## Monday Fire Destroys Rural Southwk. Home

Fire, apparently ignited from an over-heated flue, totally destroyed the farm home known as the old Wendt place Monday afternoon. The farm is now being farmed by Kenneth Wilken and the house was occupied by Mr. and Mrs. Jerry Gillispie and their four children.

The Gillispies were all home when the fire was discovered at approximately 2:00 p. m. It started in the upstairs and by the time Mr. Gillispie discovered it, it was too far gone to be extinguished by anyone without help. Elmer Lohman, a neighbor, also saw smoke coming from the roof about this time and came to help. Other neighbors and friends also arrived quickly and helped the family save a few of their belongings before the heat became too intense.

Mrs. Kenneth Wilken said Tuesday morning that the house would have to have been over eighty years old at least, because her father, the late Henry Wendt, was born in the house in 1900, and it was not a new house then.

Mr. and Mrs. Gillispie and family have temporarily moved into the home of a brother, Bruce Gillispie, of Juliaetta.

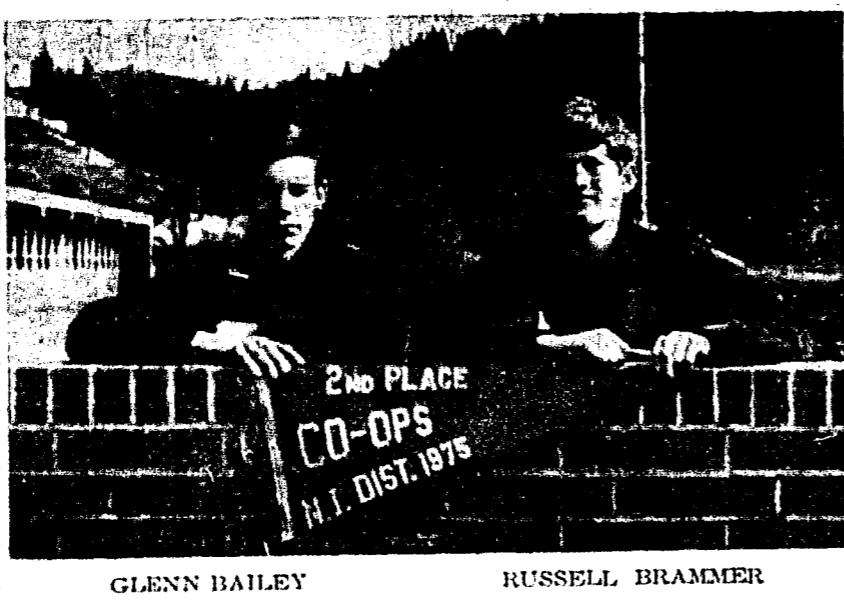

## Buttercups and Yellow Belles From Cedar Ridge

Lance Wadford brought some lovely buttercups and Yellow Belles into the Gazette Office Monday morning to show us. She and her mother, Mrs. John Wadford had picked them up on Cedar Ridge Sunday.

Thanks, Lance.

## Public Meeting on Juliaetta Sewer Grant April 15, 16

Mayor Harold Freeman said Tuesday that a public meeting will be held in Juliaetta's city hall April 15 and 16 to get some public input as to the wishes for a H. U. D. (Housing and Urban Development) grant for the city sewer line.

Freeman said the preliminary ground work for the application for the grant has already been made, but before the final application is filled out, the city would like to get some public reaction as to desire and any ideas the citizens might have.

Receiving an HUD grant could reduce the cost of service charges to Juliaetta residents, Freeman said.

Both the April 15 and 16th meetings will begin at 7:30 p. m.

