

William E. Kauder of Southwick, Idaho's Oldest Man, Observed 105th Birthday Recently

Like so many pioneers William E. Kauder lives only day to day. But at 105 Kauder is different than most pioneers—he's still living.

The state's oldest man observed his birthday last week with a family dinner at the Alma Betts residence at Southwick where he has lived the last 10 years.

Although he says he never accomplished anything great except "work like the dickens" Kauder possibly has the nation's longest voting record casting ballots in 21 presidential elections. He also has voted in 40 state elections.

His mind still keen, he can recall his first vote. And that was in 1892.

Although he's now blind, Kauder is an ardent consumer of news and looks forward each day to the evening television broadcast to which he

listens through a special amplifier pressed against the one ear in which he still has partial hearing.

Kauder attributes his keen interest in the news to his years of reading history books, but "now I kinda look to studying the Bible quite a bit. I kinda like that. I'd like to have a chapter read to me every once in a while."

Born at Quincy, Ill., Dec. 12, 1868, Kauder moved with his family to Wayland, Mo., where he grew up, sandwiching what schooling he could between farming seasons. He and his parents moved to Idaho in 1891 where he has watched the homestead neighborhood near Crescent turn from dense brush and timber with only trails to cleared fields and paved roads.

In the 1890's Kauder hauled grain down the Sperry Grade for Judge Wing and down the Waucher Gulch Grade and to the tram above Juliaetta.

By the turn of the century, Kauder recalls, "you could buy three dozen eggs for 25 cents, butter eight cents a pound, wheat 10 cents a bushel or 20 cents sacked and coffee beans was eight pounds for \$1."

Speaking of life on the homestead, Kauder said his father used to go fishing on Cedar Creek and "he'd catch about a one-half gallon bucket full of fish six to eight inches long in 10 time."

"I never seen any elk around our neighborhood, but sometimes a deer would cross the homestead. Farmers didn't hunt for meat consumption. Most raised their own meat."

"I had poor luck. I don't know why, but I'd go out and see a deer. I'd get ready to shoot and the deer would be gone. I used to go hunting pheasants, and the dogs would track them. I'd kill a couple three and then go home," Kauder says.

He married Mrs. Anna Cratner in May, 1915. She died in 1933.

As a young man Kauder played his banjo for dances and in 1903 traveled around the area entertaining people with a novelty he had purchased—an Edison phonograph.

Kauder served on the Crescent school board in 1892 and several times before moving to Southwick in 1929. In the 1930's he worked as a custodian of the Southwick High School.

Without explanation for his gift of long life, Kauder sets store by regular habits, rising at 7:30 each day and seating himself in his rocker near his bed where he whistles away the hours until it's news time and back to bed at 8 each night. "My stomach tells me what time of the day it is," he says.

Kauder has two stepdaughters, Mrs. Darwin Tarry of Southwick and Mrs. Barney Driscoll of Lewiston.

Will he vote in the next state election?

"The 1974 state and county offices may be too far off for an old cripple like me," Kauder claims. "I don't know if I'll be here. I only figure a day ahead."

But he's looking forward to Christmas next week.

Applications Being Taken For Substitute Rural Mail Carriers

Kendrick Postmaster Bob Magnuson is announcing that applications are now being accepted and an examination will be given to establish a register of eligibles from which future substitute rural carriers of record vacancies in this postoffice will be filled. Application blanks may be picked up at Kendrick postoffice and all interested persons are urged to apply. Applications should be in before Dec. 20.

About Next Week's Gazette—

Because of the way the Christmas falls this year (on Tuesday, our busiest time) next week's Gazette-News will be a very short, "bob-tailed" edition, so we can enjoy the holiday at home.

A word to the correspondents: No need to try for news next week. We'll try to get it all together the following week.

Thanks — Bill.

Harlem Clowns Basketball Team to Play Booster Club Team In Kendrick December 28

The Harlem Clowns, a noted exhibition basketball team, will meet a squad of Tiger Boosters in a benefit ball game Friday evening, December 28, it was announced by the Booster's Club President Bob Heppner this week. The game will begin at 7:30 in the KHS gym and proceeds from the game will be used to purchase a score clock for the local football field.

The Booster Club is certain the community will enjoy the antics of this world-famous group. The clowns are owned by Al Pullins, who was a member of the original Harlem Globetrotters when that group organized in 1920. In 1935 Pullins broke with the Trotters and formed the

Clowns and since that time his teams have brought laughter and excellent basketball to thousands of fans the world over.

The team the Clowns will oppose will come from the Booster Club, or from outside the club if enough talent isn't located within the ranks.

Admission is \$2.00 for adults; \$1.50 for students and \$1.00 for children under 12.

Meeting Thursday, Dec. 20

There will be a short meeting of the Booster Club Thursday evening, December 20 at 6:45 in the cafeteria prior to the Christmas concert. Topics for discussion will be the Harlem Clown game and the purchase of a football score clock for next year.

Tracing Own Shape Intrigues Kindergarteners—

Some of the highlight of Kindergarten happenings during the past week include baking our own sugar cookies and decorating them for our Christmas party, making all our tree ornaments, practicing holiday songs and poems, and talking and listening to "Rudolph," a puppet.

On Monday, the children each took turns lying down on butcher paper and having their body outlines traced. Then each child took the life-size figure of himself or herself and added clothing and body characteristics, using either magic markers, crayons or paints. The results are fun to look at.

Darcel Gentry brought two more caterpillars to add to our insectarium. Somehow the spiders and crickets escaped, so our lonely caterpillar was glad to have company. Karen Reil is back from her month-long visit with relatives in Germany. We missed her. She brought back some gelatin candies, and she sang the German rendition of "O Tannenbaum" for the class on Monday.

CARD OF THANKS

I would like to thank friends, neighbors and relatives for the flowers, cards, visits and other kindnesses bestowed upon me during my recent stay in the hospital and since returning home. Your thoughtfulness was truly appreciated and will always be remembered.—Coryell Wolff, 51c

Mr. and Mrs. Dick Parsley to Observe 50th Wedding Anniversary December 23; Open House

Mr. and Mrs. Dick Parsley will celebrate their 50th wedding anniversary with an open house December 23rd at the Lewiston Civic Clubhouse, 1205 Eight Avenue, Lewiston, from 1 to 4 p.m.

Mr. Parsley and the former Agnes Kenyon were married at Lewiston January 7, 1924; both are members of pioneer families. He was born May 6, 1903 on the Salmon river, the son of Mr. and Mrs. Harve Parsley, ranchers of that area. Later moving from there to the Snake River and Hell's Canyon country where he grew up.

Mrs. Parsley was born at Forest, Idaho, March 6, 1906. The daughter of Mr. and Mrs. James Kenyon, who came from England the year of 1896. She then moved from Forest with her parents to the Grande Ronde River where she met Mr. Parsley who was on his way home from being discharged from the U. S. Marine Corp.

After their marriage the Parsleys lived at Winchester, Idaho, where he worked for the Craig Mt. Lumber Co., later moving to Anatone, Wash., where he carried mail to Mountain View and Paradise, Oregon, by saddle horse and pack mules. This was a distance of 42 miles round trip a day, four days a week. Travel in that country at the time being mostly

horseback.

In 1938, Mr. Parsley started work for the State Highway Department and Mrs. Parsley was appointed postmaster of Anatone, a position she held for nine years. She was then transferred to the Lewiston postoffice and was the first woman postal clerk hired at that office. Mrs. Tish Erb was the postmaster. This was in 1951.

In 1959 they bought and moved to a ranch in the Southwick area. Later selling the ranch to their son Jack Parsley in 1968 they retired and bought a home in Kendrick, where they now make their home. In winter they take their motorhome to the warm climate of Arizona for health reasons.

The Parsleys had four children, one son passed away at the age of five years. A son, Dale S. Parsley lives at Saratoga, Calif. A daughter, Mrs. Jack (NiaDean) Shepherd of 1902 Coulter Lane, Clarkston, and a son, Jack D. Parsley, Kendrick. They have 11 grandchildren and one great grandchild.

RECIPE FOR LIFE: Mrs. Parsley says: "I'm my own boss, I always do what Dick tells me to."

The couple's request: No gifts, please.

Genesee Runs Unbeaten String To Five Games; Tigers Top Potlatch, Lose to Troy and Kamiah

"I know we're not suppose to, but we just keep winning 'em," remarked Ozzie Kanikkeberg, the other week as he reviewed the early successes of his Genesee Bulldog basketball team.

The KHS team, with only one starter from last year's team back, weren't suppose to be a power in the Central Idaho league this season . . . but so far they've kept winning 'em" and are now 5-0 on the season and lead the league. A week ago Tuesday the Bulldogs topped the Potlatch Loggers 69-54 and Saturday night they went to Timberline and defeated the Spartans 67-37.

The Kendrick Tigers blew hot and cold the past seven days, losing a close 68-65 battle to Troy, walloping

the Potlatch Loggers 79-59 Friday night and then ran head-long into disaster and were crunched by the Kamiah Kubs 67-24 Saturday night.

Bulldogs Win

In last Tuesday's game against Potlatch the GHS team had to scramble from a 10-6 deficit early in the first quarter to take a 69-54 win. Genesee was ahead 30-26 at the half. Jeff Boyd led all scorers with 22 points. Ron Tieggen had 13 for the Bulldogs.

In the first game, Potlatch won over the GHS JV team 50-43.

Saturday night, the Bulldogs used a 23-point second quarter effort to blast the Timberline Spartans 57-37. The first quarter ended in a 6-6 tie but Doug Green opened the second quarter with three quick baskets and the Bulldogs were on their way. Tieggen had 13 points for high Bulldog scorer. Green and Boyd each added 10 and Dan Stout put in 11 more.

