

Second Annual Pratt-Parks Picnic Great Success

The 1973 Pratt-Parks reunion picnic for friends and former residents of the Grey Eagle and Pine Grove communities east of Genesee drew enthusiastic participants from five states and the West Indies, the picnic record shows. Meeting at Spalding Park on July 15 from 10 a. m. to 4 p. m., the group viewed and exchanged old photos, reminisced over experiences of the 1920's horse farming days, and caught up on visiting. Many of the 65 who came last year could not come this year, but the many new participants brought the total almost even.

Carl H. Cox, 69, Passes August 23

Carl Henry Cox, 69, former Kendrick resident, died Thursday at 4:20 a. m., August 23 at the Veterans Administration Hospital at Walla Walla. Death was attributed to cirrhosis of the liver, but we don't know the report yet of the autopsy. He had farmed at Kendrick until 1948. Cox was born April 11, 1904, the son of Jason and Leah Cox at Trent, Kentucky.

After his father's death in 1909, the family moved to Troy, Idaho and the family moved to Troy, Idaho and died where he worked as a logger and farm hand. He enlisted in the Army in 1920 and was stationed at Schofield in the Hawaiian Islands. In less than two years he became a sergeant in charge of transportation with the 35th Infantry.

Cox was married to Agnes Kennedy, September 1, 1933 and the couple farmed at Kendrick until 1948 when they purchased a farm near Walla, Oregon. He farmed there until his retirement in 1968.

He was a member of the Modern Woodman of America and was an avid hunter and fisherman.

Besides his widow at the family home, he is survived by two daughters, Mrs. James (Delores) Hyatt, of Walla and Mrs. Dorothy McCarthy of Klamath Falls, Oregon; one sister, Mrs. Wallace (Nora) Clark of Lewiston; brothers, Jess of Salem, Frank, address unknown and a half brother, George Bailey of Portland, and four grandchildren.

The funeral was held Monday at 10:30 a. m. at the Walla church of Christ with the Rev. Robert James officiating. The singers were Maxine Brown, Eugene Altmeyer, Helen Brown, Ralph and Jode Skelton, Imron and Pearl Fagon. Songs were "Mansion Over the Hilltop," "Beyond the Sunset," and "Shall We Gather at the River." Bearers were Darrell Gelsingler, Ernest A. Taylor, F. E. DeJean, Lee Munden, John Perry and Dallas McCrue.

Burial was at the Walla cemetery with the Bollman Funeral Home of Enterprise in charge.

Flintstones To Meet

The Flintstone Rock Club will meet Thursday evening at 7 p. m. at the Fire hall. Members were in charge of ticket sales at the Northwest Federation and convention of the gem show held at Lewiston last week. Leonard Eckman of the local club entered a display of his work in two categories, receiving several ribbons.

90-plus temperature and assured a steady stream of grandchildren back and forth from nearby swings, slides and ball games.

Although more than half of those present were from Idaho points, there were 14 from Oregon and 10 from Washington. Two visitors from Virginia, one from Arizona and one from Puerto Rico made up the balance.

Oldest person attending was Emma (Mrs. John A.) Platt from Juliaetta, who was 95 last February 2. Mrs. Platt passed away at Lewiston on July 25. The person attending from farthest away was Becky Ann Gomez of Puerto Rico, who is visiting her grandparents, Ted and Gladys Parks of Walla Walla this summer. Others attending from far away were Mr. and Mrs. Peter Hansen of Arlington, Virginia, guests of the Kenneth Platt's. Mr. Hansen was a Danish graduate student at the University of Minnesota, when Mr. Platt met him in 1931, and later became an American citizen.

By agreement from last year, this year's picnic was held on the third Sunday of July. The large attendance again this year confirmed intentions to meet annually on that date, as long as interest continues. The Parks and Platt families therefore ask their friends to reserve the third Sunday of July 1974 for this repeat occasion, with apologies for this late report due to waiting for picture development.

The register of 1973 attendance is as follows:

Glenn and Nellie Woodward Brazier, and Mr. and Mrs. Burnis Brigham and daughter, Jan, Genesee; Irwin and Fern Hermann Clements, Bend, Oregon; Mr. and Mrs. Henry Davis, Southwick; Joe and Margaret Spurbek Doyle, Genesee; Hilla (Mrs. George) Erickson, and Ervin and Harriet Hickman Flomer, and Loren Platt (Mrs. Stanley) Gilson, Lewiston; Ebba (Mrs. Jack) Gehrke, Lapwai; Becky Ann Gomez, Puerto Rico; Mr. and Mrs. Peter Hansen, Arlington, Va.; Esther Hickman (Mrs. Roy) Hanson, Phoenix; Mr. and Mrs. Ed Harms, Eugene, Ore.; Heber Harms, Cullisac; Clinton Hermann, Genesee; Dave and Mildred Armstrong Hickman, Palouse; Ed and Wilma Ingle Hill, Dayton; Ben and Agnes Magee Jain, Lapwai; Don and Audrey Jain, Bovill; John and Evelyn Parks Lauson and Allisa and Margianna Lauson, Walla Walla; Mr. and Mrs. Burton P. Luvasa, Lewiston; Theo Parks Luvasa, Milton-Freewater and grandson, Donald Olson; Gladys Jain (Mrs. Jim) Magee, Lewiston; Robert and Mabel Harms Parks, Milton-Freewater; Theodore and Gladys Harms Parks, Walla Walla; Mr. and Mrs. Thomas Parks, Portland; Mr. and Mrs. Laurence Patrick, Springfield, Ore.; Emma C. (Mrs. John A.) Platt, Juliaetta, E. J. ("Tom") and Ann Luvasa Platt and Francis Platt (Mrs. Don) Spreiter, Juliaetta; Mr. and Mrs. Kenneth B. Platt, Moscow; Ray and Blanche Hermann Trautman and George and Ella Lunders Whitited, Genesee; Tom and Elizabeth Gamble Wahl, Pullman; Grace Jain (Mrs. Guy) Wicks, Moscow.

