Tigers Rip Clearwater Valley 29-0 In League Win

Kendrick remained unbeaten in league play this week as the Tigers took a 29-0 win from Clearwater Valley Friday night on the Ram gridiron.

The Tigers and Rams battled on even terms in the first half with only Tony Snyder's 26-yard field goal in the first period giving Tigers a 3-0 halftime advantage.

Coming out in the second half Rex Snyder ran the first of four Tiger touchdowns across from one yard out and then handed off to his brother Tony who ran over the two-point conversion. Bret Gertje followed that first touchdown with a five run into the end zone for another six points. A pass attempt failed for extra points.

The Tigers continued to roll in the final period with Ed Pea going 11 yards for a touchdown and Guy VonBargen six yards for the final tally. Both extra point tries were no good.

Kendrick dominated the game with 285 yards offense while allowing CV a total of 70 yards net. The Tigers picked up 137 yards rushing in the fourth quarter.

Coach Darin Munden said later he felt the lay-off last week hurt the team in the first half, but he added the squad had good poise and singled out the strong play of Dale Wolff running out of the full back slot in the first half as outstanding. Dale picked up 40 yards in the first half for the Tigers.

Jeff Lohman's outstanding work on the line offensively earned him the Offensive player of the week honor and Bret Gertje's play earned him defensive player of the week honors.

Coach Munden also had words of praise for the defensive efforts of Ed Pea, Brian VonBargen and Mike Courtwright.

Friday afternoon the Tigers will meet the Nezperce Indians at Nezperce in a game scheduled to begin at 2:00.

KHS Volleyball Team Takes Victory 7

The competition gets tougher as the season progresses, but Coach Nancy Monroe and her KHS girls volleyball team took their unbeaten record to the nets again Tuesday night against the visiting Lewiston teams and came up with their seventh victory in as many starts.

For only the second time this season, the Kendrick girls lost their first game. Dropping a close 12-15 battle with the Bengals, the Kendrick girls bounced back and behind the 8 points of Trina Lockett, swamped Lewiston 15-6 in the second game and then put on a show of strength for a third and winning game by blanking the visitors 15-0. Coach Monroe added the fine play of Lockett, Jill Hoogland and Denise Wolff all figured heavily in the wins.

In the JV contest Kendrick took an easy first game win as two girls, Shelley Bowers and Lori Glenn, the first two servers scored all of Kendrick's points in the 15-3 victory. Lewiston came back to take the second game 7-15 before the local squad settled down and took the game and match 15-3.

Check Stations Provide Information for Game Management

The hunter rounds a corner on the road home after a long day in the field and—oh, oh, there's a Department of Fish and Game check station.

No cause for concern, if that deer in the back of the pickup is properly tagged or the birds in the bag fit the regulations.

Most check stations are there to gather information which, when put together and analyzed is going to maintain game populations at proper levels and help chances for hunter success next year.

The game management stations are in the same locations and operate within the same time frames each year to give uniformity to the data collected and correctly show trends.

During the times when hunters are busiest, the stations are manned by department professionals. Temporary employees trained in fact-finding help out.

It's an opportunity to talk to the hunters who have been out there where the action is. Hunter attitudes are noted, because they have a bearing on future management decisions.

An examination of the game provides facts about age, sex and condition. Department personnel are able to determine the number of hunters in certain areas and, from dates and locations of kills, the distribution of hunters.

The check station also can be the first point of communication when help is needed for someone in trouble.

Sad to say, there are hunters who fit a more dubious category. They may have "forgotten" to attach a game tag, so they take a back road to avoid a check and—oh, oh, again.

This time the check station is a department vehicle with a flashing blue light accompanied by one or two conservation officers.

Their job is to enforce fish and game laws for the benefit of the good hunters, who know that poaching cuts into success rates. They appreciate the extra enforcement effort. The officers offer some suggestions to help avoid citations:

If the animal is being transported for someone else, it must be tagged and the transporter must have a written statement signed by the successful hunter as specified in the regulations.

Carry the proper license, tag and permit and tag the animal immediately after it is taken. Be sure that evidence of sex is shown—the regulations explain the procedure.

And most important of all—read the regulations.

Follow the Ten Commandments of Gun Safety

Hunting accidents resulted in five fatalities in 1972, a statistic that the Department of Fish and Game lists with regret.