Tigers Win 1, Lose 2

A last second shot tied the regular game at 59-59 and forced overtime play which Troy won as the Trojans downed the Tigers 68-65 last Tuesday evening at Troy. The score was tied 25-25 at the half. In the overtime Kendrick scored first on a free throw but Troy answered with four points and took a lead they never gave up. Ken Brown scored 15 points. Lavern Reed 13, Kelly Clemenhagen 11, Ed Anderson 10, Ron Sillfow 10 and Marty Clemenhagen 6. Kendrick's JVs took a last second 68-57 win over Troy in the opening game.

Friday night the Tigers came home to play one of their better games against the visiting Potlatch Loggers. The Loggers, known for their fast action game, found a better match in the Tigers who turned the race-horse offense of their opponents against them to win 79-59.

Potlatch threw a full-court press against the Tigers hoping to rattle them and force turn-overs, but the Tigers capitalized on the open court to run up 79 points led by the 20-point effort of Vern Reed and the 18 points of Kelly Clemenhagen.

Kendrick led in every quarter, holding a 46-31 half-time lead.

The Friday battle took something out of the Tigers who fell easy prey to the visiting Kamiah Kubs Saturday night and were downed 67-24. The Tigers were cold from the floor and were out-rebounded by the Kubs.

Kelly's 11 points were high for the Tigers who could manage only 8 points in the final half.

KHS Girls Team Divide Games with Moscow

After leading at the end of the first half 4-2, the KHS JV girls' team couldn't overcome superior height and went down to a 19-6 defeat Thursday evening on the home court. The visitors stormed out to a big lead in the final two quarters to win. Carla Clemenhagen, Jayne Heath and Katrina McGary all scored two points.

In the varsity game, the Kendrick girls were never in trouble as they posted a 44-20 win over Moscow. Jolene Brammer, Sue McGary, Debbie Christenson and Ruth Ann Hutcheson all helped control the backboards for the Kendrick team. Kathleen Parker's 20 points paced all scorers. Cindy Taylor added 11, Gisele Magnuson 6, Sue McGary 4 and Debbie Christenson 2.

Coach Bill LaMunyan was honored by the team following the game.

Kendrick Girls' Basketball teams, J. V. and Varsity, were defeated Monday, Dec. 10th by Potlatch at away games. Both Kendrick's teams were lacking their usually strong defense and offense. Scorers for the Varsity team were Cindy Taylor with 16 points; Kathleen Parker with 13; Deb Christenson with 6 and Gisele Magnuson with 2. The final score was 55-37. On the J. V. team, high scorer was Janet Thomas with 6; Jayne Heath with 5; Terrie Brocke and Katrina McGary both had two points. The ending score of that game was 52-15 with Potlatch leading.

CARD OF THANKS

I want to express my gratitude to all those who have sent me cards, flowers, and gifts; have phoned and visited; cared for our children; and said prayers. This all means so very much to me and thank you is so small at a time like this. God bless you all.—Marcia Whitting, 51c

**News Items From
Julietta School**

Christmas Schedule—

Schedule of activities here at Julietta Elementary next week include the annual Christmas program on Thursday, Dec. 20 at 1:30 p. m. in the school gym.

Elementary individual rooms will have their own parties on Friday, December 21.

Following the Christmas activities, school will be dismissed at 1:45 p. m. on Friday, Dec. 21.

Library News Items—

The Christmas cactus placed in the library by Mrs. Eugene Taylor is bursting into full bloom.

"Future Shock", a newly received book, has been placed on the faculty shelf.

Strippfilms with sound track of our Christmas carols are being shown. The first graders are making the Christmas decorations for the library.

Students are taking advantage of Bookmobile visitations.

Sustained reading books are available on shelves marked as grades 3-4 and 5-6.

Supplementary Reading Room—

The first grade reading group has finished the book they were working in, but are reviewing their basic sounds and phonics before they begin the next level of pre-primer. Hopefully we can start our new books before vacation or at least become familiar with the vocabulary.

With Christmas come programs, parties, decorating, etc., and schedules are usually varied and changed to meet whatever needs may be. Even though some may feel school work should not suffer, these things are also important and come together to make Christmas the warmest and loveliest time of the year.

Fourth Grade News—

Berk Shawver is Student of the Week. He doesn't know what to bring yet.

David Wolff's birthday was Sunday. He only got one spanking.

We have a new calendar which has all of our birthdays on it.

Willy the Bookworm has crawled to the clock. He is 300 books long. We are trying to think how long Willy will be by the Christmas season. We think he will be to the "Z".

Sharon Ozier brought some popcorn for the class.

Jesus was finally born in our manger scene and all the animals were there.

Rev. Ron Ozier shared his slides of rocks and volcanoes last Thursday. He also showed us actual rocks and minerals. They were good.

We had a spelling test today, Monday. We hope we all get 100.

In English we are studying friendly and business letters.

Miss Stefonek got a mouse Santa Claus today! She finally found out that Mrs. Jones, our librarian, gave it to her. ("Thanks, Mrs. Jones!"—Miss Stefonek).

Reporters—Shari Harris and Veronica Ozier.

Fifth Grade News—

Hello, We're getting along OK with our play. But still there's a few things we need—like Booster Hats. So if any of the booster club members have booster hats you can just give them to your nearest 5th grader. Thank you.

The tree Jeff Grinolds picked out is just beautiful. Tuesday we decorated our room and our tree, too. And we drew names for our gift exchange.

Fractions are getting harder each day—but sort-of fun.

For language we listened to a tape about Carl the Kodak Copycat and his owner trying to teach Carl about nouns and verbs.

Mr. Jones said that for our social studies test it's going to be given to us by record. The tests seem to get harder and harder.

Also in social studies we're studying about the Revolutionary War. It's cool how George Washington made General Cornwallis surrender.

Well, we lost two good pupils—Shari Brown and Carey Curtis—Shari has moved to Oregon and so has Carey. Well, we're gonna miss them.

Reporter, Janie Jacobs.

Sixth Grade News

The sixth grade for art made kings out of Readers Digest. Brian Browitt and Brenda Browitt brought most of the Readers Digest. Bonnie Lawrence also brought in 10. We spray painted them with these different colors. We used Styrofoam balls for the head and cotton for the hair and beards. We put crowns on their heads and fancy laces for the robe.

Monday we spent 25 minutes to plan our Christmas party and who would bring the tree. No one brought a tree Tuesday so we are not going to be able to decorate it yet. Friday Dec. 21 we are going to have our party. Also we get out for Christmas vacation.

On December 20 we will have our program.

Chari Christensen brought a Santa Claus to show us how to make one. We will make one maybe Friday.

In Math we are on weights and measures. In language we are working with singulars, plurals, singular possessives and plural possessives. Also we are proofreading for spelling, capitalization and punctuation errors.

In Health we had a movie on smoking entitled Phony Folks. The film was furnished by the Idaho Department of Health.

Reporters Lori Courtright and Bonnie Lawrence.

SAFE DUCK HUNTING MEANS LEARNING WATER SURVIVAL

Falling into deep water need not end in tragedy for duck hunters or other heavily clothed persons.

Contrary to popular opinion, clothes do not weigh a person down in water—they may actually trap air. Unless it is lost thrashing around, the air trapped in clothing is buoyant enough to float a man or woman.

William E. Kauder of Southwick, Idaho's Oldest Man, Observed 105th Birthday Recently

Like so many pioneers William E. Kauder lives only day to day. But at 105 Kauder is different than most pioneers—he's still living.

The state's oldest man observed his birthday last week with a family dinner at the Alma Betts residence at Southwick where he has lived the last 10 years.

Although he says he never accomplished anything great except "work like the dickens" Kauder possibly has the nation's longest voting record casting ballots in 21 presidential elections. He also has voted in 40 state elections.

His mind still keen, he can recall his first vote. And that was in 1892.

Although he's now blind, Kauder is an ardent consumer of news and looks forward each day to the evening television broadcast to which he

listens through a special amplifier pressed against the one ear in which he still has partial hearing.

Kauder attributes his keen interest in the news to his years of reading history books, but "now I kinda look to studying the Bible quite a bit. I kinda like that. I'd like to have a chapter read to me every once in a while."

Born at Quincy, Ill., Dec. 12, 1868, Kauder moved with his family to Wayland, Mo., where he grew up, sandwiching what schooling he could between farming seasons. He and his parents moved to Idaho in 1891 where he has watched the homestead neighborhood near Crescent turn from dense brush and timber with only trails to cleared fields and paved roads.

In the 1890's Kauder hauled grain down the Sperry Grade for Judge Wing and down the Wauncheer Gulch Grade and to the tram above Juliaetta.

By the turn of the century, Kauder recalls, "you could buy three dozen eggs for 25 cents, butter eight cents a pound, wheat 10 cents a bushel or 20 cents sacked and coffee beans was eight pounds for \$1."

Speaking of life on the homestead, Kauder said his father used to go fishing on Cedar Creek and "he'd catch about a one-half gallon bucket full of fish six to eight inches long in no time."

"I never seen any elk around our neighborhood, but sometimes a deer would cross the homestead. Farmers didn't hunt for meat consumption. Most raised their own meat."

"I had poor luck. I don't know why, but I'd go out and see a deer. I'd get ready to shoot and the deer would be gone. I used to go hunting pheasants, and the dogs would tree them. I'd kill a couple three and then go home," Kauder says.

He married Mrs. Anna Crainer in May, 1918. She died in 1933.

As a young man Kauder played his banjo for dances and in 1903 traveled around the area entertaining people with a novelty he had purchased—an Edison phonograph.

