

Juliaetta Housing Project Complete; Open House Sunday

With the hills beyond providing a picturesque background, Johnson Manor Apartments, a 22-unit housing project for elderly persons, is completed and will open for public inspection this Sunday, October 28, between the hours of 10 a.m. and 8 p.m. Mrs. Viola Johns of Juliaetta will manage the new apartment house.

Johnson Manor Apartments, a \$295,000 elderly housing project in Juliaetta, is complete and a public open house has been set for Sunday, October 28, to acquaint area residents and prospective renters with the facilities which are now available.

With the completion of this project, 22 units especially designed for elderly persons or those 62 years of age or over are now available to people on a subsidized basis; that is those with limited incomes, with the income dependent upon whether the applicant is married or single. Disabled persons under age 62 with limited incomes are also eligible for subsidy. Monthly rental rates will range from \$49.50 to \$98.

Each of the units are a one bedroom apartment complete with carpeting, drapes, refrigerator, range and air-conditioning. Recreation room and laundry facilities will also be available to occupants.

The apartments were built by Glen Investments of Spokane. Gene Roles of Aziland Construction Co. of Pasco was the prime contractor. Howard Johnson, the project coordinator, had high praise for Juliaetta mayor Harold Freeman and Lonnie Williams of the Clearwater Economic Development Association for the time and work they have put into making this project a reality. Part of the funds for construction had to be obtained from a government appropriation obtained through the Housing and Urban Development office.

The open house will be from 10 a.m. to 8 p.m. Sunday, October 28. Mrs. Viola Johns will be manager of the apartments. Mr. Johnson said applications for apartment rentals may be made Sunday. Several apartments are still available to qualified renters, Mr. Johnson added.

Annual Open House and Auction Sale At Juliaetta Elementary Friday, October 26

Remember the Auction Sale at the Juliaetta Elementary School this Friday night, Oct. 26 at 7:30 p.m. All items will be donated, all donations will be appreciated. Will accept items that are in good condition that someone else might be interested in buying. We will also have cakes, pies, cookies, eggs, garden produce. We will have a lot more items to bid on. Be sure and get your number at the door on entering; you will be responsible for that number until it is turned back in. Otherwise someone else could get your number and bid. Our faithful auctioneer, Roy Glenn, will be here. He says everything goes. There will be a free film in the cafeteria for children wishing to attend during the sale.

Elementary students will present a musical program under the direction of Mr. Williams, before the sale. There will be a door prize for adults and one for children, 6th grade and under.

We hope there will be a good turnout of people as we have two money-making projects during the year. The Auction sale and magazine sale in February. Open house this Friday, Oct. 26, 5 p.m. to 7 p.m. at the Juliaetta Elementary School. All parents and friends interested in the school system, we urge you to come, meet the teachers and visit the rooms.

Do you know how many pennies are in a pint jar? The second grade at Juliaetta Elementary is finding out. We all wrote our guesses on a guessed it exactly! Colley Jacobs and piece of paper and three students

Amy Noven are counting and wrapping the pennies. Colley and Amy and Wayne Deeds all guest correctly, but Wayne was absent at the time the picture was taken.

Grade Two

Thursday, October 18, was a special day in the second grade classroom at Juliaetta Elementary. A beautiful West Coast Painted Lady butterfly came out of its chrysalis. We've been watching it for a few weeks.

Friday afternoon we had our first "free time" that we earned by passing quietly in the halls. A good time was had by all.

A special thanks to Mrs. Cantrell and the Watts family of Kendrick for their generous donations to our "Cans for Books" project. The results so far have been wonderful. Keep them coming and we'll have our books before you know it!

6th Grade News

The soup labels are still coming in. Connie, Monday brought in 23 soup labels. All together she has brought 325 soup labels. Now we have all together 450 soup labels.

Friday we all made Halloween pictures. All of the pictures were very good.

Also Friday the sixth grade made a card for the football team. We put all of our names on it. We gave it to them at the football game Friday. In Language we are studying sentence patterns.

We are on Fractions in Math. We are studying Geographic terms in Social Studies and discussed the Watergate and impeachment proceedings in the government.

In Fifth grade in Soc. Studies we studied about Cortez the Aztec the Mayan and the Incas.

In Science we've been doing experiments about heat, conductors and expansion.

In Math the people who never got an A on their multiplication test have to take it over Wednesday.

In Art we made cats, pumpkins and pumpkins and spiders out of paper plates and then we painted them black or orange. Another thing we did was make Halloween pictures and made frames for them and cut them out with razor blades.

Fourth Grade

Student of the Week is Teresa Howerton. She is going to bring a surprise. We don't know what it is.

Friday we made posters of the deserts and studied about a desert. Come to Open House and Auction Sale Friday night!

We have a new Captain Campbell and it is David Wolff. He is captain for a week.

For Art we painted Halloween pictures and hung them on the bulletin board.

Today we had our pictures taken. The Fourth grade wishes all the

Wallace Clarks 50th Anniversary Observed

The 50th wedding anniversary of Mr. and Mrs. Wallace (Caus) Clark on October 17, 1973, was the occasion of a family gathering on Saturday afternoon, Oct. 20, 1973, in the recreation room of the First Federal Savings and Loan Company in the Lewiston Orchards.

Mrs. Russel Cromer, a niece, was hostess and coordinator of the celebration. Assistant hostesses were Mrs. Keith Clark, Mrs. Edith Clark, and Mrs. George Rice.

The color scheme was gold, yellow and white using yellow and gold mums. The cake, baked and decorated by Mrs. Russel Cromer, was a four-tiered gold wedding cake in white and yellow with gold mums and a top piece for a 50th anniversary.

Those serving were Mrs. Keith Clark, Mrs. Russel Cromer, Mrs. George Rice, Mrs. Estel Richardson Jr., Mrs. Robert Haynes, and Miss Julie Clark.

Mr. and Mrs. Clark were married October 17, 1923 in the Methodist parsonage at Moscow, Idaho by Rev. Harold Perry. Attendants were Esther Clem and Frank Cox.

Wallace Clark was born Nov. 15, 1897 at Flix Ridge, the son of Walter and Lavonia Clark, pioneers of that area. He lived his entire life on the ridge, with the exception of 18 months in the Navy during World War I. Wallace was a great lover of baseball and boxing. For several years he played baseball with the towns of Juliaetta, Kendrick and Genesee. A write-up in the Kendrick Gazette in 1923, stated he was the invincible catcher on Kendrick's crack baseball team.

Mrs. Clark was born May 2, 1906 on Big Andy Ridge, Torment, Kentucky, the only daughter of Jason and Leah Cox. After her father's death her mother and six brothers came west by train to the Troy, Idaho, area December 26, 1909. Moved to Kendrick in August, 1919 and to Flix Ridge in October, 1923.