The sad facts continue this year. Last June, a 17-year-old was killed while hunting squirrels with a friend. He knelt to pick up a shell and stood up just as his companion fired.

Other fatalities this year show the need for a knowledge of proper gun handling.

An adult was killed when he apparently dropped his .357 magnum pistol as he took it from a dresser drawer.

A nine-year-old was fatally wounded when he stretched for a .22 caliber rifle on a gun rack. The weapon fell and discharged.

An 11-year-old was killed when he and his brother were playing with a loaded, .22 caliber pistol.

Hunting seasons are in full swing again and an arsenal of firearms is being checked, cleaned, sighted in and used in the field.

The department wants to see those guns used safely—and secured when not in use—and it urges strict adherence to the Ten Commandments of Firearm Safety. Here they are:

1. Treat every gun with respect due a loaded gun.
2. Watch that muzzle. Be able to control its direction even if you should stumble.
3. Be sure the barrel and action are clear of obstructions and that you have ammunition that fits the gun.
4. Be sure of your target before you pull the trigger.
5. Unload guns when not in use. Take down or have actions open. Carry the gun in a case to the shooting area.
6. Never point a gun at anything you do not want to shoot.
7. Never climb a fence or tree, or jump a ditch with a loaded gun.
8. Never shoot a bullet at a flat, hard surface or water. At target practice, be sure the backstop is adequate.
9. Store guns and ammunition separately beyond the reach of children and careless adults.
10. Avoid alcoholic beverages before and during shooting.

Athlete's Foot Due To Fungus Infection

The term "athlete's foot" was coined by an advertising man in the early 1930s to promote a patent remedy for fungus infections of the foot.

The popular term is a misnomer, says the American Medical Association. You don't have to be an athlete to have a fungus infection on the foot. Anyone can have it.

Some people are more susceptible than others. A man may have the ailment for years and his wife will remain free of it. Doctors know that most of the efforts to prevent athlete's foot—chlorine footbaths at the swimming pool, disposable slippers, boiling of socks, and treatment of shoes—are not helpful. Athlete's foot is almost never "picked up".

The most common form of athlete's foot is that which causes redness, cracks in the skin, itching and burning of the feet, particularly between the toes. The same fungus can cause blister eruptions on the soles of the feet.

Prevention requires that the skin of the feet, especially between the toes, be kept cool and dry. When successfully done, this is more effective than the use of medicated powders, lotions, creams or ointments. Relief may be obtained by simple and bland substances, but a specific approach to treatment will often require the attention of a specialist with laboratory facilities for confirmation. Treatment should be aimed at the type of fungus causing the infection.

Warm, moist skin encourages the growth of all types of fungi. It is difficult to eliminate the fungi entirely, but their effects can be kept under control by keeping the feet cool and dry.

Only the supremely wise and the abysmally ignorant do not change.—Confucius.

DON'T FEEL GUILTY ABOUT DISCARDING POTATO PEELS

According to popular folklore, potato peels are supposed to be rich in nutritional power. However, a University of Idaho biochemist says it is not exactly true that you are throwing away the best part of the potato when you discard the peels.

Reporting this week on a study comparing the composition of the peel and the rest of the potato, Dr. Joig Augustin said the greater concentration of the vitamins in potato peel "may not mean very much nutritionally."

"After all, the peel amounts to only a small fraction—less than a tenth—of the entire tuber. Because the flesh of the tuber contains significant amounts of protein and vitamins as well, there is no scientific basis for the claim that most of the nutrients of the potato tuber are contained in its peel," Augustin emphasized.

In a research project investigating the nutrient content of potatoes, University of Idaho scientists collaborated with researchers in North Dakota, Maine and Minnesota.

Their report, prepared for publication in a scientific journal included these highlights:

—In both raw and cooked potatoes, one pound of peels contains more total ash, crude fiber, protein, riboflavin and folic acid than does one pound of potato flesh.

—Concentrations of two B vitamins, thiamine and niacin, are higher in potato flesh than in the peel.

—Vitamin C is present in about the same amounts in the potato flesh and the peel.

CONSTITUTIONAL AMENDMENTS

The following are the proposed Constitutional Amendments to be voted on at the next General Election to be held November 7, 1978

Five amendments to the Idaho Constitution will appear on the general election ballot. These have been proposed to the people for ratification following action by the legislature.