Kauder served on the Crescent school board in 1892 and several times before moving to Southwick in 1929. In the 1930's he worked as a custodian of the Southwick High School.

Without explanation for his gift of long life, Kauder sets store by regular habits, rising at 7:30 each day and seating himself in his rocker near his bed where he whittles away the hours until it's news time and back to bed at 8 each night. "My stomach tells me what time of the day it is," he says.

Kauder has two stepdaughters, Mrs. Darwin Tarry of Southwick and Mrs. Barney Driscoll of Lewiston.

Will he vote in the next state election?

"The 1974 state and county offices may be too far off for an old cripple like me," Kauder claims. "I don't know if I'll be here. I only figure a day ahead."

But he's looking forward to Christmas next week.

Applications Being Taken For Substitute Rural Mail Carriers

Kendrick Postmaster Bob Magnuson is announcing that applications are now being accepted and an examination will be given to establish a register of eligibles from which future substitute rural carriers of record vacancies in this postoffice will be filled. Application blanks may be picked up at Kendrick postoffice and all interested persons are urged to apply. Applications should be in before Dec. 20.

About Next Week's Gazette—

Because of the way the Christmas falls this year (on Tuesday, our busiest time) next week's Gazette-News will be a very short, "bob-tailed" edition, so we can enjoy the holiday at home.

A word to the correspondents: No need to try for news next week. We'll try to get it all together the following week.

Thanks — Bill.

Harlem Clowns Basketball Team to Play Booster Club Team in Kendrick December 28

The Harlem Clowns, a noted exhibition basketball team, will meet a squad of Tiger Boosters in a benefit ball game Friday evening, December 28, it was announced by the Booster's Club President Bob Heppner this week. The game will begin at 7:30 in the KHS gym and proceeds from the game will be used to purchase a score clock for the local football field.

The Booster Club is certain the community will enjoy the antics of this world-famous group. The clowns are owned by Al Pullins, who was a member of the original Harlem Globetrotters when that group organized in 1929. In 1935 Pullins broke with the Trotters and formed the

Clowns and since that time his teams have brought laughter and excellent basketball to thousands of fans the world over.

The team the Clowns will oppose will come from the Booster Club, or from outside the club if enough talent isn't located within the ranks.

Admission is \$2.00 for adults; \$1.50 for students and \$1.00 for children under 12.

Meeting Thursday, Dec. 20

There will be a short meeting of the Booster Club Thursday evening, December 20 at 6:45 in the cafeteria prior to the Christmas concert. Topics for discussion will be the Harlem Clown game and the purchase of a football score clock for next year.

Tracing Own Shape Intrigues Kindergartners—

Some of the highlight of Kindergarten happenings during the past week include baking our own sugar cookies and decorating them for our Christmas party, making all our tree ornaments, practicing holiday songs and poems, and talking and listening to "Rudolph," a puppet.

On Monday, the children each took turns lying down on butcher paper and having their body outlines traced. Then each child took the life-size figure of himself or herself and added

clothing and body characteristics, using either magic markers, crayons or paints. The results are fun to look at.

Darce Gentry brought two more caterpillars to add to our insectarium. Somehow the spiders and crickets escaped, so our lonely caterpillar was glad to have company. Karen Reil is back from her month-long visit with relatives in Germany. We missed her. She brought back some gelatin candies, and she sang the German rendition of "O Tannenbaum" for the class on Monday.

CARD OF THANKS

I would like to thank friends, neighbors and relatives for the flowers, cards, visits and other kindnesses bestowed upon me during my recent stay in the hospital and since returning home. Your thoughtfulness was truly appreciated and will always be remembered.—Coryell Wolff. MC

Mr. and Mrs. Dick Parsley to Observe 50th Wedding Anniversary December 23; Open House

Mr. and Mrs. Dick Parsley will celebrate their 50th wedding anniversary with an open house December 23rd at the Lewiston Civic Clubhouse, 1205 Eight Avenue, Lewiston, from 1 to 4 p.m.

Mr. Parsley and the former Agnes Kenyon were married at Lewiston January 7, 1924; both are members of pioneer families. He was born May 6, 1903 on the Salmon river, the son of Mr. and Mrs. Harve Parsley, ranchers of that area. Later moving from there to the Snake River and Hell's Canyon country where he grew up.

Mrs. Parsley was born at Forest, Idaho, March 6, 1906. The daughter of Mr. and Mrs. James Kenyon, who came from England the year of 1896.

She then moved from Forest with her parents to the Grande Ronde River where she met Mr. Parsley who was on his way home from being discharged from the U. S. Marine Corp.

After their marriage the Parsleys lived at Winchester, Idaho, where he worked for the Craig Mt. Lumber Co., later moving to Anatone, Wash., where he carried mail to Mountain View and Paradise, Oregon, by saddle horse and pack mules. This was a distance of 42 miles round trip a day, four days a week. Travel in that country at the time being mostly

horseback.

In 1938, Mr. Parsley started work for the State Highway Department and Mrs. Parsley was appointed postmaster of Anatone, a position she held for nine years. She was then transferred to the Lewiston postoffice and was the first woman postal clerk hired at that office. Mrs. Tish Erb was the postmaster. This was in 1951.

In 1959 they bought and moved to a ranch in the Southwick area. Later selling the ranch to their son Jack Parsley in 1968 they retired and bought a home in Kendrick, where they now make their home. In winter they take their motorhome to the warm climate of Arizona for health reasons.

The Parsleys had four children, one son passed away at the age of five years. A son, Dale S. Parsley lives at Saratoga, Calif. A daughter, Mrs. Jack (NiaDean) Shepherd of 1902 Coulter Lane, Clarkston, and a son, Jack D. Parsley, Kendrick. They have 11 grandchildren and one great grandchild.

RECIPE FOR LIFE: Mrs. Parsley says: "I'm my own boss, I always do what Dick tells me to."

The couple's request: No gifts, please.

Genesee Runs Unbeaten String To Five Games; Tigers Top Potlatch, Lose to Troy and Kamiah

"I know we're not suppose to, but we just keep winning 'em," remarked Ozzie Kanikkeberg, the other week as he reviewed the early successes of his Genesee Bulldog basketball team.

The KHS team, with only one starter from last year's team back, weren't suppose to be a power in the Central Idaho league this season. . . . but so far they've kept winning 'em' and are now 5-0 on the season and lead the league. A week ago Tuesday the Bulldogs topped the Potlatch Loggers 69-54 and Saturday night they went to Timberline and defeated the Spartans 57-37.

The Kendrick Tigers blew hot and cold the past seven days, losing a close 68-65 battle to Troy, walloping

the Potlatch Loggers 79-59 Friday night and then ran head-long into disaster and were crunched by the Kamiah Kubs 67-24 Saturday night.

Bulldogs Win

In last Tuesday's game against Potlatch the GHS team had to scramble from a 10-6 deficit early in the first quarter to take a 69-54 win. Genesee was ahead 30-26 at the half.

Jeff Boyd led all scorers with 22 points. Ron Tieden had 13 for the Bulldogs.

In the first game, Potlatch won over the GHS JV team 50-43.

Saturday night, the Bulldogs used a 23-point second quarter effort to blast the Timberline Spartans 57-37. The first quarter ended in a 6-6 tie but Doug Green opened the second quarter with three quick baskets and the Bulldogs were on their way. Tieden had 13 points for high Bulldog scorer. Green and Boyd each added 10 and Dan Stout put in 11 more.

Tigers Win 1, Lose 2

A last second shot tied the regular game at 59-59 and forced overtime play which Troy won as the Trojans downed the Tigers 68-65 last Tuesday evening at Troy. The score was tied 25-25 at the half. In the overtime Kendrick scored first on a free throw but Troy answered with four points and took a lead they never gave up. Ken Brown scored 15 points. Lavern Reed 13, Kelly Clemenhagen 11, Ed Anderson 10, Ron Sillfow 10 and Marty Clemenhagen 6.

Kendrick's JVs took a last second 68-57 win over Troy in the opening game.

Friday night the Tigers came home to play one of their better games against the visiting Potlatch Loggers. The Loggers, known for their fast action game, found a better match in the Tigers who turned the race-horse offense of their opponents against them to win 79-59.

Potlatch threw a full-court press against the Tigers hoping to rattle them and force turn-overs, but the Tigers capitalized on the open court to run up 79 points led by the 20-point effort of Vern Reed and the 18 points of Kelly Clemenhagen.

Kendrick led in every quarter, holding a 46-31 half-time lead.

The Friday battle took something out of the Tigers who fell easy prey to the visiting Kamiah Kubs Saturday night and were downed 67-24. The Tigers were cold from the floor and were out-rebounded by the Kubs.

Kelly's 11 points were high for the Tigers who could manage only 8 points in the final half.

KHS Girls Team Divide Games with Moscow

After leading at the end of the first half 4-2, the KHS JV girls' team couldn't overcome superior height and went down to a 19-6 defeat Thursday evening on the home court. The visitors stormed out to a big lead in the final two quarters to win. Carla Clemenhagen, Jayne Heath and Katrina McGary all scored two points.

In the varsity game, the Kendrick girls were never in trouble as they posted a 44-20 win over Moscow. Jolene Brauner, Sue McGary, Debbie Christensen and Ruth Ann Hulcherson all helped control the backboards for the Kendrick team. Kathleen Parker's 20 points paced all scorers. Cindy Taylor added 11, Gisele Magnuson 6, Sue McGary 4 and Debbie Christensen 2.

Coach Bill LaMunyan was honored by the team following the game.

