Many Enjoyed Ice Cream Social at Museum Grounds

Twenty-three gallons of ice cream were consumed at the second annual Ice Cream Social held at the Latah County Museum grounds Sunday afternoon according to Gerald and Grace Ingle who assisted Cora Knott of Moscow in serving ice cream, cake, punch and coffee. Refreshments were partly furnished by the Historical club that donated seventeen cakes for the gala affair.

Between five and six hundred visitors enjoyed the afternoon festivities and curator Keith Petersen estimated half of them toured the McConnell Mansion during the day. Many crafts were displayed and demonstrated along Adams Street including chair caning, weaving, tatting, crocheting, knitting, spinning, lace-making, quilting, wheel-making, buggy carving, painting and pottery throwing.

Entertainment during the afternoon was provided by the Idaho Gems, Kendrick and Genessee's barbershop quartet from the Lewis-Clark Sweet Adelines, the Latah County Old Time Fiddlers, Ruby Wheeler, piano soloist, Lucille Magnuson accordionist and Grace Pratt on bass.

Quartet members include Iris Quayley, baritone, of Genessee; Ann Parks, lead; Marilyn Eichner, tenor; and Lucille Magnuson, bass, of Kendrick.

Onstotts Hosted Grange Town-Country Cousins Picnic Dinner July 18

Kendrick Grangers gathered Tuesday, July 18 for their annual Town-Country Cousins potluck dinner. It was held this year at the home of Elsie and Manning Onstott and their yard and evening were perfect for the occasion. The theme was Americanism. Of course, first things being first, that notable Grange cooking was attacked and topped off with homemade vanilla ice cream and fresh raspberries.

There were a few out-of-town visitors everyone was glad to see: Frances Peters' sister and brother-in-law, Bill and Eileen Johnson; Coryell Wolff's cousin and her husband, Allan and Frieda Jeffries of Boise and Harold and Ida Olderness of Spokane. It was also nice to have Opal and Bob Draper in our midst again. Lots of good visiting took place.

Chairman of Women's Activities, Ruth White reminded the members that the State Grange convention will start October 31 in Payette that the sub-ordinate judging for needlework will be September 7, 1978 at the Kendrick Grange Hall and Pomona judging Sept. 9 at Mt. Home Grange and State Judging at Deary Sept. 19.

Lecturer Nellie Heimgartner reminded the members that there will be no meeting until Aug. 15 at which time everyone was asked to bring vacation souvenirs and tell all about them. Nell also talked about the Lecturers' Contests. All entries should be into Nell by Sept. 1. The Art Contest consists of oils and acrylics, water colors, drawings and pastels and posters. Not smaller than 8"x11" and not larger than 36" x 60". Photo contests: color and black and white and color slides. Scenes, animals, people and close-ups. Close-ups 18" or less from subject. Photo not less than 5" x 5". Skit writing contest: open to all 4th degree members. Not less than 3 characters — not less than 5 nor more than 10 minutes in length. Must have been used in a Grange program. The State miscellaneous talent contest includes original compositions including tableaux, skits, readings, songs, poems, short stories, tall tales and slogans. The craft contest consists of small wood carvings made of driftwood, buris or other suitable wood; miscellaneous items made from pop cans; decoupage and Christmas Tree trimmings made from any material.

The program consisted of Lecturer Nellie Heimgartner reading the "Greetings From the Chaplin", by Mrs. Hazel Sims, taken from the Idaho Grange News. Gene Taylor recited a poem, "America For Me" and led the members in singing "God Bless America". Gerald Ingle described a coin display and an excerpt from a Kendrick paper was included in a 1977 issue of Idaho Remembers.

Betty B. and Charles Dillard Stone have been welcomed into the Kendrick Grange.

The serving committee consisted of Leonard and Coryell Wolff, Vivian Wolff, Marie and Harlan Fey, Rosella Largent and Nora Callison.

There will be a budget hearing on Thursday, Aug. 10 at 7:30 p. m. in the Kendrick Fire Hall.

The regular meeting dates were set for the third Thursday of January, April, July and October.

COUNCIL MEETING AUG. 4

The regular monthly meeting of the Genesee City Council will be held Friday, August 4th at 7:30 p. m. rather than Monday, August 7th, due to an expected failure to have a quorum on the 7th.

Dwight J. Ingle, Nationally Known Scientist, Author, Passes

Word was received Saturday morning of the death of Dr. Dwight J. Ingle, of Rapid City, Michigan. He died July 28th following a three-day illness.

He was born at Kendrick September 4, 1907, the son of D. J. and Mattie Ingle, pioneers of the Big Bear Ridge community.

