From California Vacation

Mr. and Mrs. Otto Schupfer have returned from an eight-day trip to California to visit their daughter and husband, Mr. and Mrs. Walter Meyer. After visiting friends and relatives in Long Beach, Westminster and Bellflower, they relaxed in quiet Hesperia a day before leaving for a tour of London Bridge at Havasau City, Arizona.

This seven-million dollar project of Mr. McCullough of the McCollough Chain Saw Co., is a remarkable job of taking original bridge in London apart piece by piece. Each piece is numbered and then reconstructed on the Colorado river in Arizona.

Mrs. Schupfer especially enjoyed the miles and miles of wild flowers carpeting the desert in masses of yellows, pinks, white and purples.

They returned via Palm Springs which is a beautiful city of lovely homes and attractive landscaping against the very white sand of the California desert.

Another short tour took them to Escondido and a visit to Lawrence Welks Mobile Park. Beautiful mobile

homes surrounding the golf course and attractive landscaping make this one of the most attractive parks in Southern California. The hillsides of citrus and avocado orchards added to a very scenic drive

As always they both enjoyed the plane trip to Calfiornia and the 1500 miles of auto traveling allowed them to see the many contrasts of the California country including the snowcapped mountains to the below sea level desert. But Otto says there is just no place like home!

Firearm Safety Class

The 7th graders will begin a firearm safety class next week under the instruction of Bruse Penske from the Idaho Fish and Game Department. Both boys and girls will have the opportunity to participate in this 6-hour class which will qualify students for their firearm safety cards. The course will consist of four 2-period sessions, the last session being reserved for target hooting and the firearm safety exam. This is a great chance for our kids to learn the correct way to handle guns as well as learn hunting safety practices. Ourt thanks to the Idaho Fish and Game Department and Bruce Penske for making this opportunity available to us.

New Cheerleaders

Cheerleader tryouts were held last week and the following five girls were voted to represent our High School next year as Varsity Cheerleaders: Joanne Parks, Denise Wolff, Debbi Silflow, Helen Fry, and Glenda Lohman. These girls have committed themselves to a lot of hard work and long hours required to maintain the tradition of spirit at Kendrick, I

and the spirit and support they generated Student Council Exchange

"The On the political scene, the student governments of Kendrick and Genesee exchanged Student Counci Mem-bers this week in an effort to get ideas and learn more about each others schools. Newly elected A. S. B. Officers from each school were primarily the ones involved in the exchange. The Kendrick Student Council drew up a list of questions to ask and areas of school life to learn more about while visiting Genesee. Hosts and hostesses were chosen to escort Council Members around each school and attend a regular schedule of classes.

This was a great way to get our neighbors schools acquainted and trade ideas between students. We hope to extend this exchange of student leaders to other area schools next fall