Kendrick Girls' Basketball teams, J. V. and Varsity, were defeated Monday, Dec. 10th by Potlatch at away games. Both Kendrick's teams were lacking their usually strong defense and offense. Scorers for the Varsity team were Cindy Taylor with 13 points; Kathleen Parker with 13; Deb Christensen with 6 and Gisele Magnuson with 2. The final score was 35-37. On the J. V. team, high scorer was Janet Thomas with 6; Jayne Heath with 5; Terrie Brocke and Katrina McGary both had two points. The ending score of that game was 52-15 with Potlatch leading.

CARD OF THANKS

I want to express my gratitude to all those who have sent me cards, flowers, and gifts; have phoned and visited; cared for our children; and said prayers. This all means so very much to me and thank you is so small at a time like this. God bless you all.—Marcia Whitting. 51c

Yes, Virginia . .

(Editor's Note: This famous editorial first appeared in The New York Sun, September 21, 1897, and is reprinted from The Meter—published by the Oklahoma Gas & Electric Company.)
 Dear Editor:
 Some of my little friends say there is no Santa Claus.
 Papa says, "If you see it in The Sun it's so."
 Please tell me the truth, is there a Santa Claus?
 115 West 95th Street
 Virginia O'Hanion,
 Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except what they see. They think that nothing can be which is not comprehensible to their little minds. All minds, Virginia, whether they be men's or children's are little. In this great universe of ours, man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.
 Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exists, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment except in sense and sight. The eternal light with which childhood fills the world would be extinguished.
 Not believe in Santa Claus? You might as well not believe in fairies? You might get your Papa to hire men to watch all the chimneys on Christmas Eve to catch Santa Claus but even if they did not see Santa Claus coming down, that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on your lawn. Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are

Employment Picture in Latah County

The Moscow office of the Idaho Department of Employment assisted seven Latah county workers in obtaining gainful employment during the past week. Five new jobs were received during the week and at the close of business on Friday, there were a total of 11 openings available. Openings include TV repairmen, restaurant workers, and office workers, as well as some domestic workers.
 41 workers filed new claims for unemployment insurance benefits during the week compared with 42 the preceding week. This is down from the 94 who filed new claims this time last year, even though the number of persons receiving unemployment is over 100 more than last year. In the immediate Moscow area there are now 222 persons seeking benefits, down from the 228 last week but up from last year's total of 174. In the Troy-Deary-Bovill area the total is now 99, up from last week's 87, and last year's 57. 69 checks are going into the Potlatch area compared with 68 last week and 57 last year. At Genesee the totals are 16, 19, and 13. Kendrick there are now 3 compared with 7 last week, but up 1 from last year's total of 4. There has been some unemployment resulting from the energy crisis, but the effects have not been felt as much here as in some areas.
 unseen and unseeable in the world. You tear apart a baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else real and abiding.
 No Santa Claus? Thank God he lives, and he lives forever. A thousand years from now, Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood.

LUNG DISEASE WITHOUT PAIN

Some diseases of the lungs trigger pain. Most, however, cause mild or extreme discomfort instead. The lungs are soft, spongy organs made up of millions of microscopic air sacs which inflate like tiny balloons. Although the lungs are equipped with nerve endings that pick up pain, pressure and other sensations, they do not have highly pain-sensitive nerves. Infections and diseases of the lungs, though, can cause pain, especially when the infection affects thin membranes that completely covers each lung. This thin membrane, called the pleura, surrounds a very narrow fluid-filled space between the lungs and the chest wall. Within this pleural space is a fluid that normally enables the lungs to expand and contract against the chest wall with

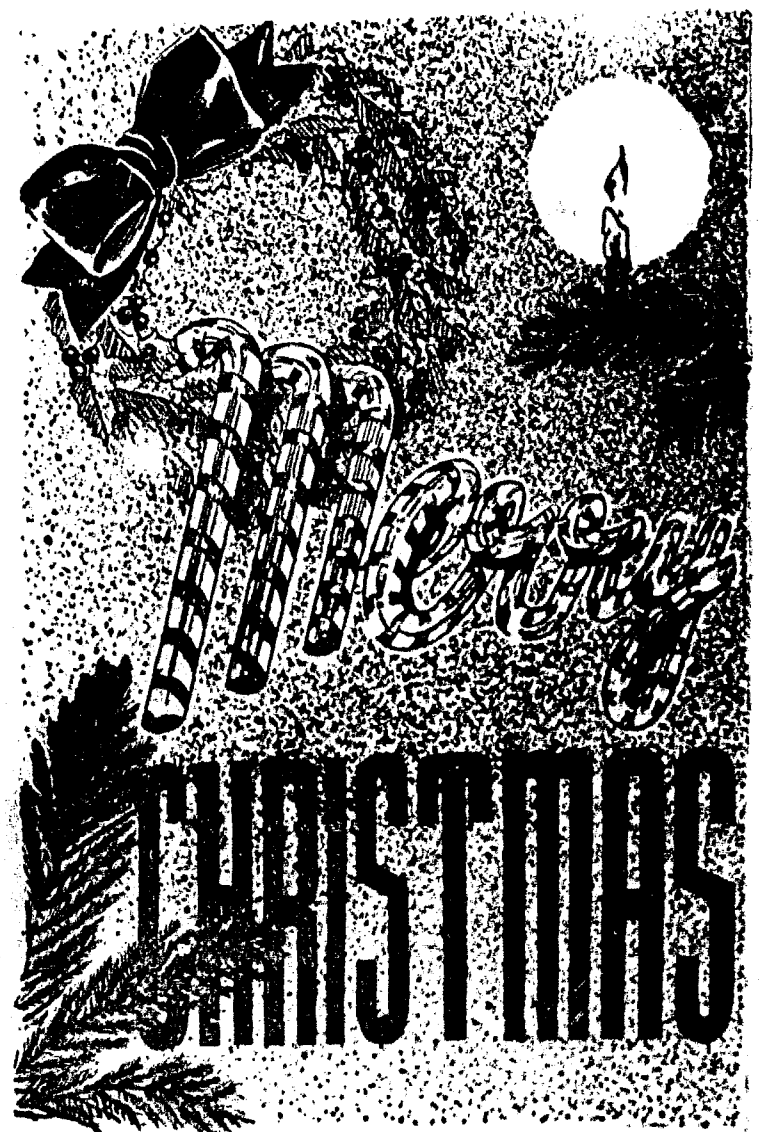

out any friction whatever. Unlike the lungs themselves, the membrane lining the pleural space is a rich network of nerve endings highly sensitive to pain. When the membrane is injured or irritated, pleuritic pain—commonly called pleurisy—can be sharp and stabbing. The fact that the pain is so intense usually directs the doctor to the site of the problem immediately.
 In other lung diseases, such as flu, stiffness and pain in the muscles of the chest may occur. But this type of pain is usually dull and aching, made worse by muscular movement rather than by breathing. Pain is not involved in lung diseases such as bronchitis, colds, emphysema, the early stages of TB. When any kind of breathing problems develop, they should always be checked out with a physician.

We wish you all the joys of Christmas.

MEDICAL MARVELS

Medical marvels sometimes come from strange places, observes the Idaho Medical Association.

Lithium, a treatment for mood disorders such as depression, is found in stone, in various minerals, and in the sea. Digitalis, a heart stimulant comes from the Foxglove plant.

Now papain, a substance which has grown effective in treatment of a serious back problem, and which appears to soothe insect stings, has been derived from the papaya. The enzyme is an ingredient of modern meat "tenderizers". It has long been noted that Polynesians wrapped meat in papaya leaves to make it tender.

A procedure involving the use of papain has been used by investigators on more than 7,000 patients for an ailment called herniated disk. In this condition, one of the disks, which separates spinal vertebrae ruptures and its gelatinous core material protrudes, pressing against nerves and causing severe pain. Commonly called "slipped disk" it is often serious enough to warrant surgery.

As an alternative to surgery, investigators wondered if the papaya enzyme could dissolve the disk material. So they tried it and it worked.

Orthopedic surgeons emphasize, however, that the procedure can be used only on carefully selected patients, not everybody. Extreme care must be taken in the technique, which involves injecting the enzyme into the spine with several needles.

Another benefit of papain has been described by Dr. Harry L. Arnold, Jr., Honolulu, who said that an immediately effective remedy for painful insect stings can be found in most kitchens—meat tenderizer.

Suggesting that papain probably breaks down the venoms and kinins injected by the insect, Dr. Arnold said the remedy is prepared by mixing a quarter-teaspoonful or so of meat tenderizer with a teaspoonful or two of water. "The solution is merely rubbed into the skin at the site of the sting, and virtually all pain stops within seconds," Dr. Arnold said.

HEARING IMPAIRMENT

Even a slight hearing impairment can mean a great deal of trouble for a child, even though it may go unnoticed by parents, teachers and the child, observes the Idaho Medical Association.

Early effects include a short attention span, slow learning and difficulty in social relationships. Untreated, defects can result in eventual severe hearing loss.

A child with hearing loss may be inattentive, constantly ask for repetition, or fail to respond to a question or directions, thus appearing to be disobedient. He may cock his head or turn one ear when listening.

He may be a slow learner, especially in oral subjects and may mispronounce common words, omitting or substituting sounds.

If there is a history of treatment for ear trouble, chronic colds, sore throats, ear aches or allergies there is further reason to be watchful.

Prompt diagnosis and treatment by a physician can do much to conserve or restore a child's hearing, and often result in scholastic and social improvement as well.