He was a graduate of Kendrick High School and attended the University of Idaho, receiving his Bachelor of Science Degree in 1929 and a Master of Science in 1931. He was granted a Doctor of Philosophy Degree from the University of Minnesota in 1941 and was awarded an honorary Doctor of Science degree by the University of Idaho in 1962.

He served as research scientist with the Upjohn Company; professor of physiology at the Ben May Laboratory for Cancer Research; and as Chairman of the Dept. of Physiology at the University of Chicago.

Dr. Ingle was a renowned authority of Endocrine Secretions and had conducted studies leading to advances in glandular difficulties.

He had authored numerous publications, and had several books published including, "Physiological and Therapeutic Effects of Corticotropin and Cortisone", "I Went to see the Elephant", "Who Should Have Children", and others. He was a popular guest speaker and often returned to the University of Idaho as a challenging and provocative lecturer.

He was married to Geneva McGarvey of Moscow October 25, 1930. She survives at their lake home near Rapid City Michigan. Other survivors include his son, David of Boston; two daughters, Ann Blanden of Corvallis, Oregon and Jane Ohly of Boston, Mass, and five grandchildren; several nieces and nephews, Barbara Lea Anderson Nelson, Northridge, Calif.; Allie Moore Kremmin, Juliaetta; Claribel Moore Switzer, Portland, Oregon; Betty Ingle Olson, Albuquerque, New Mexico; Alecie Ingle Nethken, Lewiston, Idaho; William Ingle, Hubbard, Oregon and Gerald Ingle, Kendrick, Idaho.

Memorial services in Rapid City will be followed by cremation. A memorial fund in his honor will be established through the University of Chicago, to aid young scientists in the publication of their writings in the Journal of Prospectives.

Harvest Progresses As Weather Stays Hot and Dry

Harvesting of this year's small grain and pea crops continued to progress smoothly with weather remaining hot and dry. Temperatures were still pushing into the nineties as all warehouses in the area reported increasing deliveries from the farmers.

Asgrow Seed Company in Genesee which deals exclusively in peas, have been taking deliveries from growers all over Eastern Washington for over a month, but it has only just begun to receive crops from local producers. Asgrow's Genesee plant is the central milling and processing plant for an area that extends to the Columbia Basin. Peas from this area first started coming in from the Rim and the pace is picking up. Asgrow manager, Leonard Singhose said Tuesday afternoon that he expected the peak of the local harvest, next week, weather permitting. What peas have been coming in have been of good quality and most are running over a ton to the acre.

Wheat is just now getting a good start at Genesee Union Warehouse, reported Mike Martinez Tuesday afternoon. Mike estimated that about 35,000 bushels of wheat has been taken in, or about 5% of the estimated harvest. But the wheat that has come in has been testing out No. 1. Winter barley is almost all in with the yields excellent and the Grade No. 1. Genesee Union estimates that most of its expected small sieve Alaska peas are in now and the regular Alaskas are off to a "spattering start," as Martinez put it with farmers waiting for the fields to ripen.

Howard Hoffman, manager of Lewiston Grain Growers Kendrick operations, said peas at his warehouse were just about at the peak of deliveries and were "looking very, very good." Wheat is just getting a good start at LLG and fall barley is well along in the harvest and looking better than average. If the weather holds, Howard said, his warehouses could be at the peak by the end of the week.

Fall barley is almost all in reported Bob Watts at Kendrick Rochdale this week and wheat is getting started.

Small sieve Alaska have been about 75 percent harvested by growers under contract with Brocke and Sons, said George Brocke. Rape seed is about 90 percent completed and the farmers are now cutting Austrian and regular peas with a few deliveries of yellow peas also coming in Monday and Tuesday. All the crops were looking good, George added. He estimated that his warehouses had received 35 percent of expected wheat.

Jill Hoogland Attended FHA-HERO Youth Confer. At Twin Falls College

Jill Hoogland, State V. P. of Dist. II FHA/HERO attended a Joint Youth Leadership Conference held at Twin Falls College of Southern Idaho July 25-28.

Meetings consisted of Public Speaking, Parliamentary Procedure and Public Relations and the use of the news media.

FHA/HERO state officers were in charge of the opening sessions. The youth groups represented were FHA/HERO, FFA, DECA, IJASA, VICA and OEA.

Each member participated in all three areas and the meeting was reported as being very informative and interesting.

Fishing Great for Kampers At Emerald Creek

A small turnout of the Kendrick Camper Klub going to Emerald Creek campground over the weekend proved to be most enjoyable and relaxing.

DEMOCRAT

State Representative - District 7

THIS I BELIEVE:

We need meaningful tax reform, but public services (education, enforcement, etc.) must be maintained.
Involvement of the state in local matters should be minimized.
Each issue should be considered on its merits.
I would remain independent as far as each issue is concerned, but would solicit the opinions of the voters, and would vote to the best interest of my constituents.

