#### Absentee Ballots Available For Library Election

Absentee ballots for the Latah Co. Library District election to be held June 12 are now available from the Jay Anderson, Walt Moden, Dawn headquarters library in Moscow. The ballot has two separate sections .. On the first part, the Library District Board is asking voters to approve funding for a new library headquarters building in Moscow. The Library District would provide one-third of the cost of the new building, the City of Moscow two-thirds. City voters have already approved a 400,000 bond issue for the project. A two-thirds majority approval needed for the bond election.

pay them if you want too. We feel it will be much more effective to sign the 1% petition and vote on limiting property taxes. By signing the 1% petition will include many more people of the state in protecting skyrocketing property taxes and not put the burden on only those who withheld their property taxes.

I want to personally thank those who responded to the withholding action.

I would like to urge everyone to sign the 1% petition so that the people will have an opportunity to vote

on curbing property taxes. Werner Brammer

# Cherniferest higher interest with two new certificate plans

Effective June 1, 1978

First Security has always been the region's savings leader in offering you the highest interest allowed, and the widest possible choice of ways to save. So it should not surprise you that we're now offering you higher interest rates than ever before, on two brand new savings plans for short or long term savers.

### NEW EIGHT - YEAR 7 3/4% CERTIFICATES.\*

All you need to lock in 7 ¾% annual interest for eight full years is a minimum deposit of \$1,000. Interest is paid quarterly and it can be added to the face amount of your certificate to earn compounded interest. \$1,000 will grow to \$1,848.00 by maturity. If you prefer, we can pay your quarterly interest by check or deposit it to your First Security checking or savings account. The choice is yours.

NEW MONEY MARKET CERTIFICATES\* AT TREASURY BILL RATES. If you can invest \$10,000 or more for 6 months, you can earn the highest interest rate we are permitted to pay on 6 month savings certificates. Rates are based on the average yield for 6 month Treasury Bills established in the most recent weekly auction. Ask us for the current rate, which presently exceeds 7%.

Come to First Security — the savings center — and take advantage of these new higher rates. We can take care of you quickly and efficiently.
