### 50 Years Ago

Mildred Schel who has been working at the Fred Morscheck home left Friday for Lewiston. Mrs. Fred Morscheck left Monday for Lewiston where she will clerk in Beach's Department Store.

Summit school opened Monday with Miss Ora Tolliver as teacher. The public school opened Monday with a total enrollment of 200 boys and girls.

Young Leopold and Loeb, the two Jewish boys who kidnapped and murdered another Jewish boy by the name of Franks, of Chicago, were sentenced Wednesday to life imprisonment.

Miss Bernadine Haasfurter and

Miss Florence Stone left Wednesday for Moscow where they have enrolled in school.

Miss Gladys McMillan returned to her home in Pullman after having spent the summer in the Joe Tobin home.

Mr. and Mrs. John Kluss are the proud parents of a baby daughter born Monday. All are reported as doing nicely.

On the afternoon of August 31, a shower was given for Mrs. A. Williams when some 80 of her friends and relatives were present.

Mrs. Williams was formerly Seena Erickson, having married A. Williams of Spokane, at St. Maries on June 7.

30 Years Ago  
Mrs. Fred Hampton fell while doing her usual housework Tuesday afternoon and suffered a badly fractured right leg.

Henry Martinson was honored with a coffee party Friday afternoon given

by his daughter, Miss Esther Martinson to celebrate his 80th birthday. Showers broke our heat wave and made it necessary to have a fire in the house in the evening.

Walt Gehrke, Markie Springer, Cecil Gray, Mel Wardrobe, Art Hansman and Dale Lanphier left Wednesday for Pothatch to do highway work for the state.

Members of the Christian Endeavor gave a farewell party for Louise Vandenburg who left Sunday to enter cadet nurses training at Walla Walla.

Kendrick Gazette August 17, 1924

The Kendrick Bean Growers Association shipped during the past week, 1 car of beans by train and some 800 bags by truck. The price is up and the farmers are beginning to look for places to get them cared for.

August 17, 1944  
Mr. and Mrs. Walter Bencotter of American ridge are the proud parents of a 7½ lb. girl, born to them August 14.

Local tomatoes are now quite plentiful and cantaloupes and the so-called "ice cream" melons are now appearing.

Stony Point News — Katherine "Katie" Mound is home for a visit with her parents, Mr. and Mrs. John Mound. She is employed in California.

Billy Steigers celebrated his 18th birthday anniversary on Sunday. Dinner guests were Mr. and Mrs. William Steigers, Mrs. A. E. Deane, Donald Brown, Mildred Steigers, Carl Ralph and LeRoy Steigers. Afternoon callers were Hugh Parks and children, Byard and Ferol.

August 24, 1944  
Sgt. Jay Armitage stationed at Geiger Field near Spokane spent the weekend here with his brother, Ross and family and with his parents, Mr. and Mrs. Tom Armitage of Southwick.

In a letter from Ray Bencotter to the Gazette it reads in part—Dear Bill: You mentioned a good friend of yours, Jack Vandenburg, being a rifle instructor here at Camp Hill (Farragut, Idaho). He was our instructor in rifle practice and he must have taught us something because our camp won the 30-06 pennant. He is really a swell guy and he knows what he is talking about. Bill, I want to thank you for the paper. It sure helps to keep track of the other fellows and also gives me the low-down on all the hometown news.

### J. LUCIAN BURNS, NEW STATE COMMITTEEMAN FOR LATAH CO. CENTRAL COMM.

Moscow—J. Lucian Burns, Viola, was elected state committeeman for the Latah county central committee Thursday evening at a joint meeting and Fifth district organizations.

Burns replaces Dr. C. L. Chehey who is presently Region II chairman for the party. The committee voted to nominate Chehey to succeed himself in the regional position which cover five counties.

Sam Haddock was reelected to the chairmanship of the county committee; Allen Bowles, formerly vice president of the district, was elected county vice chairman; Grace Wickes was reelected state committeewoman; Steve "Pete" Wagner, youth committeeperson; Eileen Reid, secretary; Ralph Koster, treasurer, and Shirley Mix, publicity chairman.