Immunizations Halt Killer Diseases

Immunization is a priceless health asset. Vaccines to prevent smallpox, diphtheria, tetanus and typhoid fever have been available for many years. Whooping cough, polio and "flu" vaccines were later added to the list. And most frequently we added vaccines to protect against measles. German measles and mumps. Immunization produces such a light form of disease that the body reacts against it without becoming sick. This is called active immunity. Passive immunity is acquired from injections of protective substances produced in the body of an animal or another person. Infants receive passive immunity from their mothers against most common infectious diseases, their mother have had, such as measles and this immunity protects them during the first few months of life.

A pamphlet from the American Medical Assoc. points out that before 1900 diphtheria was among the most dreaded diseases of infants and children. Early in the century diphtheria toxoid was developed to protect children against this mass killer. Diphtheria toxoid is customarily given to small children in combination with tetanus toxoid and whooping cough vaccine for the basis immunization of children against all three diseases. Whooping cough killed many children before a potent vaccine was perfected in the early 1930's. Deaths continue to occur where vaccination is neglected.

Tetanus immunization is of growing importance, the AMA pamphlet indicates. Tetanus germs, which lie dormant in the soil, may contaminate wounds sustained in auto accidents, sports, gardening, natural disasters, fires or explosions. Booster doses are needed every ten years or whenever a wound that could be infected occurs more than a year after immunization.

The Sabin oral polio vaccine is administered by mouth on a lump of sugar or in sweet liquid. A booster dose of the combined Sabin vaccine after 12 to 15 months and on entering school insures immunity to all 3 polio viruses.

Work... It Can Help Or It Can Hinder

Work offers the average American man several emotional gratifications. For example, it gives the young man an opportunity to get ahead which means marriage, a home, children, a car, vacations, a savings account, prestige and an opportunity to compete with his peers and show his abilities. However, too few men take time out to enjoy their accomplishments. Too often they pursue these goals relentlessly at the time when children are young and most need companionship and attention. Kind and well-meaning young fathers often just do not realize the harm they are doing in leaving themselves out of their children's personality growth. The children, in this modern world, needs to know early in life that he is important to two people who love him and are interested in him.

Further, the young father should be spending some time at play with his child so that a tie grows between them that will serve in some of the many instances when cooperation is necessary in family life.

If the child is a boy, he needs a father's interest and company in order that he may learn to think and act like a man through the process of identification. If the child is a girl, she too needs her father in order to eventually feel comfortable with and acceptable to other men. Case studies show that a girl's relation to her father when young does a great deal to establish her sense of comfort and acceptance of men and their acceptance of her as long as she lives. Undoubtedly more of the understanding so necessary to successful marriages would be developed if the

Job Picture

According to Phyllis Dunn, Moscow Local Office Manager for the Idaho State Department of Employment, the following jobs are currently open: grocery-checker, sales clerk, experienced bank teller, part-time receptionist, waitress, nurses' aid, cook, restaurant hostess, meat cutter, dishwasher, combine operator, carpet layer and experienced cable splicer.

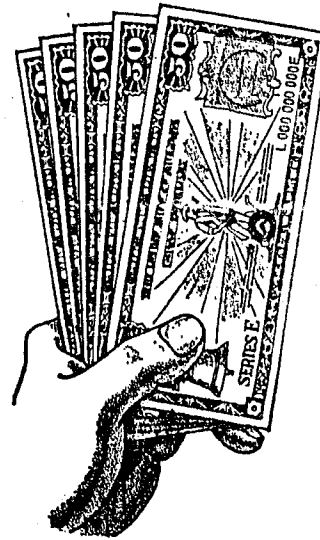

There are 206 people in Latah Co. filing for unemployment insurance compared to 205 last week and 332 in the same week in 1977. Current totals are Moscow 135 compared to 129 last week and 219 in 1977; Genesee 7, 8, 7; Troy-Deary-Bovill 35, 36, 63; Kendrick 6, 6, 3; Potlatch 23, 26, 40.

father played a more sympathetic role in the family rather than the very common one of the busy, over-tired, harassed, self-centered, success-pursuer. He could set a better emotional atmosphere for his sons and daughters if he balanced working and living when his wife and children are young.

Many a child has said, "I wish father had been less prosperous and spent more time with me." And probably even more fathers, "I wish I had spent more time with my children."

**TO THE RESIDENTS
LATAH COUNTY**

For three and one-half years as County Commissioner I have been serving you openly and forthrightly.

Most of what the Commissioners have to do is set by the Idaho Legislature. Still, we are called on to make many decisions that are important to our locality. In these, my aim is always to listen to all sides and come to a fair and proper conclusion.

Your privilege of voting is a most precious and perishable item. Be sure to exercise it in the Primary Election on August 8. If you plan to be away, please write or go to the County Auditor's Office and ask for an absentee ballot.

