

Tami Hutton, Kendrick-Julietta Jr. Miss
Wins Two Awards at State Pageant

Tami Hutton, the reigning Juliaetta-Kendrick Jr. Miss, won two awards at the State Pageant last weekend in the Student Union Building on the University of Idaho campus. Beckie Geisler, Jefferson County's Jr. Miss, went on to win the Idaho title Saturday night. Miss Hutton won the Break Hair Styling Award, which is a \$100 scholarship, presented by the Break Products Corp. Tami will receive the scholarship later this year. In addition to the hair styling award, Tami also won the first-place award in the Physical Fitness category, which is a \$50 scholarship. Saturday morning Tami's parents,

Mr. and Mrs. Lloyd Nye, accompanied by Mrs. Debbie Klatt and Mrs. Debbie Weyen, attended the Awards Breakfast at the U. of I. SUE. At that time the Kendrick-Julietta Jaycees and Jayettes were awarded a plaque for the most improved pageant in the State of Idaho. Other North Idaho winners were Sandpoint and Potlatch. Thanks from Jaycees, Jayettes. The K-J Jaycees and Jayettes would like to congratulate Tami for the wonderful job she did representing Kendrick and Juliaetta in the State Pageant and also thank all the people who attended the pageant and to Kendrick High School for its cooperation and help.

Genesee Civic Club
To Meet January 22

Membership in the Genesee Civic Association is open to anyone in the community or area. Dues are only \$6 per family. The group meets once a month, on the fourth Thursday through May. The Civic Association donated \$2,000 toward the Genesee tennis court. Help sponsor the Junior Miss Campaign, sponsor's Community Day and does many worthwhile tasks in our community. You support a need. Please contact Karen Moser or Marie Schamholz for a membership card. The January meeting will be held at 8 p. m. on Thursday of this week at the Legion hall and several very important items concerning the welfare of our community will be discussed. A fine program is planned. For further information or ideas to the meeting, call 285-1517.

Corrine Kinmon Queen
Of GHS Senior Ball

Corrine Kinmon, a senior at Genesee high school, and daughter of Mr. and Mrs. Albert Nye, was crowned queen of the Senior Ball Saturday evening during intermission of the game held in the Fire Hall. Her escort was Kenneth Iverson and she was crowned by Mark Shirrod, president of the student body. Her sponsor was the junior class. Corrine's activities are Girls' club, high school chorus, and she was a homecoming queen candidate.

Twice-Weekly Lunch Program Planned
For Kendrick-Julietta Senior Citizens

A nutrition program operating under the Title VII act is planned for the Kendrick-Julietta area, it was learned this week. The program will be operating from the Lewiston Area Agency on Aging. Under current plans meals will be made available to area senior citizens twice each week. The meals will be prepared and served under the supervision of a nutritional specialist. Plans were first learned Monday when the Lewiston office placed an advertisement in the Gazette asking for applications for the job of dining hall manager, cook and a CETA cook-

aide. Applications for these jobs may be made to the Lewiston office up until Jan. 27. Mrs. Leah Ongstad, Lewiston, said the program will be under the supervision of Claudia Inzerille, Nutritional Project Director at Lewiston. E. M. (Bill) White, who is area representative for Latah County with the Area Agency on Aging and a vice-president of the 5-county Senior Citizens Association, said Tuesday morning that plans for the nutritional program are already beginning to shape up well, but final details won't be worked out until Mrs. Inzerille returns next Monday from a meeting in Portland. White said that the meals will be served in the Kendrick Fraternal Temple. The Temple Association and the Kendrick Grange, who owns the serving facilities, will be paid rent for the use of space and equipment. Plans call for the serving of two meals a week, probably on Mondays and Thursdays, White said. Donations of \$1 per meal will be asked, but Bill added, no one would ever be turned away for lack of money. These will be nutritious, well-balanced meals, prepared especially for the general requirements of older persons. It is hoped to have the programs operating within the next month. This type of program is going on at the present time in Grangeville, Kamiah and Cottonwood and have proven to be well-received and popular with the older people of the community. Establishing a program of this type in a community serves a two-fold purpose. First, it provides the opportunity for older people of at least two well-balanced meals each week for those who might be tempted to either skip the noon meal or "get by" with just a sandwich or a can of soup. The second reason is the social aspect of such a program. It will provide older people with an opportunity to visit, socialize and have contact with others while they are having a well-balanced meal.