Weather Cooler, But Dry

The region's farmers were going ahead with fall work even though the much-needed fall rains still have not arrived and the equipment sits up great clouds of dust as it moves over the powder-dry fields.

The temperature rose above the 90-degree mark for the first time in several days Tuesday, after winds and variable high clouds had kept the mercury down in the 70s and mid-80s most of last week. The nighttime temperatures were running cool and even some frost was reported in the higher elevations.

And while everyone is still looking for rain, the weather forecasters are predicting more fair and warm weather.

Despite the dry, dangerous conditions which exist, the game department permitted the opening of the rabbit and dove season Saturday and a few fearless "sportsmen" were out shooting the songbirds off the telephone wires and fences.

Shower Honors Mrs. Dale Main

Mrs. Dale Main (nee Sonia Holsington) was honor guest at a bridal shower held at the Firehall on Thursday evening, Aug. 30.

Some 40 friends and relatives were present to take part in games and to watch as the new bride opened the lovely gifts. Victoria Holsington and Mrs. Norma Ruberg won prizes at games.

Mrs. Willard Main of Bovill and Mrs. Loren Holsington, mothers of the young couple, assisted the bride in opening of the gifts. "Kitchen coronages" were presented to the bride; the mothers, Mrs. Main and Mrs. Holsington, and the two maternal grandmothers present, Mrs. Clotis Holsington and Mrs. Lilly Mound.

Delightful refreshments were served by hostesses Mrs. Pat Christensen and Debbie, Mrs. Wilbur Helmgartner and Delta Heath, Mrs. Bill Rogers, Mrs. Ed Dammarell, Mrs. Frank Benscoter and Mrs. Bill White.

Dale and Sonia were married August 24 at Coeur d'Alene and are now at home at Deary.

LeAnn Rogers Becomes Bride of John Yeates At August 24 Ceremony

Candlelight, red gladioli and white mums set the scene for the double-ring ceremony uniting LeAnn Louise Rogers and John Dana Yeates. Their marriage vows were solemnized by Reverend Ronald Perkins in the Assembly of God church, Kendrick, Idaho, on August 24, at 7:30 p. m.

The bride, daughter of Mr. and Mrs. William L. Rogers, Kendrick, was radiant in a floor-length chanelilly lace gown with scalloped neckline, fingertip lace sleeves and a short train formed by tiered organza ruffles. The groom, son of Mr. and Mrs. John A. Yeates, Idaho Falls, and his attendants were attired in white dinner jackets and dark slacks.

A friend of the bride, Miss LoAnne Meyer of Juliaetta, served as maid of honor. Her floor-length gown of red was accented by white accessories. Best man for the groom was Glenn Segota of Moscow. Completing the wedding party was flower-girl Michelle Rogers, daughter of Mr. and Mrs. Richard R. Rogers of Lewiston, niece of the bride. Ringbearer was Gaylen Yeates, son of Mr. and Mrs. John Yeates, Idaho Falls, brother of the groom. Wesley Yeates, another

brother of the groom, served as usher and candlelighter. Mrs. Oscar Slied Kendrick was organist and accompanied Mrs. Brian Mortenson of Moscow, who sang "Because" and "The Lord's Prayer." Miss Ada Harris of Juliaetta had charge of the guest book. Miss Edie Harris, Juliaetta, opened gifts.

Following the ceremony a reception was held in the social room of the Assembly of God church. Those serving at the red and white decorated table were Mrs. Richard Rogers of Lewiston, Mrs. Lawrence Hites of Moscow and Mrs. Richard Walker of Clarkston, Wash. Mrs. Harlan Fey of Kendrick assisted.

After a week's honeymoon trip to Sun Valley, Idaho Falls and other parts of southern Idaho, the newweds will make their home at 412 S. Ashbury, No. 2, in Moscow, Idaho.

Some out of town guests attending the ceremony were Mr. and Mrs. John A. Yeates and sons Wesley and Gaylen of Idaho Falls, Mrs. Eva T. Shepard of Cody, Wyoming, and Mr. and Mrs. D. C. Wichtersheimer and daughter Debbie of San Jose, California.

In Football Action—Tigers Clip Prairie 8-6; Bulldogs Downed by CV 24-0

Tigers Win Opener

Coach Dick Ruark's Kendrick Tigers opened their 1973 football season Friday night with a come-from-behind 8-6 victory over a strong Prairie High School squad at Cottonwood. It was a great morale booster for the KHS team and their fans as the victory was over a much larger school in this non-conference game.

"I was really satisfied with the entire team," Ruark said after the game. He had high praise for defensive men Ron Whittum, Vera Reed, Dennis Lukecart and James Souders, all four of whom made many unassisted tackles. "But this was a real team effort," the coach said.

After a scoreless first quarter, the Prairie squad got its touchdown on a series of fakes plays with less than a minute remaining in the half. With Prairie in possession of the ball the Tigers blocked a pass on a 4th and 8 play on the Tiger 35-yard line. A Pirate back recovered the blocked pass on the Kendrick 26-yard line. Two plays later the Pirates attempted a swing pass and the ball carrier was tackled by Lukecart. The ball squirted from the arms of the Prairie player and rolled into the end zone where a Prairie man fell on it for the score. The Pirates failed to convert.

