

Home Cookin' ... Day Camp

Mrs. Eldora (Edwards) Garlinghouse of Lewiston, sent in a recipe for Overnight Layered Green Salad. She thought our readers would enjoy this and I'm sure they will. Mrs. Garlinghouse added she was a resident of Genesee many years ago—in fact was born here. I'm sure some of you or many of you, should remember her. Thanks for the recipe.

Overnight Layered Green Salad

Shred 1 medium-sized head (about 1 lb.) iceberg lettuce and place in shallow serving dish (about 4 qt.).

Top with 1/2 cup thinly sliced green onion; 1 cup thinly sliced celery and 1 can (8-oz.) water chestnuts (drained and sliced).

Open 1 pkg. (10-oz.) frozen peas and break peas apart. Sprinkle frozen peas over salad, then spread 2 cups mayonnaise evenly over the top. Sprinkle with 2 tsp. sugar, 1/2 cup grated Parmesan cheese, 1 tsp. seasoned salt, and 1/4 tsp. garlic powder.

Cover and chill in the refrigerator as long as 24 hours.

Just before serving, sprinkle salad with 3 hard-cooked eggs (chopped) and 1/2 to 3/4 lb. sliced bacon (crisply fried and crumbled). Cut 2 medium sized tomatoes into wedges and arrange around the salad.

To serve—do not mix. Use spoon and fork to lift the salad onto your plate. Mix together then.

Allergic diseases are not usually fatal, but they can cause untold discomfort and suffering. Although worry and stress might be a contributing factor, allergy is not an imaginary illness.

Cub Scout Day Camp

Genesee Cub Scouts participated in the district day camp on June 28th and 29th held at Troy city park. The action-packed days included games, relays, crafts, flag procedures, art, singing, frisbee golf, and werner roast. Boys from Pack 12 were Jonathan Martinez, David Schwartz, Chris Zenner, Aaron Zenner, Scott Tenant, Scott Sarbacher, Tom Curtis, Bobby Sinclair, Jason Archibald, Pat Borgen and Richard Barbuto accompanied by Den Mothers Joanne Schwartz and Shirley Borgen.

On July 9th, Webelos Day Camp was held at Camp Grizzly. The boys took part in archery, rifle range, canoeing, swimming, nature hike and crafts. The Genesee group elected to camp overnight in tents and after a breakfast cookout, returned home. Boys included Eric Hansen, Mike Schwartz, Sam Smith, Paul ALee, and Danny Nelson. They were accompanied by adults Bill Hansen and John Schwartz.

CARD OF THANKS

The family of Opal O. (Mrs. Howard) Southwick wish to thank the many friends, relatives, and acquaintances for their remembrance of food, calls, floral offerings, prayers and thoughts during the illness and death of our dear wife; mother and grandmother.

Howard Southwick
Mr. and Mrs. Nea Southwick and family
Lloyd Southwick and family

IT HAPPENED WAY BACK WHEN

Genesee News 50 Years Ago

Born, to Mr. and Mrs. John Eikum Wednesday afternoon a bright-eyed, noisy boy, weight 7 1/2 lbs. so John Eikum smilingly told us.

A bevy of ladies and others not so old gathered at the home of Mrs. Hove Tuesday, July 26th to shower with wedding gifts and well wishes, Miss Dolly Smith from Los Angeles, who is to be married to Max Spaulding of Los Angeles.

Thursday afternoon of last week at the home of Mrs. Amelia Rader a shower was given in honor of Mrs. Robert Erickson, daughter of Mrs. Rader. She received many beautiful gifts.

The elevators and warehouses are all being prepared for the wheat that is expected to come rolling in soon. Fred Bershaw brought in the first reported grain this week, 300 sacks of barley from the Joe Roth place, delivered to Mr. Manning for Mickellson Grain Co.

Messrs Theauekauf & Beach bought from Meyer and Son a new McCormick Deering combine harvester which was delivered at the Beach farm Wednesday.

Cherries shipped from Julianna this year were not as large as last year but prices were higher and cost at the time of selling was paid. Bings and Lamberts are the principal crop and brought 17c to 18c a lb. this year.

Master Eugene Paris and sister, Margaret, 5 and 6 years of age respectively, are guests of their grandmother, Mrs. G. A. Bumpuss during the extreme hot weather over in Lewiston.

Francis Bumpuss, while working in the hay at the Kieweno farm Tues. ran 1 time of the hay fork into his ankle just below the joint. No serious result so far.

Mr. and Mrs. W. W. Burr went to Spokane Sunday morning where Mrs. Burr will enter St. Luke's hospital to have a cataract removed from her right eye.

Mr. and Mrs. Ben Smith of the Park section are the proud parents of a 7-lb. daughter who came to their home on Thurs., June 17.