Mr. Clark is a retired farmer. They moved to Lewiston in April, 1972.

Guests present were Elder and Mrs. Estel Richardson, daughter and son-in-law, of Charleston, West Virginia; Mr. and Mrs. Estel Richardson Jr., Cherie and Cindy, grandchildren of Charleston, West Virginia; Mr. and Mrs. Calvin Ziegler, Heidi, Chantal and Calvin Jr., grandchildren of Milton-Freewater, Ore.; Mr. and Mrs. George Rice (Minnie), Metalia, Wash.; Mrs. Myrtle Snook, Vancouver, Wash.; Mrs. Emory Dyer (Maude), Longview, Wash.; Mrs. Alice Clark, Moscow, Idaho; all sisters of Wallace Clark; Mr. and Mrs. Keith Clark (Helen), Lewiston, Idaho; Mr. and Mrs. Claude (Lois), Metairie Falls, Wash., brothers of Wallace Clark; Mrs. Hilidus Cox, Moscow, Idaho, sister-in-law of Mrs. Clark; Mr. and Mrs. Wilmer Cox (Cynthia), Moscow, Idaho, and Mr. and Mrs. Delbert Cox (Dorothy), Lewiston, Idaho, nephews of Mrs. Clark. Other nieces, nephews and cousins are Gale Clark, Miss Julie Clark, Miss Carolyn Knight, Mr. and Mrs. Russel Cromer, Kevin, Jarred and Ryan; Mr. and Mrs. LeRoy Ross, all of Lewiston, Idaho; Mrs. Glen Jones, Genesee, Idaho; Mrs. Kenneth Wise, Moscow, Idaho; Mr. and Mrs. Donald Snocin and David, Vancouver, Wash.; Mrs. Lydia Richardson, Granada Hills, Calif.; Mr. and Mrs. Archie Clark; Mr. and Mrs. Robert Haynes, John, Scott, all of Pullman, Wash.; Mr. and Mrs. Ira Clark, St. John, Wash.; Mr. and Mrs. Lester Eckman, Clarkston, Wash.; Mr. and Mrs. Alvin Zrever, and Elder Clyde Evans, College Place, Wash.

Kathy Jo Clark, granddaughter and student at the university in Lawrence, Kansas, could not be present.

Due to illness Mrs. Edith Clark, Lewiston Idaho; Mr. and Mrs. Phil Evans (daughter-in-law) and Perry, Nampa, Idaho and Mr. and Mrs. Rex Knight and family of Prineville, Ore., could not be present.

Mr. and Mrs. Paul Brown of Granada Hills, Calif., and Mrs. Paul Stauback and son Glenn of Resada, Calif., were visitors on Friday.

Scouts Plan Light Bulb Sale Oct. 29

Scouts from Troop 149 plan a door-to-door light bulb sale Monday evening, Oct. 29, to help raise money to further troop activities and supplies. The boys will be selling a six-pack of bulbs containing 2-60's, 2-75's and 2-100 watt bulbs for just \$2.

The Scouts hope to contact all homes in Kendrick and Juliaetta the same night. All profits from the sales will be used to purchase scout equipment and will stay within this troop.

Winchester Camp-out
Twelve scouts and two adult leaders were at Winchester over the weekend for a camporee of the Lewis-Clark Council. Attending from this troop were Jim Brocke, Ron Maynard, Rick Gertje, Gary Gertje, Tim Eichner, Lyle Deobald, David Williams, Mike Courtright, Bobby Bain, Jim Bain, Darren Manfull and Scott Manfull. Leaders Darrel Brocke and Darrell Manfull accompanied the troop.

Veterans a happy Veterans Day. We have Willy the bookworm again in our class room. He is getting longer.

Kendrick Clips Genesee 27-26 In Overtime To Win Whitepine Football Championship

The talented toe of Vern Reed made the one point difference Friday night as the Kendrick Tigers broke a 26-all tie and defeated the Genesee Bulldogs 27-26 on the Genesee field to win the 1973 White Pine football league championship.

It was the first Kendrick win over a Genesee football team since 1959 and the Tigers made it a big one, as they not only won the league championship, but also kept a perfect record of 8 wins against no losses in tact for the season.

A near record crowd of football fans was treated to one of the most exciting games in many a year as the Tigers had to come from behind in the third quarter to go ahead 19-6 and then saw a 20-6 lead disappear in the fourth quarter, forcing the game into overtime. In the overtime session, Genesee scored first but missed the conversion attempt. Kendrick scored to tie the game and then it

was Vern Reed who kicked the extra point that gave the Tigers their margin of victory.

It was a thrilling, hard-earned victory for the Tigers and a disappointing loss for the Bulldogs. Both teams played good, clean ball and displayed excellent sportsmanship throughout the tense, winner-take-all battle.

Genesee Ahead Early

Kendrick opened the game with a slashing attack and actually controlled much of the first quarter—but it was the Bulldogs who got on the scoreboard first. Czanowski took the opening kick and returned it to the 40. Marty Clemenhagen went through the middle of the Genesee line on the next play and got to mid-field, then down to the 42 of Genesee one play later. The Tigers made it to Genesee's 32 yard line before the Bulldog defense stiffened and forced the Tigers to give up the ball. Genesee couldn't move either and punted after gaining 6 yards in three tries. With the Tigers in possession of the ball again, Kelly Clemenhagen brought the Kendrick crowd up cheering as he passed from mid-field to Vern Reed (on a tackle-eligible play) who took the ball on the GHS 25 and raced into the end zone to score. The joy was short-lived however, as the play was nullified by a back-field in motion penalty and the KHS drive lost its steam.

The Bulldogs took over the ball, and with 3:50 left in the first quarter Genesee picked up its first lead down of the game. From then on the Bul-

dogs unleashed the first sustained drive of the game, with Jeff Boyd passing to Dan Stout who took it from the forty down to the Tiger 15. There the Tiger line held firm, giving yardage only on an off-side penalty. Then Boyd dropped back deep and rifled a perfect pass into the hands of Dan Stout who took it on the five-yard line and went into the end zone for the score untouched. Jeff's pass attempt for the extra point failed.

On the Genesee return kick, good blocking by the Tigers almost sprung Jeff Czanowski free as he moved back to the 45 before being hauled down just before the first quarter's end.

In the opening minutes of the second quarter, Kendrick kept the pressure up and drove down to the Genesee 22. On a fourth and four situation, Dennis Lukcart smashed through the Bulldog line to the 12 and then Marty C. packed it to the 9. Kendrick could get no further and on the fourth down Reed tried a field goal that failed and the Bulldogs took over out on their own 20. Loren Morscheck ripped up the center for 20 yards on the first play and on the next Jay Roach swept around left end and simply outdistanced the Tigers — going 60 yards for a touchdown only to see the play called back and his team assessed a 15 yard penalty for clipping.