PUBLIC NOTICES

ORDINANCE NO. 224
AN ORDINANCE OF THE CITY OF GENESSEE, IDAHO, RELATING TO DOOR-TO-DOOR SALESMEN BY PROVIDING DEFINITIONS; PROVIDING FOR LICENSING AND FEES; PROVIDING FOR DISPLAY OF LICENSE; PROVIDING FOR LICENSE REVOCATION; PROVIDING FOR BONDING; PROVIDING FOR FEE REDUCTION DECLARING UNLICENSED PEDDLERS A NUISANCE; PROVIDING FOR PENALTIES; PROVIDING FOR ENFORCEMENT; AUTHORIZATION; EXEMPTING CERTAIN AGRICULTURAL SALES; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR THE PUBLICATION AND EFFECTIVE DATE OF THIS ORDINANCE.

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF GENESSEE, IDAHO:

Section 1. DEFINITIONS: Words not defined herein shall be given their meaning ordinarily applied to such words.

(A) "Hawker" shall mean any person who offers goods, wares or merchandise of any kind at outcry upon any street or vacant lot in the City whether by auction or otherwise.

(B) "Peddler" shall mean any person who goes from house to house and offers for sale—goods, wares or merchandise of any kind or description carried with him or taking orders for future delivery of goods, wares or merchandise of any kind or description.

Section 2. LICENSE APPLICATION: Application for a license to be issued under the provisions of this ordinance shall be made to the City Clerk or Treasurer and shall contain a statement concerning the type of business contemplated.

Section 3. FEES: A license fee shall be paid by hawkers and peddlers. The fee shall be: one dollar (\$1.00) per day; twenty dollars (\$20.00) per month; or, one hundred dollars (\$100.00) per year unless otherwise provided in this ordinance.

Section 4. DISPLAY OF LICENSE: Any hawker or peddler is required to exhibit their license upon request of any citizen or police officer.

Section 5. REVOCATION OF LICENSE: Licenses issued under the provisions of this ordinance may be revoked by the Mayor and/or Council for any of the following causes:

(A) Fraud, misrepresentation or false statement (s) contained in the application for license;

(B) Fraud, misrepresentation or false statement made in the course of carrying on a business;

(C) Any violation of this ordinance.

(D) Conducting the business in an unlawful manner or in such a manner as to constitute a breach of the peace or to constitute a menace to the health, safety or general welfare of the public.

Section 6. BOND REQUIRED: Every applicant shall file with the City Clerk or Treasurer a surety bond in the amount of one thousand dollars (\$1,000.00) with the surety acceptable to and approved by the Mayor, conditioned that the said applicant shall comply fully with all the provisions of this ordinance. Action on such bond may be brought in the name of the Municipality for the use or benefit of any aggrieved person.

Section 7. REDUCTION OF FEES: The Mayor and/or Council shall have authority to reduce the license fee for hawkers, peddlers or salesmen in any of the following instances: When the applicant is a resident of the City; when the applicant owns and operates a business in the City; when the applicant represents a civic organization and the funds derived from such hawking or peddling are used for charitable purposes; when the applicant is engaged in selling books, encyclopedias, Bibles or religious materials AND the sale of such materials is deemed by the Mayor and/or Council to be in the public interest.

The Mayor and Council have the authority, at their discretion, to waive the bond requirement in the above instances.

In all cases the decision of the Mayor and/or Council in the amount of the fee shall be final.

Section 8. NUISANCE DECLARATION: The practice of going in and unlicensed residences in the City by peddlers, unlicensed hawkers, unlicensed transient vendors, and unlicensed peddlers not having been requested or invited to do so by the owner of said private residence, for the purpose of soliciting orders for the sale or future delivery of goods, wares, and merchandise of any kind or description, and/or for the purpose of disposing and/or peddling or hawking the same is hereby declared to be a nuisance.

Fourth Grade News (Mrs. Blume)
Our Christmas tree is pretty. Lynn brought an angel for the top. The German balls sparkle with glitter and we made a long popcorn garland to drape on the branches. Everyone is excited and anxious for the party Friday and for vacation to start.
We finished the unit on vertebrates in science and have had our test. Almost everyone scored high on it.
The orange level reading group brought ingredients, followed directions in their book and made no-bake cookies last week. The class enjoyed the crunchy cookies.

Brent Lindquist missed several days of school last week with the flu. Kevin Spence, Kathy Nail, Rudy Diaz and Jean Archibald have been absent with colds and flu this week.
Merry Christmas and a Happy New Year to Everyone!

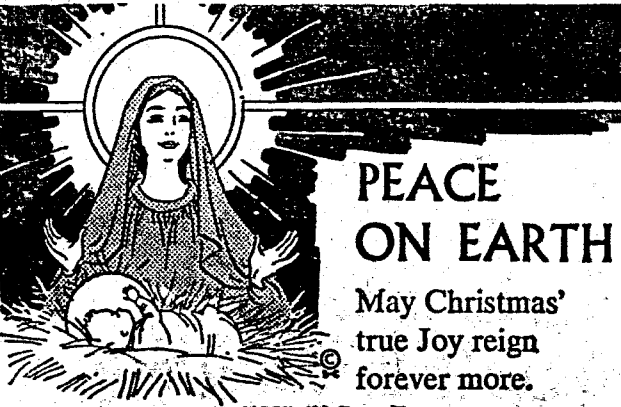

Fifth Grade News
We have done many things this week. In art, we have been making decorations to put on the tree. Danny Alderman brought us the tree. Also, we have been making presents for our parents. We will get out Friday afternoon for Christmas vacation.

Sixth Grade News
We are having fun planning for our Christmas party and making decorations for the tree. Dave Swenson brought our room a beautiful Ponderosa pine and it looks lovely with our handmade ornaments on it.
Those on the Christmas committee are: Mike Burt, Julie Wood, Bryce Barber, Vicki Myers, Pam Russell, Jay Anderson, Kristi Leed, Wade Swenson, Joann Helbling, Kenneth Gunder, Marie Brown.
We drew names and will exchange presents and have refreshments at our party Friday afternoon.
Ken Biele brought us treats for her birthday.

Second Grade News
Nancy Morken brought our Christmas tree. It looks so pretty with the angels and partridges we made. John Baldas brought a star for the top.
We have drawn names for a gift exchange when we have our party on Friday. Students on our Christmas party committee are: Molly Moser, Nanette Morken, Debby Sarbacher, Alesia Lounsbury, Sean Rees, Lynn Mattson and Tom Nail.
Lori Spence brought 2 candles for all to share. We light them during rest time and while we listen to Christmas records.
In printing we've done a variety of Christmas poems, some fun poems, others that really make us think what Christmas means to us.

GOOD SAMARITAN IS COMING To MOSCOW!

Indeed, they are. They are going to build and operate a Retirement Complex here and serve and care for retirees of the Palouse Area, with 90 apartments and a 60 bed convalescent wing to take care of the health needs of it's occupants. For this great thing to happen in our area, we must raise approximately 10% of the construction cost, which is estimated at \$2.3 million. All donations are tax deductible. Interested people should contact any of the twenty or more of the general committee, or fill in the blank space below:

Guests were the bride's parents and sister, Mr. and Mrs. Royce Fuhrman and Janet, Emmett; her maternal grandparents, Mr. and Mrs. Dan Janssen, Shelley; the groom's maternal grandparents, Mr. and Mrs. Raleigh Hampton, Clarkston. Other guests were Mr. and Mrs. Rick Hoyle, Boise; Rick Fleishman, Elko, Nevada; Father Andrew Schumacher, Mr. and Mrs. Robert Scharnhorst, Bruce Scharnhorst, Kathy Huffman, Patsy Costino, Joe Kampa, Sandy Jensen, Jim Devereau, Steve Fuhrman and Mrs. John Turnbull, all of Moscow.

GENESEEE VALLEY

Leroy Teigen was admitted to Sacred Heart hospital, Spokane on Monday for observation and treatment.

Mr. and Mrs. Holmer Rossebo and Charles and Eric Odenberg of Moscow were Monday supper guests and visitors in the Levi Rossebo home.

Mr. and Mrs. Alan Odenberg and Charles and Eric Odenberg of Moscow visited Sunday afternoon with the Delos Odenberg family.

The Valley A. L. C. W. entertained the Palouse area Lutheran ministers and wives Monday with a noon luncheon.

The Valley A. L. C. W. held their annual Christmas luncheon Thursday, with officers of the group serving as hostesses. Mrs. Don Huddleson sang several selections and led in group singing. Readings were given by Mrs. Warren Ervine, Mrs. John Luedke and Mrs. E. A. Morken. Mrs. Leon Danielson, Mrs. Oscar Danielson and Mrs. Leon Danielson were guests of Mrs. Wm. Borgen in Lewiston Friday afternoon.

Mr. and Mrs. Leon Danielson attended the Christmas program at the Grace Lutheran church in Lewiston Sunday. Their grandsons, Danny and Pat were in the program. They visited later in the David Hasfurther home.

New Arrivals . .

Gilge
Mr. and Mrs. Rodney Gilge of Pocatello, Idaho, are the parents of a son born November 30th. The name Clay Lee has been chosen. Grandparents are Mr. and Mrs. Clarence Gilge and Mr. and Mrs. Louie Wagner of Reno, Nevada. Great grandparents are Mr. and Mrs. Alvin Robinson of Kildeer, North Dakota.

FIREFLICKERS CAMPFIRE GIRLS MEET DEC. 12

On December 12, 1973 we made a Christmas decoration. We also went Christmas caroling. We wrapped our parents gifts, too. We had Renee bring treats. She brought cranberry cupcakes that she made by herself. We had hot chocolate to drink. Jean Archibald, reporter

Mrs. Butler's Room

If you enter Mrs. Butler's room you will smell the mixture of Scott's Pine and popcorn. We are recognizing the energy crisis in our classroom by leaving the bright Christmas lights off and decorating our tree the old fashioned way. Yesterday afternoon we invited Mrs. Blume's room into our classroom to string popcorn. It was fun and tasty, too.
It took a lot of hard work in measuring and making our Santa Claus for our tree, but we finally finished and hung them yesterday. They're all cute and varied personalities. We would like to thank Sky Schlueter for bringing us this beautiful tree.
You might say we are dreaming of a white Christmas with our beautiful white snowflakes hanging in our windows, but from the way the weather looks right now we will have to dream a little harder.
Brad Shirley brought our classroom a beautiful silver Christmas ball to hang in our room.
We are all excited for our party Friday and for the holidays.
We would like to wish everyone a very Merry Christmas and a Happy New Year!