Kendrick came back in the third quarter to tie the score as swing-back Dan Steters, running on a counter play, went 30 yards for the first Tiger score and it was 6-all. On the conversion attempt, quarterback Koley Clemenhagen handed off to Dennis Lukecart who cracked off

tackle for the successful two points. This proved to be the margin of victory as the fourth quarter seasawed back and forth with neither team available to mount a sustained attack.

Kendrick rolled up nine first downs to five for the Pirates, and gained 190 yards on the ground. Although the Tigers didn't gain any yardage on passing, Coach Ruark said he was well pleased with the way his team moved the ball. There was no fumbling on the ball exchange for the Tigers between the center and quarterback and only one fumble on a pitchout. The rugged Tiger defense forced the Pirates into five fumbles which cost Prairie the ball three times.

Asotin Here Friday

Hometown fans will get their first look at the Tigers this Friday night as KHS hosts the visiting Asotin team. Game time is 7:00 p. m. and admission is \$1.25 for adults; 75¢ grades 7 to 12 and 50¢ for the first six grades.

Bulldogs Blanked

"I think we learned a lot," said Coach Ozzie Kankkeberg as he looked back on the 24-0 defeat his Genesee Bulldogs suffered at the hands of the Clearwater Valley Rams last Friday night at Kookkia in the opening game of the 1973 season.

The Rams scored and successfully converted in each of the first three quarters in this non-conference game. The first CV score came on an 83-yard run by Wayne Burton. Jack Agee ran six yards for the second Ram score in the second quarter and

Fire Danger Still High

"It's still there," said District Fire Warden Richard Benjamin, when asked about the fire danger for this area Tuesday afternoon. Benjamin went on to add that the fire index was at 438 on a point scale of 1 to 500. This is the middle of the critical range.

While other areas have received enough rain to allow the forests to be re-opened to campers, hikers and fishermen, the Kendrick Fire Protective area received no such relief. The cooler nights have helped some but the hot afternoons have kept the danger high.

Fortunately no fires were reported in the last week, but the warden still urged all people to use extreme care to prevent fire from starting.

To Wed Sept. 21

Mr. and Mrs. Roscoe Hunter of Lenore announce the engagement of their daughter, Diane Louise Boyle, to Ronald Wayne Watkins of Orofino. The bride-to-be is employed by the City of Lewiston as an assistant accountant. Her fiancé is now serving in the U.S. Navy, stationed at Bremerton, Wash. The wedding date has been set for Sept. 21.

First Day of School Termed "Excellent"

It was a good first day of school as the doors were opened at Kendrick and Juliaetta schools on Tuesday. All departments were running in order for staff and pupils alike, reported Supt. Blakeley.

The following statistics were given for the opening of Sept. 1973 and 1973. Registrations for 1973-74 appear in bold face:

Grade 1, 31—18; Grade 2, 24—33; Grade 3, 25—23; Grade 4, 31—25; Grade 5, 21—33; Grade 6, 35—22. Total for 1972-73, 167; total for 1973-1974, 154.

Grade 7, 36—35; Grade 8, 36—36. Total, 1972-1973, 77; 1973-1974, 71.

Grade 9, 38—38; Grade 10, 36—39; Grade 11, 24—37; Grade 12, 34—20.

Total attendance grades 9 to 12, in 1972-1973, 132; 1973-1974, 154. Elementary total for 1972-1973, 167; for 1973-1974, 154.

Junior High, total students for 1972-73, 77; for 1973-1974, 71.

High School of 1972-1973, 132; for 1973-1974, 134; thus there are 17 students less as of opening day.

Driver Course Given

District 283, under the direction of Supt. Blakeley, sponsored a bus driver dinner and training session at the Kendrick High School cafeteria on Monday, August 27.

Fifty-six drivers, representing most of the school districts of Latah and Nez Perce counties, were present for the important meeting and good dinner which was prepared and served by the K.H.S. School Food Service Association personnel.

Carl Warner, head of bus transportation of the Idaho State Dept. of Education at Boise, was guest speaker. He gave much information and did some experiments for safety in bus driving for school children of Idaho.

Steve Hobson culminated a sustained drive in the third quarter by battering over from four yards out for the final points of the game. "It was really a better game than the score indicated," Ozzie said. "The defense made two mistakes and it cost them the first two touchdowns," the coach added. The Rams had control of the ball for seven consecutive minutes in the third quarter after Genesee kicked off and they just ground out the yardage down to the Genesee four where Hobson bulled it over.

Considering that he has a young, inexperienced team, the Genesee coach said he was "pretty pleased," especially in the second half, with his team's performance. "We just could not generate any offense," he summed up.

No Quorum at Tuesday Council; Meeting Reset For Thursday

Mayor Harold Freeman said late Tuesday evening the regular meeting of the Juliaetta City Council could not be held Tuesday because there were not enough members present to constitute a quorum. He said he will re-schedule the session for Thursday evening, Sept. 6, at 7:30. He added that several important items are on the agenda including the Deputy contract renewal and very definite water business.

Julietta Pioneer To Be Honored On 95th Birthday Anniversary

Mr. and Mrs. Cecil Gruell extend an invitation to all friends at their home Sunday afternoon from 1:30 to 5:30 to honor her mother, Mary Etta Ottosen, on her 95th birthday anniversary.

Mrs. Ottosen, a Juliaetta resident since 1909, was at a Moscow nursing home and is now at the Lewiston Convalescent Center since May, when she fell and fractured two vertebrae.

Return From 4,000 Mile Trip—

Mr. and Mrs. Phil Johns returned last week from a 4000-mile trip that took them to Paxton, Illinois, where they attended a family reunion of Phil's mother's family that he had never met. Their travels took them through Montana, Wyoming, South Dakota, Iowa and Illinois where it was unbelievably green from too much rain. The corn and soy beans raised there looked like a bountiful crop if the wet weather doesn't prevent the harvesting.

