Snowmobilers Warned the study, plan, approval, construction of Abusing Privileges of Genesee Street Use

Genesee - Complaints of snowmobilers abusing the privilege of using certain streets and alleys in Genesee to get their vehicles in and out of town has brought a warning from the city that the resolution allowing this would be rescinded if this abuse con-

tinues. A number of calls were received by both police chief Chet Green and the city council following the recent snows in Genesee complaining that snowmobiles were being operated on many streets in town, especially at night. The council, for the past two years, has allowed snowmobiles to come in and out of Genesee by using certain specified streets and alleys. This prevents the owners from having to load the snow machines onto trucks for transporting to areas where they can be legally used.

For the most part, this resolution has been appreciated and used wisely by local snowmobilers but as in so many other cases, it is the few who cause trouble for the many. The council and Chief Green ask

snowmobilers to please abide by the Dog License Due Chief Green also reminded pet owners that dog licenses are now due for 1976 and may be obtained at the office of City Treasurer Don Springer at Springer Insurance Agency.

> Buildings or structures moved into or within the City shall comply with the provisions of this code for new buildings or structures,

Any person intending to move any building or structure along, over or through any public place within the corporate limits of this mun-cipality shall first make application to and obtain a building permit from the City Clerk. The appli cant shall file the application with the City Clerk in writing. The application shall contain accurate statements as to the kind of character of the building, its dimensions, the material out of which it is constructed, the legal description of the premises upon which it is to be moved, a description of route over which it is proposed to be moved, and a description of the means to be employed in moving such building or structure.

Before the moving permit is granted the applicant shall deliver to the City a Two Thousand Dollar (\$2,000.00) cash or surety bond, to save and protect the City against any loss of or incident to the moving of the building or structure.

When the applicant has secured a moving permit, he shall give to all public service corporations owning or operating public utilities along or across any of the streets included in the application permit, written notice of the time when the work and moving is to be commenced. Said notice shall be served; at least twenty-four (24) hours before the proposed time of commencing the moving.

Upon receipt of such notice it shall be the duty of such public service corporation to move, rise, or otherwise dispose of its wires or other instrumentalities in such time and manner as will not cause delay to the holder of the permit all of which shall be done at the expense of the applicant.

Before any building is moved over or on any public street, the police department shall be notified and they shall direct the moving at a time and route designated by the department.

Any building moved into a neighborhood shall have a final appraised evaluation of not less than the average appraised evaluation of the surrounding buildings.

Section 205 of said Uniform Building Code referring to Violations and Penalties is hereby amended to read as follows:

It shall be unlawful for any person, form, or corporation to erect, construct, enlarge, alter, repair, move. improve, remove, convert or demolish, equip, use occupy, or maintain any building or structure in the city, or cause the same to be done, contrary to or in violation of any of the provisions of this Code.

Any person, firm, or corporation violating any of the provisions of this Code shall be deemed guilty of a misdemeanor, and each such person shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provis-ions of this Code is committed, con-tinued, or permitted, and upon conviction of any such violation such person shall be punishable by a fine of not more than \$300, or by imprisonment for not more than six (6) months or by both such fine and imprisonment.

New trustees are Keith Ford and Horst Reil. Hold-over officers from 1975 are Harold Silflow, trustee; Gary Silfow, treasurer and Marlene Meyer as secretary.

Mr. and Mrs. Douglas Harris will position for the Sunday school.

Board To Meet-

Board members will meet this Thursday evening with District President Rev. Ufer to make plans for calling a new minister. Pastor Meske has announced his desire to retire from active ministry in the near future.

New Time for Sunday School— Beginning Sunday, January 25, the Sunday school will begin at 9:30 a. m. instead of 9:45 a. m.

The change was made because the present allotted time does not allow the teachers and students enough time to fully complete their lessons.

Church Services wil continue to be-

in the church basement at 6:00 p. m. by the study hour, Mr. and Mrs. Gary Silflow will lead the study. A hearty invitation goes out to everyone to join the group for an enjoyable evening.

AT U. OF I. JAN. 29 January 29th is Recognition Day for the Bicentennial Commission. Part of this celebration will be two showings of the Oral History Program at the Boarah Theater at the Siudent Union Building with an afternoon time of 3 p. m. and an evening time at 8:00.

ORAL HISTORY PROGRAM

At the afternoon show it is hoped to have Mrs. Agnes Jones of Genesee and her melodeon. She has 39 rolls for this music box which was brought to this country by her grandfather, Thomas Tierney about 1871. Mrs. Jones plays the melodeon herself and is a delightful attraction to any entertainment.

"R-R" on right rib. Call 289-4141 will be singing by "The Sweet Adelines" from the Kendrick area.

If anyone missed any of the pre-

vious Oral History programs, a special invitation is exended to be sure to attend this one.

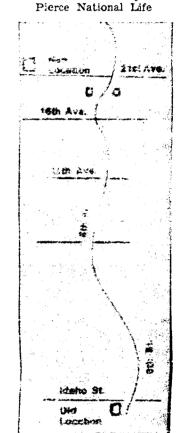

Courtesy should be contagious, especially at the wheel of a car. Have a mind for traffic safety.

Hitting a fixed object at 60 miles an hour gives the same impact as driving off the top of a 10-story building-and offers about the same chance of survival.