Elected to District Five offices were: Dwight Hoffman, chairman; Carol Ann Mackin, vice chairman; Tom Hill, secretary-treasurer.

Edwin Morken, Genesee, resigned as district chairman recently to campaign for the state House of Representatives.

County chairmanship Haddock introduced new precinct committeemen at the meeting, including Sue Hopkins, precinct 10; Allen Jensen, 15; Allen Bowles, 16 and Gladie Woheter, 28. He appointed C. M. "Butch" Shaffer to the precinct 3 post at the meeting. One precinct is vacant, number 5, Haddock said.

### SCHOOLS OPEN — DRIVE CAREFULLY

School days are a reminder to drive carefully, says AAA. "Safe driving is a year-round responsibility but it becomes especially important when school starts," said Fred C. Becker, president, kicking off Inland Automobile Association's annual School's Open traffic campaign.

Becker stated that "it is up to you the driver to exert caution when approaching and going through intersections and school crossing zones. The beginning of school also means that our neighborhood streets will be crowded with students many of them younger children experiencing a complex traffic environment on their own for the first time. This necessitates extra driving care during both the early morning and afternoon hours."

Becker continued by reminding that "School Safety Patrols will be once again guarding school crossings. Over the years the Safety Patrol organization has developed into a venerable U. S. institution. They have done a tremendous job in helping to reduce the school-child pedestrian accident rate."

### GARLINGHOUSE MEMORIALS

First Security has a

# SAVINGS COMBINATION for everybody!

- the amount you need
- the rate you need
- the time you need
- all of the above

First Security is in the position of being able to create the right savings plan for the right customer. The right amount, the right rate, and the right length of time to fit your particular needs and limitations.

If you don't see the combination below that exactly matches your savings requirements, come in and talk. We may be able to come up with a new combination.

First Security pays the highest legal rate on savings: 5% per annum on passbook savings, and up to 7¼% per annum on certificates that mature in from 3 months to 4 years or longer, for minimum deposits of \$500 or \$1,000.\*

Your savings are insured by the Federal Deposit Insurance Corporation, and assured by the Intermountain West's largest financial institution, with assets of over \$1½ billion.

At First Security, saving is our business . . . and we're willing to work with you.

\* All rates per annum, federal regulations require substantial penalty for early withdrawal on certificates.

## UNITS 12, 16-A, 17, 19, 20— ANTLERED ELK ONLY HUNTS

The antlered elk only regulation is in effect in several units again this year. In some units antlered elk hunting will be open only in certain parts of the unit.

Unit 12 will be open again for an early hunt for antlered elk only from September 14 through October 13. This is the shaded part of Unit 12 in the 1974 regulations. Be sure to check the management boundary descriptions in the regulations. The remainder of Unit 12 will be open to either sex elk from October 5 thru November 3.

Unit 19 will be open to elk hunting for either sex in that portion upstream from and including the Sheep Creek drainage from September 14 through November 10. This same area will continue to be open for antlered elk only from November 11 through November 24. Again, this is the shaded area of Unit 19, so check your 1974 management boundary descriptions. The remainder of Unit 19 will be open for elk hunting, either sex, from October 5 through November 3.

Units 16-A, 17 and 20 will be open to elk, either sex, from September 14 through November 10. These units then continue to be open for antlered elk only from November 11 through November 24.

For those not familiar with Unit 8, it is extremely brushy and heavily timbered country in the deer areas. There are a lot of winter wheat fields mixed in part of it. The scattered tracts of private, U. S. Forest Service and Potlatch Forest lands make it difficult to know who's lands you are hunting on. So be sure and ask permission on the private lands. Potlatch Forest allows hunting on all their lands. A person should be careful with fire during this September season in the entire area.