Kendrick Upsets
Kamiah 44-43

Kendrick's hot and cold running basketball team proved it is still a power to be reckoned with in the Central Idaho A-3 league last Friday night by upsetting the second-place Kamiah Kubs 44-43 on the Kendrick court. Tuesday the Tigers were stone cold and were beaten by Troy 53-32.

Asked how his Tigers could lose to an A-4 team with Troy's record one night and then three nights later bounce back and upset the second-place Kubs, Coach Bill LaMunyan said, "I've asked myself that question a lot of times." But he did point out that in the Troy game, his team turned the ball over 31 times, but only 10 times against the Kamiah squad.

In the Friday night game the Tigers took control of the game early, leading 12-8 at the end of the first quarter and 22-16 at the half. The KHS boys were ahead by as much as 9 points in the third quarter before the Kubs started to rally. Sparked by the six points of Mike Roach the Kubs began to close the scoring gap. With less than a minute to play the score was 42-41 and then Paul Hutcheson dropped in two free throws to give the Tigers a 3-point advantage and although they gave up two points more in the final seconds of play. Mike Boe's 15 points topped the Kendrick scoring attack with Tim Eichner getting 8, Jason Meyer and Doug Lohman 6 each, Paul Hutcheson 5 and Earl Lawrence 4.

Tiger J.V.'s Win After a seemingly endless 6-game losing streak, the Kendrick JV basketball team has earned its first win this season. The Junior Tigers beat Kamiah last Friday, 38-24, reversing an earlier defeat. Scorers in the victory were: Doug Parks 16, Tony Snyder 10, Jim Peavey 8, and Gary Brammer, Cliff Heimgartner and Jim Brocke, each with 2 points. Coach Steve Nordeen feels the Junior varsity has improved tremendously on both offense and defense. "At the first of the season our defense was weak at the middle and our offense lacked a punch. However, with the consistency of Jim Peavey and the development of our two freshmen, Doug Parks and Tony Snyder, we are now a triple-threat offense." Cliff Heimgartner and Jim Brocke, along with Parks, have contributed to our game with strong rebounding. Leading the Junior varsity's improved defense are aggressive sophomores Gary Brammer and 'Jumping' Dave Williams. Jim Silflow has also shown his skill on defense as well as a deadly eye from the free throw line. Lyle Deobald and Darren Manfull are streak shooters who, when hot, are deadly from their outside wing positions. With 10 games remaining this season Coach Nordeen feels his Tiger JV's have an excellent chance to improve their 1-6 record. He looks to a tenacious full court press and a hustling, determined group of boys to provide the wins. After 7 even games, point-game averages for the JV's are as follows: Doug Parks 9, Tony Snyder 8, Jim Peavey 7, Gary Brammer 4, Lyle Deobald 2, Jim Brocke 2, David Williams 2, Jim Silflow 1, Darren Manfull 1, and Cliff Heimgartner 1.

"That's the way we've been all season," LaMunyan said Tuesday morning, "up for one game and down for the next." The Kendrick coach said he hoped to put two good games together, referring to the Tuesday night clash between his Tigers and the Genesee Bulldogs, who now have undisputed claim to first place in the league, but whose only loss was to the Kamiah squad.

Bulldogs Outgun
Lapwai and C. V.

Genesee's basketball machine rolled on to two more victories this past week, dumping Lapwai 48-42 last Tuesday night and then defeating Clearwater Valley 53-45 Friday night at Kootskia. The CV win was the seventh league victory in eight starts for Coach Ozzie Kanikberg's Bulldogs.

Julietta Sewer Progress
Report Heard by Council

Members of the Juliaetta City Council met Wednesday evening, January 14, with Gary Wells, engineering representative, to allow the monthly payment schedule and to hear a progress report on the installation of the new city sewer line.