Now I ask for your support — only your concern and vote will allow me to continue my efforts in behalf of our mutual interests.

Thank You,

**Governor
Evans is looking
out for Idaho.**

It's our strength—our determination—that has made Idaho a great place to live.

And as long as John Evans is governor, that's the way it'll stay.

Governor Evans has come directly to the people, listening to our views. He has put our views to work in all parts of state government.

And in areas as diverse as protecting our water from federal policy-makers, halting the

runaway growth of state government, and improving the education of our children, Governor Evans has done something unusual.

He has made government work together—for us.

Governor Evans has been doing a good job looking out for Idaho. This November, we can look out for Idaho, too. Let's vote to keep John Evans—Governor of Idaho.

It takes another woman...

who's been through it...to help the woman who has just had breast surgery for cancer. That's the heart of our Reach to Recovery program.

Once the physician requests this humanitarian service, our volunteer starts helping while the patient is still hospitalized.

The volunteer's appearance and attitude give reassurance of being a "whole" woman. She teaches special exercises. She provides kits with helpful aids to recovery. She answers the many personal questions a woman might not even ask her doctor...or her husband.

If you need the help of the woman who's been through it, ask your doctor to ask us for this service.

PRIMARY ELECTION NOTICE

During the deliberations by the Latah County Commissioners and representatives from both political parties, Precinct Boundary requirements Idaho Code 24-306 were established to follow visible, easily recognizable features.

At that time, the legislative district boundaries were also altered, this is not in compliance with Title