On the way home the Johns' experienced the worst electric storm of their lives, but thoroughly enjoyed the rain that went with it. They took their trailer and have decided that is the only way to go. It was good to get home but the area looked very dry after seeing the midwest.

Family Gathering at Henson Home

Buddy and Alice Henson had Mr. and Mrs. Dallas Groseclose and family, Roberta, Delta and Jane Heath, Opal Lohman, Jenny Rode, Colleen Chandler, Sharon Bateman, Judy, Pete, Danny and Tammy Henson, Ardyth Gentry and Mr. and Mrs. Marvin Henson of Missoula, Mr. and Mrs. Frank Groseclose, Grace Groseclose and Al Anderson as Saturday visitors. Mr. and Mrs. Marvin Henson stayed the weekend and Sunday. Mr. and Mrs. Lee Swanson and sons of Moscow and Mr. and Mrs. Art Henson and family of Orofino, Grace Groseclose, Al Anderson and Mr. and Mrs. Frank Groseclose visited Monday. New County Building Code Adopted

At the last meeting of the Latah County Commissioners, the new County Building code was adopted and became effective as of September 4. Under this code all construction within Latah County, not within the city limits of any incorporated town must have building permits from the Department of General Services located at the court house in Moscow.

Application for building permits are now available from all city clerks in each town or at the court house, room 205.

Trailer Fire

Members of the the Kendrick Volunteer Fire Department answered a fire call at a mobile home on the hill in north Kendrick Friday afternoon. The trailer home is occupied by Mrs. Sandra Roseborough and family and a fire began in the wall of the structure caused either by a gas stove or faulty wiring. The fire was extinguished with little damage.

Sour Cream Chocolate Frosting: 1-8-oz. package chocolate chips 1/2 cup butter or margarine 1/4 cup dairy sour cream 1 t. vanilla 1/4 t. salt

2 3/4-2 3/4 c powdered sugar Melt chocolate chips and butter over hot water. Remove from hot water and blend in sour cream, vanilla and salt. Gradually add powdered sugar. Enough for large 2 or 3 layer cake.

Instant Potato Refrigerator Rolls: Instant potatoes for 4 servings. 4 1/2-4 3/4 c. flour 1 pkg. dry yeast 1 cup milk 1/2 cup shortening 1/2 cup sugar 1 t. salt 2 eggs

Prepare potatoes according to directions. In a mixer bowl put 2 cups of flour and dry yeast. Heat milk, shortening, sugar, and salt until shortening is melted. Cool to luke warm and add potatoes. Then eggs. Add to flour and yeast in bowl and beat 3 minutes. Add remaining flour by hand (may be refrigerated) or let rise once and form into rolls. Raise until doubled. Bake at 375 for 25-30 minutes.

Dreamy Lemon Bars: 1 cup butter 1/2 cup powdered sugar 1/4 t. salt 2 cups flour Cream butter, sugar and salt. Add 2 cups flour. Mix well. Press into bottom of 9x13 pan and bake at 325 degrees for 25 minutes. 4 eggs, well beaten 2 cups sugar 1/4 cup lemon juice 1/4 cup flour 1 t. grated lemon rind Beat eggs until light, add sugar, flour, juice and rind. Spread over baked mixture. Continue baking for 30 minutes longer. Sprinkle with powdered sugar. Cool, cut into bars.

A New Day... This is the beginning of a new day, God has given me this day to use as I will. I can waste it or use it for good. What I do today is very important, because I'm exchanging a day of my life for it. When tomorrow comes, this day will be gone forever, leaving something in its place I have traded for it. I want it to be gain, not loss—good, no evil—success, not failure—in order that I shall not forget the price I paid for it. Don Wright, Portland, Oregon.

THE FORGOTTEN MAN Texas Review reprinted from Cooper, "Who is the Forgotten Man? He is that individual who does an honest day's work, pays his bills, brings up a two or more children, keeps up a small savings account, never asks for charity from anyone, never finds fault unless a principle is involved, never gets into trouble with the police—in short, he is the individual who keeps going on his own momentum, good times, bad times, or indifferent times.

When the hat is passed around the Forgotten Man chips in his mite. The Forgetter Man visits him regularly and collects toll for the upkeep of the police court, jail, workhouses, and the relief rolls—none of which the Forgetter Man ever uses. He is self-supporting, self-starting, self-sufficient and being so, he is counted in nothing except the census.

The Forgotten Man is just the everyday, common, ordinary, plain citizen who does the best he can and makes a pretty good job of it. He is the man you can count on in times of war or in times of peace, in times of hysterical prosperity or in times of gloomy depression; in times of Republican management or in times of Democratic rule. He is the dependable old horse, broken to harness, and he will stand without hitching.

Remember, there are millions of him, and there isn't much chance that he will never go crazy though the whole world about him seems inclined that way. When things get too bad he will take a hand at running them himself, and you can depend upon him to do it in a sensible way.

Lutherans: Do you know...what your present major medical insurance Will or Won't do?

- Will it pay for the doctor's care, medical supplies, X-rays and other expenses whether IN or OUT of the hospital? Yes No
- (Remember—ONE HALF of all medical expenses occur OUTSIDE the hospital!)
- Will your insurance KEEP PAYING today's costly medical bills—NO MATTER HOW LONG or HOW HIGH they may go?
- Today's medical treatment costs for heart disease, kidney disease, cancer—can exceed \$30,000—\$40,000—\$50,000!
- Does the Maximum Amount on your contract apply separately to accidents and sicknesses?
- Is the deductible in your contract met with both inpatient and outpatient expenses?
- Medical costs keep rising. Will your insurance let you INCREASE your hospital room limit and your surgical coverage as costs go up—REGARDLESS of your future health or that of any family member?
- (Medical costs have been rising 7 to 10% a year!)

