Community Action

When the people of Genesee set Lloyd Wilson was dismissed from out to do something, they don't waste any time getting the thing done. Due to a lot of community people-Gene see has every right to be proud of their new Community Library.

An agreement was reached be-tween the Genesee City Council and the Bielenberg-Schooler American Legion Post No. 58 to house the library in the east part of the building. A grant channeled through the Moscow-Latah County Library Sys-tem from the Idaho State Library paid for the materials. American were Eddie Morken, Laverne Anderso, Ray Stout, Bill DePell, Pat Peary, Harold Kluss, Willie Moser, Dick Scharnhorst, Bill Browning, Lee Davis and George Anderson. cost by the Electric Shop in Genesee Two weeks after the agreement was made between the City of Genesee and the local American Legion Post was moving day for the library. People who helped move were Les

Here's how to pay less income tax, now...

And have as much as \$173,685.00 when you retire.

IRA. Individual Retirement Account. A simple little device that says if your company doesn't offer you a retirement plan, we will.

An IRA lets you save up to \$1500 a year (or 15% of your yearly income, whichever is less), and pay no taxes on the amount you save, nor the interest you earn, until you retire and begin to use it.

At the interest rate we are now allowed to pay on IRA's (71/2%) per annum), compounded quarterly, the money you save doubles and triples, nearly quadruples itself over the years, giving you true financial independence in your retirement years.

Here's how your money grows:

License Sales

Although total 1976 license sales are 15 per cent above the first six months of 1975, license revenue is short of the \$6 million budgeted for this fiscal year.

Total licenses sold over the past

The drop in revenue can be traced

The year 1975 was one of the worst for license sales and although comparisons show an increase, the rise does not indicate an easing of financial pressure on the department.

In its six-month summary for '76 the department said resident licenses sold are 23,600 over the first 6 months of last year, an increase of 16

The year-to-date totals for all non resident licenses are 17 percent above last year, but in the nonresident hunting license class, the totals were 12 percent below the year-to-date figures for 1975.