Unit 8 is good whitetailed deer country and some pockets of elk are located in the more heavily timbered areas. It is also ruffed grouse habitat and the opening dates for grouse, chukars, huns and quail is also September 14.

The unit will be watched closely to determine the direction of future muzzle loading seasons in Idaho. Field personnel will be making hunter contacts and checking weapon types used.

"Every person now and then—has a legitimate gripe—either too poor, no work, too much work, sick or religious or political problems—but, we still feel that most every American IS what he or she wants to be—Like It Or Not!"

## Weber - Wilson Wedding Vows Said August 3

After a honeymoon to Canada, at Banff, and Lake Louise, Mr. and Mrs. Merle Wilson are making their home in Quincy, Wash. He is employed as deputy sheriff of Grant County and she is employed as secretary in the Grant County Prosecuting Attorney's office.

She is the daughter of Mr. and Mrs. Robert K. Weber of Quincy and he is the son of Mr. and Mrs. Lloyd A. Wilson of Genesee, Idaho.

The Rev Paul Kohler officiated as the couple recited wedding vows on August 3rd at the First Presbyterian Church of Quincy, in a setting of pink gladioli, pink carnations, daisies and baby breath. Altar and organ floral arrangements were carried out in the same type of flowers.

The bride, given in marriage by her father was lovely in a white organza and embroidered gown, with bishop

sleeves and a high ruffled neckline. A bishop mantilla cascaded into a floor-length train and she carried a bouquet of daisies and carnations.

Maid of honor, Debbie Thaumart, friend of the bride, from Quincy was attired in a lavender floor-length gown. She wore a picture hat and carried a miniature basket of daisies and carnations. Bridesmaids were clad in pink floor-length gowns and picture hats and they also carried miniature baskets of flowers identical to the maid of honor. Miss Robin Weber, sister of the bride served as bridesmaid; also Pam Weber, cousin of the bride from Seattle and Janell Schulz of Quincy, friend of the bride.

Jerry Esser, of Seattle, life-long friend of the groom served as best man and John Young, of Quincy and Larry Boyd and Stan Aston of Ephrata, Washington were ushers. They

## RADIATING WAVES

To be safe from radiating waves stand at least an arm's length away from older model microwave ovens while they are in operation, suggests the Idaho Medical Association.

In most instances the human body is able to accommodate microwave radiation without harm to a level of 10 milliwatts per square centimeter. Federal standards permit a new oven to emit no more than 1 milliwatt per square centimeter. The radiation is measured two inches from the oven door.

The newer ovens also must be equipped with safety switches that shut down the power sources when- are associated with the groom in law enforcement work.

The bride's mother wore a pink street length dress and the groom's mother wore a turquoise street length gown.

Following the ceremony a reception was held in the church with Vicki Young and Sharyn Weber of Quincy serving cake while Arlene Foglesong of Quincy presided at the punch bowl and Gretchen Call, also of Quincy, poured. Later another reception was held at the Turf Cafe in Quincy.

The bride is a graduate of Quincy high school and Kimman Business College. The groom is a graduate of Genesee high school and Big Bend Community College.

ever the door is opened or the door seal is broken.

Ovens manufacturers since October, 1971, when the new safety regulations went into effect are unlikely to cause health problems according to R. H. Wheeler of the Department of Environmental, Public and Occupational Health of the American Medical Association.

Depending on the successful enforcement of these standards, there appears to be little risk in the use of the commercially available ovens, providing the user complies with the manufacturers instructions.

The unit should be periodically serviced by an authorized repairman; door seals should be inspected and cleaned regularly to remove food deposits; metal cooking containers should not be placed inside the oven; the oven should not be operated when empty.

Additional shielding of the older ovens is possible sometimes, but the best protection is afforded by extending the physical separation of the body from the oven. The intensity of the radiation wave decreases rapidly as it leaves the source. Keep at arm's length away. An adult's arm.

"The good old days" were when the police didn't hide at the side of a busy road, but took their chances in traffic like everybody else.