If the answer to one or more of these questions is NO—then Earnings Insurance from Aid Association for Lutherans can help you. AAL Earnings Insurance is flexible enough to serve as a total program or to supplement existing health insurance in imaginative ways.

SUPPLEMENTAL SECURITY INCOME PAYMENT PLAN

The Lewiston Social Security office is now taking applications for supplemental security income payments, a Federal program scheduled to start in 1974 that will establish an income floor for people in financial need who are 65 or over, or blind, or disabled, according to D. Gene Shaw, social security district manager.

"People already getting State old age assistance, or State aid because they are blind or disabled, don't have to apply, he said. "They'll be getting more information later this year about how the program affects them."

The first monthly payments under the Federal program will be made in January, 1974. Until then, State and local public assistance offices will continue to make payments in the usual way.

People not getting public assistance now who think they may be eligible for the new Federal payments should call or write social security to find out if they should apply.

Federal supplemental security income payments will be made by the Social Security Administration. The program will be financed by Federal general revenues—not through social security contributions from workers and employers.

The aim of the new program is to provide supplemental payments in cases of need so that people 65 or over, or blind, or disabled will have a basic cash income of at least \$130 a month for one person and \$195 a month for a couple. Beginning July 1974 these figures change to \$140 for an individual and \$210 for a couple. Where current state payments exceed the Federal payments, both

ORIENTATION MEETINGS

Orientation meetings were held on August 30-31 at the Kendrick high school.

Thursday: Welcome: Mr. Blakeley; District Pollies, Philosophy, Ethics, MSB Insurance; Jim Evans, Coffee break. Learning Disabilities: Dr. Huestis. 1:00 p. m. I. E. A. business, Steve Branting; 1:30 p. m. Cancer Insurance: Marvin Taylor School Nursing and T. B. Examination: Ruby Hawkins.

Washington and Idaho plan to supplement so the individual will not receive less than he did in December 1973.

This doesn't mean that every eligible person or couple will be getting the maximum payable from the Federal Government every month. The amount of the Federal payment any person gets will depend on how much income he has.

Eligibility for Federal payments will depend not only on the amount of income people have but on the value of their assets.

A home of reasonable value will not be counted as an asset. In addition, the Federal Government will not put liens on the homes of people getting Federal payments. Person effects and household goods won't count in most cases.

Insurance policies or a car may not affect eligibility either, but it will depend on their value.

Certain income will be disregarded in deciding on an application for supplemental security income. The first \$20 a month of unearned income generally won't affect the Federal payment at all.

People who are working part time should know that the first \$65 a month of earnings won't be included in counting their income and only half of the rest of their additional earnings will be counted.

Apart from earnings, other unearned income above the first \$20 a month generally will reduce the Federal payment. This includes social security checks, veterans payments, workmen's compensation, pensions, annuities, and gifts. If you live in someone else's household, your basic Federal payment will be reduced by one-third before other income that may affect your payment is deducted.

People who need more information to decide whether they might be eligible for the Federal payments should call social security at 746-2333, or write to the office at P. O. Box 857, Lewiston, Idaho 83501. A friend or relatives may make the call if the person in need isn't able to do so.

HUNTERS MUST KILL OWN GAME

Idaho bag limits for all species of game birds, mammals and fish are set by the Idaho Fish and Game Commission so that individual fishermen and hunters will obtain their own game or go home empty handed.

The limited ability of some hunters and fishermen offsets the high success average of others.

Percentages are upset when skilled fishermen and sharpshooters catch fish and kill game animals and birds to fill out bag limits for unsuccessful members of the party.

Hawley Hill, chief of the conservation enforcement division, calls this means of haggling more game "party hunting" adding that the practice not only upsets averages but also is against the law.

"It not only is unlawful itself but, when members of the same party are hunting or fishing separately and kill or take for each other, it often results in a total take that exceeds the overall party limit," he avers. "This violation situation then ultimately must result in at least one more violation—inducing additional people to get involved with their tags or such, on unlawful transportation of excess limits and/or untagged animals or leaving the excess game or fish to waste and rot in the field. Violations stemming from party hunting are prosecuted each fall.

CHECK CHILD'S EYES OFTEN

A child who cannot see well is at a serious disadvantage as a learner, according to the Idaho Medical Association, since 85 percent of learning is a visual process.

Glasses, if needed are not an kindness. Rather they may save the child from serious retardation.

Be suspicious if the child complains that he can't see well, things are blurred, headaches, dizziness, tiredness, or nausea following close eye work, double vision, eyes that smart or feel scratchy, printed lines that "jump around" or "run together."

Watch the child's appearance for these signs: red-rimmed eyelids, recurring styes, watery eyes, pupils unequal in size, eyes in constant motion—usually side to side, but some times up and down.

Behavior symptoms may include school failure, excessive nervousness, difficulty with reading, frowning, excessive blinking, scowling, squinting, other facial distortions, frequent eye-rubbing, drowsiness, or irritability after long use of eyes, poor performance in games requiring distance vision, shutting or covering one eye, tilting or thrusting forward of the head.

If you observe these or any other symptoms that lead you to believe all might not be well with your child's eyes, see your family physician, who will help you get an appointment with an ophthalmologist.

SUMMER FERTILIZING COULD HURT LAWNS

Home owners should avoid fertilizing lawns during the hot, dry periods of July, August and early September.