THE BERTIE SPENCES WILL OBSERVE 25th ANNIVERSARY

Mr. and Mrs. Bertie Spence will observe their 25th wedding anniversary on Sunday, December 30th, with an open house from 2 to 4 p. m. at the home of Mrs. Viola Scharnhorst.
All relatives and friends are cordially invited to attend.

WHITE CHRISTMAS BREAKFAST

The Genesee CCWE held their traditional White Breakfast Wednesday morning in Fellowship Hall of the church. The tables were artistically decorated with miniature pink and gold Christmas trees, complemented by gold candles and sprays of evergreen boughs. They were made by Mrs. Martin Stout and Mrs. Wm. Haxton Jr. Mrs. Haxton gave a review of the book "Two from Galilee," the love story of Mary and Joseph by Marjorie Holmes.
Mrs. Stout sang, "Little Jesus Boy," accompanied by her mother, Mrs. Elvon Hampton. Mrs. Jess Johnson was general chairman. Mrs. Haxton and Mrs. Stout were decoration and program chairman and Mrs. Johnson kitchen committee.

ORDINANCE NO. 17,6

AN ORDINANCE PROVIDING FOR THE SALE OF LIQUOR BY THE DRINK IN THE CITY OF JULIAETTA, IDAHO; DEFINING QUALIFIED APPLICANT, LICENSEE, QUALIFIED PREMISES, LICENSED PREMISES; PROVIDING FOR APPLICATION OF LICENSE; PROVIDING FOR LICENSE FEE; PROVIDING FOR FORMS OF LICENSE, AUTHORITY AND EXPIRATION OF LICENSES; PROVIDING THAT LICENSES ARE NON-TRANSFERABLE AND NON-REFUNDABLE; PROVIDING FOR HOURS OF SALE OF LIQUOR BY THE DRINK; PROVIDING FOR TERMINATION AND REVOCATION OF LICENSE BY STATE; PROVIDING FOR SUSPENSION OF LICENSE BY STATE; RESTRICTING SALE OF LIQUOR TO MINORS; PROVIDING FOR VIOLATIONS BY EMPLOYEES; PROVIDING FOR INSPECTION BY CITY, COUNTY AND STATE OFFICIALS; PROVIDING FOR RESTAURANT RESTRICTION; PROVIDING FOR COMPLIANCE DURING LICENSED PERIODS; PROVIDING FOR REVOCATION OR SUSPENSION BY CITY; PROVIDING FOR MAINTAINING RECORDS; PROVIDING FOR PUBLICATION AND EFFECTIVE DATE OF THIS ORDINANCE. BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF JULIAETTA, IDAHO:

SECTION 1. DEFINITIONS: The following words and phrases used in this Ordinance shall be given the following interpretation:

QUALIFIED APPLICANT: The term "qualified applicant" shall mean a person or corporation having a currently valid license from the Commissioner of Law Enforcement of the State of Idaho to sell liquor by the drink at a location in the City of Juliaetta in accordance with the provisions of laws of the State of Idaho.

LICENSE: The word "license" shall mean, unless the context shows otherwise, a license issued by the City of Juliaetta to a qualified person or corporation under which it shall be lawful for the licensee to sell and dispense liquor by the drink at retail, as provided by the laws of the State of Idaho.

QUALIFIED PREMISES: The term "qualified premises" shall mean a restaurant as defined in and by this Ordinance.

LICENSED PREMISES: The term "licensed premises" shall mean a qualified premises for which a license has been issued by the City of Juliaetta.

SECTION 2. LICENSE TO SELL LIQUOR BY THE DRINK: The City Clerk is hereby empowered, authorized and directed to issue licenses to qualified applicants as herein provided for qualified premises whereby the licensee shall be authorized and permitted to sell liquor by the drink at retail at such qualified premises in the City of Juliaetta, and upon the issue of such license, the licensee therein named shall be authorized to sell liquor by the drink at the qualified premises, but only in accordance with the provisions of laws of the State of Idaho and the rules and regulations promulgated by the Commissioner of Law Enforcement of the State of Idaho in regard thereto and the provisions of this Ordinance. No person or corporation shall sell or dispense liquor by the drink at any location within the corporate limits of the City of Juliaetta, without first having obtained a license therefrom from the City of Juliaetta in accordance with the terms of this Ordinance.

SECTION 3. APPLICATION FOR LICENSES: Prior to the issuance of a license as herein provided, the applicant shall file with the City Clerk, an application in writing, signed by the applicant or if the applicant be a corporation, by one of its officers, containing such information and statements relative to the applicant and the premises where liquor by the drink is to be sold as may be required by the City Clerk, and accompanied by the license fee issued to the applicant by the Department of Law Enforcement of the State of Idaho to sell liquor by the drink in the City of Juliaetta. The application shall be verified by the affidavit of the person or corporation making the same before a person authorized to administer oaths, and shall be accompanied with the license fee herein required. If any false statement is made in such application, the applicant shall be deemed to have violated the provisions of this Ordinance.

SECTION 4. LICENSE FEE: Each licensee before being licensed by the City of Juliaetta under the provisions of this Ordinance shall pay an annual license fee to the City Clerk in the sum of two hundred twenty five dollars (\$225.00) per annum; and it is expressly provided that such license fee shall not be prorated for any portion of a year less than an entire year. The license fee herein provided for is exclusive and in addition to other license fees chargeable by the City of Juliaetta.

SECTION 5. FORM, AUTHORITY AND EXPIRATION OF LICENSES: Every license issued under the provisions of this Ordinance shall set forth the name of the person or corporation to whom issued; the location by street and number or other definite designation, of the qualified premises to be licensed, and such other reasonable information as the City Clerk shall deem necessary. If issued to a partnership, the names and addresses of the persons constituting such partnership shall be set forth. If issued to a corporation or association, the names and addresses of the principal officers shall be set forth. Such license shall be signed by the licensee and shall not be transferable, and no part of the license fee shall be refundable or refundable. Every license issued under this provision of this Ordinance is separate and distinct and no per-

son except the licensee therein named shall exercise any of the privileges granted thereunder, and all licenses are applicable only to the qualified premises in respect to which they were issued. Unless sooner revoked or suspended, all licenses shall expire at one o'clock (1:00) A. M. on January 1 of the year following the date of issue. No person or corporation shall be granted more than one license in the City of Juliaetta for any one year. The City Clerk shall issue no license within the meaning of this Ordinance to any applicant without the former approval of the Mayor and Council of the City of Juliaetta, and the Mayor and Council of the City of Juliaetta shall approve no licenses, or the issuance thereof to more than two (2) licensees so long as the population of the City of Juliaetta is less than one thousand five hundred (1,500).

SECTION 6. HOURS OF SALE OF LIQUOR: No liquor by the drink shall be sold, offered for sale, given away or consumed upon any licensed premises during the following hours:

(A) Sunday, Memorial Day, Thanksgiving and Christmas from one o'clock (1:00) A. M. to ten o'clock (10:00) A. M. the following day.

(B) On any other day between one o'clock (1:00) A. M. and ten o'clock (10:00) A. M.

(C) On the day of a general or primary election until after the time when the polls are closed. The time herein provided shall be Pacific Standard Time or Pacific Daylight Savings Time, whichever is in effect by order of the State of Idaho or the Federal Government.

SECTION 7. TERMINATION OF LICENSES; REVOCATION BY STATE: Revocation of the license issued to any licensee by the State of Idaho shall automatically be and become a revocation of the license of such licensee issued by the City of Juliaetta.

SECTION 8. SUSPENSION OF LICENSE BY STATE: Suspension of the license issued to any licensee by the State of Idaho shall automatically be and become a suspension of the license of the licensee issued by the City of Juliaetta for the period of suspension of the license issued by the State of Idaho.

SECTION 9. MINORS: No person shall sell, serve or dispense liquor by the drink to any person under the age of nineteen (19) years.

SECTION 10. EMPLOYEES: Any violation of any of the provisions of this Ordinance by any agent, employee, servant, or other person acting in behalf of the licensee, shall be presumed to be a violation by the licensee.

SECTION 11. INSPECTION: Any police officer of the City of Juliaetta, or of Latah County, State of Idaho, or of the State of Idaho, shall have the right at any time to make inspections and examinations of any premises licensed under this Ordinance to sell liquor by the drink as to whether the provisions of this Ordinance and the laws of the State of Idaho are being complied with, and any applicant for a license under this Ordinance shall be deemed to have consented to such inspection and examination.

SECTION 12. RESTAURANT RESTRICTION: Notwithstanding anything herein contained to the contrary, no license for the sale of liquor by the drink in the City of Juliaetta shall be issued under this Ordinance, or otherwise, to any applicant for any premises unless the premises shall qualify as a restaurant as defined in this Ordinance. A restaurant within the meaning of this Ordinance shall mean, and is hereby defined to be, any restaurant, cafe, hotel, dining room, coffee shop, cafeteria, railroad dining car or other eating establishment having kitchen and cooking facilities for the preparation of food and where hot meals are regularly served to the public. Every applicant or a license issued under this Ordinance shall file with the clerk of the City of Juliaetta a statement under oath setting forth that such licensed premises constitute and are operated as such restaurant as herein defined. The filing of any false statements sworn to as herein required shall be grounds for suspension and revocation of license. If premises, licensed under this Ordinance, subsequently ceases to meet the qualifications of the restaurant, as herein defined, the City of Juliaetta shall suspend the license granted under this Ordinance until such time as the premises meet the requirement of being a restaurant as herein defined. If such suspension continue for more than twelve (12) consecutive months, the license shall be revoked without any action on the part of the City of Juliaetta or the licensee.

