District elections Monday, Dec. 5.
Jack Parsley, Cedar Ridge farmer,
was returned to another four-year term as commissioner for the South Latah Highway District from sub-District 3. Parsley, unopposed on the ballot, received 74 of the 107 votes cast. Write-ins receiving votes were Lester Holmes, 21; Warney May, 11; and Bill Wilson, 1.

No candidate's name appeared on the ballot of the Genesee Rural Fire Protection District from Sub-District No. 3, but voters went to the polls and gave incumbent commissioner J. P. Hermann 20 votes to re-turn him for another three years. Jerry Johnson and Charles Swenson are holdover commissioners.

Laverne Anderson and John Myers, Jr., were re-elected as commissioners from Sub-District 1 and 2, respectively Monday, from Genesee Community Cemetery Maintenance District. Both received 41 of the 48 votes cast. James Busch is the holdover commissioner.

Floyd Heimgartner and Oscar Slind were re-elected as commissioners of the Nez-Tah Cemetery District Heimgartner is from Sub-District No. 1; Slind from Sub-District No. 2.

Public Hearing Monday On City Land Sale

Kendrick's City Council will hold a public meeting regarding the proposed sale of approximately 21/2 acres of land in the West End of the

The land involved in the proposed sale includes the site which was once used as a riding arena by local saddle club. Since this land represents some of the last level ground in the city limits, its value to prospective home builders would make it desirable property, land in question has not been used since the riding club disbanded ex-cept for an occasional children's baseball game.

It was this lack of use that prompted the city council to consider selling the property.

The law provides that when the city owned property is not used for a public purpose, the city may, if there are no objections, sell the land. However there are guidelines the city must use in disposing of the property. First: the property must be apraised. It is understood that this has been done and the property appraised at \$25,000. Second: an ordinance must be passed expressing intent of the city to sell and setting up a public hearing. The ordinance was passed Nov. 22 and the hearing is Dec. 12.

The sale cannot be made until sixty days after the passing of the

If during this sixty-day period, qualified electors equal in number to 12 percent of the total votes cast in the last city election (119 votes were cast) request the question of the sale be put to a city election, the election must be held. If a simple majority of voters approve the sale, it may then be made. If a majority reject the idea of a proposed sale it cannot be made and the issue can-

not be raised again for six months.

The sale of the land, if approved, must be made at public auction.

WHEN TO SEE THE DOCTOR

All of us are now and then faced with a quick decision should we, shouldn't we see the doctor?

The American Medical Association lists several points for consideration whether medical aid should be sought at once--

When your complaint or symptims are too severe to be endured, such as abdominal pain common to a gall bladder attack or appendicitis or kidney colic, or sudden chest pains. Immediate relief of pain is the purpose of getting the patient to the doctor without delay.

When an apparently minor symp tom persists for more than a few days or a week, and does not appear to be due to some easily identified cause. A nose bleed from a sharp blow is one thing; a nose that bleeds constantly or frequently for no apparent reason is quite a different When the symptom returns re-

peatedly for no readily apparent cau-Digestive disturbances due to overindulgence are one thing; constant digestive distress despite great care and moderation in eating is another. When in doubt, it is safer to

call the doctor than to take a chance, Many accidents around the house or yard cause bruises and scratches and minor sprains that can be successful treated at home. But some accidents require fast medical atten-

If the accident victim is unconscious, get help fast. Also when bleeding is severe or cannot be controlled; when the victim is groggy or confused; when there are signs of shock, such a pale, cold skin, sweating and weak pulse.

Breathlessness or intensive thirst after the accident require medical attention. If there is a possible broken bone, seek help. Also for severe, pain, signs of poisoning,, serious burns, persistent vomiting blurred

Listening For Understanding Means Watching Actions, Too

All of us, whether we are young or old, want someone to understand us. And understanding is necessary for our life and growth. But many times what people say or what they mean are not the same. They can't say what they mean, so, careful listening is a must for understanding.

But, we have to listen to what is not said as well. We need to listen with our eyes. Often people's actions show us what they can't say.

What does it cost

to build a new school

or fix the streets

in your town?

The public has a right to know what it costs to build or improve a street or building in your town. Your local newspaper is the publication where you find that information.

For centuries, people have recognized the right of the community and of the individual to be put on notice.

Many citizens don't understand what a legal notice is, or why they're printed in your local newspaper. Many people don't read them until it's too late.

Legal notices keep a citizen informed on all school, city and county action by official bodies. Legal notices also give a citizen an opportunity to do something about some proposed action that may affect his rights.

Your local newspaper is a long established medium for such notices as provided by law or by official designation. And, it's one of the many public services provided by this newspaper.