The amendment proposals, the Legislative Council's statement of meaning and purpose, and the statements for and against are listed as follows:

CONSTITUTIONAL AMENDMENTS

To vote on the following, mark a cross in the square at the right of "Yes" or "No."

S.J.R. No. 102
 "Shall Article VIII of the Constitution of the State of Idaho be amended by the addition of a new Section 3B to provide for the issuance of revenue bonds by port districts in the manner prescribed by law, for the acquisition, construction, installation, and equipping of facilities and projects to be financed for, or to be leased, sold or otherwise disposed of to persons, associations or corporations other than municipal corporations; provided, that any such revenue bonds shall be payable solely from charges, rents, or payments derived from the facilities or projects financed thereby and shall not be secured by the full faith and credit or the taxing power of the port district, the state, or any other political subdivision?"

Yes
 No

LEGISLATIVE COUNCIL'S STATEMENT OF MEANING AND PURPOSE
S.J.R. 102

The meaning of this proposed amendment to Article VIII of the Constitution of the state of Idaho is to provide for the issuance of revenue bonds by port districts in the manner prescribed by law.

Effect of Adoption

The adoption of this proposed amendment would grant to port districts the right to issue revenue bonds to be paid off from the revenues generated by the port district.

Arguments FOR the proposed amendment:

1. This amendment would cure technical obstacles, raised by bonding counsel, to the issuance of revenue bonds by port districts.
2. Revenue bonds would be payable solely from operating revenue of the port districts, and could not be a burden upon the tax payers of the district.
3. The ability to issue revenue bonds by port districts will provide financing for port district facilities, which should improve business and economic conditions for Idaho citizens.

Arguments AGAINST the proposed amendment:

1. One of the expressed purposes of this amendment would allow a port district to issue revenue bonds upon facilities to be leased to private corporations or individuals. This is preferential treatment of the worst kind; it gives these private corporations or individuals a distinct economic advantage, not shared by other tax payers, but paid for by other tax payers.
2. No other unit of government in the state has been granted this kind of revenue bond authority that is proposed for port districts.

S.J.R. No. 115
 "Shall Section 3, Article VIII, of the Constitution of the State of Idaho, relating to limitations on county and municipal indebtedness, be amended to provide that a majority, rather than two-thirds of the qualified electors voting on the question, approve revenue bond issues to finance airport and air navigation facilities in accordance with existing requirements and that the cost of such financing be paid solely from the revenue derived from the operation of such airport and air navigation facilities?"

Yes
 No

LEGISLATIVE COUNCIL'S STATEMENT OF MEANING AND PURPOSE
S.J.R. 115

The meaning of this proposed amendment to Section 3, Article VIII, of the Constitution of the state of Idaho is to provide that a majority of the voters voting on the question, rather than two-thirds of the voters voting on the question, may authorize the issuance of revenue bonds to finance airport facilities and air navigation facilities.

Effect of Adoption

The adoption of this proposed amendment would reduce the required majority of favorable votes needed on a question presented to the people in order for cities and other political subdivisions to be able to issue revenue bonds to finance airport facilities and air navigation facilities.

Arguments FOR the proposed amendment:

1. This amendment should be adopted so that financing for airport facilities and air navigation facilities can be readily provided.
2. There will be no increased burden placed upon the property tax payers because of this amendment; all revenue bonds are to be paid off from the revenue generated by the facilities of the airport.
3. In order to attract the kind of industry to Idaho that the people want, it is necessary to upgrade and improve many of our airports and air navigation facilities; this amendment will aid in this process.
4. Many other kinds of facilities of local units of government are financed by revenue bonds with the approval of a simple majority of the voters voting on the question; this amendment merely allows the same kind of majority approval for revenue bonds for airport facilities and air navigation facilities.
5. Idaho is uniquely dependent upon air transportation; this amendment will help to assure adequate air transportation facilities.

Arguments AGAINST the proposed amendment:

1. There is no need for this proposed amendment; revenue bonds for air navigation facilities may be issued at present after approval by two-thirds of the voters voting on the question.
2. In this time of increasing inflation and higher governmental spending, it is not proper to reduce the required majority for approval of bond issues, even if they are revenue bonds.

