NAY."
 But, before I go away, this I have to say.
 TOMORROW—is your last day ! !

It's Going To Take Some Money...

It's true that the best things in life are free, but some where along the way you're going to need some money. . . right now we're thinking about school expenses. If you are a young person heading back to college this fall, why not think about putting some of your summer wages in a safe, convenient First Bank of Troy checking or savings account. You'll have some money when you need it.

If you're a parent, why not start adding a little extra to your present savings account so you'll be prepared for the expense of school clothing, books, shoes and all the "little" extras that add up so fast.

don't waste a good thing...

Ever stop to think about the energy it takes to save your energy? The clean energy that works for you night and day is worth thinking about — and conserving. Used efficiently, it will continue to work for better living.

- Use your laundry appliances and dishwashers to full capacity; half-loads waste energy.
- Put a lid on the energy waste by cooking with covered pans whenever possible. Use pans that fit your range burner and open the oven door only when necessary.
- Make sure your home heating is adequate and operating efficiently. If in doubt, have it checked.

The clean energy that saves your energy is too precious to waste. A little thoughtful consideration from all of us will keep from wasting a good thing.

Mrs. Ernest Steigora

Celebrates 80th Birthday
Mrs. Mildred Heath celebrated her 80th birthday on Saturday, Aug. 11, by "dinner out" in Lewiston with her husband Newt, daughters Inez Inghram and Norma Rugg, grand-daughter Lisa Rugg and also Eugene Heath. Dessert of ice cream and a decorated cake inscribed "Happy 80th Birthday, Mamma", was later enjoyed at the Kenny Rugg home in Lewiston. During the afternoon at her Hubbard Gulch home, callers included Mrs. Albert Helmgartner and Mrs. Alvin Steigora, bearing her "Secret Sister" Friendship Club gift from "Myrtle" Helmgartner, who held her name this year. Mrs. Selma Sampson, Lewiston, with daughter and husband, kept up a 60-year tradition by bringing good friend Mildred the birthday gift exchange the two have enjoyed since girlhood. Many friends and relatives phoned congratulations, mailed cards and letters and otherwise contributed toward making it a day to be long remembered. Her children presented her with a modern innovation — a micro-wave oven!

Mr. and Mrs. Ernie Filger and daughters of Moscow were Sunday guests of her mother, Erma Stevens. Granddaughter Leah Filger remained overnight.

Mr. and Mrs. Wm. Helmgartner, Clarkston, visited Wednesday afternoon in the home of Mrs. Albert Helmgartner.

Monday, August 6th, Mrs. Effie Powell accompanied Mr. and Mrs. Glen Stevens calling in the Herman Schupfer and Martha Wilken homes in Kendrick.

Mrs. Erma Stevens, Mrs. Powell and the Glen Stevens enjoyed Tuesday fishing on Dworshak Reservoir.

Wednesday, Aug. 8, Mrs. Teresa Baumgartner, Mrs. Powell and Mrs. Glen Stevens visited with Mrs. Elsie Hoffman at Leland.

Glad to Return to Idaho
Mrs. Hunter and "Aunt Charlotte" of Lewiston who recently spent 2 1/2 weeks at their former home in California, after 2 years in Idaho, were more than glad to return to "Idaho's blue sky and clear air". On Friday night Mr. and Mrs. Wayne Helmgartner and Alan were their supper guests and enjoyed an evening of visiting with them.

On Sunday, a group consisting of Mr. and Mrs. Bill Harri, Mr. and Mrs. Leslie Helmgartner and the Wayne Helmgartners "hit for the hills" to check on the cattle and enjoy the outdoors. Later the group returned to Wayne Helmgartner home and were supper guests there.

Mr. and Mrs. Bob Helmgartner are visiting in the home of father, Leslie Helmgartner, enroute home from a shared camping vacation with the Bill Straw family of Mt. Home. The Helmgartners two daughters returned to the Straw's home for a visit with them until their parents return. Young Les is taking a try at being on his own for a short time during their absence, as all young folks desire to do!

Mr. and Mrs. Cletis Holsington spent Sunday afternoon at the home of their daughter and family, the Bob Blairs in Lewiston.

Mr. and Mrs. Edgar Heath and daughters Ruth Ann and Mrs. Janet Adams and son Justin, all of Nezperce were Sunday guests in the New Heath home, also Mr. and Mrs. Lee Heath of our own community.

