### News Items from Juliaetta School—

6th Grade News-In social studies we had a test over

Our gravestoning art project is going to be postponed 1 week more. The reason for the postponement is a school assembly given by the Tyroleans, a yodeling and singing group. Corey Cooper made a good homework calendar for us.

Our spelling test this week was a disaster, but to make up for it, we will write each word missed 7 times. The Easter egg hunt was a success. Kim Fliger won for the first grade; Darlene Lettenmaier for the 2nd Grade, Tony Hensen for the 3rd and last, but not least, Melodie Deeds for the 4th. They all did great.

The Treasure Gold Reading group is putting on a play called Joco. Silver Web started a new unit. It is called "Trail Makers". Mr. Blake brought 2 movies back

from the library. One was a Charlie Chaplin and the other was Animals of the Amazon. They were both super. They were both silent movies. Link Sherman, one of our class-

nates moved last week. We will miss nim. He promised to write. The 5th and 6th grade went on a skating party last Wednesday and everyone had fun. Two of our classmates, Charlene Parks and Jane Glenn wrote a poem about the party

and this is how it goes: Skating, skating all around, Skating, skating up and down. Falling once, falling twice, Everyone knows its' really nice. Up and down and all around, Half the time I'm on the ground. We started fractions last Monday

Monday, Mr. Blake handed out Think and Do Books, and we got our first assignment on Monday. They

A FEW WAYS OF SAVING ELECTRICITY -You can probably think of many good ideas of your own

- it down lower at night as seems most practicable.
- Don't open the refrigerator door more often than necessary.
- Never leave it standing open.
- · Keep the thermostat at 65°, Turn · Turn eff television, radios, and lights when not in use.
  - Cut down the time in the not shower. Don't let the hot water run in the basin when you are washing.
- . Don't heat up the range units or oven when a smaller appliance will do the job.
- in warm weather, use the air conditioner sparingly if at all.

### HERE ARE THE SIMPLE CONTEST RULES:

- I. Any boy or girl 14 years or younger is eligible. 2. Make your drawing on any kind of 81/2" x 11" sheet of paper. Use pencil, crayon, or pen.
- 3. Make a drawing of one of the ways you help your family save electricity at home. You may include Reddy Kilowatt in your drawing, but it is not necessary.
- 4. Fill out the entry blank below, attach it to your drawing and mail it to:
- "How to Save Electricity" DRAWING CONTEST P.O. Box 3727, Spokane, WA 99220 All entries must be submitted on or before May 20, 1977.
- 5. All entries will be judged by a panel of three judges, an artist, a conservationist, and a businessman. Their decision will be final.

Water Power Company and cannot be returned, Winners will be announced May 31, 1977. Saving electricity and water is very important at this time. Everyone needs to do whatever he can. You can help by talking about it at home and submitting your ideas for

Genesee Union Warehouse Company Benesee, Idaho Phone 285-1141

# It works without moisture. And rain won't wash it off.\* Two of the reasons why

Carbyne has been used by more farmers than

any other wild oat herbicide.

Carbyne does not need moisture to activate it.

\*On the other hand. fifteen minutes after application It can pour rain without washing away Carbyne.

Here are other reasons why growers choose Carbyne for wild oat control.

(1) Carbyne gives excellent wild oat control, year after year. (2) Carbyne gives excellent wild oat control, year after year.
(2) Carbyne gives growers the lowest product cost per acre of any wild oat herbicide. (3) Carbyne eliminates the extra expense of incorporation, and the worry of having to work the soil when it is too wet or too dry. (4) You apply Carbyne when you see wild oats. No gamble on whether wild oat seeds will germinate.
(5) Carbyne has a proved performance record on a wide variety of crops, including wheat, barley, flax and sugar beets.

### The high cost of wild oats.

Just one wild oat per square foot can cut per-acre yields of wheat 3.2 bushels, and barley 2.2. An average of 15 wild oat plants/ square foot cuts per-acre yields of wheat 12.5 bushels, and barley 8.5. Multiply these yield losses by the current crop prices, and you can see how much money wild oats can cost you.

You don't have to apply Carbyne until you see wild oats.