Dr. R. D. Ensign, plant breeder and agronomist at the U. of Idaho, said liberal fertilizer applications during these periods may actually weaken grass and decrease turf quality.

Grasses in Idaho and most northwest states are cool-season grasses—bluegrass, fescue, bentgrass. Most of these become somewhat dormant with restricted shoot growth during hot weather. Excess fertilizer, especially nitrogen, forces plants to grow in the dormant period, putting stress on the plant. This stress results in loss of roots, rhizomes and stolens. The plants may become susceptible to winter kill and disease, Ensign said.

A split annual application of fertilizer in the spring and fall is recommended rather than a summer application, Ensign said. Late fall fertilization is important to provide plant nutrients when cool-season grasses are building reserves and new shoots and roots for the subsequent spring and summer. Fertilizing in late spring provides additional nutrition for healthy, dense plant growth with good color, Ensign stated.

Summer lawn care should include light, frequent watering, the College of Agriculture scientist added. The amount and frequency of watering depends on the type of soil and weather conditions. Usually light or sandy soils need to be watered more often than heavier soils.

Ensign said lawns need to be watered more often in hot, dry weather. Proper and timely nutrition and adequate watering for a healthy, vigorous and attractive lawn, he added.

tic lessons come in news articles about things such as labor contracts, science is studied through reports on space exploration, discoveries and natural disasters; and the newspaper's editorial page provides information for essays. "We're blowing a lot of educational theory all to hell," the principal admits. But the kids are already doing better than before on standardized tests in the school district."

Understanding the Energy Problem

AN UP-TO-DATE REPORT TO CUSTOMERS OF THE WASHINGTON WATER POWER COMPANY.

Late August with autumn's first chill reminds us of the shorter days and colder weather to come. It is a time for us to update the energy situation with our customers in hope of clearing up some confusion and outlining constructive steps that can be taken.

Is there really a power shortage?

Yes, but this is by no means any reason for panic or despair. We hope and believe that the deficiencies which are forecast for the northwest this coming winter can be made up through voluntary reduction of use by all customers.

What caused the shortage?

A major factor is the record dry spell. Who can remember when the streams were so low, the woods so dry? Reservoirs which normally would be filled to run the hydro generators this winter are very low. Snow runoff and rainfall has not been there to replenish them. It is mainly because of this that the northwest is in trouble.

In a broader sense, the shortage is a result of the ever increasing demand for electric energy. Coupled with this is the fact that the building of power plants has been obstructed and delayed.

What will change this?

Good fall rains would help a lot; the sooner the better. A good snowpack without extreme cold would be highly desirable, but we can't count on the weather. We know that adverse conditions could continue and we are doing all we can to prepare for them. This problem could be with us for a couple of years.

What is the utility doing?

WWP Co. is a participant in several major power projects; coal-fired, nuclear and hydro-electric. Its newly completed Centralia steam plant is now contributing large blocks of power, but the future of some of the other badly needed plants is being threatened by outside influences.

A 33,000 kw gas turbine generator has been installed at Oihello and will help meet peak requirements.

As for conservation, we are trying to do our part by eliminating any uses of electricity that are not essential to our operation.

What can the customer do?

There are ways in which everyone can help, and some generally applicable suggestions are printed with this message. An overall awareness of the seriousness of the situation and the willingness to endure some inconvenience will see us through this shortage.

If you have questions, our representatives are expert in such matters and glad to help. Our goal, as always, is to supply each customer with the energy he reasonably needs. We have never advocated wasteful practices.

We will continue to bring you information on the energy situation as it develops. Meanwhile, with the good will and cooperation of everyone, we believe that this problem, like others before it, can be overcome.

THE WASHINGTON WATER POWER CO.

TIPS ON SAVING ENERGY

The President of our nation has suggested that each of us could reduce his energy use by 7 percent. Here are some ways to help you make that saving. Mostly they involve simply eliminating waste.

- Use tight-fitting storm doors and windows. Be careful to keep them closed.
- Check your insulation. The cost of added fill between attic joists can easily be recovered in fuel savings.
- Don't overheat. Try living at 72°. Wear a light sweater, perhaps.
- Hot water takes fuel; stop those faucet drips. Do it now before the big freeze.
- Draw drapes across windows at night. On bright days, let the sun shine in. It provides solar warmth.
- Use full loads in your washer, dryer and dishwasher, rather than running a complete cycle for just a handful.
- Flip off the light when you leave the room, but don't eliminate lighting where it's important to personal safety and security.

IT HAPPENED WAY BACK WHEN

50 YEARS AGO—Genesee News
September 14, 1923

Mr. and Mrs. W. C. Jenkins are the proud parents of a son born Friday evening, August 31st at a Moscow hospital. All concerned are reported as doing nicely.

Mr. and Mrs. O. V. Johnson are the parents of a baby boy born Wednesday, September 12. Both mother and child are reported as doing nicely.

Mrs. Frank Horman returned Sunday evening from a Lewiston hospital where she had been for the past two weeks.

Mr. and Mrs. B. H. Jutte left Saturday for an extended visit east.

F. W. Lonczos arrived home from Dempsey (Shelby) Montana Saturday where he has spent several months.

Genesee News—30 YEARS AGO

LeRoy Harris was taken to Colfax last Thursday where he is receiving medical care at the Colfax clinic. Mrs. Harris and her sister, Mrs. Bob Erickson of Spokane are in charge of the Texaco station here.

Miss Mary Kathleen Busch, daughter of Mr. and Mrs. C. P. Busch, who enlisted in the army nursing corps two months ago was called to service last week and will be stationed at Camp Beale, Calif.

Mrs. Otto Kretschmer and Mrs. Gus Fickens entertained the Altar society at the former's home Tuesday afternoon.

