Genesee News 50 Years Ago
January 7, 1927

The News is in receipt of an announcement of the marriage at Hollywood, California of Miss Louise A. Herman of Genesee and Leslie R. Brubeck of Sacramento, California on Monday, December 27, 1926.

With this issue of The News, the present owner is starting on his 15th year as publisher of the paper, the first issue under his management being January 3, 1913 taking the management over from H. A. Brune, who published The News for a little more than 3 years.

An announcement party was given by Miss Florence Rader on Wednesday, December 29th in honor of Miss Angie Castle and Alfred Has-further at the home of Miss Castle's parents, Mr. and Mrs. Carl Erickson.

Paul Mulalley is able to be around again after having been laid up for the last week or so with blood poisoning.

February 4, 1927
The classes of high school have organized for the 2nd semester and have elected the following officers:

Seniors—president, Ormand Mosman; vice-president, Ruby Roach; sec'y-treas., Mabel Bottjer.
Juniors—president, Anthony Ebel; vice-president, Arthur Klewen; sec-treas., Carl Erickson.

Sophomores—president, Boyd Erickson; vice-president, Harriet Hickman; sec-treas., Lowell Isaksen.

Freshman—president, Eloise Emmett, vice-president, Rodney Whalen, sec-treas., Dorothy Trautman.

Kendrick Gazette Feb. 6th, 1947

Mr. and Mrs. Marvin Long are getting a great deal of enjoyment out of their bird "restaurant" for they have put in a protected feeding platform adjoining the porch in their upstairs apartment. They keep it stocked with suet, bread crumbs, sunflower seeds and nuts. The Longs

Hill and Valley Club Join Nationwide Land Preservation Drive

The Hill and Valley Garden Club of Kendrick has joined in partnership with The American Land Trust, a new nationwide land preservation effort headed by a citizen's committee of distinguished conservation, business, and civic leaders. The announcement was made today by Grace Yenni, President of Hill and Valley.

Established in early 1976, The American Land Trust seeks to preserve \$200 million worth of significant natural lands, at least one prime area in each of the 50 states during its two-year campaign. Donations of land and funds to preserve qualifying lands are being sought from concerned private individuals, clubs and corporations. Nathaniel P. Reed, Assistant Secretary of the U. S. Department of the Interior, is the Trust's Honorary Chairman.

To carry out its program the Trust has enlisted the assistance of The Nature Conservancy and the National Council of State Garden Clubs, of which the Hill and Valley Garden Club is a member. The Nature Conservancy, a leading national non-profit conservation organization was selected to acquire and manage natural areas identified for preservation. The Conservancy headquarters in Arlington, Virginia, has saved over a million acres of out-standing lands since its inception in 1951.

National Council of State Garden Clubs, the largest gardening organization in the world with 400,000 members and over 13,000 clubs, has pledged its support to The American Land Trust by informing the public of the campaign and by fund-raising for preservation projects. The special joint program is called a "Partnership in Land Conservation" and is the most extensive volunteer project ever undertaken by National Council.

Since its founding, The American Land Trust has been involved in preservation projects from Maine to Washington. Twelve ecologically outstanding areas have been donated thus far, and thirty-two separate fund-raising efforts are underway

Seven Persons Placed On Jobs This Week

Seven persons were placed on jobs this week through the assistance of the Department of Employment Job Service, said Frank Hartstein, Moscow Local Office Manager. Last week's placement figure was 18. Hartstein said that notices of 8 new job availabilities were received from area employers, while 5 remain open at weekend. Included are opportunities for a qualified part-time nurse, journeyman auto-mechanic, institution cook, salesman, service station attendant and teacher's aide.

The number of persons seeking jobless benefits dropped this week to 492 from last week's total of 519. Of the 37 new claims filed most were the results of layoffs in the forest and construction industries an other occupations related to the land. Moscow's unemployment insurance claim figure dropped to 291, down considerably from last week's total of 302. Last year at this time 329 Moscow

persons were receiving unemployment checks. Totals for most other Latah County communities remained fairly stable, though they continued to be lower than those at the same time last year. Jobless benefits went to 95 Troy-Deary-Bovill workers, down 11 from last week's total of 106, and 116 a year ago. This week 70 persons reported from the Potlatch area, compared to 76 last week and 86 a year ago. Kendrick's figures are 19, 18 and 24, while Genesee's total remains unchanged from last week's 17.

Things are getting so bad, according to one authority, that the meek no longer want to inherit the earth.

persons were receiving unemployment checks. Totals for most other Latah County communities remained fairly stable, though they continued to be lower than those at the same time last year. Jobless benefits went to 95 Troy-Deary-Bovill workers, down 11 from last week's total of 106, and 116 a year ago. This week 70 persons reported from the Potlatch area, compared to 76 last week and 86 a year ago. Kendrick's figures are 19, 18 and 24, while Genesee's total remains unchanged from last week's 17.

Here's some good advice. If you drive "don't drink." And for drinkers "don't drive." But such advice—even in the face of tragic statistics—is unrealistic. Some people will drive after drinking! Are you one of them?

Things are getting so bad, according to one authority, that the meek no longer want to inherit the earth.