Initial steps in shaping a program to build a better game-bird population in Latah Co. will be taken at a meeting of the Latah Co. Wild Life Federation at Genesee. Directors of the Federation include: N. M. Leavitt, Genesee; Dr. Weigant, Potlatch; Hubert Hall, Bovill; Ed. Solberg, Troy; Marvin Long, Kendrick; Clarence Jenks, Moscow; Vic Morris, Potlatch; A. C. Perciful, Moscow, W. F. Eichner, Troy.

Mrs. O. E. Havens, who has been visiting in the Frank Abrams home, left Saturday for her home at Bremerton.

East Genesee Community Picnic Attended by 55

From as far west as Honolulu, as far east as Rhode Island, as far south as Vallejo, Calif., and ranging in age from 8 months to 80-plus years, they came on July 17. Three generations of friends and relatives of the Parks and Platt families gathered at Spalding to renew old ties dating to the 1920s in the Grey Eagle Pine Grove area east of Genesee, when horses still powered the farms and a day's work in summer was 12 hours, not counting morning and evening chores.

Relaxed now from those harder years, they sat under 40-foot shade trees grown since then, and talked, laughed, swapped yarns, traded recipes, reviewed family histories. For most of them there was just the time since last year's picnic to catch up on, but for some it was the first meeting since school days. Hope Katherine McMahon Johnston, Class retired teacher, housewife, widow; Katherin McMahon Johnston, Class of '23, Vallejo (after 30-odd years in Tacoma); Olive Mulalley Wardrobe, '24, Lewiston, and husband, Bruce—near and far on the map, a lot of time to make up. Pete Stubblefield, 13-year-old grandson of Brennan

Rev. and Mrs. Theo Meske entertained at dinner Saturday evening honoring the birthday anniversaries of their son, Duane and Mrs. Edwin Mielke. Guests were Mr. and Mrs. Mielke and daughters, Mr. and Mrs. Walter Koepf and family, Mr. and Mrs. Glen Wegner and family, Miss Helen Miller, Ted Mielke and Teddy, Duane and Mary Meske.

Mrs. George Broeke underwent a tonsillectomy at the office of Dr. Christensen last week.

Mr. and Mrs. A. C. Wilson and sons, Wayne and Jay Dee returned from a ten-day motor trip into a very remote section of British Columbia.

On Sunday, the local baseball team met Troy on the Kendrick diamond, and defeated them 36 to 6. Trout of Kendrick got 6 hits in 7 times at the plate. Other circuit hits were registered by Schoeffler and Beebe. The winners had a total of 18 extra base hits—5 home runs, 4 trips and 9 doubles. Batteries: Troy: Hurlburt, Kanikap, Parkins, Gordon and Powell. Kendrick: Beebe, O. Kanikkeberg, Trout, A. Kanikkeberg, Deobald and Schoeffler.

Mrs. O. E. Havens, who has been visiting in the Frank Abrams home, left Saturday for her home at Bremerton.

Stubblefield (youngest son of Fanchou Platt, Julianna; Kenneth Platt, Moscow; Walter Pyle, Culesac; Don and Frances Platt Spreiter, Julianna; Robin Stackpole, Kendrick; Ray and Blanche Hermann Trautman, Genesee; George and Ella Whitted, Genesee; Jack and Chris Whitted, Reubens. —Kenneth Platt

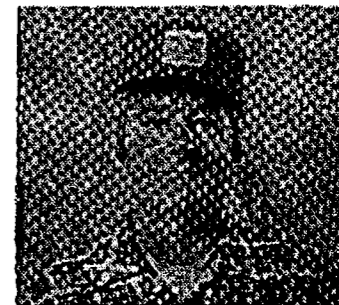

Just another picnic group? Not on your life! Everyone there was somebody special to somebody else. Earnest Katsel, Waitsburg, brought two violins to make sure that Jeanette Platt could join him in the old time music. Tom Parks, Portland, sang to his concertina. Ebba Gehrke, Lapwai, brought her usual irrepressible gaiety; Olive Wardrobe, the unquenchable courage of long years in a wheelchair; Beau Brazier, one year, the joy of happy parents, Roger and Shelly and the pride of grandparents, Glen and Nellie Brazier.

Oh yes! There was food, too. Though, believe it or not, not a potato salad in sight, and not a sandwich. Baked beans, of course, and fried chicken of several recipes; macaroni and noodle casseroles; tossed and jello fruit salads; bowls of olives; home baked cinnamon rolls, cakes, pies and apricot cobbler; cold drinks by the gallon; coffee, watermelon, cherries—all the bounty of farm tradition. Everyone ate all he could hold, talked some more, then ate some more.