LEGISLATIVE COUNCIL'S STATEMENT OF MEANING AND PURPOSE
S.J.R. 115

The meaning of this proposed amendment to Section 5, Article IX, of the Constitution of the state of Idaho is to authorize the Legislature to empower the Idaho Health Facilities Authority to finance or refinance health facilities owned or operated by a church or religious society.

Effect of Adoption

If adopted, this amendment would clarify the constitutional and statutory powers of the Health Facilities Authority, by allowing the authority to provide loans for religiously affiliated health facilities, in the same manner as such loans are now available to other private, non-profit institutions.

Arguments FOR the proposed amendment:

1. The United States Constitution contains no similar barrier to this kind of financing proposal as does the Idaho Constitution; adoption of the amendment would make the Idaho Constitution consistent with the United States Constitution on this matter.
2. The state of Idaho makes no tax dollars available to the Health Facilities Authority; all of the money available to the Health Facilities Authority comes from private sources. Thus, loans by the Health Facilities Authority to non-profit health facilities do not constitute lending the credit of the state.
3. All non-profit hospitals, whether religiously affiliated or not, have the same basic philosophy of providing quality health care to people in need; this amendment will provide the necessary legal mechanism for an important group of religiously affiliated hospitals to receive financial assistance through loans or leases.
4. The interest costs of capital expenditures for religiously affiliated health facilities could be reduced because of loans made by the Health Facilities Authority; this reduction would help contain the rising cost of health care to patients.

Arguments AGAINST the proposed amendment:

1. This proposed amendment gives constitutional recognition to the "Idaho Health Facilities Authority", which has been created by statute; however, nothing prevents the Legislature from modifying or eliminating the operation of the Health Facilities Authority.
2. There is no guarantee in this proposed amendment that facilities financed by loans from the Health Facilities Authority would be open to the general public; however, open admission and requirement of indigent care has historically been mandatory by applicable governmental standards.

LEGISLATIVE COUNCIL'S STATEMENT OF MEANING AND PURPOSE
H.J.R. 6

The purpose of this proposed amendment to Section 13 Article V, of the Constitution of the State of Idaho is to authorize the Legislature to establish mandatory minimum sentences for the commission of any crime and to specify that the sentence imposed shall not be reduced. The Idaho Supreme Court has held that the Legislature does not currently have the power to impose mandatory minimum sentences by law.

Effect of Adoption

If adopted, this amendment would empower the Legislature to pass criminal laws containing provisions which would require that a person convicted of a specified crime serve a minimum period of incarceration, without the possibility of the sentence being reduced, unless the sentence is commuted by the state board of pardons as provided in Section 7, Article IV, of the Constitution. No minimum sentences would be imposed until the Legislature acted affirmatively by passing legislation to impose mandatory minimum sentences for specific crimes.

Arguments FOR the proposed amendment:

1. Mandatory minimum sentences would contribute to a reduction of sentence disparity based on station in life or differing philosophies of members of the judiciary.
2. The certainty of being incarcerated for conviction of a crime provides a deterrent for those considering the commission of a crime. Jurisdictions which have adopted mandatory minimum sentences have experienced a decline in crime rates.
3. The Legislature should have the authority to determine how serious a crime is, and to punish its commission, accordingly. This concept does not violate separation of powers.
4. The judiciary would only lose a certain amount of discretion in those crimes for which a minimum sentence has been prescribed. Even then, the only discretion lost is the ability to mete out an inadequate sentence. The Legislature could combine mandatory minimum sentencing with fixed term sentencing to allow the judiciary to assign greater than minimum sentences under aggravating circumstances.
5. Mandatory minimum sentences represents, particularly for violent crimes, a better alternative to crime prevention and control than does regulation of ownership of firearms.