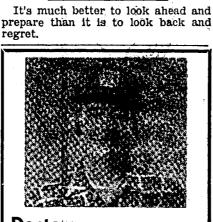

Applying herbicide to wild oat seeds that don't germinate is like buying tickets to a free show. The only way for you to be sure

you have wild oats is to walk your fields. To help you check your wild oats, your Carbyne dealer offers this foot-square ruler—the "Wild Oat Counter."

Take it to your fields. Put it on the ground where you see wild oats. Count them. Then you'll have a good idea how much these wild oats will cost you, if you don't control them.

Please read label instructions carefully and use only as directed. See your dealer about Carbyne ... the wild oat fighter. Gulf Crop Protection Products, Gulf Oil Chemicals Company, 9009 West 67th Street, Merriam, Kansas 66202.

Carbyne costs less per acre.

cant contribution to our school and

Resource Persons During the past few weeks many students in our schools have been able to venture beyond the four walls of the classroom for some exciting earning on the road.

Mrs. Thomas took her 7th grade science class to the Dworshak Fish Hatchery last week for a tour of the facilities and a demonstration of egg spawning. A tour guide also took he students on a nature walk to help

them identify local flora and fauna. Mrs. Thomas' eighth grade science class just finished a unit on sound and is now studying weather. Last week she took her class to a canyon near her home to time echos and take readings on weather instruments. The eighth graders also toured

Dworshak Dam. Joanne Parks recently returned from a five-day trip to Seattle as a participant in the All Northwest Even though she returned to school exhausted from her trip, Joanne had a good experience that is now being shared with other music students.

The fifth and sixth grade classes

had a fun time of it at their annual rollerskating party last Wednesday. Students returned to school with bumps and bruises but the pain was

Some of the local resource persons that have been broadening students' experience in the classroom include Pat Parks who has been working with Gale Vallem's high school art class on oil painting. Students have been sketching still life in preparation for the correct of the control of the correct of the corr tion for the canvas and oil.

Ruby Hawkins, School Nurse, provided the sixth grade with a smoking machine demonstration in conjunction with their unit in health.

Sergeant Odenborg from the Idaho State Police visited Mrs. Stensland's health class to talk to students about drug abuse. He displayed many kinds of drugs and described their

Swing Choir on Tour Bob Pendergrast, music director, and his nineteen members will leave on tour for Western Washington at 7:00 a. m. Wednesday. The group will return on Sunday evening after a full five days of constant activity. Some of the highlights of the trip include the following: Visit Point Defiance Beaches, organ demonstration at Mason Methodist Church, present concert at Foss High School, University sity of Puget Sound tour, present concert at Kelso High School, tour Pacific Lutheran University, attend U. P. S. choir concert, attend Daffodil Parade, go to beaches, visit Lasarium and Seattle Center and present a concert at the Mason Methodist Church.

Thanks to All Lorraine and Jean Mary and Helen

CARD OF THANKS

I wish to thank all my friends and relatives for the cards, letters, gifts and visits while I was a patient at The regular monthly meeting of Clearwater Valley hospital. They the board of trustees of Joint School were all appreciated very much.

District No. 283, Kendrick, will be held Thursday against April 14.

We wish to express our appreciation to all our friends, especially for their prayers, cards, and their kind expressions of sympathy in the loss of our loved one.

The family of Lloyd Scott

1t 15p Salmon River Campout

# Planned by KCK

The Kendrick Campers Karavan will go on its first campout trip of the season this weekend, April 16-17 on the Salmon River. The 2nd trip will be to the Little Boulder area on April 30 to May 1.

The regular potluck will be in the Kendrick Firehall Monday, April 25. The program for the evening will be "show and tell" with each member to display their hobby.

Success in religion, like any other endeavor, has to be worked at seven days a week.

# FOR SAFE DRIVING

Safe, Dependable Winter Driving Requires Extra Care and Maintenance

A leaky or faulty muffler or exhaust system can be deadly on a car or truck in the wintertime when the windows are closed tightly most of the time.

Worn or poor snow tires can cause dangerous driving conditions when winter snow and ice are on the roads.

Brakes that grab or are out of adjustment could cause you to lose control of your vehicle when streets are icy.

Worn out points or spark plugs can make your car hard to start, especially on these cold mornings. And, an old, weak battery just can't give you the power you need in cold weather.

Good Anti-Freeze in the proper amount can mean the diffeernt between complete protection and or a costly repair bill.