Kendrick received a break as they recovered a fumbled punt on the Bulldog 27. Ron Siffow carried it down to the GHS 17. Inside the Genesee ten, the Tigers found the going rough—Marty made no gain; Lukecart was stopped at the line, then Marty bulled down to the six. Kelly tried to pass but failed and the Bulldogs had the ball back on their own 6. Roach banded it out to the 16 as the first half ended with the Kanik-keberg boys ahead 6-0.

Tigers Surge Ahead

Whatever Coach Dick Ruark told his Tigers at halftime was taken to heart, as the Kendrick squad surged back on the field and after trading downs with the Bulldogs, Kelly Clemenhagen handed off to Marty C. who raced around left end from the mid-field down to the Genesee 6 before he was hauled down from behind by Dan Stout. On the next play Marty literally smashed through the Genesee defense after four Bulldogs all had their hands on him. Reed's try for the extra point went off to the left and it was a 6-11 game.

Minutes later the Tigers were back down deep in Bulldog territory as Lukecart carried to the GHS 17 and then on the next play was down to the 7. From there Marty C. cracked over tackle to score the second touchdown and Reed booted the conversion to make it 13-6.

An interception set up the next Tiger TD as Genesee was failing to gain through the Tiger line and Boyd was going to the air in an attempt to loosen the defense. Taking over on the Genesee 35 and with Lukecart and Marty doing much of the ball carrying on short line bucks, the Tigers came down to the Genesee 4 where the Kendrick offensive line

Burglars Again Hit Fleming Equipment

For the fifth time since September of 1969, burglars broke into Fleming Truck & Equipment Co. in Kendrick and made off with approximately \$2500 worth of equipment and tools. The break-in was discovered Friday morning when owner-manager Wayne Harris opened for business.

Harris said later that it still has not been determined how the thieves entered the building. No doors were forced so it is speculated that entry was gained by either picking a lock or that the burglars were hiding in the building when it was locked up Thursday night.

Missing from the shop were tools, some of which belonged to employees, tune-up equipment, generator checking equipment, some new tools and an electric calculating machine from the office. A Scout vehicle was also taken from the back shop and later found abandoned on the eastern outskirts of town.

Wayne said the loss would probably be partially covered.

Kendrick Schools Conserving Power

JL School District 283 is cooperating with Washington Water Power's request to curtail the use of electric energy by 20 per cent due to power shortage in the northwest.

Thermostats at Kendrick and Juliaetta schools have been reduced from 72 to 70 degrees for this month. Teachers and students are advised to wear more clothes if needed.

All teachers have been advised by the Superintendent Blakeley to keep windows closed, lights turned off upon leaving classrooms and not to use lights on sunny days.

In event the kilowatt hours aren't reduced in the next 30 days, we may have to reduce thermostats to 68 degrees, according to the superintendent.

Superintendent Blakeley stated that he had been advised that if conditions get any worse a closure of schools might be necessary; however, he was of the opinion that this wouldn't come to pass if all schools, businesses, and home owners cooperated.

Program To Be Offered Child Care Training

The United Methodist Women are sponsoring a child care training program during November for boys and girls ages 12 and older. Children who will be 12 by January, 1974, are also welcome. The class will be held at the Methodist Church.

People interested in receiving credit for 4-H and/or a certificate of accomplishment may register for the course at the high school by Oct. 30.

The course will include child care, safety, first aid, baby sitter qualifications and panel discussions for parents and sitters.

It is increasingly difficult to find willing and competent sitters. The U.M.W. hopes that people will take advantage of this course and fill the need in our community.

Please sign up for the six classes being offered during the first few weeks in November. Dates and times will be announced.

Typing Class Delayed

Supl. of Schools Don Blakeley said Tuesday afternoon that the adult typing class at KHS, scheduled to begin this Wednesday evening, has been delayed until after Thanksgiving. Mr. Blakeley said there appears to be good interest in the course, but lack of a certified instructor is holding up the opening of class.

Hallow'en Party Oct. 27

The Assembly of God Church will be sponsoring its annual Halloween party Saturday, Oct. 27 at 7:00 p.m. in the Kendrick Fire Hall. Prizes, refreshments and treats will be provided. Everyone—young and old—is welcome. The date was changed from Friday night to Saturday night to avoid conflict with the annual Juliaetta school auction. There will be a hayride from the church right at 7:00 o'clock.

19 Youngsters In Kindergarten Class

Mrs. Beebe's kindergarten has 19 eager preschoolers filling their mornings with songs, stories, fingerplays and learning activities. Those attending kindergarten include Brent Adams, Jill Allhands, Tanya Beebe, Glynis Browning, Jennifer Parsley, Karen Reil, Teresa Foster, Rodney Robenstein, Robert Jones, Crystal Longfellow, Billy Ruark, Darcie Gentry, Debbie Reidinger, Bill Lamunyan, Tony Henson, Jon Fey, Holly Salter, Jeanette Lettenmeyer and Diane Wilson. The children begin classroom activities at 8:45 and are picked up by their parents at 11:30. Milk is available at snacktime for the children at a cost of 11 cents per half-pint carton.

We've had fun playing with the Play-doh which we made and colored last week, learning Halloween songs and finding out about one another. . . . Robert Jones is very agile on the balance beam. Brent Adams has rabbits at his farm, Tanya Beebe makes good chocolate cookies, and Bill Lamunyan makes perfect capital A's. Rodney Robenstein brought a chunk of a tree limb to kindergarten so that we could all see the teeth marks made by a busy beaver, and an encyclopedia so that we could read more about the beaver. Karen Reil's family in getting ready for a trip to Germanthylfrsto -htwrwsthaoinn to Germany the first of November. Karen can already speak some German; she counted to 20 for us one day, and we thought that was pretty sharp of Karen and fun to listen to. Each child is very special. We'll be finding out and sharing more about them as time goes on.

Class pictures were taken Monday morning, with everyone in attendance and three visitors, besides. We would like to thank Mr. Manfull for making it possible to have the school photographer visit us.

Receives U. of Idaho Scholarship—

SCHOLARSHIP WINNER:— Jan Marie Deobald, Kendrick, is one of this year's recipient's of a University of Idaho Alumni Association scholarship, made possible by a \$70,000 endowment fund financed by alumni contributions earmarked for scholarship support. Miss Deobald, daughter of Mr. and Mrs. John Deobald, is a graduate of Kendrick High School and at the university is a freshman home economics major. She lives at Hayes Hall and is a member of the home economics club.