Arguments AGAINST the proposed amendment:

1. Adoption of mandatory minimum sentences would remove discretion from the judiciary and place it in the hands of county prosecutors. The discretion to bring a charge for which a minimum sentence is prescribed falls outside the judicial system until a charge is actually filed, and is not subject to appellate review.
2. The adoption of mandatory minimum sentences does not consider individual differences in the offenses and the offenders. It would prevent treating an offense on a case by case basis, and require that a judge sentence the category of crime, not the individual. Society at large may ultimately be injured by exposing a person convicted to a new education in prison not geared to rehabilitation.
3. Taxpayers would be faced by additional expense, both from added court congestion and an increase in prison population. If a person is charged with an offense for which there is a certainty

1. Adoption of mandatory minimum sentences would remove discretion from the judiciary and place it in the hands of county prosecutors. The discretion to bring a charge for which a minimum sentence is prescribed falls outside the judicial system until a charge is actually filed, and is not subject to appellate review.
2. The adoption of mandatory minimum sentences does not consider individual differences in the offenses and the offenders. It would prevent treating an offense on a case by case basis, and require that a judge sentence the category of crime, not the individual. Society at large may ultimately be injured by exposing a person convicted to a new education in prison not geared to rehabilitation.
3. Taxpayers would be faced by additional expense, both from added court congestion and an increase in prison population. If a person is charged with an offense for which there is a certainty

of prison if convicted, he will exercise all legal remedies available to him.

4. Nothing would prevent the Legislature from imposing mandatory minimum sentences for misdemeanor crimes if the amendment is adopted. If approved by the voters, the Legislature may overreact to what it feels the people demand.

5. There is no credible evidence that mandated imprisonment is an effective deterrent. Existing procedures for sentencing and the judgment of the Commission on Pardons and Paroles constitute the better method of achieving justice.

S.J.R. No. 116
 "Shall Section 11, Article I, of the Constitution of the State of Idaho be amended to protect the right to keep and bear arms, and to prevent the confiscation, licensure, registration, or special taxation of firearms or ammunition?"

Yes
 No

LEGISLATIVE COUNCIL'S STATEMENT OF MEANING AND PURPOSE
S.J.R. 116

The purpose of this proposed amendment to Section 11, Article I, of the Constitution of the state of Idaho is to reinforce the right of citizens to keep and bear arms, and to prevent the confiscation, licensure, registration or special taxation of firearms and ammunition.

Effect of Adoption

If adopted, this amendment would provide an additional constitutional bulwark against the possibility of encroachment into the right of a citizen to keep and bear arms.

Arguments FOR the proposed amendment:

1. The present Idaho Constitution only guarantees the right to bear arms; this amendment would add the right to keep arms.
2. This amendment is necessary in order to more firmly establish a constitutional guarantee against a possibility of intemperate, emotional, popular efforts to impose gun controls.
3. There is no substitute for the right to keep and bear arms for freedom loving citizens living in a free country. This amendment would enhance that right.

Arguments AGAINST the proposed amendment:

1. This amendment is totally unnecessary; the right to keep and bear arms is already a part of the United States Constitution.
2. There is a serious question as to whether this amendment is properly prepared. It obviously embraces more than one subject; it deals with the right to keep and bear arms; it deals with concealed weapons; it deals with minimum sentences; it deals with licensing; and it deals with taxation.
3. This amendment would allow dangerous psychopaths, who have committed no crime but are nevertheless a menace to themselves and others, to indiscriminately own and use firearms, and the police could do nothing about it.
4. The present Idaho Constitution has served very well for nearly a century to protect our right to bear arms; there is no reason to change this well established document.
5. The proposed amendment is very confusing; it will cause more problems than it will solve.
6. Irresponsible actions like this amendment on the part of the states will result in additional federal control of firearms.

Genesee Schools—

Teacher's Curriculum In-Service

Genesee School District will not have students in attendance, Friday, October 6. This day has been set aside for teacher's curriculum in-service. The Elementary Staff will meet at 9:00 a. m. at the Instructional Materials Center, University of Idaho to view various reading series for 1979 adoption. The afternoon is scheduled for discussion and possible selection of series for further review.

The Secondary Staff will meet under the direction of Secondary School Principal Scotte Hecht for in-service programs, such as writing and use of lesson plans. The entire day will be devoted to teacher attendance at the Secondary School building in Genesee.

Family season tickets are still available for Genesee fans. The cost is \$40.00 and admits parents and children 6th grade or less to all home sports events. With the addition of girls' volleyball and Jr. High girls' basketball, this card is a real bargain. The cards are available in the high school office.

There will be election of officers at the Oct. 10 meeting of the ALCW.

Letters

to the Editor . . .

