### Letter To Parents of **Donut League BB Players**

Saturday, Jan. 31st's ball games were beautiful. The kids enjoyed themselves and because of the instructions of the concerned coaches and the unselfish giving and expert officiating jobs of both of our program directors it was a joyful day for all

The parents and coaches met in an impromptu meeting prior to the games to try and discuss some of the new regulations. It was kind of a confusing meeting but we all talked together for the first time in a long time. We resolved very little but the meeting was extremely friendly and all expressed that our children are our main concern.

The major points discussed, though not formalized were- (1) our children are our main concern, (2) all parents present wanted the children to learn the rules of basketball, (3) wish only for games on Saturdays scheduled, the boys would have the the gym from 9 to 10:30 and the girls from 10:30 to 12. It would be at the discretion of the coaches to give sufficient time for both fundamentals and scrimmages, (4) it would be super great if all the parents and others concerned would work together to support the little league basketball program.

Thankfully yours, Wally and Helen Harris