Scientists Look for Erosion Control Formula For Idaho Land

Moscow— Land characteristics of 317 square miles of the Palouse river watershed are being computerized in the first step of a University of Idaho College of Agriculture project.

Dr. Myron Molnau, associate agricultural engineer, said university agricultural engineers are looking for a formula to predict how much soil will be lost through erosion under various soil and cropping patterns.

Molnau said they will use Palouse river data to construct a model of water runoff. University scientists in cooperation with USDA Agricultural Research Service personnel then plan to construct a model of erosion patterns. The two models would be combined into a system showing the amount of runoff expected under certain conditions and the erodability of the soil in a given cropping pattern.

The project's main goal is to give a management tool to farmers and a guideline to legislators for developing an erosion control standard. The formula must be flexible enough to cover a wide range of conditions as one standard cannot be expected to cover all of Idaho, Molnau said.

He added that if the state legislature does not pass a set of standards the Environmental Protection Agency (EPA) might impose a blanket standard over the whole state.

The State Association of Soil Conservation Districts met with representatives of the governor last January to discuss erosion legislation. A committee is now working on a bill to bring before the legislature, Molnau said.

There is now no environmental way to determine how much soil is actually lost through erosion. Formulas used to determine this in other parts of the country don't apply in this area because of the unique erosion problem in the north west, Molnau stated.

Most erosion throughout the country is caused by rain hitting the ground hard enough to disturb the soil. It doesn't ordinarily rain that hard in the northwest but erosion is caused by water running across the surface of the soil, carrying soil particles with it, the agricultural engineer explained.

In the current University of Idaho experiments, data from the Palouse River watershed will be fed into the computer. Data includes percentages of forest cover, farmland and meadowland in the watershed. The scientists will also use soil characteristics, elevation, length of stream and climatological data.

From the computerized data, scientists hope to be able to predict the amount of runoff in the watershed. Their prediction will be compared with what they actually measure in the Palouse River, Molnau said.

They will also try to predict the effect on the amount of runoff if various factors were changed— if forest land were cleared for farming, for instance.

Once the runoff model is combined with an erosion model, charts can be made showing runoff and erosion levels with different soil conditions and cropping patterns. A farmer could then use the charts to tell if a change in his farming methods will keep erosion within legislated limits, Molnau said.

KHS Girls Volleyball Team Tops Potlatch

Wednesday, October 17, the Kendrick Girls Volleyball team defeated Potlatch's A & B squads at Kendrick. The A squad won the match 2-0 with the line-up of Deb Christensen, Carla Clemenhagen, Jane Heath, Sue McGary, Cindy Taylor, Julie Deobald, Kathleen Parker. The B squad won their match 2-1 with Traci Millard, Katrina McGary, ShereLyn Whitum, Margaret Cook, Diane Silflow, Cynthia Wallace and Cindy Winchar. Kendrick will meet Potlatch again October 24th at 8:30 in Potlatch.

DEPARTMENT OF EMPLOYMENT

Claims for unemployment insurance increased slightly during the past week reports Frank Hartsteln, manager of the Moscow office of the Department of Employment. 48 new claims were filed bringing the total to 227. This compares to 221 during the previous week and 131 during the same period a year ago. Moscow area residents receiving ben-

efits total 131 in addition to 6 in Genesee; 55 in the Troy-Deary-Bo-vill area; two in Kendrick and 33 in Potlatch.

10 area workers were placed on jobs during the week. 20 new jobs were received and at the close of the week there were 22 positions available. Current openings include janitor, domestic workers, radio and TV repairmen, cooks, bookkeepers, secretary, receptionist and carpenter.

It's Going To Take Some Money . . .

It's true that the best things in life are free, but some where along the way you're going to need some money. . . right now we're thinking about school expenses. If you are a young person heading back to college this fall, why not think about putting some of your summer wages in a safe, convenient First Bank of Troy checking or savings account. You'll have some money when you need it.

If you're a parent, why not start adding a little extra to your present savings account so you'll be prepared for the expense of school clothing, books, shoes and all the "little" extras that add up so fast.

Music An Important Part of KHS Studies

(This is the third in a series of articles prepared by KHS principal Robert Heppner to explain some of the courses of education and programs currently being offered students at the local school.)

The primary purposes of music instruction are musical. Music satisfies the need to comprehend total beauty that is heard.

The aim of music education to help everyone's further awareness of patterns of sound as an aesthetic component in the world of experience; to increase each person's capacity to control the availability of aesthetic richness through music; and to transform the public musical culture into a recognized part of each person's environment. . . . Music education is justified because, when the more refined portions of our musical culture are communicated, the person will find in music that is communicated, what he would not have been able to find otherwise, thus expanding his environment and increase his power to find a good life through deliberate guidance of his behavior and its outcome.

Music is a form of entertainment but its primary function in schools is in the realm of aesthetic education. Knowledge of music comes primarily from the study of the music itself. The learning of facts about music, such as those concerned with music theory and composers, is best derived from this study. Children need to discover what music communicates and by what technical means this communication takes place. Such communication is based upon the feelings and responses of the listener or performer.

It may be a mood, a description, a story, or it may have nonprogrammatic tension and releaseform or other intelligent design.

The ability to use musical skills and knowledge in the solution of musical problems indicate the degree of understanding possessed by the learner. Problems are confronted and solved that concern listening, composing, performing, reading, notation, improvising and interpreting music. Music has as much intellectual content as any other area of education; thus it can serve intellectual development well.

The public school student of today must be a composer, critic, and researcher as well as a performer of music.

The fight for survival in hostile urban environments has a shattering effect on family stability, and children suffer most. The majority of the world's stum population is below the age of 15. UNICEF, whose work on behalf of the developing world's children has in the past been primarily in rural areas, is now expanding its efforts to help needy urban children.

Waste not, want not

Out west in settler times most people didn't have very much. Through strict necessity they learned to be pretty careful and saving.

Clothes were patched and handed down, food was stored in hillside cellars and firewood was stacked high against the winter.

These practices weren't just symbols of poverty and deprivation. They were actually common sense measures to avoid wasting the gifts of nature and human skill.

As material things became more abundant, it was natural that people would get deeper and deeper into "throwaway" habits. Nowadays many just can't believe that energy resources have their limits. At The Washington Water Power we've made energy our business since back in the eighties. We know that watersheds and fuels must be managed carefully and used efficiently. We know there's wisdom in the old saying, "Waste not, want not."

opened up a gaping hole that allowed Marty to burst through for the touchdown. Reed's kick was perfect for the extra point.