Misses Norma Jean Liberg, Mary Emerson, Inga Dinsen, LaVon Densow, Leo Heppner and Rev. T. M. Gebhardt attended the northwest district Luther League convention at Portland Saturday evening.

L. and Mrs. Guy Wicks, and children, Don and Jain of Tillamook, Oregon are visiting at the James Magee Lew Jain and Don Jain homes this week. Lt. Wicks is the welfare and recreation officer at the U. S. Naval station Tillamook.

Mr. and Mrs. Lester Gray, Bobby and Kathleen of near Culesac were visitors in Genesee Tuesday. Bobby remained to work on the farm for Elvon Hampton.

Insects and disease cause 2 1/2 times the volume of damage to forests that fire does.

EMPLOYMENT GAIN NOTED BY DEPT.

A slight gain was noted in the number of Latah County residents given job finding help through the Moscow office of the Idaho Department of Employment last week.

Frank J. Hartstein, Moscow office manager reported that his office had placed 18 local workers on jobs during the week. This, he said, compared with 13 workers successfully referred to jobs during the previous week, and with 17 workers so assisted during the same week a year ago. Hartstein said that his office still had 42 jobs open at the end of the week. Nearly all of them, he reported, were for permanent workers, and were full time jobs. Needed were a variety of office workers, including secretaries, bookkeepers and general office workers, nurse aides, cooks and waitresses and domestic workers. Brush pilers were also needed and survey workers could also be used. One truck driving job is available, farmers need competent tractor operators and a maintenance man for a local building could also be used.

31 persons filed new claims for unemployment insurance during the week, Hartstein's report continued. He said that this was a few more than the 27 who filed new claims during the previous week. Many of these persons were new comers into the area. The total number of workers still seeking benefits, however, declined from last week's 297 to the current figure of 282, indicating that 46 persons discontinued their claims. Most returned to work, while others either exhausted claims or were declared ineligible for various reasons. At the end of August last year there were 164 persons seeking jobless pay ments. In the immediate Moscow area there are now 163 persons seeking benefits, last week there were 166 and a year ago only 103. In the Troy-Deary-Bovill area, the current total is 50, a week ago 56, and a year ago 28. At Fowlatch the current figure is 58, last week 65 and last year 25. Little change was noted at Genesee where the figure is 8, 7, and 6, and at Kendrick where the idled workers totaled 3, 3, and 2.

There are over 125 producing oil and gas wells on the Custer National Forest and National Grasslands.

UNCLE'S HOME

Dear little white-haired, bachelor uncle,
I went to your house today.
The old shake room is leaking bad,
The walls are weathered and grey.

The chery tree stands at the corner still,
Its branches all gnarled with age.
And the rusty old pulley on the hand-dug well,
Creaks and groans and sways.

The grass grows tall by the woodshed door,
Empty now, but for an old axe,
Its handle worn smooth from your calloused hands,
That often were bruised and cracked.

I stepped on the porch with its sagging, wide boards,
And quietly slipped inside.
I imagined you sitting in your old rocking chair;
Your faithful dog by your side.

The chipped tea kettle on the old black stove,
Surely is waiting in vain,
For no one will start a crackling fire,
No one will live here again.

The cellar out in back with its earthen floor,
Is musty, and dark and cool.
The pantry shelves are empty now,
Where once you stored your simple food.

The bedroom window has a broken pane,
The breeze makes the window shade flap.
The bed and dresser are covered with dust,
On a nail hangs your old felt hat.

There's a lump in my throat, and I must leave,
Your house must stand here alone.
But I know in my heart I shouldn't grieve,
Dear uncle, you now have a better Home.

AMERICA'S BICENTENNIAL

"Old Glory" has seen many changes in her lifetime. As she rippled majestically above the American landscape, she watched Thirteen Colonies grow to mature adulthood; she suffered the hell of war and the joy of a surging economy; she has heard of doubt and despair turn to a voice of confidence as her people made their way into the uncertain arena of global affairs. Now the U. S. prepares for its Bicentennial celebration in 1976, and there are thousands of ways for each of us to show pride in our heritage and hope for the future.

Mr. Robert O'Brien, in his article entitled "A Chance for Rediscovery" appearing in the September issue of The Readers Digest, calls for a re-dedication to the principles of America and a new appreciation of all she has stood for in the world. All 50 states have plunged into preparations for the event, with efforts ranging from reconstruction of historic forts and trails and the building of exhibits costing millions, to clean-up campaigns in every city, town and village. The executive director of the Arkansas Bicentennial Commission, Mrs. Glennis J. Parker, captured the essence of the nation's 200th birthday celebration when she said, "We're not a wealthy state, and we can't do big things. But that's not what it's all about. The Bicentennial is a spirit, a demonstration of a love for our country."

These are troubled times, when the very timber of American life is being tested and challenged. Yet, as we survived the turmoil of the past, so shall we conquer the unknown that lies ahead. Everyone who is proud to be an American should dedicate themselves to making our 200th birthday one never to be forgotten, while at the same time seeing to it that our sacred Constitutional rights and freedoms remain inviolate.

The secret of success is constancy to purpose.—Benjamin Disraeli

GLASS

Glass, widely used in contemporary construction, offers a number of decorative and practical advantages. Beauty can be dangerous, however, and the Idaho Medical Association suggests precautions, especially in the marking of glass doors. The elusive quality of the material has intrigued generations of architects and homebuilders. Yet, it is estimated that each year some 40,000 persons try to walk thru glass doors, glass walls and picture windows.

Almost 6,000 of the accident victims require hospitalization. Children from 5 to 14 account for about one-third of the injuries.