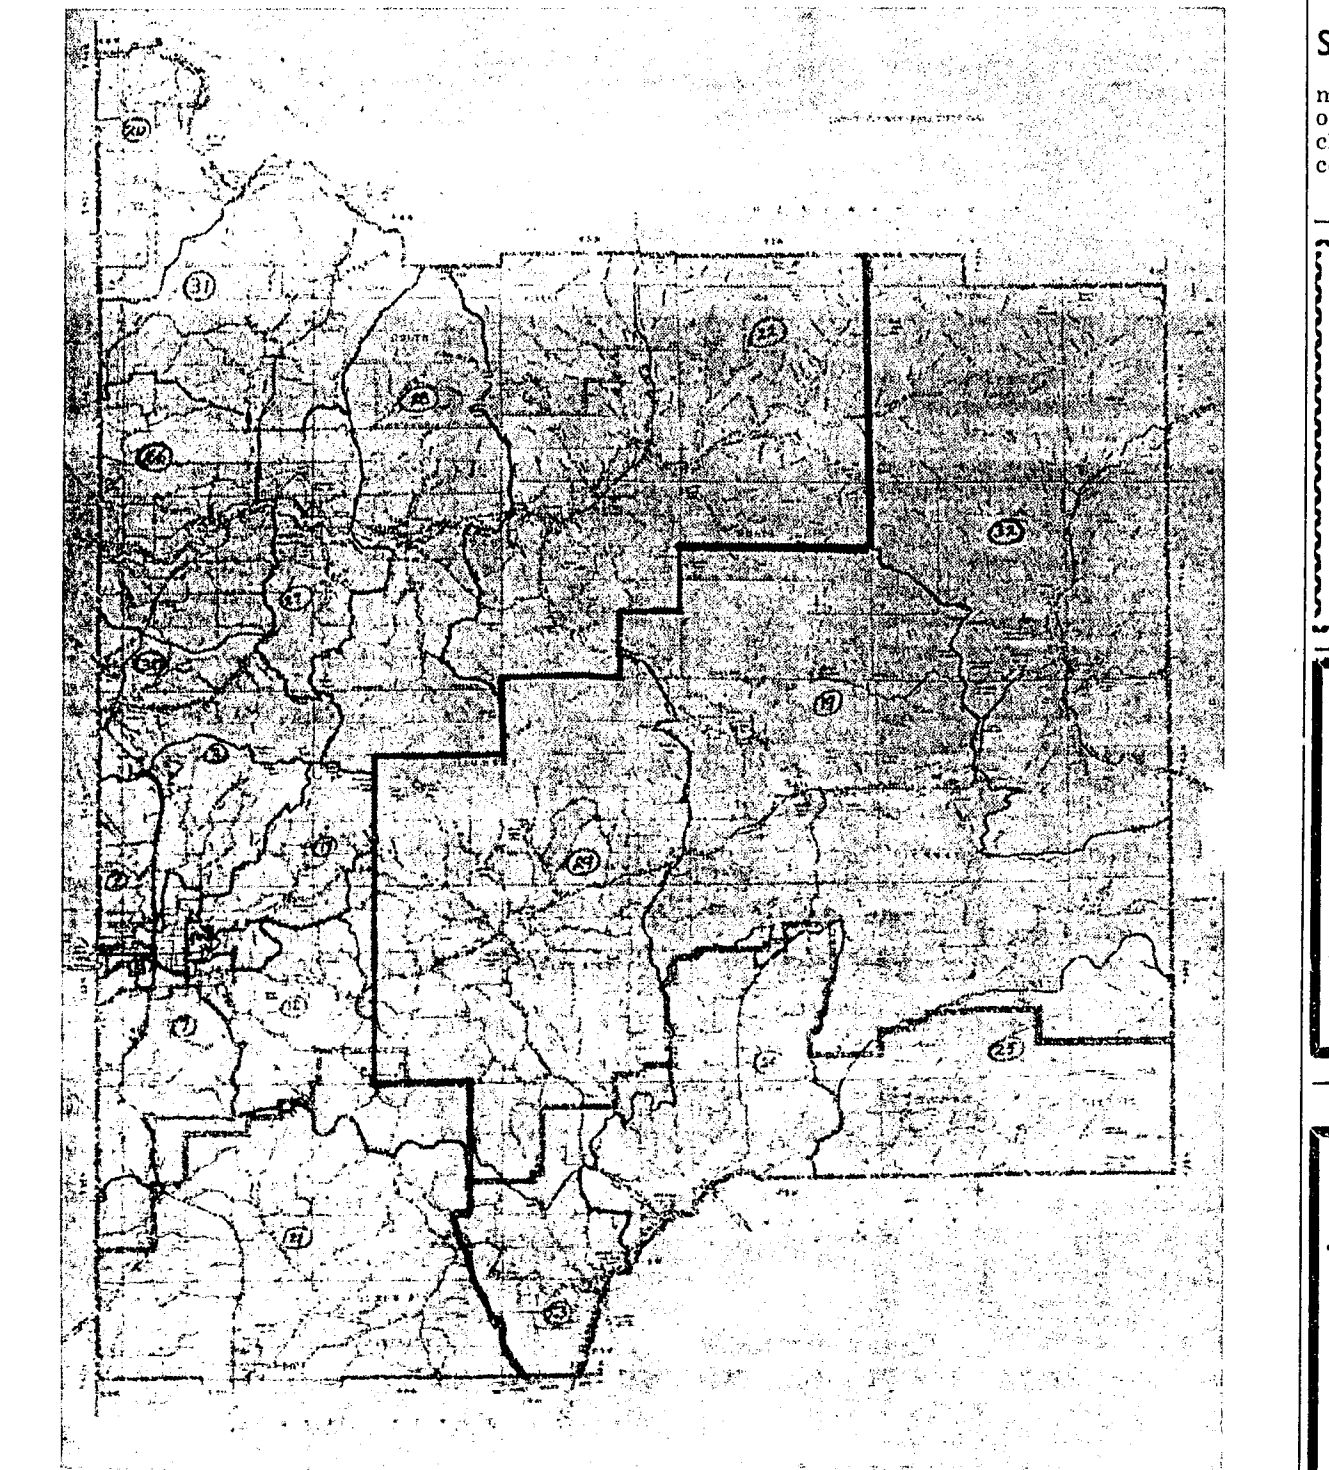

67 of the Idaho Code, therefore, the Commissioners by motion and order and upon the recommendations of Prosecuting Attorney William Hamlett, and Ben Yusursa, Deputy Secretary of State, Election Division do hereby reestablish the former boundary between legislative districts 5 and 7 to comply with the Idaho Code.

The effected precincts in Legislative District 5 are No. 22 Harvard, No. 28 Princeton, No. 17 Moscow, No. 12 Moscow and No. 21 Genesee.

The effected precincts in Legislative District 7 are No. 17 Moscow, No. 22 Bovill, No. 19 Deary, No. 29 Troy and No. 23 Juliaetta.

See map for your voting precinct boundaries.

Dated August 1, 1978
Joan Bauer, Clerk of Commissioners.

Family Affair—

Consistency In Parent Behavior Using Rules To Provide Consistency

Parents can become more consistent by establishing a few rules and enforcing them absolutely. Most parents have far too many rules and they don't enforce any of them consistently. In that case, rules make life more complicated for everybody.

What is a rule? Any demand made on a child by a parent is a rule. Any task he must perform is a rule. Any decision regarding what he may have or may not have, what he may do or may not do—any decision is a rule. Many parents dislike establishing rules. Usually they feel guilty when they require the child to do something which is unpleasant. They are not aware that consistent enforcement of a rule makes the world safer and more comfortable for the child.

What kind of rules? A parent may decide to increase the consistency in a child's life. One effective way to start is by establishing a long-term rule, usually a household chore, and by enforcing it consistently. A rule must be chosen very carefully. A good rule must fulfill three requirements. It must be definable, reasonable, enforceable.