With a 20-6 lead in the fourth period, things looked bright for the Tigers, but Genesee had plans of its own. Quarterback Jeff Boyd, harassed by the Tiger line all night, got enough protection to hit a long pass to end Dan Stout who got to the 20. Ron Silflow saved the Tigers a touchdown on the next play with a shoe-string tackle but Loren Morscheck, who had brought the ball down to the five, bulled through the line from there for the score and Roach ran over the conversion for two points and it was 20-14.

As expected, Genesee's return kick was an inside attempt which succeeded beyond its wildest dreams; the rolling ball slipped through the fingers of three Tiger backs and was finally snatched on by the Bulldogs on the Kendrick 15. From there Jay kicked it to the 10 and seconds later another Boyd-to-Stout pass play clicked and it was all tied up at 20-20. Aherin's kick fell short and the score was tied with 1:32 left in the game.

Kendrick couldn't move the ball and after four pass attempts gave up the pigskin to Genesee with 34 seconds left in the game. Boyd, also passing to get his Bulldogs on the scoreboard, had one of his passes intercepted by Lukecart on the 45 with 17 seconds left. Kelly then found time for three unsuccessful pass attempts before the regular time ran out.

Thrilling Overtime Under new rules, when a game ends in a tie, each team gets the ball on the ten-yard line and has four downs in which to score. If the score is still tied after this, the procedure is run again, and again, until one team out-scores the other.

Kendrick won the flip of the coin and elected to defend first. Genesee's first play moved the ball to the 8, then Boyd rolled out to his right, spotted Doug Green moving on the one and drilled a hard pass into his arms. Doug broke one tackle and fell into the end zone for the score. Jeff tried to pass for a two-point conversion but couldn't find a clear receiver and the score was 26-20—Genesee's favor.

Now it was Kendrick's turn—Marty took the hand-off from Kelly and cracked off tackle for two yards; Lukecart hit the middle of the Genesee line and picked up a yard; then Marty ran over the left side and struggled down to the Genesee two.

On the final play from scrimmage, Marty hit the left side of the Genesee line—driving two Bulldog defenders into the dirt ahead of him and ended up buried beneath a mound of dark blue jerseys—one yard across the goal line. The score was tied 28-28.

Reed Comes Through With the field in an uproar, Kendrick chose to kick the conversion. The snap came back to Kelly who placed the ball down without a lost motion and Vern Reed, the big senior tackle who had practiced kicking all season after regular practice was over, moved up on the ball and kicked it almost dead center between the two upright steel poles for that single point which meant the Kendrick Tigers were 1973 White Pine football champions.

Marty's Strength While final tremendous pressure rested on that kick by Reed, much of the credit would have to go to the Kendrick line, both offensively and defensively and to the power and speed of back Marty Clemenhagen, who scored all of the Tiger touchdowns and picked up 175 yards rushing and 8 yards passing. Lukecart, who was a tower of strength, carried for 105 yards and made 14 tackles, many of them unassisted. Reed and Jim Souders were each credited with 19 tackles.

The Bulldogs were guided very capably by Jeff Boyd whose passing, even under heavy pressure kept Genesee's hopes alive throughout the game. Sophomores Dan Stout and Jay Roach (he picked up 141 yards rushing) proved they have the skill and strength to carry the Bulldog banner in seasons to come.

Genesee at Lapwai Genesee will close out the season next Friday in a non-league game at Lapwai.

For the Champion Tigers, the season is over.

All-American Band Picks Chip Schooler

Chip Schooler, son of Mr. and Mrs. Homer Schooler, 524 Garden Ave., has been selected as a member of the McDonalds All-American High School Band.

This band, directed by Paul Lavalle, is sponsored by McDonald's Restaurants.

High school musicians are selected from all over the United States to form the band, which will play in the Macy's Thanksgiving Day parade in New York city and Tournament of Roses parade in Pasadena, Calif., New Years Day.

This year the 8th grade class at Genesee Jr. High School is using a program furnished by the Northwest Regional Laboratory from Portland, Oregon. The program is furnished to schools participating in a field testing program set up by the N. R. L. Funds for these programs come from the National Institute of Education, Department of Health, Education and Welfare. The participating schools receive the materials free-of-charge from Portland, with the understanding that they be returned at the end of the year. The program is evaluated by the feedback the Laboratory receives from the participating teacher and the students during the course of the year.

The new program fits right in with the concerns of the Needs Assessment report for the Genesee Schools. It deals primarily with the communication skills, listening, speaking, reading and writing. In the process of learning more about these skills the student also learns his responsibility to himself, to a group, to the class, and carrying it a step farther to his community etc. He learns to deal with problem solving situations and how to interpret them. To help the student learn to make decisions and to execute them, we must help him learn to make judgments, and mistakes, and to learn from those, too.

Language is an on-going thing and in today's world must encompass more than just what the student can obtain from a book. The interactions between students becomes more important and the interaction between the student and teacher remains important but the emphasis changes from rote learning to individual investigations with guidance from the teacher.

Mrs. Miller, the teacher, would be very happy to discuss the program with anyone that would like more information about it.

Third Grade News Mrs. Farnam's 3rd grade is going on a "Leaf Trip To Identify Leaves." This is in connection with a science unit on plants.

Fifth Grade News We elected new class officers. They are as follows: president, Steve Becker; vice president, Donna Esser; secretary-treasurer, Diana Esser. Our class dues have been decided. The amount is 10c each. We have been planning for our Halloween party. We motioned that everyone bring his own drink. That way, you could have what you want.

Third Grade News This week we began a new level in reading. We are studying about Thomas Jefferson and all the machines he invented. He said "It is wonderful how much may be done if we are always doing." He would think and then make a machine to fit his ideas. We have learned that even today we use many of his ideas and inventions.

We have chosen committees this week for our parties for the year. Today our Halloween committee will plan our party for next week. Shawn Carroll is chairman for this party.

Mrs. Blair read a story yesterday. It is about a little boy in Appalachia and is called "Did you carry the Flag Today, Charlie?" It goes along with our flag unit. We are studying now about what the colors of the flag mean and are making picture flags for our booklets. Today we made rubber leaf pictures in art. It was hard work but we had some pretty pictures when we finished. Also tired

were won by Mrs. Tina Jacobs, Mrs. George Anderson and Mrs. Lucille Moser.

Mr. and Mrs. Anton Kambitsch and Mr. and Mrs. Loren Kambitsch and Don of Lewiston were Sunday dinner guests of Mr. and Mrs. Delbert Kambitsch and Stephanie. The dinner honored the birthday anniversaries of Anton Kambitsch and his grandson, Don.

R. E. Nordby called on Mr. and Mrs. Robert Gray Tuesday, and Mrs. Tom Wahl and John Gamble were Wednesday visitors. Mr. and Mrs. David Wahl and children of Seattle visited with the Grays on Monday, and Mr. and Mrs. Walter Erickson visited with the Grays Sunday evening.

