**GRADUATION -  
The Expense  
has just  
Begun.**

There's more expense to graduation than just buying a gift for the young person, especially if the graduate is your own child who may wish to go on to college or a vocational or technical school. That takes money.

May we suggest that one of the best sources of finance for a college education is from your own savings account set up especially for that purpose. With a saving account at a dependable, reliable bank, such as First Bank of Troy, you'll be amazed at how a regular program of savings will soon develop into a fine educational fund.

Stop in this week and talk to any of the friendly folks at First Bank of Troy.

**Potlatch Ridge Workers 4-H Club  
Plant Ponderosa Pines at Clubhouse**

On Saturday, March 18, about 25 Potlatch Ridge Workers, their leaders and parents got together at the Leland clubhouse to plant Ponderosa pine trees. These trees were compliments of the Potlatch Corporation of Lewiston, who had asked the Nez Perce county 4-H agent, Jay Ney to recommend a club to receive the trees. These little 10 pine trees were grown in the Potlatch Corporation's greenhouse. The club had a good day to plant and had over 500 trees in the ground by noon. Some trees were given to the Cub Scouts to plant by the "K" on the hill east of Kendrick and some were taken home by individuals. In all, our 700 trees were donated by the Potlatch Corporation to the Potlatch Ridge Workers. We were happy to get them and look forward to watching them grow. We were proud to be chosen to pilot this worthwhile program.

CAN BE ENJOYABLE HOBBY**

Clifton Anderson

Moscow—A gardener who becomes interested in ferns will find the graceful plants offer limitless opportunities for study and enjoyment. Approximately 14,000 species of fern are said to exist and new forms are being discovered quite frequently by amateur and professional botanists.

Growing ferns can be a year-around activity because some species make handsome indoor foliage while others are suited to outdoor culture.

Ferns do not produce seeds but may be propagated by dividing clumps or by germinating tiny spores which are borne on fertile fronds. Raising new plants from spores is a challenging task, requiring patience and perseverance.

Studying ferns in their native habitat is the avocation of many members of the American Fern Society. The Society sponsors a field trip each year, with this year's outing being scheduled for June 23-25 in the vicinity of Mountain Lake, near Blacksburg, Virginia.

**BEWARE OF 'EARLY GARDENING FEVER'**

Clifton Anderson  
Associate Agricultural Editor

Moscow: People who get "spring fever" always recover. But when gardeners are afflicted by "early gardening fever," their vegetable plots may have serious casualties.

Too-early planting is a common problem in Idaho, according to Tony Horn, UJI extension horticulturist. He urges gardeners to consult their local extension service office in order to learn the average date of the last killing frost in their area.

"Tender vegetables such as sweet corn, tomato plants and snap beans should not be planted until about 10 days after the last killing frost. You will be wise to wait two or three weeks after the last killing frost before planting sweet potato plants, squash and watermelon. These vegetables are very tender and require warm soil and air temperatures," Horn said.

Half-hardy vegetables such as parsnips, carrots and Swiss chard can be planted two to four weeks before the last killing frost is expected, the extension horticulturist noted.

Hardest of all, he said, are radish-

es, spinach, parsley, turnips and peas. These can be planted as soon as the ground can be worked—about six to eight weeks before the last killing frost.

Horn recommends these rules for getting gardens off to a good start:—Avoid weed problems by planting in a freshly prepared seedbed. Keep the ground worked where late sowings are to be made.

—Plant in straight rows. Besides making the garden more attractive, this simplifies cultivation and harvesting.

—Plant at proper depth. Seeds are planted comparatively shallow early in spring and in heavy soils. They are planted slightly deeper later in the season and on sandy soils. In general, large seeds must be planted deeper than small seeds.

—Firm the soil after planting. After the seeds have been covered to a proper depth with fine, moist soil, firm up the seedbed. This will hasten germination. The back of the hoe or rake can be used for lightly tamping the soil.

It matters not what you are thought to be, but what you are.—Publilius Syrus

**Kendrick F. F. A. Chapter Impressive At State Leadership Conference**

Ten members of the Kendrick FFA chapter traveled to Meridian on April 4 to take part in the 4-day 47th Annual Idaho Association Leadership Conference. The Conference is designed to help FFA'ers better their leadership qualities and to improve the State Association through many various ways. Official delegates were Mike Courtright, Dan Lohman and Brian VonBargen.

Official Delegates:  
Brian VonBargen, Mikel Courtright, Dan Lohman

Also held at the conference were the State Co-ops, Public Speaking, and Creed Contests. David Williams participated in the public speaking contest with his speech, "Nobody Knows". David did extremely well and placed 5th in the State.

Kendrick's Co-op team also participated on the state level and placed 2nd overall. Team members were David Williams and Lyle Deobald, who ineredly led for top individual in the state.

Kendrick's Building Our American Communities (BOAC) project received a Regional Award, thanks to Mike Courtright's leadership.

David J. Williams was Kendrick's representative this year in the State Parliamentary Contest. The contest tests the individual's knowledge of parliamentary law. The winner (1st high individual) in the contest earns the right to reside over the business sessions and help the chair in matters of parliamentary law. Dave placed as an impressive 1st runnerup in the contest.

Parliamentarian Candidate: David J. Williams  
BOAC Chairman: Mikel Courtright

Public Speaker: David Williams

Won State Farmer Degrees: David Williams, Gary Brammer, Lyle Deobald, Pat May

In the State Scrap Book Contest, Kendrick received a well-earned gold award. The contest consists of collecting newspaper articles and pictures of chapter activities and assembling them in a scrapbook which is then taken to the convention and evaluated on the state level. The Gold Award is the highest award a scrapbook can get at State and only four of the coveted awards were given out.

Four members from Kendrick Chapter received their State Farmer Degree at the Conference. The State Farmers are chosen from the top 3 percent of the Idaho association membership. The State Farmers were Lyle Deobald, Gary Brammer, David Williams and Pat May.

The 10 members who made the trip to Meridian were Brian VonBargen, Dan Lohman, Pat May, Mike Courtright, Ricci Parsley, David J. Williams, Lyle Deobald, David Williams, Gary Brammer and Rick Glenn.

The members would like to congratulate the Scrapbook chairmen (Parsley and Glenn), BOAC committee, Co-ops, Public Speaking and the Parliamentary teams for nobly representing the chapter.

**Mental Health Association "Bell Ringer" Drive**

Volunteer "Bell Ringers" will go from house-to-house in Kendrick during May collecting for mental health, it was announced this week by Helen Brocke, campaign coordinator for the drive benefiting the Mental Health Association of Idaho.

As a volunteer agency, the Association works on behalf of the mentally and emotionally disturbed and to promote mental health. The Association is not a state agency and so must exist entirely on private contributions such as funds collected in the Bell Ringer Drive.

Bell Ringer workers collecting in Kendrick are Jean Brammer, Erna Nelson, Cheryl McGregor, and Maxine Foster.
