He worked many years with the now disbanded Merchant's Association and even after he retired he was a ceaseless worker in the Genesee Civic Association. He was the membership chairman of that organization and if you didn't belong, you heard from Dave.

Dave was a very outgoing man, always in good spirits and had a joke or humorous story for just about every occasion. You could hear his voice and his laugh a block away as he would make his daily trip to the post office to get his mail when he had his store. Some of my best memories of Dave are when he and Floyd Ochs, who used to have the WWP office in the back of Dave's store would get together to bedevil friends who happened to stop in when both were there. If you were in a poor mood when you went in, you couldn't stay that way long around Dave and Floyd.

Much has been discussed around Genesee, I know, as to what happened to our business district. are lots of reasons: changing times, economic, personal, but also there is one fact; there weren't a lot of businessmen like Dave Kuehl. --- Now there's even one less. —Bill

We Can Save You Some Bucks"

GENESEE

The writer of this column received some good news this week from an old Rimrock farmer friend, who after years of painstaking research in the Bible, came up with the revelation that God creates only a few perfect heads—the rest he puts hair on! Made my day!

A friend of ours dropped off a Norwegian joke book for me to use in this column, so we will have a few Norwegian jokes for a while and hopefully all of our residents of Norwegian descent won't think I am picking on them and will laugh with the rest of us.

Here is a timely story. Several Norwegian farmers from Minnesota dissatified with low farm prices, decided to march on Washington. At last report, they were 15 miles south

A Norwegian appeared with five other men in a rape case police lineup. As the victim entered the room, the Norwegian blurted, "Yep . . . . that's her!"

Most folks in these parts think that streaking originated in America and is an American fad, but the truth of the matter is that a Norwe-gian started this fad when he mis-took Ben Gay for Preparation H.

### **Deary Outhustles** KHS Tigers 59-55

Coach Bill LaMunyan's Kendrick Tigers finally broke then third quarter jinx, but they still ended losing to the visiting Deary Mustangs 59-55 Saturday night. The Tigers have been plagued by poor third quarters all year, but in the Deary game they kept the pressure on and scored 18

points. LaMunyan termed the Deary club "the quickest we've played all year." The Mustangs would also qualify as one of the most hustling ball clubs in the area as they pressed the Tigers through the game.

The game was also expensive for the Tigers as it cost them the services of forward Tim Eichner, who suffered a broken wrist and will be out for the remainder of the season.

Deary came out fast and ran the score up to 0-4, before Tim Eichner dropped in two field goals to tie it 4-all. From that point the Mustangs were off and running, leading 23-13 at the end of the most quarter and 34-23 at the half. Kendrick applied its own press in