Wells told the council that work on the collection and intercept system is proceeding on schedule and is about 70 percent complete. Installation of the treatment plant, located near Browning Cut Stock Co. is about 30 percent complete. This will be an aerator and sludge bed system, and Wells told the council that improved weather conditions would allow workers to move ahead more quickly with construction.

Following the sewer meeting, a special council meeting was held to hear Mrs. Caroline Brown present a fact sheet on the water rate and usage. Mrs. Brown accepted an appointment as chairman of a newly created Water Rates Review Board. According to Mayor Paul Gravelle, it will be the responsibility of this group to review public records further and present its findings in a written report to the council together with recommendations for the council.

Clearwater Valley Tough

Clearwater Valley also picked up its first league win Friday night but the Bulldogs, plagued by fouls, kept the lid on the contest and won 53-45 for win number 8 in league competition. The Bulldogs are 10 and 2 on the season.

The Bulldogs scored 32 points in the first half, 16 of them coming from Doug Green, who was removed in the second half after picking up his fourth personal foul. Genesee never did get too far in front of the Rams who trailed by just two points 37-35 near the end of the third quarter before the Bulldogs began to pull away again.

In addition to Green's 16 points, Pat Ahern had 13, Dan Stout 9, Al Coulter 8, Gary Bennett 5 and Don Smith 2.

Lumber Industry Still in Slump Says Bank Newsletter

The lumber industry throughout the Intermountain Region reached a low ebb in 1975 after experiencing sharp production declines over the previous 12-month period. This is the report of the quarterly First Security Bank News Letter being distributed this week, according to James H. Hamilton, Jr. and O. Stan Merrill, managers. The publication is edited by Dr. Elroy Nelson, senior vice president and economist. Economic conditions in the lumber industry were also affected by the sharp rise in lumber prices, but was also influenced by over-inflation in the 1st and 2nd quarters of 1975, however, lumber production exceeded the low levels of the previous year, but remained significantly below output levels of 1973.

Kind Winter

The first winter has not been too rough on Idaho's wildlife, but snow is building up in some parts of the state and could cause problems later. The Department of Fish and Game reports a mild winter through the middle of January over most of the state. In the southeast and northern Idaho areas, there were few problems for big game on winter range, but recent storms are adding to snow depths in some areas and could restrict big game winter range. Region 4 reports it may need to start winter feeding elk soon on the South Fork of the Boise, and the annual winter feeding operation at Sawville, Utah, is ready. Feeding will begin when the deer move into the area. In Region 6, northeast Idaho, the department reports temperatures and snow levels so far this winter have been comparatively mild. Recently, however, heavy snows have fallen in the high country, and the region reports Swan Valley, South Fork of the Snake and Ashton winter ranges are being watched closely for stress on wintering animals. Desert ranges were reported in good shape through mid-January.

Letters to the Editor . . .

To the Editor:

If there are other transplanted Oregonians like me in the area, I thought they might enjoy the following poem written by my 86 years young aunt, Mrs. Edith Bramlet, of Milton-Freewater, Ore. She was born in Clay county, Missouri Sept. 1889.

On April 4, 1894, she with her parents, a brother and a sister left Missouri for Oregon traveling in a covered wagon. Arriving in the Grande Ronde Valley August 5, 1894.

They soon went on to Wallowa Co. where she lived until moving to Milton-Freewater several years ago after her husband passed away.

Ivy Isaacson

OREGON

By Edith Bramlet

I wonder if any place under the sun Can claim more beauty than Oregon, From the windswept heights to the ocean sand, There is thrilling beauty on every hand.

I love the fields and the meadows sweet So bountifully growing our hay and wheat, Where morning breaks with the robins song, And meadowlarks sing the whole day long.

I love the home of the forest tree, Where deer and elk run wild and free. Wood pheasants drum and Blue-grouse hoot, And coyotes howl on a distant butte.

I love the canyons wide and deep, With rocky hillsides high and steep, Fertile bottoms where fruit trees bloom, And grassy slopes where cattle roam.

I love the sunbaked desert plains, That are seldom blessed with coastal rains, Where sagebrush grows, jack rabbits run, And heat waves dance in the summers sun.