## Shower for Gillispie Family Friday at Cream Ridge Church

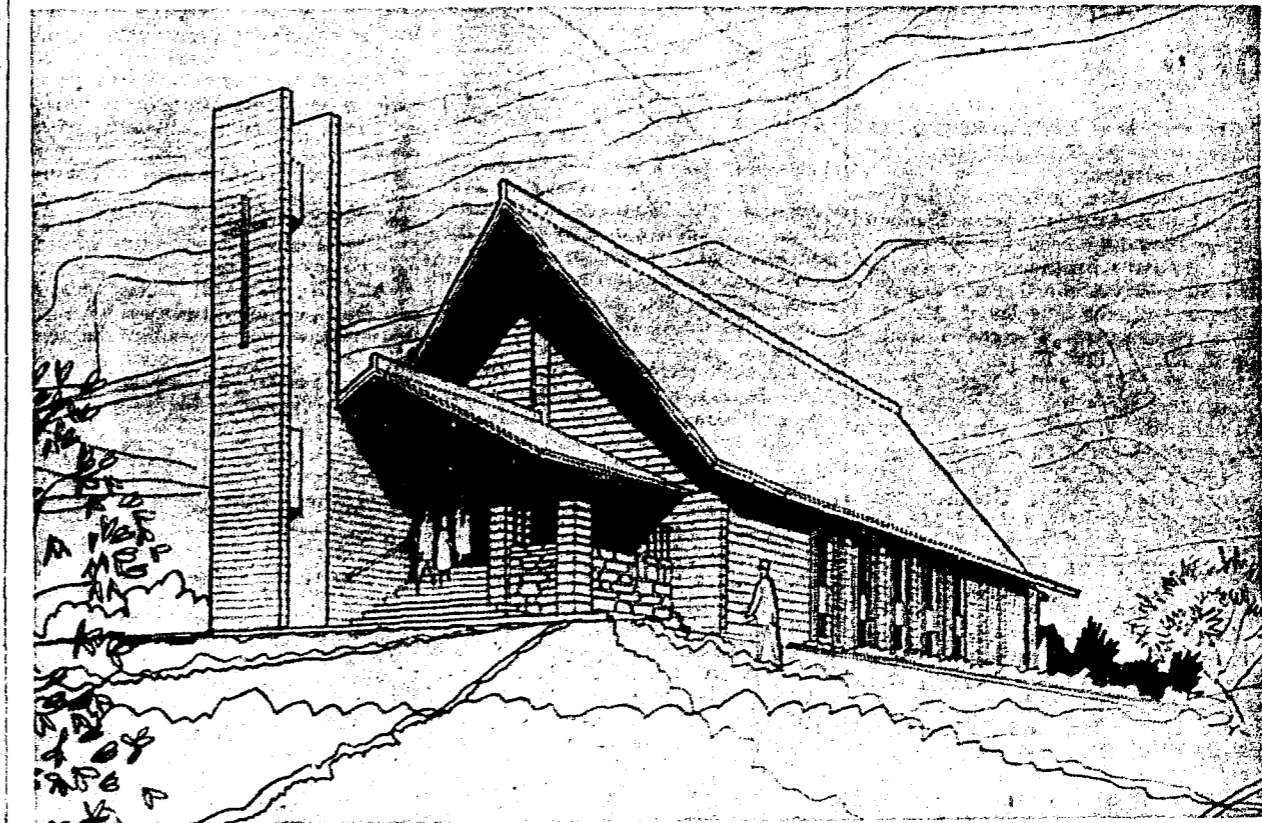

There will be a public shower for Mr. and Mrs. Jerry Gillispie and family Friday night at 7:30 in the Cream Ridge church, it was announced this Tuesday. The family lost most of their belongings, clothing, household goods, food supplies, and other necessary items in a fire which destroyed their home Monday afternoon.

The Gillispies have four children, two girls, ages 7 and 8; and two boys, ages 12 and 15.

David was 5th high individual.