The Idaho Medical Association suggests the placing of decals or bright tape on the glass at eye level of both children and adults.

Other types of markings which can warn of the presence of large glass panels include paint, chemical etchings and sandblasting. Decorative door pulls or push bars that extend across the width of doors can also be helpful.

Mrs. Ernest Steigers

Busy Week For the Wayne Heimgartners
A former girl friend and family, Mr. and Mrs. Christopher and son Carl from Glendale, Calif., spent from Tuesday until Friday with Ruth Heimgartner. During their visit tours of the area were taken. On Thursday evening the Heimgartners served supper to the guests from California, to Ruth's mother and aunt from Lewiston and their friend from Temple City, Calif., Mrs. Jackey; Mr. and Mrs. Warren Slomp, Lapwai, and Mr. and Mrs. Harold Heimgartner, Clarkston. Mrs. Hunter, Aunt Charlotte and Mrs. Jackey remained overnight and Friday.

Sunday Mr. and Mrs. Wayne Heimgartner and son Allen were dinner guests of Mr. and Mrs. Edgar Metcalf at Grangeville.
Supper guests on Saturday night at the home of Mrs. Erma Stevens, honoring Mr. and Mrs. Rbt. Foss and sons Bryan and Bradley, Mrs. John Freeman and son from Reno, Nevada, and Mrs. Harry Kelley and son from Oregon, were Mr. and Mrs. Alvin Steigers, Cullisac; Mr. and Mrs. Eldon Heimgartner and Mrs. Albert Heimgartner. This large group was later joined by Mr. and Mrs. Ernie Fliger and three daughters from Moscow, who remained overnight with her mother Erma.
Mrs. Betty Cowger, accompanied by daughter Becky on Friday evening, attended the wedding of Christine Koppang and Mitch Ewing, held in Orofino.
Walter Zumhofs and Betty Cowger were Sunday dinner guests of her son Lonnie Cowger and family at Pierce and drove to view the new Grandad Bridge. "Quite a sight," Betty says.

Mr. and Mrs. Norman King and family of Spokane were weekend visitors in the home of her parents, Mr. and Mrs. Cletis Holsington. Sunday dinner guests besides the King family were sister and family, Mr. and Mrs. Bob Blair and daughters from Lewiston. Afternoon callers were other brothers Jim and family, Lapwai, and Don and family, Stony Point, so Cletis and Bea again had children's voices and footsteps filling the fine old home "as in days of yore."
Emma Weichman and Herman Beyers, Lenore, were Monday callers at the Brown home.
Miss Lori Brown, Lewiston, spent from Friday until Monday noon with her grandmother, Helena Brown, returning home then with her mother, Mrs. Don Brown, sister Shannon and brother Allen.

Attend Funeral
Mr. and Mrs. Alvin Steigers, Cullisac, accompanied by Mr. and Mrs. Ernest Steigers and brother Robert Steigers of Vancouver, Wash., drove to Greenacres, Wash., on Friday where they attended the funeral of Glenn Shields, 62, held at Thornhill Chapel of the Valley at 3:30 p.m. Burial was at the Pines Cemetery, Opportunity, Wash. The surviving widow is the former Violet Steigers, daughter of Rbt. Steigers, and a former resident of Cherrylane. Mr. Shields had suffered from emphysema for the past five years. Ken Steigers and son Brant arrived later to attend the services, and his parents returned home with him.

The Ken Steigers family spent overnight Sunday and returned home Monday evening from their Weippe ranch. Mr. and Mrs. John Talbott, her parents, of Moscow, were Monday evening guests in the Steigers' home.
Mike Steigers, Lewiston, visited Sunday with Grandpa and Grandma Steigers. On Monday he and brother Jimmy came again.
Jerry Daniels spent an hour with the elder Steigers on Monday afternoon.
Alvin Johnston, Lenore, was a Tuesday a.m. caller of Ernest and Nellie Steigers.
Mr. and Mrs. Glen Brixley, from California, were unexpected and very welcome last Wednesday dinner guests of her aunt, Mrs. Newt Health.
On Monday evening Mr. and Mrs. Kenny Rugg, son Mitch and daughter Lisa, with Mr. and Mrs. Russell Bonalle and son, Lewiston, returning from a Labor Day picnic, visited in the Newt Health home.

ANOTHER PLUS FOR REAL ORANGE JUICE
Everyone knows oranges are an excellent source of Vitamin C. Few people know that oranges are also rich in folic acids or folacin, an important B vitamin. Research nutritionists at the University of California at Davis discovered this recently, says Esther H. Wilson, nutrition specialist, University of Idaho cooperative extension service.
Folacin helps make essential parts of red blood cells, other cells and enzymes. It is also important in our use of the amino acid histidine.
Small children, pregnant women and alcoholics are most apt to be deficient in this nutrient. In a recent nutrition survey in California "borderline deficiencies of folic acid were found to be the most common deficiency in children."
Some drugs, e. g. birth control pills, are known to increase the need for folacin.
Whole grain cereals, green leafy vegetables, nuts, dried peas and beans are good sources of folacin and it is richly available in liver and yeast. One six ounce glass of orange juice contains more than 60 micrograms—about 20 percent of an adult's daily need of folic acid. Grape fruit juice is also a good citrus fruit source. The adult recommended daily is 400 micrograms, 800 micrograms are recommended for pregnant women and 200 for children.
Vitamin C is frequently added to imitation orange drinks but other nutrients of oranges are left out.

Pam Halseth visited with her sister and family, Mr. and Mrs. Richard Witt of Twin Falls last week and Saturday. Mr. and Mrs. Ervin Halseth took Pam to Tacoma where she will be attending Pacific Lutheran College.