Gene Woodruff, speaking on behalf of the Genesee Medical and Dental Assoc. board of directors reports that the west one half of the Medical building has been extensively remodeled. This remodeling has been done to facilitate the installation of dental equipment. There remains to be done a few minor changes. At this writing there remains to be some equipment installed before the dentist can begin his practice, which will be in the very near future.

After nearly 11 years of searching; by letter, telephone, car trips, the board of directors are relieved to know that we are now going to have the services of a professional dentist in Genesee. The search for a Medical Doctor will continue as in the past. We do wish the community and surrounding area will take advantage of this local service as soon as the official announcement of opening is made.

Gene Woodruff,
Chm. Genesee Medical & Dental Association.

Our Heath Events—

Mr. and Mrs. Ray Evans departed homeward for Orem, Utah on Thursday of last week after a 10-day visit with her mother Mildred Heath. Mr. and Mrs. Forest Gibbs of Spokane arrived on Sunday to stay for several days. Surveyors worked on the girls "property lines" last week. Mildred Heath accompanied Bill and Inez Inghram to Moscow Sunday where they visited the new shopping center—a huge concern.

Mr. and Mrs. Lee Heath have returned home from the prairie work camp-out. Harvest was completed.

Flora Gibbs and mother Heath were Lewiston visitors on Monday morning, October 2. To celebrate the October 3rd birthday of her sister Norma Heath Rugg. Flora prepared a Monday birthday supper for family members at the home place on Hubbard Gulch. Norma teaches at Astin during day times.

Mrs. Erma Stevens accompanied Mr. and Mrs. Eldon Heimgartner to Spokane Monday, October 2.

Bekalyn Steigers spent Friday with her librarian friend, Sharon Curtis of Juliaetta, observing the work.

Baby Shower Given—

At a special Missionary meeting held at the Karen Kirkham home on Tuesday, a lovely shower was given for new-born little April Joy Johnson, daughter of Mr. and Mrs. Bill Johnson (Sharon Hoskins), home on leave from their missionary work at Ghana, Africa. This party was called a "Hors d'oeuvre luncheon" where unique and novel sandwiches, plus a lovely, large decorated cake was served and a cunning small Teddy Bear Cake was made for the mother to take home. A near tragedy marred the day when the babe's grandfather Wayne Hoskins, was thrown from his horse and suffered fractures of his neck in three places. Wayne is making good recovery, so far.

Benefit Sale—

Another, a tiny premature baby who has spent several weeks in the hospital and serious surgery, with resulting enormous financial obligations, was benefited by a donation sale held at Cherrylane, where the parents reside. The event was held on 2 days the past week.

Mr. and Mrs. Ed Ranta were Tuesday evening visitors in neighbor Steigers home Sept. 26.

Mr. and Mrs. Owen Stickle of Clarkston accompanied by Effie Powell visited the Glen Stevens home for plums, enroute to spend the week end at the Stickle cabin on the lake at Harrison Friday of last week.

Mrs. Hunter of Lewiston spent a few days with daughter Ruth Heimgartner, returning home on Tuesday of this week.

Mrs. Edna Greene of Stonypoint had as her Sunday afternoon callers, Mr. and Mrs. Bing Greene of Lewiston.

Tuesday Sept. 26 guests of Helena Brown were Lois Johnston of Lenore and Gladys Johnston Ppel of Spokane.

Mrs. Merle Cooper of Lewiston visited her mother Helena Brown on Saturday. Merle and husband, Bill Cooper, recently returned from a plane trip to California (San Diego) to the home of their daughter Shirley Prince and son Michael. The recent tragic airplane crash occurred near the Prince home! The group drove down the Baha Peninsula for an outing while on the visit.

Overnite Campout—Enjoying a weekend overnite campout on Kamiak Butte Saturday nite, on to Steptoe Butte, then Skyline Drive made a most memorable outing for the Ken Steigers family, accompanied by Jeanette Talbot and Ruby Davis, granddaughter, both of Moscow.

Sunday a Pleasant Day—Mr. and Mrs. Ernest Steigers interspersed a week of fall canning, attended "fiddling" at the Lewiston Convalescent Home on Thursday evening, and a fine day of visiting and late dining in the home of old friends and neighbors, the Sol Jones, on Sunday. Sol has made a good recovery from 3 previous light strokes and celebrated his 85th birthday with a picnic gathering of near relatives at his Orchards home this fall!