Choosing a definable rule. If the rule is well defined, the child knows instantly when he has broken it (and he will have to break it to test it). He may argue that you are unreasonable but he cannot argue that he has already fulfilled the requirement.

Choose a reasonable rule. When parents establish a rule of the type we are discussing, they do it to make the environment more comfortable for the child. When the child follows the rule, he is performing a normal, necessary function.

How much time? First, determine how much time it will take. Then determine how much time is available, allowing plenty for playing, resting and any studying.

Can he do it? Is he capable of performing the chore? You may very well love to teach the child how to perform the task even if it is a simple one. Children often don't know where to begin.

Choosing an enforceable rule. When ever a parent states a rule, he would anticipate that the rule will be broken. The parent, then, must be certain that he can enforce the rule consistently. If he cannot enforce it, he cannot expect the child to follow it.

The answer to one question will help you establish whether a rule is enforceable. Will you know every time the child breaks the rule, without depending on other people's testimony?

Dieting No Secret Just Eat a Bit Less

Eat Less For Dieting

Everyone needs proteins, carbohydrates, fats, vitamins and minerals in the daily diet. Without them, the body can't function efficiently, and health may be endangered.

A pamphlet of the American Medical Assoc. points out that the secret to a successful reducing diet is not a dramatic shakeup in your eating habits—it's just a little bit less of every thing.

Of course, if you want to lose weight, there are some extravagances you can't afford, like whipped cream-topped chocolate double-dip sundaes. Discretion and common sense is the better part of dieting.

You're not likely to stick to your diet if you balance and vary the menus. Select food from the four broad categories of (1) the milk group—milk, cheese and ice cream. (2) the meat group—beef, veal, lamb, pork, poultry, eggs and fish. (3) the vegetable-fruit group—fruit and vegetables rich in Vitamin A and C (4) the bread-cereal group—whole grain, enriched or restored.

Special low calorie foods can be helpful. They will give a bit more food with fewer calories. Exercise

Vaccinations Prevent Many Virus Diseases

Shots Halt Measles

Unless they have been immunized against it, virtually all children will at some time develop measles, a disease which can involve serious complications.

Live virus measles vaccine is safe and effective, and should be administered routinely to all children, says a pamphlet from the American Medical Association. Measles immunization is especially important for children with chronic illnesses such as heart disease, cystic fibrosis and tuberculosis, and for those who are malnourished or are institutionalized.

German measles is often so mild it is overlooked or misdiagnosed. But if acquired by a woman in early pregnancy, this disease poses a direct threat to the fetus. Live rubella virus vaccine is recommended for children between one year of age and puberty, with priority for those in kindergarten and first grade.

Live mumps vaccine may be given at any age from 12 months. It is of particular value in children approaching puberty, adolescents and adults, especially men, who have not had the disease.

Flu vaccine is generally advised for anyone with chronic heart disease, lung or kidney disease, diabetes, for people over 65, and for those in health, public safety and general service occupations. It is not recommended for healthy children and adults, or for people allergic to eggs.

is of value while dieting because it tones up your muscles and tissues and helps burn your stored calories. You can exercise in a reducing salon, at the Y or at home. Beware, however, of over exertion.

Crash diets usually are not recommended. You can and probably will lose weight, but you won't get all the nutrients you need to stay healthy. And you certainly cannot stay on a bizarre crash diet the rest of your life. When you resume normal eating patterns, the fat creeps back. An adjustment of the regular lifestyle of eating is the only effective weight control program in the long-run.

The vaccine is grown on egg cultures. Vaccines protect us against many of the great killed diseases of the past. Smallpox has been gone for years in the United States and may well be eliminated in the entire world. But the vaccines against these remaining infectious diseases do not protect those who neglect to get vaccinated.

Only the supremely wise and the abysmally ignorant do not change.—Confucius.

Here is a list of my ideas — If you have any questions. Ask me when we meet.

1. The revision of land use and planning.
2. A full tax reform—property and income.
3. Allow our Senior Citizens more tax exempt earnings
4. Better and more vocational and academic training for women who are head of households, men who are disabled and people who don't have the skill to better their earning capacity.
5. More small, independent sawmill and cedar mill timber sales which are feasible for logging.
6. To revise the scaling method to allow for the total use of the log.