SECTION 13. COMPLIANCE DURING LICENSE PERIOD: A licensee and the licensed premises must continue throughout the license period to have all the foregoing qualifications. If the licensee or licensee premises should fail to have all of the foregoing qualifications at any time during the license period, the Council of the City of Juliaetta shall revoke the license of the licensee until the licensed premises shall again meet the qualifications of this Ordinance.

SECTION 14. REVOCATION OR SUSPENSION: The Council of the City of Juliaetta may revoke, or suspend, any license issued under this Ordinance if, upon a hearing thereof after at least ten (10) days notice given to the licensee by personal service on the licensee or by mail addressed to the licensee at the address shown on the licensee's application for a license or left with an adult employee of the licensee on the licensed premises, the Council of the City of Juliaetta finds that the licensee, or his agent or employee, has violated or neglected to comply with any of the provisions of this Ordinance, or has on the licensed premises violated any of the laws of the State of Idaho pertaining to the sale of beer or intoxicating beverages or prohibiting gambling, or has made any false statement in the application for such license or transfer thereof, or did not have, or has not

maintained the qualifications of a licensee, or had, or has acquired, a disqualification of a licensee, or whose licensed premises is not qualified as a restaurant within the definition contained in this Ordinance.

SECTION 15. PUBLICATION: That this Ordinance shall be published in one issue of the official newspaper of the City of Juliaetta, Idaho.

SECTION 16. This Ordinance shall be in full force and effect from and after its passage, approval and first publication thereof.

PASSED under suspension of rules upon which the roll call vote was duly taken and duly enacted an Ordinance of the City of Juliaetta, Idaho, at a regular council meeting of the City Council held on December 10, 1973, at 7:30 P. M.

APPROVED by the Mayor this 10th day of December, 1973.

MAY LOWER ROAD KILLS

It's an ill wind, etc. . . . Nationwide reductions in maximum speed laws may save the lives of thousands of game birds and animals that otherwise would die in traffic accidents each year.

Although exact numbers of mishaps are unobtainable, the Fish and Game Department discloses that many more wildlife creatures die later away from the highways, or are not reported by people involved in such incidents.

For years a statewide slogan for motorists have been, "Give wildlife a brake."

Because of the energy crisis, all states now require motorists to slow down, driving at speeds between 50-60 miles an hour.

For years the State Department of Highways and the Fish and Game Department have been trying to reduce the highway toll of big game animals and upland birds, especially pheasants.

Not what we give, but what we share

Out west in the early times it was an unwritten rule that you shared what you had.

Doors were left unlocked and the wayfarer was expected to help himself to food and firewood. He was careful to leave things in shape so the next man would have something. Life could depend on it.

Times have changed, and we have become accustomed to material abundance. However, it's still

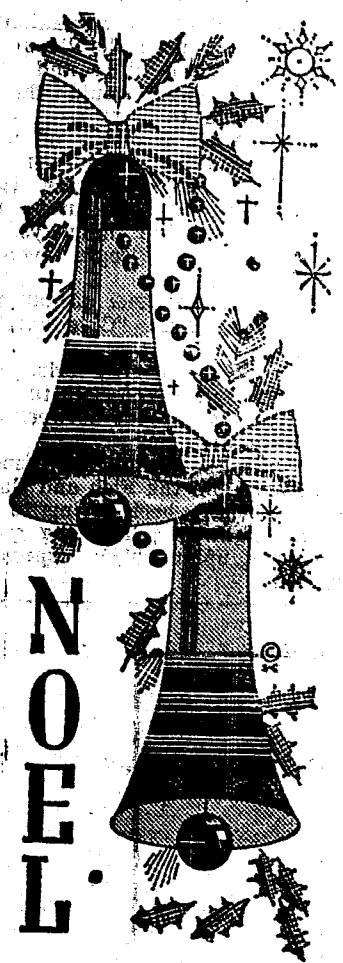

possible to run short or out of the things we need. All at once we see limits to clean air, water and fuel.

At The Washington Water Power Company we believe that the resources are there to meet the reasonable needs. Developing them won't be easy and wasting them will be unthinkable. The old west traditions of saving and sharing can serve us well, again.

FIELD IDENTIFICATION OF DUCKS, GEESE EASY

Some waterfowlers are unsure of their duck and goose identification in the field and do not shoot when large white birds come down, fearing they may be swans. Other hunters shoot first and sometimes discover a downed swan instead of a snow or Ross goose.

Bird identification can be learned. There should be no problem telling the difference between swans and snow geese. Swans are much larger than geese and have proportionately longer necks. Swans are entirely white except for black feet and bills.

Snow geese have black wing tips easily seen from the ground. The Ross goose looks just like a snow goose with the all-white body and black wing tips, but it is much smaller than swans or snow geese. It is about the size of a mallard duck. The snow goose weighs 5 or 6 pounds.

The "Great Basin" or "Canada" goose is most common in Idaho and is the largest of 5 recognized subspecies—the "western," "lusser," "cackling" and "Richardson's." All five subspecies look alike. The difference between them are in their sizes and color shadings. The Canada is the largest with an average wingspan of 76 inches. It weighs up to 13 pounds, with an 8-12 pound range. It is distributed throughout the U. S.

king." The high school elected Wade Mayer to take Eugene's place.

In high school the literary division under the direction of Miss Lela Putsch is going to put on a real Christmas program. The program is humorous reading: Wilma Casbolt; play: "Just Plain Jones"; dramatic reading: Katherine McMahon; piano solo: Oma Castle; Tattler: Esther Hickman; double quartette: Alfreida Hampton, Ida Evans, Esther Danielson, Geneva Rogers, Sylvia Johnson, Olive Mulalley, Grace Jain, Florence Rayer.

Mrs. Ernest Steigers

Monday morning the Clearwater River presented a light chocolate color!

Most of those contacted for news this week contributed the same—"busy, getting ready for Christmas!" The Christmas pageant, "Christmas is a Miracle," which was held at the Cottonwood Creek Community Church on Sunday night, Dec. 16, was enjoyed by a large audience, and received many favorable comments.

Mr. and Mrs. Neale Holstington were Saturday evening guests in the home of his parents, Mr. and Mrs. Clotis Holstington.

Mrs. Betty Cowger entertained as Sunday dinner guests her son, Darrell Cowger, and family of Lewiston. Kenny Johnston, Lenore, visited Friday evening with former classmate Lloyd Stevens and his family in their home.

After visiting a week in the Newt Heath home, guest Dorothy Hayhurst departed early Tuesday, Dec. 12, via plans for her home in Provo, Utah.

Mr. and Mrs. Kenny Rugg, Mitchell and Lisa, spent the day Sunday with her parents, Mr. and Mrs. N. Heath. Edgar Heath and wife, as is their custom, enjoyed Sunday supper, at his parents' home. On Tuesday, the 18th, Edgars left for a Christmas vacation trip to Texas, at the home of a married daughter.

Ernest Steigers, who underwent hernia surgery Monday morning, Dec. 10, at St. Joseph's hospital in Lewiston, returned to his home on Thursday, Dec. 13, and is making a satisfactory recovery. He wishes to thank all his friends for the concern they have shown.

Helena Brown, Emma Weichman and Herman Byers were among the large group of women, men and children attending the Christmas party and dinner held at the Lenore school on Saturday, Dec. 15, by the Lenore Willing Workers Club.

Mr. and Mrs. Alvin Steigers were Sunday dinner guests in the home of Mrs. Albert Heimgartner. Later they were callers in the E. Steigers' home, and enjoyed violin music played there by Leon Stephens, Lewiston, who with his wife Lillie, were afternoon and evening guests.

Mr. and Mrs. Keith Steigers, Huson, Montana, visited relatives at Cherrylane and Lewiston during the past week, returning home Friday.

The December issue of the "Ruralite," Clearwater Power publication, displayed adorable "youngest guests," two of whom—Holly Stevens and Carl Ankney—are granddaughters of Mrs. Emma Stevens. Her son, Lloyd Stevens, later of Holl, was also pictured among lucky prize winners!

Park News

Mrs. Jody Smith

Weather more like November or March has made Park residents almost wish the snow was back. Roads are holding up pretty well but driveways and barnlots are soft.

Area folks are making numerous trips to Moscow and Lewiston, anticipating Christmas, and most, including your reporter, are wishing they'd started in July. But to quote a poem I like:

When my Christmas joy turns into a snow job and my holidays plans elaborate till I'm wrapped in the trappings trapped in the wrappings Lord,

untangle me help me get the tinsel out of my hair refresh me refresh me with a look at the gift of your Son.

WHITEFISH FISHING FUN ON MANY IDAHO STREAMS Wintertime fishing for whitefish is fun and yields a good food fish, either fresh or smoked.

Some whitefish waters do not open for fishing until January but year round seasons are open now. The bag limit is 50 whitefish a day and there is no possession limit.

Though this off-season is growing in popularity each year, whitefish are underharvested in most eastern Idaho counties where they are found, a spokesman for the Fish and Game Department says.

**Mouse-Munching
Coyote**

Moscow: A dead Latah county coyote that ate 27 mice and received national publicity stirred much interest as well as some misunderstandings about a coyote food habit study.