Mr. and Mrs. Russell Zenner and family were Sunday dinner guests of Mr. and Mrs. Al Zenner. The dinner celebrated Al's birthday anniversary. He also received telephone calls from his son, Dan in San Diego and his daughter, Mrs. Kathy Tom-sick in Salt Lake City.

Dinner guests of Mr. and Mrs. Jack Nebelsieck on Sunday were Mr. and Mrs. Gary Nebelsieck and family of Colton and Mrs. Viola Scharnhorst. The A. L. C. W group of St. Johns Lutheran church attended an all-day workshop at Emmanuel Lutheran church in Moscow on Friday. Those attending were Mrs. Merlyn Bruvsen, Mrs. Lee Davis, Mrs. Jack Nebelsieck and Mrs. Paul Parks.

Lewiston Firm Will Crush Old Cars

Genesee—City Clerk Mike Martinez announced this week the City of Genesee has given permission to the J. B. Junk and Salvage Co. of Lewiston to use the old city dump site to crush old and abandoned cars.

The Lewiston firm will haul cars, free of charge, to the dump grounds during the week of October 29. Anyone having old cars they wish to have hauled away should contact 743-6293 in Lewiston or contact Chet Green in Genesee, 285-3522.

The cars will be stockpiled and crushed on November 19.

Friday dinner guests of Mr. and Mrs. Louis Mayer were Jacob Herrmann, Theodore Wessel, Mr. and Mrs. Helmut Ratzel of Linkenheim, West Germany. This is the Ratzel's first visit to this country. They are visiting their relatives Freida and Jacob Herrmann. From Genesee they went on to California to visit with the Erwin Herrmann family in Lodi. Sunday visitors in the Mayer home were Mr. and Mrs. Calvin Olson and family of Moscow.

Civic Club Meets October 25

The October meeting of the Genesee Civic Club will be held Thursday, October 25 at 7:30 p. m. at the Genesee Cafe.

This is not a dinner meeting but pie and coffee will be served. Howard Blume will have charge of the program and show slides of their recent visit to Australia.

Shrine Hospital Seeks Donations

Donations of cash or food for the Spokane Crippled Children's Hospital may be left at the Thrift Food Store on Friday, October 26th.

NO home canned food, please. For grain (wheat) donations, contact Adrian Nelson (285-2825) or Tom Boyd (285-2899).

thumbs and fingers. Fourth Grade News (Mrs. Blume) Our room is decorated with scary witches, spooky black cats, bats, skeletons and jack-o-lanterns. We cut huge pumpkins from the papers we designed with orange finger paint, then pasted on black eyes, nose, mouth and green stems. Each jack-o-lantern is different—some are jolly and others are fierce looking. The Halloween committee is planning the treats and games for our party.

Wednesday, October 24, Kevin Spence brought treats to celebrate his tenth birthday.

We have finished our unit on the hot wet regions near the Equator in Social Studies. One group is working on a mural which will picture the products, homes, jungle, rain forest, and weapons used by the natives. The other group are writing a play to present to the class. They will talk about the customs and lives of the people. A market scene will show them trading their products—coconuts, latex, mahogany, quinine, bananas and vanilla beans for brightly colored cloth, machetes, and medicine. We have learned how these people adapt to their environment using what is available for food, clothing, shelter, transportation and tools.

A lady had been feeling very poorly and since she was almost 70 years of age and hadn't been to the doctor for some time, she made an appointment to see the doctor. After a thorough examination and a careful analyzing of the results, the doctor told the lady she was pregnant.

Patient: "Doctor, that is impossible. I can't believe it!" Doctor: "It does seem strange, but all tests point to pregnancy and I am sure you are." Patient: "Doctor, I just can't believe it. Do you have a telephone that I can use to call my husband?" Patient: dial a phone, and husband (82 years old) answers. Husband: "Hello, hello." Patient: "John, you got me pregnant!" Husband: "Hello. What? Can't hear you." Patient: Listen, John, you got me pregnant." Husband: "Hello, who is calling, please."

Legion Auxiliary Plans Vets Day Dinner

The American Legion Auxiliary met on Wednesday, October 17 at the home of Mrs. Laverne Anderson. Mrs. Everett Wishard was co-hostess, and Mrs. Wm. DePell conducted the meeting.

Mrs. Wade Hampton reported on the Fall District Legion and Auxiliary meeting held in Orofino in September. Mrs. Hampton stated that Mrs. Norma Brown, an Idaho resident, is now national chairman of Children and Youth. This office is in direct line to the highest national office and Idaho Units are being asked to support Mrs. Brown during the next few years.

It was decided that our unit will table the education and scholarship project until a later date as programs with which we might be able to assist are pending.

Under new business, the Veterans' Day dinner was discussed. It will be held November 11, 6:30 social hour—dinner following at the Legion Hall. It will be potluck.

The girls who attended Girls' State and the young men who were delegates to Boys' State this year will be featured speakers. Their parents are invited to attend.

The group decided to set Saturday, November 3rd and Sunday, November 4th, as clean-up days at the Legion Hall. Both members of the Legion Post and Auxiliary members are asked to come and help in this big project. Please bring vacuum cleaners, dust and scrub rags, cleaning supplies, brooms, mops, etc. The time on Saturday was set at 10:00 a. m. and early Sunday afternoon. Utilization of the building was discussed and several suggestions have been made. Decisions will be made later.

It was announced that the Christmas Shop at the Veterans' Hospital in Boise will be open December 3rd and 4th. Donations of gifts or money should be in to Mrs. DePell or Mrs. Everett Wishard by November 14th.

Stony Point

Mrs. Ernest Stolgers

Attend Birthday Observance

Many from our area attended the Open House birthday observance held for Minnie Clark at the Cullis School cafeteria on Sunday afternoon. As the guest book was signed each was handed a tiny scroll reading— "I thank you, friends and neighbors— And relatives so dear, For your congratulations And for your presence here. The memory of these happy hours You've shared with me today, Will linger on throughout the years And ever with me stay."
—Minnie Clark
Oct. 21, 1973.

Cake, candies, coffee, tea and punch was served. A mound of cards and a well-filled "wishing well" attested to the high esteem in which the lovely 90-year-old lady is held by all who know her!

Club Met

The Stony Point Friendship Club again recorded a perfect attendance at the home of Mrs. Betty Cowger on Thursday, Oct. 18. Quilting and other handwork was accomplished for the hostess, who served a delicious noon meal.

A correction of an erroneous report by said reporter—n.d.s. "Marjory Stevens is re-elected secretary and Erma Stevens is the treasurer."