Kendrick Gazette Oct. 6, 1978

Cameron news: Mr. and Mrs. Fred Silflow entertained with a picnic lunch Sunday at the Kendrick Park, celebrating their daughter Ida's birthday anniversary. Those present were Mr. and Mrs. Silflow and family, Mr. and Mrs. Henry Wendt and daughters, Marjorie and Esther, Mr. and Mrs. Otto Silflow and children and Elsie and Dorothy Kruger.

Mr. and Mrs. Gus Kruger motored to Spokane Sunday where they met their daughter, Rosalie who returned home from a 6 weeks visit at Waterville, Washington.

Among those who left Monday on a big game hunt were August Brammer, Otto Silflow, Edwin Mielke, Walter Koepf, Fred and Glenn Newman, Ernest and Herbert Schwarz and Wayne and Glen Wegner.

October 7, 1978
Mr. and Mrs. George Wilkin of Cameron entertained at dinner Sunday, honoring the birthday anniversaries of their daughters, Norlene and Marga Wilken. Other guests were Mr. and Mrs. Reinhard Wilken and Mr. and Mrs. Henry Rell. Afternoon guests were schoolmates of Marlene, Barbara Perry, Dorothy Ann Mielke, Mildred Brammer and Dorothy Kruger.

On the Ben I. Smith ranch at Park a patch of "Sunrise" raspberry bushes are acting in a most unorthodox way—for they are not only putting out new canes now but those canes are generously covered with bloom and berries.

Julietta News—Mr. and Mrs. Onal Cope are the proud parents of a son, born to them on Friday, Oct. 1 at the St. Joseph's hospital, Lewiston.

Mr. and Mrs. Phil Johns and son, Dick left Sunday for their home in Phoenix, Arizona.

The 6th graders have enrolled in the Audubon Society. They are greatly interested in the study of birds.

Mrs. Peters, Mrs. Nelson and Mrs. Shove have honored Mrs. Pearl Nelson and Janice Jones this past month in the lunch room, the occasion were their birthday anniversaries.

Genesee News October 12, 1978
New 7th grade officers are presi-

dent. Janet Radert, vice president, Dan Ahern, secretary, Gail Sampson and treasurer, George Smylie.

Malton Pollett, who for the past week has been suffering with a very badly infected foot is much improved at this time.

A deal was closed last week where by Jas. Nelson sold his fine 283-acre ranch, lying some 3 miles northwest of Genesee to C. E. Farrell, a former farmer of the Pomeroy area for \$125 per acre.

Bob Emmett has been confined to his bed for the past several days with intestinal flu.

Ed Erickson, Henry Halverson, Clark Erickson and Walter Erickson went to Spokane Friday of last week where Walter remained having entered Northwest Business College as a student.

A carpet rag social will be held at the parish hall of the Genesee Valley church tonight (Friday) to which the public is invited. Each girl is to bring a bag of carpet rags and lunch.

This entire section of the country was visited by a fine rain Saturday night and Sunday morning.

The Wm. Esser cottage in the north part of town burned to the ground Saturday night. The alarm having been turned in about 10 o'clock or shortly afterward. The house was

unoccupied having been vacated about a month ago by the Esser family. How the fire started is a mystery. The property was recently transferred by Wm. Esser to his son, Harry.

Grant Clark returned Thursday night of last week from a hunting trip above Pierce, bringing with him a fine elk; Archie McCoy and Dr. Leavitt left Sunday for the country above Grangeville on a hunting trip. They were not successful in getting either an elk or deer.

The Tuesday Card Club was very pleasantly entertained by Mrs. Glen Sampson.

Advantage

The NEW way to bank that puts you in control of your money.

Now, there's an easier way to manage your money. First Security's new **Advantage** — the total financial service for everyone who writes checks, charges, purchases and saves and borrows money.

The **Advantage** is a comprehensive financial service. In addition to being a new way to bank that puts you in control of your money, it provides these useful services:

The **Advantage** lets your money earn continuous interest in your statement savings account until you write checks. Then, we automatically transfer funds from savings to checking* to maintain the balance you choose. You're never overdrawn. And you never lose interest.