Dr. Maurice Hornocker, leader of the Cooperative Wildlife Research Unit at the College of Forestry, Wildlife and Range Sciences said the study is being conducted by Peter Black, an undergraduate wildlife management student on his own time and is not an official U. of I. research project.

"The news release about Black's work was intended to report what seemed to be an interesting and newsworthy fact on this adaptable predator," said Hornocker. "and was in no way intended to refute the fact that coyotes kill domestic livestock and desirable wildlife species."

However, Black's reported findings that mice composed more than 90 per cent of stomach contents from 14 Latah county coyotes created some misunderstandings, said Hornocker.

Hornocker pointed out that Black's findings were confined to Latah Co. primarily a wheat and pea growing area, where there are only small numbers of domestic livestock. The probability of finding sheep or other livestock remains in the stomach of any Latah county coyote is remote, he said.

"Coyotes are opportunistic hunters," said Hornocker, "and in Latah county they have taken advantage of high rodent populations."

**NEW WASHERS, DRYERS,
SMALLER, QUICKER**

New laundry equipment is designed for smaller areas, smaller loads, and less time involvement.

The added features of the larger equipment are there for you to choose from. Among them are different cycles for various fabrics, different water temperatures, easy to clean traps that keep pumps from clogging, balance buzzer, time control, water level selector, and signal light, reports Ruth Spidahl, state home economics leader, cooperative extension service, U. of I.

The cost for these washers, which handle an average five to 6-pound load is around \$200-\$250.

Companion dryers offer tumble-dry action and, like the washers, need no special wiring. Automatic timer control and air fluff cycles make them usable for most fabrics. The only difference between the small and large dryers is a difference in amount of clothes one dries. Costs range from \$125 to \$150.

Another variation of the small-scale laundry center, Mrs. Spidahl says, is the washer-spin dryer combination. This one has two tubs. One tub is for washing and rinsing. The other is for spinning the clothes damp-dry.

The washer shuts off automatically at the selected time. However, you must manually transfer the clothes from the wash basket to a spin tub. Then you have to return them to the wash basket for rinsing and back again into the spin tub. These machines cost around \$150 to \$200.

Still another type is the all-in-one laundry center with an automatic washer and dryer together in one cabinet. These units fit into a hall way, closet, bath or kitchen. Cost is about \$380.

**BIG GAME HUNTERS URGED
TO RETURN REPORT CARDS**

With Idaho's 1973 general big game seasons over, hunters are urged by the Fish and Game Department to fill out and return all report cards they still may be holding—whether game was killed or not.

The Idaho Fish and Game Commission will meet sometime in January to establish opening dates for 1974 hunting seasons.

With all their glimmering lights
And all the tinsel. ---Todd Jenkins

REPORT COLORS, NUMBERS OF MARKED CANADA GEESE
Hunters who retrieve Canada geese wearing colored neck collars as identification are urged to notify the Idaho Fish and Game Department where the goose was shot, the date, color of the neck band and any accompanying identification.

Yellow collars were placed on Canada geese at Hana and Oliver Lake in Alberta, Canada, this year by Ducks Unlimited and white neck collars were attached at Glacier Bay by the Alaska Department of Fish and Game. Markers of both colors have been observed on geese at American Falls Reservoir in eastern Idaho recently.

A Table of Substitutions

Many people do not know what to do when they are preparing a meal and suddenly realize they have run out of an essential ingredient.

The following table is offered by Joanne Anderson, extension home economist, U. of I., as a possible "frustration-saver" for your next emergency.

- One Ingredient for Another If You Don't Have This:**
- 1 tbb. flour for thickening: use 1/2 tbb. cornstarch, arrowroot or quick cooking tapioca.
 - 1 cup corn syrup, use 1 cup sugar plus one-fourth cup liquid.
 - 1 cup honey: one and one-fourth cup sugar plus one-fourth cup liquid.
 - 1 oz. unsweetened chocolate: 2 tbb. cocoa and 1 tbb. butter.
 - 1 cup buttermilk or sour milk: 1 tbb. vinegar or lemon juice and enough milk to make 1 cup.
 - 1 cup whole milk: 1/2 cup evaporated milk and 1/2 cup water or 1 cup reconstituted nonfat dry milk and 2 tsp. butter.
 - 1 tsp. single acting baking powder (tartate): 1/2 tsp. double acting baking powder or one-fourth tsp. baking soda and one-fourth cup sour milk or one-fourth tsp. baking soda and 5/8 tsp. cream of tartar.
 - 1 tbb. active dry yeast: 1 pkg. active dry yeast or 1 compressed yeast cake.
 - 1 whole fresh egg: 1/4 cup packed dried egg mix plus 1/4 cup water.
 - 1 cup sugar: 6 tbb. corn syrup plus 1/2 cup sugar (decrease liquid in recipe by 2 tbb.).
 - 1 cup molasses: 1 cup honey.
 - 1 cup sweet milk: 1 cup sour milk or buttermilk plus 1/2 tsp. baking soda.

Hunters are urged to clean out their pockets and get the cards filled out and in the mail before Christmas. They provide direct information for appraising local harvest and hunting pressure—information needed in making plans for 1974 seasons.

 The Third grade is expecting their shipment of books the first of January. Our baked goods sale was a great success; were were \$81 short of our goal and Mr. Manfull contributed to give us our total of \$14 for 50 books.
 The Third grade students hope you all have a Merry Christmas and a Happy and Prosperous New Year. We would also like to invite everyone to our Christmas program Thursday at 1:30. We have an Around-The-World Christmas theme this year. The Third grade chose Germany for their theme.

Fourth Grade
 Student of the Week is Shari Harris. She brought some pottery that she made to show us.
 Asotin played the Fifth and Sixth grades in a basketball game last Friday. Asotin beat the 5th grade 15-14, and the 6th grade 21-15. And thank you, Mr. Manfull, for letting the Fourth grade go.
 Willy the Bookworm is just about to "Z".
 We are having a spelling test in which we choose one of four words that is incorrect.
 Wednesday the school is having a dress rehearsal and a "goody" party. Thursday is our Christmas program at 1:30 p.m. "All are Welcome!" Friday the High School will entertain in the morning. We will exchange gifts later in the day.
 There is not much school work now, but there will be after Christmas—lots of work!
 Merry Christmas and a Happy New Year!

5th Grade News
 A big Thank You to those who let us use their booster hats. Mr. Jones said we get a 25-minute recess because we did good on our play practice.
 In Science we're studying about the parts of a tele. Time and of ways of communication. Thanks to Cheryl Hutton, we know now what the inside of a telephone looks like.
 On our Social Studies test—we had a hard time answering the questions. But some of us pulled through and some of us didn't.
 Mr. Jones divided us up in groups and assigned each group a bulletin board.
 Last Friday we went to a game up at the High School. The 5th grade boys lost by one. But they worked really hard.
 We are learning to add fractions now. It's easy and fun.
 Grady Shawver drew a funny Santa Claus for our bulletin board.

Music Abounds at Kendrick Grange, Masons Party

The Grange Hall had been beautifully decorated and more than 100 Masons, Eastern Stars and Grange members and their guests gathered there on Sunday afternoon, Dec. 18, for the annual Christmas party. This included at least 40 children.

The program began with the Christmas Story in song by the Julietta choir with the help of the crowd, directed by Eugene Taylor, as follows:
 "O Come All Ye Faithful" by everyone; "There Were Shepherds," Julietta choir; "Silent Night" everyone; "Star of the East," solo by Anita Powers, supported by other choir members; "It Came Upon a Midnight Clear," everyone; "Glory to God in the Highest," Julietta Choir, concluding with "Joy to the World" by everyone.

Julietta choir members are Eugene Taylor, Vera Hutcherson, Gussie Eggers, Viola Johns, Anita Powers and Iva Johns, with accompaniment by Margaret Halliday.
 This was beautifully done. Special entertainment by the children came immediately after as follows:
 A recitation, "Fido's Stocking," Randy Benjamin; song, "Mary's Little Boy Child," by Cheryl Hutton and Lori Frary; two songs, "Frosty the Snowman" and "Unto You Is Born This Day," by Jon Fey, Deena Brocke, Mark and Mike Harris, accompanied on the guitar by Sharon Harris. This was preceded by a recitation by Mark.

Three numbers by Dolly, Danny, Becka and Luke Emery. "The Sleigh," played on the piano by Dolly Emery, accompanied by the singing by the others. A song by all four of them and a recitation.
 Recitations by the Hutcherson twins, Bret and Brent. "Frosty the Snowman" by Jeanette Nye, Galen and Glynna Browning and Terry and Talylna Browning and Terry and Tanya Beebe. "Merry Merry Christmas," "Jackie Frost" and "When Santa Comes Down the Chimney" by Glynna Browning and Terri and Tanya Beebe, accompanied on the piano by Anita Beebe. Every number was greatly enjoyed by the crowd.

"Away in the Manger" was sung by all of the children; then each was presented a candy cane.
 Group singing led by Eugene Taylor brought "Jingle Bells" which ushered in Santa Claus who had treats and gifts for all.

Lovely refreshments of Christmas cookies, punch and coffee were served by ladies of the Grange and Eastern Star. A good time was had by all.
 The balance of the afternoon was spent greeting friends and visiting and inspecting the cupboards and sinks being installed in the Grange kitchen—a wonderful improvement.
 Recent donors to the Building Fund are Browning Enterprises of Julietta.

Open House at Oziers
 The open house held last Sunday by Rev. and Mrs. Ron Ozier at the United Methodist parsonage was well-attended by approximately 60 neighbors and friends of the minister and his family. Rev. Ozier said this week he and his wife were sincerely appreciative for the success of the open house and offered their thanks to all who attended.

New Arrivals . . .