## News Items From Juliaetta School

### No School Friday—

There will be no school Friday, Sept. 13 for teachers in District 283. The teachers will attend an inservice training workshop at the University of Idaho.

### 2nd Grade to the Fair—

Friday, Sept. 13, the second grade has been invited as a group to visit the Latah County Fair. The children will tour the Fair and receive free rides. The regular teachers will not be available to accompany them due to conflict of dates. It is therefore up to parent volunteers to accompany them on the school bus. This means also that you, as parents, are responsible to get the children to the bus and pick them up on return. Pack a noon lunch for your child as a picnic has been planned. Those

boarding the bus at Juliaetta, please be at the Juliaetta Grade School by 8:30 a.m. Those boarding the bus in Kendrick, please be at the Kendrick Park by 8:45. The bus will return about 2:45.

### Auction Date Set—

The annual Auction Sale will be October 11 at the Elementary School. Please make a note of this on your calendar.

### Room Count—

There are 24 students in the 1st grade; 22 in the 2nd; 28 in the 3rd; 27 in the 4th; 25 in the 5th and 35 in the 6th, it was reported this week.

### 1st Grade—

We have 24 first graders in our room this year. This first week we have been busy getting acquainted with each other. We have drawn some very interesting pictures of ourselves. We also made pictures to put on our "School Is Fun" bulletin board.

Friday afternoon we had a birthday party for Glynna Browning. Glynna's mother brought delicious re-

freshments and pretty party favors for the class. At dismissal Mrs. Browning led the class in singing "Happy Birthday" to the teacher whose birthday anniversary is the same day as Glynna's.

Our class members are: Angie Abrams, Brent Adams, Jill Allhands, Glynna Browning, John Bryan, Michael Cook, Dan Emery, Eric Fry, Jon Fey, Teresa Foster, Darcie Gentry, Kris Gillispie, Linda Gillispie, Tony Henson, Robert Jones, Bill Lamunyan, Jeanette Lettenmaler, Crystal Longfellow, Jennifer Parsley, Karen Reil, Dale Renfrow, Rodney Robenstein, Bill Ruark, and Diane Wilson.

### Grade Two—

"You are my sunshine" it says on a bulletin board behind the teacher's desk. And our sun has 22 rays. On each ray is a student's name.

We've had a good beginning week, getting to know each other. We have just one new student to our room, Richard Williams, who comes from Clarkston.

Our helpers this week are: Messenger, Ted Denler; Flag leader, Brenda Hamilton; Papers, Lisa Foster; Library, Jack Meyer; Door, Patty Lohman.

Although there is no school on Friday, our class will attend the Latah County Fair as a group.

### 3rd Grade—

The 3rd grade had a possible 37 students to register this year but due to the moving of many families there are only 28—18 girls and 10 boys.

A new addition to the 3rd grade this year is Vicki Renfrow who has moved to the area from Sagle, Idaho, near Sandpoint.

Students began an exciting week yesterday by practicing how to cursive write the small and capital "A." Mr. Williams, the music instructor, began helping the 3rd graders practice for their program in the Auction Sale to be held on October 11. The students will later make costumes for their part in the program.

The students and teachers are looking forward to an exciting and fulfilling school year.

Supplementary Reading, Lee Plank—It is that time of year again. Everything seems to be settling into place. Old acquaintances have been renewed and some new friends made.

Now that the students have begun to settle down it is time to get the reading program started.

Of course, every year must start out with testing. This year, however, my testing requirements will be met as soon as possible so we can get right into the reading program.

I am very pleased to be working in the reading program again this year and am looking forward to a very productive year.

Fourth Grade News—Willy the Bookworm has 29 books so far this week.

We lost two kids, Vicki Perkins and Jim Nolan, but we have gained one. Her name is Joan Carson.

Shawn and Charlie are doing an experiment. They took a test tube, a piece of construction paper, a balloon, clippers, a light bulb, and a light bulb stand. They put the light bulb on the light bulb stand. Then they turned it on and then they put water in the test tube. They set the tube by the light bulb. The heat evaporated the water into gas and the gas blows up the balloon.

