Gary Renfrow, Wife, Victims **Of Asphyxiation**

H. Gary Renfrow, 25, son of Mr. and Mrs. Herman Renfrew, and his wife Helen Irene, 24, both of Warden, Washington, met tragic death Sunday afternoon in Warden when they died of asphyxiation in a potato cellar at the home of her brother, Floyd Lydum. Funeral for the couple will be held Thursday morning at 10:00 o'clock from Warden Assembly of God Church.

Grant County Coroner Richard Zor nes said Monday Renfrow and his wife apparently had gone into the cistern to clean out several hundred pounds of rotting potatoes. Mrs. Ren-frow's brother, who tried to rescue the couple, was overcome himself and was hospitalized in critical condition at Moses Lake. He was released later this week.

Both Renfrows were employees of Alfalfa Seed Research & Development Co. at Warden, where he was man-ager and she was his assistant.

Weed Spraying Crews Working In Area

County weed spray crews will start control work in the Kendrick area this week, reports Homer Futter, La-tah County Weed Supervisor.

The target weed is spotted knapweed and the infestation covers the Little Bear Creek canyon down the river to the Nez Perce line.

The canyon will be sprayed by air-plane using 2,4-D amine. From the Kendrick school down river will be hand sprayed with Banvel. In area not accessible to the sprayers Banvel granular will be applied by hand. Landowners have been contacted

Spotted knapweed is only one of three weeds that threaten to cover the valley. Poison hemlock and tansy are either present or are spreading oward the area.

Spotted knapweed, white top, leafy spurge and dalmation toadflax are the weeds the program is trying to eradicate before they cover large acreages. The cost of control is carried by Latah County.