Shauna and Tia Helmgartner of Lewiston spent from Monday until Thursday in the home of their grandparents, Mr. and Mrs. Eldon Helmgartner.

Walter Zumhofs and Mrs. Betty Cowger drove to Mt. Home on Sunday, taking Betty's grandchildren Stephanie and Vernon McGuffey that far to meet their mother, after spending several weeks with grandmother Betty.

Walter and Betty then spend Sunday night in the Bill Straw home visiting with Grandmother Zumhofs, Walter's mother, and with the Straw family.

Mr. and Mrs. Lawrence Helmgartner, their son Ray, and the McGuffey children were included in the trip to the Mt. Home, and as supper guests in the Wayne Helmgartner's on "Sunday's Big Day."

Mrs. Betty Cowger, son Darrell Cowger and wife and friend, young Benjamin, drove to Spokane for a visit. Becky should be able to return home on Thursday if all continues well with her recovery from recent oral surgery.

Uncle Ernest and Aunt Nellie Steigora were remembered by nephews and nieces the latter part of the week. On Friday afternoon Mr. and Mrs. Ron Breckenberg and little Gregg surprised them with a short visit, enroute from their home at Grangeville. Mrs. Mike Richardson and daughters Noelle and Rena of Orofino were Saturday evening guests, after spending the afternoon with Helena Brown at Pino Creek; and Sunday dinner and afternoon guests from Joel were Bob Coffland and wife Nina and daughter Susan.

Tim Steigora, returning from a visit with his parents in Montana, spent Saturday overnight with his Eller grandparents in Lewiston.

Return From Canadian Vacation
Mr. and Mrs. Ken Steigora and children, Bekalyn and Brant, with Mr. and Mrs. Hunt Hatch, Kamiah, spent a long week's tour into Canada, traveling in the Steigora station wagon, and visiting friends at various points enroute. They arrived home late Sunday evening, commenting the nearer they reached home, the hotter the weather! Their farthest point north was Wood Buffalo National Park.

Lori Brown has spent several days in the home of her grandmother, Helona Brown. Younger sister Shannon was forced to cut short her visit due

Mrs. Sam Weaver

Mr. and Mrs. Bill Olson had as Wednesday supper guests, Mrs. Evelyn Brocman and daughter Judy.

Mr. and Mrs. George Lyons and Dorothy, Mrs. Dave Hutcherson, Mrs. Jack Parsley, Gina and Lori Brown attended the Latah County Horse Show in Moscow Saturday. The girls won many prizes. (See article on page 1).

Mr. and Mrs. Jack Parsley and children attended a family picnic in Clarkston Sunday.

Mr. and Mrs. James Holt and family, Steve and Mike Price and Mr. and Mrs. David Ball and family enjoyed a picnic at Gravey Creek Sunday.

Mr. and Mrs. LeRoy Orth, Eugene, Ore., C. W. Edgar, Lewiston, were Wednesday supper guests of Mr. and Mrs. Derrill Edgar. Mr. and Mrs. Jerry Broenneke and Mike Edgar were Saturday afternoon callers.

Mr. Wally Frazier is spending some time at Mr. and Mrs. John Cuddys helping with the harvest. Mr. and Mrs. Joe Cuddy arrived Sunday for a couple of week's vacation.

Mr. and Mrs. Clem Lyons were weekend guests of Mr. and Mrs. Dais Stuart and family of Weippe. While there they took in the rodeo.

Sunday afternoon callers of Mr. and Mrs. Elmer Cuddy were Mr. and Mrs. Gary Ball, Craigmont.

Mr. and Mrs. Alan Patterson and daughter enjoyed the Lapwai Indian War Dances Saturday.

Marie Burdick, daughter of Mr. Duane Chilberg, celebrated her 10th birthday Sunday by going to Clarkston and having breakfast. Then did some bowling and golfing at Lancer Lanes. At home she, Allen Chilberg, Floyd Candler and the rest of the family enjoyed a barbecue supper and birthday cake. Happy Birthday Marie.

Mr. and Mrs. Dan Kechter had as guests Sunday, Mr. and Mrs. Jim Sturman and Mr. and Mrs. Roger Kechter.

Monday night supper guests of Mr. and Mrs. Derrill Edgar were Mr. and Mrs. Fred Foster, Teresa and Lisa, and Grandma Schoeffler. All helped Teresa Foster to celebrate her birthday.