## Cameron Emmanuel Lutheran Church Observed 10th Anniversary Easter Sunday

By Rosalie Blankenship

Emmanuel Lutheran Church of Cameron celebrated its tenth anniversary on Easter Sunday, March 30, with a Sunrise Service and an Easter breakfast. Just ten years on Easter, the first worship service was held within the new sanctuary. A month later on May 16, 1975, the lovely new church with its cream-colored exterior and colored-glass windows was dedicated to the Glory and Praise of The Triune God. Speakers were: District President Rev. S. C. Siefkes; Rev. Otto Ehlen, Rev. Sherwin Schmidt and Rev. Theo Meske.

Prior to building the new church the congregation was faced with one of several decisions: extensively remodel and add to the old church—build a new church in a different location in or near a town—or tear down the old Church and build on the same spot. The latter choice was decided upon.

In recent years the community of Cameron had witnessed the disappearance of: The Community Hall, the blacksmith shop, the grade school, and finally the country store and post office. The church was now all that remained to hold the people together for any sort of community life. Besides—it was unthinkable to the members who were born and reared in or near this farming community to give up their beloved country church worship.

Many had been baptized, confirmed and married in the Cameron Church, and the well-kept cemetery to the south gives mute testimony of the many early members who have gone to their final rest, those who organized the first congregation in 1891, and those who settled in this area year by year—joined the church

and faithfully helped to carry on the work.

There had never been a problem to keep a growing active membership—for even as beloved oldsters left our midst, or some of the members moved away, we were continually taking in new families from this fertile farming area and the near-by towns.

So a committee was chosen and plans got underway.

It was not, however, without a feeling of sadness and regret that we watched our little white Church with its tall bell tower (built in 1903) being dismantled piece by piece, yet realizing we must accept the demand of progress and modernization, and the old Church could no longer adequately meet the needs of the growing congregation. The cost of the new church was around \$90,000—and was paid off in 1972. We often drive by country churches in other farming areas that had to be abandoned when their membership dwindled to almost none. Therefore, the people of Emmanuel are grateful for a flourishing, active membership. When the Lutheran Church on Bear Ridge had to close its doors some years ago, we were fortunate to have its members join the Church at Cameron.

The Church lawn with trees and a big fireplace, and the parsonage, are located to the immediate south of the Church.

The bell, which was taken from the old Church is housed at the northwest corner and its inviting tones can be heard for several miles on a clear day.

Driving up highway P1, the Church is visible for quite a distance as it rests on a knoll overlooking surrounding farmlands and homes. Nor is its presence missed at night, for flood-

lights line the entire base of the south wall.

The first congregation was organized in 1891, 84 years ago. This is the third Church to be built. The first church was erected on a lower building site, and a little way off to the north.

The second church, at the present site, was built in 1903 for approximately \$2,000. Some five years later its tall spire was lowered 12 feet, for strong winds often would make the entire Church quiver—and was considered unsafe. This step did help that situation.

In 1909 the former parsonage was built for approximately \$950. It was right beside the first Church building which had, by now, been converted to the Parish Hall, and was used for Bible School, and all social functions of the Church.

Our pastor—Theo Meske, is the 7th pastor and has served here since 1935. Preceding him were the traveling preachers—Selle, Horn and Reike. And resident pastors Groschup, Voss, Finke, Hopf, Rein and Ehlen.

Present organizations within the Church include—The council; Sunday School for all ages, Bible Study group, ALCW (ladies aid), Young people group, Pastor's Confirmation classes, choir, and a large enrollment vacation Bible School each June.

The lower level is used for Sunday School and for all extra-curricular activities. It has a well-equipped kitchen.

Emmanuel Lutheran sends out a sincere invitation to any and all who wish to join in her Worship Services and hopes to shine for many years as a True Beacon Light on her little hill at Cameron, Idaho.

## Senior Citizens Will Meet Monday, April 7th

Next meeting of the "Golden Sunset" Senior Citizens, will be Monday, April 7th at 12:30 p. m. in the Kendrick Fraternal Temple Building.

Festivities will begin with a covered dish luncheon at 12:30. Those attending are asked to bring a covered dish—plus—table service (plate, cup and silver ware) for themselves. Hostesses will furnish rolls, butter, jelly, coffee and punch.