APPROVAL OF SJR 102 NEEDED TO INSURE EXPANSION OF PORT FACILITIES FOR IDAHO
 "The Port of Lewiston, which continues to serve the entire State of Idaho by providing direct access to water-borne shipping, needs the support of voters to enact SJR 102 in November," says Carl C. Moore, Manager of the Port of Lewiston.
 The Port, founded in 1958 and actually in operation in August of 1975, last year shipped 588,939 tons of wheat (19,435,000 bushels) at an estimated savings to growers of almost a million dollars. A general cargo dock and other facilities are being completed this year which will enable the Port to handle containerized cargo and other shipments.
 "Passage of SJR 102 cannot result in a charge against or an obligation of the taxpayers of the state," Moore points out.
 "Actually it is a reaffirmation of a measure passed in 1964 by a nearly 70 percent majority," the Port manager says. "At that time the voters approved giving the Port revenue bonding authority, which simply means that we can pledge income from port operations to pay for needed facilities for those operations. The obligation is entirely that of the Port. After passage of the 1964 measure bonding attorneys ruled that further modification of the State Constitution was needed. SJR 102, unanimously approved by the legislature, would give us that authority. "SJR 102 would give the Port the bonding capacity everyone concerned believed we were given in 1964. Revenue bonding is the accepted means of financing port development throughout the entire nation."
 The Port of Lewiston now owns 102 acres of land at the head of Lower Granite pool. Total investments in land and improvements to date amount to \$6,400,000 of which \$1,500,000 was secured in federal EDA grants. Projected development in 1978 amounts to \$500,000 with an estimated investment through 1990 of \$18,000,000.
 "We are not asking the voters for any money," Moore said. "We are asking them to clear the legal tracks so we can go ahead and serve them with dollar savings, increased employment and better facilities."

INVITATION TO BID
 The Board of Trustees of Joint School District No. 282, Latah & NezPerce Counties Idaho, in conjunction with the City of Genesee, Latah County, will accept bids for gas and furnace oil. Additional information may be secured from the office of Superintendent of Schools.
 Bids will be accepted at the Office of the Superintendent of Schools until 4:00 o'clock P. M. on the 4th day of August, 1978. All bids must be sealed bids marked "Fuel-Gas Bid."
 The Board of Trustees reserves the right to reject any or all bids and to accept the one deemed best for the School District and to waive any technicality.

APPROVAL OF SJR 102 NEEDED TO INSURE EXPANSION OF PORT FACILITIES FOR IDAHO
 "The Port of Lewiston, which continues to serve the entire State of Idaho by providing direct access to water-borne shipping, needs the support of voters to enact SJR 102 in November," says Carl C. Moore, Manager of the Port of Lewiston.
 The Port, founded in 1958 and actually in operation in August of 1975, last year shipped 588,939 tons of wheat (19,435,000 bushels) at an estimated savings to growers of almost a million dollars. A general cargo dock and other facilities are being completed this year which will enable the Port to handle containerized cargo and other shipments.
 "Passage of SJR 102 cannot result in a charge against or an obligation of the taxpayers of the state," Moore points out.
 "Actually it is a reaffirmation of a measure passed in 1964 by a nearly 70 percent majority," the Port manager says. "At that time the voters approved giving the Port revenue bonding authority, which simply means that we can pledge income from port operations to pay for needed facilities for those operations. The obligation is entirely that of the Port. After passage of the 1964 measure bonding attorneys ruled that further modification of the State Constitution was needed. SJR 102, unanimously approved by the legislature, would give us that authority. "SJR 102 would give the Port the bonding capacity everyone concerned believed we were given in 1964. Revenue bonding is the accepted means of financing port development throughout the entire nation."
 The Port of Lewiston now owns 102 acres of land at the head of Lower Granite pool. Total investments in land and improvements to date amount to \$6,400,000 of which \$1,500,000 was secured in federal EDA grants. Projected development in 1978 amounts to \$500,000 with an estimated investment through 1990 of \$18,000,000.
 "We are not asking the voters for any money," Moore said. "We are asking them to clear the legal tracks so we can go ahead and serve them with dollar savings, increased employment and better facilities."

YOUNG ADULT CONSERVATION CORPS
 Local area young people between the ages of 16-to-23 who are unemployed are urged to apply for the job openings now available in the Young Adult Conservation Corps.
 According to Phyllis Dunn, manager of the Moscow Job Service office "Young folks in this age group may work at the YACC site for up to one full year." She added, "They will be paid the minimum wage of \$2.65 per hour."
 Dunn explained that the eligibility criteria requires simply that the applicant be between 16 and 23 years of age, is unemployed and does not drop out of school to get into the program. "A young person who has already become a school dropout would be eligible," she said.
 The program is a tri-agency operation involving U. S. Departments of Labor, Agriculture and Interior. Job Service offices in local communities are responsible for the recruitment and referral to applicants while the Departments of Interior and Agriculture provide the jobs and work sites.
 Glenn W. Nichols, director of the Idaho Department of Employment, pointed out that "This program is similar to the summertime Youth Conservation Corps (YCC) in that the jobs and work sites deal with outdoor conservation activities," he added, "However, YCC is only for school students on their summer vacation, while YACC is year-round."
 Nichols explained that the program is coeducational and that there are 4 residential work camps located in Idaho near the communities of Orofino, Soda Springs, Saint Anthony, and Shoshone.
 Parents or young people, who are interested in the program are urged to contact the nearest job service office for enrollment and additional information.