I love the ocean's varied edge, Of timber, sand and rocky ledge, Where waves roll in with restless mood, And seagulls circle in search of food.

But greatest of all of this country great, Are mountains high where spring comes late, The hand of man has made small change, And mountain sheep live on the highest range.

There are little lakes with waters blue, Where speckled and rainbow trout glide through, Crystal streams from the melting snow, Rush madly down through the rocks below.

There the eagle rests on the pinion pine, That grows at the top of the timber line, The granite peaks with their snowy crown, Glow red and gold where the sun goes down.

HAY PRICES MAY FALL
Moscow, Idaho—Northwest hay producers will have to become more efficient in 1976 if prices decline as forecasted in an outlook report issued by the University of Idaho, Washington State University and Oregon State University. Production costs are expected to rise. "With the possibility of lower prices for the 1976 hay crop, each producer should be evaluating means of improving his operating efficiency to hold production costs in line," the report said.

Jody Smith

Apologies for the lack of news over the holidays. Actually there hasn't been much news, other than trips to town on business, etc.

Back to—Old ways are sometimes better, is the conclusion of the Smith families after spending a delightful two days during the holidays cranking out a good winter's supply of cider from the bounteous apple crop found everywhere this year. It was a new experience for all the Smiths but Clinton, who borrowed from his parents, Mr. and Mrs. Harry Smith, now of Pomeroy, the cider press he used as a boy at Leland. Another day was spent at Juliaetta with "Grandma" Daniels making home made hominy, for which she grew the field corn.

EXPORT MARKETS VIEWED

Moscow, Idaho—Volume of U. S. potato sales to South America may become fairly substantial in 1976, Pacific Northwest extension economists reported in an outlook statement published by the University of Idaho, Washington State University and Oregon State University. For Eastern markets have good potential as outlets for processed potato products, the economist noted.

"Exports normally constitute only a small portion of total potato sales," they added.

Some Parts of State Have Lots of Measles

Measles has reached epidemic proportions in some areas of the state, according to Dr. John Mather, State Epidemiologist.

Both the Twin Falls and Boise areas are experiencing increased numbers of preschool and elementary school children contracting measles, although activities have begun thru local district health department offices and the State Division of Health to bring the outbreaks under control.

Records indicate that during 1975 only 12 cases of measles were reported in Idaho until the outbreak in November. Since that time, there have been 61 cases reported.

Protection against measles is available to all children through family physicians or local district health department clinics. Measles is considered one of the most serious of all childhood diseases and immunization are strongly recommended. Unfortunately, while immunizations are readily available, a great number of children remain unprotected.

Ideally, a 90 percent or higher immunization level is desired, and becomes doubly important in areas where the disease can spread rapidly (schools, camps, playgrounds, etc.). Preschool immunization surveys in 1975 by the State Division of Health

Cherice L. Moser On ISU Dean's List

Cherice L. Moser, daughter of Mr. and Mrs. Mel Moser, Genesee was among students listed on the College of Health-Related Professions' Deans List for the fall session 1975, it was announced by Dr. Paul D. Leiby, Dean of the College of Health-Related Professions.

Cherice was among the students from the Department of Nursing.

showed immunization levels ranging from 76 per cent to 88 per cent thru out the state, with none reaching the 90 percent level recommended by the State Epidemiologist.

Dr. Mather points out that, although statewide immunization levels may be high enough to prevent epidemics from occurring throughout the population, pockets of susceptible children may exist within a portion of a city or county and will permit measles to spread within that area.

State and local health officials agree that early immunization of all children against measles is the best protection against an epidemic. Parents are urged to contact their family physician or district health department office if they have any doubt as to whether their child needs an immunization for measles.

Pomona Grange Met at Troy

Fifty-six members of Latah County Pomona Grange and eight guests gathered at the Troy Grange Hall at 6:30 p. m. Saturday January 10th. A delicious turkey dinner was served by members of the Troy Grange.

Conferences for Lecturers and Women's Activities committees were held immediately following dinner.

6 members of Ewartsville Grange in Washington were visitors including Phoebe and Wayne Davis, Ray and Marion Kammerer and Dick and Mabel Willbourn.