The **Advantage** offers you the new First Security Visa Banking Card, accepted wherever Visa is welcome worldwide. But instead of charging, it works like a check, and funds are deducted from your checking account. The card will also soon be the key to First Security Automated Teller Machines.

The **Advantage** offers you Check Protection Plus, or a Visa charge card, or both. Also: Special personalized checks. Reduced rates on installment loans.

All the services our customers ask for most. And at the end of every month, you get an itemized report of your

checking, savings, charging and borrowing transactions in one complete financial statement. So you know where every penny is.

The **Advantage** is priced so you receive credit for both savings and checking balances, not just one or the other. It can make your savings worth more to you than ever before. Keep all your savings in your First Security Statement Savings Account.

You may have the **Advantage** at no cost, or for as little as you want, depending upon the combined average balance you maintain in your checking and statement savings account. Here is the complete schedule of charges for the **Advantage**:

Combined average balance Checking and Statement Savings	Monthly Charge	Fee for transfer from statement savings to checking
\$3000 — and above	no charge	no charge
\$1500 — and above	20¢	20¢
\$1000 — 1499	\$2.00	20¢
\$500 — 999	\$3.00	20¢
\$0 — 499	\$4.00	20¢

Whether or not you're a First Security customer, come in and pick up our easy-to-understand brochure. It'll make you want to take **Advantage**.

If you are a First Security customer, we may need only your signature to provide you the **Advantage**.

Kendrick Masons To Meet Thursday, Oct. 5

Kendrick Lodge No. 26, A. F. & A. M. will hold its first fall meeting at 8:00 p. m. Thursday, Oct. 5 in the Fraternal Temple.
All members are urged to attend. Sojourning brothers are always welcome.

CARD OF THANKS

I would like to thank the Kendrick Fire Department for their quick response and also a "Thank You" to others who came and helped during the recent fire at my house.
Martha Wilken

CARD OF THANKS

I want to thank Fleming Truck & Equipment Co., Inc. for buying my hog at the Nez Perce County Fair Stock Sale. Thanks, too, for the tremendous support Kendrick and Juliaetta businesses gave our 4-Hers. We all appreciate it a lot.
Mark Harris

CARD OF THANKS

I would like to thank Brocke and Sons for purchasing my hog at the Nez Perce County Fair. I appreciate your support of my 4-H projects very much.
Steve Lohman

Friendly Neighbors Club Dinner, Bazaar October 27

The Friendly Neighbors Club plan to have its Fall Dinner and Bazaar Friday, Oct. 27 at the Gold Hill Hall.

Juliaetta School News—

Fourth Grade News

The 4th grade is studying Idaho History and has learned quite a lot about it. This following week they have started a Prospector's Club and the officers are Robert Blair, pres.; Deena Brocke, vice pres.; Brian Parks sec'y.; John Gravelle, treas.; Todd Zumhoff, historian and Heidi Riel, project chairman.

In language we have learned nouns and verbs. We are learning to write sentences properly.

In math we have learned to subtract zeros and are very good at it.

The 4th grade would like to have you come to the auction to help get things for the school. And to come hear them sing and play in the band. New students in our class are Teala Mickelson, Artie Lindquist, Peggy Whitney, Shannon Gibbins, Cammy Smith and Mindy Twitchell.

Reporters: Teala Mickelson and Marcene Smith

Sixth Grade News

The Juliaetta Elementary school is having an auction at the Kendrick high school on Friday, Oct. 6th at 7:00 p. m. Before the auction, the kindergarten through the 6th grade will sing.

Useful things will be auctioned off. The movie, "The Horse in the Gray Flannel Suit," will be shown in the cafeteria for kids 6th grade and under.

If you would like to donate something bring them to the Elementary school or call: 276-3422. Hope you'll be there with lots of cash.

The sixth grade has 31 students. Lisa Wheeler and Cathi Ladd moved in September to Orofino. Jay Wilkerson, Jack Meyer

Library News

The 3rd and 5th grades did not have any overdue books at the end of September, so they received their bookmarks. We are having a year long Fight The Overdues program. At the end of each month, the classes that don't have any overdue books will receive bookmarks.

This year we will again be saving Campbell Soup labels. The program will officially begin December 4, '78 but we can start saving now. Labels from all Campbell and Franco-American products are eligible including tomato juice.