Doctor Ingle Passes

This community was shocked and saddened by the untimely death of our former neighbor Dwight Ingle. He passed away Friday afternoon at Rapid City, Michigan.

Mrs. Bower Honored

Mrs. Anna Bower was honored on her 88th birthday anniversary, Thursday afternoon, at the Community Hall. A large crowd was present to wish her "Happy Birthday". Friends and relatives from as far away as Lewiston, Moscow and Garfield were present. Mrs. Eddie Galloway baked a beautiful birthday cake with 88 roses on it, one for each year. Cake, ice cream, punch and coffee was served to 35 guests.

Mr. and Mrs. Harold Ellis of Las Vegas were Thursday supper and

overnight guests of Cecil and Elsie Chamberlain. They continued on their vacation Friday morning.

Mr. and Mrs. Bill Adams, Brent and Roger were Monday dinner guests of Mr. and Mrs. Jay Dee Wilson.

The Bible Study Group enjoyed a picnic Sunday evening at the Boulder Campground Park. They enjoyed the graceful deer that visited them.

Mr. and Mrs. Larry Chase, David and Roger and Bill Adams and Brent visited Mr. and Mrs. A. C. Wilson and Leona Saturday afternoon.

Sunday morning Dewey and Andy Galloway and Mr. and Mrs. Mike Patterson visited with Mrs. Anna Bower. In the afternoon Mrs. Ada Fairfield and Mr. and Mrs. Ed Galloway visited Anna.

Deona Clemm was honored with a birthday party Monday—her guests were Shelly, Tami and Tonya Clemm, and their grandmother, Mrs. Oma Vee Clemm, all of near Troy and Denise Mitchell of Juliaetta and Dea-

ona's parents Mr. and Mrs. Larry Clemm and brother.

Visitors in the Oscar Slind home several days this week were Ruth's mother, Mrs. Wm. Leland and her daughter, Mrs. Harold Peterson, both of Spokane and Mrs. Peterson's daughter, Mrs. Muri Liebertson of Tacoma.

Mr. and Mrs. Jack Prator camped overnight with their camper at the Oscar Slind home Tuesday.

Gerald Ingle attended a wheat tour of Western Wheat Association plots near Moscow and Pullman Thursday. Present were four men of the corporation of foreign agriculture service, U. S. D. A., 1978 Sri Lanka Industries and growers, wheat team who are contemplating building the largest flour mill in the World at Ceylon with the capacity of 700,000 metric tons. This would be a big boost to the wheat industry, as they seemed to be interested in the wheat of the Northwest.

Mr. and Mrs. Gerald Ingle attended the Lalah Co. Museum ice cream social and craft demonstration Sunday. Gerald and another man dipped up 22½ gallon of ice cream to serve 400 people. That was a lot of dipping.

Mr. and Mrs. Larry Chase and David visited at the Jay Dee Wilson home Saturday afternoon.

Mr. and Mrs. Cecil Chamberlain were Saturday afternoon visitors and luncheon guests of Mr. and Mrs. Dan Kechmter. Monday afternoon, Cecil and Elsie visited Frank and Connie Eveland at Moscow.

Mrs. Roy Glenn and daughter, Mrs. Kenneth (Ida) Helmgartner and children, Rachel, Audrey and Glen from Las Vegas visited Mrs. Johanna Nelson Monday afternoon.

Mr. and Mrs. Larry Chase and children of Renton, left Saturday for their home after having visited her parents, the Bill Adams'. David, who had spent several weeks with his grandparents went home, and his brother, Roger remained to spend two weeks with them.

Mr. and Mrs. Mike Patterson of Renton spent the week with her mother, Mrs. Eula Galloway. They came for Janice's class reunion.

Jerry Galloway and friends spent the weekend back-packing in the Lochsa area.

Mr. and Mrs. Harold Larson of Coeur d'Alene visited Saturday afternoon with Eula Galloway and her houseguests, Mike and Janice Patterson. Dewey and Andy Galloway also were visitors there during the afternoon.

Eula Galloway, Roy Clemenhagen and Grant and Hulda Clemenhagen took a drive through the mountains Monday, as far as Avery in search of huckleberries, they didn't find many berries but they did find lots of snow, 12 feet of it and wild flowers blooming next to the snow.

Mr. and Mrs. Charles Bower visited Monday afternoon with Mr. and Mrs. Harry Schwartz at Troy and to see Mr. and Mrs. James Tucker, Jr., Erma's granddaughter, who left Tuesday morning for their home at Mannford, Oklahoma.