All eight Granges of Latah county were represented. The program for the evening was "Early History of Latah County" slides and oration compiled by the Latah County Historical Society and presented by Karen Purtee of Troy. Also "Show and Tell" of old items, including several from the old country; hand carved spoons and little shoes.

Reports by all Granges and committees were given and several resolutions acted upon.

Pomona Grange Master Harold Gray presented a past-master's pin to Edwin Condell and a past chairman of Women's Activities pin to Mildred Condell for a good job well done in these offices.

David and Karen Purtee, Sandra and Arthur Shoemaker of Troy Grange and Henry Kellmer of Mt. Home Grange were taken in as members of Latah Co. Pomona Grange. J. Six

The date and place was set for the annual Spring Festival Jamboree. It will be held March 27th at Troy. There will be more information at a later date on this event.

The next Pomona Grange meeting will be held March 13th at Mt. Deary Grange Hall, when State Grange Master, Ira Kestler and his wife are expected to attend.

The Fifth Degree will be presented by Latah County Pomona Grange officers at this meeting. Practice will be held Feb. 29th at 2 p. m. and March 11th.

JAPAN NEEDS ONIONS

Moscow, Idaho Strong demand for Northwest onions in 1976 was foreseen by extension economists of the University of Idaho, Washington State University and Oregon State University. In a report issued by the three universities, mention was made of the hurricanes which damaged Japanese onion fields in the fall of 1975. "The Japanese will be looking for U. S. onions in 1976," the report said.

News Items from Juliaetta School

New Program—

The Juliaetta Elementary School has a new program - the Volunteer Teacher's Able Program is in full swing this week. The ladies who have volunteered their time are Sally Browning, Julie Cooper, Jan Nail and Helen Harris. There is one other woman who has expressed her interest and who will be contacted. Anyone interested in volunteering some time to the program, please contact the elementary school.

The teachers appreciate the assistance these women offer very much. The help they provide frees the teachers to provide more independent instruction, spend more time with small groups and in general, more time with the students. The volunteers themselves seem to enjoy their time spent at the school very much. We certainly hope they continue to, for we need them all very much.

Fourth Grade News—

Kristen Cuddy is Student of the Week.

Last semester we had music on Monday, Wednesday, and Friday, but now we have music on Tuesday and Thursday, starting today.

This Friday report cards come out but not all of us are ready for them! Willy the Bookworm now is 396 circles long.

Last week we did art by folding paper into four sections and passing it down the row. Each of four children drew the head, body, legs and feet.

We got our new January chart last week so we know if we had to stay in.

Reporters: Vicki Renfrow and Paula Flieger.

Sixth Grade News—

On January 17, John Sillwe went to Lewiston to shoot in the Hoop Shoot Contest. He came in 4th place with 11 out of 25.

Next he will go to Moscow, then Portland and if he wins there he will go to Kansas City. In Lewiston John won a trophy for winning in Kendrick and Juliaetta.

In language we are studying the parts of speech. Beth Harris, Mike Carson, Misti Colbaugh and Teresa Howerton all got 100's on the language test.

The student teacher for this week is Teresa Howerton and the monitor is Terry Hudson.

Mr. Manfull's team "M & M slash" won 107-52 in a basketball game last week.

Reporters Mike Carson and Beth Harris.

CARD OF THANKS

Since I am unable to write to so many, please let me thank all of you who remembered me on my 90th birthday, especially the Fred Schnalbes, for the open house. I enjoyed it all so much.

Kanyon Klub Met

The Kendrick Kanyon Klub met at the home of Mrs. Ed Nelson on Wednesday, January 14 at 1:30 with ten members and one guest present.

Roll call was answered by something new I've tried or seen. Plans for the March meeting in Moscow were discussed.

A very informative and interesting talk on "Energy" was presented by Mrs. Viola Johns. Booklets on energy were given to members.

Refreshments were served by co-hostesses Mrs. Viola Johns and Mrs. John Wilson.

When completed, the 42,500-mile interstate system will connect virtually every city of 50,000 or more population in the United States.