4-Hers Tour Vet Science Department at WSU

Saturday afternoon 103 4-Hers, parents and leaders participated in a tour of the Vet Science Department at W. S. U. Clubs represented were Alaire King's Bits-N-Boots of Deary, John Eilers's Northern Trail Riders and Diana Olson's Country Lads and Lassies of Moscow, Millie Beyers's Sunset Riders of Bovill, Donna Cochran's Jr. Farmers, Ed Brostons Bucking Brones of Pottlatch and Pat Waag's horse club from Genesee. Freshmen and sophomore vet students divided into groups and guided us through the pathology department, the anatomy museum laboratory, gross and micro biology laboratory and the large and small animal clinic, offering explanations and answering questions as we went. The anatomy museum laboratory was a major point of interest with its many assembled skeletal structures of large and small animals, poultry and labeled cross sections of preserved dogs and cows. We examined jars of preserved body parts including a human fetus and peered at stuffed two headed lambs and calves. In the large and small animal clinic we visited dogs, cats, horses and cows recovering from surgery for a variety of ailments including eye cancer and throat tumors. Here we were impressed at the cleanliness and the care the animals were receiving. We also learned that it takes from 7 to 9 years of study and hard work to become a veterinarian.

Keep conscience clear, then never fear.

Home Cookin'...

More casserole recipes this week. But with so many carry-in and pot luck dinners, new ideas are always welcome. I've tried both of these, and we enjoyed them. I'd like to receive some recipes from our readers. Why not get out your recipe files and send in some of your family favorites?

- Tuna Chow Mein Casserole**
- 1 cup celery, chopped
- 1/4 cup onion, chopped
- 2 tbsl. chopped green pepper
- 1 tbsl. margarine
- 1 can tuna (6 1/2 ounces)
- 1/2 can chow mein noodles
- 1 can condensed cream of mushroom soup (10 1/2 ounce)
- 1/4 each water and milk
- Cook celery, onion and green pepper in butter until onion is tender.
- Stir in tuna, with liquid, and remaining ingredients.
- Put in ungreased casserole.
- Sprinkle with chow mein noodles.
- Bake at 350 degrees for 30 min.
- Beef Casserole**
- 1 pound hamburger
- 4 ounces uncooked macaroni
- 10 1/2-ounce can cream mushroom soup
- 1 can water
- 1 small can tomato sauce
- 1/2 cup shredded cheese
- 2 tbsl. chopped onion
- 1 tsp. salt
- Cook meat until brown. Drain off fat. Cook macaroni and drain.
- In ungreased casserole, mix all ingredients and bake in 350 degree oven for about 50 minutes.

The Kendrick School 'Principal's Corner'

By Bill Tracy

Discipline Report

For the months of December and January, thirty student discipline referrals were submitted to my office for administrative action at the Jr.-Sr. High School. Below is a summary of offenses:
Fighting—one student
Left school without permission—eight students.
Classroom disruptions—seven students.
Use of profanity—three students.
Destruction of school property—two students.
Skipping class—two students.
Stealing—one student.
School bus violation—three students.
Misuse of vehicle—one student.
Misuse of hall pass—two students.
In all but three cases, parents were notified in writing of the discipline problem and the action taken to modify the student's behavior. Three students were detained after school, one student was placed on work detail, one student was administered corporal punishment, three students were suspended from school for two to three days, and four parent conferences were held to help remedy some of the disciplinary problems.
Eighty-six discipline cases have been referred to my office so far this year. This averages out to four cases per week which, in my estimation, is quite good for a school our size, but certainly can be improved upon.

Resource Persons Visit

Arts and Crafts Class —
Donna Frary, owner of the Kendrick Ceramic and Gift Shop, is presently instructing high school students in pottery as part of their Arts and Crafts Class taught by Gale Vallem. The class is visiting the shop two days a week as an introductory unit in clay. The students use the facilities of the Ceramics Shop under the supervision of Mrs. Frary and are only required to pay for materials used.

Following the unit in ceramics, the Arts and Crafts Class will receive instruction from another resource person, Pat Parks, in the area of oil painting. This will be about a three week unit and will introduce students to sketching and working with oils.

Mr. Vallem is tapping the resources of the community to enhance his classroom instruction and expose students to fine art areas which they might not otherwise get to experience. We certainly appreciate the willingness of Donna and Pat to work with the class and to share their time and talent with us.

Language Arts Class Split

With the addition of our new English teacher, Frank Burlison, we have been able to make a few schedule changes to take some of the pressure off the overload in the 8th grade Language Arts Class. The thirty-five member class, taught by Carol Bowie, met for a two period block of time at the end of the teaching day. Mrs. Bowie has done an exceptional job with that many kids for that length of time, but we felt it would be in the best interest of the students to split the class into two groups.

FOR SAFE DRIVING

Safe, Dependable Winter Driving Requires Extra Care and Maintenance

A leaky or faulty muffler or exhaust system can be deadly on a car or truck in the wintertime when the windows are closed tightly most of the time.

Worn or poor snow tires can cause dangerous driving conditions when winter snow and ice are on the roads.

Brakes that grab or are out of adjustment could cause you to lose control of your vehicle when streets are icy.

Worn out points or spark plugs can make your car hard to start, especially on these cold mornings. And, an old, weak battery just can't give you the power you need in cold weather.

Good Anti-Freeze in the proper amount can mean the difference between complete protection and or a costly repair bill.