Marcus Ware, attorney-at-law of Lewiston, will be a featured speaker, following the luncheon. His topic will be concerning "Wills and Probate". Special music will be an added attraction for the program.

All Senior Citizens of the area are cordially invited to attend. Please, come and bring friends.

## Auction Sale Planned By Southwick Homemakers

Members of the Southwick Homemakers Club are planning a community auction sale for Saturday, May 10 and are currently in the process of arranging for various items to be sold. They plan to have a variety of items ranging from farm machinery to antiques and household goods to offer to the public.

All items will be sold on consignment and anyone who has any machinery or any other items they would like to list, is requested to call 289-5481 or 289-5485 for information or to get the items listed.

Further information on this event will be published in the Gazette as plans shape up.

## April

April dawns all dewy wet from early morning showers And with the warmth of her shy smile, coaxes up the flowers. She softly chuckles at the world from icy snow-banked streams. She is the white-veiled bride of Old cold Winter's longing dreams. But, oh how fickle April toys with warm and lovely Spring, Teaching each wild wind blown flower and budding tree to sing. She plays upon the windswept hills with flower-scented breath And teasing Summer with a smile, ignores old Winter's death. —Priscilla Armitage

### VOLUNTEER INTERVIEWERS TO VISIT LATAH COUNTY FARM FAMILIES

"Twelve volunteer interviewers will, beginning April 1, each visit 10 Latah county farm families for a farm accident survey" announced Gordon Dalley, local U/I Cooperative Extension Service office chm.

Each interviewer will carry identifying credentials. "Persons called upon by an interviewer unfamiliar to them are urged to ask to see those credentials," Dalley suggested.

Interviewers will obtain information on injuries to farmers and their families to aid in developing more effective safety programs.

Interviewers will turn over collected information to the county extension office. The information will be sent to the U/I and transferred to computer cards.

During the process, names of persons interviewed will be separated from information collected. This assures that material will remain confidential, according to Dalley.

Survey objectives are: 1) to learn frequency, severity, types, causes, time, and places of accidental injury and 2) stimulate interest in developing a long range statewide safety education program aimed at reducing Idaho farm accidents.

As a follow-up to the survey in April, the same farm families will again be interviewed in July and October of this year and in January, '78

### IDAHO DEPT. OF EMPLOYMENT

11 Latah county workers were given job finding help during the past week through the Moscow office of the Idaho Department of Employment. Frank J. Hartstein, Moscow office manager said that this was the same as the number placed during the previous week and 2 less than were placed on jobs during the last week in March a year ago. Hartstein said 13 jobs still remained open down from the 17 of a week ago and from the 22 of 1974. New job listings were slightly slimmer than during the previous week as 15 new openings were provided to the Employment office by the area's employers, compared with 18 the previous week. Currently needed in the area are an administrative assistant, 2 top-flight secretaries, an auto painter, a front-end man, and a variety of cafe and domestic workers. Under the CETA program, there is an opening for a project technician in connection with an oral history of Latah county. This jobs calls for someone with experience in interviewing and taping such material, collecting the tapes, and supervising the project. Hartstein indicated that if the weather improves, more building will get underway and job prospects should get brighter as time goes on. He indicated that there are some signs that the future of the building industry in this area is not quite as dim as in other locations.

Hartstein's report indicated that a total of 93 persons filed new claims for unemployment insurance during the week. Some of these were workers who had exhausted one type of claim and who were filing for either extended benefits or who filed claims against another state. Despite the rush of new claims during the week the total number of persons seeking benefits declined from 658 to 631 during the week. Some of these workers returned to construction jobs, others appeared to have left the area some exhausted all benefits due them and still others were denied benefits for a variety of reasons. The total is still considerably higher, however, than the 436 persons who were seeking jobs pay at the end of March 1974. In the immediate Moscow area, there are now 247 persons seeking benefits, down from the 278 of the previous week, but up from the 209 of a year ago. In the Troy, Deary, Bovill area, the total rose from 187 to 208 and is nearly double 1974's figure. At Potlatch, 137 workers are seeking jobless paychecks, one more than a year ago, but 50 more than the 87 one year ago. At Genesee, the totals are 18, 21, and 13, and in the Kendrick-Juliaetta area, the current figure is 21, last week it was 24 and a year ago only 9.