Derrill Edgars and family had supper Sunday with Mr. and Mrs. Bill Wilson and children.

Mr. and Mrs. Joe Price and family spent last week at Red River.

Last Monday eve. supper guests of Mr. and Mrs. Cecil Brammer were Mr. and Mrs. Harold Brammer and family of San Jose, Calif., and Mrs. August Brammer. Dob and Cheryl Brammer stayed until Tuesday.

Mr. and Mrs. Joe Michaels of Lewiston were Saturday afternoon callers of Grandma Lyons.

Those who helped Marion Souders celebrate his birthday anniversary Saturday evening were Mr. and Mrs. Cecil Brammer and family, Mr. and Mrs. Steve Dorendorf, Mr. and Mrs. Joe Price and family, Karen Ward of Deary and Terrie Brocke. Terrie stayed from Thursday until Sunday. Sunday evening callers were Mr. and Mrs. Arlie Allen.

SOMETHING TO THINK ABOUT

The experience of growing up in Oregon in the early 1900's has been recaptured in a heart-warming little book, handwritten and illustrated by Martha Hebert Blakely. Country life was rough in those days, but a cheerful acceptance of it premeates the book. Says the 72-year-old author, "We came up the hard way but I expect it was good for us—Can you imagine the present generation living without running hot and cold water, electricity, radio, television, automobiles, washing machines, vacuums, nylons and many more modern conveniences?" She continues "We had to carry all our water from a spring, about a quarter of a mile, mostly uphill. We caught rain water for washing clothes. . . ."

"I wonder if we ever stop to think what we have now, and thank God for it all, and stop complaining about what we don't have — Because we had so little we were always so grateful for what we had. If our families now could feel that way they would be happier. They have so much and don't realize it." It's something to think about.

We will have to want peace, want it enough to pay for it, before it becomes an accepted rule.— Eleanor Roosevelt

a Thursday overnight visitor of the Pearl Hazelton family. Friday Mr. and Mrs. Pearl Hazelton and Laurine, Erma Reid and Bill Thomas took their boat to Dworshak Dam and went boating up to the Dent Bridge. They reported the scenery very pretty.

FREEZING GARDEN CROPS NEEDS EARLY PLANNING
To freeze coming garden crops successfully you should start planning now, says extension home economist Joanne Anderson.

The freezer has no magic properties—it does not improve food, so select only top quality food to freeze. The function of the freezer is to preserve product quality and food value and keep food from spoiling.

Garden fruits and vegetables should be frozen when they are best for table use. A delay of even 1 or 2 days may give a poor frozen product. Get them to the freezer as soon after picking as possible. Vitamin C and general quality can be lost if foods are allowed to wait in the kitchen.

Use a good guide or frozen food book for instruction.

Don't skimp on frozen food containers and wrappings. Try the freeze and cook bags; these are especially good for casseroles, sauces and gravies.

Ice cream, cottage cheese or milk containers are not satisfactory, nor is a plastic bread wrapper. They are not moisture and odor proof. Use cartons made especially for freezing. However, glass canning jars and tin cans with tight fitting lids can be used, Mrs. Anderson says.

Many freezing containers are reusable, so keep this in mind when comparing costs of containers.

Label packages clearly and carefully with date and contents of package.

GRANGE NEWS

The judging for the Grange contests of bread, fruit cake and needle work was conducted by the chairman of Women's Activities, Mrs. Roy Glenn, assisted by Mrs. Wayne Helmgartner.

There were 7 subordinate members. Three members of the Good Doers 4-H club and two guests were present.

There were six entries for the yeast bread and two for fruit cake. Winners for the bread were: 1st place: Mrs. Leslie Helmgartner; 2nd place winner was Mrs. Frank Bencoter; 3rd place was presented to Good Doers 4-H member, Polly Taylor for the loaf of bread she made. After being judged, the fruit cake and bread loaves were wrapped and presented to local senior citizens.

In the needle work division, there were two pair of beautiful embroidered pillowcases by Mrs. Manning Onstott and Mrs. Ella Bencoter. Both received a 1st place rating.

There was also a crowl pillow and a wall hanging.

Plans regarding the Grange food booth at the Latah County fair were discussed. Members will hear more concerning this at the next meeting which will be held August 21 at 8 p. m. at Grange Hall.