New 'Cherrylane Blview' Well
Ken Stolgers was not so lucky on well depth as Leet Heath. Water was reached, estimated 25-30 gal. per minute, at a depth of 270 feet. Pumps will be installed in the wells in the near future. All are thankful for the blessed water. Leach Well Drillers were again the contractors.

Mr. and Mrs. Mike Wisdom, Lewiston, were Friday supper guests in the E. Stolgers home. The Stolgers visited in the Maurice Carter home at Clarkston on Saturday evening, and all enjoyed eating supper "out" as a pre-48th wedding anniversary celebration, the 21st being the Stolgers' "Day."

Lori and Shannon Brown, Lewiston, spent the weekend at Pinecreek in the home of their grandmother, Helena Brown. Mrs. Mike Richardson and daughters joined the group at various times on Friday. Mr. and Mrs. Don Brown and son Allen spent Sunday there, the girls returning home with their parents that evening. Mrs. Wm. Cooper was also a Sunday guest from Lewiston.

Angela Holsington—5!
Miss Angela Holsington celebrated her 5th birthday anniversary on Wednesday, Oct. 17, with a special supper party attended by both sets of grandparents—Mr. and Mrs. Ted Weyen and Mr. and Mrs. Clela Holsington. Tiny Angie missed the deadline for entering kindergarten this year.

Mrs. Don Holsington and girls were Sunday dinner guests of Mrs. Marion Sanford in Lewiston.

Mrs. Betty Cowger and Walter Zumhofe were among those attending at Saturday dinner party held in a Kendrick restaurant, in honor of the wedding anniversary of Esther and Adolph Denner and of visiting Willie Denner from California.

Sunday dinner guests in the home of Mrs. Erma Stevens included the following: Mr. and Mrs. Ernie Fliger and three daughters of Moscow, accompanied by U. of I. student Douglas Parker; also Myrtle Heimgartner.

Quilting Held
Gathering at the home of Mrs. Gertrude Heimgartner on Monday to finish the sides of a spread started previously at the Marjory Stevens home were Gertrude, Marjory and Erma Stevens, Ruth and Ardythe Heimgartner.

Great Falls, Mont., Visitors
Mr. and Mrs. Larry Heimgartner, Great Falls, spent the weekend with their parents, the Eldon Heimgartners. Mr. and Mrs. Gerald Heimgartner and family of Lewiston were Sunday supper and evening guests to visit with brother Larry and wife, Mr. and Mrs. Everett Cluser, were Saturday visitors from Clarkston.

Afternoon 'Party'
The home of Mrs. Darrell Kerby was the scene of a "Home Interior and Gifts Inc." party presented by Mrs. Darlene Simpson of Lewiston on Tuesday afternoon, Oct. 16. Refreshments were served by the hostess and a most enjoyable time spent by the large group attending from the surrounding areas.

Cattle Homeward Bound
Practically all the cattlemen of our locality are completing the gathering of their cattle from mountain pastures.

Newt Heath rode up for a 'look-see' on Saturday and Sunday, but did not take an active part in the activities. Many grandchildren now enjoy that duty! Sons Eugene and Gordon oversee the affair.

Mrs. Norma Rugg spent Sunday with her mother while members of her family participated in the cattle drive.

We are happy to report that Mrs. Leroy (Jewel) Stolgers returned to her home on Sunday, following recent surgery for bleeding ulcers.

Mr. and Mrs. Leslie Heimgartner attended a birthday dinner held at the Tim Straw home, Clearwater, on Sunday. Little Heidi celebrated her very first birthday, and cousin David Straw of Lewiston, his 6th. These are grandchildren of Delores Heimgartner.

Mr. and Mrs. Ernest Stolgers were supper guests in the home of Mr. and Mrs. Bud McGahay, Lewiston. Later the group joined in assisting to entertain patients at the Orchard Nursing Home. On Sunday eve they were callers in the home of their niece, Mrs. Jams Roberts, Lapwal Rt. No. 1.

Death In Slow Motion

reprinted from the Powerlite

Don't read this story if you have a weak stomach. For the next seven tenths of a second, you are going to go through death in slow motion.

It's night. You're tired, and you are late getting home so you are driving 5 miles an hour on a road not designed for that speed. Your car reaches a curve in the road, but you make a mistake—the car goes out of control and hits a wall—crash.

One tenth of a second: The front bumper and chrome frosting of the grillwork collapse. Slivers of steel penetrate the wall to a depth of one

and a half inches.

Two tenths of a second: The hood rises, crumples and smashes into the windshield. Spinning rear wheels leave the ground. The fenders come into contact with the wall forcing the rear parts out over the front doors. Your body continues to move forward at 55 miles per hour—20 times the normal force of gravity. You now weigh more than 3,000 pounds. Your legs, ramrod straight, snap at the knee joints.

Three tenths of a second: Your body is now off the seat, torso upright, broken knees pressed against the dashboard. The plastic and steel frame of the steering wheel begins to bend under your death grip. Your head is now near the sun visor, your chest above the steering column.

Four tenths of a second: The car's front 24 inches have been demolished but the rear end is still traveling at about 35 miles per hour. Your body is still traveling at 55 miles per hour. The half ton motor block crunches into your lungs.

Five tenths of a second: Your fear frozen hands bend the steering column into almost a vertical position. The force of gravity impales you on the steering shaft. Jagged steel punctures your lungs and intercostal arteries. Blood spurts into your lungs.

Six tenths of a second: Your feet are ripped from your tightly laced shoes. The brake pedal shears off the floor board. The chassis bends in the middle, shearing body bolts. Your head smashes into the wind-

shield. The rear of the car begins its downfall spinning wheels digging into the ground.

Seven tenths of a second: The entire writhing body of the car is forced out of shape. Hinges tear, doors spring open. In one last convulsion, the seat

rams forward, pinning you against the cruel steel of the steering shaft. Shock has frozen your heart, you are dead. Total elapsed time: 7/10 of a second.

Lock in your high earning power

Saving means more now than it ever did, at First Security.

For one thing, it means you can earn higher interest. Up to 7% per annum.

For another, it means you can be assured of earning that high interest for a full four years. A short time ago, banks were given permission to issue a limited number of four year savings certificates, paying higher interest rates than ever before.

Since First Security has always been a leader in paying our customers the highest return on savings, we're now offering, for a limited time, 4-year \$1,000 savings certificates paying 7% per annum. Interest is paid four times a year, by check or deposit.

Our other excellent savings packages, available for shorter periods of time, also earn our all time high interest. And passbook savings earn 5% per annum.

Whatever amount you want to save, whatever time you want to save it, remember, saving means more now than it ever did at First Security Bank. Open your account now.

