Letters to the Editor . .

Dear Editor Bill Roth:

Your tribute to Ed Deobald has just come and it is very well said, Standing in the foyer of the Moscow Presbyterian Church one morning not long after World War II, I found an elderly lady with red cheeks and her son and greeted them. She told me about her visit saying that she'd had some government checks which paid for crops she didn't grow about this money. They told her it was hers and she'd better deposit it. This went against the This went against the grain, she was too independent for all this. But she submitted. Time went by and she couldn't figure out what to do with it all, but finally she bought some linoleum for the kitchen and a winter coat. She was wearing the coat and it was a nice dark red color. But the matter was not comfortable in her mind. So she decided to buy a beautiful window for a church, and, this was the church and the window was on the west wall depicting the Rich Man and the Needle's Eye. She felt deep satisfaction

to have done this. Her son turned out to be Ed Deobald who became my friend. When I went to Kendrick on county business while a commissioner, he was always cordial and helpful in his garage. His daughter is my friend and today we visited about him and her grandmother. How good it is when our lives close that we can leave respect and love behind to comfort those who hold us dear.

> Sincerely. Grace Wicks, Moscow, Idaho

> I KNOW SOMETHING GOOD ABOUT YOU

Wouldn's this old world be better; If the folks we meet would say, 'I know something good about you' And then treat us just that way.

Wouldn't things here be more

If the good that's in us all Were the only thing about us That folks bothered to recall.

Wouldn't life be lots more happy? If we'd praise the good we see, For there's such a lot of goodness In the worst of you and me.

Wouldn't it be nice to practice? This fine way of thinking, too You know something good about me I know something good about you. -Author Unknown