## IDAHO DEPT OF EMPLOYMENT

15 Latah county workers were given job finding help through the Moscow office of the Idaho Department of Employment during the past week Frank J. Hartstein, Moscow office manager said this compared with 13 workers placed on jobs last week but was far below the 31 workers helped into gainful employment during the first week in September of 1973. Hartstein's office had a total of 39 jobs still open at the end of the week. Among the workers needed were cooks, waitresses, and domes-

Linda is doing an experiment on planting radishes. She is using vermiculite, a combination of soil and vermiculite and then plant soil. She will see which grows the fastest.

We had to draw our family on Friday. We had to use crayons and if we didn't get finished we had to do it on Monday.

That's all!  
Reporters—Randy Benjamin and Kevin Lohman  
P.S. These two boys were the first to volunteer as reporters. I'm proud of them.—Miss Stefonek.

### 5th Grade News—

Bronwyn Manfull cut her right heel on a go-cart and got six stitches. Wednesday we will have an assembly. Friday we won't have any school but the teachers have to go. This year we got four new students: Mike Carson, Joann Heath, Randy Renfrow, Lexa Cafaro. President of the class is John Siflow, vice president, Cathy Hamilton; secretary, Teresa Howerton; sergeant-at-arms, Robin Court-right; Librarian, Joann Heath; reporters, Berk Shawver, Mike Carson.

### Sixth Grade—

The sixth grade is happy to welcome the addition of three new classmates this year: Wendy Williams, Patty Heath, Brian Von Bargaen.

We are working on converting numbers from one base to another in Math. In Language we have been studying the means of words, abbreviations, alphabetical order, prefixes and suffixes, homographs, and idioms.

Our Reading has been done from newspapers and magazine articles, books, etc. We have finished about one half of our first unit in Social Studies. The following students received 100's on the first unit test: Dale, Wolff, James Downs, Brian Van Bargaen, David Trapp, Rheanda Wilson, Cheryl Hutton, Gina Whittinger, Cynthia Millard, Grady Shawver, Roger Warner, Kevin Renfrow, Darren Clemenhagen, Janey Jacobs, Cindy Boe, Ronda Conway, Wendy Wilson, Patty Heath, Leonard Arnett, Larry Gillispie.

Our new class officers are as follows: President, Grady Shawver; vice president, Gary Gertje; secretary, Brian Van Bargaen; treasurer, Gina Whittinger; library, Janey Jacobs; reporter, Cheryl Hutton.

Library Items—The library is in full swing. New paint and varnish jobs, and Mrs. Cope's potted plants make it most attractive.

The first week of school, four days, 109 books were checked out.

Eighteen monthly periodicals are on the magazine rack.  
The first grade, accompanied by their teacher, Mrs. Parks, was made acquainted with the library and how to use it.—Janis Jones.

tic workers, as well as secretaries, a carpenter and a variety of workers in technical and professional fields.

Unemployment continued to decline somewhat as more workers returned to school related employment and other workers commenced classes during the week. The total number of idled workers seeking compensation in Latah county now stands at 191, down from last week's 224, and considerably less than the 288 last than the 288 a year ago. At this time last year conditions in the area's forests were such that the Forest Service had prohibited logging in most areas of the county. The decline in the number of benefit claimants was noted in nearly all areas of the county. In the Moscow area, the current total is 134, last week 154, and a year ago 160. At Troy, Daary and Bovill the current total is only 19, down from last week's 26, and less than half of last year's 43. At Potlatch, 23 persons are seeking benefits, 5 less than a week ago and far fewer than the 55 of September 1973. At Genesee the figures are 11, 10 and 7, and in the Kendrick area the totals are 4, 6, and 3.

We know a man who told his teenage daughters they should run for the legislature, because they were great at introducing all types of new bills into the house.