LETTERS FROM READERS

October 11, 1973

Dear Sir:
Possibly through your newspaper you can help me in locating my father Jerome Ambrose Moore (Jerry). I believe he is in his late sixties. His family farmed in the Genesee area 85 years ago. I understand he has brothers, George and Delbert, and sisters, Jean and Roxanne. Please would anyone knowing the whereabouts of the Moore family contact me: Bernadine J. Stilwell, Route 3, Box 466, Hermiston, Oregon, 97838. Telephone 567-2527. I would so like to meet my father and have him meet his grandchildren.

Thank you,
Mrs. Allen Stilwell

WHAT THE WORLD IS LOOKING FOR

"The world today is looking for men who are not for sale; men who are honest, sound from center to circumference, true to the heart's core; men with consciences as steady as the needle to the pole; men who will stand for the right if the heavens totter and the earth reels; men who can tell the truth and look the world in the eye; men who neither brag nor run; men who neither lag nor flinch; men who have courage without shouting it; men in whom courage of everlasting life runs still, deep and strong; men who know their message and tell it; men who know their place and fill it; men who will not lie, shirk, or dodge; men who are not too lazy to work nor too proud to be poor; men who are willing to eat what they have paid for; men who are not ashamed to say 'No' with emphasis and who are not ashamed to say 'I can't afford it.'"

John and Ann Nilsson, Former Genesee Area Residents, Working with Peace Corps In Africa

Sebele, Botswana—Farming is a difficult occupation in this small southern African republic, where the sandy soil and inadequate rainfall restrict crop production to a subsistence level over most of the Texas-sized territory. Better quality seeds, along with improved farming techniques, are one solution to the problem of low productivity—and Jon P. Nilsson of Lewiston, Idaho is playing a vital role in helping farmers to get them.

Nilsson, 35, is a Peace Corps volunteer. A seed test researcher at a large government agricultural research complex, he has been serving in Botswana for nearly two years. In that short time he has written a seed standards law and established a seed improvement program to test, multiply and distribute high-quality seeds to farmers throughout the country.

With him in Botswana, a developing nation which celebrated its seventh anniversary of independence last month, are his wife, Ann, and their three children: Caroline, 11; Kirk, 9, and Jon, 8. Mrs. Nilsson is serving at the same agricultural complex as a part-time research assistant, helping to compile and prepare data from her husband's and other researchers' experiments.

Mr. and Mrs. Nilsson, both graduates of Genesee High School in Genesee, Idaho, and the University of Idaho in Moscow, live and work at the Content Farm complex near the village of Sebele, about 8 miles from Botswana's capital, Gaborone. Run by the ministry of agriculture, the complex includes a research station, the Botswana Agricultural College, and a rural training center for farmers.

The Nilssons, who rented out their Lewiston home at 302 Prospect Blvd. when they left for two years of Peace Corps service, now live in a new, three-bedroom house provided by the Botswana agricultural ministry on the grounds of Content Farm. The Nilsson children attend an English-language primary school in the capital.

Before coming to Botswana, Nilsson was a field manager for Twin City Foods, Inc., a frozen food company in Lewiston, for more than five years. Earlier, he was a quality control superintendent for Sea Brook Farms, Inc. in Lewiston.

As a seed test researcher, Nilsson conducts germination, purity and other tests on seeds commonly used in Botswana such as sorghum, maize, millet, sunflowers, and cowpeas.

Quality seeds are selected, multiplied on the research station farm, and sent out on contract to nearby farms. The new seeds produced on the farms come back to Nilsson for checking, cleaning, fumigation and packaging. They then are distributed at a subsidized price to farmers throughout the country by agricultural extension agents.

Nilsson, who is responsible for both laboratory and field work, also has written a proposed law setting seed standards for the country. The legislation is pending in the Botswana Parliament. He also set up milling equipment which had been sitting unused at the complex for several years before his arrival. He now does the research station's milling—as well as welding, mechanical repairs, farm improvements and other

or assorted jobs that need doing at the complex.

In addition, Nilsson has trained a local resident in seed research. By training a counterpart, Nilsson has made it possible for his work to be continued when he winds up his Peace Corps service in Botswana this winter.

Meanwhile, Mrs. Nilsson has been serving part-time in the research station's office, where Nilsson's seed laboratory also is located. Her job is to take raw data from the fields, such as soil moisture, temperature, heat fluctuations, evaporation, humidity and wind measurements, and analyze it to determine whether the field experiments have shown significant results. She works under the direction of an agronomist, who further analyzes her preliminary findings.

Mrs. Nilsson, 35, whose background is in education, had never worked in statistics before she came to Botswana. When she first began serving at the agricultural complex, her volunteer assignment was to take readings from research instruments in the fields.

"Then it was discovered that not only can I do figures, but I have this ability to look at data and say 'that can't be true,'" she said.

Mr. and Mrs. Nilsson both were born in Lewiston and raised in Genesee, where they graduated in 1956 from Genesee High School. They received their bachelor's degrees in

1960 from the University of Idaho, where he majored in agronomy and she majored in history. Mrs. Nilsson went on to earn a master's degree in education from the university in 1965. She worked as a substitute teacher in the Clarkston, Wash., public schools before joining the Peace Corps.

Nilsson is the son of Powell A. Nilsson of 1129 Vandal Drive, Moscow. Mrs. Nilsson's parents are Mr. and Mrs. Stanton E. Becker of Genesee.

The Nilssons are two of about 85 Peace Corps volunteers serving in Botswana in a variety of agriculture, research, education, public health, economic planning and other programs. Around the world, about 7600 Americans are serving as Peace Corps volunteers in 61 developing nations.

The Peace Corps is part of ACTION, the voluntary service agency established by President Nixon on July 1, 1971 to administer federal volunteer programs at home and overseas. Mike Balzano is the director of ACTION.

ACTION'S domestic programs are Volunteers in Service to America (VISTA), Foster Grandparent Program, Service Corps of Retired Executives (SCORE), Active Corps of Executives (ACE), Retired Senior Volunteer Program (RSVP), and University Year for ACTION.

Moscow To Be "Capitol for a Day"

Statehouse, Boise—A talk to a civic group in Moscow will be a feature of Gov. Cecil D. Andrus' "Capitol For a Day" visit to Latah County next month.

The governor plans to be in Latah County on Friday, November 16. He will walk the streets of Moscow, stopping to talk with anyone interested.

At noon he will speak to the Moscow Chamber of Commerce meeting in the Hotel Moscow.

The governor said his "Capitol for a Day" visit is intended to permit him to meet citizens who otherwise might not have the opportunity to talk with him.

"Not everyone can afford the time and expense of traveling to Boise," Andrus said, "but our people still have direct lines of communication with their Governor."

"I also want to learn what the people are thinking, so we can be certain we are doing things the way they want them done."