**Hi!**  
Last Friday we colored eggs and made Easter baskets. Wednesday, March 28, we took them down to the Johnson Manor and around to the old folks. We ran short of baskets so we didn't get around to everybody. Sorry about that! We got back Tuesday from our Spring vacation. Sure hope everybody had a nappy Easter!

In social studies in the test booklets, there has to be at least four tests done by this Friday.

We're sure glad that the parents showed up for conferences on time. It helped Mr. Manfull out a lot. We also had an Easter egg hunt Wednesday.

The 6th grade had a surprise birthday party for Mr. Manfull Wednesday. We really surprised him!

Reporters: Gina and Cheryl

Supp. Rd. Lee Plank

I would personally like to thank all the parents for their support of the parent-teacher conferences. The attendance was excellent. A personal attendance is so much more beneficial than a simple report card, because of the input from the parents. This can be of great value to the teacher, also the teacher can offer the parent more than just a grade on a report card.

For the most part we have been very pleased with the progress of our students. They are still below grade-level somewhat, but some have made great gain.

So far, spring fever hasn't hit our students too hard and they are still working hard. The spring S. R. A. tests will be given the middle of April and I will start my spring reading tests as soon after as possible. Hope fully spring fever will wait until all testing is done.

**4th Grade News**

Jackie Jones is still Student-of-the-Week. I'll bet she's having fun!

Brian Thornton is sharing two cacti; one is a barrel cactus and the other we don't know. They sure are pretty!

In our class we are doing some reports on Lewis or Clark or Sacajawea. We ask these 6 questions to our self: who, what, when, where, why and how. It's fun!

We have a picture of an old man. We are trying to look for what we can see in it.

We have new April posters. One is about a boy fishing while sitting on a "No Fishing" sign. All the class made Easter pictures for art. They were all pretty.

The Easter Mouse brought each of us two pretty eggs to eat.

Our new table cloth is very nice. All of our class thanks Mr. Grose-close for our new light switch.

Lisa Vallem won the Easter egg hunt in the 4th grade.

A note from Miss Stefanek: Thanks to all of the parents who came for conferences, on Thursday, I'm looking forward to seeing those I missed.

**Shereyn Whittum Chosen Alternate for United Nations Pilgrimage.**

Shereyn Whittum, daughter of Mrs. Roy Whittum, Juliaetta, placed as 2nd runner-up and will be an alternate to the United Nations Pilgrimage sponsored by the Rebekahs and Odd Fellows Lodge. Linda Petteberg of Lewiston was named winner.

This is a yearly project of the Rebekahs and Odd Fellows which select and send a youth on a three-week, all-expense paid trip to attend the UN session. This is an opportunity for any boy or girl between the ages of 15 to 17 and is a sophomore or a junior in high school—they do not have to be members of Rebekahs or Odd Fellows families. They have to fill out a questionnaire on the United Nations and then participate in a speech contest that was held this year at Lewiston on the 23 or March. The local lodge is very proud of Miss Whittum for representing the area and the community so well.

**Dave Klatt To Head Juliaetta-Kendrick Jaycees**

**Well Tuned Cars SAVE GAS!**

It has been proven that a well-tuned conditioned car or truck provides better gas mileage. With the energy crunch and high prices, motorists just can't afford to pour dollars out of the exhaust pipe.

That's why we recommend keeping your car or truck in the best mechanical shape at all times. And—we can help with a good tune-up job. Why not drop in or call and set up an appointment? It'll mean savings in money and gasoline.