So went the 6th annual Parks-Platt picnic, begun in 1972 to bring together old friends from country school days. "Shall we meet again next year?" An enthusiastic yes. But let's call it the East Genesee Community picnic from now on, and let everyone know it's open to all who still treasure memories of friends and doings of those 1920s years. Same date—3rd Sunday in July. Same hours—noon to 4 p. m. Same place—Spalding Park. "See you there in 1978."

Others at this year's picnic, not already mentioned, were: Earl and Lola Gamble Clyde, Moscow; Joe and Marguerite Spurbeck Doyle, Genesee; Lorene Platt Gilson and Marge Nebelsieck Gilson, Lewiston; Alfred and Angie Castle Hasfurther, Genesee; Clinton and Mrs. Hermann, Genesee; Don and Audrey Pleiman Jain, Bovill; Mrs. Earnest Katsel; Louise (Mrs. Wm.) McMahon, Bill and Diane McMahon, Ken and Beth McMahon Weldon, Lewiston; Robert and Mabel Harms Parks, Milton-Freswater, Oregon; Ted and Gladys Harms Parks, Walla Walla; John and Ellen Platt, Pierce, and grandsons, Brad Finch, Salt Lake City and Mitch Ja-

Latah County's Battle Against Weeds Needs the Cooperation of Everyone

In the summer months Latah County is responsible for noxious weed control on approximately 1,200 miles of right-of-way. This is part of a coordinated response to noxious weeds that are currently spreading throughout the state.

Road and rail right-of-ways are serious contributors to the spread of these plants. It has long been recognized that preventing these plants from leaving the right-of-way is the surest preventative measure avail-

able to a community. This control measure is designed to counter some of the problems that erode the dependability of a control effort and send the cost out of reach. If a weed problem is established off the right-of-way, special equipment is required and valuable time is lost in gaining access to private lands. Also the advantage of herbicides labeled for non-crop use is often lost. In short a difficult job is made impossible. The advantage of prevention is lost.

The best control method is one that allows the least amount of herbicide to be applied to the least land area. Roadside control permits this type of application. Selective herbicides are directed by hand to undesirable plants only. Waste is at a minimum. Brush, wildflowers, and all grasses are left to compete with future weed populations and reduce erosion. In too many areas in the state, noxious weeds have completely eliminated wildflowers and grasses, and pose a serious threat to big game wintering areas.

Spraying in Latah County is done primarily by college students who are licensed by the state and often have experience in a related field. A normal spray season is 8 weeks and requires 7 vehicles. Each vehicle is manned by two operators who assist each other in the recognition of weeds and provide a measure of safety to the public in the event of a traffic accident. Safety is a prime concern and the vehicles are equipped with several types of signs and flashing lights.

Failure to check the spread of weeds has brought outright economic disaster to several areas, however the effects are usually more subtle. Weeds increase the cost of food by approximately 10 percent. No one is exempt from this cost. This added cost is due to direct yield reduction, increased cost of transportation simply due to the bulk of weed seeds in the harvested crop, and the significant expense of removing weed seeds before the processing of food. Each of these factors implies a waste of petroleum products. These costs are going higher.

These growing problems have led to an increasing coordinated effort between public agencies and private industry. This has resulted in a substantial investment throughout the state.

In Idaho the success of this coordinated effort is largely dependent on the counties and the success of the counties depends on an educated and informed public. The only certain way to waste weed control money is to do nothing.

OVERWEIGHT CHILDREN

That plump, healthy, happy youngster may grow up into a fat, unhealthy, unhappy older child, and later into a fat adult who is prey to all of the physical ailments that are a part of obesity.

Faulty eating habits started in early childhood often are the cause of overweight adults in later life, says the American Medical Assn.

All too many mothers, with the best of intentions nag their children into eating more than they want to eat. The healthy, fat baby who remains chubby as he grows into pre school and first grade years becomes less attractive as an individual. And the habit of eating more calories than necessary is likely to remain the rest of his life.

The parent who thinks the child should lose weight should seek expert help on how he should lose it. If it fits your doctor's counsel, here are some tips to help your youngster lose weight—

* Weigh once a week and keep track of the weight. Use the same scale and wear approximately the same clothing.
* It isn't necessary to cut out all desserts and snacks, as long as their calorie count is included in the daily total. Fresh fruits are good for

FOR SAFE DRIVING

Safe, Dependable Winter Driving Requires Extra Care and Maintenance

A leaky or faulty muffler or exhaust system can be deadly on a car or truck in the wintertime when the windows are closed tightly most of the time.

Worn or poor snow tires can cause dangerous driving conditions when winter snow and ice are on the roads.

Brakes that grab or are out of adjustment could cause you to lose control of your vehicle when streets are icy.

Worn out points or spark plugs can make your car hard to start, especially on these cold mornings. And, an old, weak battery just can't give you the power you need in cold weather.

Good Anti-Freeze in the proper amount can mean the difference between complete protection and a costly repair bill.
